WALRUS STATISTICS

Our statistics are a quantitative reflection of current LP acceptance based on our contributors' reports. *Progressive Retail Reaction* is derived from Top 15 retail reports while *New Retail Action* is derived from New Reaction reports. Both are weighted to compensate for the size of the store chain. *Radio Emphasis* is computed by counting radio reports of Audience Reaction and Heavy Airplay. (Heavy Airplay new additions are not included.) *New Releases to Watch* is calculated by counting all indicated New Additions and weighing them according to heavy or moderate play. All calculations are first done regionally then combined to form the national totals.

## NEW RELEASES

Below is a catalogue of new releases. They are divided into categories designed to give you an idea of their relative musical worth. These first impressions are not meant to relate in anyway to past, present or future sales, nor should they be taken as the word of God.

### SPECIAL MENTION ALBUMS

(These recordings which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

Leon & Mary Russell/WEDDING ALBUM/Paradise PA 2943  
(Extra special songwriting and uniquely styled presentation raise Leon's music above the crowd. He and Mary make an exhilarating musical couple. Quite a celebration.)

### STRONGLY MERITORIOUS

(The following Lps are Merit Albums which we feel have an extra edge.)

Firefall/Atlantic SD 18174 (Firefall is among a batch of groups which represent an ongoing exploration of forms which already exist. Crisp delivery in the context of smooth harmonies gives admirable songs a vigorous beauty. Positive recapitulation.)

Jaco Pastorius/Epic PE 33949 (Jaco gets a positive nod for more than just good music. His album is filled with ideas - he remembers Charlie Parker, reintroduces Sam and Dave, recognizes electronic music and reaches out to steel drums. Still, it all unifies around a terrific bass. "Come On, Come Over," in spite of Sam and Dave, seems out of place.)

The Shakers/YANKEE REGGAE/Asylum 7E-1057 (By naming the album Yankee Reggae and not avoiding the issue, The Shakers legitimize themselves. Their Doo-oop singing doesn't clash with their strong reggae beat as one might assume. Good songs are well executed throughout.)

### MERIT ALBUMS

(Our recommendations for serious progressive radio consideration, recognizing that not all Merit Albums are suitable for all stations.)

Larry Ballard/HONKY TONK HEAVEN. /Capitol ST-11520  
(One of the younger country singers, Larry circumvents the pop-Nashville jive opting instead for a closer-to-the roots approach. Well chosen material supplements and enlivens his own sure footed compositions. Pete Drake's production blends from straight country to rockabilly.)

Broken Glass/Capitol ST-11510 (Broken Glass blues starts slowly. First, they come with an unattractive name and Lp cover, then they follow with their weakest music at the front of the album. But, it isn't all dismal. By the middle of side one things begin to sound better. Side two is solid.)

### MERIT ALBUMS CONTINUED

Harry Chapin/GREATEST STORIES-LIVE /Elektra 7E-2009  
(Capturing the undeniable charm of Harry's live essence had to be done. Where his studio albums have tended toward being over-produced, the live format keeps the musical intensity his stories should always have.)

Paul Davis/SOUTHERN TRACKS & FANTASIES/Bang BLP 405 (Paul's pleasant execution of nice songs is enough to get a mildly favorable response. One can only imagine his album had it been built on firmer underpinning. An outside producer might have punched it up.)

Flying Island/ANOTHER KIND OF SPACE/Vanguard VSD-79368 (Start with side two. It gets itself together both melodically and conceptually better than the first woffling side. It seems like the lead players equivocate less. They step out and in doing so forge a more decisive sound.)

Marvin Gaye/I WANT YOU/Tamla T6-34251 (Combining talents with Leon Ware, Marvin expands on his sensuous funk. More than the writing, it is that airated rhythm which permits the music to flow easily.)

Steve Goodman/WORDS WE CAN DANCE TO/Asylum 7E-1061 (Steve touches every base in this album. He has fun, makes a point, is poignant, rocks and picks. An enjoyable pararama results.)

Don Harrison Band/Atlantic SD 18171 (The feeling is Creedence Clearwater all over again. Don Harrison's vocals bend toward John Fogerty's, while the band's rhythm is the same, with Stu and Doug firming up the bottom. Yet, a refreshed CCR alone isn't enough. Harrison's consistently impressive writing makes his rock and roll stand out.)

Head East/GET YOURSELF UP/A&M SP-4579 (If Head East was somewhat kiddish on their first album, they are not here. Yet, they don't compromise their rock and roll in the maturation process. Good songs are commonplace.)

Led Zeppelin/PRESENCE/Swan Song SS 8416 (Presence won't go down as the quintessential Led Zeppelin album. The real music begins on side two where the best is left to the roots-conscious, blues ender "Tea For One." It swoops and soars like nothing else on the album.)

Little River Band/Harvest ST-11512 (Most everything that has come out of the Australian music scene has been touched by at least some jive dust. Little River Band seems more free of it than the rest. Their pleasant rocking style - songs and presentation - is enhanced by Rick Formosa's surprisingly fluid and melodious guitar work.)

### MERIT ALBUMS CONTINUED

- Ian Lloyd/Polydor PD 1-6066 (Anglophile, Ian Lloyd resembles Todd Rundgren in his devotion to the Empire. But, Ian just doesn't write with Todd's ease. So the tracks tend to be heavy on style and lighter on substance. He gets by.)
- C. M. Lord/Capitol ST-11514 (Ms. Lord's voice has character and her writing, though spotty, can be very good. Unfortunately, Ken Mansfield's generally well crafted production can cross that invisible line into overdone. Each side is stronger at the start.)
- Mary McCaslin/PRAIRIE IN THE SKY/Philo 1024 (Mary's mellow confidence pervades an album brushed with a country and western feeling. It's soft and smooth and boasts a sure knack for song selection. The album as a complete thought. Contact Philo at The Barn, N. Ferrisburg, Vt. 05473.)
- Shawn Phillips/RUMPLESTILTSKIN'S RESOLVE/A&M SP4582 (One must respect Shawn for his stylistic tenacity. He works his way and it is a thoroughly individualistic approach. Transgressions like pomposity and lack of economy aside, this is one of the better albums by Phillips.)
- Michael Pinder/THE PROMISE/Threshold THS 18 (Moodies will be Moodies. Pinder makes a big album, slightly overdoing everything but, his melodies. Too often they just miss. Ironically, some of the Lp's bigness saves it by engulfing the weaknesses.)
- Jimmy Rabbitt and Renegade/Capitol ST-11491 (A really neat streak of audacity runs through this entire Waylon Jennings production. Super song selection, which seems to wed naturally with Rabbitt's personality, secures this devilishly good Lp.)
- Rare Earth/MIDNIGHT LADY/Rare Earth R6-550S1 (This marriage continues to function successfully. Jerry La Croix finds a permanent home and Rare Earth combines with him to play substantial rock and roll. Norman Whitfield's production cannot be disregarded as a factor in their success.)
- Bob Seger & The Silver Bullet Band/LIVE BULLET/Capitol SKBB-11523 (Rarely has Seger been as enjoyable. After a raver opening track his music settles into lower volume, higher quality phase. He rocks spiritedly showing roots deeply embedded in the form. Good choices of his own and outside material.)
- Shadowfax/WATERCOURSE WAY/Passport PPSD-98013 (Shadowfax's fusion is ambidextrous. They can come at you from their keyboard side or their guitar side and electrically or acoustically. Going beyond what has already been done by other fusionists (the title track) is their real accomplishment. They play well and try hard.)
- John David Souther/BLACK ROSE/Asylum 7E-1059 (Albums done with meticulous care are not hard to spot. This is one. However, John David's tunes may not ring with the same kind of consistent clarity. Side two slows down in a collection of pensive, sad songs. Still, it is well done.)
- The Temptations/WINGS OF LOVE/Gordy G6-971S1 (The Tempts can do it any way that they choose. Switching from Norman Whitfield's convoluted production style gives them a refreshed sound. Good songs are at the core of this rejuvenation.)
- Guthrie Thomas/LIES & ALIBIS/Capitol ST 11519 (Side one tries hard to shed the me-to writing and vocal styles that even his name implies. He is fairly successful though he blurs his essence in the process. Side two is more directly where Guthrie really belongs. Great potential that is still developing.)
- Three Dog Night/AMERICAN PASTIME/ABC ABCD 928 (Moderately good songs are chosen for this funkier than normal Three Dog Night Lp. The Andy Fairweather-Low and Hoyt Axton things highlight the album. Three Dog always manage to successfully emulsify tunes from diverse sources into their sound.)
- The Tubes/YOUNG & RICH/A&M SP-4580 (With their production problems solved The Tubes can begin a quality recording career. Though an audio medium can never do justice to them, at least, this Lp accurately represents their dense music. Good show.)
- Bodie Wagner /HOBO/Philo 1015 (Bodie Wagner's country folk music flows with joy and a note of authenticity. You'll believe he has been on the road. A rich voice and round tunes carry the message. Delightful.)
- Bobby Whitlock/ROCK YOUR SOX OFF/Capricorn CP 0168 (While Bobby's adequacy has not always been apparent in his records, it is in this one. As it turns Rock Your Sox Off gathers increasing strength. A loose and funky rhythm relieves some of his natural stiffness.)

### FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

- Jimmy McGriff/THE MEAN MACHINE/Groove Merchant GM-3311 (This album is improperly labeled. It is the arranger's album. McGriff is merely a minor sideman. "Get Back" is the only track on which Jimmy imposed himself. It leads off a funkier side two.)
- James Moody/TIMELESS AURA/Vanguard VSD-79366 (Times have changed and an old-fashioned, rhythm suppressed, mix helps to moderate even the Latin tracks. One also gets nervous when most of the tunes are the producer's own. The edge on Moody's tone cuts through many problems.)
- Silver Convention/Midland BKL1-1369 (One is immediately struck by the performing and recording quality of this Silver Convention Lp. They deserve their success since they raise the quality quotient of disco music. Listen for the reggaeish "The Boy with the Ohh La-La.")
- Shandi Sinnamon/Asylum 7E-1054 (You can't judge an album by an attractive cover. Shandi is a voice in the hands of an over-producer. It sounds like pretty good pop music.)

### FRINGE ALBUMS CONTINUED

- Lonnie Liston Smith & The Cosmic Echoes/REFLECTIONS OF A GOLDEN DREAM/Flying Dutchman BDL1-1460 (Lonnie takes his enormous potential another step into the background. Both "Meditations" and "Beautiful Woman" are of use. One because it plugs into the source of cosmic echoes and the other because of its natural intensity.)

### SPECIAL PROGRAMMING

Spoken, poetry - comedy and extraneous musics.)

- The Boys of the Lough/LOCHABER NO MORE/Philo 1031 (Previously reviewed as an import. In order to rejuvenate the spirit one should make it a practice to dip back into the wealth of pure folk music available. The Boys of the Lough are a great place to get your MDR.)
- Jeanne d'Arc Charlebois/HOMMAGE A'MADAME BOLDOC/Philo FI2014 (All folk music shares certain common ground. In this case a homey fiddle accompanies Madame Bolduc's French lyric. This music from Quebec is not unrelated to Cajun music with which we are more familiar.)
- Margaret MacArthur/THE OLD SONGS/Philo 1001 (A spirited Margaret MacArthur album is not all Old Songs, as advertised. It includes two relatively recent compositions among the aged. Whether new or old they are bound by Margaret's sense of humor and people.)
- Jean Redpath/Philo 2015 (Jean sings her traditional ballads with loving deliberation. The lyrics and commentary enrich an already pleasing experience. A sensitive presentation.)
- Bill Vanaver & Livia Drapkin/LANDFALL II/Philo 1013 (A pair of eclectics. Songs gathered from Russian, Greece, Bulgaria, the American West and the South wind a meandering path through this Lp. The playing here is a bit more impressive than the singing.)

### REISSUES

- W. C. Fields/THE BEST OF/Columbia CG 34144  
Country Joe McDonald/THE ESSENTIAL/Vanguard VSD-85/86  
Various Artists/TEA PAD SONGS/Stash ST103

### NOTABLE SINGLES

- Russ Ballard/WINNING/Epic 8-50211  
Johnny Cash/ONE PIECE AT A TIME/Columbia 3-10321  
Johnny Nash/WONDERFUL WORLD/Epic 8-50219  
Johnny Rivers/OUTSIDE HELP/Epic 8-50208

### IMPORTS

- (Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P.O. Box 362, South Plainfield, N. J. 07080 - (201) 753-6100.)
- Ronnie Lane's Slim Chance/ONE FOR THE ROAD/Island ILPS 9366 (Though only parts of Ronnie's album are totally assured, the whole thing projects the right attitude. It sounds like the people playing were having a good ole time. Refreshing. Merit.)
- Nine Days' Wonder/SONNET TO BILLY FROST/Becilus BLPS 19234 (Nine Days' Wonder has grown into a mature band of considerable ability. Their rock and roll gains the advantage because of a sterling guitar and superior songwriting which surfaces enough to raise a question as to why it isn't all super? Side two is stronger. Merit.)
- Omega/TIME ROBBER/Bacilus BLPS 19233 (Omega should take their own Lp title more seriously. They spend too much time on each piece. Their writing consists of two elements good melodies and filler. The filler has to go. Applying some economy to their writing and playing skills will help them turn the corner. Merit.)
- The Pretty Things/GREATEST HITS 1964-1967/Philips 6625015 (Reissue)
- Jess Roden Band/KEEP YOUR HAT ON/Island ILPS 9349 (Jess improves his standing by gathering a solid band around him and by using outside material to augment his own writing. He is impressive as a vocalist as he handles both rock and ballads with funky pipes. Merit.)
- The Sensational Alex Harvey Band/THE PENTHOUSE TAPES/Vertigo 9102007 (Irreverent and in it for the fun S. A. H. B. fills a need. They start with the phrase "It's Only R'n'R but, I Like It" and they apply it. The message is clearly enjoyable. Merit.)
- Stackridge/MR. MICK/Rocket Roll 3 (Stackridge begins to harness its enormous potential. They imagine more than simply verses and choruses to a rock beat. That imagination has been at once their great asset and liability. While they earn respect with each Lp, they should be able to earn more ears now. Merit.)
- Toots & The Maytals/REGGAE GOT SOUL/Island ILPS 9374 (As Toots moves toward the R & B side of reggae, he inevitably must be compared to Third World, a group which has that space covered. Though, it doesn't happen automatically now that reggae music is past the startling new stage, Toots still shines. Strongly Meritorious.)
- Wigwam/THE LUCKY GOLDEN STRIPES.../Virgin V2051 (Very good players. Unfortunately Wigwam is also a group of very spotty writers. Through their sparkling presentation come too many songs which set the listener adrift. The breaks are far more fluid. Satisfactory.)
- Various Artists/ROCK FOLLIES/Island ILPS 9362 (Rock Follies is a musical television program with music written by Andy Mackay. The word "follies" is the key to the presentation - 3 female singers using a stage show style over a rocky bottom. Mackay's writing doesn't capture the imagination without the missing programatic pieces. Satisfactory.)

## CONCEPTS

### Toward Interdependence

In spite of progressive radio's shifts in more pop directions some remnant of the old days remain. Actually, a few of the negative aspects of those times hang on like barnacles, hard to cut through.

The most serious of the old, unchanged flaws was and is the isolation of stations in different markets. From the very first day a kind of unshakable independence has kept non-competitive radio stations from talking to each other and from working together on projects of mutual interest.

By its very nature Valrus has always stood against such isolation and more recently the existence of other trades and industry conventions also stand against it.

The specific event which triggered this thought was the occasion of a shared live broadcast of Laura Nyro's performance from Carnegie Hall. Tied together for an hour

and a half were WNEW-FM, WMMR, WBCN, WHCN & WBRU. It is amazing that it hasn't happened more. (There is an informal confederation in Florida.) Further, this kind of union can work in many other areas of programming.

Rarely have the four Metromedia progressives joined forces to use their considerable resources. For that matter how much real interplay goes on between the Lee Abrams' stations or the ABC stations? Certainly the full weight of their collective muscle hasn't yet been felt. Finally, people like WBCN's Danny Schechter can attest to the limited response they get when good special programs are offered for general use by any stations, group or individual.

For the betterment of radio programming, regardless of your position on the pop-progressive continuum, we urge a new interdependence which could strengthen the entire medium by raising its collective level.

Recent programs have included: "Boys for Hire" - an inside look at the world of male hustlers produced by John Scagliotti; "Off Shore Drilling" - Sue Sprecher took an in-depth look at the perils and profits involved in plans for off shore drilling in the Georges Bay Area of New England. Dave Gilton's "Third World Report" took a look at power in the black community as viewed by a crusading black legislator, Mel King. Interviews on 'BCN programs have included N. Y. Times science writer and author Walter Sullivan; a real exorcist Malachai Martin and Rod Steiger. The womens show "She's On" has done an excellent study of the ERA - and a program on sexuality and relationships. We have also interviewed Melba Moore and Holly Near.

#### Other News Notes of Interest:

1. What happened to WGTB in the Washington, D. C. area? The plug was pulled on the station by Georgetown University. The story is told in Washington Newsweeks - a new weekly. The new station management has forbidden among other things the following records from being aired: Dylan's "Hurricane," Lennon's "Working Class Hero," The Airplane's "Volunteers," etc. It would be good if all progressive stations wrote to WGTB-FM's current management to protest.  
2. The Great Speckled Bird of Atlanta reports in its new monthly format that Radio Free Georgia is sponsoring Children's Radio Experimental Workshop. Who else is doing Children's programming - and with what impact?  
3. Do you receive Access - if you don't you should. It's a publication all about broadcasting and you should write for a sample copy to Access, 1346 Connecticut Avenue, Suite 415, Washington, D. C. 20036. Tell them I sent you.

#### COMMENTS:

It's springtime in New England and, thanks to Ed Hines and Crablouie (among others), the level of mutually-inspired optimism resulting from the triumphant regional hook-up of Laura Nyro from Carnegie Hall is at an unequaled high.

At the foundation, we find co-operation between radio stations, record companies, and a welcome innovative use of our medium, far too long allowed to be taken for granted.

All of this is exciting (for me, at least), and will hopefully soon expand to include the active participation of some of those mellow and/or high-energy folk at stations on the opposite coast and in-between.

April 8 is International Food Day. Rather than bombard people with excess information, the WHCN "crack" news team, in association with all the jox, have produced short tasty news-features ranging from junkfood to vending machines to the plague of agribusiness, plus "did jaknow" one-liners, all peppered throughout the day. Should prove to be fun as well as informative. The news/jox co-operation level has been high and heart warming. Post-mortem next issue.

WHCN-FM

COMMENTS: In the studio to visit and rap: Nils Lofgren (a delight); Jacob's Reunion; Les Dudek; and Pure Prairie League who staggered in after a 4-encore sellout WHCN concert.

CBS set up a sort of "Eastern Establishment Progressive Network" of WNEW-FM, WMMR, WBCN, and us to present Laura Nyro live from Carnegie Hall on 3/31 using Crablouie's bus. In a word: excellent!!! Thanks to all who made it happen.

Roy Orbison's new 45 heralds his serious return. The "B" side could just be the one to do it again for him. Looking forward to the Dion-Spector package, too!

WHCN Oldies Week featured the return of Lightning Larry, one of our first 3 jocks; the "Masked Phantom," who must remain anonymous but who was a former MD; and myself, the current MD and former drive jock. It celebrated 7 years of WHCN as a progressive station. PD Mike Shalett is back from his vacation now, and will straighten out the mess we made of his shift!

Congrats to WCAS, now brethren of ours in the UE union. And now, the Jaco Pastorius Fan Club appeals to our bass instincts down the hall.

P. S. Why did ASCAP embargo the new Stones Lp?

Complete coverage of the David Bowie arrest. Which we fed to many stations across the country. Not a bad idea - an up to date "progressive" news bank -- with taped feeds.

Also a complete definition of some of the more important local issues being voted on in the New York primary.

COMMENTS:

Thanks to Columbia for their help in the Larry Jon Wilson concert and the Artful Dodger concert. We also hosted Merl Saunders and his band for a live show. Very tasty.

Advances and exclusives should be eliminated and everyone given the chance to play (or not to) an album at the same time.

Had the pleasure of seeing Genesis perform live - better than ever.

Hello to the people at EBN. Had the pleasure of listening and meeting the radio station - very nice and to Hershel at WYDD.

Maybe someday we'll get it all together.

COMMENTS:

The Island people must be commended for releasing records of the great quality and variety as that of the new Antilles release, and for the lower list pricing of those records. However, in deliberately not seeking - and in some cases avoiding, potential airplay by not supplying radio stations with even one or two airplay copies of an album, they are effectively underrating their own aim of presenting good, diversified music.

Happily Genesis fulfilled and even surpassed all expectations in their amazing concert and presentation: a sonic adrenalin charge for 3,000 people. Thanks muchly to Carroll Hardy of Atlantic for squeezing in an afternoon interview with Phil Collins and Michael Rutherford, and for a post-concert interview (which will be incorporated into a Genesis special). All greatly appreciated.

Thanks also to Warner/Fool's Day giveaways.

Finally, Hank Ball has recently taken over the 3-8pm daily slot.

So long -

Eric

NEWS & PUBLIC AFFAIRS:  
Peter Fonda stopped by for another of his well-put, out-front interviews. Although the behind the scenes, upstairs talk with Larry Foster was heartfelt and appreciated.

COMMENTS:  
Music Director's name has changed to Mike Curtiss (reported/mentioned in the last issue.) Larry Foster is staying on, by request, to help... so any Record/Music calls should be directed to one or the other. Curtiss is known to be a dogged album collector.. station and personal, in that order.

It should be expressed that KPFT is rapidly moving toward the 3rd Annual Cosmic Cowboy Benefit, set for May 2nd. Presently signed are Jerry Jeff, David Bromberg, Guy Clarke, David Allan Coe, Dr. Hook, Lost Gonzos, Doug Kershaw, Asleep at the Wheel... any women wanna appear? Call Mario at 526-3800.

Hello, I'm Tom Marker;

one half of the music department- and I'm Trudy, the other half. We'd like to thank George Meier for our extended reporting privileges. Our staff is as follows: Morning air shift: Armand Chianti-Program Director  
Mid-Day air shift: Shel Lustig-Public Service Director  
Afternoon air shift: Tom Marker Co-Music Director  
Evening air shift: Gary Wagner  
Night air shift: Trudy Fisher - Co-Music Director  
Weekend air staff: Ron Horan, Glen Moberg, Dan Kelly, Steve Johnson and Dave Bevens  
Maybe by the next issue we'll have our thoughts and our rap together enough to let you know what we're doing and why.

Tom Marker

Trudy Fisher talked with the Steve Gibbons Band Sunday, April 4. Tom Waits visited with Tom Marker Tuesday, March 30. Randy Hock "Our Man From Atlantic" co-hosted our morning shows on April Fools Day. Good sport and a good show.

On Saturday, April 3, Record World Magazine held a seminar for the St. Louis-Kansas City region. Lenny Beer, Toni Proferra and crew were here and it was a very interesting and enlightening afternoon. I learned a few new things myself, and it would certainly benefit you to attend one if they hold one in your region. We thank them for their time and concern for our area.

NEWS & PUBLIC AFFAIRS SHOWS... AND SPECIAL MUSIC PROGRAMMING:

by Mary Curran, News Director

Several new shows have been added to our public service line-up, and after a bit of experimentation, I think we've hit upon several excellent choices. As always, the idea is to find shows that are informative and interesting... something that will tell the listener something about their community, but in a way that they will stay with the show, rather than touch that dial, as they used to say in radio.

Crawdaddy... from the magazine of the same name, is a new addition. The program contains news features, interviews, and excellent comedy material about very current topics.

The King Biscuit Flour Hour has also joined us. The show is 60 minutes of an individual artist's or group's music, and has got that "You Are There feeling" about it that sets it aside from the pack.

Dialogue... a locally-produced (in fact, it comes right out of the newsroom from Ric Schroeder) call in program that doesn't bother with the drivel and carefully screens the calls so that the listener isn't hearing the same questions all night long. Topics vary from the Senate S-1 Bill to the Milwaukee Bucks chances in the playoffs.

Dear Doctor... has been around Milwaukee radio for about six years now... with our evening person Bob Reitman & Doctor Allen Reed. Drugs, sex, and the basic problems that everyone faces are dealt with each Wednesday night for an hour. Again... careful screening of calls keeps repeats to a minimum.

Taking Another Look... has been a part of 93-QFM for the last two years. Originally the show began in five minute segments running Monday through Friday... and covering a wide range of subjects... many dealing with the way we work and live in today's society. The show now also has an hour version on Sunday that includes a half hour of music to accent the interview... and keep everybody around for the talk.

Rock That Never Rolls... an hour of religious programming that doesn't preach but is intelligent and low-key.

Rolling Stone Magazine Show... a combination of tapes from the Rolling Stone audio show... with in-depth information on stories in the current issue of the magazine. As with most of our public affairs programs... music is used as emphasis to make a point and keep a listener.

COMMENTS:

As you may have surmised from our want ads, the moment we've all been waiting for is at hand: as of April 26, WXRT will be Chicago's Full-Time Fine Rock Station! Our thanks to everyone who's helped make it happen.

Passport Records has just released the first album from a Chicago-area band named Shadowfax, who are like an electric (not to mention eclectic) Oregon. It's an impressive debut.

Our "Diamond in a Junkyard" promotion to clean up part of the South Platte River was a big success thanks to Ariola Records and Bobby Applegate. It's a treat to have a record look for intelligent promotions that benefit the audience as

 well as the company. Thanks Ariola!!!!!!

**NEWS & PUBLIC AFFAIRS:**  
 Our Sunday Mag continues to amaze us, mainly because of the listener response via the phone-in sections of the show and from comments received during the week. There is a definite audience for high quality, relevant public affairs programming! Our ratings bear this out.  
 Some recent shows have included taped excerpts from four dialogues on American Foreign Policy sponsored by the World Without War Council. The Council invited guest speakers, experts on foreign affairs, to speak on topics ranging from economics to world security... other mag material has revolved around a new local organization called People for Quality in Broadcasting, a men's rap group and divorce co-op, a recent initiative filed in Washington that is similar to the California nuclear initiative, female sexuality, income taxes and Washington State's process of selecting delegates to the National Political Conventions.

KVAN-AM

COMMENTS:  
KVAN celebrated its 2nd birthday under present management last Friday... with local record retailers playing guest D. J.'s in order of appearance: Ron Prindle - Crystal Ship, Tim Storlie - D. J.'s, Don McLeod - Music Millennium, Tom Modica - Longhair, Jackie Bonner - America, Tom Keenan - Everybody's, & Steve Smith - For What It's Worth. Everyone did a real fine job, had a good time, and we feel it did a lot for improving rapport with our advertisers. A party to end all parties followed that evening, and we're still recuperating. Wish to thank Heavy Lenny of A&M for the fruit. Recent interviews at KVAN with Steve Gibbons Band, Rush and Be-Bop Deluxe. Too bad more groups wouldn't make themselves available for some fun on the radio when they come to town, it certainly helps last-minute ticket sales. Happy to announce the addition of Fred Flack aka Jeff Clark, an old friend from KQIV days, who's just joined our weekend lineup. He's one of the best, and already adding a lot of energy here. Finally, we're gearing up to do a big promotion number when Peter Frampton hits town this month, including T-shirts and catalog give-aways, in conjunction with Everybody's Records and A&M. I've already run out of space, so I guess that's it...

Only one week left before the world famous Modern Lovers Lp on Beserkley will be ready for release.

If everyone screams loud enough to A&M maybe they will release the live Nils Lofgren.

Thanks to MCA Records and The Who for returning to Boston. Spectacular show!!

Groundhogs; Ravi Shankar's  
newest (unbelievable - Indian  
music, Ravi in particular, has  
been neglected too long. Please  
sit back and let this album drift  
through your brain).

COMMENTS:

Thank you Capitol Records  
for making Helen Reddy's in-  
store appearance possible. And  
thank you Helen. Also thanks to  
RCA, enjoyed having Eugene  
Fodor by Saturday afternoon.  
His performance with the  
Atlanta Symphony Orchestra  
was astounding!

Super concert by Robert  
Palmer. His N. Y. band was  
smokin' and he was rockin' and  
smooth. WOW!

After a good, tight concert  
by Journey, CBS took 90 radio  
and retailer people up for a 90  
minute ride in a DC-9. A fun  
Journey for everyone.

Hate to see Gene Clark's  
No Other on the latest Asylum  
cutout list. It's a tremendous  
lyrical and musical album.  
Listen before it's gone.

CONCERTIZING

WBRS/Waltham, Mass. - Peter Mork/Edward Haber  
Artist(s): NILS LOFGREN; CATE BROS.  
Place & Date: Paul's Mall  
Production Values: Excellent  
Audience Reaction: Lofgren - rave; Cate Bros. - favorable  
Reviewer's Reaction: Cate Bros. did their thing, tightly played Southern rock with disco undertones, enjoyable if not terribly imaginative.  
 Nils Lofgren and band, with the addition of a 2nd guitarist/percussionist, outdid the excellent performance they gave here last summer. Nils' playing again showed taste and individuality; he also seems to pay equal attention to the production and pacing of his shows, so seeing this concert was really seeing "the Best of Nils Lofgren." His voice isn't the strongest, but he makes it fit: it's hard to imagine anyone else singing his songs. Highlights were "Cry Tough," "Beggar's Day" and "You're the Weight." Surely one of America's brighter hopes.

WMUA/Amhurst, Mass. - Susan Schader  
Artist(s): COLD BLOOD; FAT  
Place & Date: The Rusty Nail/Sunderland-March 22  
Type of Place: Club  
Ticket Price: \$3.50  
Capacity: 500  
Attendance: Full house  
Production Values: Good  
Audience Reaction: Cold Blood - rave; Fat - favorable  
Reviewer's Reaction: Cold Blood gave a totally smokin' show. From the beginning to end there was an excessive amount of energy on stage and in the audience. The strength of each artist in their solos proved to the audience that they were not just Lydia's back-up band. Lydia's vocals were super strong, too. A great show to let loose. There's something about Calif. (S. F.) music that just cooks.

WBCR/Brooklyn, N. Y. - Mark Eisenberg  
Artist(s): ERIC CARMEN; RON DOUGLAS  
Place & Date: Bottom Line - April 3  
Type of Place: Cabaret  
Ticket Price: \$5.50  
Capacity: 400  
Attendance: Full to the brim  
Reviewer's Reaction: Ron Douglas, however entertaining, failed to grab my interest and hold it. Some interesting, yet superficial observations. Not captivating.  
Eric Carmen, who musically comes from the same place as me--late sixties rock and roll--has a together band, who know what Carmen expects, and he gets it all. Two fantastic drummers, who maintain a fever throughout the 65 minute set. Carmen opened with "Sunrise," performed the ballads ("All By Myself," "Never Gonna Fall...") and leaped into frenetic rock and roll, the music he loves the most and performs the best. The ballads made for excellent comparison--though he's a rocker, the mellow tunes are slick and well done. Though he did some Raspberries material, he stuck to the new Lp except for the encore, which was "That's Rock and Roll" into "Be My Baby." Not only did he get what he expected of his band, I got what I expected from him, and more. Tight, very loud, but so professional. And totally faithful to the records' arrangements. Bravo!

WRNW/Westchester County, N. Y. - Meg Griffin  
Artist(s): NILS LOFGREN; CATE BROS.  
Place & Date: Bottom Line - March 30, 1976  
Type of Place: Club  
Attendance: Full  
Production Values: Good  
Audience Reaction: Both favorable  
Reviewer's Reaction: The Cate Bros. are a tight, hard working band with consistently good performances and without gimmicks. They deserve more recognition than they have gotten so far. As for Nils Lofgren and the band, a good shot of rock 'n' roll was enjoyed by all, especially those who need their faith restored in rock 'n' roll. Tom Lofgren compliments his brother nicely as does the rest of the band. Only disappointment - didn't play "Mud in Your Eye." But thanks anyway, Nils.

WAAL-FM/Binghamton, N. Y. - Steve Becker

Type of Place: Arena  
Ticket Price: \$5.50 advance; \$6.50 at the door  
Capacity: 7000  
Attendance: 4000  
Production Values: Good  
Audience Reaction: CDB - rave; other 2 acts - favorable  
Reviewer's Reaction: Considering that the Marshall Tucker Band were originally scheduled to headline but had to cancel due to Toy Caldwell's illness (pneumonia), it turned out to be a helluva concert. John Hammond, dressed in a business suit, successfully controlled the crowd and got them into his Southern urban acoustic/bottleneck blues. The surprise of the evening was Mama's Pride, I had wondered what happened to them since their debut album, out last October. They put together a fine hour set of boogie, blues, and straight-ahead rock & roll. Their style at times resembles the Outlaws (searing guitar jams), who incidentally helped Mama's Pride get a record

 contract. Like the Outlaws, Mama's Pride presence will be soon well-known, if this performance was any indication. Now, Charlie Daniels. What can be said about Charlie Daniels? Charlie is Charlie. He really knows how to make people feel good and at home. Augmented by his five man band, Charlie previewed material from his upcoming album, and of course gave the people what they wanted to hear. The crowd ate him up by giving him three encores. Highlights were a 15 minute version of "Orange Blossom Special" and "The South's Gonna Do It Again." If the South's gonna do it again, Charlie will be leading the way!

WARY-FM/Valhalla, N. Y. - Paul Gerard Hichak  
Artist(s): STANKY BROWN GROUP; ELLIOTT MURPHY BAND  
Place & Date: Bottom Line, N. Y. C. - March 24  
Type of Place: Club  
Ticket Price: \$4.50  
Capacity: 500  
Attendance: S. R. O.  
Production Values: Good  
Audience Reaction: Headliner - rave; 2nd act - favorable  
Reviewer's Reaction: The Stanky Brown Group opened up with an energetic but relaxed set of jazzy/funky/dixieland type music. The audience appreciated the fine blend of different types of music that they performed, but I was somewhat disappointed that no encore was granted. Elliott Murphy proved that there are still entertainers who take pride in their music and performance. Included were songs from his most recent album Night Lights. Standouts included "Lookin' For a Hero," "Abraham Lincoln Continental" and "Lady Stiletto." Elliott Murphy is a solid performer and can be expected to make more contributions to folk/rock music in the future.

WITR-FM/Rochester, N. Y. - Hal Horowitz  
Artist(s): LOUDON WAINWRIGHT III; TOM WAITS  
Place & Date: Ingle Auditorium, Rochester Inst. of Technology - April 1  
Type of Place: Small auditorium  
Ticket Price: \$3.00  
Capacity: 500  
Attendance: Late show - 300  
Production Values: Excellent  
Audience Reaction: Wainwright - rave; 2nd act - favorable  
Reviewer's Reaction: The following pertains to the late show. A combination of lackluster promotion and the confusion evident because of this being the beginning of R. I. T.'s spring quarter accounted for the less than capacity crowd. However, both artists performed with the enthusiasm usually reserved for a full house. Tom Waits opened the show and succeeded in holding the audience captive through his fine mix of conversation and jazz-blues tunes. The band is tight and Waits' style is seemingly casual, but totally professional. Loudon Wainwright's act, although short, was spirited. His humorous songs and vibrant performance delighted the audience and left us wanting more. One of the most enjoyable bills presented at R. I. T. so far this year.

WUKR/Poughkeepsie, N. Y. - Jon Benjamin  
Artist(s): LAURA NYRO  
Place & Date: Vassar College - April 4  
Type of Place: Chapel  
Ticket Price: \$5.00 students, \$6.00 others&at door  
Capacity: 1100  
Attendance: 900-950  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Laura Nyro's comeback tour stopped off at Vassar College and her performance was enthusiastically received. The audience gave her a tremendous welcome and she met their expectations with a polished show of 75 minutes. Ms. Nyro played many of her older, more known tunes, but also sprinkled some of her new material into the show. The audience was familiar with her new album because it had been receiving heavy airplay before the concert, and they responded to the new songs with enthusiasm. The artist's back-up band was excellent--they were very tight and provided a fine fabric for Ms. Nyro's voice to sing to. Johnny Tropea on guitar was a fine accompanist for Ms. Nyro and it was good to see him get a chance to show-off his talents. Ms. Nyro seemed a bit tired but she put on a truly professional performance and rose above her fatigue, finishing up with three well-received encores.

played, of all things, Clay Pot! You couldn't see the individual hand movements. And tabla player Zakir Hussain was an even match. Amazing. The audience, I think, was delightfully surprised also. A fine acoustic concert and special congrats to the SAB Informals board for their idea of handing out daf-fodils to the audience as they waited impatiently in line.

WXPN-FM/Philadelphia, Pa. - John Diliberto

Artist(s): SUN RA & HIS HUMANITARIAN MYTH-SCIENCE ARKESTRA  
Place & Date: New Foxhole Cafe - March 27  
Type of Place: Non-alcoholic club  
Ticket Price: \$3.00  
Capacity: 250  
Attendance: 250 plus  
Production Values: Fair  
Audience Reaction: Rave  
Reviewer's Reaction: Sun Ra crowded the Foxhole Stage (which is small for a trio) with his 18 piece Arkestra plus dancers. He screamed, roared, lectured and exploded through a 90 minute set. It moved from the tentative intro of Danny Davis on Oud, weaving a pretty melody as the other musicians tried to find their place in the unwoven tapestry. Enter Ra as the band, now under his direction, takes off on some Ellingtonian styled charts. The evening continued like this as the band vacillated between their African roots, the spawning of jazz (Ellington, Fletcher Henderson and Jelly Roll Morton), and their spacial explorations. Ra is the Space Master as he created swirling layers of colliding sound and calculated keyboard washes. The unidentified guitarist amply demonstrated that he was not earthbound with his inventive use of various phasing and echo devices. And of course John Gilmore's muscular attacks on the virtue of the tenor sax had the audience enthralled. Ra's Dime store Sci-Fi approach turns off many but the music overpowers anyone who will open up to it as these four sold out audience did. But after all, "You think this is life? Ha, ha, ha!"

WCUR/West Chester, Pa. - Rick Bohs

Artist(s): KINGFISH; LES DUDEK & BAND; COLD BLOOD (FRISCO NIGHT)  
Place & Date: The Cathedral - March 26  
Type of Place: Showcase Palace with auditorium and ballroom  
Ticket Price: General admission \$7.00 (reserved seating - 2 shows)  
Capacity: 1960 auditorium, 1400 ballroom  
Attendance: Approx. 3000  
Production Values: Good  
Audience Reaction: Kingfish - rave; 2nd acts - favorable  
Reviewer's Reaction: Kingfish, Bob Weir's offshot of the Dead, headlined to two audiences of absolute Dead freaks. Musically, the band stuck to their R'n'R roots mixing rockabilly style vocals with flowing guitars, bass and drums. At times, Kingfish became funky and by combining these jams, the band exhibited their overall strength-versatility. Weir's vocals were superb, the sound was great and "One More Saturday Night" tore the old building down. Opening on both show was the Les Dudek Band featuring on lead guitar, Les Dudek, best remembered for his work with Boz Scaggs. With a new album just released, the band's debut in Philly went down very favorably. If Les can garner some stage presence to go with his fine Duane Allman style of guitar playing - watch out! In the ballroom, Cold Blood performed two undistinguished sets of their horn-blowing funk. Miniature lead singer, Lydia Pense, is the closest thing to Janis Joplin I ever heard.

WTSR-FM/Trenton, N. J. - Wally Chase & John Choinowski

Artist(s): ROBIN TROWER; STARCASTLE; STAMPEDERS  
Place & Date: Philadelphia Spectrum - March 30  
Type of Place: Athletic arena  
Ticket Price: \$6.50  
Capacity: 15,000  
Attendance: 13,500  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Robin Trower was excellent. He captivated the audience with his guitar licks and matching electronics. The crowd went wild as he did "The Day of the Eagle," "Bridge of Sighs," and "Too Rolling Stoned." Trower and vocalist/bassman James Dewar just stood there without the usual jumping of other bands. Also Robin's new skin person, Bill Lordon was as dynamic as the rest of the band. They were all tight as hell and rocked and rolled for 1-1/2 hours, doing 2 new songs from an upcoming Lp during their whole set. The second act, Starcastle, was just as good and the audience reacted as such. They played their whole debut album and came back for a humble encore. They might sound like Yes but I feel that they will be around for a long time. The Stampeders were a decent opening band and got the crowd up. Highlights of their set was a drum solo with firey drumsticks and the Ray Charles' song, "Hit the Road, Jack." All in all, a fantastic show. P. S. I would like to thank Bobbi Silver of Chrysalis for the opportunity to see this show.

WMUH-FM/Allentown, Pa. - David Deardon

Artist(s): DAVID AMRAM  
Place & Date: Garden Room (Muhlenberg College Union) - April 2  
Type of Place: Cafe  
Ticket Price: Free  
Capacity: 400  
Attendance: 200  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: The concert reminded me of a Bernstein children's concert, in the respect that David made himself very at home with the audience (he had held workshops for two days), and discussed in depth the main themes, rhythms, etc. of all songs performed. He began with a classical influenced set that included jazz, folk, and African tunes. Audience participation was phenomenal. Plus WMUH broadcasted and taped the program live.

WPRB-FM/Princeton, N. J. - George Korval

Artist(s): MARIA MULDAUR  
Place & Date: Bottom Line, New York - March 22  
Type of Place: Club  
Ticket Price: \$4.50  
Capacity: 500  
Attendance: 500  
Production Values: Excellent  
Audience Reaction: Maria - rave; 2nd act - favorable  
Reviewer's Reaction: Sweet Harmony is more than just an album title... it turned out to be the theme for Maria's new group and tour. Guitarist Ellen Karney and keyboard player Mike Finnegan help out with vocals on tunes like "Sweet Harmony," "We Just Couldn't Say Goodbye," and the capella encore, "Travelin' Shoes," a great ending. Though the band can't match the musicianship of Benny Carter's Orchestra, guitarists John Burton and Amos Garrett doubled on reeds and trombone effectively on "Rockin' Chair" and "I Send For My Blues Man." Drummer Earl Palmer was great and held everything together. The show touched virtually every category of American music: Motown, gospel, blues, country and Appalachian tunes. It's a tribute to Maria that she was able to blend these diverse types of music into an enjoyable whole - and more importantly, to perform all well and enthusiastically. The crowd loved it, calling her back for two encores. You can hear this great show April 11th on King Biscuit.

WLYX/Memphis, Tenn. - Gene Dries

Artist(s): JERRY GARCIA; HOT DOG  
Place & Date: Auditorium Music Hall - March 28  
Ticket Price: \$6.00 - \$6.50  
Capacity: 2000  
Attendance: 1800  
Production Values: Fair  
Audience Reaction: Both mixed  
Reviewer's Reaction: Garcia has apparently a large following in Memphis. However, most of the people were expecting to see a Grateful show. Shouts of "Truckin'" and "Casey Jones" perforated the smoke filled Auditorium interior. Neither were played. This concert was mostly country-Dead sounding and all selections were overextended in length - making it boring to some. I understand Jerry was down with the flu but I still have to give this concert a C - sorry Jerry.

Ticket Price: \$6.00 (general admission)  
Capacity: 2500  
Attendance: 2600  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: This jaded rock lover had never expected to be so entertained. A little noise perhaps, some lights, some action and that would be all. But this is as good as all you folks have been saying. (Swayed by a little flash, I said to myself.) It's true: he's got the ins, the outs, the ups, the downs, highs, lows, insides, out of. I liked the show. So did the crowd. So did Bruce and the band, who gave us a couple of encores, one with the house lights up. ("What the hell," he said, "let's go out and do it like the Stones.") Thanks especially to Hugh of New World Records for helping us get Bruce and Clarence into the station studios next day for a forty-five minute interview, and then about another half hour of hanging out. O. K., we admit it... the fan club lines up around the corner.

PEACHES RECORDS/Gregg Biggs Continued...

Reviewer's Reaction: It was simply incredible! Easily ranking with one of the five best shows I've ever seen, Springsteen and the E Street Band had the crowd in the palm of their hands. The man simply defines rock and roll - tight melodies, energy, emotion, and most of all, feeling. Song highlights included: "Born to Run," "Rosalita," "Sandy," "She's the One," "Jungle Land," and a mind blowing cover of the Animals' old hit "It's My Life." Encores included a medley of old Mitch Ryder hits as well as "Quarter to Three." All in all, a show that still has me buzzing almost two weeks later. Can't wait for his return.

Attendance: 300 approx.  
Production Values: Good  
Audience Reaction: Rave  
Reviewer's Reaction: Robert Palmer's music is extremely infectious...to say the least...and his music infected everyone. The first set went well but the second set was beyond belief... his band was competent and backed him up as well as expected for a band that's only been together a short time...but Palmer himself brought the crowd to its feet...I hadn't danced like that in years...I'd waited quite a while to see him and believe me it was well worth the wait.

Ticket Price: \$5.50; \$6.50; \$7.50  
Capacity: 3500  
Attendance: 3500+  
Production Values: Excellent  
Audience Reaction: Sedaka - favorable; Carnes - mixed  
Reviewer's Reaction: Sedaka proved once again that once a genius - always a genius. He captivated every heart in the house from his entrance till the end. Mixing excellent new material with his famed "Sedaka Standards." His warmth and showmanship made his show most entertaining. The opening act - Kim Carnes, was a new upcomer - unknown to most of the audience, reminded one of a cross between Janis Joplin and Maria Muldaur.

KSLU-FM/Hammond, La. - James Sorrels

Artist(s): PETER FRAMPTON; GARY WRIGHT  
Place & Date: A Warehouse, New Orleans - March 24  
Type of Place: Auditorium  
Capacity: 3000  
Attendance: Full  
Production Values: Fair  
Audience Reaction: Both rave  
Reviewer's Reaction: When Frampton and Wright made plans to play New Orleans, they had two obstacles to overcome. One was the pitifully poor acoustics in the sacred Warehouse, the other a massive publicity push that brutal fans would not have let them slide on, if they hadn't lived up to it. Happily, these two pros gave beautifully oblivious sets and conquered both a demanding audience and this jaded reviewer. Gary Wright's magnificent group made some of the cleanest, purest music with only keyboards and drums. Frampton, the headliner, tended to be a bit brassy and distorted at times, and tried to put himself across to the audience with a lot of unnecessary gyrations. But his axe was in perfect form, so was his band, and I myself was quite impressed with both these English monsters.

Capacity: 4000  
Attendance: Just about sold out  
Production Values: Excellent  
Audience Reaction: Young - favorable; Maria-very favorable  
Reviewer's Reaction: Maria Muldaur and Sweet Harmony kicked off a fine evening of music. As their name implies, their vocal work was tight, well balanced, and moved easily from country to gospel to swing. Maria was very good...the band made the act great. Jesse Colin Young was also quite good. A lot of his show was taken from On the Road; consequently there weren't many surprises. Their music was hot, so the element of surprise wasn't essential. A fun evening for Maria, Jesse, and the Hill Auditorium crowd. Sure wish my friends from KFIG, WVUD, WCOL and WYDD could have been there. Can I say that on the radio? Later, B.

Production Values: Good  
Audience Reaction: Both favorable  
Reviewer's Reaction: Ann Arbor's 5th annual Hash Festival lent to the general looseness of the crowd, who were geared for some of the best progressive jazz around. Liebman & Co. (Richard Bierach - piano, Frank Tusa - bass, Jeff Williams - drums) filled Hill with an intense sound, mostly accented by Liebman's saxes, when he played. The band gets five stars for being tight; their "Eon" lp on ECM is worth checking out. Shorter and Zawinul (who were interviewed on "Jazz 'Round Midnight" the previous evening) with new bassist Jaco Pastorius were stunning and went through an audio collage of their best works, featuring a brilliant "Scarlet Woman" and some tasty renditions of the best stuff from "Black Market." They simply were great, considering it was their first gig with their new (again) percussion section. Kudos to A&M/Horizon's Ross Ojeda, CBS and Dave Harney and to sponsors, U. A. C./Eclipse.

ACRN-FM/Athens, Ohio - Marty Student

Artist(s): BRUCE SPRINGSTEEN  
& THE E STREET BAND  
Place & Date: Memorial Auditorium - April 1  
Ticket Price: \$6.00 general admission  
Capacity: 2500  
Attendance: 2500!  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: It was April Fool's Day in Athens, Ohio but the upcoming concert was for real. You couldn't ask for a better way to start off Spring Quarter than having Bruce Springsteen and the E Street Band perform in your town. (Classes began only 2 days prior.) Bruce and company's music can be described as a form of rock and roar. The Band rocked (N. J. punk style) while the insane audience roared from the onset. Performing the entire Born to Run album, plus selected cuts from his first two, Bruce also treated the crowd to killer classics such as the Animals' "It's My Life" and Mitch Ryder's "Devil With a Blue Dress On." Bruce and the Band brought the house down by their performance, as 2500 exuberant faces saw their dream come true: SPRINGSTEEN LIVE!

1812 OVERTURE/Milwaukee, Wisc. - James M. Howard

Artist(s): LAURA NYRO  
Place & Date: Milwaukee Oriental Theatre-March 28  
Type of Place: Stage and screen theatre  
Ticket Price: \$6.00 and \$6.50  
Capacity: 2200  
Attendance: 2000  
Production Values: Excellent  
Audience Reaction: Favorable  
Reviewer's Reaction: Laura Nyro brought her music to Milwaukee's Oriental Theatre Sunday, March 28. Backed by an excellent group featuring John Tropea on guitar, she performed most of Smile, her first album in 3 years. Did too few of her earlier compositions. She came back on stage for three encores, and still the entire set was only an hour long. But the hour was all music. Another refreshing thing about Ms. Nyro's band was that it included three fine women musicians. A conga player and two horn players, a rare sight in the male dominated pop music world.

WORT-FM/Madison, Wisc. - Dave Chandler

Artist(s): BRYAN BOWERS; MARIA MULDAUR  
Place & Date: Orpheum Theater - March 31  
Type of Place: Theater  
Ticket Price: \$4.50; \$5.50; \$6.50  
Capacity: 1800  
Attendance: 1300  
Production Values: Good  
Audience Reaction: Both favorable  
Reviewer's Reaction: Bowers leaned more on his story-telling and sing-a-long abilities than on his superb autoharp playing, but the audience got involved completely and unself-consciously with him, and Bryan's music was there when he wanted it to be. A rare artist with humanity and talent in equal and measured balance. Muldaur's eclectic taste, sassy style, and super band grabbed the attention, but her fantastic voice is what makes it all go. She was airy on "Midnight At The Oasis," brooding on "Back By Fall," belting on "Traveling Shoes," the a cappella gospel encore that brought down the house. But the band was never unleashed, and Maria still critically lacks authority--her music is all style and no substance. No sense of a coherent musical or lyrical identity, of a unique personality and message. Who needs a musical Xerox machine, even this very good one, when the original artists--who sing with an integrity Muldaur can't match--can still be heard, live or on record.

KMSC/Moorhead, Minn. - John O'Day  
Artist(s): REDWOOD LANDING  
Place & Date: Wooden Nickel Coffeehouse,  
Moorhead State University

Ticket Price: Free  
Capacity: 280  
Attendance: Full  
Production Values: Excellent  
Audience Reaction: Rave

Reviewer's Reaction: Redwood Landing played 3 times in 5 days in the Fargo-Moorhead area. Between paid concerts, once in front of the Flying Burrito Bros., they gave a free set for nearly 4-1/2 hours in the coffeehouse, which KMSC broadcast live.

There is no way to say enough about their fresh style. They play what they call "vacation music," which flows somewhere between Jamaican rhythms and rock, both inspired by reggae. They are unique, but would easily cash in on the disco market. The lead singer has a fine voice, distinct, and he plays percussion. Other members play sax and flute; guitars; bass and drums. Their talents honestly show up many "professional acts. The band is tight as hell, and I offer anyone interested the tapes made that night. Made with professional equipment from the Midwest's "Marguerite's Music" and mixed to stereo, I hope they will convince someone with the ability to test the band for possible recording. I also have the band's address.

JAZZ RECORD MART/Chicago, Ill.  
Artist(s): ANTHONY BRAXTON (Reeds); LEO SMITH (Trmpt.); DAVID HOLLAND (Bass); PHILLIP WILSON (Perc.)

Place & Date: Ratso's - March 30  
Type of Place: Folk, soul & jazz club  
Ticket Price: \$3, 50 plus 2 drinks  
Capacity: 250  
Attendance: 100  
Production Values: Excellent  
Audience Reaction: Rave

Reviewer's Reaction: Of the quartet, only Holland has played Chicago recently. A fine bassist with extraordinary solo ideas, it's always a joy to hear him. This quartet works with an exceptional rapport, with Braxton's distinctive sound and conceptions, Smith's musical range and Wilson's rhythmic versatility. Muhal Richard Abrams joined them on piano for the last set demonstrating the quartet's ability to expand their scope and interrelate other "new" music. These advanced ideas may not be for everyone, but they include many concepts that will doubtless be reflected in much music of the future.

WHPK/Chicago, Ill. - Peter Mensch  
Artist(s): LYNYRD SKYNYRD; OUTLAWS  
Place & Date: Amphitheatre  
Ticket Price: \$7, 50 - \$6, 50 (?)  
Capacity: 16,000 (?)  
Attendance: 16,000 - S. R. O.

Production Values: Good  
Audience Reaction: Headliner - rave; 2nd act - favorable  
Reviewer's Reaction: The Outlaws - did an excellent job in front of Lynyrd Skynyrd. They relied almost solely on their rock 'n' roll and won the Skynyrd fans over completely. For an unknown opener, the Outlaws, with their brand of country rock, have a real chance to make it in the Windy City. Lynyrd Skynyrd - were dynamite. Ronnie Van Zant sounded fine, twin leads were more than enough and their material translated well in the cow palace. The audience went nuts.

WPGU/Champaign, Ill. - Ed Sackley, Mark Rubin, Rich Fruin  
Artist(s): OZARK MOUNTAIN DAREDEVILS;  
SUTHERLAND BROS. & QUIVER;  
THOM BISHOP

Place & Date: Univ. of Ill. Auditorium - March 11  
Ticket Price: \$6, 00  
Capacity: 1800  
Attendance: S. R. O.

Production Values: Good  
Audience Reaction: Daredevils-rave; Sutherland Bros. -mixed  
Reviewer's Reaction: This was the Ozark's second concert in seven months and the crowd could have cared less about the backup acts. The Daredevils shined on their excellent set of wide-open country rock, but seemed to be laughing at someone during "Jackie Blue." The audience wasn't there for top 40 that night. The band went through the motions, but they seemed very eager to get back to their real music. It's nice to know that an act will admit the shortcomings of its commercial material when appropriate. The Sutherland Brothers and Quiver put on a good show. It's too bad the audience didn't pay any attention to it. Sound quality was very good. The Daredevils returned for two great encores and the crowd seemed to expect a third. Thom Bishop, a midwest "clubbie," provided a diversion early in the show while many people were still taking their seats. His acoustic set seemed lost in the context of the rest of the evening.

WELH/Charleston, Ill. - Gary Sternberg  
Artist(s): BOB SEGER; QUEEN  
Place & Date: Kiel Auditorium, St. Louis -Feb. 27  
Ticket Price: \$4. 50; \$5. 50; \$6. 50; \$7. 50  
Capacity: 14, 000  
Attendance: Sold out  
Production Values: Good  
Audience Reaction: Queen - rave; Seger - favorable  
Reviewer's Reaction: Bob Seger came out on stage blazing like usual, but this particular St. Louis crowd didn't appreciate Seger's style until he was almost finished with his set. Seger was definitely good, but not as good as he could have been. Queen, on the other hand, was clearly the headliner. This is the first time that I have seen them, and they completely amazed me. I have never seen such a totally professional and prepared set as they put on this night. There was a standing ovation at the end for 15 minutes, and Queen didn't let them down. Cuts from Night at the Opera had people glued to their seats, and unrecorded cuts like "Liar" did the same. There was only one problem - some of the seats were so far out in the boonies you couldn't see for shit, but the music was certainly there.

CHIQ-FM/Winnipeg, Manitoba, Canada - Mike McCoy

Place & Date: Centennial Concert Hall, Winnipeg,  
Manitoba - March 18

Type of Place: Auditorium  
Capacity: 2200  
Attendance: 1800  
Production Values: Excellent  
Audience Reaction: Rave  
Reviewer's Reaction: Bruce Cockburn (pronounced Co burn) commanded the full attention of his audience with the most intense performance I've seen him give. Cockburn carried his audience through two superb sets peppered with a few favorites, and an emphasis on material from his latest album Joy Will Find a Way (True North) as well as some light-hearted anecdotes which surrounded the introduction of some fine new songs. Bruce Cockburn, Canada's finest folk artist without a doubt! CHIQ-FM recorded the concert for later broadcast to our stateside friends--Cockburn product available through Columbia Canada. What's all this Dan Hill is a smash jazz we hear from the U. S. Cockburn has 10 times the talent? We don't even play Dan Hill.

MUSIC MENU/Seattle, Wash. - Rob Steinwitz  
Artist(s): PARIS; BE-BOP DELUXE;  
GOLDEN EARRING  
Place & Date: Gold Creek Park Dome - April 2  
Type of Place: Concert hall  
Ticket Price: \$5, 00  
Capacity: 1500  
Attendance: 1000

Production Values: Paris - poor; Be-Bop - good; Golden Earring - excellent  
Audience Reaction: Paris - mixed; Be-Bop-Fair; Golden Earring - favorable  
Reviewer's Reaction: Paris opened to unenthusiastic crowd. Played sloppy set and reaction was minimal. A few Welch freaks were there to support band but band never jelled. Be-Bop were received much better and devout fans were in attendance to cheer them on. Band was together, but it could have been more energetic and exciting. Be-Bop doing quality set, but not really working to excite the audience. Golden Earring came on to play an energetic, exciting set that was far superior to their concert last year. Their sound system and lighting was above average and the band worked hard for audience support. Reaction to new songs was good as was the favorite "Radar Love." They deserved to headline the bill, because it seemed they were there to entertain.

KALX-FM/Berkeley, Calif. - Marc Gunther  
Artist(s): THE WHO; STEVE GIBBONS BAND  
Place & Date: Winterland, San Francisco - March 27  
Type of Place: Former ice-skating arena  
Ticket Price: \$19, 00 for two, drawing  
Capacity: 5000

Attendance: Definitely sold out  
Production Values: Excellent  
Audience Reaction: The Who - rave; Gibbons - mixed  
Reviewer's Reaction: After waiting from two in the afternoon and being treated to videotapes of the Tubes, Monty Python, U. F. O. and Sons of Champlin, the Steve Gibbons Band took the stage. Being a Trevor Burton fan since Move days, I eagerly expected some real rock and roll. Instead, we received the most boring drivel ever to drip from a "British Rock" band. The audience, which had rushed the stage an hour before any of the bands came on, quickly proceeded to lose interest, with some even trying to take naps. Luckily, the Steve Gibbons Band's set was short, and The Who took the stage with customary acrobatics, slamming into "I Can't Explain," and then performing most of Tommy, Live at Leeds, Who's Next, and NONE of Quadrophenia. The crowd on the floor couldn't stop moving while The Who performed perfect renditions of "Baba O'Riley," "Magic Bus," and finally closed with an extended "My Generation." Naturally, there was no encore on both nights. Some reported that the acrobatics (i. e. microphone swinging) weren't as precise on the following night, but for two hours each evening The Who performed flawlessly, almost to the point of incredibility. Question of the year: How can Townshend's guitar make all that sound?

KUOP-FM/Stockton, Calif. - John Saltmes  
Artist(s): BOZ SCAGGS; DIRK HAMILTON  
Place & Date: University of the Pacific - April 3  
Type of Place: Music conservatory  
Ticket Price: Freebie  
Capacity: 1200  
Attendance: 1200+  
Production Values: Excellent  
Audience Reaction: Boz - favorable; Dirk - rave  
Reviewer's Reaction: Dirk Hamilton's show was a real eye opener. He's gone from a one man band, ala Tom Waits, to a man with a truly hot rocking band. Dirk's writing is witty and sarcastic often verging on insanity but he makes you move - excellent show. The man deserves your attention. Boz Scaggs show was also full of energy but lacked that extra bit of fine tuning that one comes to associate with Scaggs. However, the rough spots were few and are probably best accounted for by the fact that he was playing with a new band. Should prove to be a very hot show once tightened up. He played all his hits.

WAMH-FM/Amherst, Mass. - Bill Lord  
Artist(s): LEO KOTTKE; LEON REDBONE  
Place & Date: Academy of Music, Northampton, Mass. March 14  
Type of Place: Old theater  
Ticket Price: \$4.50 advance sold out  
Capacity: 850 X two shows  
Attendance: Full plus standing room (40 per show)  
Production Values: Excellent  
Audience Reaction: Kottke - rave; Redbone - favorable, rave first show  
Reviewer's Reaction: During Leon's opening set, a bat flew back and forth over the stage, adding considerably to the mood of the show. Leon, straight-faced as always, played right with it. Bats everywhere I go, he says. His music was refined and well-presented, and his running dialog amused many who were unaware of him before. Leo was excellent, as always putting on a well-paced show with the expertise of the years he has spent doing it. No one was disappointed, as his show fulfilled his potential and the audience's expectations.

WHCN/Hartford/Western Mass. - Country Paul  
Artist(s): PURE PRAIRIE LEAGUE; JOEL ZOSS  
Place & Date: Bushnell Auditorium - April 2  
Type of Place: Beautiful concert hall  
Ticket Price: \$6.50 - \$4.50  
Capacity: 2727  
Attendance: 2727  
Production Values: Excellent  
Audience Reaction: PPL - rave; Joel Zoss - favorable  
Reviewer's Reaction: Zoss was unannounced in the ads (this show was advertised only on WHCN); but his performance, backed by only Larry Carsman on second guitar, was excellent, melodic, warm, and friendly; he earned his encore. We eagerly await his next Lp. Pure Prairie League was energized, enthusiastic, and tight; the crowd rewarded them with an outpouring of love and high-energy enjoyment, and the normally staid Bushnell had its stage swamped with fans who demanded four well-deserved encores. It was, in short, the kind of concert where everyone got off-musicians, promoters, audience... even our jox!

SAM GOODY/Philadelphia, Pa. - Keith Mason  
Artist(s): GARY BURTON QUARTET; BYARD LANCASTER & SUNDOWN  
Place & Date: Main Point, Bryn Mawr, Pa. - April 2-3  
Type of Place: Folk club  
Ticket Price: \$4.75 (incl. 50¢ food min.)  
Capacity: Several hundred  
Attendance: Full house  
Production Values: Excellent  
Audience Reaction: Favorable  
Reviewer's Reaction: Gary Burton stops by here every 5-6 months. This time, he is with a quartet including Bobby Moses, Steve Swallow and Pat Methany. Guitarist Mick Goodrick has recently departed, and the group has to make up for the loss. Pat can't really hold up his end on guitar, but generally, Burton and Band are excellent, as always. We can't see enough of them, even though they tend to repeat sets from tour to tour. Opener was Philly-based Byard Lancaster, with a 7-piece band called Sundown. Byard played mostly his own material, including some tunes from albums over 10 years old. The audience dug him, but he'll probably always be a local act.

WYDD/Pittsburgh, Pa. - Steve Downes  
Artist(s): ROBIN TROWER; STAMPEDERS  
Place & Date: Civic Arena  
Type of Place: Multi-purpose arena  
Ticket Price: \$6.50  
Capacity: 17,500  
Attendance: 13,000  
Production Values: Good  
Audience Reaction: Trower - favorable; Stampeders - mixed  
Reviewer's Reaction: The Stampeders are virtual unknowns in Pittsburgh. Their set was politely received, and I don't think they made any enemies when they left the stage, but they weren't exactly the talk of the town either. Adequate as an opening act. Trower's popularity in Pittsburgh has grown by leaps and bounds ever since WYDD first went on "Twice Removed"... about 3 years ago and the crowd was really up for him. For me, the highlights of the concert were the 3 or 4 new tunes Trower introduced including a surprisingly good rock/blues arrangement of "Sailing." With the release of Robin Trower Live, the concert was fairly predictable. Trower and his band are not into a lot of stage antics. In fact, I'd rank them second only to Pink Floyd and Kraftwerk for being able to remain stationary during an entire concert. They play music. They play it loud, and they enjoy it. So did 13,000 other folks. A WYDD concert.

WHFS/Bethesda, Md. - Joshua Brooks  
Artist(s): EMMYLOU HARRIS & THE HOT BAND  
Earl Scruggs Revue  
Place & Date: Warner Theater Music Hall - March 28  
Type of Place: Former vaudeville & movie theater (restored)  
Ticket Price: \$6.00  
Capacity: 1850  
Attendance: 4000 (two shows)  
Production Values: Excellent  
Audience Reaction: Scruggs - favorable to rave; Emmylou - rave  
Reviewer's Reaction: Emmylou and Earl Scruggs exchanged headlining the opening of the Warner Theater Music Hall in downtown Washington, D. C. - Emmylou and her new band kicked off the first show with some cooking country music, old rock and roll, and touching slow ballads. Hank di Vito on pedal steel and Glen D. Hardin on keyboards led a tight Hot Band which featured the guitar of Welshman Albert Lee, who, while not as apparent as a James Burton, seemed to fit the band perfectly. The highlight of the show came on "Satan's Jewel Crown," when Emmylou was joined by John and Fayssoux Starling on the vocals accompanied by Mike Aldridge on dobro. The Earl Scruggs Revue featured Earl and sons Gary, Randy and Steve along with Jody Maphis. Earl, though recovering from an airplane accident, showed he's still one of the best banjo pickers in the world. The younger Scruggs' and Maphis are all excellent musicians and Gary contributed some strong distinctive vocals. It was a great show to open this beautifully restored historic theater.

Capacity: 15,000  
Attendance: 15,000  
Production Values: Excellent  
Audience Reaction: Who - rave; SGB - unfavorable-mixed  
Reviewer's Reaction: They were sounding better than ever (it was the third time I'd heard them, first in 6 years). An excellent concert by the Who, despite the fact that some of them were suffering from the flu. Townshend was in especially good form, proving once again he is the best rhythm guitarist in rock. They did an almost two hour set, of mostly material from the late sixties, and Who's Next. The lasers used during the Tommy set wowed the crowd. Despite a long ovation, there was no encore.

MUSIC MILLENNIUM/Portland, Ore. - Bruce Sorensen

Artist(s): THE WHO; STEVE GIBBONS BAND  
Place & Date: Colosseum - March 24  
Type of Place: Big concrete glass enclosed box  
Ticket Price: \$8.50  
Capacity: 12,000  
Attendance: Full  
Production Values: Excellent  
Audience Reaction: Favorable

Reviewer's Reaction: The Euell Gibbons Band was very interesting, but unfortunately they were too simplified for my taste. I guess it was basically the fact that music has seemed to progress past the point where a song title and the chorus line are one in the same. Basically 2 good guitarists and Gibbons himself sounds a little like Marty Balin, but back in '64 and this is '76.

The Who were very good, understandably the best rock band in the world (though I've heard Golden Earring is comin' up fast) and a joy to see. Daltrey was a little knocked out by the flu but goddamn they were tight! Townshend is the ultimate showman - rock guitarist and for me it was hard to tell if he influenced Hendrix or if Hendrix influenced him - fantastic chording! Daltrey's leonine pacing and expert mike swinging were very fine and also tight. Needless to say the end of the tour burn out was almost upon them is an understatement. Overall, they lived up to my first ever expectations. Laser lighting was dynamic and incredible.

KPFT/Houston, Tex. - Larry Foster

Artist(s): LYNYRD SKYNYRD; OUTLAWS  
Place & Date: Sam Houston Coliseum  
Type of Place: Sport and entertainment arena  
Ticket Price: \$7.00 - \$8.00  
Capacity: 11,200  
Production Values: Good  
Audience Reaction: Both rave

Reviewer's Reaction: The audience was all ready for some down home, hot rock & roll, and that's what they got. The Outlaws opened the show with some technical problems, but were quickly solved. The Outlaws have that hard driving Southern sound, and came across tight and hot. The audience loved them. Skynyrd came out kicking ass. They, also a product of the hard driving Southern sound, were tight, and hot. They had the whole audience standing on their feet. Van Zant with his rauchy vocal and Gary Rossington, Allen Collin and Ed King trading licks on guitar they come with a real rauchy sound. Also the addition of the 3 lady singers is a nice added flavor. Overall very good gig, except to pay 7 to 8 dollars, you should be able to hear more than 3 hours' music.

Ticket Price: \$4.00 & \$5.00  
Capacity: 6000  
Attendance: 4000  
Production Values: Good  
Audience Reaction: Rave

Reviewer's Reaction: The Aces started out the evening with a nice mellow mix of country, blues and rock. They got a good crowd reaction. Waylon came on with the surge of excitement he always does. The crowd went wild. He had a couple of Outlaws with him, Tompall Glaser and Jessi Colter. They each did a couple tunes and were well received. Waylon came back for two encores and everybody was truly satisfied. All in all it was a very enjoyable and fun evening.

KDIC/Grinnell, Iowa - Carlson Smith

Artist(s): STEVE GOODMAN  
Place & Date: Roberts Theatre, Grinnell College  
Type of Place: Auditorium  
Ticket Price: Free  
Capacity: 500  
Attendance: 1000 (two shows)  
Production Values: Excellent  
Audience Reaction: Rave

Reviewer's Reaction: Despite a mild case of the flu (something we both had in common) Goodman put on a highly entertaining and well-balanced show. And in spite of the rather formal surroundings presented by the auditorium itself, Goodman's ability to communicate so effectively with his audience quickly transcended such a stifling atmosphere, through mixing humorous and sentimental songs in a rather nonchalantly professional manner. Goodman's repertoire is seemingly endless; in addition to the high quality of his own writing, he is also attuned to some of the best works of his contemporaries. His renditions of two Mike Smith songs, "Spoon River" and "The Dutchman" were among the high points of the concert. Also included were a few numbers from his forthcoming album on Asylum, which should not be anything but excellent.

RECORD RACK/Houston, Tex. - Danny T. Schexnayder

Artist(s): DAN FOGELBERG; FOOL'S GOLD  
Place & Date: Music Hall - March 13  
Type of Place: Concert auditorium  
Ticket Price: \$6.00  
Capacity: 3000  
Attendance: 2500  
Production Values: Excellent (Music Hall is an acoustic musician's dream)

Audience Reaction: Favorable  
Reviewer's Reaction: Fool's Gold is a group of fine musicians who showcased their work in a smooth progression of foot-tappin' country-folk tunes. Their show was more enjoyable from the entertainment point of view, for it had some energy in it. Fogelberg's set laid the audience back so far that his soft, breathy vocals nearly induced mass hypnosis over the crowd. Only the last song (with Fool's Gold backing up) managed to get a rise out of the passive crowd - a stand-up sing along of "Let it Shine," which served to send everyone home peaced and quieted.
