## "Get the Message"

The follow-up single to the smash hit "Getting Away With It"  
As the voice of New Order and the musical force behind  
The Smiths, Bernard Sumner and Johnny Marr  
created some of the most compelling and talked about music  
of the 80's. Now, Sumner and Marr join forces on a  
labor of love—an album all their own.

**CENTURY/KMEL ANSWER ALLEGATIONS**

After months of accusations of kickbacks, wrongful terminations and contest tampering, Century Broadcasting this week issued a 15-page statement defending all charges against its San Francisco outlet, KMEL and the station's Program Director, Keith Naftaly. Century's comments comes two weeks after an article published in the *San Francisco Chronicle* detailed complaints from former employees.

Issues addressed include:

- Former music mixer Cameron Paul's suit, which, among other things, said that Program Director Keith Naftaly forced Paul to kickback part of his salary to him. Century says KMEL did not renew Paul's contract because he began to play and promote music and artists on a label he owned. Of the cash payments, made via checks that Paul retained copies of, Century said: "This is a perversion of the facts. It was Paul who initiated these exchanges as part of his scheme to have a continuing hold over Naftaly."

- Former Morning Zoo sportscaster Larry Kahn's allegations of "prize fixing." Kahn claims that he was told no one under the age

of 21 was to receive any major cash prizes, a fact not stipulated on the air. Century said: "Documentation of the contest winners shows that the entire air staff, including Kahn, gave huge amounts of money to listeners who were legitimate winners and who were under the age of 21."

- Former Morning Zoo co-host Ron Engleman's support of Kahn's claims. "Engleman said that he does recall having seen a memo telling DJs to listen for older sounding callers," said Century. "A thorough review of KMEL's files failed to re-

**LEEDS' POLYGRAM POSITION ANNOUNCED**

PolyGram officially announced the naming of Steve Leeds as Director of Video and National Alternative Music this week. Leeds has been working in that capacity since the beginning of the year. In his position, Leeds coordinates all label group videos on national and local video outlets and also coordinates the promotion of Alternative Rock music releases.

Immediately before accepting the job with PolyGram, Leeds was Director of International Talent for MTV. He worked with

that organization since 1989. A well-rounded music industry veteran, Leeds has previously worked in independent promotion and A&R, in radio management and as a music video producer.

"It's fantastic to have someone with Steve's extensive background in promotion and his equally extensive knowledge of video music," said PLG Senior Vice President Sales and Promotion Johnny Barbis. "He's a most welcome addition to this team."

**New RCA Label**

**BNA ENTERTAINMENT DEBUTS**

RCA's new Nashville label's name, start date and staff will be official this coming July 4. The long-awaited BNA (the abbreviation for Nashville's airport) will boast a roster that includes John Anderson who'll be produced by James Stroud; B.B. Watson, who'll be produced by drummer Clyde Brooks (Dolly Parton's Musical Director); and a group tentatively named Dreamer, which is comprised of

Jimmy Griffith (formerly with Bread), Richard Mainegra and Rick Yancey (formerly with Cimarron).

Dreamer will be produced by Josh Leo, whose credits include K.T. Oslin, Alabama and The Dirt Band.

As of now the staff includes VP/GM Ric Pepin; Director, National Promotion Ken Van Durand; four regional promotion reps: Carl Brown in San Francisco; Chuck Thagard in Minneapolis; Scot Michaels in Dallas; Tom Sgro in Nashville. Cassandra Tynes is Coordinator.

Plans call for BNA to maintain its own Media, Sales, Marketing and Market Research Department.

# SAFE isn't necessarily SOUND

**If you're someone who shuns the safe route, you won't be alone at the New Music Seminar.**

NMS attracts the mavericks in music radio like yourself--programmers who keep an ear to the street and who rely on their instincts rather than the back page of *R&R*--people like Keith Naftaly (PD, KMEL), this year's NMS Webber Award recipient. You share the ability to spot trends, shake up markets, and develop the new formats that the rest of the nation follows. You play and win at the ratings game, but it's got to be on your own terms.

At NMS you'll join 8,500 delegates from around the world representing every facet of the music business. You'll participate in lectures, workshops, debates and panel discussions that will help you solve problems in your own field and broaden your knowledge of the industry forces that profoundly affect radio.

And when the day is done, you can check out hundreds of live acts at New Music Nights, the world's largest international music festival and talent showcase.

As a programmer, you'll find that NMS puts you in touch with new artists and new ways of thinking. You'll learn what music's happening in U.S. regional markets and foreign countries--information that will put you several steps ahead of the competition in the market you know so well.

Don't pass up this valuable opportunity. Register before June 12 and save an additional \$45 off our regular rate. Call (800) 888-8596 today! (Registration calls only please.)

## KBCO'S BRADLEY/RAHN RESIGN

KBCO-Boulder Program Director John Bradley and Promotions/Marketing Director David Rahn have resigned in tandem to join their former General Manager Ray Skibitsky in joining a new radio advertising and investment company.

Both Bradley and Rahn have been with KBCO for ten years. Bradley won the *Gavin Award* for Album Station Program Director of the Year in 1990. The new PD at

KBCO is Doug Clifton.

"I'm excited at the opportunity to add Bradley and Rahn and full partners in this venture," said Skibitsky, who'll advise KBCO through 1991. "Their addition will make this a full-service radio firm."

The new Boulder-based company will offer advice in management, sales, programming, marketing and team building. They can be reached at (303) 444-5600.

KFOG-San Francisco recently moved into some classy new digs, and some of us *Gavinites* were on hand for the housewarming. Shown heating the place up l-r: *Gavin's* Ron Fell and Dave Sholin; KFOG Assistant Program Director Kenny Wardell; KFOG/FM-KNBR/AM Vice President and General Manager Tony Salvadore.

# INSIDE TOP 40 by Dave Sholin

Ever remarked, "They couldn't pay me to watch that show!?" Several weeks ago, *The Wall Street Journal* reported that's exactly what **CBS Television** has in mind in an attempt to get out of last place in the ratings race. The idea isn't exactly new, since the past two Fall seasons they tied into K-Mart with a similar "Watch And Win"-type promotion. However, this time around, the prizes offered will act as an enticement to lure the "frequent viewer" to watch the entire lineup, instead of just specific shows, according to the Journal's report. The man behind the K-Mart promotion, **George Schweitzer** of CBS, explained that the network is in the developmental stages of something interactive that "would rely on more audience involvement." According to an unidentified source at the newspaper, a 900 line may be installed in the home with viewers signing up to get individual code numbers. Then during a show, a toll-free number flashes on the on the screen and points toward a prize is accumulated when the viewer calls in and punches in their code. But here's the kicker—the more someone watches, the more expensive a prize they receive; bonus points will be awarded to those who "endure the network's lowest rated duds." Radio has and continues to run "loyal listener" promotions and contests like "Song Of The Day" to bolster time-spent-listening, but the presumption is that the entertainment value of the music and personalities is so good they'll listen without any prompting once they get hooked on the station. Appeals to the public to "try us—you'll like us" can only be successful if the product is consistently high in quality.

Early returns show **AMY GRANT** following exactly the same pattern as her last hit. **WZST** Lynchburg, VA MD Wayne Fanning sees it "as strong as 'baby, baby'," moving it 39-30 and "getting requests from all demos." **HIT FACTOR** is already 6% with top twenty reports at **WNCI** Columbus, **KBQ** St. Louis, **POWER 98** Myrtle Beach, SC "top ten phones—all demos, leaning adult," **FM104** Modesto/Stockton, CA, **KISX** Tyler, TX, etc. New on **WJET**, **WFME**, **POWER 99**, **Q102**, **KKXL**, **Y94**, **KEZY**, **KZZU**, **KDWB** and **Q105**.

# MAKING MONEY BEING SOMEBODY ELSE

.....

I've frequently written scornfully about the gloom and defeatism widespread among AM broadcasters as being ridiculous. While there can be no doubt that at present the FM band has the better image and the majority of the listeners, that doesn't mean that someone with a signal and a responsive programming idea can't make it on AM. Those who don't believe it either don't know or have forgotten the early history of FM! I got my own start in commercial broadcasting in 1961 on an FM station in Monterey, California—then KHFR; now KWAV. I well recall not only how the majority of people didn't even know what FM was, let alone have an FM receiver—and how 'til halfway through the '60s only Hooper among the ratings companies would even list an FM station if it had a measurable audience. For all other ratings services at the time, any FM numbers were lumped in "miscellaneous"—and they didn't emerge 'til "miscellaneous" began to get embarrassingly large!

By contrast: Despite widely wretched, boring and unresponsive programming, the AM band still draws a healthy cume, and AM stations with sufficient ratings are still included in all radio surveys. A much better situation than FM survived! AM stations with satisfactory cumes today, but inadequate shares, simply have to determine *what that cume is tuning in hoping to hear, and give it to them*, in order to turn the shares around and send them back up (which reflects the cume tuning in more often and listening longer).

However, for some marginal signals on the AM band, the best future may be serving as "repeaters" for somebody else's signal. There has been an explosion of activity in recent months in the leasing of air time by stations on other stations. Although most of the stations such time-leasing arrangements are made with are on AM, there have been a few instances of FM stations time-leasing in this way. The purpose of this type of time leasing is to rebroadcast the originating station's signal.

This new activity comes out of a relaxation of the rules concerning time brokerage by the FCC over the last couple of years. Apparently such combinations can be sold as a combo without violating antitrust laws, provided they do not control 35% or more of the advertising market, and provided that the combi-

nation is not strong enough to dictate market ad rates. However, before contemplating such combo selling, it would be wise to double check an attorney.

The FCC will now allow a station to lease time on another station for such a purpose *provided several rules are scrupulously observed:*

First, each station must broadcast its own station identifications. Second, the time-leased station must continue to maintain its own "public inspection file." Third, the time-leased station is required to retain the right to reject any programming it does not consider to be in the public interest. Fourth, the time-leased station must retain the right to interrupt the leasing station's programming whenever it feels the public interest warrants it. Fifth, the time-leased station must continue to have a studio within the city-grade signal, and staff it. And sixth, the time-leased station must still broadcast programs (Sunday mornings, or whenever) responsive to its quarterly listing of the principal problems and issues within the community it serves.

In practice, the FCC so far has approved time-brokering agreements that allowed the originating station to operate the remote control of the time-leased station from the originating station's studio, which leaves some question about what exactly the Commission considers to be a "staffed studio" for the time-leased station; perhaps the physical location and the "staff" can be in different places so long as the transmitter is under control. But the FCC will be looking closely to see if such agreements effectively transfer program control and responsibility to the leasing station, which would be against the rules, and could endanger the license of the time-leased station. *And it does seem clear that there must be some management presence at the time-leased station's own studio.* In addition, the matter of the public file, and the matter of the "community problems and issues list," and particularly the "programs presented to address such problems and issues"—and the documentation of such programs—is something the Commission clearly takes very seriously. Plus, in any such agreement there probably should be some hours specified in which the time-leased station will be responsible for its own programming—but at least one FCC-approved time-leasing contract so far specified only the hours of 12-4 a.m. for this.

Obviously, the leasing station may not be overly concerned about FCC trouble that the time-leased station may experience—except insofar as it may end the opportunity for the station to continue to duplicate its signal on the other. But any station hoping to cut costs and earn easy revenue by offering to lease its air time in this manner had better learn *exactly* what the FCC expects of it, and see to it that it gets done, or it may find itself receiving the death penalty—losing its license—at some point down the line.

Here's something I've been waiting for—a book that acknowledges the San Francisco birth of FM radio in the '60s. Well-known air personality Jim Ladd explores the phenomenon in his new St. Martin's book entitled "Radio Waves: Life and Revolution on the FM Dial." Ladd traces the beginnings and amazing success of free-form radio, and its demise at the hands of the corporate "format" machines of the Reagan Era. He includes the Cultural Revolution of that time...

ON MANAGEMENT

by Oren Harari

IS THE WORK ETHIC DEAD?

The answer is "no". The work ethic, in fact, is healthier than it's ever been. It's just being misunderstood and underutilized by managers around the country. Let me elaborate a little bit by throwing a few numbers at you.

In 1982, the Public Agenda Foundation, a national research group, conducted a nationwide study to find out people's primary reason for working hard while on the job. Surprisingly, only 10% of the respondents said that the size of their paychecks made the key difference. Almost 80% said that their work efforts are governed by "inner need" to work hard; in fact, "an inner need to do the very best job I can regardless of pay."

This is puzzling. If people really want to work that hard, why aren't they doing so? A lot of managers around the country would like to know the answer to that. And there is an answer.

Pollster George Gallup found that only 9% of employees believed that they would benefit in any meaningful way if they improved their work. They believed that others—management, shareholders—would benefit, but not the employees. Other research studies have found a similar trend.

So, managers, I give you the answer to the paradox: People today want to work hard, but they often see little reason (economic, social, psychological) for doing more than just plain compliance.

In a previous column I told you about Ken Kovach's study that found managers have very little idea about what really motivates their people. Employees rated their motivators in the following order: Interesting work, being appreciated and recognized, being in on things, job security and pay. Managers had no idea that their own employees truly valued those first three motivators.

Well, that's what it's all about, folks. The work ethic is not dead at all. People want to work hard, but—and it's a big "but"—not under the old rules. It's a new ballgame, and it seems that many managers are still playing under old rules. Do you want people who work hard? That is: Do you want people who do more than just their job description? Do you want people who'll put in the extra care and the extra concern to do better and better work? Then ask yourself this:

- Are you consciously trying to make people's work more interesting, regardless of their job title? Are you delegating important projects and tasks to them, and giving them the authority, resources and budget to do the job? And if they need training and education,

are you coaching them personally or seeing to it that they get it? Are you encouraging them to take the initiative in solving problems on their own, or are you shackling them with lots of rules, procedures and regulations?

- Are you constantly showing your appreciation of people who do more than just their job description? When they do something that indicates extra effort or concern on the job, do you simply ignore it and say, "That's what they're paid for"? Or do you praise them, send them thank you cards, take them out to dinner, stop the presses and serve them congratulatory coffee and donuts, give them plaques, send them to seminars and conventions, give them *any* sort of extra goodies—on a regular, constant *daily* basis? As one effective manager told us: "If I don't find at least one thing a day to celebrate, I'm not doing my job."

- Do you keep your people "in on things"? Do you share with them all information like strategy, plans, costs, budgets, sales, rumors, problems, plans, good and bad news? Or do you keep this information close to your chest, assuming that your people don't want it, can't understand it or aren't trustworthy enough to have it. Guess again. Effective managers share it all.

It is a new ballgame, and many managers despair at it. I find that ironic, because in areas of business other than people management, we accept and welcome the fact that the world is different. Compare today's radio station or record company with those 10, 20, 30 or 40 years ago. Aren't they completely different animals? Think about technology, marketing, consumer mixes, operations, administration; it's a whole new, and much more complex world. We accept that don't we? But though we'd never dream of using the same marketing principles we used 30 years ago, we still try to motivate people using the same strategies we used 30 years ago. It doesn't work any more. Employees today are better educated, more sophisticated, more aware and have much higher expectations of work than they used to. And we should welcome that, because nowadays the cutting edge for any organization in any industry is the initiative and commitment of its human resources. The radio station that has a committed turned-on group of people who are given the freedom and responsibility of using their initiative and education and who are constantly rewarded for it, is going to have a competitive edge over the station where people are simply following the rules and "doing their job."

The work ethic is alive and well. The manager's choice is whether to unleash it or to bury it.

than 50,000 units a day, A&M won't even bother with making up Gold awards. Extreme's *Pornograffiti* will skip right to Platinum any minute. Last month the Boston rockers spent their time playing sold out shows in Italy, France, the Netherlands, England and Germany. Look for them out on a summer tour through the U.S. with David Lee Roth and Cinderella...

Faith No More took time out from the recording process for their fourth album to join Pete Townshend, ZZ Top and Sting at the International Rock Awards held on June 12 in London. Stateside their tune "The Perfect Crime" can be heard on the soundtrack to "Bill & Ted's Bogus Journey"...Dwight Yoakam opened up for the Grateful Dead's RFK Stadium show on June 14. Yoakam's interpretation of the Dead classic "Truckin'" on the Arista *Deadedicated* album is one super piece of work. "What could be better than partying with 80,000 of the Dead's closest friends," Dwight laughed. His latest album, *If There Was A Way*, is close to being his fifth consecutive Gold album...

There's got to be a song in here somewhere. John Waite, in the studio finishing up the vocals for the next Bad English record, didn't exactly have a good week. It all started with a cold, then a truckload of the band's equipment was stolen, then on the way home one night John hit a brick on Mulholland Drive in Los Angeles and ended up 200 feet down an embankment. Fortunately he got out of the car before it exploded. After going back to search for his missing St. Christopher medal, John was driven home by one of the policemen on the scene. We're going to have to wait until late summer for the new release. Glad you're OK John!...

"Star Trek: The Next Generation" fans take notice. Data, the android on the series, has released an album on Bay Cities Records called *Ol' Yellow Eyes Is Back*. One song, "It's A Sin To Tell A Lie" features back-up vocals by The Sunspots—series cast members LeVar Burton, Michael Dorn, Jonathan Frakes and Patrick Stewart. The album of popular standards was produced by the show's associate producer, Wendy Neuss...

Contrary to published reports, Chris Robinson, vocalist for The Black Crowes, has not been charged with theft arising from an incident at a Denver convenience store in late May. He was, in fact, charged with assault and disturbing the peace. In a statement about the incident (Robinson alleges that an aggressive woman fan instigated an unpleasant encounter) he said, "I don't think I should be a target for people's aggressions just because I'm a public figure. Don't harass me and I won't harass you. I'm sorry this happened and I wish it didn't. The woman began berating me and giving me attitude—and I think someone should press charges against her." On a more pleasant musical note, I'm still reeling from the Crowes' fabulous show at San Francisco's Warfield with Jellyfish opening. After two hours or rockin' the boys headed for some r&r at the new Hard Rock club, Fredericka's, where they were entertained by local heavy rockers Idiot Savant. Also dancing the night away were members of Mordred, London Quireboys, Two Bit Thief, Jetboy, Metallica, Jackson Saints, S.F. Dogs and Jellyfish...

## NEW HIP HOP RELEASES by Brian A. Samson

### LEADERS OF THE NEW SCHOOL - SOBB STORY (ELEKTRA)

First time out the Strong Island natives established their credentials through a non-stop energetic stage show and a top ten Gavin radio single. As presented on "Case Of The P.T.A.," the Leaders, aka Dinco D, Buster Rhymes, Freestyle Wizard, and Charlie Brown, again display lyrical finesse. The remix offers a brighter rhythm track and a cool music bridge. On the B-side check out the stripped down rawness of "Sound Of The Zeekers" and the remix of "Case Of The P.T.A." Contact Fred Jackson or Mike Jones at (212) 484-7322.

### RED HEAD KING PIN AND THE F.B.I. - IT'S A LOVE THANG (VIRGIN)

As the Red Head takes a slight musical shift,

producer Howie T. steps in to inject the slick remix ingredients. The remix distinctively adds that "head nodding" groove to the track as the breaks and samples complement Red's lyrical flow. Pressed at 120 BPMs, "Love Thang" should squeeze its way into club and mixshow rotation. Contact Dave Rosas at (213) 278-1181.

### B.W.P. - WANTED (CLEAN VERSION) (NO FACE/RAL/COLUMBIA)

After a nationally televised debate with fe-

male rapper Harmony on the "Donahue" talk show, the Bytches continue to address realistic subject matter in a hardcore fashion. On "Wanted," B.W.P. cites the dilemma of Police harassment within the Black community. The NO FACE duo still delivers the harsh but humorous explicit accent but have yet to find their lyrical niche. The Kool and The Gang ingredients gives the track a spicy feel that Rap jocks and retailers should enjoy. Contact Bobbito at (212) 420-0763 or Ken Wilson at (213) 556-3934.

### JUSTIN WARFIELD W/THE S.O.U.N.D. - SEASON OF THE VIC (QWEST/REPRISE)

The debut release from the Q.D. III Sound Lab album features the freshman production efforts of Quincy D. Jones III. This downtempo track has an addictive rhythm bed that's supported by a melodic key and bassline that provides the groove's flavorful core. J.W.'s laidback simple rhyme scheme leans towards the Quest tip as he fingers the "fakers and the backstabbers" of the Rap industry. The single should give the Q.D. III project a cool outing as it picks up four new Gavin adds this week: KPFA-Berkeley, CA, KSYM-San Antonio, TX, WICB-Ithaca, NY, and WRUV-Burlington, VT. Contact Keir Worthy at (212) 484-6850.

# THE LIFERS GROUP

**N**WA, Ice Cube, Common's Most Wanted and Public Enemy are just a few Hip-Hop artists known for singing lyrics about prison. The latest to do this, the Lifers' Group, is the first group of young men to actually do it from prison. Maxwell Melvins, VP of the Lifers says of the others, "They frontin'!" The Lifers aren't just playing the role of a prisoner—all members are serving sentences of at least twenty-five years in the maximum security East Jersey Prison in Rahway, New Jersey. This four track EP is unlike anything you've ever heard, yielding images far too real and painful for anyone

else to recreate, because they're based on real life experiences.

The Rahway Lifers' is much more than their recent release. Those accepted as members volunteer their time inside prison to help those on the outside.

side. Last year they helped hurricane victims in South Carolina by donating Christmas gifts and boxes of food, and last Thanksgiving they worked with a local church to feed several hundred hungry members of their community. This release on Hollywood BASIC is one of the many ways the Lifers have tried to reach into the com-

munity to help those in need.

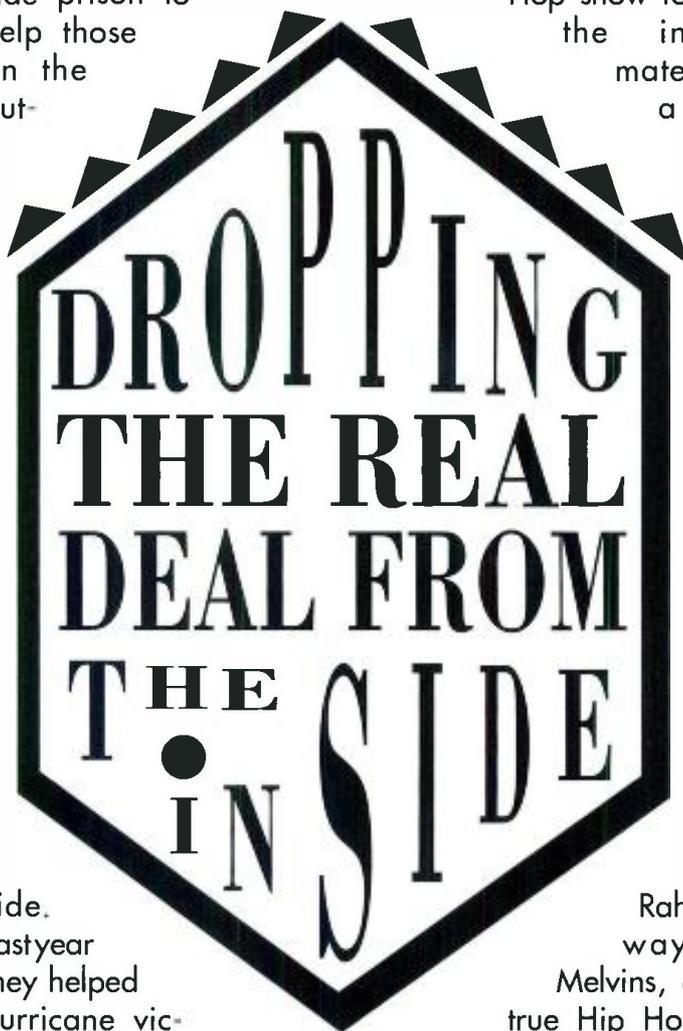

Melvins hooked up with "Funken-Klein" through Red Alert Productions. The idea for the EP came from what was originally planned as a Hip Hop show for the inmates at

and what better way than through their music? The whole EP was recorded from inside the walls of the prison in an unheard of three days; the two videos were shot in one day. The productions cost roughly \$150,000.00.

Currently, Melvins is toying with the idea of producing an entire LP, but the tracks on the EP are full of enough prison reality to keep even the hardest hoods in check—or at least make them think twice. As Melvins says, "You better believe this hype, because it comes from first hand experience. If they come in here they'll see this tough guy cryin' every night how he misses his woman, cryin' how he needs his mother."

The Lifers' don't want to scare kids, they just want to give them the facts while making a lasting impression. Songs from "The Belly Of The Beast" that give you "Real Deal" use Hip Hop effectively to reach the young. Now who will be responsible for getting the music to them? ●

Contributed By Stacey E. Holmes

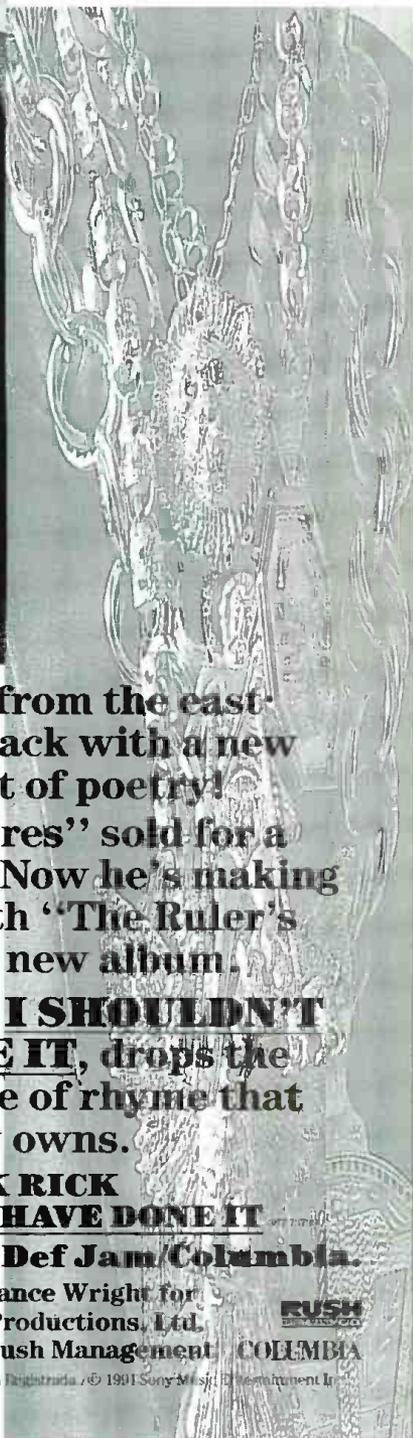

Rahway. Melvins, a true Hip Hop fan himself, realized the important role the music plays with the kids, and decided to take their Juvenile Awareness Program "Scared Straight" to another level. Melvins realized that since the program did not keep him out of trouble, there must be another more effective way to reach young minds—

### WIN! WIN! WIN! TRIVIA! TRIVIA! TRIVIA!

MJI BROADCASTING is celebrating Black Music Month with a Trivia Contest exclusively for Gavin Reporters! We'll be asking one question per week during the month of June, and if you answer all four correctly, you could win your choice of: 1) The "Terminator" Synsonic Guitar with built-in amplifier/speaker electric guitar, double pick-ups, tremelo, adjustable bridge; or 2) The Excel Traveling Exercise System, complete with gym bag, weight gloves, hand weights, terry weights, pillow weights, jump rope, hand grips, Jergens Soap, Actibath, and lotion. Just give your answer to John or myself when you call in your weekly report, mail or Fax it in. In case of a tie, MJI will draw for a winner. Good luck to all!

#### Question for Week #2:

What is the name of the trailblazing male artist from Chicago, who formed a Rock & Roll Hall Of Fame group with Jerry Butler, and composed and produced the soundtracks for several Black films in the 1970's including "Claudine" and "Let's Do It Again?"

GLADYS KNIGHT's "Men", which debuts on the chart at #33, is causing quite a sensation among our programmers. Says, Dwayne Landers, WUFO-Buffalo, "You can't live with 'em, you can't live without 'em, and you shouldn't live without this hit!!" Then, Roscoe Miller, WXVI-Montgomery, added this com-

ment: "Glad to see and hear Gladys back on the airwaves." Also wanting to be quoted is Rick Stevens, WCKX-Columbus, who says, "Great product—phones are super!" Keith Berry, WZND-Normal, likes RYTHM SYNDICATE's "P.A.S.S.I.O.N." saying, "Instead of spelling 'Passion' they should spell 'Hit Factor'—they've got it!" Robert Taylor, WFXA-Augusta, likes LISA LISA AND CULT JAM's "Let The Beat Hit 'Em," saying, "It's picking up hot phones early an out-of-the-box—hot summer song that should become a number one record." Randy Sterling, KGBC-Galveston, makes BE BE & CE CE WINANS' "Addictive Love" his RTW, saying, "Should do really well, already starting to get a lot of excitement about it." Ciao for now, Betty.

## NEW RELEASES

by John Martinucci

### VICTORIA WILSON JAMES - *Bright Lights* (Epic)

On the second release from her "Perseverance" album, Victoria continues her working relationship with Soul II Soul's Jazzie B. The single is a smooth, hypnotic mid-tempo track that is both danceable and good listening music. Timmy Regisford offers remixes that are very effective.

### SAMUELLE - *Greedy Man* (Atlantic)

Samuelle has become a "Greedy Man" after having lived in "Black Paradise" (second single). In an obsessive sort of way, Samuelle narrates this uptempo song about a man who does more than shop around when it comes to relationships.

### DAVID PATTERSON - *Natural High* (Valley Vue)

Another cover of Bloodstone's 1973 hit that Def Con 4 remade last year. However, David Patterson's entry is entirely different. Saxophonist Patterson offers a very good instrumental version that features his producer Craig T. Cooper. This contemporary Jazz cover should appeal to adults, as did the previous versions.

### DAVID GRANT - *Keep It Together* (4th & Broadway/Island)

The first release from the forthcoming "Anxious Edge" LP is an uptempo love fest. Smooth melodies, jazzy rhythms and a touch of Hip Hop combine to keep together a collective sound that just won't stop. Brett Durand Atwood

### BRAND NEW HEAVIES - *Never Stop* (Delicious Vinyl)

Showcasing the vocals of N' dea Davenport, these brand new heavies of Soul take another shot at the top. Indeed, "Never Stop" doesn't let up on beat and infectious rhythm. With a heavy-hitting vocal performance to back it up, this track establishes an important new talent in the Urban Contemporary arena. BDA

# CELINE DION

Has Arrived.

If you happen to phone Celine Dion at home and hear hammering in the background, it could well be carpenters at work building her more shelf space to house her growing collection of awards. Just 23, Celine has already amassed fifteen Felix Awards (Quebec's Grammy) and more recently, two Junos—the Grammy of all Canada. Earlier this year, she participated in the star-studded single and video of David Foster's "Voices That Care."

Considered a superstar in her native Quebec, Celine first caught the attention of the world's music professionals at the World Song Festival in Tokyo, where she won a gold medal in 1982. But her musical training began long before that, having grown up as the youngest of fourteen (yes, fourteen) children in a family where music was a way of life. Celine feels "it's great to have a big family that's together and supporting each other. They're all singers and all play instruments, including my parents."

She recalls that "at age five I was on tour with my parents. Since my mother knew I loved singing she said, 'Okay, you can sing two or three songs tonight.' I can't remember exactly what I sang, but I'm sure they were love songs." The group Celine is speaking of was called The Dions Family and included her accordion-playing Dad and violin-playing Mom, who toured the Quebec province. They eventually opened a restaurant and bar where one of her brothers played piano on occasion. "I was singing on the weekends and it was at that moment I realized not only was I singing, but I was sharing something with people, having them in front of me and hearing their applause—that was my life."

Desire is what Celine communicated to her Mom, who realized how sincere her daughter was and decided if that was her goal, she would help her, but insisted on "professionalism." Mrs. Dion supplied the lyrics to her then twelve year-old's first song while "one of my brothers and I wrote the music. Then we went to a really cheap studio and recorded it." Celine credits her brother for sending off the cassette to Rene Angelil, a well-known manager in Montreal who eventually asked to see her.

Accompanied by her Mother, the young hopeful went to face the difficult task of singing in Angelil's office. "I told him I was used to singing with a mic and it wasn't easy for me, but he told me to imagine being on stage looking at a balcony full of people. He gave me his pen and said, 'Imagine this is a mic.' The relationship blossomed and now, more than ten years later, Rene Angelil remains Celine's manager, whom she fondly calls "one of the best friends of the family—he's almost like my second father."

A newcomer in the eyes of America, Celine Dion is considered a major star in Quebec, where audiences first heard her singing in French. "My family doesn't speak English and in Charlemagne, a little town near Montreal where I grew up, almost no one else speaks it either. Everybody knows each other and my parents told me not to speak English." But as a teenager listening to artists like Aretha Franklin, Janis Joplin and Stevie Wonder, Celine would sing along in English, not understanding what the words meant. She now says, "I just felt the music." Then three and a half years ago she went to school and learned to speak English because she explains, "I want to be more

# INSIDE A/C

by Diane Rufer and Ron Fell

PAULA ABDUL's lead at the top is insurmountable for the near future. Her 236 plays include 228 in HEAVY.

Despite a 16 station list of ADDs, the EXTREME single manages only a one point chart move. The new EXTREMISTS include KBIG, KXLK, KRNO/FM, KATW, KZMG, WSKY and WBMX/FM.

MARC COHN's "Walking In Memphis" strides into our AC top ten this week with nearly two-thirds of its play in HEAVY rotation. More than 70 stations are still ignoring the track, but 92% of all players report quality rotations. ADDs include WKWK/FM, KHLT and WOOF.

GLORIA ESTEFAN's "Can't Forget You" is up from 37 to 10 over the past two weeks, making it the format's HOTTEST for the second week running. Among its 22 new are KVIL, WMGI, Y92, WJON, JOY99, KLCY, KLSS and KLCY/FM.

Moving quickly is WILSON PHILLIPS' "The Dream Is Still Alive" as it leaps 34 to 24 to 15. HIT FACTOR is now 67% and a respectable 33 new this week includes WRBA/FM, WJBR/FM, KSTP/FM, WFMK/FM, KHLT/FM, KBIG and KEZR.

The ESCAPE CLUB is proving to be winner. Look at its 72% HIT FACTOR from among its 158 players. Among the eleven ESCAPISTS are WZNY, WIHN, KLSS, KFMO, KNVR, KKOS, KRGR, WDLB, WYCO, KZXY and WNUR.

The WILLIAMS BROTHERS' "Can't Cry Hard Enough" is now solidly in the AC top twenty at #17. More than half the format is playing the track and nearly 80% of those playing it are HIT FACTORing. New this week at WLLH, WCVQ, WAYN, WFBG, WLFX, KROC, KFYZ, KBHT, KNUZ, KQLH and KYMG/FM.

NATALIE and NAT COLE's "Unforgettable" debuts way up the chart at #24. Nearly two-thirds of last week's ADDs converted to quality rotations after just one week of play. New this week at WWDE, KSSK, CKFM, KBOI, WBDX/FM, WFAS/FM, KWAV/FM, KCMX and KAAK.

CHER takes 106 first-week ADDs in a spectacular performance and beats out a hot BONNIE RAITT who ONLY had 83. Among the 59 that ADDED both tracks were KBLQ, KAAK, KBMG, WJTW, WQLH/FM, WABJ, WQLR, KFRO, KEZA, KXLK, KSCB, KLSI/FM, KOKO, KMJC/FM, KTDY/FM, WFFX, WZNY, WNMB, WAFL, WKYE, CKFM, WHAI, WEIM and WGMT.

Our RECORD TO WATCH last issue, DAVID A. STEWART and CANDY DULFER's "Lily Was Here," almost doubles its four-week count by picking up 30 ADDs and bringing the total to 69 stations. Moving

## BRYAN ADAMS

*(Everything I Do) I Do For You (A&M)*

A beautiful love theme from the new Robin Hood: Prince Of Thieves film heralds the return of Bryan Adams to the airwaves. This is as heartfelt a reading as can be possible in pop music.

## THIRTYSOMETHING

*Original Main Title Theme (Geffen)*

Can't imagine this not being a huge listener request item once its availability is known. The forthcoming soundtrack will also feature Ray Charles, Rickie Lee Jones and Karla Bonoff.

## HARRY CONNICK, JR.

*Recipe For Love (Columbia)*

Big band pop from young Mr. Connick Jr. is re-serviced from last year's "We Are In Love" album. Mr. C. cooks up a tasty adult-oriented track that already has 37 Top 40 stations playing.

## ROGER MCGUINN

*If We Never Meet Again (Arista)*

With the help of Michael Penn on 12-string and backing vocals and members of Tom Petty's Heartbreakers, Mr. McGuinn waxes philosophic on this Jules Shear song that closes McGuinn's "Back To Rio" album.

## BOOKER T. & THE MGs

*Green Onions (Atco)*

How nice to get back to basics with this re-release of this timeless 1962 classic from the great Booker T.; Steve Cropper, Al Jackson Jr. and Donald "Duck" Dunn (The MGs) with this timeless classic from 1962. Enjoy!!

## LENNY KRAVITZ

*It Ain't Over 'Til It's Over (Virgin)*

Lenny takes Yogi Berra's line and transforms it into an attractive release from his "Mama Said" album. Already Top 25 on our Top 40 side and sure to win major AC listener response.

into CHARTBOUND with the help of WCOD, WNSR/FM, WHLQ, WKFN/FM, KEZA/FM, WQLR, WTWR, KLZY, KCMJ/FM, KRLT, KZMG and KOST to list a few.

Qualifying for RECORD TO WATCH this week, TOM SCOTT's "If You're Not The One For Me" debuts in UP & COMING with 39 first-week ADDs. # LIONEL CARTWRIGHT

Hello again,

Remember me, I'm the guy whose name reminds you of trains or "BONANZA"? It seems like such a long time since my last single that I wanted to drop you a line. I've been in the studio a lot over the last several months, and we've completed what I feel is my best album yet, thanks to MCA allowing me to take my time. The album has been long hours, hard work, and an absolute blast working with some really talented people.

MCA really made a leap of faith for me and I wrote a song titled "Leap Of Faith" which Tony Brown and Barry Beckett produced and is the first single from my new album, titled "CHASIN' THE SUN."

Thanks for making a place for Lionel Cartwright music on country radio and I sure hope you enjoy "Leap Of Faith" when it gets to you. I'll be seeing you down the pike.

Sincerely,

---

THE LONG AWAITED  
NEW SINGLE.

Talk with you next week. The Gavin Country Crew

## MARTIN DELRAY - *Lillie's White Lies* (Atlantic)

When we interviewed Martin for last week's Country Class issue, he said he was looking forward to the release of this single because he thought it would "establish more of who Martin Delray is." This tasty number definitely shows us a whole different sound than we heard on "Get Rhythm," but it's got the same hit potential.

## JJ WHITE - *The Crush* (Curb)

Jayne and Janice were in the Gavin offices last week and serenaded us with this fabulous John Hiatt number. The song shows off their great harmonies and it, along with the video, should help establish JJ White as real contenders in the Country arena.

## CHRIS LeDOUX - *This Cowboy's Hat* (Capitol Nashville)

When Capitol Nashville signed Chris LeDoux to a recording contract, it no doubt thrilled his many loyal fans. His debut effort for the label has Chris playing the storyteller in a touching song that should help expand his fan base.

## DANIELE ALEXANDER - *Who Can She Turn To* (Mercury/PolyGram)

Daniele co-wrote this cut that's one of the best from her I Dream In Color album. It's another one that will really appeal to your female listeners.

## LIONEL CARTWRIGHT - *Leap Of Faith* (MCA)

A talented singer/songwriter, Lionel shines through with this debut single from the album "Chasin' The Sun." It's a touching love song with lyrics that will send chills up your spine. If you've ever been broken hearted, you'll believe Lionel when he says "trust in me, and take a leap of faith." Natalie Duitsman

## MARK COLLIE - *Calloused Hands* (MCA)

After a hard days work, the best place to be is with your loved one. That comes across strong with the hook "when calloused hands meet tender skin." Short and sweet with lyrics that will melt your heart. ND

tionally used Europe, especially Scandinavia, as a place to regroup and stretch out. Well known as the heir-apparent to Lester Young's breezy, non-vibrato tenor, Getz sounds regenerated during these live dates. It was he who helped propel Jazz popularity with his sixties' flirtations with bossa nova elements. On *Serenity* his melodic lucidity cuts through all the glitz and technical note overkill that haunts some younger, less experienced players. With *Serenity* less is more, especially when you had a band like Kenny Barron, Victor Lewis and Rufus Reid laboring behind you.

**BRASILIAN SERENATA - DORI CAYMMI (QWEST/WARNER BROS.)**

Composer/singer/guitarist Dori Caymmi's *Brasilian Serenata* embodies the Brazilian music mystique more than any recent release. His vocal productions have an almost spiritual shine. Many times he uses what he calls an "Inner Voice" choir made up of three or four voices to create a melodic groundswell. And swell it does; you feel Caymmi as much as you hear him. On the surface, his harmonies are challenging and subdued, breathy and vibrato-free. But soon his rapid modulations kick in and he entrances the listener by playing around with major and minor keys, moving them around like some kind of intoxicating shell game. Caymmi has a robust singing voice. Tracks like "Amazon River" and "Tres Curumins (Three Young Indians)" could hold tribal secrets. Yet a more commercial samba like "The Colors Of Joy" is intertwined with scatting chants by Caymmi, followed by bursts of rich percussion. "Ninho de Vespa" has some articulate vocal weaves between Caymmi and a lovely female trio that includes Kevyn Lettau. Caymmi's Portuguese stylings translate exotically well into Jazz/Adult Alternative. But more importantly, Caymmi brings much needed sentimentality and bittersweetness to the musical menu. Jazz diehards will also like "Voce Ja Foi A Bahia?" Audition loud.

## **THE MOCK TURTLES - TURTLE SOUP (RELATIVITY)**

Some of you may have already invested in an import copy of this album as it's been out in Britain for the better part of a year. Those of you who didn't care in for something special. The Mock Turtles "jangle" is augmented by a heavy, driving rhythm section that adds punch to their songs, saving them from a "wimpy jangly guitar band" tag. Singer Martin Coogan is an exceptional songwriter whose story-songs inspire vivid, imaginative visuals—isn't that what songs are supposed to do? Highlights include "Kathy Come Home," a tale of a teenage runaway inspired by the British documentary of the same name, "Head Run Wild," "Oh Helen How?," the pure pop of "Then She Smiles," "Mary's Garden," "Can You Dig It?" and "Wickerman." I liked this album so much it made my Top Ten Year End list for 1990. Now it's your turn to discover the heady pop sound of The Mock Turtles. Technically, one of '91s best as well.

## **ADAM SCHMITT - WORLD SO BRIGHT (REPRISE)**

This Champaign, IL native comes to us from the same Midwestern scene that produced the Shoes, Vertebrats and Turning Curious. Adam started out in a long-forgotten band called Pop The Balloon, whose other members included Paul Chastain and Ric Menck, now members of The Choo-Choo Trains, Velvet Crush and The Springfields). A well-rounded musician, Adam played most of the instruments, sang lead and harmonies, and engineered most of the album as well. World So Bright, reflects his appreciation for jangly guitars and solid pop songs. If the first single "Can't Get You On My Mind" doesn't quite hook you, "Dead End" certainly will. "Lost" and "Remembered Son" are also worth your time spent listening. LR

## **THE FAT LADY SINGS - TWIST (ATLANTIC)**

The first thing you notice when you hear The Fat Lady Sings is Nick Kelly's unusual vocals—if you couldn't guess from the way he rolls his r's, the band is from Ireland. Perhaps this is why they sound so green. Green as in a basic, universal sound with native, cut-to-the-quick lyrics that can send shivers up your spine. I usually don't emphasize lyrics, but in this case they add that something special to songs like "Arclight," "Twist" and "Deborah," three of my favorite songs on the album. Coincidence? Maybe—but I like it, I like it! Also check out "Who Wants You," "Man Scared" and "Contact." I have a feeling this is a band one should experience live. LR

## **THE WONDER STUFF - "CAUGHT IN MY SHADOW" (POLYGRAM/PLG)**

A different sound for The Wonder Stuff—it sounds like, wait—is that the sound of humility? From Miles Hunt? Yep, and truth be-told, I kinda like the sound of it. During their rather lengthy absence, The Wonder Stuff have added a new bass and fiddle player to their fold. Producer Mick Glossop (The Waterboys, Van Morrison, etc.) brings out all the maturity the band can muster, and shines it up a bit for radio play—which is where you come in. And as the number one Most Added record this week—you came in in a big way! LR

## **FASTBACKS - THE ANSWER IS YOU (SUB POP)**

Seattle's Fastbacks, like so many other Northwestern bands, have put together a single for Sub Pop, a four-song double disc with a cool (read: collectible) poster sleeve. Kim Warnick (bass) and Lulu Gargiulo's (guitar) honey-smooth vocals reinforce the melodies in songwriter/guitarist Kurt

Bloch's garagey originals and give the Fastbacks the muscle to shoulder to the front of the crowded power-pop classroom. "Impatience," with its bouncy pace, would be bubblegum if not for the background grunge. With "Whatever Happened To," a Buzzcocks cover, the 'Backs nod to their inspiration, and "Above The Sunrise," something of a departure, boasts a soaring vocal and minimal, swelling accompaniment. More solid stuff from a seminal Seattle outfit.

### MANAZART - TOO MUCH PRESSURE (RHYTHM SAFARI)

I loooooove this album! It's one I hope makes its way to the top of your stack, heroically leaping over everything mentioned on this page. On Too Much Pressure, Manazart (formerly Brave New

World), led by British-born Alexander Bernard stands firmly yet comfortably on the elusive reggae/rock/pop tightrope so many fall lamely off of. The overriding themes on this album are slowing down, love and freedom from life's unnecessary burdens—"Do you hold the power, or does the power hold you?" Try first the title cut (this may sound strange, but on this track Bernard's vocals remind me of Paul McCartney circa 1968), then move on to "Hard Yard," the "Rush Hour" lament, the romantic "Yes I Love You" and the sexy "All Night Long." "Second Hand Freedom" is a stone protest song—all '60s in a '90s package. Love your voice, Alexander. Love your band! BEVERLY MIRE

**MARK EITZEL - SONGS OF LOVE LIVE**  
(Demon, no address available)

**WARNING: THE FOLLOWING IS SHAMELESSLY SELF-INDULGENT.** I can't do it. I can't throw more glowing superlatives at the feet of American Music Club's frontman and songwriter Mark Eitzel. The pile is growing; it may soon obscure him, and I'm sure Eitzel, master of words and their nuances, would agree that after a while, those praises, so often repeated, lose their power and meaning. So, instead of tossing about phrases like "greatest living songwriter," I'll briefly tell you how this man's songs make me feel. Those of us who love Eitzel and American Music Club do so because Mark can beautifully articulate that faceless, nagging pain and loneliness that lodges, hidden and unexorcizable, in our very souls. And suddenly, for a fleeting instant, we're not so alone anymore. *Songs Of Love Live*, Eitzel's first solo/acoustic release, was recorded in front of an audience of AMC-crazed limeys, and is available only as an import on Demon. It primarily includes previously-released material, stripped of AMC's soothing accompaniment, that bares for us the more confident, more assured Mark Eitzel, an Eitzel who accepts his role as spokesman and who is beginning to be comfortable with the acclaim he receives. Typically, Eitzel himself isn't too pleased with this effort ("I've played better shows," he says), but for those eagerly awaiting the new American Music Club album, *Everclear*, due from Alias this August, the new songs here ("Crabwalk," which will be on *Everclear*, and "Take Courage" and "Nothing Can Bring Me Down," which won't) will be no disappointment—although honestly, he's saved the best of the newer material for that forthcoming disc. **ALICE DONUT - REVENGE FANTASIES OF THE IMPOTENT** (Alternative Tentacles, P.O. Box 11458, San Francisco, CA 94101)

If Alice Donut was something you could buy at the sleezy 24-hour pastry shop, you'd find it someplace between the allegedly nutritive apple fritters and the empty excess of the chocolate glazed with rainbow sprinkles.

Their new album, *Revenge Fantasies of the Impotent*, is plaintive sounding punk rock that escapes through your speakers powered by comical, inquisitive guitar licks. But Donut adds tentative levity to their peculiar cynicism—creating the musical equivalent of a chocolate bran muffin. The album's lyrics, which seem to emanate from some distant megaphone, extend the cover art's depiction of sexual "impotence" into a broader sense of powerlessness. An exploration of closed-door politics in the Operation Desert Storm treatise "Dead River" reveals the album's pervasive theme—the subversion of women into assigned roles through the indentured servitude of marriage and media stereotypes. That theme recurs, with the emotionless anchorwoman inhabiting "TeleBloodPrint-MediaDeathWhore", the plasti-cast mate of "Thy Best Friend's Wife" and the unfortunate, sainted housewife in "Come Up With Your Hands Out". This is the spoken saga of a superficially complacent home-making machine who succumbs, finally, to the raging discontent that has lain dormant for 40 years under layers of spray wax build-up. Tomas Antona's detached vocals underscore this woman's lack of involvement in her own life. A thought-provoking statement, "Come Up With Your Hands Out" is extended with prolonged silences and intermittent trumpet solos, which lend a certain elegance to the whole album. *Revenge Fantasies of the Impotent* makes for a welcome and enlightening departure from the "male hormones" point-of-view that often rides on tough music like this.

**DROOGIES - HEAVEN** (Shredder Records, 181 Shipley St., San Francisco, CA 94107)

Pushing and shoving is the order of the day on *Heaven*, the second effort from Germany's Droogies. Sporting a provincial, somewhat guttural sound, they relentlessly force them-

selves on the listener and command attention. "Guitar" offers up a piano-laden prelude to "Heaven," a jaunting track with tug-of-war bass and hissing cymbals. With a coarse bass line that could scrub clean a magic carpet, "The Rainbow" is easily the best cut on *Heaven*. Phalanged guitars spelunk and then scale heights without the comfort of safety nets. All of this baker's dozen songs are in English, which the Droogies regard as a broken romance language. Behold the three chord wonders and bask in *Heaven's* grungy glow.

**SOULDEFENDERS - SOUL DEFENDERS AT STUDIO ONE** (Heartbeat, c/o Polyrhythm, Ltd., One Camp St. Cambridge, MA 02140)

Studio One is a studio/label that was home to well-known Jamaican artists like the Wailers, the Heptones and Burning Spear. Soul Defenders is what we might call a "house band"; they've played behind Dennis Brown and Alton Ellis—to name only two. *Soul Defenders at Studio One* showcases the band, separately and together, and exposes them as more than just a backup group. The sound has a muddy, unrefined, low-tech, low-budget and, yes, romantic Jamaican studio quality that makes you think of (and almost smell) hot, steamy tin walls on the inside and slow-moving, graceful palm trees on the outside. I'm drawn to the molasses-like fluidity of "Leave Me To Cry" (Clifton Gibbs and the Selected Few), "High School" (Freddie McKay), "Colour Question" (Clifton Gibbs) and "Old and Grey" (Freddie McKay). The instrumentals, especially "Reggae Walk" (Soul Defenders), are fun and funny. Great summer music. Gents, put on your shorts and ladies don your sundresses. Put your arms around each other, press your cheeks together and sway. BEVERLY MIRE

## SINGLES by Dave Sholin

Being down for the count most of last week kept me from writing words of praise for several releases that arrived just after Dave "left the building." For the record they are:

**NELSON - Only Time Will Tell (DGC)**  
Gunnar, Matthew and Company display versatility in all facets of the song-making process. This week's #1 MOST ADDED.

**TOM PETTY AND THE HEARTBREAKERS - Learning To Fly (MCA)**  
Vintage Petty plus the magic touch of producer Jeff Lynne is a combination that guarantees a perfect liftoff.

**ALIAS - Perfect World (Giant)**  
Well-crafted Pop and a hot chorus earn a gold star for this entry from the soundtrack of "Don't Tell Mom The Babysitter's Dead."

This week's releases include:

**BRYAN ADAMS - (Everything I Do) I Do It For You (A&M)**  
No way Maid Marian could resist falling in

love behind this sweet love theme from one of the most anticipated films of this year, "Robin Hood: Prince Of Thieves." In addition to being on the movie soundtrack this "Mutt" Lange production will be on Adams' soon-to-be-released album, "Waking Up The Neighbours."

**ROBBIE NEVIL - Just Like You (EMI)**  
Welcome back Robbie! As a writer and producer he's one of the premiere talents at making music for Top 40 Radio. Here's a rhythmic example of his sensational style that should get a warm reception.

**MERCHANTS OF VENUS - Say Ahh (Elektra)**  
Three newcomers have come up with more than a clever name. Their brand of thoughtful lyric and alternative Pop has mainstream appeal and a unique quality.

**KEEDY - Wishing On The Same Star (Arista)**  
When he visited the Gavin Report not too long ago, Tommy Page said this song was one of his new favorites and predicted it would soon become a favorite with the public as well. Though it was an uptempo Dance entry that

brought this Milwaukeean fame, Keedy has all the skills necessary to give this Diane Warren-penned ballad every ounce of impact it deserves.

**TAMI SHOW - The Truth (RCA)**  
Simply by having a name no doubt inspired by the legendary mid-'60s concert of the same name is a statement that this four man-two woman outfit intends to rock. With veteran writer and producer Mike Chapman at the helm, they're bound to sound hot—and they do.

**YASMIN - Wanna Dance (Geffen)**  
Borrowing from numerous musical influences that she describes as "Soul-Hip-Jazz-Hop," this young Danish artist makes an auspicious debut. Audiences in Denmark and throughout Europe got into the groove, taking this track to #1.

**CATHY DENNIS - Too Many Walls (PLG)**  
It's been all high-energy up to now for the former D-Mobster. Coming off her biggest hit yet, "Touch Me (All Night Long)," Cathy changes direction with a mid-tempo tune that tastefully deals with love's complications.

## ALBUMS by Ron Fell

**NATALIE COLE - Unforgettable With Love (Elektra)**

Growing up in the fifties, I was exposed to the likes of Frank Sinatra and Nat "King" Cole as much as to any other recording artists. The Capitol eras of Sinatra and Cole have had a profound effect on my taste in music. And while I've not waited breathlessly for a Frank Sinatra, Jr. reprise of his father's music, I've expected that someday daughter Natalie would step up to the calibre of song her father made famous. This is more than I could have expected, as Natalie sings her father's best, with faithful reverence, for more than seventy three minutes. Of special merit is the brilliant matching of Natalie to her father's

voice on the 1951 classic UNFORGETTABLE. Mr. Cole had the gift of embracing firmly and confidently the lush ballads and could swing in understated rhythm when making lite, lyrical Jazz. Mr. Cole was a household name from the mid-forties until his death in 1965, and remains so today. Natalie became a celebrated singer in her own right in the mid-seventies, but this move, even if it's a lark, is part inevitable and part genius. Credit Executive Producer Tommy LiPuma, producers David Foster and Andre Fisher (Natalie's husband) and great arrangers like Marty Paich, Johnny Mandel, Clare Fisher and Bill Holman for providing the classic foundation on which Ms. Cole rekindles the family flame.

**BOOKER T. & THE MGs - Green Onions (Atco)**

No way will this classic get re-released and not find its way onto this page! Lifted from the incredible new nine-CD package, "The Complete Stax/Volt Singles: 1959-1968," this 1962 instrumental is a familiar favorite of Baby Boomers worldwide.

## CROSSOVER PICK

**D.I. JAZZY JEFF AND THE FRESH PRINCE - Summertime (Jive/RCA)**

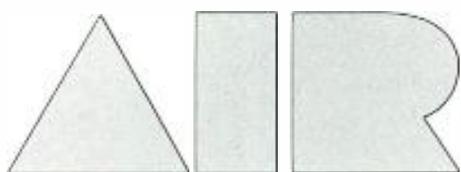

A super groove set in motion to fit the mood of the season. On fire at Urban Contemporary Radio, where it's the high debut of the week at #25, in addition to a debut at #21 on Gavin's Crossover chart.
