TOP PRIORITY

The Smashing Pumpkins, "Bullet With Butterfly Wings," Virgin

Talk about coming to the party dressed for success. The Smashing Pumpkins make absolutely no attempt at resting on their laurels here. As intricately woven as it is nearly perfectly immediate, "Bullet With Butterfly Wings" has to be your Top Priority this week. The first single from the double CD <u>Mellon Collie and the Infinite Sadness</u> expodes with musicality. The dangerous blend of firey guitars and water-smooth arrangement breaks ensures this song's distinctiveness on your airwaves. The Pumpkin credibility makes this an obvious chance for you to stir up the cauldron, and crisply crack open the varnish of familiarity with

their bet-hedged adventurousness - music that wraps itself up in the moody season-changing winds of October like hands in gloves. **KEGL**'s **Duane Doherty** says "It sounds fucking great. I played it twice already and we're getting some serious phones on it." **KQRC**'s **Doug Sorenson** muses "I think it will be a huge hit. If my hair was longer, I could swing it to it." **KISS**'s **Kevin Vargas** says "This is a great record. They've been gone long enough to make them desirable again."

CURRENT ORIENTED ROCK

Hum "I'd Like Your Hair Long," RCA

Illinois band Hum made the rounds of the high-profile radio station events during the summer, impressing many with their tightness and powerful show. They came out of nowhere with their distinctiveness, and continue the story with this one, an intriguing follow-up that is, in many ways, as distinctive as "Stars." You'll find that this is a band that has plenty more to say at COR than one song can fit. They are showing up as a viable artist, both Alternative and COR can embrace.

Melissa Etheridge, "Your Little Secret," Island

Drawing from the live energy of her recent touring performances, "Your Little Secret" features the smoky and tortured vocal touch we've come to bleed for, and a classic rock guitar/bass/drums feel that hasn't really ever been part of her recorded repertoire. With a bit of retro rock blast, Melissa steps back to leap forward and produce one mean ol' rock radio track. **KEGL**'s **Duane Doherty** says "I can actually play this track. Melissa has grown some balls." **KISS's Kevin Vargas** sees it as "Very surprising.

Who would have thought she'd ever have balls again. That woman's always had a great voice, and now she has reapplied it to something viable for rock radio." **KLOS's Carey Curelop** calls it "Really good. She's rocking. We were a little worried that she might end up in the A/C Hall of Fame - from what we've heard so far, she's come back with a rocker. We're happy about it." **WRXK's Greg Gillispie** says "It's good because it's probably the most rocking record she's done. It just re-establishes her credibility at the format and shows she can be a rocker." **WRUF**'s **Harry Guscott** calls it "Very strong. It rocks, and it sounds like AOR's record."

WORKING CLASS HERD A TRIBUTE TO JOHN LENNON Hollywood

WORKING CLASS HERO

The versatile compilation we've been hearing about has finally

arrived, and it is full of airplay possibilities for you. Many are picking the Blues Traveler version of "Imagine," some are going for the rockin' Cheap Trick cover of "Cold Turkey" and other efforts from Red Hot Chili Peppers, Candlebox and even George Clinton with P-Funk guitarist De Wayne "Blackbyrd" McKnight. **WTPA's Dina Wagner** says of the Cheap Trick track "This is great and so is Collective Soul doing 'Jealous Guy.' We are throwing in some other tracks, so we gave it an LP add." **WRXK's Greg Gillispie** says "It's far too early to get any response but I am impressed with it. Impressed also that they're giving half the money to spay and neuter animals. Everybody for the most part brought something unique to the table with their version of these songs."

SILVERCHAIR "Pure Massacre," [pic

Silverchair Frogsfond

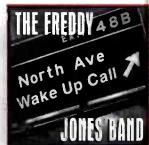

Great song, a mysteriously young Australian band, and a better-thanaverage Vedder sound-alike vocal all

contributed to the chart-topping success of "Tomorrow" for Silverchair. "Pure Massacre" goes a step further in establishing this band as a viable artist for the format. This one sounds a little more complex and interesting on the air. It's a solid followup. **KILO**, **KUFO**, **KUPD**, **WRRV** and others added it this week, joining **WAAF**, **WAXQ**, **WLZR**, **WRCX**, **KLOS**, **KISW**, **X107**, **KQRC**, **KSJO** and others, as it moves 83-82*.

SELECTIONS

FREDOY JONES BAND. WAITRESS. CAPRICORN

The Freddy Jones Band has made things click by fusing a medlody-rich vocal blend with a slicker Allman Bros-ish feel. The sound they project is radio-ready, and in this effort,

the rock knob is turned up a bit. KSPQ, KZOZ, WARQ, WAVF and others added it this week, and WGLF is already on.

PAGE/PLANT. Four Sticks." Atlantic

They're out on the road, rolling through the fruited plain throughout October, and in tribute to the tour we've got another single. "Four Sticks" is included in this group of Page/Plant "Unplugged"

Zep tunes as a tip of the hat to John Bonham, and is replicated with a powerful stroke by Michael Lee, who utilizes four drumsticks simultaneously on the cut.

,SPACEHOG In The Meantime," Sire

This one's gaining ground at COR with its fun, somewhat punk vibe and melodic manifestations. **KILO's Rich Hawk** calls it "Very hooky. It reminds me of T Rex." **KRZZ's Greg Bergen** even goes as far as to suggest "It's like what

David Bowie should have put out." **ZROC**'s **Pat Dawsey** says it's a song that "Seems to have all the qualities of a hit record. Strong hook, memorable melody and lyrics."

GOD LIVES UNDERWATER, "All Wrong," American

Benefactors of the Rock Alliance being fostered by **KLOS**, **KBPI**, **KEGL**, **KISW**, **WAXQ**, **WKLQ**, **WLZR**, **WRCX**, **WZTA** and others, this effort from the band's first full-length effort is something

special, indeed. This band knocked us out with their EP from earlier in the year, and we think you'll want to buy in now.

OZZY OSBOURNE OZZMOSIS

Featuring the instasmash "Perry Mason"

Hard COR 42-12*1

#2 Most Requested Nationally!!

"Huge requests! His show sold out in about two minutes. He's a very big star in this town." — Carey Curelop/KLOS

"The concert here sold out in 15 minutes. Very strong calls, and from older demos than we expected." — Doug Samman/KORC

"Freaking huge! Even young guys who you'd expect to hear say, 'Def Lep is over, alternative is the wave of the future' are into this record." — Keith Maxters/WLZR "Ozzy is a monster in San Antonio. From low to high, Ozzy is one of **The Men** in this town." — Kevin Vargaz/KIS5

"Monstrous! He is the Mothra of our radio station right now. We play this track and literally get requests for it ten minutes later." — Todd Heft/WCCC

"Smash! Unbelievable phone response. Requests after the first time we played it." --- Jim Fox/WMF5

TOM COCHRANE. Wish You Well," Capitol

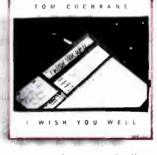

"Life Is a Highway" erased the former Red Rider from the "before" category, and placed him firmly in the stead of the new artists viable at COR. You'll find that this track

builds from lonely, barren intro into a pace and texture rivaling fellow countryman Bryan Adams indeed. Early adder **WDVE** is joined by adds this week at **KEYJ**, **KSPQ**, **KTYD**, **KZOZ**, **WDHA**, **WMMR**, **WIZN** and others.

PETER FRAMPTON, "You," El Dorado/IRS

One of the masters of melody is back at radio with *Frampton Comes Alive II*, a sequel of sorts collected from a recent Fillmore two-nighter. And culled from this collection is this

solid number from his most recent stable of tunes. "Day In The Sun" chased up the charts for Frampton in '93, adding new creedence to his whereabouts, and more possibilities for rock radio airplay in the '90s. The song is strong, and he's in classic, radiofriendly voice.

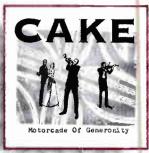

FRAMPTON COMES ALLYE

OTHER CUTS

CAKE, JOLENE, CAPRICORN

When you think about the success that this band has attained at cross-format rock radio already this year, the relative ease of trying out another track from them should be apparent. This band has more musicality and intrigue in

its corner than both previous singles have, combined. And "Jolene" proves it, in one full dose.

RED HENRY. "Atlas" Blackheart

Red Henry empathizes with the mythical Atlas and substitutes Everyman in the burdensome role of holding aloft the world for yet another day. Defiance and determination is the storyline and so is the attitudinal tone set by the simmering, jangly 3-alarm guitars balanced by a liberal dousing of cymbal splashes. They produce a white hot demonstration of what Bryan Adams used to sound like — with sharpened edges on both the disposition and demeanor meter. -JH

JOE GRUSHECKY & THE Houserockers, American Babylon, Razor & Tie

Who? Joe's the Pittsburgh native who's been selling out some East Coast clubs of late, and sporting a guest guitarist by the name of Bruce Springsteen from time to time. The

Boss produces this record, and his guitar playing is all over it, with the occasional background vocal part. Grushecky is lyrically interesting, and holds a slightly Dylan-like vocal prowess against a Springsteen-like pacing. The combinations on the record are intruiguing, especially the title track.

REPORT CARD

BLUES TRAVELER, "HOOK" A&M

New: KLPX, WDIZ. WDRK. WTGE, WZZQ, WZZR Up: KJOT, KLAQ. KLOS. KTYD, KZBB, WBAB, WDHA. WGRX, WHMH, WIZN, WMMR, WRUF, WRXK, WSFL, WSFM, WTPA, WVRK, WXRC, WZZO

Down: KATP, KICT, KRXQ, KRZZ, WIQB, WKLQ, WOZN, WXKE Rank: 35-27*

KLOS (B-21 PPW WKS-ON:3) PD Carey Curelop

"We like the way it sounds. It's gonna be with us for a while. It's just now starting to test. Is it gonna be as strong as 'Run-around'? No. But 'Hook' is pretty good in its own right." KLAO (B-19 PPW WKS-ON:5) PD Mike Ramsey

"It's already made our Top 5 requests the last three or four weeks. A little harder to get, but ultimately the melody and the lyrical content will carry it to equal or greater heights."

KRZZ (B-19 PPW WKS-ON:11) MD Greg Bergen

"It's a Top 3 record for us and has been for over a month. We saw sales spike when we started playing it a lot more. No negative calls, just requests."

WGRX (B-18 PPW WKS-ON:1) PD Brian Beddow

"Our largest jumper in spins. It's another strong song...they're legit. I think it proves that `Run-around' wasn't a suprise or a onehit wonder."

WRUF (B-15 PPW WKS-ON:3) PD Harry Guscott

"Don't think 'Hook' would stand on its own, but it's a good follow up. Analogous to 'Ants Marching' from Dave Matthews."

BOTTLE ROCKETS, "RADAR GUN" TAG/ATLANTIC

New: KEZE, KLAQ, WLZR, WRIF Phones: KATP, KEYJ, KSPQ, KTUX, WOZN Added Last Week: KEYJ, KJOT, KRAD', KTYD, KZAK, WAVF, WKQZ, WPLR, WXTB Rank: 45-36*

KEGL (B-34 PPW WKS-ON:4) PD Duane Doherty

"Radar Gun' is the #1 requested song. It's the biggest phone record we've had in quite a while and it's a great sounding track."

ZROC (B) PD Pat Dawsey

"Craig (my midday guy) has been telling me 'Everytime we play it somebody wants to know who it is.' He said a lot of cops are calling for it. It has one of those universal sounds. The name of the band and the song are both very easy to remember."

KFMZ (B-17 PPW WKS-ON:4) PD Paul Maloney

"`Radar Gun' is hot! They're heroes around here. People like this song."

KRAD (B-17 PPW WKS-ON:1) PD Jay Gleason

"Getting the curiosity calls. I think it'll do well for us." KRZZ (B-10 PPW WKS-ON:4) MD Greg Bergen

"Moving it up...our #1 night-time request record. Already getting calls after 5 plays."

KTUX (B-26 PPW WKS-ON:3) PD Randy Robbins

"As of this week they're up to 29 spins for next week. Good radio record."

WDHA (B-20 PPW WKS-ON:4) MD TJ Bryan

"Doing great...sounds fantastic on the air. We've had people calling for the version the band did in our studios a couple weeks ago. Nice to have format exclusivity on this record."

WWBR (B-26 PPW WKS-ON:1) PD Walt Brown

"Hard track to guage. When it was first released we played it and it didn't do anything. Now it'll probably be a Top 10 hit. Plus, they're headlining our Halloween party. It makes it all pretty obvious, don'tcha think?"

WZZO (B-23 PPW WKS-ON:6) PD Robin Lee "Tests so far are good."

WRXK (M-25 PPW WKS-ON:7) PD Greg Gillispie

"It's working, but I can't say conclusively that it'll be as big as `Run-around.' But right now it's performing as well as `Runaround' did when it was hot."

WTPA (M-15 PPW WKS-ON:3) MD Dina Wagner

"It hasn't got quite the buzz of `Run-around,' but it's holding its own."

WXKE (M-13 PPW WKS-ON:5) PD Rick West

"Right now I am at a crossroads with `Hook.' The phones we had for `Run-around' aren't there for `Hook' the second time around. I want it to work, the problem is as a PD you can only have so many records. But, hey, it takes a while."

WWBR (B-18 PPW WKS-ON:3) PD Walt Brown

"I think it'll be a quick shelf-life record. Medium phones...lots of curious inquiries and "play it again" type phones. It's a 4 or 5 week record at the most."

KQRC (N- WKS-ON:1) PD Doug Sorenson

"I like the way it sounds on the radio. They're from Festus, Missouri. They'll play our upcoming Freakers Ball. Some good early phones."

WAVF (N-14 PPW WKS-ON:1) MD Hollie Anderson "It's kinda novelty but it's fun."

WKQZ (N- 5 PPW WKS-ON:1) MD Paul Osland

"That sounds like it will be a good daytime record." WRCX (N- 6 PPW WKS-ON:2) MD Jo Robinson

"It's just such a good song. We hope to play it a lot more real soon."

KLAQ (B) PD Mike Ramsey

"We just started playing it and from just a couple of plays we got more calls than I would have expected. Simple, down to earth, no social import - Meat and potatoes. Of course it will work."

MOMENTUM KEY

(B) Building (M) Maintaining (D) Dropping (N) Too New

BROTHER CANE, "BREADMAKER" VIRGIN

New: KBAL, KEMZ, KSJO, WDBZ, WGLF, WKQZ, WRCQ, WRRV, WZZR Up: KILO, KRXQ, KRZZ, WDRK, WLZR, WOZN, WXRC Down: KICI, WGRX, WHIF, WMFS Rank: 82-37

KEGL (N-10 PPW WKS-ON:1) PD Duane Doherty

"`And Fools...' did OK for us 25-34. I think this sounds good on the radio. Sometimes I wonder if Brother Cane is destined for turntable hit status."

KILO (N-25 PPW WKS-ON:6) PD Rich Hawk

"We're getting a little bit of a response. Just a good straightahead rock record for us. Not metal...not alternative...right in the middle.

KISS (N- 7 PPW) APD Kevin Vargas

'I think it's a solid record, but it's gonna take time. `And Fools...' was one of the best testing tunes so far this year. There's definitely an appeal here for our audience.

KLAO (N-9 PPW WKS-ON:1) PD Mike Ramsey

"I think it's great, but it may go over the heads of the listeners." KLOL (N-19 PPW WKS-ON:1) MD Cindy Bennett

"And Fools...' was so big for us, that I dont know if this will

hold up to that. But if it does half as well it will be a great song." KRXQ (N) PD Curtiss Johnson

"I put it on just to see what it would do. First track never performed up to the hype."

KRAD (N-17 PPW WKS-ON:1) PD Jay Gleason

"I think it's a pretty strong record. It'll get quicker reaction than `And Fools Shine On,' which took a while to grow here."

CIV, "CAN'T WAIT ONE MINUTE MORE" LAVA/ATLANTIC

New: KBPI, WTGE

Phones: KLBJ Added Last Week: KEYJ, WXRA

Up: KEGL. KEZE, KICI. KIOZ. KISS, KLBJ, KRAD. WAXQ. WCCC. WDRK. WGRX, WHMH. WKDF, WKLL. WKZQ. WLLZ. WLZR, WMFS. WSFM, WXRC, WXTB, X107. ZROC Down: KNCN. KRZZ, KZAK, KZBB, WSTZ, WWBR Rank: 37-31

KLBJ (B- 9 PPW WKS-ON:7) MD Loris Lowe 'Good calls

KNRX (B-19 PPW WKS-ON:8) PD Bryan Schock "We just did a show with CIV, Dandelion and Quicksand to great reaction. Fairly good calls but a fairly young audience." KQRC (B-18 PPW WKS-ON:2) PD Doug Sorenson

"We're getting respectable Top 15 call out on it. I think it's a reaction record, too ... exploding!

KRAD (B-19 PPW WKS-ON:5) PD Jay Gleason "CIV's pretty steady. We have it in daytime play. We're get-ting good calls, though nothing through the roof yet." **KTUX (B-27 PPW WKS-ON:5) PD Randy Robbins**

"Just one of those turntable hits that's already a station favorite. It sounds kickass on the radio and sticks out from everything else. It's real important to us to have that product on the air.'

WLZR (B-20 PPW WKS-ON:2) PD Keith Masters

"That's gonna take off...requests...a strong street feel."

"We just increased it to all-daypart play...positive reaction so far."

X107 (B-20 PPW WKS-ON:6) PD Steve Blatter

'Saw sales start this week, but no on air vibe.

THE HARD REPORT

KRZZ (N- 5 PPW WKS-ON:2) MD Greg Bergen

"I'm working it in after 3PM because it's more aggressive than the last track. Wichita likes 'em, so it should move up."

WKLL (N-20 PPW WKS-ON:1) PD Jeff Gillis "It's more in tune with what this band is all about and we still

get good reaction to their last record." WLZR (N-10 PPW WKS-ON:5) PD Keith Masters

"I'm concerned that there's nothing on the album as hot as

`And Fools Shine On,' but the band gets reaction so I'm reticent not to play a second track."

WMFS (N- 8 PPW WKS-ON:2) PD Jim Fox

"Breadmaker' is a good rock record. Does it have the strength of `And Fools Shine On'? No.'

WRUF (N-10 PPW WKS-ON:1) PD Harry Guscott

"Doesn't have the same groove or mass appeal that 'And Fools... but I think the record deserves a shot."

'KFMZ (N) PD Paul Maloney

"I don't think this will do as well as the first one, but I do think it's something the format needs. You have to deliver what the people expect.

WKQZ (N) MD Paul Oslund

"I don't get too excited but our listeners like to hear them."

ZROC (B-24 PPW WKS-ON:5) PD Pat Dawsey

Sales in a couple of the markets are starting to trickle in and phones are starting to light up. Our P1's showed the listeners really dig it, and tempo-wise adds a real nice spirit to the radio station

KRZZ (D- 4 PPW WKS-ON:9) MD Greg Bergen

"Very little happening...initial phones dying off" KEGL (M-12 PPW WKS-ON:3) PD Duane Doherty "Maintaining.

KIOZ (M-14 PPW WKS-ON:2) PD Greg Stevens

"The coming local appearance may increase awareness. Surprised with the amount of video support that there's not more active interest in it.

WCCC (M-12 PPW WKS-ON:4) PD Todd Heft

We're getting phones on that still and it's testing OK. It'll probably go mid-chart."

MFS (M-11 PPW WKS-ON:5) PD Jim Fox

"It feels good at night but I don't really feel it being more than that for us.

WWBR (M-17 PPW WKS-ON:3) PD Walt Brown

"I wish it would hurry up and build. Now that the teens are back in school my phones may light up."

CANDLEBOX, "SIMPLE LESSONS" MAVERICK

Phones: KEYJ, KISS, KZAK, WDIZ, WHMH, WKZQ, WSFM, WTGE Bank: 5-5

WRCX (M-37 PPW WKS-ON:5) MD Jo Robinson

"I'm not getting really strong tests on it yet. Phones are not real strong either.

WRIF (M-24 PPW WKS-ON:5) MD Mark Thompson "Research is sliding, but we're sticking with the track." KQRC (N-17 PPW WKS-ON:5) PD Doug Sorenson

"Research isn't happening yet. Familiarity is a bit low. I don't see it taking off yet.

ZROC (N-35 PPW WKS-ON:5) PD Pat Dawsey

"Kinda non-committal on the album. We played the whole thing over the weekend to let people get a taste of it."

KISS (B-36 PPW WKS-ON:5) APD Kevin Vargas "It's still too early to see any good indicators, though the 25-

29 cell is more hip to it early. Not a smash, but it's building to set up good groundwork."

KLOL (B-18 PPW WKS-ON:5) MD Cindy Bennett "Looking good. Solid test scores."

KRAD (B-34 PPW WKS-ON:5) PD Jay Gleason

"Picking up. We've got it in heavy...the more we spin it, the more they like it."

KRXQ (B-34 PPW WKS-ON:5) PD Curtiss Johnson

"It's just doing OK at this point in time. I do like the rest of that album."

WBUZ (B-20 PPW WKS-ON:5) MD Matt Wilauer

"Doing great with feedback from sales and phones. I didn't know if they'll be able to follow up the last record, but this is a good Candlebox town.

WCCC (B-12 PPW WKS-ON:4) PD Todd Heft

'Still building. The jury seems to be out on that track though the album seems to be very strong."

WDIZ (B-37 PPW WKS-ON:5) PD Mike Beck

"Very strong. Good tests and lots of requests."

WDHA (M-14 PPW WKS-ON:5) MD TJ Bryan

"Haven't been able to get rotations up yet. It's moving up slowly but surely. Not a tremendous amount of audience interest yet."

WGRX (B-26 PPW WKS-ON:5) PD Brian Beddow

"A really good song. It's testing positively, but the burn's a little high.

WKLL (B-33 PPW WKS-ON:5) PD Jeff Gillis

"It's getting lots of calls. We still feel like this is gaining familiarity. It seems to be the one to bang, though."

WKQZ (B-11 PPW WKS-ON:5) MD Paul Osland

"It really helps that the album is finally out. Their Rockline appearance was good and they have a good fanbase out here."

WMFS (B-32 PPW WKS-ON:5) PD Jim Fox "It's still working really well for us."

WRUF (B-20 PPW WKŚ-ON:5) PD Harry Guscott "Decent phones and build overall. Formula Candlebox."

WTPA (B-14 PPW WKS-ON:5) MD Dina Wagner "Huge phones. Doing really well."

WXKE (B-31 PPW WKS-ON:5) PD Rick West "Grooving in well. Phones are picking up. A concert for our area was just announced."

WZZO (B-22 PPW WKS-ON:5) PD Robin Lee

"We've had lots of calls on that. A low but typical score for a hard song during its first week of testing."

KILO (M-27 PPW WKS-ON:5) PD Rich Hawk

'The more the audience hears it, the more they like it. It won't be as big as 'Far Behind' by any means, but I don't think they came with this to be a crossover track. This was for rock radio." KLAQ (M-18 PPW WKS-ON:5) PD Mike Ramsey

"Not much feedback, though retail demand has been great. Plus all the albums in our 'Win It Before You Can Buy It' contest got picked up, so that tells me something."

WARQ (M-18 PPW WKS-ON:4) PD Dave Stewart

'This one, the Chili Peppers' 'Warped,' and the Meat Puppets' just have not generated the listener interest I had thought they would."

WDBZ (M-47 PPW WKS-ON:4) PD Darrin Arriens "Slow. We need a new track."

TOAD THE WET SPROKET, "GOOD INTENTIONS/TOAD" REPRISE/COLUMBIA

New: KTUX, WGLF. WHTF. WIZN, WBRV, WRXK, WSFL, WTGE, WVRK Added Last Week: KBA1, KEYJ, KICI, KSPQ, KTYD, WAVF, WBAB, WDRK, WHDQ, WHMH, WIQB, WRUF, WWBR, WXRA Up: KCLB. KFMZ, KLAQ. KZOZ, WDIZ. WMMR, WNEW, WSTZ. WIPA. WXRC, WZZQ Down: WARQ, WGRX, WRCQ

WARQ (B-47 PPW WKS-ON:2) PD Dave Stewart

"The band has always done well for us. This isn't equivalent to `Walk On The Ocean,' but it's right up there."

WTPA (B-15 PPW WKS-ON:2) MD Dina Wagner

"Friends is real big here. The Toad song is just now starting to take off, but it's still fairly early. We think it'll do well." KFMZ (N- 5 PPW WKS-ON:2) PD Paul Malonev

"Not a huge reaction-type band, but we like the way it sounds.'

WDIZ (N-21 PPW WKS-ON:1) PD Mike Beck

"I don't think it will go the libraray. The Friends connection is a big part of it right now."

WRUF (N-13 PPW WKS-ON:1) PD Harry Guscott

"I've never dislike it, but I don't think the song goes anywhere But if you're looking for a very safe record with a familiar sound...

THE HARD REPORT

DOWN, "STONE THE CROW" ELEKTRA/EEG

New: KRXQ, KS40, WDBZ, WHMH, WKQZ, WRCX, WRZK

Added Last Week: KBER, KEYJ, KEZE, KIOZ, KISS, KNCN, KRAD, KRZR, WDZR, WLZR, WMFS, Up: KUPD, WKLL, WXTB, Rank: 0-56*

KRXQ (N) PD Curtiss Johnson

"Right out of the box that has gotten very, very good phones. They have street cred but it's very palatable to the rest of the mainstream audience."

KILO (B-17 PPW WKS-ON:4) PD Rich Hawk

"#1 phones the first week we began playing it — just with night play."

WKLL (B-15 PPW WKS-ON:2) PD Jeff Gillis

"We get a lot of calls on that...probably our 3rd most requested track right now."

KTUX (M-8 PPW WKS-ON:2) PD Randy Robbins "I put that whole CD on the air."

KRAD (N-11 PPW WKS-ON:1) PD Jay Gleason

"I believe it will be a hit, especially with the Pantera/Texas vibe going on."

WLZR (N- 6 PPW WKS-ON:1) PD Keith Masters

"It's still too early to test, but we're already getting some good reaction which came a little faster than I expected. Personally I think it's kind of a cool record."

WMFS (N-10 PPW WKS-ON:1) PD Jim Fox

"Great record. Texture-wise it evens us out as a radio station. It feels so good we just moved into a daytime rotation. Some heavy chords, but I don't think it's a heavy record."

WRRV (N-13 PPW WKS-ON:2) MD Andrew Boris

"I think it has a pretty positive future. We feature it during early evening to morning play."

WKQZ (N) MD Paul Oslund

"It's already getting requests. I had sneak previewed it on the air already. COC and Pantera both do pretty well here and it's selling so it should do fine."

FIG DISH, "SEEDS" ATLAS

New: KCLB, KEYJ, KRAD, WBUZ, WBZX, WHTF, WMFS, WRRV

Added Last Week: KEGL, KISS, KNCN, KTYD, KZAK, WAAF Up: KRZR, KRZZ, WHMH, WLZR, WRUF, WWBR, WXRC Rank: 96-79*

KEGL (N-11 PPW WKS-ON:1) PD Duane Doherty

"I think it sounds great on the radio. No real reaction yet." WAAF (N- 3 PPW WKS-ON:1) PD Dave Douglas "Good record."

WKQZ (N- 5 PPW WKS-ON:2) MD Paul Osland "Kinda new...sounds cool...it should grow on me."

WLZR (N- 7 PPW WKS-ON:2) PD Keith Masters

"We're still dangling it out there and seeing if the audince wants to grab it."

WRUF (N- 8 PPW WKS-ON:2) PD Harry Guscott "Added early. Nice safe, alternative sound"

KRAD (B) PD Jay Gleason

"Getting night time play. I think it will do well for us. Little action at first since nothing jumped out at me."

WBUZ (B) MD Matt Wilauer

"We really like it. The whole album sounds great." WMFS (B) PD Jim Fox

"I think it's got a good rock feel. It has also got a good Alternative feel, but not too pop Alternative."

ZROC (B) PD Pat Dawsey

"After listening you remember the hook, the riff, the chorus. Those are the keys to a hit song."

REPORT CARD

FOO FIGHTERS, "I'LL STICK AROUND" CAPITOL

New: KBAT, KEZE, WHMH, WHTF, WIQB, WKZQ, WTPA, WXKE Phones: WDIZ, WRUF Rank: 25-21*

KILO (B-29 PPW WKS-ON:7) PD Rich Hawk "Continuing to build nicely."

KLOL (B-18 PPW WKS-ON:4) MD Cindy Bennett

"Starting to get really good familiarity and its looking really good so far."

KLOS (B-21 PPW WKS-ON:2) PD Carey Curelop

"It's starting to test and I project that to be a pretty high rotation record."

KRAD (B-21 PPW WKS-ON:2) PD Jay Gleason

"We're getting a decent buzz on that one now due to us spinning it more plus the MTV airplay. A quicker reacting record than the first track."

KRXQ (B-20 PPW WKS-ON:2) PD Curtiss Johnson

"Our 13th best tester and still 30% unfamiliar. Very positive progress, though."

WAAF (B-39 PPW WKS-ON:7) PD Dave Douglas

"It's as strong as any record on the radio station right now." WDBZ (B-16 PPW WKS-ON:1) PD Darrin Arriens

"Good reaction. This is going to be as strong as the frist one." WGRX (B-19 PPW WKS-ON:5) PD Brian Beddow

"Very positive. I won't say they're the next Nirvana, but they're up there with Candlebox and Collective Soul."

WKLL (B-22 PPW WKS-ON:3) PD Jeff Gillis

"A lot more positive response than the first track. I personally take calls for it everyday."

WKQZ (B- 9 PPW WKS-ON:1) MD Paul Osland

"That's already requesting really well. Solid album."

KENNY WAYNE SHEPHERD, "DEJA VOODOO" GIANT

New: KEZE. WHMH, WIZN, WSFL, WZZQ Phones: KEYJ, WTPA. WXRC Up: DMX , KLAQ, KRZZ. KZOZ, WDRK, WKZQ, WOZN, WPLR. WVRK Down: KJOT, KNCN, WDHA, WXRC Bank: 47-44*

KLAQ (B-17 PPW WKS-ON:5) PD Mike Ramsey

"We've had massive phones and Top 5 sales since it went to the stores. He played our KLAQ barbeque on Labor Day and people are still talking about it every time we have a remote." **KRZZ (B-11 PPW WKS-ON:2) MD Greg Bergen** "Good phones...we're moving it up in lieu of a Clapton track."

KTUX (B-27 PPW WKS-ON:5) PD Randy Robbins "It's selling real well in the market, but that's a given."

WMFS (B-18 PPW WKS-ON:2) PD Jim Fox

"Once again, it balances us out on the alternative/pop side. No active response yet."

WWBR (B-30 PPW WKS-ON:2) PD Walt Brown "Top 10...no question about it. Phones and sales are holding up well, too."

X107 (B-29 PPW WKS-ON:5) PD Steve Blatter "Early testing says will be a hit"

WRIF (M-10 PPW WKS-ON:1) MD Mark Thompson "Testing well enough to stay on the list."

KISS (N-11 PPW WKS-ON:6) APD Kevin Vargas "It definitely shows all indications that it will do better than the quirkiness of `This Is A Call.'"

KQRC (N-10 PPW WKS-ON:3) PD Doug Sorenson

"I'm playing it about twice a day. I just don't know...not one of my phone records."

WBUZ (N- 8 PPW WKS-ON:1) MD Matt Wilauer "I think it's a better tune than `This Is A Call.' That song did moderately well for us."

WLZR (N-16 PPW WKS-ON:1) PD Keith Masters

"`This Is A Call' took forever to test. I'm patient and sales are picking up."

WTPA (B) MD Dina Wagner "The more we hear it the more we like it."

WDHA (B- 7 PPW WKS-ON:2) MD TJ Bryan

"So far so good...some inquiry calls."

WRUF (B-18 PPW WKS-ON:4) PD Harry Guscott

"Not great but decent phones. A good sounding record for stations that play that type of music"

WTPA (B-18 PPW WKS-ON:3) MD Dina Wagner

"It's really starting to come around as comparisons to Stevie Ray would attest." WWBR (B-27 PPW WKS-ON:4) PD Walt Brown

"We're getting big phones on it. I think it's gonna be fantastic."

GREEN DAY, "GEEK STINK BREATH" REPRISE

New: KBAT, KFMZ, KZBB, KZOZ, WAVF, WBUZ, WHMH, WHTF, WIQB, WKQZ Phones: KRAD, KZAK, WDIZ, WKLL, WRUF, WFGE, WZTA Up: KEGL, KILO, KIOZ, KISW, KLBJ, KLOS, KRAD, KUFO, WAAF, WARQ, WBZX, WDBZ, WDIZ, WDRK, WGRX, WLZR, WRCQ, WRCX, WRIF, WRRV, WRZK, WTGE, WZZO, ZROC Down: KIC1, WAXQ, X107 Rank: 30-14*

KEGL (B-11 PPW WKS-ON:1) PD Duane Doherty

"Big phones! Plus it doesn't sound like everything else they've ever done...thank God."

WAAF (B-31 PPW WKS-ON:1) PD Dave Douglas "Green Day is still huge."

WCCC (B-20 PPW WKS-ON:1) PD Todd Heft

"Pretty good response...not driving the phones wild but people seem to like it. We're seeing mostly younger callers." WDIZ (B-28 PPW WKS-ON:1) PD Mike Beck

"I listened to the whole disc and found a couple of songs I think will expand them a little bit. I'm beginning to become concerned with Green Day overload. Everything does tend to sound the same."

WGRX (B-18 PPW WKS-ON:1) PD Brian Beddow

"That is in my Top 5 requests. The kids can't get enough of Green Day."

WKLL (B-22 PPW WKS-ON:1) PD Jeff Gillis

"It's bigger than I would have thought. We had no reaction to `She,' or `J.A.R.,' but this one we're getting calls on. It rocks a little bit more straight ahead...a little crunchier."

WLZR (B-19 PPW WKS-ON:1) PD Keith Masters "Not instamatic, but it will be there."

WMFS (B-17 PPW WKS-ON:1) PD Jim Fox

"A smash! How can a record under three minutes possibly hurt you, especially when it's from Green Day?"

WRIF (B-26 PPW WKS-ON:2) MD Mark Thompson

"All teen and the young kids are actually starting to make fun of the band. Gen X's Knack."

WRUF (B-10 PPW WKS-ON:1) PD Harry Guscott

"Basically an 18-24 record. No negs from upper demos." KILO (N-24 PPW WKS-ON:1) PD Rich Hawk

"It's a good sounding record but I'm not seeing the same kind of response we did for 'Basket Case' yet. Of course you can't understand a word they're saying in this song."

KIOZ (N-24 PPW WKS-ON:1) PD Greg Stevens

"The single doesn't seem to be on a level with the strongest of their singles, at least not yet. But a good strong airplay record."

KISS (N-13 PPW WKS-ON:1) APD Kevin Vargas

"A good track. The only potential problem here is we have had tremendous success with Green Day. We had one of their songs in heavy for God knows how long. A little breather time might have helped this band out."

KLAQ (N- 4 PPW WKS-ON:1) PD Mike Ramsey

"I just hope those young teens like it. Silverchair is children making music for children and Green Day is adults making music for children."

KLOL (N- 7 PPW WKS-ON:1) MD Cindy Bennett

"I like it whole lot more than I thought I would. Fresher sounding. Not a lot of reaction."

KLOS (N-31 PPW WKS-ON:2) PD Carey Curelop "The kind of requests we expected."

KRAD (N-21 PPW WKS-ON:1) PD Jay Gleason

"It made it into our Top 5 phones and we're looking to move to heavy within a week or two."

KRXQ (N-33 PPW WKS-ON:1) PD Curtiss Johnson

"I've got it in heavy right now because it debuted pretty strongly out of the chute. Our testing shows only 20% unfamiliar. I don't see any burn on the band at all in this market."

KTUX (N-10 PPW WKS-ON:1) PD Randy Robbins

"Green Day could shit in a bucket in this town and it would sell...I am dead serious."

WARQ (N-22 PPW WKS-ON:1) PD Dave Stewart

"I think there may be some confusion since `J.A.R.' is still getting a fair amount of spins. It's not generating the kind of phones I thought it might."

WDBZ (N-17 PPW WKS-ON:1) PD Darrin Arriens

"Younger audience. Could be a short lived record."

WDHA (N- 6 PPW WKS-ON:1) MD TJ Bryan

"No reaction thus far. I'm wondering if this is something our audience is concerned about at this point."

WHDQ (N-13 PPW WKS-ON:1) MD Guy Dark

"Typical kid reaction. I don't think this will be as big, if only because it's too fast a follow up."

WRCX (N-37 PPW WKS-ON:1) MD Jo Robinson

"Huge requests. It's just that formula hit song with a sense of humor that Green Day is known for. I think it's up there with `She.'"

WRRV (N-13 PPW WKS-ON:1) MD Andrew Boris

"It's been positive, but not as strong a reaction as I would have expected for new Green Day. I blame `J.A.R.'"

WXKE (N- 6 PPW WKS-ON:1) PD Rick West

"It's still developing for us. We don't jam records like that right away. We think it's much stronger than `J.A.R.'"

WZZO (N-19 PPW WKS-ON:2) PD Robin Lee

"You do get requests for it, but there are too many Green Day tracks on the air. 'J.A.R.,' is still #4 researching, so we can't take that out yet."

X107 (N-42 PPW WKS-ON:2) PD Steve Blatter

"I think the single won't be as big as `When I Come Around,' but it'll still be a hit."

WBUZ (N) MD Matt Wilauer

"I like it better than J.A.R.: that song never caught on. I haven't felt any burn on the band yet."

ZROC (N) PD Pat Dawsey

"Glad that the initial track has gone the direction it has. Think there's a real potential for oversaturation and the audience will determine that."

KIBZ (N-10 PPW WKS-ON:2) MD Paul Young

"A nice ltitle song. Kinda light, but Satch is still Satch and it broke into the top five requests the first week."

KISS (N-10 PPW WKS-ON:2) APD Kevin Vargas

"The tempo's not a problem. The quality of the song and the strength of the artist is more important. It's a `3' both ways on a scale of 1-4."

WLZR (N- 8 PPW WKS-ON:2) PD Keith Masters

"Satriani's got a big history with the radio station. It's popping up on our request list...I gotta give him credit for that."

WBUZ (N- 7 PPW WKS-ON:1) MD Matt Wilauer "I really dig the song myself. I'd like to see it get somewhere."

WMFS (N- 4 PPW WKS-ON:1) PD Jim Fox "We're playing Satriani because it's him, but texture-wise and

tempo-wise it really slows the radio station down. It'll have to be a real smash for it to be a record that we're gonna totally embrace."

WTPA (N-12 PPW WKS-ON:1) MD Dina Wagner

"Chris has the best quote: `This is the kind of song that makes me want to lay on a big bear skin rug in front of a fireplace and just do it."

WXKE (N-16 PPW WKS-ON:2) PD Rick West

"So far some phones, but it's a very passive record. I question the career move. Imagine a guy who rocks more than Eddie Van Halen and then puts out a ballad as the first track for three records in a row."

KIBZ (N-11 PPW WKS-ON:2) MD Paul Young

"I like that song alot personally, but as far as the phones and stuff goes it's a slow builder, but catchy"

KISS (N-9 PPW WKS-ON:2) APD Kevin Vargas

"There's a novelty factor because they're so different from everything else we're playing."

KRAD (N-18 PPW WKS-ON:2) PD Jay Gleason

"Sounds good but I can't tell how much mileage we'll get."

WKQZ (N- 9 PPW WKS-ON:3) MD Paul Osland

"It's not doing anything yet, but it's catchy so I think it will do fine."

WLZR (N- 7 PPW WKS-ON:2) PD Keith Masters

"I'd like to see more reaction. I like the fit of the record to the station."

Finally, a band whose glass is half full.....

In a world where depression, confusion and complaint rock are hip, these guys are totally uncool.

KLOL (N-17 PPW WKS-ON:2) MD Cindy Bennett

KQRC (N-11 PPW WKS-ON:2) PD Doug Sorenson

KRAD (N-21 PPW WKS-ON:3) PD Jay Gleason

KTUX (N-24 PPW WKS-ON:3) PD Randy Robbins

"I'm continuing to bang it pretty hard...just waiting and seeing. I like the band and I like the track. We'll see if the market goes along with me. 80 spins in three weeks so far."

WCCC (N-12 PPW WKS-ON:3) PD Todd Heft

WGRX (N-18 PPW WKS-ON:3) PD Brian Beddow

WWBR (N-25 PPW WKS-ON:2) PD Walt Brown

WXKE (N- 6 PPW WKS-ON:3) PD Rick West

ZROC (N-18 PPW WKS-ON:1) PD Pat Dawsey

KLOS (B-22 PPW WKS-ON:1) PD Carey Curelop

KQRC (B- WKS-ON:1) PD Doug Sorenson

KEGL (B-13 PPW WKS-ON:1) PD Duane Doherty

KILO (B-32 PPW WKS-ON:1) PD Rich Hawk

"Great song...good move for him...Top 5 phones right outta-the-box." KIOZ (B-25 PPW WKS-ON:1) PD Grea Stevens

KLBJ (B-12 PPW WKS-ON:1) MD Loris Lowe

KRAD (B-16 PPW WKS-ON:1) PD Jay Gleason

"Phones are going great! An early candidate for heavy in the nottoo-distant future. That song kicks ass!" KRZZ (B- 6 PPW WKS-ON:1) MD Greg Bergen

"It just moved up again. It's getting a good response and sounds great on the air. 30-35 year-old callers, which is a bit more higher-end than we initially expected.'

KTUX (B-11 PPW WKS-ON:1) PD Randy Robbins

"Ozzy is a fucking stone smash...absolutely loving it!" WAAF (B-26 PPW WKS-ON:1) PD Dave Douglas

WDHA (B-10 PPW WKS-ON:1) MD TJ Brvan

WLZR (B-21 PPW . WKS-ON:1) PD Keith Masters

"A smash! Unbelievable phone response...requests after the first time we played it.'

WRRV (B-17 PPW WKS-ON:1) MD Andrew Boris

"Really big for us. They seem to like this as well as the classics." WTPA (B-11 PPW WKS-ON:1) MD Dina Wagner

"It's Ozzy, so you can't go wrong. We got Top 5 phones the day we played it. Great song.'

WWBR (B-23 PPW WKS-ON:1) PD Walt Brown "Ozzy and AC/DC are probably the two hottest songs we're playing right now."

WXKE (B-15 PPW WKS-ON:1) PD Rick West

We're seeing good phones on it. It's a very commercial track. The more I hear it the more I think it's an adult rock record. It does not sound like something that appeals to a 19-year-old; I thinks it's made up for his 35-year-old fans.'

KIBZ (N- WKS-ON:1) MD Paul Young

"Other members of the staff didn't think it was the best tune, but it came in the Top 5 phones. He's a mainstay.

WCCC (N-18 PPW WKS-ON:1) PD Todd Heft

"Monsterous! He is the Mothra of our radio station right now. We'll play that record and literally get requests ten minutes later." WDIZ (N-21 PPW WKS-ON:1) PD Mike Beck

"Ozzy fits us fine. It's in the same vein as AC/DC with what people expect to hear. It's fulfilling their expectations. It's an exclusive for us, so we're glad to have it."

"Haven't seen much from it yet. I think that will be a very passive song at best, anyway."

KQRC (N-21 PPW WKS-ON:2) PD Doug Sorenson "Nothing yet."

WAAF (N-19 PPW WKS-ON:1) PD Dave Douglas "Some early calls...I think it's a smash."

WRCX (N-16 PPW WKS-ON:2) MD Jo Robinson

"Obviously that's a more mass appeal, palatable song. I think Warped' rocks. I love both songs."

WRIF (N- 3 PPW) MD Mark Thompson

"It's getting an iffy response. I personally like it, but I think it slows the station down. It is refreshing, though. It's a good song as a long-term hit in a multi-format base."

WZZO (N-11 PPW WKS-ON:1) PD Robin Lee

"It may not be as strong as `Warped' was here, but you never know."

X107 (N-41 PPW WKS-ON:3) PD Steve Blatter "My gut says it's a hit."

ZROC (N-19 PPW) PD Pat Dawsey

"I think it's got the potential to be another `Under The Bridge,' but no clear signs yet. If `Warped' hadn't tested so well, we'd probably move on. Right now we're providing equal emphasis."

KTUX (M-15 PPW WKS-ON:5) PD Randy Robbins "We're still out on that."

WMFS (M- 9 PPW WKS-ON:2) PD Jim Fox

"It's pretty much in a holding pattern — in nights only." WRCX (M- 9 PPW WKS-ON:3) MD Jo Robinson

"I really like the band...not seeing much, though." KILO (N- 9 PPW WKS-ON:6) PD Rich Hawk

"Interest calls...getting crowded by other records, though." KISS (N- 7 PPW WKS-ON:4) APD Kevin Vargas

"Lots of calls, but no real sales or passion indicators." WKLL (N- 6 PPW WKS-ON:1) PD Jeff Gillis

"It's my night guy's favorite record right now."

CURRENT ROCK COALITION

Notice anything odd in the Most Added this week? Let's see — Ozzy, Chili Peppers, Green Day, Bro Cane all the usual suspects...but wait a minute. God Lives Underwater? Yep, KLOS, KBPI, KEGL, KISW, WAXQ WKLQ, WLZR, WRCX, WZTA and more popped the heretofore "alternative" track this week.

Why? This loosely federated "Coalition," as they're being called, wanted to draw attention to the positive contribution Active Rock stations make to the record industry's efforts. Though no one has been designated an official spokesperson of the group, we knew who to call for comment...

So, Mr. Curelop...What stations comprise the Coalition?

Carey: I don't have a master list — people keep getting added — but essentially it's most of the Active Rock stations in major markets. New York, Chicago, L.A., and points in between.

At what point did you decide action was in order? Has this been brewing since you and Steve Young sent your faxes to labels some months back?

Carey: It's not only been on my mind, it's been on a lot of people's minds. I think there has been a fair amount of discussion between programmers, and I think it was generally agreed upon that we should communicate better

Did you see the situation getting worse from your perspective?

Carey: Which situation?

Everything from co-promotes to exclusives a la that Smashing Pumpkins single KROQ had an exclusive on all weekend.

Carey: There is no set agenda, that's the first thing. We are a group of program directors who program the same types of radio stations who benefit by discussions together. Do we feel that there are some problems with the image of Active Rock stations? Sure, we'd like to change the image.

What would you like to change?

Carey: I think that at some labels at very high levels there is a preference to deal with Modern Rock stations differently than Active Rock stations are dealt with.

Do you think that's a function of their belief that they feel these stations sell more records?

Carey: I'm not in the meeting rooms, but certainly I'm sure that would have a lot to do with it. Perceptions and reality are two completely different issues. We want to take reality and show everybody what it is.

Is that the fundamental goal you would hope to realize?

Carey: No. Not the fundamental goal. It's one of the common problems we believe that we have.

Other than the retail muscle issue, what other perceptions would you like to change?

Carey: With respect to the label and management side, we want to make everybody very aware of the impact that Active Rock has on sales of records and sales of tickets. By working with us, you'll get a lot farther than not working with us.

Does having KROQ in your backyard put you in the worst case scenario as compared to the other stations involved

Carey: No, I think that every market has a competitive situation. Is ours any worse than anyone else's? I don't think so.

You ought to go into promotion, getting your peers to add God Lives Underwater in the midst of all the traffic. That's pretty damn good.

Carey: I didn't do it by myself.

I realize that. Who were your primary partners in crime? Can you reveal those identities?

Carey: Look, it's a very democratic group. Everybody gets to speak their mind. I think that there are several people who are catalysts. We spoke at the NAB. We put the conference call toget er last Monday and found that there are many people with things to talk about. Since word has gotten out that we've had these discussions we've got a lot more people who would like to be in the discussions as well.

If part of your agenda is to get more respect for the contribution you make to breaking Alternative leaning bands —

Carey: Rock bands is how we like to classify it. We don't think anything leans Alternative.

What's next?

Carey: We may never have another group add. There is no mandate that we are going to add records. It is just something that we decided to do.

Are you concerned that the Coalition may not play this particular track enough to make a difference? And if that happens, doesn't it simply enhance the notion that rock stations' rotations don't compare to Alternative?

Carey: I believe that everyone who agreed to add the record will give the record a fair shot.

If you were the Alternative person at the label in question, how would you react to the past week's events?

Carey: If eleven radio stations in major markets added my record, my only reaction would be 'Thanks for the add.' It doesn't matter to me whether the Alternative guy or the Rock guy says that. If I am the head of the label that doesn't matter to me, either.

Do you feel like the short term objectives you hoped to accomplish were realized?

Carey: More than realized.

President Clinton and Larry King on Westwood One

President Clinton spoke to America addressing hot topics via a conversation with Larry King broadcast September 21st on Westwood One's exclusive "Radio Town Meeting". The broadcast, aired on hundreds of radio stations across the country, was live from Westwood One's Culver City studios and marked the most interactive broadcast ever done by the President. During the broadcast live calls from listeners came in and questions were answered from faxes and via America Online. Through the course of the broadcast, which aired on leading talk stations in all major markets including WOR/New York, KABC/Los Angeles, and KGO/San Francisco, the President discussed the budget, Medicare, education, healthcare, the O.J. Simpson trial, among other notable topics. In regard to Broadcast Deregulation, President Clinton "wants ownership restrictions on radio and television stations put back into the Telecommunications Bill. He says the lack of ownership restrictions mean that one owner could control two television stations, all radio stations and the newspaper in a given market." The "Radio Town Meeting" with President Clinton is the first (in a series of six) of "Larry King Super Specials" from Westwood One.

Stern's Segue from WCKG to WJJD On the heels of being released from his morning show duties at classic rocker WCKG/Chicago on September 29, Infinity talker WJJD-AM announced that they will pick up the syndicated show for AM drive in the Chicago market. The Hard Interview

by Bill Hard

Last week KSHE Program Director Jim Owen announced he was capping his 26 year radio career with a new challenge — joining DeMers Programming as a Media Consultant. For 18 of his 26 years in radio, Jim has held management positions. During his four year programming tenure, KSHE received the 1992 Marconi Award for AOR station of the Year and the 1994 Billboard Award for Major Market Rock Station of The Year. Jim has programmed Mainstream Rock, CHR, Country and Hot AC. Prior to joining KSHE, he was Ops Manager for over

seven years at WKLQ/Grand Rapids. He also

Here's a question you are probably going to have to answer many times in the coming months. What about the KSHE experience best equips you to advise other radio stations?

Jim: The primary thing is the level of competition here in St. Louis and knowing what it takes to make a mainstream/Heritage Rock station not only a survivor but a dominant entity in its market. A lot of people don't understand what it takes to continue to make mainstream Rock successful. I've really had to delve into the nuances, the real minutia of this radio station, to determine everything that we could and couldn't do, what we needed to polish, and what we needed to forget about. I obviously feel that my experience would be valuable to other stations in similar competitive situations.

It's interesting that part of what Alex seems to be about is the notion that a mainstream station can survive as such as opposed to having to go through some of the narrowcasting that a lot of stations have resorted to.

Jim: I think what Alex is about, and the thing that really excites and interests me about his company, is his concentration on the individual situation. The guys in the company go into a market, determine what needs to be done for a particular radio station, and then set about getting that job done. So it's not a lot of preconceptions or little molds that we pull out of a box and say 'Let's do this one.' Everybody has things that they rely on and experience that they fall back on in certain cases but every station is unique. That's really what I have learned in my last two situations - here at KSHE and also everything that we went through at 'KLQ. Regardless of our success at WKLQ, we did a lot of different things. We took 'KLQ through kind of a Hot AC mode into a Top 40 and when we took out the Heritage/Top 40 station we became the dominant Top 40 station. Then we switched directions for a more preferable demo and eventually ended up taking out the Heritage/AOR station. Being able to deal specifically with a situation is what I think is key to Alex's success. When you read the trades you could get the impression that everyone in the world ought to be a Modern Rock station - which may or may not be true in any given situation.

Or a low-end Rock station.

Jim: Right. It doesn't mean that this or any other consultancy is against playing currents. That is obviously not true. What is true is 'Let's look at the situation. Let's look at this radio station and see what it takes to win here.'

You seem to be a guy, based on our conversations who kind of cheerleaded Alex into the KSHE relationship. Is that the case?

Jim: Yes. Alex has been with KSHE for about a year and a half. I knew the people in the organization before that. I had met Bob Bedi a number of years before that, when I was still in Grand Rapids. It was one of those 'Hey, how are you doing, heard the radio station' type of relationships. They sent me the newsletter, which I found to be interesting and very informative. Then I started talking to Alex a little bit and got to know him. When we were at a crossroads situation here it seemed like the right time to bring another point of view to the discussion.

What was your goal when you first arrived at KSHE?

Jim: The goal was to bring the station into the '90s. That means a lot of different things. They had been doing battle with 'KSD for a long time and it had been a neck and neck fight for a number of years. Part of that was a morning show battle that had been going on for a long time. The goal was to put some separation in there. We looked at the station and felt that there was a need for library material but the station had gotten a little mired in the old yuppie/BMW mode...

As typified by what artist at the time?

Jim: Little River Band. KSHE was starting to not be a Rock station anymore. If you look at the research, 90% of the people in any survey will identify KSHE as **the** Rock station. The latest research will identify the Point as the 'Modern Rock station' because that's what they call themselves. But overall if you say 'Who's the Rock station?' it remains KSHE.

You were rocking pretty hard at 'KLQ. I would assume that factored into some of your initial changes at KSHE.

Jim: I think we needed to send a message. We needed to let the market know that the radio station was back. We cleaned up a lot of presentational things. We got rid of some baggage, and we kept some. Part of the process throughout the years, one that's ongoing with a Heritage station like this, is sorting out the good stuff from the stuff that may not be needed anymore. We kept a lot of elements and tried to emphasize what we thought was important to the station. There was a lot of good music coming out. The first Pearl Jam album came out and KSHE was one of the first three AOR stations in the country to it. We got lucky. It was a good record and they turned into this huge band. We were in that kind of mode. We were taking chances. With the kind of glut of music that was happening at that time and a bit less of a competitive situation, our primary competitor being 'KSD, the market was ready for new music, it was ready for something different. That started putting separation between us and 'KSD. They still had good 35+ numbers but we started pulling ahead.

How long did you continue on that slant?

Jim: We were doing that for a couple of years. There was a lot of quality new music out there but it was getting pretty hard. Playing Metallica on this radio station was almost a revolution. It was a big, big deal. We had to do a lot of internal discussions with sales people and such to say 'Hey look, if "Enter Sandman" sells this many records, this is a hit. A mainstream, across the board hit.' There was a lot of music like that going on and it was very successful. Simultaneously, Modern Rock was starting to happen more and more. We were covering a lot of bases there but The Point was coming on. There was going to be a Modern Rock station in this market. Fractionalization was starting to happen. The fragmentation was coming and you could start to see two and a half years ago that there was going to be a demo split coming down the line. One of the big advantages KSHE has had over a long period of time is cross-generational listening where we would have a younger generation and an older generation and they all listened to the station for different reasons. One of the things you see in focus groups for this radio station, and also applies to KMOX, is that 'My father grew up with it, I grew up listening to it and my kids probably will too' syndrome. That's a lot of ages to corral. In a fractionalized situation, any time there is fragmentation, you know that is going to get real tight.

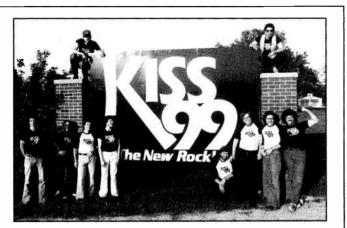

How noticeable was the change when Jim McGuinn got to town? He is a savvy guy.

Jim: I give Jim a lot of credit. The radio station came on, got a lot of hype and media darling buzz. There were a number of people in the local rags waiting for something like that to come on. Up until McGuinn arrived they had very little in the way of ratings, and were dramatically underperforming. McGuinn came in with a better sense of where the music was and a much better sense of what the radio station should be about. He started building it and focusing it from day one. He was a much stronger street promotional guy than had existed before. They started getting more of a sense of a Modern Rock station. At the same time, the music started focusing itself and becoming more of an entity unto itself. It was tougher and tougher for KSHE to play other than the mainstream hits. They own that kind of imagery. The real crossroads came down to a demo decision. If you are looking at this as a business, which you must, cash flow is the name of the game, 25-54 is where the money is. As a top three 25-54 player very consistently and a number one 18-34 player and number one in all the male demos, we had a lot to lose somewhere. What really forced the decision was looking at the way the market was splitting out and the fact that the ranking 25-54 was starting to fall off a little bit and become much more competitive. Must of the people that were beating us 25-54 were outside our format. It was soft Rock KEZK, an Urban, and News/Talk KMCX.

The Hard Interview

The air staff of KISS 99/Indianapolis in 1979. That's Smash standing next to Jim doing his power salute thing. Note the predominance of Bell Bottoms.

We needed to find a place to focus. We did a big research project, brought Alex on about that same time as another voice on a committee that I was forming. We did the research to see what was going on in the market and see how much the chasm was growing and how large it was. We decided that we had to go for the dollar demo.

Was that at all frustrating to you since you'd done so well in Grand Rapids with a more music approach?

Jim: No, not frustrating. I get asked this quite a bit from the record industry about 'Does this really bother you?' Any Program Director is there to do the job. You are there to do what needs to be done for that particular situation. Like it or not, when a radio station is worth tens of millions of dollars, and your company is publicly traded, you do what is necessary to keep the company happy. That is really how any Program Director ought to look at their situation. It doesn't change the creative nature of the business. It doesn't change the art of what we do. It makes it a little tougher, actually. We still play currents. We are still a creative radio station. We still focus on a lot of music images. We just have to do it in a more creative way and create a little different balance.

The market is more competitive in the Rock arena than it has ever been before. KSHE remains one of those rare, stand-alone Heritage/AORs, in that you are not in a duopoly and haven't been hurt by one.

Jim: Not really. The Point and The River sell a forced combo against us. You have to buy both radio stations if you are going to buy one. That forced combo will work for them on the street. They have to combine their numbers to get anywhere near us.

But The River has a 1.4? Can that possibly take any kind of measurable bite out of your butt?

Jim: Not until they combine it with The Point. As long as they THE HARD REPORT

put it together with a relatively inexpensive rate then they are getting some buys. But The River is going to be a very secondary player in this market.

Why have they not performed better?

Jim: Part of it is signal. They've also been hurt by the amount of times that the format has changed. There is a very definite feeling among Rock listeners in this market that The River is the radio station that is always changing its music. So you are never guite sure what's there. You can change monikers and slogans, but large groups identify the radio by frequency. They look at their digital radio and you are whatever you are on the frequency dial. They identify it in Arbitron and identify it in research that way. That frequency position can become either an asset or a trap. There is some baggage there that The River is still going to have to overcome. Plus, they are a library driven Triple A station. That is a tough road. As soon as you get 35+ with guys, currents are tough. I'm not making this up, guys. That demo is just simply not comfortable with new music. You have to take them by the hand and say 'Come on fellas. Here is this new song. You are going to like this Sheryl Crow. Really. You'll get used to it.' Then getting them to stay and listen to it for the five or ten or twenty times that it takes is the real trick to that format. In the meantime you have to make it familiar and yet you have to find something that sets you apart from the other Rock stations in the market. That requires looking at the depth tracks. That is a pretty tricky situation, too.

Do you get a sense that the SBR guys may be onto something with their Rock Alternative format?

Jim: I know there is some music out there that is falling between the cracks and not getting mainstream play. But does it constitute a format? I don't know.

October 6, 1995

Do you think the jury is still out in your mind?

Jim: Yeah, it's still out but I am a little pessimistic. I would say that once again you are trying to play current music for a demo that isn't really paying that much attention.

Would you predict in the course of the coming year that there would be another Alternative? Is there room for somebody to go after The Point?

Jim: Yes. I think you will see a lot of markets with a growing trend toward two Modern Rock stations.

Do you think that 'KSD will be that station?

Jim: There's the \$64,000 question. When Jacobs was in there I would have almost bet money on it. But that didn't happen. I don't think they were paying much attention to him. They went off in some other direction. 'KSD has some decisions to make. They are 7th or 8th 25-54, which is way out of play. They really need to do something. In fact, the time has passed for them to do something.

If you hadn't cut this deal with Alex and they came to you and offered you a bazillion bucks to go in there and straighten them out, do you think you could turn them into a legit top 3 25-54 contender?

Jim: It would be tough. They have a certain amount of Classic Rock imagery left. They have been in that format for so many years that Classic Rock imagery should be their strength. KSHE beats them substantially, though, in perception of classic imagery, and that's not a good sign. I probably wouldn't take that job.

Are they doing a Classic Rock/Arrow combination?

Jim: It's Classic Rock a bit on the softer side. It's positioned between us and K-Hits, the '70s station.

How is K-Hits holding up?

Jim: They're doing respectably. They followed the typical '70s pattern. Initially there was a lot of interest and a lot of growth of 18+. 18-24 guys were even listening to it. They fell off fairly quickly, now they are in the process of finding their position.

In your tenure at the radio station what would you consider your boldest move?

Jim: The boldest move was probably in the first year playing Pearl Jam and Metallica and bringing AC/DC and Ozzy library material to morning drive. That was the biggest change for this station.

You are comfortable in saying that those things worked at the time?

Jim: They were successful then and even now the library is driven by those kinds of bands - Van Halen, AC/DC, Ozzy. Those types of acts are really the crux of the station.

From 1990. PD Jim and his wife Deb with Aris Hampers, who WKLQ had just hired away from WLAV-FM to do afternoons.

What might you file under 'big, bold moves' that didn't work out like you had hoped?

Jim: I mean this in all kindness to him, but bringing in Byrd from KOMP didn't pan out. He did a helluva job for us. Byrd worked his ass off. Really tried everything, did everything he was supposed to do, and did his shtick very well. It just didn't work. It was meant to be a different thing for this radio station. It was meant to be something that people wouldn't expect and, by gawd, they didn't.

It's not as if you leapt into that hire. As I recall the level of available talent overall was a problem for you.

Jim: Mornings are tough for anybody these days. I probably listened to every morning show in the country. It's especially difficult when you've got a radio station like this where people have such high expectations. Before I got here when they made the change from J.C. Corcoran to the three guys from Atlanta - 'the Atlanta boys' as they are affectionately known - that turned into a monster mess. It was not what people expected on the radio. Any change you make is going to create quite a furor. The Byrd thing wasn't going to happen. He got caught at the crossroads, too, because his primary success for this market was under 25. He was doing quite well there but when the radio station decided to focus 25+ we weren't on the same road.

What would you consider the key to a good hire?

Jim: First of all, know what you want. One of the biggest mis takes is not having a clear idea of what you really want to accom plish. 'What am I looking for here? Why do I want that? What do I expect?' You have to have some understanding of that You could be wrong but at least if you have commonly agreed upon goals, you've gone into it with your eyes open. You have to have that sense before you start looking for anybody and before you bring anybody on board. You are going to have to guide them based on those principles. You have to have a plan about what you really want to accomplish and what you are

The Hard Interview

expecting of them. I think a lot of people make hires with no sense of what they expect. I also think some people take jobs with no sense of what to expect. An agreed upon expectation level is very important. You have to go in with some idea of what realistic expectations are and be prepared for some degree of disappointment, at least initially.

Why doesn't CHR do better in that market?

Jim: CHR is a risky format right now. It's not that strong in a lot of places because CHR is everything to everybody. Fractionalized niche formats cover too much ground. I don't need all of that dance music to get to that Alternative record. CHR has been kind of a tainted format in this market for a long time. I don't know exactly why that has been the case. There have been some big CHRs but that was a long time ago. In the media community here there is sort of a vibe that CHR is not a good format for this town. Part of that is that KSHE has been such a strong radio station and has been eclectic enough to cover so many bases that it functions as a CHR in a lot of ways. It's played a lot of different music, a lot of different types of hits. There hasn't been a big hole for somebody who plays a lot of different stuff. Now they have taken the CHR and moved it to a weaker signal.

What would you consider the most significant lesson you've learned at KSHE?

Jim: Patience.

Are there far more layers of bureaucracy at KSHE in particular, or is that a function of market size?

Jim: As soon as you start to get into stations that are worth more money and companies that are bigger you are going to get into those layers of decision making. Part of that is because of the cash flow demands. It has been a real good learning experience for me. Three or four years ago I wouldn't have been prepared to make this move with Alex. Having worked with the system, and having been the guy who, for instance, spearheaded and formed the programming committees here, is the sort of experience base that allows me to make this move with confidence.

What has been the most satisfying aspect of your time at KSHE? What would you rate as your biggest accomplishment?

Jim: The biggest accomplishment has been the ability to affect some changes at a legendary Heritage station like KSHE, both musically and promotionally. I also feel good about my role in redirecting the station at the crossroads I mentioned earlier.

And the most frustrating?

Jim: When you have something this big it's like trying to push a locomotive backwards. You don't want to make a lot of real quick moves all the time. But sometimes it would have been nice to be a little quicker on our feet.

What would you consider the most consistently overlooked but critical PD function?

Jim: One of the reasons a lot of Program Directors in big mediums and large markets aren't on the air is because the job encompasses so many more things than ever before. Sometimes Program Directors don't get the credit they deserve for covering as many things as they do, with all the managerial type things that they do cover, willingly and otherwise. You really have to learn to work with the sales department. With all of this value added stuff that never goes away, you have to be able to deal with that. You have to keep the integrity of the radio station in place and make money for the station at the same time. An almost impossible task, by the way, but one you still have to accomplish on a day to day basis. You have to work with engineers and personalities - and we all know what they are like and you have to be able to function at an executive level. You have to be able to talk to corporate people, to your boss. You have to be the guy who goes into your boss, your GM and tells him what's going on, even if he doesn't want to hear it. You have to be in there filling him in, making sure he is aware of what's going on at the radio station. Watching for those signs that something is going to be a problem.

Of all the things that ownership traditionally expects of PDs, what would you consider the biggest waste of time?

Jim: The biggest time drain is meetings. One area of training that most PDs could benefit from might be the rather mundane activity of conducting meetings. How do I conduct a meeting that's fun, interesting that doesn't take up too much time?

It's a commonly held theory that consultants are largely responsible for the relatively uncreative state of Rock radio that we seem to be pulling out of. What are your feelings on the subject?

Jim: It's a bad rap, although I can see where that comes from. I do think that consultants tend to come in and put a conservative cloak over a radio station because it makes the most sense to do it that way. It makes the most sense to play things safe and get the job done. It doesn't mean that it's not creative. One of the things that I like about Alex is that you go into each situation with the sense of 'This is an individual radio station and we're going to do the individual things that this radio station needs.' I think consultants can be creative and probably are more creative than many people know because one of the credos of being a consultant is 'Let the Program Director and radio station have the credit.' You are there to fix the problems and be an advisor.

Do you think Alex feels any pressure to field a more high profile Alternative format? That seems to be a number one priority with your competitors.

Jim: There is a Modern Rock station on the roster. I'm sure there would be others if the situation demanded.

Do you think that for consultants to truly prosper and grow in the second half of the '90s that Modern Rock is an arena they had better demonstrate their expertise in and show some wins? Jim: Yes, everybody has to have expertise in this area. Everybody has to know what's going on. Absolutely you have to know what's going on in the business and what's going on with the music whether you do Classic Rock stations, mainstream or whatever. Alternative music is becoming so mainstream that most AORs are playing a lot of it so you have to be on top of that. It doesn't mean that you have to have a roster of 20 Modern Rock stations to know what's going on in the business.

Would you say that in the four years that you were in the harness, sweating it out that radio seems to be more or less interested in bringing in outside help?

Jim: I think radio is more interested in it. You have to be. You can't be a loose cannon. There are very few cowboys left.

Do you believe that a consultant can advise radio stations and record companies concurrently?

Jim: Yes, as long as you don't let one pressure the other. Record companies and radio stations, although they are in the music business, really have two separate goals. They make their money in two separate ways. You can't totally mix the two. There are some shared goals but there more differences.

Will you continue to consult KSHE personally?

Jim: I will be involved with it. Alex was the lead guy here and he will maintain that. I will be in the market for a couple of months. John Beck and I have had numerous discussions over the past couple of weeks about how to structure this. I'm sure I will still be advising them on different things.

How did sister station Q101 and Bill Gamble impact your programming?

Jim: Bill has been a great sounding board. Bill was a very good person to call up and ask 'What's going on with the music? Here's a 24 hour monitor of The Point, what do you think? Look at their adds this week, what do you think of that?' He was a great expert resource from that very specific point of view. He gave some opinions on that kind of thing. Obviously they are doing what they are doing in Chicago, but this is KSHE. They were two separate things. Bill and I would talk music, and there would a lot of things that were doing very well for him but it really didn't mean they were going to do well for me. He was a great source of information on that format in general, specifically my competitor.

What would you rate as the number one consultant 'don't'?

Jim: Don't try to be the PD. Support the PD but don't try to be it.

What would you consider the best and worst thing about the duopoly climate?

Jim: The best thing about it is that it's going to make radio and radio companies very strong. It's great for the business as a whole. You can see that from the stock market offerings. Almost all of them are up substantially. It's been wonderful for the business. When the deregulation stuff finally goes through you'll see radio stocks go up. The potential down side is this lament that I hear about the lack of mom and pop operations because it will be so difficult to compete in a world where three or four or five companies in a major market own all the radio stations.

And there's the question of fewer available programming jobs and frequently unrealistic workloads for those fortunate enough to have serious gigs.

Jim: That's American industry today. That's where everything is. If you look at middle managers across the board in al kinds of different companies it's just tough. There aren't as many jobs out there. Everybody is working harder for the jobs they have. I do think, though, in the future with so few owners having so many radio stations, they are going to discover those radio stations still have to be competitive with each other. Some of the job market is going to open back up because 'Yes, I own 7 or 8 radio stations in a market but they have to compete with each other.' I think you'll see a bit of separation going on here where there won't be as much combining of management and moving everybody into the same building.

Alex's positioner is 'When you need more than bullshit from a guy in a three piece suit.' Don't you think though that those GMs expect a lot of pat answers at the end of the day?

Jim: GMs expect solid advice. They expect you to come in with some kind of an idea of what is going on and give them something at the end of the day. They don't expect you to say 'Okay, we've listened to it and you people are nuts to be in the radio business.' I think Alex's positioner shows what the company is all about. They know the radio business very well. They have a lot of experience in the radio business but it's a fun business. Let's have some fun with it. This is not IBM, which by the way is even changing their dress code. They aren't mandating the white shirt and same color tie anymore, and Alex figured that out ten years ago.

More so than their competitors in the name game, these guys understand the value of texture. It sounds like my radio station." Tim Tobin/WUVR, "This is more great songwriting from Lowen & Navarro, and we added it this week. I'm very into their writing and I really like their tunes. We're already looking to move it up to

Ian Taylor/WKVT, "We added it and it sounds great. This is a nice progression for Lowen & Navarro." Kim Rowe/WCLZ, "We really liked this and we're hoping to add it soon. Lowen & Navarro have a very large listening audience here." Don Ferrell/KRVM, "Oh my God, they are cool! I absolutely adore this new one from Lowen & Navarro. To me, they epitomize the whole Triple A sound --- they're our music heros. I especially like them after I ran into Navarro in the bathroom while at the Gavin Convention of '94. He told me a joke and I was awestruck by his talent and have been a big fan ever since."

Since her remarkable debut in 1988, TRACY CHAPMAN has captivated audiences around the globe with her pure voice, evocative songs and intense spirit. In the process, she has sold millions of records and filled concert halls worldwide. Recorded virtually live in the studio with her own band, *New Beginning* marks the auspicious return of one of the most compelling artists in popular music.

Rich Anton/WTTS, "We play more Dead than any other station in the state of Indiana, and this new release complements our already significant Grateful Dead library. Listeners love it." Johnny Vincent/WIVI, "We just got that album in. Long live the music of Jerry Garcia. We can never get enough of the Grateful Dead. Since we can't see them live anymore, at least we can hear them live. This album is a must for all Dead fans, and we have a lot of them down here." Jim Herron/WBOS, "This album is a nice collection and a must-have for Deadheads." Martin Bandyke/WDET, "We're playing it. The timing was appropriate in an ironic way. Listeners keep clamoring for their music, and they're fans have been livid about this album." Shawn Taylor/WVAY, "We added it this week. We can't not add this Grateful Dead... after all, it's the Grateful Dead." Don Ferrell/KRVM, "We're very excit-

ed about this album. KRVM plays tons of Grateful Dead music and they are worshipped like gods here in Eugene. This is the perfect time for this album, it may help listeners in their time of mourning."

Ashley Cleveland "Lesson Of Love," Reunion

At presstime, Triple A was just getting the first taste of "Lesson Of Love," the single from the album of the same name by Nashville-based singer/songwriter Ashley Cleveland. A symbiosis of dark, haunting lyrics and melodic pop sensibilities transcend

the usual format boundaries and easily propel this song into the Triple A arena. Those of you who were fortunate enough to see Ashley and her husband/guitarist/co-writer/producer Kenny Greenberg perform at the Constantine dinner in Boulder can also attest to her powerful, soothing pipes and effortless groove. We know that all those great big name releases and tribute CDs are starting to pile up precariously on your desk, but don't let this gem get lost in the shuffle. Early believers WRLT and WRNX lead the way with Triple A adds this week.

k.d. lang, "If I Were You," Warner Bros. Jim Herron/WBOS, "This is a very strong record. I think it's the best thing k.d. lang's had out since "Constant Craving" — and I think it's even better. This album has mass appeal." Martin Bandyke/WDET, "I love it! We started playing this immediately. I'm dying to hear the full

length. k.d. lang is incredible! The best! Love it!" **Sharon Steele/Will**, "k.d. lang is fabulous! We are already on it, and we're getting great phones." **Shawn Taylor/WVAY**, "This is a definite add for us next week. k.d. lang is another core artist for us here and she hits our target audience — she's adult and that's where we are at. I can't wait to hear the whole album." **Ian Taylor/WKVT**, "This is wonderful! We are looking seriously at it." **Kim Rowe/WCLZ**, "This is a really good tune. I'm hoping we can add this soon." **Stacy Owen/WNKU**, "It sounds like k.d. lang. She has always done really well for us, our listeners love her. I'm waiting for the whole album." **Zeb Norris/WXLE**, "Love the album title. I presume she's not talking about beef?" $\frac{B}{RING THEM BELLS}$

Melissa Etheridge

While it hardly seems that long since the cuts from "Yes I Am" were currents, Melissa's back, and with a scorcher of a debut track! "Your Little Secret," the title song of her forthcoming CD on Island,

smokes from beginning to end with a steamy tale of a love triangle that makes David Crosby's "Triad" a generation ago seem like a nursery rhyme. (James Dann)

racy Chapman Tracy Chapman

"Give Me One Reason" is one of my favorite Tracy Chapman songs ever, and I've only heard it a couple times. The groove, the bluesy guitar, Tracey's voice are all wonderful, and the song should sound great on the radio. The label was originally intend-

ing to release a different single from the forthcoming New Beginning (Elektra), one that was more folky and standard Chapman fare, but we think they made the right choice for the lead track. (Jason Parker)

🛚 k.d. lang

We were teased with the opening cut ("If I Were You") of k.d.'s new CD All You Can Eat, on the GRIDdle at the A3 Summit, so hearing both the track and the album in their entirety is a wel-

come treat. k.d.'s fans will recognize her voice and style instantly, and each track will hold its own unique appeal. If pressed, I suggest "Maybe," "You're OK," "If I Want It All" and "Sexuality" (which also appears on the <u>Friends</u> soundtrack), while "Get Some" is a bright shining uptempo ditty. Our only complaint? With only ten tracks totaling 36 minutes, the CD just goes by too fast! (James Dann)

Lennon Tribute

This is the week of the tribute albums, and we'll start with Working Class Hero: A Tribute To John Lennon (Hollywood). Blues Traveler's take on "Imagine" is probably the most likely track

for airplay, if you can stomach playing the song. Poppers vocals are impassioned, and the overall presentation isn't nearly as cheesy as it could of been. Plus, this is one of the hottest bands around. The Chili Peppers track is a bit crunchy, but it is a very cool version of "I Found Out." Also included on the sampler is "Instant Karma" by Toad the Wet Sprocket, and Mary Chapin Carpenter singing "Grow Old With Me." Jason Parker

XTC Tribute

Next on the list of tributes is A Testimonial Dinner: The Songs Of XTC (Thirsty Ear). There are many fine tracks on this one, our favorites being "Dear God" by Sarah McLachlan, and

the Crash Test Dummies version of the lesser-known "All You Pretty Girls." Both takes are different enough from the originals to be quite interesting, and both are core artists for our format. Others that struck us as intriguing are "Earn Enough For Us" by Freedy Johnston, "Making Plans For Nigel" by The Rembrandts, and "Statue Of Liberty" by Joe Jackson. Also of note is "The Good Things" by Terry & The Lovemen, otherwise known as...XTC! This is a previously unreleased track. **Jason Parker**

AAA Editorial Assistant:

Vanessa Riegel

Rare is the artist whose work is so enduring that it can sustain two tribute albums, each with its share of major players playing homage. Joining 1993's Stone Free comes the Jimi Hendrix tribute In

From The Storm (Rca/Victor), on which the standout is clearly "The Wind Cries Mary." The pairing off Sting and John McLaughlin on this song, a staple in many progressive radio libraries, is very effective. Also check out Taj Mahal's "Rainy Day, Dream Away." Jason Parker/James Dann

Lloyd Cole

Lloyd Cole's latest effort Love Story (Ryko) is one of his finest to date. The lead track "Like Lovers Do" is already a favorite among programmers. Tracks to follow the single are "I Didn't Know That

You Cared," "Love Rules Everything" and "Happy For You." Also check out the non-alburn tracks "Most Of The Time" and "Brand New Baby Blues," found on the single. Jason Parker

Roomful Of Blues

The legendary Roomful Of Blues is back with their strongest, most rockin' album to date. Turn It On! Turn It Up! (Bullseye/Rounder) should please both blues fans and rock n' rollers alike

Strong tracks include "Blind Love," "Gettin Out," "Marie, Marie," the title track, and the smokin' instrumental "Slam Jam." My advice to you is follow the instructions on the CD title to the letter! Jason Parker

Wanderin'

There was no summer vacation for Willy Porter this year. Shortly after he signed with Private Music, he hit the road on a successful tour opening for Toad the Wet Sprocket and the Cranberries. When he wasn't on stage, he could be found hanging out at the local Triple A station or dining with the industry's elite. Here's some of favorite on the road shots with Willy...

Willy, Darren Devivo (WFUV), F. Johnson (Private Music)

Backrow: Jason Parker (Constantine Consulting), Mark Radway (Private Music), Steve Macon (Private Music). Middle row: Amy Campbell (Private Music), Gary Stamler, Willy, Paulette McCubbin (Lee Arnold Marketing), Debbie Langan. Bottom row: Sonya Dias (BMG), Colter Langan (KMMS).

Bill Hard and **Lisa Riegel** were so happy that Willy stopped by The Hard Report, they squinted their eyes real tight and pretended they were Japanese.

Albert Collins and the **Icebreakers** Blues Plate Special Live '92-'93

Pointblank Rich Gordon, host of "Sunday Night Blues," WXRX/Rockford, IL

CD captures the last two his professionally recorded performances by "the

Master of the Telecaster." Mr. Albert Collins. Five of the ten songs appearing on this disc were recorded at Albert's last shows in Peoria and Rockford, IL in September 1993. The first five songs were recorded in Montreux, Switzerland in July 1992. I was fortunate to be hosting the blues stage in Rockford and can attest to this

incredible performance. Backstage, Albert's kindness showed through as he visited with friends and fans, some of which he would never see again. On stage, Albert played with the fire and determination that one rarely sees anymore. The band absorbed this energy and delivered a supportive backing equal to the caliber of this performance. Long-time bass player Johnny B. Gayden leads the group with veterans Marty Binder on drums, Bobby Alexis on organ, Pete Thoennes on rhythm guitar and Steve Howard on trumpet. The Legendary White Trash Horns appear on the selections recorded at Montreux. Jon Smith and Jeff **Robbins** share the tenor saxophone honors on the stateside recordings. From "Iceman" to "T-Bone Shuffle," all ten tunes are the real thing. It's evident from this disc that Albert and the Icebreakers were a band, playing together and driving each other, pushing each other to the limits. Nothing is held back. The power and the passion of Albert's performance is what it's all about. Let's give it up for Albert Collins.

Blues Review Larry Garner You Need To Live A Little Verve Bill Mitchell, KZON/Phoenix, AZ

Gamer first came to prominence in the blues world in 1988, when he won the Blues Foundation's annual National Blues Talent Contest. You Need To Live A Little is the Baton Rouge native's first major label release, and blends his deep Louisiana roots with a contemporary blues sound. The album is dedicated to the late Baton Rouge bluesman, Silas Hogan, and Garner updates the Hogan classic "Rats and Roaches In My Kitchen," featuring heavy slide guitar from Sonny Landreth. Garner is at his best on the uptempo numbers, such as the Albert Collins-ish "Had To Ouit Drinking." There are a couple of numbers on the CD which aren't exactly to my taste, but overall You Need To Live A Little is a strong release by an artist whose "blues stock" is going to continue to grow.

In reference to last week's blurb on the groundbreaking of the Chicago House of Blues, we decided to run a shot taken at a get-together celebrating the event. Those in on the fun included: Steve Cropper, Duck Dunn, John Goodman, Matt "Guitar" Murphy, Dan Aykroyd, HOB Founder/CEO Isaac Tigrett, Jim **Belushi and Larry Bilzerian.**

<u>COVER PICK</u> Gwar, <u>Rag Na Rok</u> (Metal Blade)

There is no experience in the world quite like **Gwar**. That is probably a good thing. This collection of, um, aliens freed from frozen exile in Antarctica have been entertaining us with their active minds since their 1990 debut <u>Scumdogs of the Universe</u>. Their level of taste and politeness is

at an all time low on <u>Rag Na Rok</u>, which is exactly what the **Gwar** fan is looking for. Two of their biggest fans -Beavis and Butt-head - even included the band in their own games. Video games that is. In their huge selling video game release the main objective is to get to the **Gwar** concert, which is an experience in itself. There is sure to be a big response to the release of <u>Rag Na Rok</u>, with their loyal fanbase yearning for the subtlety of songs like "*Meat Sandwich*", "*Whargoul*", and "*Stalin's Organs*". The outdoor concert season may be drawing to a close, but now it's time to tap into the musical spectacular that will steal the title of "The Greatest Show on Earth" from the Ringling Bros. Circus.

<u>TOP PICKS</u>

Wicker Man, "You Annoy Me" (Hollywood)

In a time when many of the new bands have their sights set on mainstream radio, the fury of **Wicker Man** enters the arena, and if you aren't prepared they will blow the walls out of your humble home like the big bad wolf. This Chicago band has been devastating Windy City clubs on their own and opening up for the likes of White Zombie, The Melvins, KMFDM,

Trouble and Rollins. They have also been featured at Foundations Forum both last year and this year, showcasing the fearsome churning cauldron of sonic riffage. This release was originally set to come out on Imago early this year, but after the company folded, their demo found it's way to Hollywood and with the addition of four new songs is set to hit radio like a bomb. "You Annoy Me" has already seen comparisons to C.O.C, but it's clearly laced with a bit more feedback and angst. Hard rock radio has been fed up with all the "alternative" product on their desks and are asking for a heavy new band that they can call their own, so quit yer bitchin' and put on **Wicker Man**.

Deftones, Adrenalize (Maverick)

This gut wrenching Sacramento band have already found some fans at radio with "7 Words", which pulled in 123 spins this week. The audience is primed for the arrival of <u>Adrenalize</u>, the Terry Date (White Zombie, Soundgarden, Pantera) produced album that takes uncompromising hard rock music and brings into the '90s - if not past the year 2000. While it

is difficult to avoid comparisons to KoRn, the **Deftones** have been raging in their regional area for years and they carve out their own unique brand of furious musical release. **KZAK**'s **Chris Payne** is a major fan, calling them "Northern Cali's best kept secret. Words cannot describe how I feel about this record. Anger. Frustration. Power. Immensity. Those come close. One of the best records of the year." The anxiety ridden "Bored" is a great place to start, but don't miss "Root", "Engine No. 9", and "Minus Blindfold" for their grinding tempo changes and energy so powerful it's exhausting just to listen to. Adrenalize already pulled in 26 adds this week but the extent of their impact remains to be seen.

Savatage, "Dead Winter Dead" (Atlantic)

When it comes to longevity, few bands have weathered the storm like **Savatage**. Through the years, they have developed their sound from the eerie power of <u>Sirens</u> over ten years ago to the operatic grandeur of <u>Handful of Rain</u>. The Oliva brothers have always been the creative core of Savatage, and with **Jon Oliva**'s departure (he did remain active behind the scenes) and **Criss Oliva**'s death, it took a strong will on the part of all members to stay together. On <u>Dead Winter Dead</u>, both Jon and **Zachary Stevens** are collaborating, and with a listen to the title track you can hear that their majestic, musically intricate sound is back in full force. In fact some stations - such as **KRZZ**, **WMMR**, **WSMU**, and **WKLL** - have been so anxious to check out the new material, that they pulled the song from an Atlantic sampler to play. Just in time for the holiday season, they also included their own pumped up instrumental version of "*Christmas Eve*". With summer's

glow all but faded into memory, skip the fall and jump right into "Dead Winter Dead".

The Hard Report

M.O.D., Loved By Thousands... Hated By Millions

(Megaforce)

One of the most classic underground metal bands from the '80s was Stormtroopers of Death, which featured **Billy Milano** along with members of Anthrax and Dan Lilker. The album upped the ante for pushing the envelope in potentially offensive lyrics. Most fans

found it highly entertaining. **Milano** went on to create **M.O.D** (Method of Destruction), and the band made a career of New York thrash metal and decidedly un-politically correct lyrics. Each and every one of your favorites are here, culled from all of the albums, including "Spandex Enormity", "Hate Tank", "No Glove No Love", "True Colors" (a song that Headbanger's Ball adored), and my favorite "Ode to Harry". But if you have every **M.O.D** release on CD, what does this best of offer to you? Twenty minutes of new songs (which could be 30 songs at the SOD/MOD rate), including the focus track "Clubbin' Seals", a song dripping with redneck satire. Also be sure to check out the Milano-esque tribute to Kurt Cobain in "Buckshot Blues". If you are easily offended, move on. Otherwise join the troops of those Loved By Thousands, Hated by Millions with **M.O.D**.

Dangerous Toys, <u>The R.tist 4.merly Known as</u> Dangerous Toys (DMZ)

This band became a well known entity a few years back when their debut release yielded the hit singles and videos "Teas'n Pleas'n", and "Scared". They were known for their rambunctious form of southern tinged rock and roll, despite the comparisons to Guns N'Roses. While on tour

for their previous release <u>Pissed</u>, the new music they were writing began an evolution. After a listen to their latest release, you will be amazed at the development of their style, which is hardly recognizable as **Dangerous Toys**, even though the line up has remained the same. Some of more rambunctious tunes to check out include "Share The Kill" (which reminds us of GNR's "It's So Easy"), the distorted gnawing rhythm of "Words on the Wall", or the slither of "Down Inside" or the tumultuous "New Anger". Don't pass over this release. **Dangerous Toys** have come back with a surprising metamorphosis of their sound into the '90s. We couldn't help but be impressed.

Hanzel Und Gretyl, <u>Ausgeflippt</u> (Energy)

We have no idea what the name of the album means, but <u>Ausgeflippt</u> will make a clear statement right when it hits your airwaves. This is one of those releases that will peak the attention of many formats with it's technology driven sounds, but with a heartless, futuristic and defiant aggression it will mix well with a hard rock crowd. **Hanzel Und Gretyl** have already seen airplay at **KWUR**, **WCDB**, and **WNYO** and any station that found room for Ministry, KMFDM, or Senser will welcome this with open arms. Sample the relentless pulse of songs like "O Gemini 31", "38 Lashes", and "Watch TV do Nothing". Unlike many technology driven bands, **Hanzel Und Gretyl** are a full fledged touring unit and are on the road, including a stint opening for Marilyn

Manson. With the arrival of Ausgeflippt, Hansel Und Gretyl have put down the gingerbread house and picked up the volume.

Chastain, Sick Society (Leviathan)

David Chastain has been well known in musician's circles for his dexterous guitar playing, and many of his previous releases have focused in on that talent. This time around, his self-titled band grind out a more groove heavy and less flashy offering, featuring new vocalist Kate French. She may surprise you with her guttural delivery and the raw energy that she brings out is matched by Chastain's laborious riffs. They are already getting play at WAIF, WKLL, WKNH, and WVUD, with Gary Horn of WVXU telling us that "Kate French is one of my favorite singers. This is my favorite CD right now with those crunching guitars." Some tracks to sample include the title track, "The Price of War", and "The Vampire".

Saigon Kick, "Eden" (CMC International)

This Florida band made their first impression back with their self titled debut and further increased their fame on the follow up The Lizard, which yielded the single "Love Is On the Way". While they were commercially known for the hit ballad, most hard rock fans preferred tracks such as "Hostile Youth" and "Peppermint Tribe". While many fans didn't expect to hear from Saigon Kick again, "Eden" has slipped back onto many radio shows, including WDHA, WHJY, WMHB, WSOU, WVXU, and KMSA. From the first tribal sounding drum beats, their unique style comes shining through to slip into the lush textured harmonies that became their signature. With the full release, Devil in the Details, just around the corner this early taste of their fresh original style will have listeners looking for more music to arrive.

The Hard Report

FILNGS

When filling out your add list for the week of October 8th/9th be sure that the following are there somewhere: Wicker Man (Hollywood) with their "You Annoy Me" single; Gwar (Metal Blade) and their Ragnarok album; the Savatage (Atlantic) single "Dead Winter Dead"; and the full length Hanzel Und Gretyl (Energy) album, Ausgeflippt... You might also want to give a listen to the Atomic Boy (Victory) album, Sonic Cocktail. It's said to be of the old-school punk sound. Add it Monday/Tuesday, October 9th/10th. In your picking and choosing Hughen thinks you should check out "Debutante" and "I Need Glue, I Need You" ... Now that Iron Maiden (CMC International) have made an early mark on metal radio (garnering 51 adds and grabbing a bulleted 38 position on the chart) the rest of the record is set for arrival. The X-Factor has been scheduled for October 16th/17th adds... Keep your eyes peeled for the <u>Strange Days</u> Soundtrack (Epic). The disc features cuts from Skunk Anansie, Lords of Acid, Satchel and Prong (who teamed up with the Doors' Ray Manzarek for an updated version of 'Strange Days'). Add the soundtrack October 16th and 17th... Ozzy marked his return to the metal front with the "Perry Mason" single, which made an impressive debut at #16 and was #2 Most Added. The record, Reassemble, will be brought to you by Pavement Music... Those in the A&M Records' offices will be bringing to you a Monster Magnet interview disc done by White Zombie's Sean Yseult. Look for a record around the 13th of February. 88888 On the touring side of things, Kyuss (Elektra/EEG) are no longer on the current Monster Magnet (A&M) road trip. The Deftones (Maverick) have been tapped to fill the middle slot, with Sugar Ray (Atlantic) are warming up the audiences on the first leg of the tour. Look for Sweetwater (EastWest/EEG) to take over the opening spot on the second leg ... Hanzel Und Gretyl (Energy) are gonna be playing a handful of dates with Marilyn Manson (nothing/Interscope). Look for the duo to wander stateside: 10/17 in Grand Rapids, MI; 10/18 in Toledo, Ohio; 10/20 in Cincinnati, OH; 10/21 in Cleveland, OH; 10/22 in Columbus, OH; and 10/23 in Pittsburgh, PA. Check 'em out if you can. 88888 Those of you into the world of interactive anything will be glad to know that two interactive CDs will be coming out - one from Soundgarden (A&M) and one from Monster Magnet (A&M). You can enter the Superunknown visually and musically via the Soundgarden CD (called "Alive in The Superunknown"), which is done on the CD-Plus system and will contain music recorded during the Superunknown sessions that has never been released... The Monster Magnet interactive will be called "I Talk To Planets" and will be full of acid-tinged games and graphics. Look for them both early on in November... P.S. anyone who has access to a CDrom drive and would like to get their hands on a promo CD with elements of Soundgarden and Monster Magnet should call Jay Hughen. &&&& When you have MCA's Susan Greenwood on the phone this week be sure and wish her a Happy Birthday! She should be celebrating on October 11th. Best wishes Susan and many more... In case you were wondering who won the Pavement Music Crowbar guitar contest it was The Tink of WVUD fame. The runners up were Jason Wade/KTEQ, Melissa Jackson/WHFR, Paul Wilbur/KDVS, and Razor Ray/WRBC - who received very cool long sleeve Crowbar t-shirts. Congratulations guys. 88888 Drop the puck! Go Flyers! 88888 Peace.

Group shots from hell are the convention norm as **Jill Castellano** of Victory tries to put a spell on all the conventioneers. Hey, hypnosis could be the promotion technique of the future! Included in this shot are **Eric Pain** formally of KMSA, **Chris Kelly** of WNYO, **Rob Gil** of McGathy, **G-Man**, **Ryan King** of WHUS, **Greg Derbas** of Pavement, and **Russ Taylor** of WCWP.

Preface this photo with the knowledge that WGLS' **Andy Gradel** was fast asleep in his hotel room before this Kodak moment was taken. He woke up to a Flyers jersey clad **Brahm**, a beer drinkin' **Jill Castellano**, a smiling **Joe Guzik** and **Holly Mc**, and ooh **Dave Ciancio** all heading his way for the gratuitous party snapshot.

FOTOS

Apparently Earache's Joe Guzik was the owner of THE party room at this year's Foundations Forum. We heard that this particular picture was taken at 6 a.m. (yes, that's right a.m.). Hmmmm. We know that Joe was drinking beer at 6 a.m., but what we really want to know who else was up to take the picture?!

Take notice of the sign above the head's of **Lauren Goldwasser**, Jen Meola (WNYU) and **Erin Lynch** (WDBK) - it's the ladies room all right. And that would be **Gus** (of **Grip Inc**.) fame coming out of the women's restroom.

In our continuing photo coverage of **The Tink** - here is the **WVUD** Administer of Sinister getting in a little quality time with **White Zombie** frontman **Rob Zombie**. The photo was taken on a day when the thermometer hit 104 - which would explain the happy faces on both of the fellas. HARD TOTAL GUIDE

On the Cover Self, "Cannon," Spongebath/Zoo

One of the special features that this format has entertained over the years is its ability to decide the fate of the public's hipness by exposing intriguing bands that don't quite fit the mold of modern convention. And while the creativity of Billy Corgan is being lauded across the rock radio spectrum, newcomer Matt Mahaffey is bound to be recognized in league with the great creators in the modern rock business. You'll get the full blast with this first single, and folks at both COR and Alternative are coming aboard. **WHTG**'s **Bruce McDonald** sees it as "Strangely reminiscient of The Pixies. Or, for you newcomers out there, The Breeders or Weezer. Great song." **KBBT**'s **Al Scott** says "It's different. It sounds really refreshing. It will be a matter of time to see if people will like it. There won't be a lot of middle ground. It's got potential." In for adds this week were **WFNX, KCXX, KKNB** and **WZRH** among others.

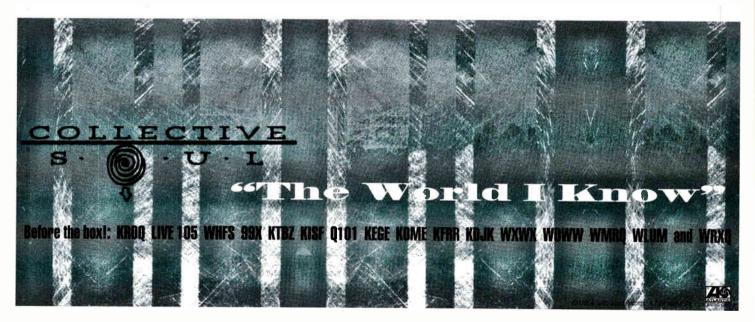

choices

The Smashing Pumpkins, "Bullet with Butterfly Wings," Virgin

Chicago band Smashing Pumpkins will enter the stratosphere this week at the format with this first effort from their double CD *Mellon Collie and the Infinite Sadness*. The textbook of rules regarding artist development and record production was fed to the fire in this case. It's just genius realized. **KDJK**'s **Kozman** says "It went on the air the second I got it. That will be a huge, huge album. Talk about taking that to the next level!" **CKEY**'s **Chris Geanneret** sees "Quite a buzz. Our phones are lighting up at night." **WEQX**'s **Gary Schoenwetter** says "What a brilliant piece of work. Not only do I love it, but it's a hit." **WHTG**'s **Bruce McDonald** sees "The audience antic-

ipation is high. I played it twice during my show, and they wanted to hear it four more times." WMAD's Trevor Scott says "We're already hammering it every other hour." KRRK's Matt Markel says "It's a smash."

"They're a great live band. 'Happy Song' has the big hook that works." -- Joel Folger/KDGE

MCV[®]

Please note that parentheses between station call letters and programmer's name are coded "N" for "Too New", "B" for Building, "M" for maintaining, and "D" for Dropping, along with that week's reported plays on the song in question.

311, "DON'T STAY HOME" Capricorn

KRRK (B-34 PPW WKS-ON:2) PD Matt Markel

"They're from Omaha. Everything's gonna be good for them here. They're probably the biggest 'street' touring band out there right now. This album took them to a whole new level. They have an unbelievable work ethic. You should give this a chance." **KACV (B-11 PPW WKS-ON:10) PD Jamey Karr**

"It generates calls when it's played here."

WEQX (B-12 PPW WKS-ON:4) PD Gary Schoenwetter

"The sales are slowly but surely picking up. It's the least reactionary song we've played by them, but it sounds great on the station." **CKEY (B-16 PPW) PD Chris Geanneret**

"It fits perfectly in our mix. Pretty good phones. We're quite happy."

WEND (B-30 PPW) MD Kim Monroe

"Doing really well. They have a cult folowing in this market. They eat that song up. The old 311 fans are not quite as warm to it, but people are thrilled we're playing 311, in general." WMAD (B-8 PPW) MD Trevor Scott

"We're only on it at night. A lot of the actives at night are calling for it."

7 MARY 3, "Cumbersome" Mammoth/Atlantic

KROX (B-16 PPW WKS-ON:6) PD Sara Trexler

"This is a fantastic hit. I think it's more Alternative/rock than strictly Alternative. People can't get enough of it. Great phones."

KCXX (B-17 PPW WKS-ON:3) PD Chuck Summers

"Huge. In two or three weeks, this will be really big for us. We're getting curiosity phones."

KKNB (B-19 PPW WKS-ON:6) PD Erik Johnson

"We got on it early, and we're hanging out with it. It has broken into all dayparts for us. We just moved it up into Medium a couple of weeks ago."

WEND (B-30 PPW WKS-ON:7) MD Kim Monroe "It's Top 10 most requested. Getting great response." WEDG (N-17 PPW WKS-ON:2) MD Rich Wall

"On the borderline between being straight AOR and Alternative. It's too soon to tell. Feedback has been positive."

WEQX (B-18 PPW WKS-ON:6) PD Gary Schoenwetter

"The sales are strong. It's a gritty rock song, and I like that. The format's stations are either becoming modern AOR's, or eclectic hit-driven CHR's. This is a viable song for this format." WHTG (B-16 PPW WKS-ON:7) PD Bruce McDonald

"It's building, and we're getting requests."

KACV (M-12 PPW WKS-ON:7) PD Jamey Karr

"It's a pretty accessible pop tune. A new artist is tough to play right now with all of the superstar stuff coming out for Christmas, unless the tune is really knocking 'em out."

WMAD (B- 8 PPW) MD Trevor Scott

"It's slowly building, and some calls are coming in."

BJORK, "IT'S OH SO QUIET"

ELEKTRA

KCXX (B-12 PPW WKS-ON:2) PD Chuck Summers

"People just dig it. It will be one that burns out quickly, I think. It sets us apart from the competition - AOR's won't play it, etc."

WEQX (B-18 PPW WKS-ON:2) PD Gary Schoenwetter

"It gets instant reaction. It's so different from everything else out there. It's fun, it's a break from the grunge. It was our mostrequested song after a half-dozen plays."

(B) Building (M) Maintaining (D) Dropping (N) Too New

GREEN DAY, "GEEK STINK BREATH" REPRISE

KBBT (B-11 PPW WKS-ON:1) MD AI Scott "The phones are great so far."

KACV (B-13 PPW WKS-ON:1) PD Jamey Karr

"I really like it. The hooks are just right. I was kinda anticipating a little burn on the band, and this song is really good." KKNB (B-17 PPW WKS-ON:1) PD Erik Johnson

"It's beginning to become huge. We just gave away CD's on the air to great response. We've started seeing some early phones. The song starts off kind of hard, and it's shocking when it snaps into the poppy Green Day sound."

KROX (B- WKS-ON:1) PD Sara Trexler

"Kids can't get enough of it. I think it will burn. It is much more of a novelty song than some of their other ones. I love the song, but I think it will burn."

KRRK (B-33 PPW WKS-ON:1) PD Matt Markel

"It's huge. We're getting a lot of phones. It's stupidly huge. We won't know sales yet."

WCYY (B-41 PPW WKS-ON:2) MD Brian James

"The phones are crazy-sick. I'll be surprised if it doesn't get close to <u>Dookie</u>. It may take a little while."

WEND (B-38 PPW WKS-ON:1) MD Kim Monroe "It's doing great, with hot phones. They've been waiting for this one. We need to satisfy their Dookie appetite."

WEQX (B-24 PPW WKS-ON:1) PD Gary Schoenwetter "We haven't had an overwhelming reaction, but we've

skewed a little older, so the kids aren't necessarily listening here for Green Day as much anymore. It's fine."

WHTG (B-31 PPW WKS-ON:1) PD Bruce McDonald

"The phone response has been equivalent to 'She' and 'J.A.R.'. After repeated listening, it's a strong song."

WEDG (M-16 PPW WKS-ON:1) MD Rich Wall

"We went outta-the-box on that. This week we played one track an hour from the album."

TEARS FOR FEARS, "GOD'S MISTAKE" EPIC

KKNB (B-19 PPW WKS-ON:2) PD Erik Johnson

"I love this track. Our upper-demo males are calling, as well as people wanting to know when it's in stores. We spun two or three tracks from their last album. They still have got the pop songs."

WMAD (B-23 PPW) MD Trevor Scott

"People are pretty content with it. It appeals to a passive crowd, so we aren't seeing much phone action."

WHTG (N- 6 PPW WKS-ON:2) PD Bruce McDonald

"I don't know about it yet."

"MORNING GLORY"

WEND (B-36 PPW WKS-ON:1) MD Kim Monroe

"I think it's a great tune, and it's noisy. I love records that are noisy. We did givaways before the box."

KACV (B-11 PPW WKS-ON:2) PD Jamey Karr

"I dont think it sounds like either of the other two (recent singles), and I like that. It opens up a few more doors for them. This is a little more accesseble."

WHTG (B-11 PPW WKS-ON:2) PD Bruce McDonald "It's not 'Live Forever' but it's definitely building." KKNB (N- 5 PPW WKS-ON:2) PD Erik Johnson

"It's too new to tell yet."

KACV (B-11 PPW WKS-ON:2) PD Jamey Karr

"It may be the initial fanbase. The welcome mat is still out for them. This isn't a home run, but it's still enough to keep them in the game."

KCXX (B-15 PPW WKS-ON:2) PD Chuck Summers "People like it a lot."

WEQX (B-22 PPW WKS-ON:2) PD Gary Schoenwetter

"That's right down our alley. We put it in heavy almost right away. It will be interesting to see sales."

KBBT (M-11 PPW WKS-ON:2) MD AI Scott

"I just don't see that song as happening. I just think it's too noisy. Not loud, etc., but noisy in the way it's mixed." WEDG (M-17 PPW WKS-ON:4) MD Rich Wall

"It fits in fine. It's not as clean as the last one. They are an interesting band."

WCYY (N-15 PPW WKS-ON:1) MD Brian James

"It's still too early, but I think it's a great record." WEQX (N-16 PPW WKS-ON:3) PD Gary Schoenwetter

"We're not getting anything yet."

USA LOEB, "DO YOU SLEEP?" GFFFFN

KACV (B-16 PPW WKS-ON:3) PD Jamey Karr

'We target women 18-34, so this was a no-brainer for us. It's a great song. I love the slow intensity.

KBBT (B-27 PPW WKS-ON:5) MD AI Scott "It sounds good on the air. She is a viable artist." KCXX (B-20 PPW WKS-ON:5) PD Chuck Summers

"We're seeing reaction from upper demos and teenage girls." KKNB (B-18 PPW WKS-ON:2) PD Erik Johnson

'We're getting huge phones. She's huge for us. Women here just love her. This was tied for Top Phones. It just hit the stores. We do get some male requests, too.

KRŐX (B-31 PPW WKS-ON:2) PD Sara Trexler

"This is a great, great song. You could hold on to that for the rest of your life."

WCYY (B-25 PPW WKS-ON:3) MD Brian James

"I heard it on the Top 40 station this morning. We still play 'Stay.' As long as it's a hit for the rest of the country, we will stay with it." WEQX (B-23 PPW WKS-ON:5) PD Gary Schoenwetter

We're getting a lot of female calls. It makes sense for us - it's definitely building.

WEND (M-10 PPW WKS-ON:4) MD Kim Monroe

"It seems like she's more embraced by the younger girls. Up against a 7 Mary 3, Lisa Loeb dims in comparison. It's a great song, but it's just there

WHTG (M-18 PPW WKS-ON:5) PD Bruce McDonald

We have had great success with female vocalists here. It's definitely a sleeper - pardon the pun - and is a nice vacation from the grunge and flannel that is fashion these days."

MATTHEW SWEET, "SUPER BABY" **ZOO ENTERTAINMENT**

KKNB (B-17 PPW WKS-ON:2) PD Erik Johnson

"Matthew Sweet is a very poppy songwriter, and if you listen to his records, they have a pop string throughout them. This one took me 3 listens, and now I love it. Give it some listens, and you'll love it, too."

KBBT (B-19 PPW WKS-ON:2) MD AI Scott

"That's really cool. I don't know how it will do at the format, but I like the artist."

WEQX (N-11 PPW WKS-ON:2) PD Gary Schoenwetter

"It's too early to tell. Sounds great, in the vein of some of his most successful tunes."

KACV (M- 7 PPW WKS-ON:2) PD Jamey Karr

"It's kinda a departure for him and for us. I think this will probably kindle some interest in people that are not automatically fans of Sweet's. This will probably bring in a new bunch of people. Matthew Sweet is a core artist for the station."

KCXX (N-10 PPW WKS-ON:1) PD Chuck Summers "It's too early to tell. It sounds good on the radio."

WHTG (N- 8 PPW WKS-ON:2) PD Bruce McDonald

"It rocks, but it rocks in a pretty straight-forward way,

"It separates us from the rest of the pack. I want to stay on

WEQX (B-12 PPW WKS-ON:2) PD Gary Schoenwetter

We're seeing a lot of requests, and we'll probably move it up next

RUTH RUTH, "UNINVITED" AMERICAN

KBBT (B-23 PPW WKS-ON:4) MD AI Scott "I like that song a lot. It's retailing strong here."

KCXX (B-14 PPW WKS-ON:4) PD Chuck Summers

"It's excellant. There are many people wanting to know who it is. It's got that hook in 'em."

KACV (M- 6 PPW WKS-ON:2) PD Jamey Karr

"We do have a different target, but we're not gonna ignore a very hip record, and that's one of those things where there's not a whole lot out there that sounds like it."

WCYY (B-15 PPW WKS-ON:2) MD Brian James

"Don't I love that! I have visions of 'BLM playing that someday."

For Squirrels, Example, 550 Music/Epic

By now you are aware of the tragedy surrounding For Squirrels, and word comes from New York that the show will go on for this young band. The somewhat unfortunate

part of the story is that this record relects an overall sound that is both vocally melodic in a folk context, and aggressively arranged with various electric guitar sounds and crafty rhythms. This band played well together. While there is a brilliant teamwork portrayed on the record, they'll continue to make music as a band, and you'll find strong radio material on this record. 8:02 p.m. is already on at **LIVE 105**.

Green Day, Insomniac, Reprise

The full is in, and it's very consistent with the first single, which is one of the better tracks on the album. Others to look at are "Armatage Shanks," "Brain Stew," "Brat" and "86."

There are a few "fuck" appearances, so a perusal of the lyric sheet might be wise if you care about such things, anyway.

The Amps, "Tipp City" Elektra/EEG

It has that distinctive and familiar off-kilter, warbly sound that swept over the nation last year with the Breeders and "Cannonball." And no wonder...Kim and Kelly Deal happen

to have a significant hand in each project. From the voice to the beat to the special effects, the Amps' jagged, craggy and rugged production has a bewitching charm all its own. Adds at **WFNX**, **REV 105, WOXY, WMAD, WAQZ, KXRK, KMYZ, KEDJ, KRZQ**, **WHTG, WWDX, WXWX** and others. -J.H.

Better Than Ezra, "Rosealia" Elektra/EEG

The excavation into further tracks from Deluxe yields yet another competent and capable single — a song that conjures a suggestive nostalgic quality. Reminisce, if you will, to when

Better Than Ezra snuck onto the scene and lodged themselves into the collective consciousness with "Good." The immense acrossthe-board success of that first single has paved the way for subsequent depth track releases, and they have yet to disappoint. Allow "Rosealia" its due, and prepare for even more to follow. **Erik Johnson** at **KKNB** says "This one's gonna be all over Top 40 as soon as they pick it up. It's got a major hook." It's also hookin' on **KTCL, WWCD, WZRH, 99X, WLUM** and others. - JH

Poe, "Trigger Happy Jack," Atlantic

It's heavy, but playful. "He scares easily, and it makes him so angry at me/ And his head spins around just like The Exorcist, and I find it so hard to resist his cries." Her trigger-happy jack

is loaded on WENZ, WFNX, WZRH, KXRK, WRLG, KCXX, KJEE and others from this week's add list.

Cake, "Jolene" Capricorn

Their third single from Motorcade Of Generosity once again fortifies their reputation as diverse and credible talents. An insistent clink, rattle and clatter of the ol' six-string permeates the recording, while minimalist vocals weave a Lou Reed-like

storyline via spirited humor and edgy attitude. Who says you can't have your Cake and listen to it too? - JH

Echobelly, "Killing of the Kerb," 550 Music/Epic

These Brits made a run at the format earlier this year on a smaller label situation, and now 550 promo folks predict big results. This track is a very listenable female vocal pop song that has the right stuff to blend in with your mix.

Voodoo Glow Skulls, Firme, Epitaph

A little scary fun, just in time for Halloween. This upbeat, ska-flavored punk record is full of modern ways to invoke images of monsters in the most realistic terms. "Closet Monster"

refers to the monster within, hidden from a child's parents. The album also contains a fun version of "Charlie Brown."

Silverchair,

"Pure Massacre," Epic

The second track from these Aussie youths has a bit more complexity to it, and significant musicality. You had so much luck with "Tomorrow," why not take a shot at this one and unveil more

depth from the artist? LIVE 105, 99X, DMX, WDRE, Q101, KBBT, WJRR, WLUM, X107 and KJEE are already on it.

more choices

Wilco,

"I Must Be High," Reprise

With a certain "Dead Flowers" Stones feel, and a modern sounding alternapop vocal, you

might just have the best shot yet at covering the ground that Wilco represents as a band through the airplay of this one track. It's a very listenable radio record.

Pennywise, "Searching," Epitaph

Riding the crest of the L.A. punk wave comes Pennywise with their brand of adrenalineinducing rock. It's the '90s, and Extreme Sports are the rage, bands like Pennywise

are there to provide the heart-pounding musical backdrop literally. The band caught the attention of the surf/skate/snowboard industry and is featured on many hot video releases involving the sports. And with hometown influences such as Black Flag, the Descendants and the Circle Jerks, they're a natural to carry on the tradition. - JH

Ivy, "Beautiful," SEED/TAG/AG

Here's a two and a half minute tune that will give you double the pleasure of lush power pop. This has more energy than past lvy singles, and still contains the elements

you loved from the band to begin with.

A Testimonial Dinner: The Songs of XTC, Thirsty Ear

Nobody has made tasteful, modern pop/rock music like XTC over the years, and while "Mayor of Simpleton" might be an example of the era you are more familiar with, the band

has been at it long before that. Teach the children well, with these cuts done by some of the known quantities of the modern pop scene. Sarah McLachlan's version of "Dear God" is arresting and beautiful. It's on at **WOXY** and **KCXX**, among others.

Jim Crow, Empty My Mind, Midnight Fantasy

This New York City trio is amazing on stage, and this full-length debut is well worth listening to for radio material.

Black Orchid, Traveling on Dark Frequencies, Ennui Entertainment

Free form, experimental industrial music that you could expose on your specialty shows, for special, mood-altering trippiness.

Sister Machine Gun, "Hole in the Ground," TVT/WaxTrax

This rocks in a techno way, with a synth-like guitar rhythm, and a rap-ish vocal reminiscient of Faith No More, and a Zappa's "Dirty Love" vibe flying around, too. blah

Dave Mac

Greetings, fellow radio folks. I'm betting you'll be moved to pick up both kinds of Pumpkins this week. I don't blame you. That'll likely be huge.

As the rush is on for the Christmas business, I find it is tough not to accidentally lose some of the new bands in favor of the easy bets. There's lots of strong material around, and the selection process has always been tough, anyway.

'Tis the season.

Lynyrd Skynyrd are finishing a tour without guitarist **Ed King**, who underwent treatment at an Atlanta hospital for congestive heart failure brought on by asthma and a pre-existing heart condition. The band missed a show in Macon, Georgia, because of King's illness, but planned to play a few subsequent dates without him. Lynyrd Skynyrd's manager says King "will always remain a part of Lynyrd Skynyrd in some capacity. His ability to tour with the band will be dictated by his health."

Oingo Boingo are calling it quits after an October 26 concert in San Francisco and the band's annual Halloween concerts in Los Angeles.

The former managers for Green Day have filed a breach of contract lawsuit against the band in California, claiming they are owed \$165,000 and 20 percent of Green Day's future earnings. The band left their managers two months ago even though they had four months left on their contract. The lawsuit filed by San Francisco attorney David Phillips in Alameda Superior Court contends that ex-managers Elliot Cahn and Jeff Saltzman are entitled 20 percent of all of Green Day's income including record sales, tour revenues, publishing and merchandising. "After the first big check came in, Green Day withheld a percentage of that," Phillips says. "Rather than paying 20 percent, they paid 15 percent. The dollars that they (Cahn & Saltzman) know about is the amount of roughly the \$165,000 that's in the lawsuit. There are other major checks to come, and if they've received them, they paid nothing at all to Jeff and Elliot. And I don't think they intend to." However, the attorney representing Green Day says the band renegotiated their deal before ending it. "The parties had their differences," says attorney Bernard Burk. "There were many, but one of the differences had to do with what the manager was being paid. Other differences remained and it was those differences that resulted in the severance of the management contract." Cahn, a founding member of Sha Na Na, says he doesn't want the lawsuit to interfere with the pending release of "Insomniac," the follow-up to "Dookie," which has sold over 10 million copies.

The 51-year-old sister of **Mick Fleetwood** of **Fleetwood Mac** has died of cancer at the home of the Fleetwoods' mother in Salisbury, England. "I am going to miss her dearly because she was a fantastic example to me," Fleetwood said. "Sue choose to run her life and career and sickness on her terms, it was one hell of a battle for her." Susan Fleetwood was a London actress who had been battling cancer for the last decade. She had been a leading player in many productions of the Royal Shakespeare Company and the Royal National Theatre. "When she was working audiences and people she worked with had no idea she was ill," Fleetwood said.

Silverchair won in five categories and Tina Arena won in four at the Australian Record Industry Association Awards given out in Sydney. Silverchair won for Best Australian Single and Highest-Selling Australian Single ("Tomorrow"), Best Australian New Talent, Best Australian Debut Album, and Best Australian Debut Single. Tina Arena won awards for Best Australian Album and Best Australian Pop Release ("Don't Ask"), Best Australian Female Artist, and Australian Song Of The Year ("Chains"). Cruel Sea was named Best Australian Group, while Diesel was Best Australian Male Artist. Arena is the first female artist to win Best Australian Album and Song Of The Year.

"The Gold Experience," the new album from the artist formerly known as **Prince**, has already gone gold, selling 500,000 copies in just four days.

Part of a street in Beaumont, Texas, has been named after **George Jones**. The city's mayor presented a proclamation to Jones in front of a street sign for George Jones Place. The Jefferson Theater, where Jones first performed 51 years ago, is located on the street. "It means more to me really than all the other things, except the hits," Jones said. Alice In Chains releases a 12-song, self-titled album early next month, the first commercial release from the band since the EP "Jar Of Flies" debuted at number on in February 1994. That EP has sold over 2 1/2 million copies, while the 1992 full-length LP "Dirt" has been certified triple platinum. The new album, recorded in Seattle, features nine songs written by **Layne Staley** and three by guitarist **Jerry Cantrell**.

Toad The Wet Sprocket releases an album later this month called "In Light Syrup," which features 12 rare tracks from the band. A statement by the band says the LP includes songs that "for one reason or another haven't made it onto one of our albums. Either it's inconsistent with what develops as the album's musical theme, or there might not be enough room on the album for everything we recorded at the time. Hence, these tracks end up in some sort of song limbo, waiting for the right situation to come along. Some become bonus tracks on singles, some end up in movies, others we make available strictly to people on our mailing list, while a few have never been heard." Three of the songs on the LP are from soundtracks, including "Good Intentions" from the television show "Friends."

Pamela Anderson says she wants to marry **Tommy Lee** of **Motley Crue** a third time. "We've been married twice already and we want to get married again in Venice, Italy, possibly on New Year's Eve or New Year's Day," she says. The couple married on a Mexican beach earlier this year and then held a private ceremony in Hawaii. "We just want to get married everywhere, and eventually my mom will be able to come. She hasn't been to either one yet, and neither has Tommy's family. It's just kind of whoever's there. We just kind of think of it at the last minute and get married."

Five countries plan to issue commemorative postage stamps on December 8 to mark the 15th anniversary of the shooting death of **John Lennon**. His widow, **Yoko Ono**, has been working with the Inter-Governmental Philatelic Corporation to coordinate the stamp issues. "Never before have so many nations been involved in such a far-reaching homage to one individual," says IGPC president Sam Malamud.

REM have been playing a number of new songs on their current tour, including the tracks "Revolution," "Departure," "Wake Up Bomb" and "Undertow." **Peter Buck** says the band's been working on "big, kind of chaotic things...lots of stuff going on. They're a little less controlled than the 'Monster' record. We're ready to go on to the next place, whatever that is." Buck says the band's next album will either be recorded on the road or just after the band finishes touring in mid-November. "What I'd like to do is write and record a bunch of songs in the space of a year — on stage, at soundcheck, in local studios — get a body of work finished and then see what we've got." Buck adds the band probably won't wait so long to begin another tour. There was an almost six-year gap before this year's tour. "We're enjoying it so much," Buck admits. "I can guarantee we'll play in public in the future. But I'd be surprised if any one of us wanted to go out for 11 months again, even eight months. But there's no question; we're real happy to be out again."

Queen and the British Film Institute are commissioning 10 young directors to create short films to accompany songs from the "Made In Heaven" album coming out next month. The LP features vocals recorded by **Freddie Mercury** at his Montreux home in the months before he died from AIDS in November 1991.

A judge in Los Angeles has declined to revoke **Snoop Doggy Dogg's \$1** million bond after hearing an allegation that the rapper pointed a pistol at a Los Angeles police detective on a freeway. Superior Court Judge Paul Flynn has ordered Dogg to be monitored electronically through his murder trial, scheduled to begin on October 23.

Branford Marsalis says he was just kidding when he told the New York Daily News that he "despised" playing second fiddle to Jay Leno.

Calgary singer **Jann Arden** won awards for best video, directing and editing for "Insensitive" at the 1995 Canadian Music Video Awards handed out by Much Music, Canada's music video channel. **Alanis Morissette** won for best foreign music video by a Canadian for "You **O**ughta Know." **Sunfish** won the award for best independent video for "Difference."

Bobby Brown has been ordered to attend a hearing in Boston on whether he should be required to take genetic tests to establish paternity in a lawsuit filed last March by a 22-year-old woman. Lacresha Robinson says she had an affair with Brown before he married **Whitney Houston**. She claims he is the father of her daughter, Zipporah Emaya.

Steve Winwood, formerly of **Blind Faith** and **Traffic**, and his wife Eugenia have a new baby daughter, Lillian Eugenia Winwood, born in Nashville. Lillian is the couple's fourth child.

A federal court has upheld a 1992 decision ordering a lawyer and accountant to pay almost \$6 million for committing fraud in helping to take over \$20 million from the estate of **Bob Marley** after his death in 1981. The 2nd U.S. Circuit Court of Appeals affirmed the ruling ordering attorney David Steinberg and accountant Marvin Zolt to pay \$2.8 million to the Marley estate in compensatory damages and \$3 million in attorneys' fees.

Elton John will collaborate with lyricist Tim Rice on a version of "Aida" based on Giuseppe Verdi's opera. Walt Disney has asked John to come up with the soundtrack to the animated film. The show will be worked out in a stage production before the cartoon movie is made.

Van Halen played a show for 14,000 fans in Denver, even though it began to snow two hours before the concert. Band members threw snowballs at each other during the show. "After years of being hit with bras and panties, this was the first time we have been in a snowball fight on stage," says **Sammy Hagar**. "I think we held our own even though we were outnumbered 14,000 to 4."

A sound engineer in Ft. Lauderdale, Florida, has filed a lawsuit against **Rod Stewart** alleging Stewart hit him in the face during a show in Germany. Mike McNeil says Stewart, who owns an \$8 million home in nearby Palm Beach, Florida, struck him without warning after he kept getting feedback from stage monitors during the show.

London's Brixton Academy, a rock concert venue with a rich history, has been purchased by a music company instead of a church. The \$3 million dollar deal averts a takeover by a Brazilian Pentacostalist church called the Worldwide Church of the Kingdom of God. The owner of the Brixton Academy had said the church's reported \$7 million offer was "too good to refuse." The 4,000-seat venue will instead be purchased by a London music promoter. The **Rolling Stones** played a "secret" concert at the hall this summer. It's previously hosted concerts by **David Bowie** and **Bob Dylan**, among many others. Recent shows have included the **Red Hot Chili Peppers, UB40, Public Enemy** and **Jamiroquoai**.

Time Warner has announced it is selling its \$115 million share in Interscope Records, the label that has been criticized for its artist roster which includes Snoop Doggy Dogg, Dr. Dre and Nine Inch Nails. Time Warner executives say the decision has nothing to do with political pressure and was instead because of disagreements over creative control. Critics were quick to comment on the decision. "Let this be a warning to all the other big entertainment companies," said former Education Secretary William Bennett. "Time Warner has just set a standard for responsible corporate behavior. By this action, Time Warner has delineated what belongs in the mainstream and what belongs in the gutter." Ice-T, whose "Cop Killer" was the target of boycotts a few years ago, called the decision "a sad day" for Time Warner. "Warner has always been considered the biggest outlet for free speech. These special-interest groups won't stop the music, though. Rap and hip-hop will still be around long after the presidential race is over, long after all the politicians crawl back into their holes." THE HARD REPORT

Chris Whitley and **Biohazard** played recently a benefit concert for Bosnian refugees at a club in New York City.

Anne Dudley, formerly of the Art Of Noise, has a solo album out in Britain called "Ancient & Modern." "Of all the things I've ever done, this was really made for myself," Dudley says. "But I did wonder where they would stack it in record shops — it's really a classical album, so it should be stacked there, but as I've worked with Art Of Noise it could have been racked as a rock album. In the end it was racked in both." Dudley says she wanted to record updated versions of classic British songs for the LP, which was released in the U.K. in February. She's recorded two new tracks for a Christmas EP and has begun writing material for her second album. She's also done the music score to the film "The Grotesque," which stars **Sting**, who wrote the lyrics for the film's opening credits. The movie, set in the 1960s, features a big band tune written by Dudley as well as other collaborations with the former **Police** lead singer. "Sting's one of my heroes," Dudley says. "Ten Summoner's Tales' is one of my favourite albums."

Ringo Starr's drumsticks and a tour of the Abbey Road studios where the **Beatles** recorded many of their hits are to be auctioned off in London on October 24. The sale will raise money for the Musicians Benevolent Fund, a British charity which helps professional musicians who are seriously ill or going through hard times.

Lloyd Cole says he basically recorded "demo" versions of songs for his new album "Love Story." He initially tried to recruit a band for a spontaneous album similar to **Bob Dylan**'s "Highway 61 Revisited." When that didn't work, he scrapped the sessions and reworked the LP. Cole, former leader of the **Commotions**, has had success in Britain with the track "Like Lovers Do" from the LP. "I've been sort of going around in a lot of directions over the last 10 years, sometimes out of a feeling of duty because that's what artists are supposed to do," he says. "I thought it would be interesting on this record to find out what would happen if I didn't do that. So I sat back and took it easily and acted naturally."

Strip club owners in Ontario are asking the Canadian Copyright Board to let them pay smaller royalties for the music they play while nude women dance. The Ontario Adult Entertainment Bar Association says the music is only used in the background, and the organization also objects to having to pay royalties for an individual table dance. "You pay for that type of music and at the same time they want to collect money from the table dancers," says Joseph Bentivoglio, manager of a club in Ottawa called Barefax. "They want us to collect from the dancers. I'd have to hire two people just to collect the money." Paul Spurgeon, an attorney for the Society of Composers, Authors & Music Publishers of Canada, says the club owners are making "a stupid argument." No decision is expected from the federal government until late this year or early next year.

Percy Sledge and **Billy Joe Royal** headlined a concert in Arab, Alabama, in memory of six people who lost their lives in tornadoes in February that injured about 100 people in northern Alabama. The concert helped raise money for a siren warning system for the town. "We had been working on a severe weather warning system for about a year before the tornadoes struck in February," says Carol Maze, a member of the Arab Emergency Management board. She says \$115,000 of the estimated \$150,000 cost of the system has been raised.

Smoke releases a second album, "Another Reason To Fast" later this month (on Long Play Records).

A "Grand Slam For Children" benefit concert featuring **Kenny G, Elton John** and **Michael Bolton** raised \$1.8 million. The event, organized by tennis star Andre Agassi, raised \$500,000 more than Agassi had predicted. Money from the sold-out concert will go to various children's charities.

Peter Stuart has a new group called **dog's eye view** which is just releasing an album called "Happy Nowhere" (on Columbia Records). October 6, 1995

CATHY FAULKNER, KISW, SEATTLE

Just wanted to update you on ALL our music ours. Belinda Simmons, KISW Metal Director, takes calls on Tuesday from 9am-noon PDT; Scott Vanderpool, KISW Alternative Director, takes calls Mondays 10am-1pm PDT; | take calls Mondays noon-5pm and Thursdays 10:30am-12:30pm. | invite you to check out our new Home Page www.KISW.com! Thanks to Seaweed/Into Another for a great show. Thanks to Ben Brooks at Hollywood for being on top of everything! Also word of worship to The Tea Party for performing the best show of their career (to date) at a sold out Moore Theater. I've been a fan of The Tea Party for guite some time so many people are using that as an excuse not to listen. There is much more to this band than what you would hear on first listen. Check out "The Bizarre". We've been playing this since April 16th and it's still going strong. Also, if they are coming to your market, seeing is believing. Finally... Go Mariners.

DAN BINDER, WXBJ, ALBANY

The Edge has named its new music director! PD/Dan Binder announces Nikki Neal as his Music Director. Nikki will be keeping her 7-midnight stint while taking on the MD stripes. Nikki previously worked at WZLX in Atlantic City, New Jersey as promotions Director and night time jock. PD/Dan Binder was quoted as saying, "When I was searching for a candidate for the position, I found that Nikki had the street credibility and music knowledge we needed for the iob. I feel that Nikki and I will make a great team and will keep providing the Albany listening area with their only choice for Alternative music." Nikki will be taking music calls Thursday from 2pm-6pm. Dan will still be taking calls from 10am-4pm.

JULIE BAHRE/JOHN LENAC -- KTOZ-FM SPRINGFIELD, MO, CHANNEL Z

Hey, did ya hear the one about the guy who bought 2 of his 3 competing radio stations? See, he did that, and then he ruled persons 12-54 in Springfield, MO. That's right, incase you missed it, GMR Broadcasting has added KHTO and KZBE to the family, and made famed Rob Nicholson V.P. over all and everything. And, Julie Bahre will add to her MD duties the task of turning current Classic Rocker B95 into a AAA station. KZEB should have AAA reporting status by next week. Please send whatever ya got to the Channel Z address for now. Most importantly, call times for Julie are now Wednesday and Wednesday only from 1pm-5pm Central. And does anybody know how I can get about 2 or 3 hours added into the day? Back to the music, top 5 phones for KTOZ this week include The Presidents of the United States of America, Soul Asylum, Bjork, The Toadies, and Bush. Hey, we're beginning to get some interested callers on 7 Mary 3's "Cumbersome" which makes me so proud. This weekend we gave away the new Oasis, PM Dawn, and Candlebox CDs before you could buy them. You know, people just can't get enough free stuff.

ALLISON STRONG/LARRY MAC, KUKQ New call hours! New call hours! Now you'll be forced to update your mailing lists! Larry Mac now takes calls Wednesday and Thursday 1-4pm. My situation is a little strange: I can take calls from 8:30-10:00, (then am doing the logs and am on "Phone Probation"), then 1-4pm l am fair game again. Right know we are on West coast time, but pretty soon, we'll be on Rocky Mountain time again. This is because Arizona is the only state that does not deal with daylight savings time. According to today's paper, we are now the seventh largest city in the country, topping Dallas by a few hundred thousand. Maybe one day we'll have five FM alternatives, like our pals in Denver. Records I love: The New Menswear on Island, Skunk Anansie on Epic, Extra Fancy "You Look Like a Movie Star" on El Diablo (they say a major label deal is pending, though and Greta, both songs, "Anomaly" and the single, "About You." Our friends at Mercury set up a Free Greta show for KQ listeners, this Friday, we can't wait. Please E-mail me at astrong@primenet.com

TODD HALLER AND RECKLESS ERIC CHANNEL Z, 95.1

Everybody is probably saying "Todd you're in Arizona getting married, so how did you type this wonderful letter?" Simple, I made Eric do it. Here's the top five requested songs by the great Zambini. 1. **Pres. of the U.S.A** - "Lump". 2. **KoRn** - "Blind". 3. **Silverchair** -"Tomorrow". 4. **Alanis Morissette** -"Hand in My Pocket". 5. **Joan Osborne**

- "One of Us" & **Foo Fighters** - "I'll Stick Around". Thanks to James and John from Interscope, and Ron of RCA for their support on the Bush/Hum/Toadies Weekend. We hooked the Z-Heads up with each bands CD plus we slapped tix in their hands for Monday nites show in Atlanta. It was complete chaos in the Z.S.R.A., I looked like one of O.J.'s lawyers — very confused! Hey, also a big thanx to Jed of I.R.S. for bearing with that lovely traffic jam in Atlanta to come down and visit Augusta. Another big thanks goes out to Steve of Island and Warren of Reprise for the "Win It Before You Can Buy It Monday". We unleashed the new CDs from the Meat Puppets and Candlebox on the Z-Heads. Just a brief note, "They both Rock!!!" Don't forget this is the week for the third annual SXSE invitational showcase. If you need more info please call Eric Hall @ (706)-650-1122. Well that's it for me. I'm off to make the dreaded walk down the aisle. Just kidding, I'm really getting ready to hang out and catch some rays. Keep smilin' and surfin' the Z!!!

GUY DARK. WHDQ CLAREMONT

Thanks to Mike Symonds of Warner Brothers for our **Candlebox** win-itbefore-you-can-buy-it weekend. Ditto to Epic's Jimmy Walorz for the **Ozzy** stuff! Relativity's Chuck O. was also generous enough to bestow some **Satriani** CDs upon us. Looking forward to new **Alice In Chains** and **Smashing Pumpkins** big time. If there is a God in heaven, the Red Sox will still be playing by the time you read this!

THE TINK, WVUD, NEWARK

Why hello there! Can you say Down, again Down, again Down. Well, as you may guess I've been to one of the 7 or is it 8 Down shows. Kudos for the hookup goes to Rob Gil which in turn means the help of the Electrifying Jessica Harley. Saw all the N.Y.C. heavy hitters up in the cramped balcony, pix to follow. It was really quite a marvelous performance. I believe the band was enjoying the whole kabob also, you could just see it in their faces and actions. Phillip was very adamant in pointing out to the enraptured throng that "whatever they heard about any band splints was purely conjecture from those who may have spread those falsities." One more thing about the evening that went so well was the sound reproduction was so damn good that it kept the N.Y. hardass audience in check and just groovin' on the band. Also, the update on last week's membership drive for the hard crowd organization is whoa-fully limping.
