### Leymon To Lyric Street Sr. Director

Lyric Street Dir./National Promotion **Renee Leymon** has been promoted to Sr. Director of the Walt Disney Company-owned label. Lyric Street VP/Promotion **Kevin Herring** said of Leymon, "Renee's passion for our artists and their music, coupled with her continued growth as a record executive, made this deserved promotion to Sr. Director an easy call." Leymon was the Promotion Coordinator for Arista/Nashville sister Career Records in January 1998 when she joined Lyric Street for Midwest regional promotion. She was elevated to Dir./National Promotion in 2001.

### Rush Un-Retires

When 12-year Arista/Nashville Southwest regional promoter **Ken Rush** took the company's early retirement package and exited last February, he told us he was "goin' fishin'" and was also "searching for a glass of good red wine." Either all the fish in Texas are gone or he's drunk Dallas dry. Regardless, after seven months in the lap of luxury, Rush is going back to work as Equity Music Group's new Southwest Regional. He succeeds **Brad Helton**, who shifts to the Northeast to fill a slot open since **Cliff Blake** left to join 903 Music last January.

**Garrison** notes, "Once Hurricane Rita made landfall 80 miles east of Houston, all of us understood that the Infinity radio signals would reach those high-impacted areas in Beaumont. If those radio stations were compromised, Houston radio would have been a resource for emergency information in those markets."

At 9am on Saturday, KILT-FM split away from the simulcast, although intense coverage continued throughout the weekend. Garrison says the biggest problems were lack of food and gas, which was the station's focus as people began to return. "None of the little towns had any gas or food — it was all taken by people evacuating the city," he says, before adding the big lesson he learned: "Get a horse. You can't buy food when there's no gas in the car."

120 Country reporters. Songs ranked by total points for the airplay week of 9/18-9/24. Bullets appear on songs gaining points and/or plays or remaining flat from previous week. If two songs are tied in total points, the song with the larger increase in points is placed first. Songs below No. 1 and down in points and plays for three consecutive weeks are moved to recurrent. Most Added is the total number of new adds officially reported to R&R by each reporting station. Songs unreported as adds do not count toward overall total stations playing a song. Most Increased Points lists the songs with the greatest week-to-week increases in total points. Station Weight = AQH Persons + (Market rank X 10) divided by 4180. Total Audience equals Average Quarter Hour Persons times number of plays (times 100). Each daypart on each station is assigned an AQH number. # Doug Stone

## "Everything"

**After Midnite, 92% Pick It, 9/22/05**

"It's a theme as old as Country music, itself. Happiness doesn't come from possessions. It comes from the simple pleasures of life. Doug's performance is beautifully shaded and completely believable. A little jewel of a disc."

-Robert K. Oermann, Music Row
