The EMI-Manhattan Commitment

# INSIDE TOP 40

by Dave Sholin

Track many of the nation's most successful Top 40 stations and it becomes apparent that they are programmed by people who—among many other duties—devote quite a lot of time to listening to music! These trend-setters know their respective markets and search out songs that will please their target audience. What they have in common is being more concerned with the sound of a record than with its latest stats or the commitment from a label. Depending on the competition, their playlists may be long or short, while remaining adventurous, if that's what the station needs at the time. The good news is that more and more PDs and MDs are networking, comparing notes and discovering new or old releases that work for them. Admittedly, it's the quality, not the quantity, that counts when adding music to any category. A growing number of aggressive music programmers have built consistent winning track records at a time when the music industry is experiencing strong sales and establishing new artist careers. Nice to know that Top 40 is leading the way.

Fourth time's a charm as **DEBBIE GIBSON** gets the best graduation present of all...a number-one record. She currently tops the listings at B94, WXKS, HOT 103, KHHT, WCLG, Y104, WSTW, WFBG, KKCK, WYHT, KMEL, KRGE, KMGZ, Q96/76, KIXR, KHSS, KGOT, etc., and is in the top three with dozens more.

When a record's **HIT FACTOR** increases 24%, it's doing great. That's what's happening to **ERIC CARMEN**, who moves into the top fifteen with big gains at B97 New Orleans 22-12, WYAV Myrtle Beach 27-17, K104 Erie 16-10 ("one of our hottest songs"), Y108 Denver 16-9, KCPX Salt Lake City 28-15, KEGL Dallas 31-23, WKTJ Milwaukee debut #21, WIQQ Greenville 24-14, etc.

Nearly half of the 258 reports for **JANE WIEDLIN** list her in the top twenty. Another former **GO-GO** is on her way, with new top twenty mentions at WRCK 24-20, KXRA 23-17, KKRC 22-18, KEEZ 24-17, WSTO debut #19, WQUT 22-16, WDJX 22-18, KPXY 28-19, KKQV 24-20, KQKY 23-15, KFBD 28-20, CKXY 22-18, KPLZ 23-17, KUBE 23-19, KOZE 25-20, etc.

All signs point to **TERENCE TRENT D'ARBY** scoring his biggest hit yet. A 24-15 move for Dave Shakes and Mike West at WTIC/FM Hartford is representative of the hot action this latest effort is receiving. Also strong at WHYT Detroit 17-13, WAGQ Athens 30-21, WROQ Charlotte debut #23, KZEV Clear Lake/Mason City 23-13, KFTZ Idaho Falls 20-13, Y95 Dallas 32-23, KXUS Springfield 22-16, KIIS Los Angeles debut #26, Z100 Portland 25-18, etc.

Last week's **CERTIFIED** tag on **GLORIA ESTEFAN & MIAMI SOUND MACHINE** was well deserved. Top thirty debuts continue to roll in with wide demographic appeal reported by most everyone. Debuts at WWHB #26, WKMZ #29, WFMF #28, KZ103 #30, WNVZ #24, Y108 #29, KOY #26, KBQ #27, KPLZ #29, KITI #26, POWER 92 #26, Y95 #30, WKSQ #25, WHHY #28, etc.

Twenty-two adds give **CHICAGO** more than 250 reports. Among the latest to climb aboard are Charlie Quinn and Jay Beau Jones **EAGLE** 106 Philadelphia, Pat McGowan **WQID** Biloxi, Rick Stacy and Steve Wyrostok **POWER99** Atlanta, Paul Christy and Cheryl Broz **POWER** 104 Houston, Jeff Davis **KYNO** Fresno, Gary Bryan and Tom Huttyler **KUBE** Seattle, etc.

Is this the summer of the reggae revolution? Lane Jernigan at 100KHI Ocean City says, "Reggae is happening big here. Clubs are playing it, and the music form in general is taking off." **ZIGGY MARLEY** is leading the assault, taking off at 100KHI 15-13, **PRO/FM** 23-17, **WZYQ** 25-21, **KZZO** 28-22, **WZMX** 33-22, **B97** 25-22, **FM102** 21-19, **KFIV** 20-16, **Y97** 25-21, **KKOS** 24-15, etc. Added at **KSND** Eugene where Jamie Hyatt reports sales and phones already.

Another 25 adds nudge **TRACY CHAPMAN** ever closer to **CHARTBOUND**. Dan Murray at **WAGQ** Athens debuts it #30 on sales activity alone and mentions, "It's blowin' out the door" at retail. Top ten at **LIVE** 105 San Francisco, **KHSN** Coos Bay, **WIQQ** Greenville, **KOWL** South Lake Tahoe, **KSND** Eugene, etc.

May 27th's **RECORD TO WATCH** was the "Dirty Dancing" sensation, "Do You Love Me" by the **CONTOURS**. In only a couple of weeks, this track has gone from a handful of stations to its best week so far, picking up 83 adds. Lou Simon at **KCPX** is one of those who put it on and reports "nothing but positive response, 100 percent across the board."

One of the strongest rockers to come along in a while is **GUNS N' ROSES**. Close to 100 reports after only two weeks. Rick Andrews at **WNYZ** Utica says it's following the same pattern as **POISON** and **DEF LEPPARD**. At **KKTX** Longview, Nick Roberts says it was his battle champ for well over a week. New on **KATD**, **KPLZ**, **KEYJ**, **WLLI**, **WDBR**, **WMMS**, **WPST**, **Q101**, **Y104**, **KKXL**, etc.

Look for the **FAT BOYS** and **CHUBBY CHECKER** to twist their way into **CHARTBOUND** territory very soon. As expected, this one pulls instant requests and is charting quickly. Already top thirty at **Q105**, **G105**, **ISLE** 95, **KITY** debut #18, **29X**, **WHKW** debut #20, **Z93**, **POWER99**, etc. Sixty-six adds, including **Q106**, **Z104**, **WLWL**, **KKYS**, **KS104**, **93Q**, **WWHT**, **WSPK**, **B97**, **WGGZ**, etc.

John Raymond at **KIXY** San Angelo is one of the 45 who added **STRYPER** in its first week out. John is already reporting top five requests and expects it to get much bigger.

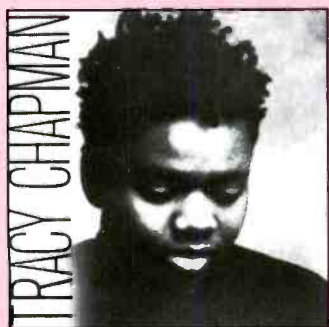

**NEW KIDS ON THE BLOCK** are knockin' on the door with momentum on their side. Barry Richards leads the way at **B95** Fresno, charting it 7-6, while crosstown **KMGX** gives it a healthy 34-27 move. Also doing well at **KGGI** 21-16 and debut #24 at **KSTN**. Added at **Z94** and **WXKS** Boston **POWER** 96 Miami, **KQAA** Aberdeen, **KMEL** San Francisco, **KPKY** Pocatello, **WPFM** Panama City, **WOVO** Glasgow, etc. On at **KRQ**, **KKFR**, and **POWER** 104.

## INSIDE A/C

With a 40-station lead in HEAVY rotation reports, Boz Scaggs could stay at number one a little longer. Next up will be either The Jets, Sade or Eric Carmen. Boz is so strong, he's got more HEAVY rotations than any other record has total stations.

Billy Ocean has jumped 13 points on the chart the past two weeks and his HIT FACTOR has gone from 45% to 82% in that time.

The Moody Blues have cut their chart ranking in half in the past two weeks (38 to 19). For four-week old records, it's the Moodys and Gloria Estefan setting the pace. Gloria continues each week to make the cut from MOST ADDED and more than 10% of her play is already in HEAVY.

Next week will mark the fifth month since the original release of "Hands To Heaven," and by then Breathe should have exceeded its previous A/C peak position, #23 on March 18 and total reports 132. Those knuckleheads over in Top 40 have it at #21. We'll show 'em!!

Thirty-five percent of our A/C's are playing the Cliff Richard single, "Some People," and sixty percent of them are making serious rotation commitments.

Among the same people are WGOL/FM, KFOR, KBOL, WMT AM&FM, WLIP, WAHR, WJXL, WAFL and WTRX.

Sixty percent of the A/C stations which have been on the new Elton John more than one week already have him in HIT FACTOR rotations. He has accumulated 113 stations in but eight working days. At that rate, he'll have more radio stations than Tom Bodat by Tuesday. We'll leave the light on for ya'.

Corey Hart debuts on our A/C chart with 84 stations and a 47% HIT FACTOR. Among the early indicators are KAAK, KYJC, WSKI, KSKI, WKYE, WSKY, KGY, WBLU, WKMI and KLSS.

Last week's RECORD TO WATCH, "I'm On The Outside Looking In" by Johnny Mathis, scores 23 new insiders including WAEB, WEBE/FM, WGAD, WFMJ, WKCX, WMRN, WIOU and KLOK.

This week's RECORD TO WATCH, Joe Cocker's "A Woman Loves A Man," is gonna come out of left field as Joe always has a tough time convincing radio. But as was the case with "Up Where We Belong," Joe will eventually get a chance to practice his home-run trot. First week out-of-the-box for WEBE/FM, KYJC, WQHQ/FM, WZNY, KLDI, WWMJ, WHAI, WSKI and 16 others.

Taylor Dayne looks to be happening at A/C radio. Eighteen of her 53 players have come on board this week, including WGAD, WBTH, WSER, KEFM, WASK and KTYL.

Bill "Themes R Us" Medley is doin' the Rambo on 38 A/C stations including WMT/FM, KFYP, KNOX, KWEB, KKOR, KMWX and KYJC.

We apologize to those A/C reporters experiencing busy signals when trying to report on Tuesday. Our phone system is totally maxed on Tuesdays afternoons as we now are handling more than 800 phone reports on that day. All A/C stations are encouraged to report on Mondays 8 a.m. - 5 p.m. or Tuesdays as early as 8 a.m. Our fax number is 415-788-3517.

## REVIEWS by Ron Fell & Diane Rufer

### CROWDED HOUSE

*Better Be Home Soon* (Capitol)

It took more than nine months for their first single, "Don't Dream It's Over," to come home. This one'll be more like nine days.

"Better Be Home Soon" is a two-story house with one too many backdoors.

### WHITNEY HOUSTON

*Love Will Save The Day* (Arista)

As responsible as anyone for the swarm of incredible ballads which have recently consumed pop radio's airwaves, Whitney will single-handedly pick up the collective tempo with this brisk Jellybean production.

### TUCK & PATTI

*Takes My Breath Away* (Windham Hill/A&M)

Patti Cathcart likes the idea that someone is there for every breath she takes, every move she makes. This voice and guitar two-track is an amazingly powerful yet delicate ballad worthy of your consideration.

### STEVE WARINER

*I Should Be With You* (MCA)

Steve wants one more "Weekend" with the one he loves. The A/C re-mix, thanks to Chuck Rhodes, takes the Country out of the boy, but you can't take the boy out of the Country.

### JOHNNY HATES JAZZ

*I Don't Want To Be A Hero* (Virgin)

This is an unusual combination of lyric and arrangement. Taken on its most shallow level, the single sounds like a cute pop standard. But a minority of listeners will get the lyrical message - one of a reluctant, conscientious objector.

by Tony Richland

(rimshot!)...I don't wanna say he's short--but I've had bigger than him on my charm bracelet! (rimshot!)...And Joe, when you're at the Laker games, stop tugging on James Worthy's jock...The guy doesn't know who you are! (rimshot!)...And Joe had an interesting comment in the lobby--I asked him if he gets better info from Jack Satter or John Fagot. He said that was like asking a guy in the electric chair if he prefers AC or DC! (rimshot!)...But really, Joe, congrats on the success of Richard Marx and Limahl! (rimshot!)...Who woulda thought it, when you were a roadie with Guy Lombardo! (rimshot!)

But Joe's a tough boss. He's the man of whom Hiter said, "From, him, I could learn!" (rimshot!)...I mean he's really tough. David Berman calls him The Fascist Gun In The West! (rimshot!)...And you know he's totally behind the Capitol commitment to Country music. His qualifications are valid--he once saw the Oak Ridge Boys on Geraldo! (rimshot!)...And Joe is health-conscious. He's VEHEMENT about no one smoking in his presence--unless it's Bhaskar Menon, in which case Joe gives him mouth-to-mouth WHILE HE'S LIGHTING UP! (rimshot!)

But seriously, Joe really does watch his health. He's a 55-year-old man with the body of a 20-year-old...waiting for him in his office! (rimshot!)... And the guy is loyal to his religion. Why, on the way to San Diego last week, he saw a freeway sign that said, "Next Services--20 Miles." He told his wife, "Gosh, Donnie, look at that--There's a synagogue in Disneyland!" (rimshot!)...And in conclusion (wild applause!), let's thank this legend-in-his-own-mind (rimshot!) for his contributions to the industry--too bad it wasn't THIS industry! (rimshot!)...You've been a fair crowd...Thanks for the limited applause. My maid gets a bigger hand when she runs a rag over the piano keys! (rimshot!)... Let's put our hands together and really hear it for one swell guy, er, guy! Joe Smith!"

At this point, the audience will rise as one--actually, at this point the audience may BE one--and give Joe a standing ovation. The EMI and Capitol field staffs, including Norm Osborne, will file forward to kiss his mezuzah, and the festivities will end on a triumphant note as the gefilte fish *au gratin* and terrine of sardine is served. ●

A City of Hope tribute to legendary EMI/Capitol CEO Joe Smith will take place at the Los Angeles Century Plaza on Thursday, July 14th. As Joe would be the first to note, he deserves the honor...but ALL KIDDIN' ASIDE, the witty Smith has been an industry good guy for decades, and his charitable works have earned him the distinction.

After some years as a highly lauded Boston deejay and part-time Celtics ballboy, Joe moved west and entered the record biz as a Warner Bros. local promo guy. The rest, as he so often says, is history. Moving swiftly through the rank...er, ranks, he moved to regional, then national promotion, then VP and President. He got even bigger at Elektra, left the business for a while after Pet Clark stopped having hits, toyed with becoming NBA Commissioner, and was coaxed out of retirement by the folks at EMI. Perhaps "coaxed" is off the mark, when the guy was offered eight million drachmas to oversee the Pet Shop Boys, but hey, we left out Joe's real and major career: The Roaster Deluxe of the industry. We've roared at many an affair as Joe's barbs hit the mark again and again. He's skewered them all, from Russ Regan to Mervyn Harmon, from Ron Fell to Agnetha Faltskog. But has JOE ever been roasted? Has anyone dared to rip, in plebian Catskills fashion, the Man Who Can't Be Topped? We asked our pal Joey Jackie, emcee of Yankton's No. 1 Comedy Klub, to say a few words about the Smithster:

"Hey, it's great to see Joe Smith of EMI here today. By the way, it's no coincidence he's with EMI--it's the only label he could spell!"

THE NEW SINGLE FROM THE ALBUM  
P R O V I S I O N

PRODUCED BY GREEN GARTSIDE AND DAVID GAMSON  
MANAGEMENT: PARTISAN MANAGEMENT LTD. ©1988 JOUISSANCE (UK) LTD.

The eldest of three sisters and six brothers, Rebbie was the last in her famous family to embark on a career in music. Her first steps toward a professional life in music came in 1973 when she joined the Jackson family show in Las Vegas. She sang and danced with her brothers and sisters both on concert tours across the U.S. and in a summer replacement TV series in 1976, but her first solo album, *Centipede*, was not released until almost ten years had elapsed. These years were devoted to another very important aspect of her life—raising her son and two daughters. Her next album, *Reaction*, featured duets with both Isaac Hayes and Cheap Trick's Robin Zander. Her new LP, *R U Tuff Enuff*, has produced a hit single, "Plaything," followed by a re-mix of the title track with Rag artist Melle-Mel.

In addition to keeping up with the hottest musical trends, this lady gets around to music business functions. We have seen her at Gavin Seminars, Young Black Programmers' Coalition functions, Black Music Association meetings and dinners and numerous other trade get-togethers. And when brother Michael played Madison Square Garden and sister LaToya opened in Atlantic City, Rebbie shuffled her family and recording schedule to attend. I spoke to Rebbie the day after she returned from Atlantic City and a reunion with not only LaToya but sister Janet.

# REBBIE

**BETTY: Do all three Jackson sisters see each other often?**

REBBIE: Not as much as we'd like to. I see Janet more than anybody. She's always over here. I think she likes coming to see the kids as much as possible, too. She's only five years older than my oldest daughter. They were running buddies when we used to travel a lot, because they were the two young girls in the group. I took my daughter with me everywhere we went when I first started singing with the family. She wasn't even in school yet—about four, I think—and they used to play dolls together. It's funny now look back at it.

**BH: Do you still have family get-togethers?**

RJ: We really do! For a long while we were getting together every six weeks. It was called "Family Day" and everybody was there. These days we're all so busy that for the time being it's fizzled, but we kept it up for a long time. We'd rotate to different homes in the family. Whoever's home it was that day, they'd serve as hostess for that day.

**BH: I've seen you at many music gatherings and seminars with your husband, Nathaniel. How do you balance being a mother, wife and career woman?**

RJ: During the times that I'm out there, I have a responsible person here at the house, mainly for adult supervision, because I have a daughter who's 17 years old and is very responsible. I coordinate with my daughter and the person who is left in charge, and call from the hotel wherever I am every night. I try to work it out to where I'm not away for long periods of time. It works out okay.

**BH: How old are your other children?**

RJ: I have another daughter, Yashi, who is 10, and a son, Nathaniel Austin, who is two. We call him Augie.

**BH: I noticed on the liner notes for this album you thank "Austin" for not singing.**

RJ: He was supposed to have sung on the album and he was excited and ready to do it. But it got so late that night that when the time came, he fell asleep. I went into the studio to do the last song, "Distant Conversation," but I couldn't record it because Austin kept trying to sing along with me. We had to put him to sleep and then continue working. When we needed his co-operation, he wasn't ready, he was asleep. His voice is on the tape, but there's another little girl making most of the sounds on the tape.

**BH: The album has children singing "Yeah" at the end of "Perfect Combination," and again at the beginning of "This Love Is Forever." Are any of those children yours?**

RJ: Yes, my daughters are on it. Yashi and Stacy were in the studio, along with a bunch of other people we had in the studio that night. There's another little girl along with my two daughters.

**BH: Your own singing career started how long ago?**

RJ: I'd say about '73-'74. Stacy was about three or four years old.

**BH: Were you the last of your brothers and sisters to start on a career?**

RJ: I was the last one to be involved on a professional level, yes.

**BH: The first born and the last one to embark on a singing career. Why were you the last hold-out?**

RJ: I had been asked a few times and turned it down. When my family was performing in '73 on a family show,

so that's when I got involved. The girls joined in with the boys, who already had been performing. I really enjoyed it and got a lot of encouragement to become a solo artist. That's where I got the incentive to go on.

**BH: Prior to '73, were you like a second mother to your younger siblings?**

RJ: Most definitely! It's funny—it's so interesting the way I view them in relationship to how everyone else looks at them, being there from the beginning when it all got started with the Jackson 5, even prior to them even singing. My mom finished high school by going to night school when I was 13 years old. I used to stay home and take care of the kids. Michael is eight years younger than me, making him five at the time—he was just a baby. The three youngest ones even called me "Mom." Janet hadn't even been born yet!

**BH: Do you feel closer to your brothers and sisters because of that?**

RJ: I think it has a lot to do with our family unity, now I can identify with them and their characters because of all that happened when we were growing up.

**BH: Do you feel any influence from other Jackson children on any of these first few albums or this album, or from your parents?**

RJ: I get encouragement a lot. They're out there recording, and I like what they do. It's an incentive to do what I'm

doing, and we talk about it a lot.

**BH: Do you feel that you compete for attention in a family of musical superstars?**

RJ: It's funny—and hard to explain. I can't say I feel that it's competitive. There's so many of us, but because we do what we do, and we're all from the same stock, it seems we each have a different way of reflecting and delivering what we do. I've never, ever looked at it as being competitive.

**BH: How would you compare your home life when you were growing up and your own family home now as far as music is concerned?**

RJ: They are around music all the time, much more than television. We have a piano and they take piano lessons. One of them is in ballet. My little one is always on stage. He'll get a microphone and turn on the tape every day. Janet bought him this guitar and he goes around singing "La Bamba" all the time.

**BH: How would you feel if your 17-year-old daughter Stacy came to you now and said she'd decided to embark on a music career?**

RJ: There's been talk about her singing. I would like her to be able to handle the responsibility to go with it essentially. I don't think everybody is mentally cut out for it, but she's pretty balanced. She'd be able to deal with it.

**Effective managers know that action is the name of the game. They analyze a problem to some extent, but basically they know they must "get on with it."**

## WHY MANAGERS FAIL

The Center for Creative Leadership in Greensboro, North Carolina, has pioneered some of the more innovative research on leadership. It recently published a report examining why managers fail which was summarized in the May 2nd *Wall Street Journal*. I'd like to share some of the findings with you and make some additional comments.

The center's research identified the five most common reasons for managerial failure:

### 1. Inability to get along with others.

I find it interesting that the #1 reason for management failure involves poor interpersonal skills. Effective managers are able to work well with subordinates, superiors, colleagues in their department and in other departments, and people on the outside. If you can't work with other people, it's unlikely you'll succeed as a manager. If you don't listen to your subordinates, or if you don't inspire their confidence and loyalty, you probably won't succeed as a manager. If you don't do a good job of giving and receiving criticism, and if you can't work collaboratively with people from other departments or units, then it's unlikely that you'll succeed as a manager.

### 2. Failure to adapt.

Effective managers change with the times. They are not afraid to experiment with new policies, new procedures and new ideas. They are willing to take risks. Managers who failed were more likely to stick to tried and true habits. If you resist innovation or stubbornly adhere to management styles that may have worked in the past but are inappropriate today, it's unlikely you'll succeed as a manager.

### 3. Overly concerned with self.

Effective managers think primarily about their teams. They take genuine pleasure in coaching and developing their subordinates. They take great pride when one of their subordinates succeeds or turns in a top performance. They work with, rather than against, colleagues in other departments. If you're preoccupied with yourself, if your main concern is to look good, regardless of whether someone else or the company itself looks bad, or if your main motivation is "looking out for number one," then it's unlikely you'll succeed as a manager.

### 4. Fear of action.

Effective managers know that action is the name of the game. They analyze a problem to some extent, but basically they know they must "get on with it." They try things out, get some quick feedback and try some more. Again, they take risks. If you're constantly studying and analyzing problems in such a way that you procrastinate on trying out something (a small pilot study, a small shift in operations or a change in marketing policy, for example), you're unlikely to be effective as a manager.

### 5. Inability to rebound.

All of us are bound to have setbacks in our careers. Effective managers try to learn from their setbacks. They take responsibility for their actions by admitting their mistakes and trying to correct them so those types of setbacks won't occur in the future. If, conversely, you're more inclined to make excuses, blame others and complain about how unfair the world is to you, then you'll be less likely to rebound from failure, and hence less likely to succeed as a manager.

These, then, are five of the more common reasons why managers fail. On the other hand, haven't you met apparently successful managers who are impossible to work with, who are afraid to make needed changes, who don't give a damn about anyone but themselves, who analyze things to death, or who are always defensive during setbacks?

Three points about this:

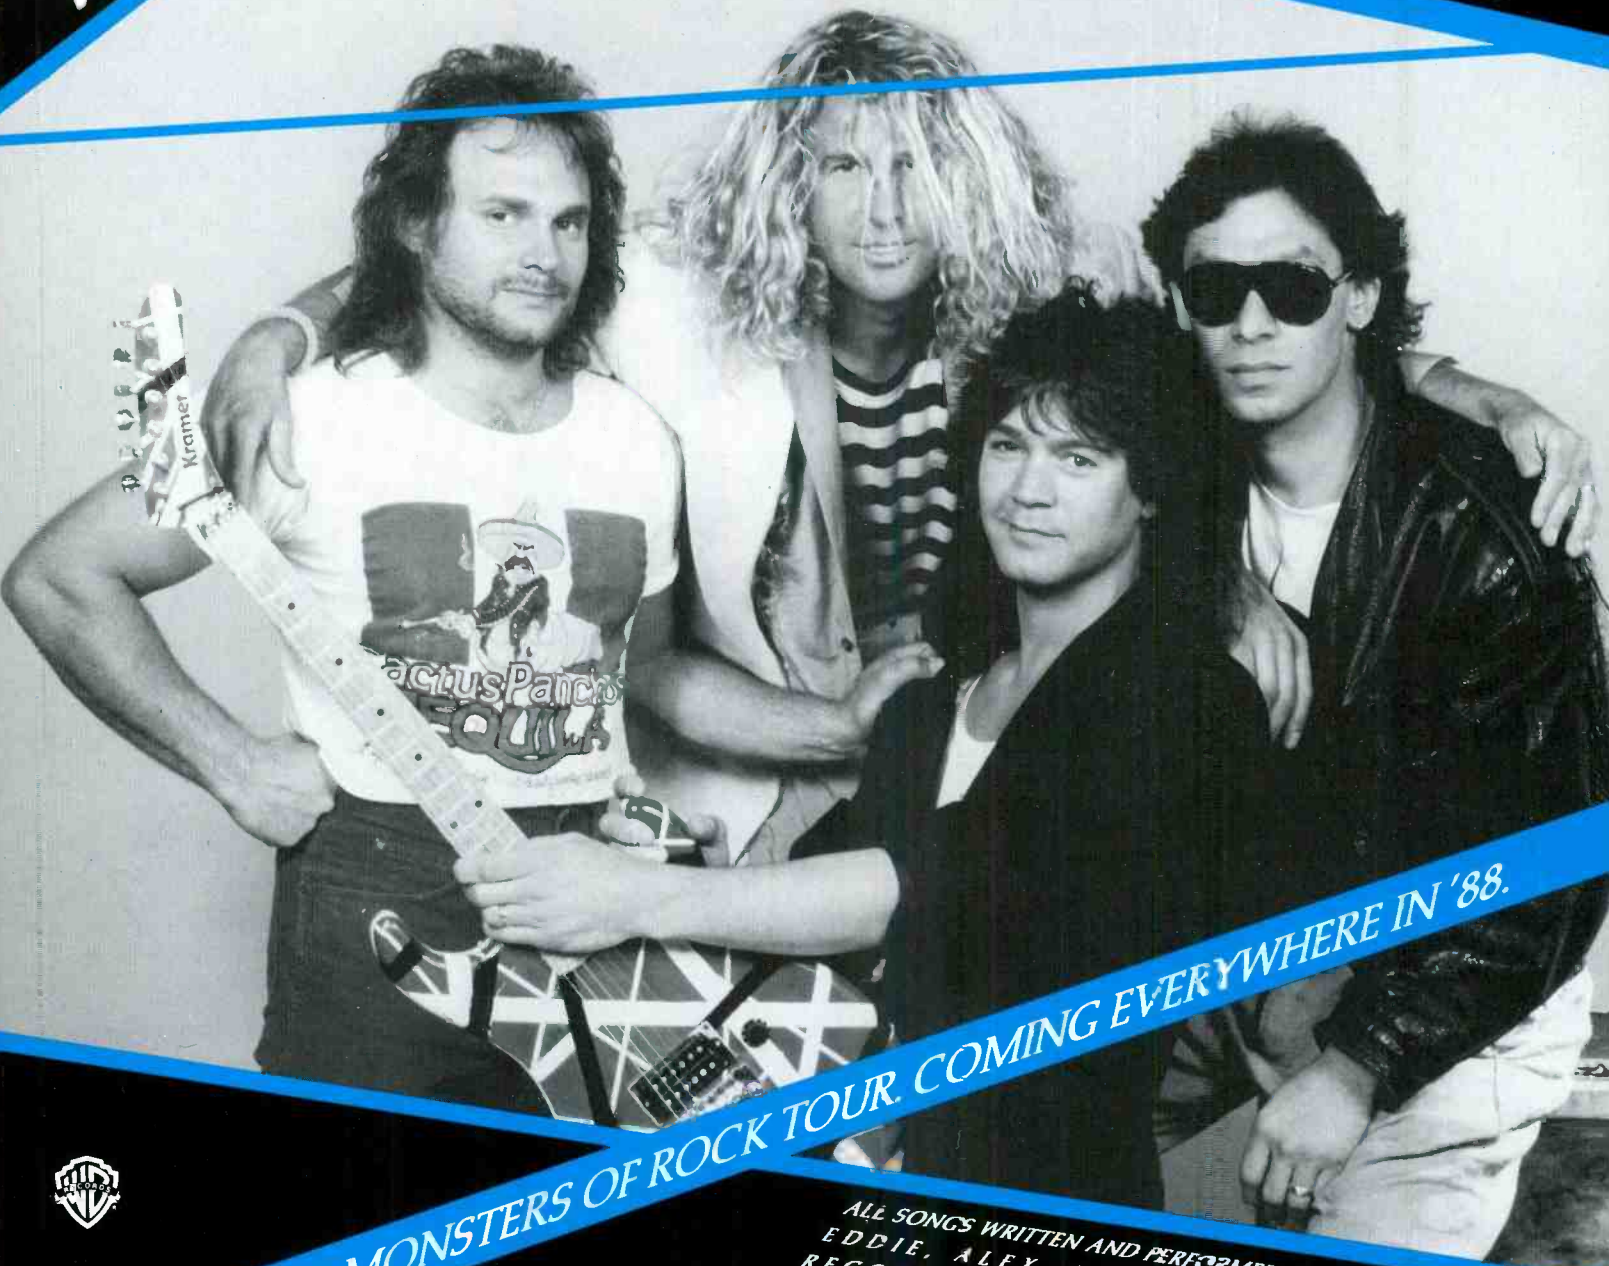

One, in the short run, these managers may appear to succeed, but the research suggests that, in the long haul, they'll wind up sabotaging themselves. Second, research is a game of probabilities. There may be some managers who do succeed in spite of the attributes listed above, but the odds are that they won't. For every apparently successful manager who fears action or can't adapt, there are countless languishing in decaying careers. Along that line, keep in mind the third point: "Failure" doesn't necessarily mean being fired. It can mean not getting that promotion or transfer, not getting the bonus, not getting that exciting assignment, or not being invited to join that bellwether committee or project team. In short, failure might just be staying stuck in the

mire, and maybe that's even worse failure than being let go.

The Center has done us a favor by showing us some potential personal pitfalls that we might face as we pursue our management careers. Good luck in avoiding them!●

## RUBEN RISES AT COLUMBIA RODRIGUEZ NAMED SENIOR VP

Ruben Rodriguez has been named Senior VP/Black Music for Columbia Records. Ruben who has been with the label for more than two years, was VP/Black Music and Jazz Promotion. In his new job, he will oversee all phases of black music marketing, including promotion, publicity, product

management, artist development and sales.

"Columbia's success in the black music field under Ruben's direction has been nothing short of spectacular," said CBS Records President Tommy Mottola. "This reorganization will allow us to better coordinate all aspects of this music."

Commented Rodriguez, "I am very excited at this opportunity to expand my horizons and get more involved in the total picture. It shows the commitment of Tommy Mottola and CBS to black music."

Rodriguez credits the "best staff in the business" with helping him break an impressive list of black artists—Lisa Lisa, Gregory Abbott, L.L. Cool J., Full Force, Regina Belle, Terence Trent d'Arby, Regina Belle, Surface and Johnny Kemp.

## McGUIRE TAKES EZ ROUTE Y98-ST. LOUIS GETS NEW PD

Doug McGuire is vacating the PD chair at Country WLVK-Charlotte, NC, to program A/C KYKY-St. Louis. He replaces Ken Barnett, now at Houston's KKHT. According to EZ Communications VP Jim Richards, McGuire was an easy choice: "He's got the programming credentials to take us to the next level, and that's just as important as knowing the music." McGuire, who came to 'LVK from WYAY-Atlanta three years ago, says the two stations are similar: "Not only do they target the same adult demographic, but both have high-energy morning shows and are music intensive the rest of the day. I'm really looking forward to this opportunity." He'll start June 27th.

## CLASS ACTS

Some kids get to party all night when they graduate from high school, but the most celebrated alum-to-be of Long Island's Calhoun High School will get to work her way across the nation. Debbie Gibson, whose debut LP, *Out Of The Blue*, has just gone double platinum, will begin a 41-city tour in Boston July first, five days after she gets her diploma.

In Washington, DC, students at Woodrow Wilson High got their reward for racking up the area's highest SAT scores—a live performance by Suave at their prom. The Capitol recording artist said he picked Washington because "It's the capital of our country and a microcosm of what's going on in inner-city America." The Wilson class of '88 included students from 70 countries.

Suave was also scheduled to be among an all-star lineup performing June 16th at the 96TIC-FM Listener Appreciation

Party in Hartford. The alcohol-free event is designed to "demonstrate that safe partying is not just responsible but the cool way to have fun in 1988," said PD Dave Shakes. Other artists slated to participate were The Cover Girls, Elisa Fiolillo, Brenda K. Starr, Scarlett & Black and guest emcee Weird Al Yankovic.

MJI Broadcasting Affiliate Relations Manager Carol Cruickshank has been named to the new position of Director, R&B Programming. She will oversee MJI's "Star Beat" and "Star Quiz" offerings, while exploring the development of new R&B/Urban programming.

## WILL DIRECT BLACK SALES DIVISION JOE TALLEY TO ATLANTIC

Joe Talley has been tapped as Director of Marketing/Black Music Division for Atlantic Records. He joins the label from WEA Distributing Corp., where he was most recently Field Sales Manager/Black Music in Atlanta. Said Atlantic Senior VP Sylvia Rhone: "His hard work and dedication have made him one of the most respected sales executives in the business. I am delighted to see him join our staff in this important new position."

Atlantic has also announced a distribution agreement with East-West Records, headed by former WEA International CEO Nesuhi Ertegun. The new label's first two releases will be a new studio album by the Modern Jazz Quartet and a recording of Johann Sebastian Bach's "Goldberg Variations" by synthesist Joel Speigelman.

## TWELVE-HOUR DRIVE BRINGS IN \$37,550 WTMJ LEUKEMIA RADIOTHON SETS FUNDRAISING RECORD

Speed skater Dan Jansen, whose sister succumbed to leukemia during the Winter Olympics, failed to bring home a gold medal—but he did help WTMJ in his native Milwaukee break a fundraising record for the Leukemia Society. "I think the people here were just waiting for an opportunity to show Dan and his family how much they care," said WTMJ Community

Affairs Manager Mary Alice Tierney. The 12-hour fundraising radiothon May 23rd brought in \$37,550—eclipsing the previous record of \$20,000 in 14 hours, set by KFWB-Los Angeles last November. "It never ceases to amaze me how WTMJ's audience always responds to those who are less fortunate," said PD Mike Elliott.

## BOYISH CHARM

KMEL's Dave Moss shows off his pearlies as Pet Shop Boys Chris Lowe and Neil Tennant look on during an in-store at Tower Records in San Francisco.

## THE WAY SHE WAS IN SEARCH OF STREISAND

Where were you in '62? If the answer is "in front of the TV, watching the Mike Douglas Show," then Barbra Streisand would like to talk to you. Streisand spent a week that year as Mike's co-host, back when the show was produced in Cleveland. She's looking for audio and video tapes

of her performances with the studio band to be included on an LP chronicling her first 25 years in the music business. So what's the radio angle? Cleveland's WRMR and WLTF are searching for those tapes to "allow a piece of Cleveland history to be represented in the new Barbra Streisand album."

## LINER NOTES

Look for Epic Records' Polly Anthony to be making a cross-country trek with a set of new VP stripes.

EMI-Manhattan names Rob Gordon and Joe Pszonek as Sales Managers for the West and East Coasts, respectively.

Former WBYP PD Michael Bensusan has taken on National Promotions duties with Buffalo-based Amherst Records, which is beefing up its staff in anticipation of the new Glenn Medeiros release in mid-July. "Michael's years as a radio programmer will

be invaluable," said label president Leonard Silver.

Kate Berger joins the promotion staff at Carthage/Hannibal Records.

The newly established Apollo Theatre Records has signed a distribution agreement with CBS Associated Labels. The first release, due out in July, will be a debut single, "Girl I Want You," by Billy George. The label is a joint venture of Inner City Broadcasting executive Percy Sutton, radio personality Hal Jackson and Tabu Records owner Clarence Avant.

## THE WHOLE EMMIS

At the recently concluded BPME conference in Los Angeles, Emmis Broadcasting President Jeff Smulyan explains how he came to be named *Cosmo's Bachelor of the Month*. BPME board members Bert Gould (CBS Radio) and Erica Farber Viola (Interep) are looking on in admiration. Look for a full rundown on the conference in Harvey Mednick's column next week.

Steve, the guitarist in Billy Idol's band and featured soloist in Michael Jackson's "Dirty Diana," has signed with Warner Bros. as a solo artist.

## SADE

She decided to bow out of last week's Freedomfest in celebration of Nelson Mandela's 70th birthday after fest organizers insisted Sade sing with an all-star band instead of her regular band members.

## REO SPEEDWAGON

Kevin Cronin says he wrote the band's new single, "Here With Me," about the breakup of his eight-year marriage.

## VANESSA WILLIAMS

Her first recording experience came on George Clinton's song, "Do Fries Go With That Shake?"

## STEALIN HORSES

The band chose its name from an ancient Indian rite of passage which requires young warriors to earn respect from their elders by swiping steeds from neighboring tribes.

## BOB GELDOF

He has written the screenplay for a film called "Cowboys," which he'll also direct. Shooting begins in Dublin this fall.

## PATTI SMITH

After "Because The Night" became her biggest hit in 1978, Patti married musician Fred Smith and went into retirement. She's now the mother of two boys, one five and one just a year old.

## CHUBBY CHECKER

He's had six different singles with the same word in the title: "The Twist," "Let's Twist Again," "Twistin' USA," "Slow Twistin'," "La Paloma Twist" and "Twist It Up." If his new version of "The Twist" (with the Fat Boys) should chart, it will be the third time in less than 30 years for the song.

## ELTON JOHN

His version of The Beatles' "Lucy In The Sky With Diamonds" was number one in the Gavin Report, January 3, 1975. John Lennon played a reggae-style guitar under the name "Dr. Winston O'Boogie."

## DIRTY DANCING

The RIAA certifies that the "Dirty Dancing" soundtrack and its sequel, *More Dirty Dancing*, have sold a total of nine million units to date.

## CARL ANDERSON

More than a decade ago, Carl played Judas in the original Broadway cast of *Jesus Christ Superstar*. He also appeared in the film version of the rock opera.

## BRENDA RUSSELL

Her boss, Herb Alpert, makes a cameo appearance in the video for her new single, "Gravity."

## LITTLE RIVER BAND

Though the Melbourne, Australia, band has been through many personnel changes since its founding in 1975, Graham Goble, Derek Pellicci and Glenn Shorrock are originals.

## RANDY TRAVIS

Randy will portray a bartender in the upcoming film, "Young Guns," starring Charlie Sheen and Emilio Estevez.

### "BETTER BE HOME"-CROWDED HOUSE (CAPITOL)

After taking the long way around on their debut, you can bet that **Crowded House** will go straight to the front of the line when their sophomore album reaches radio. The first taste we get is "Better Be Home," a ballad with a cluster of beautiful harmonies.

## Black Pearl

### BLACK PEARL-HARRISON/BLANCHARD (COLUMBIA)

Didn't Miles Davis once say, "It's hard sounding like yourself"? **Donald Harrison** and **Terence Blanchard** use their own unique structures as a calling card exploring the calm eye inside Hurricane Jazz. On this, their fourth album, they continue to operate with absolute acoustic integrity. On the Blanchard-penned title track, a lonesome woodblock (reminiscent of Miles' "In A Silent Way") and a mellow trumpet lay a trap. Once you fall in, Harrison and Blanchard attack you with complexities. For my money, Harrison/Blanchard are two of the most talented idea men in jazz.

### "WASTING MY TIME"-JIMMY PAGE (Geffen)

An out-of-the-box favorite this week, **Jimmy Page** puts up a curtain of hard rockin', bell-chime chords. Interestingly enough, the first "solo" leads we hear are all slide guitar licks.

## NEW Releases

### TRANSMISSIONS-GENTLEMEN WITHOUT WEAPONS (A&M)

**Gentlemen Without Weapons** are easily the most unique trio you'll hear this month. Neither **Kenny Young**, **Nick Glennie-Smith** nor **Vic Coppersmith-Heaven** plays traditional instruments. Instead, they sample anything from household objects to animals and other natural sounds to compose technical pop songs, the likes of which we've never heard before. In a way, *Transmissions* is an ultimate paradox. They achieve a totally synthetic-sounding sound using totally organic ingredients. It's hard to believe "Unconditional Love" and "As Eons Roll By" contain not a single traditional instrument.

*Transmissions* indeed takes daring risks. It's an odd and intriguing collection of sound, song and prose.

### "WILD ABOUT YOU (CAN'T HOLD OUT MUCH LONGER)"-ROBBEN FORD (WARNER BROS.)

I know I'm jumping the gun on this one (radio gets it June 24th), but it's hard to keep quiet about **Robben Ford's** return as a blues interpreter. This is a re-working of **Little Walter Jacob's** song that proves itself to be timeless. Ford's playing is vibrant and exciting.

### GO BANG-SHRIEKBACK (ISLAND)

**Shriekback** get their live sound and studio thang captured in sync. A song like "Shark Walk" exemplifies their loooooow vocals, a kickin' rhythm and an orchestral mix. **Go Bang** is their finest collection of grooves. Last time around **Shriekback** hit number one on our Gavin Alternative chart standing up. That makes it about time for Top Forty to get hip. Check out "Intoxication," the cool "Over The Wire," the uptempo but smooth title track and a low key "Nighttown." Yes, that's the same "Get Down Tonight" that **KC & the Sunshine Band** cut in Miami.

## ROBERT PALMER

### "...SIMPLY IRRESISTIBLE"-ROBERT PALMER (EMI-MANHATTAN)

Dangerous dangerous stuff. Nobody mixes techno-dance rhythms and hard rock riffs with greater success than **Robert Palmer**. Who would have foreseen this direction five years ago? Like I said...simply dangerous.

### "COLD METAL"-IGGY POP (A&M)

During the final leg of his last tour, **Iggy Pop** came to grips with his Detroit roots after pulling "I Wanna Be Your Dog" out of the mothballs. Hence, "Cold Metal" is a return back to a more primal sense of rhythm and rock. Intentionally staged on the wild side, the new album is a step away from his previous "produced" sound. This time it's down to the bone for "The Ig."

## WEDDINGS, PARTIES, ANYTHING

### ROARING DAYS-WEDDINGS, PARTIES, ANYTHING (WEA-AUSTRALIA)

After two months down under, **Peter Standish** brought me back a **Victoria Bitter** mug and a copy of **Weddings, Parties, Anything's** album. **WPA** play jaunty drinking music with a spirited sense of camaraderie. Like the best Australian music, **WPA** have a very low bullshit tolerance level. The lyrics have a conversational edge replete with barroom lingo. I like the acoustic, folkly flavoring added to the Fenders and the backbeat. Great music to sip brew and argue radical politics to. **KZ**

## INSIDE COUNTRY

**ALL'S FAIR...** Reports have it that all was fair on the Fan Fair front last week, with everything running smoothly for the 25,000+ fans who attended. Gavin Album Editor Kent Zimmerman was among the faithful, and for his money, this year's showstoppers were K.T. Oslin, k.d. lang, Dwight & Buck, Becky Hobbs and Foster & Lloyd. It was an especially memorable Fan Fair for WAXX-Eau Claire MD Tim Closson. While mingling backstage before the PolyGram show, Mercury's National Promotion Director, Frank Leffel, asked Tim for a small favor. Minutes later, Tim was on stage opening up the show!

**COUNTRY WELCOMES AND CONGRATS...** Congratulations to the Yadda Yadda man himself, RCA's Carson Schreiber, for 21 years of devoted service to Country music. From his humble beginnings at KBBQ-Burbank through his MD days at KLAC-Los Angeles to his current position as king of RCA West Coast Promotion, Carson has always made us Country-proud...Gavin Congratulations to MTM's Bruce Schindler and Carolyn Parks, who made it official and tied the knot on Saturday, June 18th. After a brief honey-

moon in Martha's Vineyard, they'll be back at work cranking out the hits...We've added two new stations to our Country family. Chris Allen will be reporting to us every week from WBGW-Bowling Green, KY, and Trish Hennessey (that's right, the same Trish who used to be at WPOC/FM-Baltimore) will be reporting from WAVV-Vero Beach, FL. Welcome aboard!

**OUR CONDOLENCES...** Our condolences go to our friend Mark Burns at WCAV/FM- Brockton, whose father passed away last weekend...Condolences also to the friends and associates of former MTM promotion ace Nancy Seay, who passed away June 10th. Contributions to the Humane Society in Nashville can be made in Nancy's name.

**PROGRAMMERS ARE TALKING ABOUT...** Reba McEntire's "Do Right By Me" album cut is the second most requested song for Bob Swayze at KATK/FM-Carlsbad ...C.J. Jackson at WFGN-Gaffney is getting loads of requests for the Wagoneers...The Dean Dillon record is getting instant requests for WBGW-Bowling Green. Chris Allen calls it a "great sing-along tune"...The new Hank Jr.

single sure has those Southern phones ringing. Rick Robinson at WEYY-Talladega says he can't remember in his entire radio career a record drawing so many requests. Jeff Allen at WQSB/FM-Albertville put Hank straight into a Heavy rotation due to listener demand.

## REVIEWS

By Lisa Smith & Cyndi Hoelzle

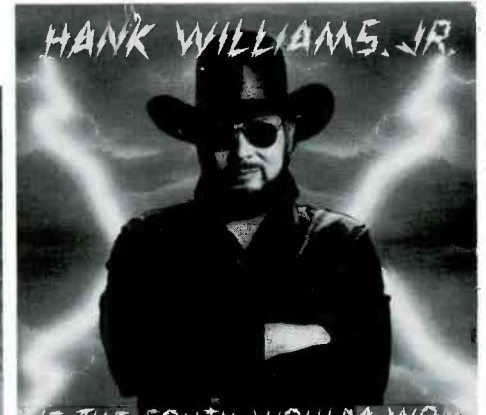

**THE O'KANES - Blue Love (Columbia)**  
The second single from one of the year's best LPs, Tired Of The Running, finds our dynamic duo at their o'best, agonizing about the pain of true, blue love.

**KATHY MATTEA - Untold Stories (Mercury)**  
One of Kathy's strengths is the ability to find great songs. "Untold Stories," written by Hot Rize's Tim O'Brien, fits her style perfectly. Backed by two members of Hot Rize and

Buck White on piano, the beautifully crafted song lets the mandolin, guitar and piano sing right along with Kathy.

**BECKY HOBBS - They Always Look Better When They're Leavin' (MTM)**  
The woman that calls herself "Ol' Beckaroo" gives us another song we can relate to. Becky can really turn a phrase, and has the knack of getting down those things we all feel, as when she laments, "He never turned me on quite as much as when he turned to say goodbye." It's all wrapped up in a swingin' honky-tonk number.

**HANK WILLIAMS, JR. - If The South Woulda Won (Warner Bros./Curb)**  
If The South woulda won, Hank Jr. would've run for President of the Confederacy and made "the day Elvis died a national holiday." Bocephus has written what's sure to become his rallying cry during his summer concert tour. An instant phone-ringer.

## INSIDE URBAN RADIO

SADE has her best week ever, jumping from five to number one, overtaking MICHAEL JACKSON, TEDDY PENDERGRASS, GEORGE MICHAEL and PRINCE, and the only reason we're listing these names is that you probably couldn't find a more formidable quartet if you tried. We're proud to see that last week's Record to Watch, LOOSE ENDS, makes the Most Added list this week--all the way to the top, with 25 new adds. This week, we're giving JERMAINE STEWART a shot at that same position--look for his new single, "Get Lucky" to get just that! Mike Wheeler, WQMG-Greensboro, says, "Good initial response on Jermaine Stewart, both on phones and in sales."

Max Myrick, WLWZ-Easley, feels "The STEVE WINWOOD is truly amazing," and Don "Early" Allen, K94-Norfolk, agrees: "Good mass appeal tune that will do well for us." Certified listing goes to AL B. SURE!, with Rick Stevens, WCKX-Columbus, calling it his "super 18-34 demo of the week." Two of our reporters are glad to have GAP BAND back. Lisa Lipps, KACE-Los

Angeles, says they're back in their usual style...the hitmaking kind. Randy Sterling, KGBC-Galveston likes it, as do his listeners Randy also wants to recommend the NEW POINT OF VIEW single, because the young lady sounds like an Aretha. Alton Palmore, WQIC/FM-Meridian, loves the FAT BOYS: "It's hot already with adults and young demos alike." Then he raved about the JAMES "D TRAIN" WILLIAMS: "I love it--it's gonna click--hot adult demos already."

Don Dockman, WCRX-Chicago, had one word for CHICO DeBARGE, "Sa-m-m-mo-ker!" P.C. Wiley, WGSW-Greenwood, had a few more words for CHICO: "A real tuff record, good listening and good dance track." Bob Wickstrom, KKFY-Seattle, says, "TEENA MARIE's phone action has been tremendous for such new product." Frank Barrow, KRIZ-Seattle, calls the LOOSE ENDS, "The funk hit of summertime '88." Gary Young, WLUM-Milwaukee, pulled out a left-fielder. (We're angry at Milwaukee because they got Jeffrey Leonard away from our Giants in last week's

trade.) Gary says to watch out for the INFORMATION SOCIETY "What's On Your Mind," because it's a great dance track. He played it one weekend, and people loved it so much that by the second weekend he had to add it in full rotation. Earl Boston, KATZ/FM-St. Louis, comments on the TRACIE SPENCER: "As young artists go, this one's got all the makings of a top five record." He also says to try out the SHANICE WILSON album cut, "Just A Game," but get the tissues out and watch the phones. That's it for now, Ciao. Betty

## LP CUTS

### IT'S A WRAP

The first Black Entertainment Television (B.E.T.) special, "Inside Studio A," a 90-minute program starring Warner Bros. recording artists Roger, Al B. Sure! and Royalty, will air Friday, June 24 at 10 p.m. EST. Shown in the B.E.T. studios in Alexandria, VA, following the taping are (from left): producer Jeff Lee, Warner Bros.

Director of Black Music Marketing Marylou Badeaux, Al B. Sure!, B.E.T. President Bob Johnson, host of the special and WKYS/FM-Washington, DC, PD Donnie Simpson, Roger, Warner Bros.VP/Video Jo Bergman, and Warner Bros. Senior VP of Black Music Marketing and Promotion Ernie Singleton.

**KEITH SWEAT** duet with **JACCI McGHEE** - *Make It Last Forever* (Elektra) His debut single, "I Want Her," went to number one on January 29th of this year. His second went to number three, and this third one, a duet with a young lady with a remarkable voice, is headed for great things.

**JAMES "D-TRAIN" WILLIAMS** - *In Your Eyes* (Columbia) D-Train is back...but instead of "doing a Rambo in your face," this time "in Your Eyes" is how he tells if you're in love or not. Blink and it may be a hit.

**KID FLASH** - *Love Thing* (Tabu) Kid takes his cue from L.L. Cool J's "I Need Love," and if your listeners grasp these lyrics, it should be a contender for the pillow talk rap hit of summer '88.

**KIARA** - *Just Like Magic* (Arista) This duo gets their name from a Swahili word meaning "to make a difference." It's the first special release from "The Door To Their Dreams" collection LP for Black Music Month, and these two Detroit youngsters, do a great job in their own way "to make a difference."

WIKS KPUR

**W**e'd be lost without radio. Radio allows the public to hear the material. If it's not played on radio, the public doesn't know what it's about.

*continued from page 20*

**BH: What about role models when you were growing up--anyone have any special influence on you?**

RJ: I was really into Doris Day, believe it or not. Also Diana Ross, of course, and Nancy Wilson--those were people I really admired.

**BH: As far as your own voice techniques, is there anybody you pattern yourself after?**

RJ: Not really. But my favorite singer of all time is Nat King Cole. I just loved the way he sings. My girls like him, too, which amazes me because they're so young. To be into somebody with that kind of sound at their age is surprising.

**BH: Let's talk about the album. I notice David Conley and David Townsend from Surface were your collaborators.**

RJ: They produced a song on my album prior to this one, *Reaction*. I liked the style and the innovativeness, and I liked everything they had been doing. I knew I wanted

them to work with me on the next project, no matter what was happening with them. I felt positive and good about them.

**BH: There's an outstanding cut that Stanley Jordan performs with you, "Friendship Song." Did Conley and Townsend bring him in to do the cut?**

RJ: Yes they did. They all know one another--even the writers involved in this album all know Stanley. They're all part of the same family back in Jersey. What's funny is that one day we were watching a video from the "Blind Date" soundtrack. Stanley was on it with Bruce Willis. We talked to him and he was elated. He really wanted to do it, and I felt privileged to have him! His work is incredible.

**BH: On "Friendship Song," you are listed as doing background vocals. Who else is singing on that cut?**

RJ: Bernard Jackson is involved strongly in that song. The prominent voice you hear is Bernard. The rest of Surface is

also on it--the whole group. Bernard is lead singer, and they're all on this one. I have a tendency to put everybody involved in writing before me. I feel funny putting my name down first.

**BH: Are any songs on the album autobiographical?**

RJ: Oh, yes. I wrote the ballad, "This Love Is Forever," along with two other writers. I did most of it, and it's about me. I also wrote "R U Tuff Enough," the title cut from the album. I can especially relate to those two cuts.

**BH: Is it difficult to write your own material?**

RJ: Yes and no. It's difficult for me to sit down and write a song. I have to be in a certain mood and I write according to the way I feel at the time. That's how I write.

**BH: Who is the other voice on "Distant Conversation"?**

RJ: I'm doing all the female vocals. The male vocals are done by David Townsend. "Durkie" is what we call him. His real name is Derrick Culler. Joshua Thompson sings vocals on some cuts on this album too.

**BH: Is it more difficult to cut a song for an album in the studio or to make a video in the studio for that song?**

RJ: They're both a lot of work. I enjoy working with videos because I want them to be just right. I'm never satisfied. But I feel making the song just right is more difficult.

**BH: Quite a few radio people tell me that you're very co-operative, on the air and doing in-stores, club appearances, and the like.**

RJ: We'd be lost without radio. Radio allows the public to hear the material. If it's not played on radio, the public doesn't know what it's about. I always try to do as much as I possibly can to cooperate with radio. I feel that's my responsibility. It's a two-way process. They need the material to play. It's important to let people know you appreciate their efforts and whatever else they've put into the project to make it work. That's how I reciprocate--by cooperating with them as much as I possibly can.

**BH: Is it a strain on your part to keep up that pace?**

RJ: It's not the easiest thing in the world to do, but it works out and pays off. The public is so important to me because they're the ones who buy the product and make the artist, along with radio. I want to have a good relationship with people like that and let them know they're appreciated.

**BH: Where do you see your career going now?**

RJ: I haven't really desired to do movies, but one day I'd love to do a musical and a variety show, something along those lines. ●

## ISSUES AND PROGRAMS

It's been a while since I covered the matters that used to be lumped together under the title of "ascertainment," and I should bring you up to date.

You may remember, from previous episodes, that the FCC has done away with the need to document interviews with "community leaders" to determine "community problems," although stations are still expected to have determined "community issues" from contact with people in the community. In other words, the obligation to ascertain and meet community issues and problems remained, although the tedious and formal interviewing process had been dispensed with.

And, rather than putting together an annual list of community problems from these interviews, the commission changed the requirement to a quarterly list of five to ten community problems, according to the best judgment of station management, and placed in the station's public inspection file, together with a list of "representative programs" presented to address these and other problems.

Now, there have been some FCC-mandated changes. The list of problems is no longer necessary of and by itself. But each quarter, a new list is required in the public file, showing issues of community concern which have been addressed by programming, together with details of that programming. Previously, broadcasters had to determine the problems and then address them. Now it appears that the community problems addressed are determined by the programs presented. The programming can still be public service and/or public affairs programming, special news reports or a special campaign of PSAs--and there is no minimum or maximum quantity, although the commission suggests between five and ten "issues addressed by programming" would be adequate.

The FCC's latest interpretation of its own rules was prompted by court challenges from public interest groups which feel that responsiveness to community issues and problems should be a requirement for license renewal (particularly when another applicant is challenging the license). Thus, broadcasters are required to do a bit more work on this matter, but not as much as was originally required with "ascertainment." The key is identifying, very specifically, programming which responds to an issue determined by station management, including such details as how long

the programs were, when they were scheduled, what they dealt with, who was interviewed, etc.

What most stations will need to do is set up a system to guarantee minimum compliance with this rule. One station I work with has established with the News Director that there will be at least two "news specials" per month on specified community issues and/or problems, normally consisting of three two-minute reports based around one or more interviews, run in specified newscasts on a weekend, and repeated twice, for a total of three runs--two on Saturday and one on Sunday. A form has been designed to identify each problem, and the programming response. These forms go into the public inspection file.

Another, smaller station which has no News Director identifies the problems and addresses them with a special series of PSAs, recorded, logged and documented the same way, together with the content of its weekly public affairs program (not locally produced) when it is applicable to a community issue.

The key point is to have some programming addressing community issues which will be documented in your public file and filed in quarterly groups.

To the best of my knowledge, that's where this pesky matter now stands. If you have any questions, give your Washington attorney a call. All of this is subject to change without notice!

On another subject, the three best radio programming meetings I've attended in recent years have been the Gavin Seminars in San Francisco in February, the summertime Upper Midwest Radio Conclave in Minneapolis-St. Paul and last year's Contemporary Adult Radio Conference in Monterey.

The first two are designed to be responsive to all radio formats; the third tended to concentrate on the many formats grouped roughly as "Adult Contemporary," from MOR to "adult Top 40." The second annual Contemporary Adult Radio Conference has been announced for the Newport Beach, CA, Le Meridien Hotel (rates appear quite reasonable) on July 29-30th, and I plan to attend again. Last year's conference provided the first major forum for exploring the relationship of "New Age" music to A/C. That discussion continued at the Gavin Seminar's A/C panel last February, moderated by Gavin's Ron Fell and Jhani Kaye of KOST, and both will be among those attending this year. Registration is only \$135, with a special discount for those who attended last year. Based on my experience, this would be well worth your attendance if you have any interest in programming adult popular music of any type. # DAVE SHOLIN'S PERSONAL PICKS — SINGLES

## VAN HALEN - *When It's Love* (Warner Bros.)

A definitive power ballad with an intro that hooks you from the very start, this is destined to become a standard for this band of monster rockers. Top 40 demanded this track so it's no surprise that a number of key stations are on it already.

## ROBERT PALMER - *Simply Irresistible* (EMI-Manhattan)

Arrives at the perfect moment, offering relief to ballad-weary Top 40 programmers. Palmer smokes on this self-penned and produced dance/rock entry. Add this to the list of reasons this man's ingenuity has the world addicted to his music.

## WHITNEY HOUSTON - *Love Will Save The Day* (Arista)

Rapid-fire bursts of energy get the sparks flyin' for the reigning Queen of pop music. Producer Jellybean's dance expertise is a noticeable presence. All that and it's UPTEMPO!

## CROWDED HOUSE - *Better Be Home Soon* (Capitol)

Why Neil Finn and his former band Split Enz never got off the ground in the states will always remain a mystery to me. Fortunately, he's been able to capture the hearts and minds of American audiences and crowd houses with this terrific trio. This outstanding initial release from their second LP will endear them even more to those who loved 'em on their first outing.

## WHITE LION - *Tell Me* (Atlantic)

What a week for rock 'n' roll! It's a short wait before a hot chorus takes over, stirs the senses and takes a firm hold. A strong commercial rocker for pop radio.

## CROSSOVER PICK

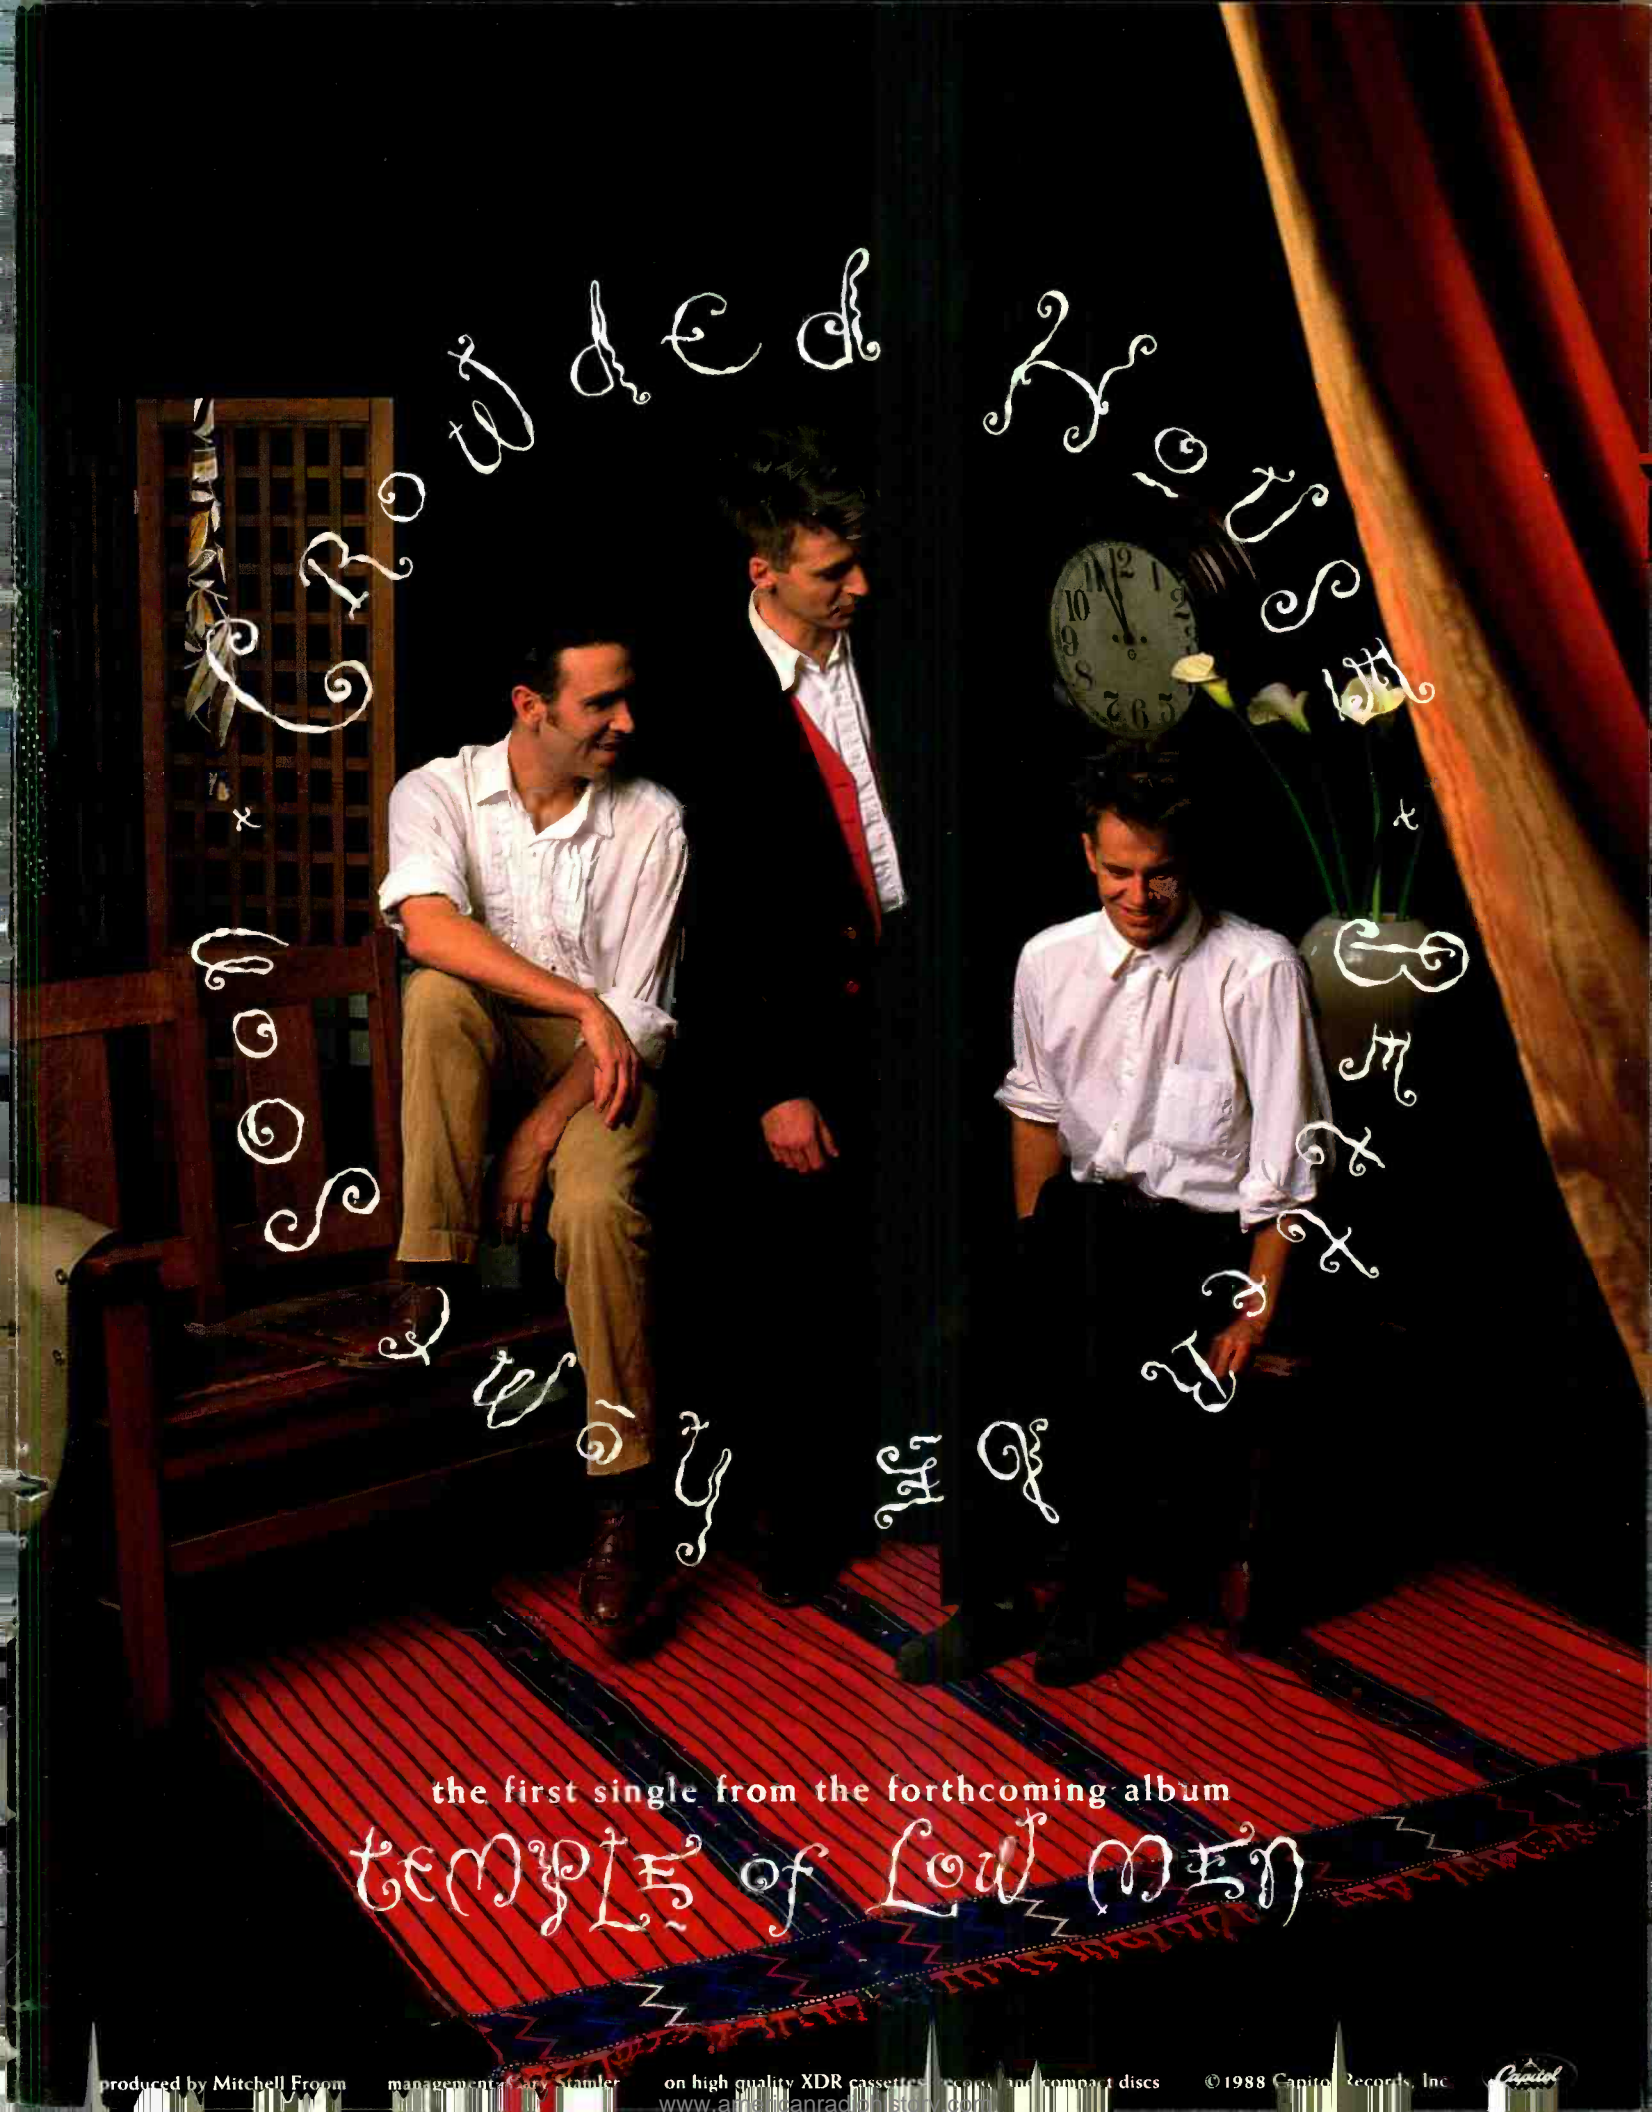

## NEW EDITION - *If It Isn't Love* (MCA)

It's always a welcome sight to receive a new edition of this group's music. Blastin' up URBAN CONTEMPORARY this Jimmy Jam and Terry Lewis creation ranks top twenty in its second week on the chart. Has all the ingredients to win 'em over on Top 40 as well.

## MOODY BLUES - *Sur La Mer* (Polydor/PolyGram)

As innocent today as they were imposing yesterday, The Moodys are first and foremost survivors in a fickle musical world. In recent years they've shed their pretentious overtures while retaining the vocal charm of choir boys John Lodge and Justin Hayward. They've learned to sing of love lost and found without employing the goblins of orchestral opulence to, in effect, smother the message. Like their fellow Englishmen, Alan Parsons and Jeff Lynne, The Moody's preference for full-bodied, string- and synth-laden arrangements provides the foundation upon which they fiddle with familiar themes. With their old "homeroom" of Album Radio now in the hands of Classic Hits practitioners playing "Knights In White Satin" in power rotation, there's a diminishing return on "new" Moodys, but they can look to Top 40 and A/C (the yin and yang of pop) to set an extra place for dinner.
