Cook Poised To Head FCC

The serious scuttlebutt around Washington, D.C. is that senior Senate aide **Antoinette Cook** is the top choice of the Clinton Administration to head the **Federal Communications Commission**.

A tough, skilled Democratizing insider, Cook, who would be the first woman and the first black to chair the Commission, was instrumental in working out the recent cable TV legislation and is more than likely favor reinstating the Fairness Doctrine, which was all but abandoned in 1987. She is also said to favor firmer constraints on television violence.

Stunning Move by Q105—Station Goes Country

Tampa got a big surprise last Friday when longtime Top 40 powerhouse **Q105 (WRBQ)** pulled on boots and a cowboy hat and started booming **Garth Brooks** non-stop. Far from an April Fool's joke, as of presstime the station is still playing Brooks, calling itself "**W-Garth**" and offering a cash reward to listeners when the first non-Brooks song is played.

Though PD **Brian Thomas** (who's only been at the station since early February) and GM **Tim Menowsky**

didn't take our calls, we've heard the familiar "the staff will remain in place" promises are being made.

The move to "Top 40-style" Country makes Q105 only the second outlet in town, **Infinity's WQYK**—which sits at #1 with a 13 share of the market—being the other. Thomas has been quoted as saying that Q105 will be "more current than WQYK." **Jacor-owned WFLZ** is now the lone Top 40 in the Tampa Market.

JOYNER GETS NATIONAL RANKING

As announced unofficially a few months ago, Urban "Fly Jock" **Tom Joyner** has signed a lucrative deal with the **ABC Radio Networks** to host "The Tom Joyner Morning Show" beginning in January, 1994. Although neither party will divulge details, it's believed that Joyner got a multi-million dollar contract that runs for five years.

For the remainder of the year, Joyner will do his afternoon shift on

WGCI-Chicago, but he has dropped the "Fly Jock" routine, and no longer commutes between the Windy City and Dallas, where he did mornings at **KKDA/FM**. "This is the opportunity of a lifetime for me," Joyner said. "The ability to do my show nationwide, to reach and get to know even more people and to still live in Dallas with my family—I couldn't ask for a better situation."

In the business for 23 years, Joyner has made the almost unreal daily commute between Dallas and Chicago from 1985 until February of this year. Both air shifts were extremely successful. In addition to his morning show, Joyner will do long-form and feature programming.

"Tom Joyner brings to our network a personality recognized nationally as the greatest Urban talent on radio," said the Networks' Executive Vice President **David Kantor**. "He is a proven professional who will be an exciting addition to our lineup."

Pirate Ship Sinks for Good, is now EZ 100.3

Just in time for the spring **Arbitron**, **Viacom** dropped **KQLZ-Los Angeles'** modern rock persona and changed the station's format to soft A/C and its calls and identifier to **KXEZ, EZ 100.3 FM**. Out as a result of the change is program director **Greg Stevens**.

Former owner **Westwood One** has made good on its promise to remain affiliated with the station: it has an LMA agreement with **KXEZ** and its sister FM, **KYSR** and will provide sales and programming for the outlets, pending FCC approval of the deal.

Golden West Exits Seattle

On the day before his baseball team, the California Angels, opened their season, Gene Autry announced the sale of his Seattle radio property KVI/AM and KPLZ/FM to Fisher Broadcasting Inc. Since the 1920s, Fisher has owned crosstown KOMO/AM and KOMO/TV, so the move creates an AM/AM duopoly for the company. In addition, Fisher owns KATU/TV in Portland, OR. The deal is subject to FCC approval.

"Golden West Broadcasters has been active in the Seattle market since Gene Autry purchased KVI in 1959," said company President, Bill Ward. "We have long respected Fisher Broadcasting and we are confident that the Seattle-Tacoma communities will be well serviced by this sale."

TRIO OF PROMOTIONS AT GRP

l to r:
Duke Dubois,
Deborah
Lewow, Erica
Linderholm

At GRP Records this week, three members of the promotion department were elevated to new positions.

- **Duke Dubois** is now Senior Director of National Jazz Promotion. He was Director of Jazz Promotion.

- **Deborah Lewow** is now Senior Director of National NAC Promotion, up from Director of NAC Promotion.

- **Erica Linderholm** is now Director of National Promotion, Special Markets. She was Manager of National Promotion.

"Over the years our tremendous success at radio is directly attributable to these individuals," said label Senior VP of Marketing and Promotion Mark Wexler. "All of us at GRP regard Duke, Deborah and Erica as invaluable members of a great team which will insure our continued success in the nineties."

BIG BREAK FOR BANDS

Unsigned bands looking to land label deals are always searching for the right ears, and now they have a unique opportunity to find them. The Guitar Center's Rock 'N Dream DISCOVERY project is accepting tapes from unsigned rock-oriented artists, and will compile the songs selected onto a CD which will be distributed to 3,500 of the music industry's shakers and movers.

The right ears are decision-makers at record companies, radio stations, magazines, newspapers, and trade publications, but submissions must first be selected by a judging committee made up of qualified professionals.

Proceeds from the project will benefit the T.J. Martell Foundation for Leukemia, Cancer and AIDS Research. Bands or individual artists should submit a tape

recording of one song no longer than five minutes long. Each entry requires a \$25 tax-deductible fee to help support the Martell Foundation's vital medical research. The deadline for submissions is April 18.

"There are so many bands who never have their tapes listened to by important people and this is a great way to hear new music," explains T.J. Martell's Special Projects Associate Director, **Howard Schlossberg**. Schlossberg told *The Gavin Report*, "CEMA is taking care of CD production, pressing, printing, and packaging, and my guess is that it will be released in middle to late July."

Entry forms are being distributed by all Guitar Center stores nationwide, and those qualified professionals interested in judging tapes should contact Schlossberg or Jon Scott at (818) 883-7719. DAVID BERAN

LETTER

MEMO TO: The Radio Industry

FROM: Bob Mitchell

RE: Top 40 Radio in the '90s and Beyond

Read more articles for and against Top 40. Is this 1972 or 1982 all over again? Remember when God was dead in the '60s? It seems that every time a few consultants or programmers no longer understand the Top 40 lifegroup, they write the format off as dead, or start pointing fingers at the record industry. WRONG! Most notable are the consultants and programmers, who are doubting Thomases that have the audacity to try to consult or program Top 40. When was the last time any of them was in touch with what is really going on out there?

Top 40 radio has backed itself into a corner because of uninformed or narrowcasted thinking. The format is still very viable to 18-34 and 25-44 year old listeners if it adheres to its true form. Top 40, by definition, is a mass appeal format, playing the best of all other formats. That's how the nickname "POP" radio came into being. By nature, Top 40 is a high-cume format with moderate TSL and multiple daily tune ins.

With the inception of Urban Crossover, Hot A/C and Alternative, Top 40 began to allow other formats to narrowcast it because Top 40 became too passive, watching from the sidelines. The problem is not with the format, but with programmers and consultants who either gave up doing the amount of work necessary to keep the format hip, or they just didn't know how. Top 40 is not a niche, it's the mainstream. The lack of variety, proper dayparting and market balance in the format has weakened what should be the most cumed format in radio.

Top 40 must fight to win its ground back. This is a turf war, and if consultants who pronounce it dead or the programmers who can't stand the heat don't want to learn what they need to know, the format will disintegrate. Rather than get creative, aggressive and do whatever street research is necessary, these guys get out from behind their computers, into their beamers and drive to their nice suburban homes. WELCOME TO REALITY!

From 1987 to 1989, when I programmed WPGC in Washington, D.C., we defined a niche that fit the marketplace and redefined big city Top 40, much to the dismay of the consultants at WAVA, Q107, WHUR and WDJY, who all began to unravel. When I was at B-97 in New Orleans, we drowned the niche by knowing the listeners better, and fulfilled their needs and wants rather than dictate our own. In 1989 and 1990, B-97 was a true mainstream Top 40 that played the hits and entertained the market in the market's terms. An average 11.5 12+ share and 18-34 and 25-54 dominance wasn't bad against an Urban, an Urban Crossover, two Rockers, two Countries and three A/Cs.

Top 40 has always been a format to write the rules of the game. Today's programmers and consultants need to get out of their BMWs and back into the streets, where reality takes place, and learn to respond to the audience. Let's begin to write the rules again, contribute the industry's future programmers, and then owners and radio will win. The cure isn't a simple one. Like the American automaker who's taken it on the chin from Japan and Europe: quality, quality, quality; details, details, details; listen, listen, listen; involvement, involvement, involvement. Then add consistency, creativity, excitement, market knowledge and an overall passion for excellence to the solid basics and Top 40 will rebound—and quickly.

Let's stop the criticism. If you wanna talk the talk then WALK THE WALK!

Bob Mitchell has successfully programmed Top 40s like KBFM-McAllen/Brownsville, Texas; WCOL/WXGT-Columbus, Ohio; WKSS-Hartford, Connecticut; WPGC-Washington, D.C.; B-97 (WEZB)-New Orleans; WILD 107-(KSOL)-San Francisco. He currently heads up his own consultancy, Mitchell Broadcast Management, and can be reached at (415) 574-7519

He was MD at **KNCI**-Sacramento. Former PD 'Easy' **Ed Nickus** remains with the station...Despite fears that a second fine might be leveled against **Howard Stern**, the FCC has approved **Greater Media's** purchase of **WCDJ**-Boston. **GM** also owns **KLSX/FM**, where Stern's famous mouth has cost the company money. No word as to what format **Greater Media** has in mind for the Beantown soft jazz outlet...In an effort to resuscitate ratings, powers-that-be at Philadelphia Album Rocker **WMMR** have moved longtime morning personality **John DeBella** to afternoons, midday host **Pierre Robert** to mornings and afternooner **Bubba John Stevens** to middays...**KC101 (WKCI)**-New Haven afternoon drive personality **Jon Scott** has moved across country to another 101—**K-101 (KI01)**-San Francisco, where he's doing middays...**Steve Taylor** exits his PD/MD slot at **KIXR**-Ponca City, OK to co-manage a bed and breakfast. McKay** has signed on to do overnights and produce the morning show...The new marketing and promotions team at **99X (WNNX)**-Atlanta is **Amy Henry** and **Anne Marie Begley**. **Henry** is Director of Marketing and Promotions and was most recently Marketing Coordinator

for the Georgia Renaissance Festival. **Begley** is Assistant Director of Marketing and Promotions, and has been with the station since 1990...There were two April Fool's pranks that deserve mention: **KROQ**-Los Angeles diverted from their Alternative posturing and played all '70s music, causing the request lines to light up like the fourth of July. Most requested songs were the **Village People's** "YMCA" and the **DeFranco Family's** "Heartbeat It's A Lovebeat." Meanwhile, in San Diego, **KGB** announced that the space shuttle **Discovery** was landing at a small strip called **Montgomery Field**, and hundreds of people trying to get a glimpse of the event tied up traffic for hours. Though there were a lot of folks hot under the collar when they realized the **Discovery** wasn't even in flight, there weren't any incidents. However, the police department and the airport manager were furious: the police claim they'll charge **KGB** for the dozens of motorcycle policemen deployed, and the airport manager felt he was looked on as a spoiler...*Gavin Report* Urban Contemporary reporter **KJLH/FM** won the prestigious **Peabody Award** for excellence in broadcasting for their coverage of the Los Angeles riots. THE SUNDAYS

The Sundays' recording of the Rolling Stones' WILD HORSES wasn't intended to be part of their current album, Blind. Seems the band just wanted to record it out of respect for the original and use it as the "B" side of a U.K. single.

NEW HIP HOP RELEASES by Kelly Woo

A.D.L. - Daddy (Peace/Freeze)

The first release off the "Mad Jazzy Flavors" EP is a smooth little cut by A.D.L. Boasting the usual self-proclamation of paternity, A.D.L.'s braggadocio lyrics are witty but far from blazing any new trails in the Rap arena. The lyrical flow, however, is gracefully woven into a cool bassline, reverberated snare and high hat making a tight production package. This twelve inch is definitely worth flipping over for some cool jazz breaks. Contact Hershey at (212) 243-1189.

STRICKLY ROOTS - Duck Da Boyz (Friends Connections)

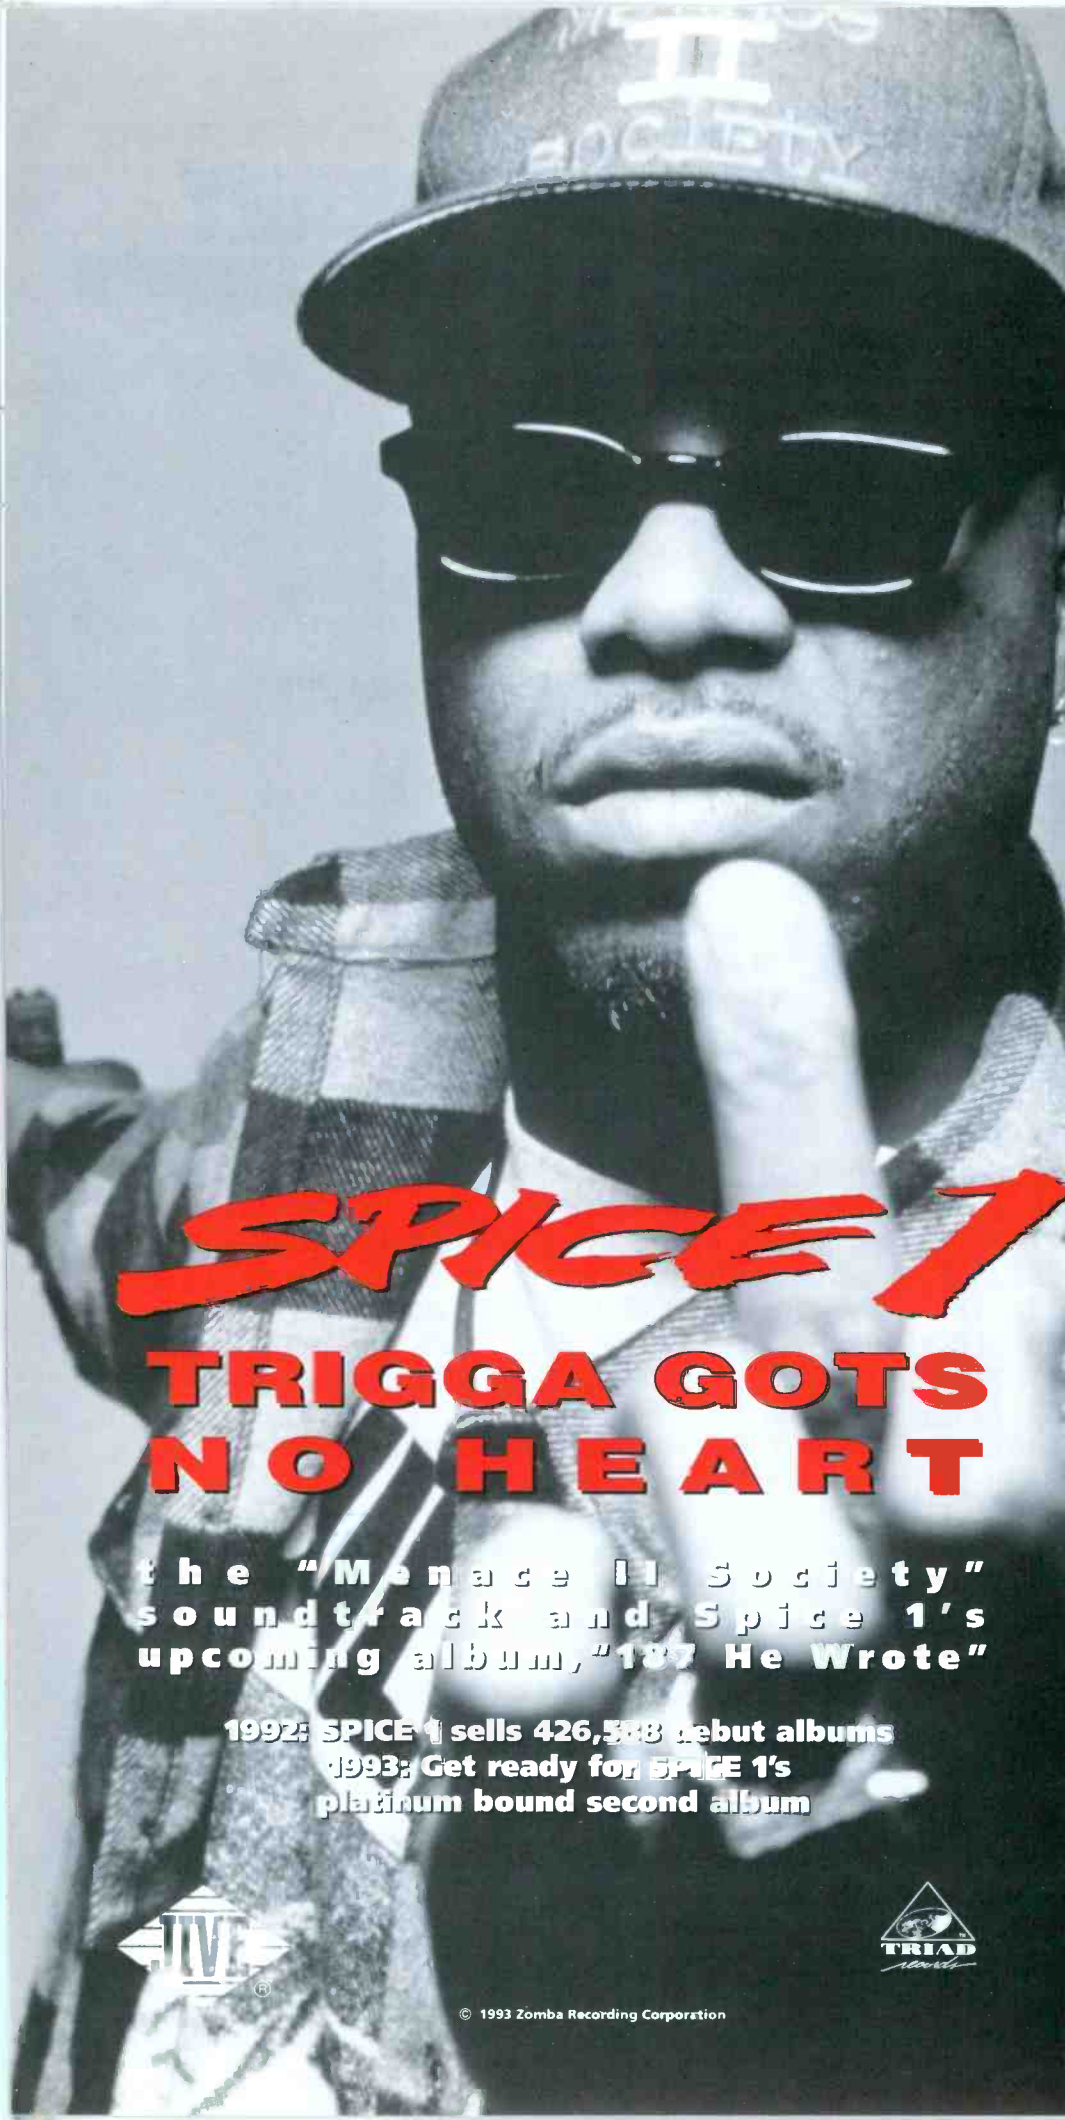

The boys in blue continue to get their share of criticism as this Bronx trio puts in their two cents about crooked cops who abuse the power of the badge. Strickly Roots, aka RMR, Mr. Broad and DJ Fashion, keep this production uncomplicated with a menacing bassline and simple drum track. If you're tired of police brutality and want to do something about it, drop this cut for your audience. But also remind them about the few officers who are out there upholding the law—wherever they are. Contact Chris Washington at (212) 994-4115.

HOUSE OF PAIN - Who's The Man? (Tommy Boy)

The Irish division of The Soul Assassins are back and this time around we're talking soundtrack. If you haven't figured out what movie it's for, you're in the dark. Produced by Lethal, this lead-off single carries one of the thickest basslines since "Deep Cover." Everlast and Danny Boy prove once again that fine malt lyrics are always in full effect. Peep out the B-side for the remix version of "Put On Your Shit Kickers"—radio edit provided of course. Watch out for this soundtrack 'cause it's gonna be the one for '93. Radio safe versions of 19 Naughty III are also available so if you don't have either one, give Jamieson Grillo a call at (212) 388-8300.

EDITORIAL SHOUTOUTS: Scarface Records, on behalf of Paris, is sponsoring a nationwide essay contest where one high school student and one college student will be chosen to receive \$2,500 towards their college education. The topic is "The Historical Importance Of Black Colleges And Why They Exist?" Essays are to be no longer than 300 words and must be accompanied by a personal bio. Entries must be postmarked by May 22. The address is: Scarface Records, 1716 Ocean Av-

enue, #45, San Francisco, California, 94612. Stations interested in promoting this contest can call Yvette Brown at (510) 834-9188 for more information...On a different note, Paris, along with Gerald Smith of Copwatch, held a press conference last Tuesday, April 6, in Oakland for the release of his anti-police brutality single, "Coffee, Dbnuts and Death." Citing various national, state and local newspapers to substantiate his claims, Paris condemned the institution that's supposed to "protect and serve" our communities stating, "...the problem isn't cop killers, much less records about cop killers. The problems is killer cops." Smith then took the stand and mentioned the dangers we in the entertainment industry face as law enforcement agencies become cultural critics...A phat shout to the Wu-Tang Clan who has just signed a production deal with Loud Records. The Clan will retain all creative control and members all have options to shop for solo careers. Mad props to Mike McDonald for doing the right thing...MC Lyte, along with Lin Que and Kink EZ, has started a new management company call Duke Da Moon Management. Current artist roster includes Lin Que, Yardman, Bamboo, Born In Hell, Da Mic Profesah and Backspin. Be on the lookout for them in '93. 'Nuff said. **K-WOO**

INSIDE URBAN

The Belle of the ball!

Columbia recording artist Regina Belle was in La La Land recently, where the label hosted a listening party to celebrate the release of her new album, *Passion*. It contains the current Urban-Contemporary #5 hit single, "If I Could," and her smash Academy Award-winning duet with Peabo Bryson, "A Whole New World (Aladdin's Theme)." Pictured having a good time (l-r): Robert Watson, Local Promotion Manager, Columbia; Peabo Bryson; Regina Belle; John Monds, KKBT PD; Nancy Monds; Demmette Guidry, Director National Album Promotion, Columbia. Kneeling: Randy Jackson, VP A&R Columbia, West Coast.

This week makes it officially three for three on Whitney Houston's "Bodyguard" #1 hit card. Next in line for the spot looks like it might go to Lo-Key? as 42 of the 57 stations playing "Sweet On U" report the track in their Heavy rotation. Nice move for Regina Belle's "If I Could" which goes from Top 10 to Top 5. Chante Moore moves 12-7 with her second single "It's Alright" and picks up WABD-Clarksville, TN and WWDW-Columbia, SC in her travels. Guy groups Portrait and After 7 enter the Top 10 this week. Portrait's "Honey Dip" is added at KKDA-Dallas, while After 7's "Can He Love U Like This" gets thumbs up from Steve Crumbley at WOWI-Norfolk. Moving up 7 spaces to #18 is Gerald Alston's "Send For Me," whose ballad reaches four new stations including WGCI/FM-Chicago and WFXA-Augusta, GA and WQKI-St. Matthews, SC. Right behind Gerald is Michael Jackson as "Who Is It" jams 27-19 with some of his six adds coming from KJLH-Los Angeles, WBIL-Tuskegee, AL, WHUR-Washington, D.C. and WQOK-Nash-

ville, TN. Big gains this week come from Hi-Five's "Mary, Mary" (31-24), eleven more adds moves Christopher Williams' "Every Little Thing U Do" (34-25), and Dina Carroll's "So Close" (30-26) gets adds at WVKO-Columbus, OH; WKGC-Panama City, FL and WVBR-Ithaca, NY. Now on their third single, Jade's "One Woman" reaches #28 in its second week on the chart. Blackstreet featuring Teddy Riley make the Top 30 with adds from WDKX-Rochester, NY; WXOK and KQXL-Baton Rouge, LA., among others. Debuts to the chart begin with H-Town's "Knockin' Da Boots," which everyone was talking about last week as a record to watch, and now it has 14 more adds this week. Grabbing the tail of the chart are debuts by Tisha Campbell (#39) and the Godfather, James Brown (#40). Bobby Brown debuts in Chartbound this week and snags the Top Tip 23 adds which puts him the top of the Most Added section. Whispers' Walter and Scotty's "I Want To Know Your Name" is our Record To Watch, so keep a sharp eye out for these two. Peace, John

BOBBY ROSS AVILA - *La La Love* (Perspective/A&M)

Seventeen-year-old Bobby Ross Avila has matured a great deal since his recording debut three years ago. Now signed to Perspective Records, young Avila worked with multi-platinum producers Jam & Lewis and the result is "La La Love," Bobby's first single. It will appeal to all ages.

MICHAEL COOPER - *So Good* (Reprise)

Slow jams are becoming Michael Cooper's forte as "Shoop Shoop" comes off a Top 5 ride on the Urban Contemporary chart. Michael's "So Good" is all that, lush instrumentation coupled with smooth vocals to make for a strong love song.

ALEXANDER O'NEAL - *In The Middle* (Tabu/A&M)

Alex makes it perfectly clear that he doesn't want any 'middle men' in a relationship; he wants a one-on-one woman. Jon Nettlesby and Terry Coffey wrote and produced this mid to uptempo song, which is perfect for O'Neal.

JACCI MCGHEE - *Something's On My Mind* (MCA)

The third single from her self-titled debut album is an upbeat, high-spirited release. "Something's On My Mind" showcases her various vocal abilities as she busts a couple of rhymes on this chart contender.

RODNEY MANNSFIELD - *Wanna Make Luv 2 U* (A&M)

Rodney Mannsfield is a traditional balladeer whose performance is as poised as Jeffery Osborne's, James Ingram's and Luther Vandross'. Rodney's performance is more sensual than sexual. "Wanna Make Luv 2 U" is co-written and co-produced by Terry Steele (who co-wrote Luther's #1 "Here And Now").

T.N.G. - *Make This Dream Real* (Reprise)

The New Generation had a rocky debut with "Sweet Okole." Consider "Make This Dream Real" as T.N.G.'s fresh start as the group proves itself with a nice R&B ballad with strong crossover potential.

P.D. NOTEBOOK

by Eric Norberg

CONSTRUCTIVE CRITICISM

I have recommended before that program directors not only involve themselves in the activities of the sales department (including attending the sales meetings)—but also join a service club such as Rotary International.

This puts you in proximity with community leaders once a week, and that can be helpful to both you and your station. And if you regularly tape the speaker, you'll often have an excellent public affairs program to broadcast.

If the club you join is Rotary, you'll also receive *The Rotarian* magazine each month. In the February, 1993 issue there was a list of suggestions on "how to give constructive criticism" which, as a programmer, you might find useful (copyright 1993, Rotary International). It was written by Charles Dickson, Ph.D., from Hickory, North Carolina.

1. Voice your criticism as soon as possible.
2. Make only one complaint at a time.
3. Don't repeat a point once you have made it.
4. Object only to actions the person can change.
5. Make criticisms in the form of suggestions or questions.
6. Avoid sarcasm.
7. Avoid words like "always" and "never."
8. Don't apologize for confrontation.
9. Don't forget to compliment people too! Then when you do criticize, people will be more likely to accept it.

I thought that was an excellent list of suggestions, and I really have nothing to add to the points made. The list appeared adjacent to an

article in the "Manager's Memo" column in the magazine, which in this issue was written by a Bombay-based management expert named N.H. Athreya, Ph.D.

Athreya based his article on the custom in the Indian Army of having the complainant join a meeting with an employee, which was brought about by the complaint. As a program director, you want and need to hear from your staff when someone working for you isn't following the rules or is behaving improperly; but the problem remains how to respond to such complaints without burning the complainant, or without encouraging the perception of "politics" on the staff. In most cases, Athreya points out, justice is done, politics are avoided and grudges are defused by having the complainant attend the meeting you have with person complained about.

Dr. Athreya points out that in the Indian Army, this custom is institutionalized by the serving of "three cups of tea" at the meeting. Making some sort of ceremonial event out of such meetings could make you seem statesmanlike, and should help eliminate staff rivalries and promote teamwork.

Incidentally, on the next page in the Febru-

ary issue of the magazine was the "Executive Health" column in which writer Lin Gensing says: "Feeling stressed lately? Maybe the radio can help soothe your troubled mind."

The theme is that music has a calming effect in many different circumstances, and radio is suggested as a ready source for it. Not a bad article for the sales department to have handy!

I'm not advocating joining Rotary just for the magazine, but it's a nice onus at times. If you are interested in considering whether you'd find joining a service club enjoyable and useful, attend a few. Check with your local Chamber of Commerce to find what clubs are active in your area, and when and where they meet. Generally you need to have someone invite you to attend one, and the Chamber manager should be able to suggest someone in the club(s) you're interested in who'd be happy to take you to one. These clubs are not exclusive and don't discriminate.

One warning though; if you do join a service club, be prepared to attend the meetings regularly and participate in some of their civic activities (often the station can support these, with value for both the station and the community). It will do you no good to be a member but show no commitment to the club or your community.

Coincidentally, some of the material in next week's column—which deals with possible hazards from electrical and magnetic fields—came to my attention in a talk at a Rotary meeting in Oregon. ●

Jack Bruce has been involved with music since 1962 when he joined Alexis Korner's Blues Inc. in London. He hasn't stopped adding to his family, either. Bruce's third son is now three months old, the eldest, Jonas, is a classical pianist in Europe and Malcolm is in a band with Ginger Baker's son Kofi; the two have an album out on Scotti Bros. Records. When we spoke, I couldn't tell what Bruce was most proud of - his new son or Kent Z's review of his new album, that ran in a recent *Gavin Report*. However, the bassist/vocalist/composer's most well-known achievement may be his recent induction into the Rock & Roll Hall of Fame for his participation in Cream. Bruce first got word of the honor via telegram in October 1992 and said he thought, "Great, but all three of us will never go. Then I got a call from Ginger (Baker) and I told him Eric (Clapton) had already called me to see if we should go. I told him that if the three of us went it would be fine, but if we didn't go together I wasn't going. Then Eric called, we talked about what we should play, and that was it." Co-written by Jack Bruce and his longtime lyricist Pete Brown, the new album, *Something Else*, reunites Jack with Clapton for their first recording since Cream's 1968 breakup. Bruce also called on some old friends, including Clem

HEAR & THERE

by Sheila Rene

Clempson of Humble Pie fame, Anton Fier, founder/drummer for the Golden Palominos and saxist Dick Heckstall-Smith of the Graham Bond Organisation. His vocals with Maggie Reilly on "Ships In The Night" are not to be missed. In all, the entire album is a class act. Check out all nine tracks and pass it on. Next up on Bruce's agenda is moving to New Orleans in October to cut an album with The Meters. Other plans include singing with a symphony orchestra and choir and the ongoing Blues project with drummers Ginger Baker, Charlie Watts and Simon Phillips and guitarists Albert Collins, Robert Cray and Gary Moore. Bruce also said that on his 50th birthday he's being honored on an English TV special, with a possible video release coming to the U.S. "Everybody I've ever played with will be on it," he said. "I'll just start at the beginning and work my way through my life." ...

Beginning March 27 in Sydney, Chameleon rockers Kyuss will blast through Australia later this month on a whirlwind tour as special guest

openers for Metallica. The most recent release for Kyuss is *Blues For The Red Sun* which was named one of Spin magazine's "Top 10 Under-rated Albums" of 1992. Chameleon re-released their debut album, *Wretch*, on March 30...

The Ramones are one of the hardest and best traveled bands in rock and roll history. They've been on the road non-stop since the release of their latest, *Mondo Bizarro*, and their video for "Touring," the album's third single, proves it. The band's upcoming tour will include Greece and Italy in May and then will head across the U.S. this summer...

Concerts for the Environment has announced that Capitol artist Paul McCartney will headline the national Earth Day Concert at the Hollywood Bowl on Friday, April 16, marking Macca's first visit to the Bowl since performing there more than 20 years ago with the Beatles. So far, other artists joining McCartney include 10,000 Maniacs, En Vogue, Steve Miller, Bruce Cockburn, Kenny Loggins, PM Dawn and k.d. lang. As McCartney says, "Think global, act local." In order to stimulate local action, cable and radio stations supporting the campaign will encourage viewers and listeners to call the CFE Event Hotline number, 800-4-Eco-Act, to receive information on local Earth Day events from April 1 through May 1... ●

DAVID CROSBY and PHIL COLLINS

Hero (Atlantic)

Two legends who formed a mutual admiration society years ago make a strong statement with this charming single from David's upcoming album. Sounds as though some of Phil's production valves, as well as his backing vocals, creep into the arrangement.

PETER CETERA

Even A Fool Can See (Warner Bros.)

Even a fool can hear the hit potential of this one. Cetera has a gift for making comfortable popular songs with exceptional adult appeal. This one is state-of-the-art.

BILLY DEAN

Tryin' To Hide A Fire In The Dark (Liberty/SBK)

Mr. Dean is no stranger to A/C and this single should boost Billy's on going presence in our format. From his "Fire In The Dark" album, this track is about trying to hide your inner feelings about someone you love and not being successful.

GEORGE MICHAEL

Somebody To Love (Hollywood)

George recorded this 1977 Queen classic live at the Freddie Mercury tribute at Wembley in truly Mercurial style.

AARON NEVILLE

Don't Take Away My Heaven (A&M)

A great new Diane Warren song sung by "that voice," the awesome falsetto of Aaron Neville, becomes an almost Motown experience. A must play!

KURT HOWELL

I'm Over You (Reprise)

A unanimous six thumbs up at this year's Gavin Seminar A/C Jukebox Jury. "I'm Over You" is a swirling declaration of independence all decked out in a bold pop production.

CATHY DENNIS

Moments Of Love (Polydor/PLG)

On the heels of her successful "Irresistible," single this beautifully arranged track from her "Into The Skyline" album will continue Cathy's stardom.

O.C. SMITH

After All Is Said And Done (Triune)

If you play hits from the late sixties then Mr. Smith is a familiar voice. Even if you've never had the pleasure, give this gorgeous comeback a serious listen. It's as though he never left.

INSIDE A/C

Competition for the top of the chart made for some close calls in the ranking of the first four.

VANESSA WILLIAMS and **BRIAN McKNIGHT**'s "Love Is" took over with a format-leading 198 HEAVY rotation reports. That's 88% of all its reports dedicated to maximum play.

The **RESTLESS HEART/WARREN HILL**, "Tell Me What You Dream," a track released three weeks after **VANESSA** and **BRIAN**, is already knockin'

at the door with a format-leading 224 A/C stations and only 15 fewer HEAVYs than reported on **VANESSA** and **BRIAN**.

Biggest move within the Top Ten is the #9 to #6 move for **GO WEST**'s "What You Won't Do For Love." On the strength of 47 new HEAVY rotation reports it's now **HIT FACTOR**ed by 93% of 211 players.

The new **EXPOSE**, "I'll Never Get Over You," up from #21 to #12 in the past two issues, is poised for a solid Top Ten debut next week as 90% of all stations on it more than a week are committed to quality rotations.

HOTTEST track in the format is **RAY CHARLES**' "A Song For You" with a four-week air-play base of 167 A/Cs, two-thirds of whom are already in solid rotations and t h a t

doesn't include this week's 20 new players like **KBIG**, **WLEV**, **WBDX/FM**, **KMJC/FM**, **WRQX** and **KMGQ**.

The comeback of the year will either go to Mr. **RAY CHARLES**, or perhaps **BOY GEORGE**, whose "Crying Game" theme is becoming the talk of the format. Moving #31 to #24 to #18, it has taken on 45 new stations in that time including a score this week like **WKGW**, **WFAS/FM**, **JOY99**, **KBOI**, **WEIM**, **KORQ**, **KEZT** etc.

With their first flat-out A/C success in a decade, **SAWYER BROWN** moves #30 to #23 this week with the ballad "All These Years." With a 61% **HIT FACTOR** from its 98 players the proof is in the playing. Among the A/C stations succeeding already are **KBOL**, **KCRE**, **WFRO**, **KSAL**, **WAHR**, **WSKY**, **KEYW/FM**, **WCSO**, **KXRO**, **KLWN** and **WCKQ**.

The hot new **CHRIS ISAAK**, "Can't Do A Thing (To Stop Me)," is living up to its defiant title as it debuts at #24 on the chart with 128 stations in three weeks time. Among the 37 new that helped it achieve **MOST ADDED** status were **B100**, **WKYE**, **KKLD**, **KIDX/FM**, **WMXB**, **KMGQ** and **Q104**.

JENNIFER WARNES' "Whole Of The Moon" gets a solid chart debut at #36 with a 37% **HIT FACTOR** and 17 **ADDs** from the likes of **WQLH/FM**, **WPXZ**, **WAHR**, **WPXZ**, **KLCY**, **WJER**, **WZDQ**, **WSTU** etc. Already in meaningful rotation at **KTID**, **WOBM/FM**, **KRNO/FM**, **WFRO**, **WTTR**, **WEIM**, **KEYW/FM**, **KCRE** and **KATW/FM**.

Our **TOP TIP** is **REGINA B E L L E**'s "If I Could." Nearly a third of the format is already playing it and 39% report solid rotations including **WBMX**, **WFAS/FM**, **WSUL**, **WBLG/FM**, **WEIM**, **WSTU**, **WOBM/FM**, **KBOI** and **KKLS**.

With a 22% increase in rotational **HIT FACTOR**, **MIA AMADA**'s "What's A Heart To Do" is set to debut. Already reporting are

Among the **ADDs** are **CKFM**, **WZRT**, **WMXX**, **WNNX**, **KDCK/FM**, **KSDN**, **WMT/FM**, **KBOL** and **KVYN/FM**. Boasting a 39% **HIT FACTOR** in A/C it also debuts at Top 40 this week at #39.

Our current **RECORD TO WATCH** is **SONIA DADA**'s "You Don't Treat Me No Good" which debuts in **UP & COMING** in the first week of release. A: *In the past year, everyone on this page has received significant airplay on Adult Contemporary Radio.*

The variety of artists played on Adult Contemporary radio in the past two years is more diverse than any other format. Unfairly thought of as some sort of burial ground for pop dinosaurs, A/C radio is asked to and does play a very healthy mixture of musical forms. And while none of the aforementioned acts is core to Adult Contemporary radio, the format does bend to embrace with open ears (and mixed metaphors) the best of many worlds.

An Inside-Out Look at the Strange and Wonderful A/C Radio Format

BY RON FELL

EDITORIAL ASSISTANCE FROM DIANE RUFER

As promised last year when we did a position paper on the state of A/C radio as seen by the record community, we asked some of the format's bright young program directors for their perspectives. Thanks in advance to those listed in the following pages for taking the time to be so thoughtful and open with us.

It's 1993 and Adult Contemporary radio is taking its usual lumps during these days of economic uncertainty. Adult Contemporary radio, and particularly its music, will probably never receive its due respect outside its own community of leaders and listeners. Yet, we may be laughing all the way to the bank.

Among its enviable strengths are the format's ability to make money for station owners while providing constant and relatively mature entertainment values for a nearly perfect demographic and psychographic set of listeners in massive quantities.

The format's detractors cite as retarding characteristics our propensity to rely on old hit singles rather than on current tracks. Indeed a healthy portion of A/C stations now boast some form of "Best of the eighties and nineties" slogan as part of their

positioning statements. This may be a two-fold move, in that it separates the station somewhat from its all-oldies competitors while placing the station in the "fresh" inventory mode.

LORRIN PALAGI

Other descriptive sloganeering by A/C stations currently include the "No" factors like "no hard rock," and/or "no rap." That sounds to us like a station wanting to capture unhappy Top

40 listeners. Lorrin Palagi of WRQX-Washington D.C. is among the many who now champion the format after programming in the highly competitive Top 40 arena. He says out A/C is "the single most mass-appeal format today. A/C is to the nineties what Top Forty was to the seventies."

By all estimates, Adult Contemporary radio remains as America's most listened-to music format. It's possible that we get away with such status because the handle of Adult Contemporary is so widely encompassing that stations with very little in common are gathered under the A/C umbrella. Among the disparate points are the ratio of current to non-current music played per hour and the degrees of commitment to news, public affairs and air personalities shown by stations.

Adult Contemporary radio's roots are in two widely contradictory formats:

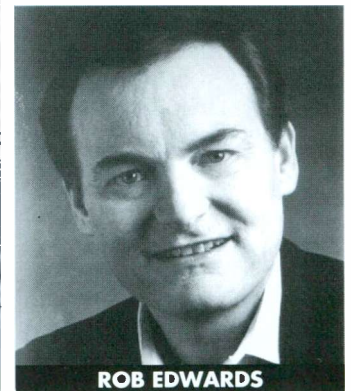

1. Middle Of The Road/Full Service stations of the '60s, '70s & '80s.

2. Aging/maturing Top 40 radio.

If we can forget, for purposes of this article, that A/C may be number one by default, we can consider the other dynamics that have brought the format such acceptability with listeners.

"A/C is the most broadly-defined format," says mathemati-

cally-inclined Gary Havens of WTPI-Indianapolis, adding, "Usually most markets have multiple A/C stations, covering a full spectrum of the population to greater effect than most narrowly defined formats." Bill Minckler of K103 in Portland, Oregon is quick to note that A/C's target audience is that huge demographic bubble of post World War II "Baby Boomers" who "grew up with Top 40 in the sixties and seventies (Perry Como next to Led Zeppelin) and will now tolerate Boy Crazy next to Kenny G."

ROB EDWARDS

Rob Edwards at KBIG-Los Angeles cites the task of "defining and claiming a niche in the market, consistent programming with few changes, and an aggressive, ongoing marketing campaign that clearly articulates the station's sound to potential listeners" as essential ingredients

A/C: FROM THE INSIDE OUT

in the winning character of winning stations.

According to a number of the format's leading programmers, A/C strength is built by a myriad of positive listener perceptions, not the least of which, according to Bobby Irwin of KLSY-Seattle, is that A/C is "uniquely positioned to play the best of the best from several other popular formats." Chuck O'Brien of KMJC Magic 96FM in The Quad Cities, Iowa cites the fact that A/C radio plays "the most familiar music available." KVIL-Dallas' Bill Curtis finds that core of 35-49-year-olds as "the most likely A/C fan" and that demographic cell just happens to be huge at the moment thanks to the now famous Baby Boom of post-World War II America.

BRIAN WHITE

Brian White of WMBX-Richmond, Virginia quickly comes to the point when outlining the winning attributes of A/C: "The right music, an adult delivery and awesome community involvement." While Kelly McCoy from WBDX in Chattanooga, Tennessee thinks the format may often succeed by the things it's known for not having. To McCoy, A/C is the most listened to format because it doesn't go to extremes while entertaining with "non offensive, adult personalities."

Except for this last point about non-offensive, adult personalities, the comparisons to past and present Top 40 radio were recurrent themes from our panel of programmers. After all, it was that aging (maturing) mass of "boomers" that put Top 40 on the map in the fifties. Are we old enough to remember how outraged our parents were at the sight of the slicked-back hair of

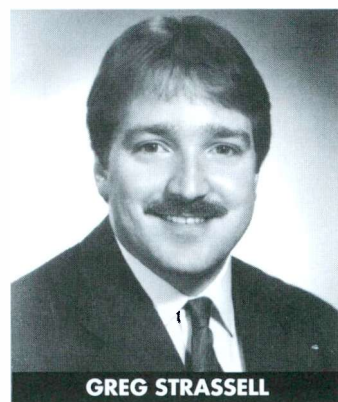

Bill Haley, the scandalous hip quiver of Elvis Presley, the mop-topped coif of four guys from Liverpool or the paisleyed love bombers of psychedelia? Do we see any comparison between then and now as we take casual or extreme exception to the posturing and challenging of today's rappers?

Does our heritage of a Top 40 mentality make us more or less likely to accommodate, tolerate or even appreciate newer forms of music? Do we expect more—do we draw the line higher than programmers of cutting edge music? In looking at the possible comparisons between today's A/C and yesterday's Top 40 the following points were made by our panel:

Has A/C Become the Top 40 of the '90s?

"Yes. In our case that Top Forty style is alive. We're highly produced and very bright without the harsh traditional Top Forty rock/rap edge."

CHUCK O'BRIEN KMJC

GREG STRASSELL

"It has become the Top Forty format for the baby boomers. Those who grew

up on Top Forty now call A/C their home. There are just a handful of Top Forty stations left that still do a great job of serving baby boomers."

GREG STRASSELL WBMX

"Yes! When the Top Forty chart started dancing and rapping, A/C took over as a 'safe alternative.'"

KELLY MCCOY WBDX

"Yes. But I think it came by accident. It was the only format that played good songs and related to the listener."

MICHAEL ROGERS KFQD-ANCHORAGE

"A/C is more correctly 'The Hit Parade of the last thirty years.'"

GARY HAVENS WTPI-INDIANAPOLIS

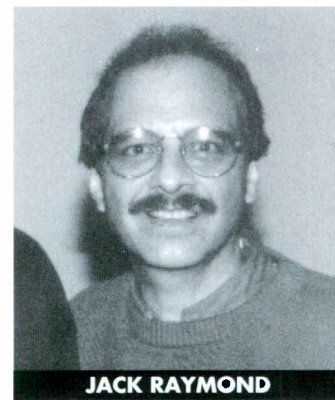

"Musically, A/Cs don't have to be 'current hit' driven as Top Forties of the past. But in many other ways we are very much like them since we're striving for mass appeal within a fairly broad demographic."

MARK MITCHELL WFAS WHITE PLAINS, NY

"Yes and no. In the purest sense of Top Forty, I'd say Country gets that honor for now. Country is more current-based and sports a considerable amount of today's musical 'super-

stars.' But, A/C radio, when done well, meets the needs of a good-sized share of adults who tend to dislike the 'Country' sound and don't care for many of the purely rhythm-oriented hits of Top Forty."

BOBBY IRWIN-KLSY

JACK RAYMOND

"Unfortunately no. Primarily because lots of A/C radio is going even more adult and out of the format in various day parts. During the last two years we've lost KDKA, WGN, WBZ, WHDH, et cetera and they all had major middle-of-the-road-audiences at one time, Sad!"

JACK RAYMOND-WEIM FITCHBURG/LEOMINSTER, MA

Sharing an almost identical target audience profile with Country and Adult Alternative stations, A/C's approach has always been to play more oldies and re-currents than currents in their hourly mix while the other two formats are decidedly more current-based. We won't linger on the reasons the other two formats rely on currents, but we quizzed the panel on the common policy of older, more familiar music getting preference over newer, less proven artists

and songs.

There was a general assumption that Adult Alternative radio would like to fall back on its "heritage" music, but the fact that the format itself is so new doesn't lend itself to much of a library for resources. Mike Martens of WLXR/FM in LaCrosse, Wisconsin thinks any format that calls itself Alternative will "always remain current intensive while Country can succeed either way." Mike DelRosso of KESZ-Phoenix notes the enviable "rich heritage of artists and music over decades past and much of it holds up today." While Bill Wertz of WQLR takes it a step further by observing "New people coming to Country and Adult Alternative have no history. Whereas A/C listeners were Top Forty fans and have specific expectations of Adult Contemporary radio based on their Top Forty listening experiences."

There is mounting criticism that A/C radio is not focused enough on developing its own artists. The format's tendency to adopt artists with core support in other formats based on the merits of specific songs has the accidental effect of stifling artist development. We asked the panel if they felt the format was more "song" driven than "artist" driven. The consensus was that A/C was song driven, but it wasn't quite unanimous:

"Hits attract and keep listeners. Artists don't."

LORRIN PALAGI WRQX

BILL CURTIS

"Song driven....Every song stands on its own merit. Just because it's Elton John

or Phil Collins doesn't mean the audience will like it."

BILL CURTIS KVIL

"Most listeners, even core fans, recognize but can't name most artists or songs. But they can tell you the song's story line."

BILL WERTZ WQLR

"A/C is absolutely artist driven. That's been an advantage A/C has had over Top Forty lately. We have real identifiable, mass appeal artists."

GREG STRASSELL WBMX

"It's artist driven except when an unknown has a great song."

BRIAN WHITE WMBX

"Even Core A/C artists can put out songs that won't sound right on your station and therefore should be avoided."

MARK MITCHELL WFAS

"Answer the request line at any A/C station. You're much more likely to hear 'would you play JUST ANOTHER DAY WITHOUT YOU?' as opposed to 'How about something by Jon Secada?'"

BOBBY IRWIN KLSY

"Song driven for bright and Hot A/Cs, but soft and oldies-based A/Cs are somewhat more artist driven."

ROB EDWARDS KBIG

"Yes and No. Elton and Gloria tend to put out good songs. But a Michael

Bolton or a Whitney Houston CAN burn out."

BILL MINCKLER K103

In attempt to assure Adult Contemporary radio's endurance, we asked the panel to cite the essential elements that can keep the format vital and off the endangered species list. At the top of the list was a bit of a surprise to me: "strong personalities."

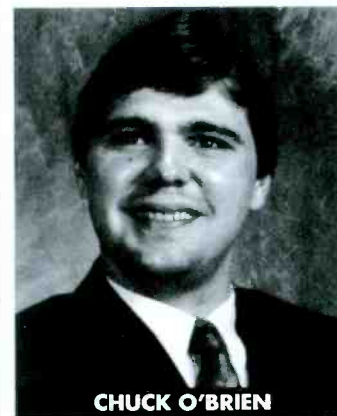

Greg Strassell of WBMX-Boston defines the winners as ones with "Great focus, balance of research, reflecting the changing lifestyles of today's A/C listener. Also, making sure your product has personality. This doesn't mean personalities who fight the product, but personalities who promote the personality of the station."

MICHAEL ROGERS

"A/C radio has to stop being such a background format and become more 'foreground.' says

KFQD's Michael Rogers. "Personality is the key. To be a friend to the listener. A/C radio should dedicate itself to the listener, one-to-one, not the masses." WEIM's Jack Raymond says the format's salvation is "Probably some strong personalities as the music is 'sophomoric' at best right now and it's Remake City time as we all know."

CHUCK O'BRIEN

KLSY's Bobby Irwin says we must maintain "on-going, relentless relevance. If we strive to sound like a musical version of People magazine (Familiar faces doing interesting things, along with a few unique characters presented in an easy to-relate-to form), our format will continue to thrive. However, A/C can sometimes be so 'safe' that we become to predictable. We should overcome our tendency to program hour-after-hour of sterile liners which can make any format sound more focused on

We asked the panel to estimate what percentage of their current listeners were primarily fans of Top 40 radio a decade ago. The average answer was 62% from 14 stations that responded to the question. Three of the stations guessed under 50%, while seven guessed 75% or more.

A/C: FROM THE INSIDE OUT

The A/C Chartmaker's Report Card For July-December 1992

It's a semi-annual tradition at Gavin to summarize the performances of three critical categories of our A/C chart page.

Listed on this page are the results of the last half of 1992 (July-December).

The Most ADDED category shows each week's Most added single along with the number of adds it received that week and its ultimate peak chart ranking and on what date the peak occurred. As you can see from the results of the most recently completed time frame, a #1 MOST ADDED resulted in an average chart peak of #5.

Our weekly designation of a TOP TIP is the track, not yet on the chart, that we feel will debut the highest the following week. We're pretty accurate in predicting the next issue's highest chart debut, and that converted into an average eventual peak for a TOP TIP at #8.

The usual tough call is our weekly RECORD TO WATCH. Regulars to Gavin's A/C chart know that we don't pick an obvious A/C record to be the week's RECORD TO WATCH. It must be a hunch play, a record coming from foreign format territory, etc. In the most recently completed period two records failed to number at all (that's about average for us), but we averaged a #24 peak with eleven out of a possible twenty four tracks peaking at #20 or better.

BIOFEEDBACK

by Ron Fell

CHRIS ISAAK

Most people first became aware of Chris Isaak in the Fall of 1990, where he had a hit with the single WICKED GAME. Actually, Isaak had been recording since 1985 with his bank Silvertone. WICKED GAME was first heard on his 1989 album "Heart Shaped World" and that led to its being chosen for the soundtrack to the 1990 Nicholas Cage film, "Wild At Heart."

GUNS N ROSES

Since its release in late July of 1987, Guns 'N Roses' "Appetite For Destruction" has reached RIAA-certified sales in the U.S. of nine million copies.

MARTY STUART

Asked by The New York Times why he thought Country music was so popular, Marty Stuart said, "It's the reason Long John Silver sells more fish than the catfish house on the edge of town: They succeeded in making fish not taste so much like fish. It's the same with Country. I hear some authentic Country music on the radio, but most of it is glossed-over pop."

MADONNA

The next Madonna film will likely be "Snake Eyes," in which she'll co-star with Harvey Keitel. Madonna's Maverick Films has just purchased the rights to "Dino," a biography of singer/comedian Dean Martin.

PENNY FORD

Penny Ford's career has included tenure in groups like Klymaxx, The S.O.S. Band and Snap.

SADE

Singer Sade's real first name is Helen.

HAMMER

The TV pilot being developed for Hammer's Fox network prime time series will cast the former Oakland Athletics' batboy as an inner-city high school teacher.

BRUCE HORNSBY

When Phil Collins was asked recently by Rock World magazine to name his personal all-star band he named Bruce Hornsby as one of his favorite vocalists and keyboard player.

DURAN DURAN

Though officially titled Duran Duran, (the same title as their debut album in 1981), Duran Duran's new album is being called the Wedding Album because the cover art.

RAY CHARLES

In 1986 Ray Charles was inducted into the Rock & Roll Hall Of Fame.

PAUL McCARTNEY

While on tour last month in Australia, Paul McCartney put a halt to a series of pre-show press conferences, saying he was tired or dealing with questions that only seemed to pertain to The Beatles, a band with whom he's not played in nearly twenty-four years.

BRIAN MAY

The new Brian May song, DRIVEN BY YOU, began as a soundtrack to a Ford television spot in England.

REGINA BELLE

From 1985-87 Regina Belle was touring with The Manhattan 5 Stars and didn't become a solo artist until the release of her debut single, SHOW ME THE WAY, from the album All By Myself.

ELTON JOHN

The post-Oscar party thrown by Elton John in Los Angeles last month raised \$150,000 for the Elton John AIDS Foundation. He was so pleased with the results that he and underwriters Coca Cola will do it again next year.

LENNY KRAVITZ

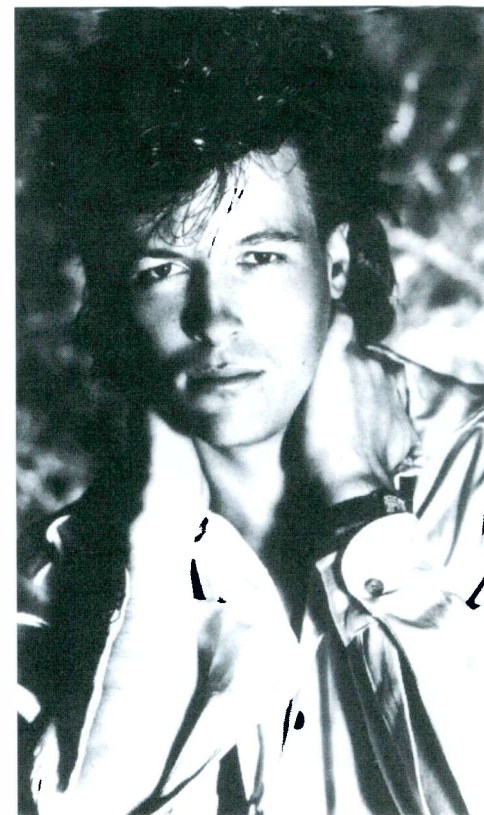

Among Lenny Kravitz' most cherished possessions in his Manhattan SoHo apartment is his large collection of vintage 78 rpm records and a pet python.

SHAWN COLVIN

I DON'T KNOW WHY was written by Shawn Colvin a decade ago. She almost didn't put the song on her new album, Fat City, because she was concerned that it didn't fit in the context of the set's other songs, which she also wrote.

BON JOVI

The now-famous haircut Jon Bon Jovi got before the release of the current Bon Jovi album, Keep The Faith, is probably a permanent change for the former long-haired rock star. Jon says, "I'm very happy. I don't think I'll ever have long hair again." Seems the first time Bon Jovi was on the cover of Rolling Stone in 1986, the first two paragraphs were, much to his annoyance, about Jon's hair, not the band's music, and Jon would rather his hair not be the focus of anyone's attention.

JACK WAGNER

After graduating from the University of Arizona in 1982 with a degree in drama, Jack Wagner moved to Los Angeles becoming a tour guide at Universal Studios where he won the role of Frisco Jones on ABC Television's soap "General Hospital," a part he played for four years. He reprised it briefly in 1991 and then became a regular on the now-cancelled soap "Santa Barbara."

VAN HALEN

JAZZ/AA NEW RELEASES

courtney pine to the eyes of creation

TO THE EYES OF CREATION - COURTNEY PINE (4TH & BROADWAY/ISLAND)

Saxophonist Courtney Pine is not simply content to be Britain's most credible jazz name. In fact, Pine seems engrossed in two crusades: a focused musical well-being and peace of mind. Both quests lead to the same fork in the road—and then what? *To The Eyes of Creation* is a continuance of his jour-

ney. Pine's previous release, *Closer To Home* proved, after repeated listening, to be an ambitious intermingling of reggae and jazz. Now he tackles inspiration, redemption and meditation. Tracks like **Bob Marley's** "Redemption Song," the liturgical "Psalm" and the spiritually-charged "Healing Song" affords more commercial Jazz/AA stations to go past blissful melodies and toward music that's substan-

tial and urgent. But TTEOC's air-play possibilities don't stop there. In fact Pine's newest exhibits a split personality. Diehard acoustic jazz playlists can embrace the post-Coltrane inflamed antics of "Country Dance" and "Cleopatra's Needle," while Wave-type stations can also program the breezy vocal piece, "Life Goes Around" or the Jamaica-revisited "Eastern Standard Time."

NEW RELEASES

BY LISA SMITH & CYNDI HOELZLE

TANYA TUCKER with DELBERT McCLINTON - Tell Me About It (Liberty)

"Tell Me About It" heats up quickly and Tanya and the equally legendary Delbert McClinton keep the flame on high 'til they burn the house down.

MARY-CHAPIN CARPENTER - The Hard Way (Columbia)

Mary-Chapin just keeps raising the stakes by consistently releasing excellent music. How can anyone doubt the quality of our format with records like this on the radio?

MARTY STUART - Hey Baby (MCA)

As our resident Marty expert Lisa Austin says, this record's charm lies in its sweet innocence. "Hey Baby" is the kind of song that you just can't resist.

DIXIANA - Now You're Talkin' (Epic)

Sultry-voiced Cindy Murphey brushes aside the small talk and cuts to the chase. It's a great sounding single with a nice groove.

JOHN ANDERSON - Money In The Bank (BNA Entertainment)

Wow. Coming off the near-platinum success of Seminole Wind, John is fueled up and ready to go. It's the first single from his upcoming Solid Ground album and you can count on its hit status like, well... money in the bank.

and **Chris McKay** moves from middays to afternoon drive...WQSI-Frederick is also making a couple of changes with their air staff. Former WGTy-Gettysburg part-timer **Bob Miller** takes over the morning show and **Paula Sangeleer** moves from evenings to middays...WCDK-Duluth has changed their call letters to WUSZ and will now be known as USA Radio...**John Brooks** tells us that WCTQ-Venice is starting to sponsor a series of New Faces concerts at the Sarasota Opera House. The first of the series is on April 10 and features **Martina McBride**.

SAN FRANCISCO DAYS - CHRIS ISAAK (REPRISE)

Chris Isaak's latest release finds him in transition. With the departure of guitarist James Wilsey (who does appear on an undisclosed portion of the album), Isaak's sound goes through a major overhaul. While some will miss Wilsey's lonely surfer licks, hardcore Isaakites will welcome the new adventure. Isaak still borrows from plenty of musical eras, from forties movie rumbas to fifties punk, to sixties surf to seventies—well, forget the seventies. Here we are in the nineties and Isaak is fiercely face forward, melding the past with an honest, under-produced gaze into the future. "Can't Do A Thing (To Stop Me)" is one of those trax that instantly stands out from the rest, an excellent single choice that encompasses all of Isaak's attributes. "Move Along" is also an absolute closer. Cool period cover packaging to boot.

SUEDE (nude/COLUMBIA)

While it's not unusual for British bands to be influenced by David Bowie, very few of them successfully emulate his youthful experimental period circa *Man Who Sold The World* and *Hunky Dory*. Remember, it was Bowie who cut across class and sexual barriers, as everyone from fems to bricklayers dug in to his scene. Suede emulates Dave Bowie's ambiguity with their own additional and original skill. Well aware of the value of texture and the occasional light touch ("She's Not Dead"), Suede mixes dissonance with lilting expressionism. Singer Brett Anderson and guitarist Bernard Butler have a natu-

ral writing and performance chemistry that's to be admired. If they can avoid the usual hazards, by all indications they could be the next link in the Jagger/Richards, Stewart/Wood, Bowie/Ronson, Morrissey/Marr chain.

HARBOR LIGHTS - BRUCE HORNSBY (RCA)

Since his explosion, Bruce Hornsby has seen three albums do well, toured with the *Grateful Dead* as a stand-in, written a big Don Henley hit, appeared on over thirty albums as a guest and recorded his first pure solo album, *Harbor Lights*. *Harbor Lights* is a trio album cut with Range drummer John Molo, Yellowjacket bassist Jimmy Haslip and augmented by performances from such esteemed guests as Pat Metheny, Jeff Lorber, Fishbone's John Bigham, Phil Collins, Branford Marsalis, Jerry Garcia, Bonnie Raitt, and more. Like Sting, Hornsby hatched this one at home. Also like Sting, a jazzy feel creeps into the chord structures. As evidenced by the insightful liner notes, *Harbor Lights'* intentions are clear and Hornsby seems at peace with his progress. I like the tranquility of "Fields Of Gray" and the kinetic, computer-driven energy of "Rainbow's Cadillac." Other faves include the hot title single and the true solo cut, "What A Time."

THE NAKED TRUTH - GOLDEN EARRING (FIRST QUAKE)

Okay, you've got your Eric Clapton and Paul McCartney *Unplugged*. You've got Bruce Springsteen *Plugged*. Not be undone at home in their native Amsterdam, Golden Earring donned acoustic guitars and rummaged through the repertoire. Stripped to *The Naked Truth*, the whole idea revitalizes the band, especially on the killer acoustic seven minute rave-up of "Radar Love." Face it, has there ever been a better all-night high-

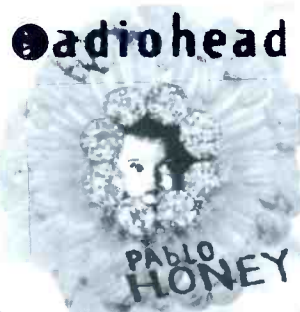

way song to grip the steering wheel to? Even left to their own acoustic devices, these guys still know how to generate their own electricity.

'TURGANINI" - MIDNIGHT OIL (COLUMBIA)

Turganini was an Aborigine who lived in the nineteenth century. Her tale was a grisly one. On the song that bears her name, Turganini serves merely as a passing reference to a modern statement. "Turganini," the tune, is much more universal, full of *Midnight Oil's* patented melodic edge. Great stuff!

"REGRET" - NEW ORDER (QWEST/WARNER BROS.)

Love this one! New Order have always found a way to marry hip and melody. All strains of progressive radio should appreciate this one, a nicely landscaped and layered song that sticks in your head. Killer chorus! I prefer the band's own "New Order Mix."

PABLO HONEY - RADIOHEAD (CAPITOL)

Here's an excellent new band. From "Creep" we already know Radiohead can be both moody and clever. On *Pablo Honey* we find that they are more than able to get down to the business of being a force of the foreseeable future. Pablo Honey is a consistent winner from stem to stern. "Stop Whispering" vaguely recalls early U2 while "You" and "How Do You?" are more Radiohead. "Anyone Can Play

Guitar" adopts a more inclusive attitude, hence the title. Not coy about their roots ("I wanna wanna be Jim Morrison"), Radiohead's straight talk eliminates much of the distance between audience and performer. In other words, these guys are instantly likeable and well on their way.

ACROSS THE BORDERLINE - WILLIE NELSON (COLUMBIA)

These are tough times for Willie Nelson, who has always been there for most anyone needing a hand. Allegedly sold down the river by his accountants, ruthlessly hounded by the IRS, sponsored by Cuervo Gold and now singing for Taco Bell (and donating the proceeds), wouldn't you know it, in the midst of it all Willie makes his best music in over a decade. With *Don Was* (his best production since *Nick Of Time*) at the helm, *Across The Borderline* is a burrito supreme with lots of stuff that looks good on paper and sounds even better on digital biscuit. Skip past that opening vocal wrestling match with Paul Simon's "American Tune" (okay, not everything works perfectly) and you'll hear a whole wagon-load of creative collisions. Most impressive is Willie and Sinead O'Connor on Peter Gabriel's "Don't Give Up." They give the song a sadness lacking on the original. On "What Was It You Wanted," Willie interprets the meanness of Bob Dylan not heard on the original Daniel Lanois production. And there's more: Bonnie Raitt on "Getting Over You," a deadly John Hiatt tune ("The Most Original Sin") and Bob & Willie's beautifully autobiographical "Heartland" ("My American dreams/fell apart at the seams"). I still believe that Willie is one of the treasures of the late 20th Century. Without him (and Waylon), Country music certainly would not be in a billion households. *Across The Borderline* spreads the word to those growing legions of adult rock stations who know a great stylist when they hear one. Dig it without fear.

NEW ORDER - "REGRET" (QWEST/WARNER BROS.)

In talking to people on the phone this week, I got the impression I'm not the only one pleasantly surprised by New Order's latest single, "Regret." And, it seems I'm not the only one enjoying the racket that guitar is making. Wait? Guitars and New Order? Yup, and the combination is unbeatable, as this week's Most Added honors will confirm. After a long hiatus from New Order (Bernard Sumner spends time in Electronic, Peter Hook had his solo work and then there was the aptly titled project, The Other Two from, yes, the other two), the foursome seem rejuvenated and ready once again for airwave domination—and "Regret" will be the song take New Order to the top. In its first Add week, this track has already managed to debut at 40—no easy feat, I assure you. And rest assured, it's only the beginning for New Order. LINDA RYAN

L-KAGE - "MY HEAD'S ON FIRE" (A&M)

Sounds like "My Head's On Fire" would be a song about the hang-over blues, huh? One listen to this Mitch Easter-produced offering and you'll automatically rule out that it's one of those tentative, shrinking violet kind of day-after songs. And anyway, if I'm hearing things right, it's a girl who lit the match, not a bottle of booze—

a concept I'm sure more than a few of you can relate to! As you might expect with a song produced by Mitch "I was the first to produce R.E.M." Easter, there's plenty of jangly guitar and a super-crisp drum sound—two qualities that help this uptempo pop song shine brightly. Taken from the soon-to-be-released album, Brazilliant. LR

RADIOHEAD - PABLO HONEY (CAPITOL)

I know that many programmers who are fans of the song "Creep" will put Pablo Honey into their CD player wondering if, by the end of it, they'll call themselves fans of Radiohead. It's a fair approach to an album and one that, when tried, is certain to garner plenty of new-found fans, as Radiohead's debut is one firecracker of an album! If you're

looking for an entire album of carbon copy "Creeps" then don't even bother with Pablo Honey because it employs many different sounds and intensities. "How Do You Do" is a riot-inspiring glimpse of the glam/punk past while "Lurgee" is a slower song that evokes dark shades of the Velvet Underground, with the rest of the album falling somewhere in between these two extremes. Sometimes these extremes are prominently displayed within the same song. For example, like "Creep," "Stop Whispering" starts on an innocuous note, but midway through the calm demeanor dissolves, and the ensuing din could be described as Radiohead's wake-up call to the "Blank Generation." And yeah, it's my favorite song on the album. Other nuggets include "Anyone Can Play Guitar," "I Can't" (ha ha) "Ripcord," "Vegetable," "Prove Yourself" and one final plug for the smash(it up)ing

ALTERNATIVE NEW RELEASES continued

"How Do You Do?" Pablo Honey is one helluva debut! LR

PJ HARVEY - "50 FT. QUEENIE" (ISLAND/PLG)

PJ Harvey's sophomore effort, *Rid Of Me*, is previewed on this four-track sampler, and "50 Ft. Queenie," the lead-off track here, is the album's first single. On this release, frontwoman Polly Harvey seems to have gained more confidence in her songwriting, as she's no longer bothering with almost-coy retreats from her explosions of anger (as she did on last year's debut). Instead, "50 Ft. Queenie" is a no-punches-pulled driver. Other treats on this EP are its two final offerings, Harvey's demos of songs that (I assume) will be included in finished Steve Albini-recorded versions on the full-length. The remarkable demos call full attention to Harvey's expressive, pliant vocals. Sweet! SEANA BARUTH

MONSTER MAGNET - SUPERJUDGE (A&M)

Monster Magnet have taken the metal out of the heavy metal equation and plugged in psychedelia instead. The result (you guessed it) is heavy psychedelia (dosed with a touch of la grunge) that's harder-hitting than you ever imagined psychedelia could be.

Superjudge, the band's A&M debut, follows one disc on Caroline and a handful of singles/EPs on Glitterhouse, and it's glorious in its drug-tainted excess. Now that I'm old, I'm not often drawn to music like this, but something about Monster Magnet pushes all the right buttons and has me headbanging right next to Gavin hard rock guy Rob Fiend, who said, "just make sure you mention pot and squealing pigs when you write that Monster Magnet review." Done. Check out "Twin Earth" particularly and "Cage Around The Sun" and the sitar-drenched "Black Balloon" as well. SEANA BARUTH

SUGAR - BEASTER (RYKODISC)

No more appropriate date to release a thirty-two-minute short form disc than at tax time. Here are a half dozen new songs from the group that's straying further from the label, "Bob Mould's new band." "Come Around" is a mainly instrumental invitation with a pair of Mouldy guitars layered over each other and blissed out vocals. Fans of faster stuff will delight in the breakneck pace of "Tilted" while "JC Auto" slips listeners tracts of Bob's guitar-driven religion. Traditional Christian references abound, from the title *B(Easter)* to lines about throwing stones, Judas, and nailing hands. The printed lyrics reveal that Mould is confronting demons and he confesses that he needs time to heal. The final track, "Walking Away," employs a cathedral organ to great effect as Mould's vocals float into near ecstatic realms. Hearing Sugar sound great on slower songs is a pleasant surprise that makes a full-lengther worth waiting for. DAVID BERAN

alternative inside

I hope you all enjoyed April Fool's Day. It was tough finding stations that actually acknowledged the day, but here are a few who did:

The nation's capitol was treated to a first-rate prank that centered around WHFS MD **BOB WAUGH**, who, as most of you know, hosts the station's morning show. No one came to relieve Bob from his duties until past seven o'clock that night! According to Waugh, the idea came from an April Fool's prank played on the air back in the mid-eighties on WLIR. During his marathon shift, Bob was visited by afternoon guy **PAT FERRISE**, who mysteriously developed a nasty case of laryngitis and couldn't do his show. Another prank while on air was to "break into" the staff lockers and unearth some vintage airchecks—including one from 1974. These were played (commercials included) to "get revenge" on the staff that abandoned Bob. And how the WHFS listeners respond? "They were really supportive," Waugh laughed. "They sent over pizzas and called with words of encouragement all day. It was really fun."

On the other side of the country, Los Angeles was treated to the best in schlock as KROQ went "Groovy Hits Of The Super '70s." Songs like Firefall's "You Are The Woman," KC And The Sunshine Band's "Get Down Tonight" and Jim Croce's "Time In A Bottle" were dusted off and put into rotation, much to the chagrin of their audience. KROQ MD, **GENE SANDBLOOM** explains that, "Everything was changed that day, from us giving away bean bag chairs to our news reports and concert calendar. We even changed the station's processing so the jocks all sounded deep and echoey." And how did the KROQ listeners respond? According to Sandbloom, "We've never received so many calls in the history of the station! At first the listeners thought it was a real format change and they weren't very

happy about it. Gradually, the responses went from hesitation and complaints to "This is the most incredible thing!" Sandbloom also notes that over six hundred listeners called in that day.

In Phoenix, KUKQ's **JONATHAN L** decided against the overt April Fool's Day prank, but did allow popular creep

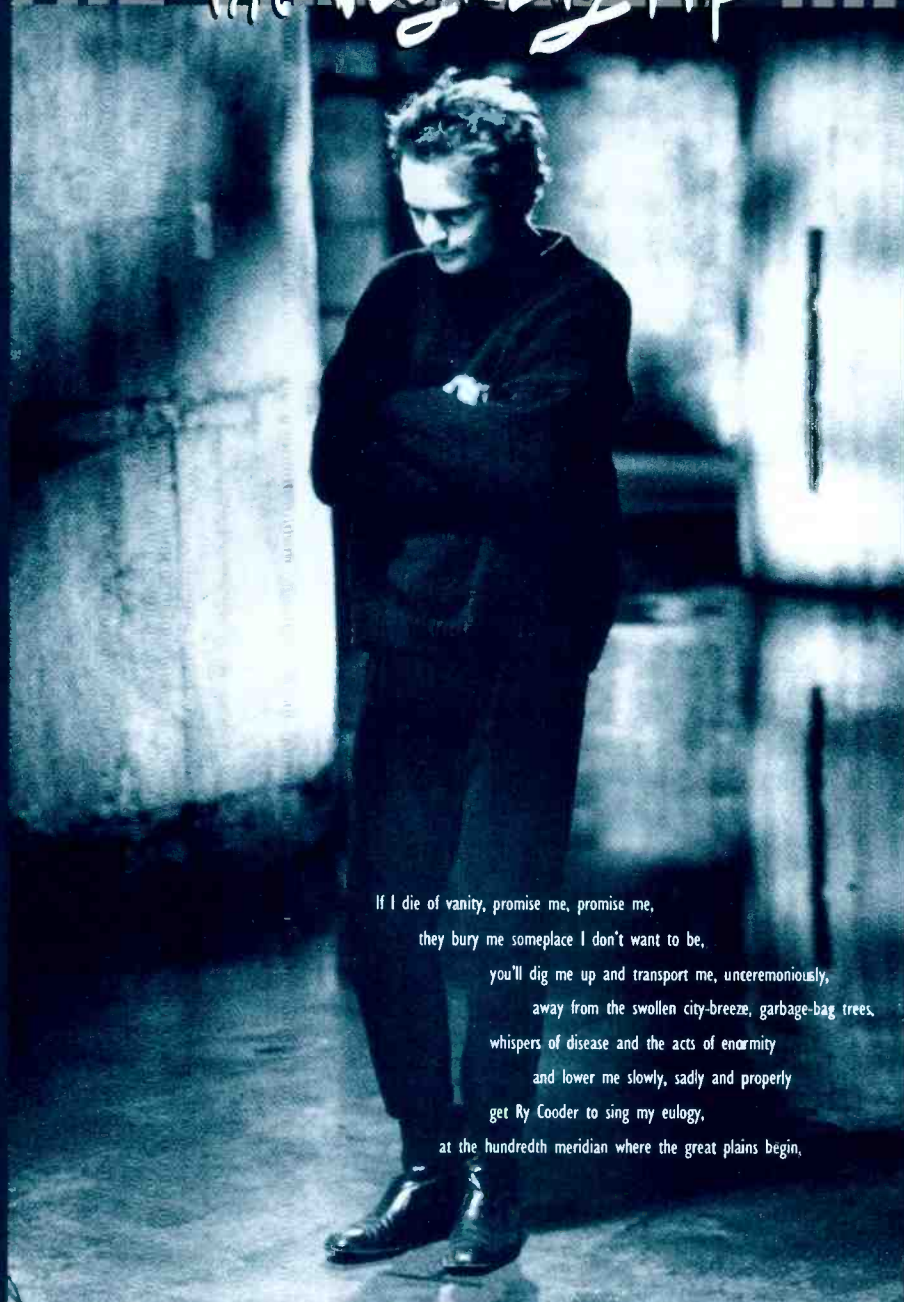

CHRIS MARS to host the entire afternoon drivetime show. Chris played on the air acoustically, and got to choose a good portion of the music as well.

In San Francisco, **LIVE 105** teased listeners for days with drop-ins reminding them of past pranks. Song beds for these drop-ins included Billy Ray Cyrus and The Monkees, so listeners didn't quite know what to expect—only to expect something. The joke was on them because come April 1, Live 105 did nothing! **RICHARD SANDS** explains, "This year we were just too lazy to try to top ourselves, and this seemed an original twist on all the corny things other radiostations do, and did."

Actually, I'm willing to bet that Live 105 just had too many other irons in the fire, because hot on the heels of their April Fool's Day prank, **LIVE 105** presented the first in their year-long series of free concerts, with **THE JUDYBATS** and **RIVERIDE** providing the entertainment at a noontime concert in Union

If I die of vanity, promise me, promise me,

MORE TO COME

Square. And if I may stroke them just a tad more, in keeping with the season, Live 105 devoted all day Easter Sunday to the modern rock classics of the seventies and eighties, calling it "Resurrection Sunday." That Live 105 gang is so clever!

WRAS' **BETH LITRELL** has found greener pastures at Capricorn Records. **LANIE BARRETT** is the new MD, so give her a shout at (404) 651-2240.

In the wake of the Oscars, **SEANA BARUTH** and I would like to present a statuette for "Single Of The Week"—style, not content—to C/Z's **TIM COOK**, whose "Love Ballad To Barbara Dollarhide" has not only the distinction of being the format's truly Post-Modern release, but it's made Seana really jealous as well. Which just goes to prove that love hurts—almost as much as listening to this song does.

Have you checked out demi-god **JOHN PEEL**'s new program? There are fifteen tracks of bizarre, twisted music to be found on his new CD, including the hard-to-find import of **THE UKRANIANS**' version of **THE SMITHS**' "Big Mouth Strikes Again." Find it and check it out. I think **BELLY**'s going for the

all-time record for how long a band has been at Number One, and I can't be sure, but I think they've succeeded. **FRANK BLACK**, however, made a big dent in the point margin between

the two bands and has a real shot at the top next week.

WORLD PARTY, with a 15-9 move, is the only new artist to squeak into the Top Ten this week, thanks in part to **HEAVY** support from WFNX, WHFS, 91X, CFNY, KRZQ, KTCL and many others.

CHRIS ISAAK makes a big 38-24 move this week. There are thirty-two stations supporting his latest, with 91X already reporting Top Five phones!

Our highest debut this week (and therefore **TOP TIP**) comes from **PORNO FOR PYROS**. A dozen new stations come in this week, including CIMX, WDST, KDVS, KACV, WBER, CFNY, KTCL, WCBR, etc.

A move worth watching from **AMERICAN MUSIC CLUB**, as "Over And Done" jumps 48-29! There are thirty-one stations on, including four new: WRAS, WHTG, KZSC and WDCR.

A high debut (34) from Washington D.C.'s **VELOCITY GIRL**, who are currently on tour with **BELLY**. Support for the band's latest effort grows as eight more stations report ADDs this week.

NEW ORDER had enough ADD points this week to debut—a feat that doesn't happen very often on this chart. With immediate

(and substantial) support from the likes of 91X, WXRT, X96, KDGE, KROQ and LIVE 105—among countless others—there's no way this track could miss.

With the countless releases from core artists floating around, please don't forget about some newcomers that will seriously rock your world if you give them a chance. A few in particular:

RADIOHEAD's full-length album, Pablo Honey, is out and full of potential singles. If, for some very strange reason, "Creep" isn't doing it for

you, check out "How Do You Do" and "Stop Whispering." And for you holdouts, KROQ, KBAC, KKDJ, THE END, 91X, X96, plus fourteen new stations are on this one.

SLAUGHTERHOUSE 5 is doing well for those stations that are playing it, including X96, WCHZ, WCBR, WRAS and WHTG. Tracks to coerce you on include "Sometimes So Close" and "If She Leaves Me Again."

Finally, there's **THE CRANBERRIES**, whose "Dream" single is taking over my CD player. Stations that have had success with **THE SUNDAYS** (and who hasn't?) should pay attention to this one, like KTCL, LIVE 105, KACV, KBAC, KCRW, WDCR and WUMS—who have just ADDED it.

Okay, so there you have world of great music, according to yours truly. Anything else? Oh yeah, don't forget your sunblock and go see at least one live show a week. That'll be ten bucks, please.

PERSONAL PICKS

SINGLES by Dave Sholin

DURAN DURAN - *Come Undone* (Capitol) Surpassing all expectations, this foursome is undoubtedly the comeback story of 1993. It's no surprise to see them dominate this week's MOST ADDED stats. Double D has definitely taken it to the next level and audiences can't help but respond in a big way.

GEORGE MICHAEL AND QUEEN - *Somebody To Love* (Hollywood) Though it's impossible for anyone to fill Freddie Mercury's shoes, George Michael is nothing less than brilliant in his role as vocalist on the cover of Queen's 1977 hit. The track is from a five-song EP called *Five Live*, and Michael is donating his take to the Mercury Phoenix Trust for AIDS charities. A worthy cause and a powerful production.

DAVID CROSBY AND PHIL COLLINS - *Hero* (Atlantic) What a week for star power, something the format can never get too much of. Hearing

these two pros blend their unique musical styles is an absolute joy. The duo is joined by some of the finest players in the biz and are bound to make even more music history with this beautiful tune.

BON JOVI - *In These Arms* (Jambco/Mercury) Taking a new direction has paid off for Jon and Company. It was almost a foregone conclusion that this track from *Keep The Faith* would eventually land on everyone's desk as a single. A fresh blast of uptempo Pop/Rock, killer chorus and all.

POISON - *Until You Suffer Some* (Fire And Ice) (Capitol) While Poison and Rock go hand-in-hand, the band has achieved some of their biggest Top 40 success via ballads like "Something To Believe In." Now minus C.C. DeVille and with producer Richie Zito to guide them, they go the sensitive route once again. Relatable and believable.

AARON NEVILLE - *Don't Take Away My Heaven* (A&M) Hear the name Aaron Neville and the first thing that comes to mind is his amazing singing voice. Smooth as ever and loaded with adult appeal, this is the perfect artist to handle yet another gem from Pop music's prolific "Wonder Woman," Diane Warren. One listen should do it.

LINDSEY BUCKINGHAM - *Don't Look Down* (Reprise) Those lucky enough to have witnessed Lindsey and his band during their recent swing across the country will remember it as one of the music world's finest hours. Everyone walked out a believer. As writer, producer and artist he simply creates songs that sound great on radio. This latest effort is just one more example. If you haven't received "Don't Look Down" yet, a copy will arrive in the next few days.

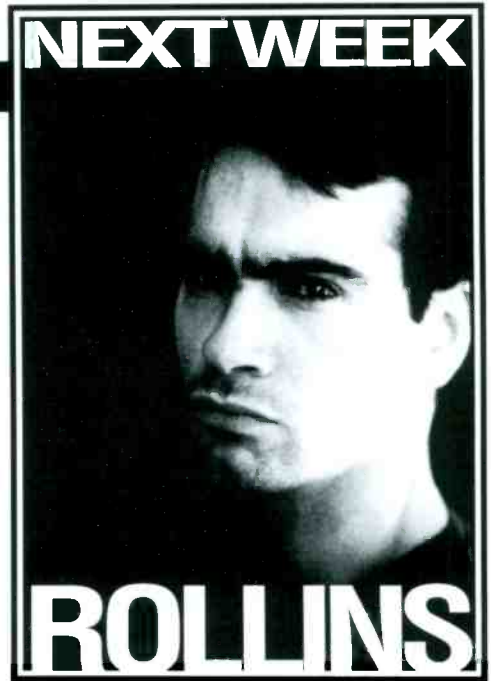

ALBUMS by Ron Fell

ROSANNE CASH - *The Wheel* (Columbia) Could this be the disc that brings Rosanne Cash her due? In the span of just the first five tracks we've got at least four of her best songs ever. The opening title track, *THE WHEEL*, is a full-circle swirl of emotional circuitry in which Ms. Cash sings of a dusk-turns-to-dawn romantic metaphor. That's immediately followed by the first single, *SEVENTH AVENUE*, a melancholy serenade sung from a room with a view. Probably the set's most transparent window on Rosanne's world is *CHANGE PARTNERS*, a song about changing horses in mid-stream. Jumping to the fifth track, on *YOU WON'T LET ME IN* our heroine is renewed in faith and conviction to the point where she's knockin' down the door on a previously reserved obsession that gives the track a specifically bold quality.
