RADIO STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL, (HEAVY AIRPLAY AT EVERY STATION WHICH REPORTED), AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT. IT ADJUSTS FOR MARKET SIZE AND FOR HEAVY OR MODERATE AIRPLAY. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RADIO AIRPLAY FOR BOTH NEW AND ESTABLISHED RECORDINGS.

NEWS & PUBLIC AFFAIRS:

Wow! It's been a hectic month for 'COZ News. Right now we're in the middle of our promotion of The New Earth Exposition, the Whole Earth Catalogue of alternative living brought to life in 4-1/2 acres of exhibits, the first time the show has ever come to the East. It played to over 100,000 in Calif. this year and last.

I flew to San Francisco in April to cover the show there, and came back to Boston a little jet-lagged, but with hours and hours of great tape. (Many thanks to my friends at KMEL for their fine hospitality.) For "Sun Day" we had dawn to dusk coverage with reports from the sunrise service, the Solar City exhibits in the Boston Common, and the speeches by the solar powered politicians, as well as national organizer Dennis Hayes who spent the day in Beantown baking in ol' Sol.

Also, since we spoke last; a Vietnam 3rd anniversary special with George Esper of AP who was in Saigon for 6 weeks after the last American choppers pulled out...David Bromberg raps about life on the road with Jerry Jeff...and our friends from the Clamshell Alliance held their Seabrook anniversary dance, despite Mel Thompson's protests, while their friends at Barnwell S.C. plodded thru the mud...and on May 4th, some retrospectives on the Kent State Massacre with Nixon and Spiro at their vituperative best.

But Paraquat is STILL our top story, with local groups being stymied in their attempts to set up testing labs locally, while our friends at the D.E.A. score 20 and 30 ton busts of Columbian up the rocky coast of Maine. And kids are still trying to kill themselves in Boston with Angel Dust. "Not our problem," says the Regional Director of the D.E.A. "They'll kill themselves off soon enough."

Happy Spring everybody. The final snows of the bitter Winter of '78 have finally gone from Copley Square. The magnolias are in bloom, and all is well.

- Jim Cameron,
News & Public Affairs Dir.

NEWS & PUBLIC AFFAIRS:

Since we sometimes appear to be solar powered ourselves, the WCAS News and Public Affairs Department gave extensive coverage to "Sun-Day" with a half hour special on the subject and reports on the half hour during the Sun-Day Morning Record. We also devoted much of our May 4th coverage to the eighth anniversary of the Kent State murders, speaking with Kent State administrators, students, and May 4th Coalition leader, Ron Kovick, author of BORN ON THE 4TH OF JULY. Among the Culture Vultures guests over the past few weeks: Joan Rivers, Gahan Wilson and artist Tom Wesselman.

COMMENTS:

Some hot new LP's are on the way. Alright! Had a chance to hear the new Bob Seger LP, and it puts NIGHT MOVES to shame, if THAT'S possible. To quote Lee, there are only about 3 really tremendous cuts on the LP! Another hot item is the Debat LP from the Cars. Don't label this one punk and toss it aside; take it from New England, this band is GOOD! We did a Beatles A-Z a few weekends ago, and the audience reaction was fantastic. The whole thing took about 12 hours including spots. We also did a live Sunday with all live cuts all day long. It was received very well, and we even received listener suggestions that we do it as a regular feature.

The other day Roy Buchanan came up to the studio to talk with us for a while and do a quest DJ slot. Thanks to our good friend Tony Chalmers from Atlantic. The new Roy Buchanan LP is VERY good, by the way. Last but not least, welcome to our newest staff member, Debel Vahn. Debel comes to us from WGBH and will be doing weekends and main work. Till next time, take care.

COMMENTS:

What better way to celebrate the weather than with the Rites of Spring? That's what BRU's been doing the past few weeks. We asked listeners to send us the name of their favorite album, tallied the results, and played the Top 12 in their entirety on 12 nights. From the entries, we chose winners of 5 albums each night, plus winners of several video games, a waterbed, and a complete stereo system. For want of space, I'll just run thru the top 5 - AQUALUNG; then RUMOURS, ROYAL SCAM, BEATLES WHITE, and #1 was WHO'S NEXT. Definitely a success; congrats on fine P&P from Eric Kallgren, who did most of the dirty work. Recent chats were with Robert Palmer (thanx to Maxanne and the Banzinis for that one)..great show too... Also some in-studio music and conversation with The Alpha Band, sounding very fine as well...a "thank you" to Bob Perry. And, with Al Anderson of NRBQ, too....

NEWS & PUBLIC AFFAIRS:

A three part series on solar energy and "Sun Day" highlighted WCMF's news effort this week. We also had an "on-location" report from a staffer attending the Kentucky Derby and I talked with two performers of the Heavy Water Light Show.

- Jim Hooley

Public Affairs Director

COMMENTS:

Boston's "Real Kids" stopped down for a live studio concert this week. They were pure energy and good time rock and roll on the radio for an hour.

Members of Renaissance and Stanley Clarke stopped by recently for interviews and this week we look forward to live shows by Root Boy Slim and The Alpha Band.

NEWS & PUBLIC AFFAIRS;

We drove our uncainly mobile studio to the Washington Monument At about 4:00 a.m. Miraculously, our mobile transmitter came in loud and clear back at the station, so we were able to air good sounding live reports and taped interviews edited on the spot. All in all, it was a wildly successful remote broadcast. Security around the stage was tight, but the 4 year old son of one of our road people somehow got into Jackson Browne's dressing room along with Chip and Karen Carter, their secret service escort and Browne's children. Browne gave the boy a cola; he gave Browne one of our bumper stickers... We all felt sorry for 2 young women, dressed to the hilt and carrying long stemmed roses, who begged to be allowed in to see Robert Redford... He had been scheduled to appear, but never showed up.

- Ian Lopez, News Director
COMMENTS;

Sun Day, May 3, a day of solar celebration and WMD was there. Bob and I broadcast half-hourly reports from the monument grounds. We also aired

sun related music and programming throughout the day. The response was fantastic! No other radio station in the metro area was as involved as we were. We gave away albums, over 400 bumper stickers, and chatted with members of the Sun Day Coalition, street musician Bob Devlin, Mike Cotter and John Carroll. Thank yous go out to Allison Freeman, the National Park Service, the Park Police, Maryland Sound, Tom, and our invaluable roadies - Becky, John, Cindy, and especially Justin. Sorry for the limited report; any questions concerning your product, consult our current playlist or call me.

NEWS & PUBLIC AFFAIRS:

President Carter just completed a West coast sweep, promising money all along the way. A presidential visit is always a MEDIA EVENT. Such was the case in Portland. I found reporters asking one another "what's your lead." when they weren't reporting take-off and landing times and hotel arrival scenes. Maybe the lead should be that it is a media event and how it was orchestrated.

- Denny Fleenor,
News Director

COMMENTS:

KZAM has introduced a new program on Sunday nights from 8-midnight. It's a potpourri of features revolving around the music industry. Lots of live music, features on national and local artists, comedy, novelty music, telephone interviews with musicians and others involved in the business. This week will be the third edition of the show and it's starting to get some real positive response. Any suggestions? Comments? Record people are encouraged to call and set up live and phone interviews with their artists. Contact Jeff Heiman at 206-454-1540 or 10245 Main Street Bellevue, Washington 98004.

COMMENTS:

THE LAST WALTZ film is a killer. A very well put together statement that succeeds where most concert films don't. It doesn't drag. It may never be a commercial success, but it will have an impact, just as this band and their quests have. Thanks to Sue Brett and W.B. for the opportunity to scoop the local critics. By the time this hits the print, the ARB's will have bludgeoned its way through again. Maybe next time we'll have more good radio and fewer big give-aways in town. A suggestion - try giving the listener better programming. They like it almost as much as money and it lasts longer.

RETAIL STATS

OUR RELATIVE CHARTING, AS SEEN BELOW, RESEMBLES BASEBALL'S BATTING AVERAGES. IT ESTABLISHES A RATIO BETWEEN THE IDEAL (TOP 5 SALES AT EVERY REPORTING RETAILER); AND THE WEIGHTED COUNT THAT A RECORDING HAS ACTUALLY EARNED. THIS MATHEMATICAL FORMULA IS APPLIED TO EACH RECORD—FIRST REGIONALLY, THEN NATIONALLY. A DUAL WEIGHTING SYSTEM IS USED TO DERIVE THE COUNT ON THE HITS. IT ADJUSTS FOR STORE CHAIN SIZE AND REPORTED POSITION IN THE TOP 15. A SINGLE WEIGHTING SYSTEM WHICH ADJUSTS FOR STORE CHAIN SIZE IS APPLIED TO THE BREAKOUT REPORTS. THESE CHARTS SHOW THE RELATIVE INTENSITY OF RETAIL INTEREST FOR BOTH NEW AND ESTABLISHED RECORDINGS.

COMMENTS:

Since our commitment to in-store video the only reliable source for tapes has been CBS. They keep them coming frequently. Capitol & RCA have not produced anything but shallow promises and Warner Bros. service on them has been very sporadic. We have shown our interest in this newest phase of in-store promotion and made a commitment with the purchase of the equipment. Now we'd like to see strong label commitment to video and see some service provided to us with some tapes. My sincere thanks to Donna, Pat, and Debbie of CBS for their strong interest in in-store video.

Lots of excitement here at the old J.A.S. as our new sister company "Just A Concert" presented its first show with Jean-Luc Ponty and guest Larry Coryell. Concert was S.R.O. with Ponty coming back for two encores and Coryell joining on stage for a final jam.

COMMENTS;

Maddcity awaits James Cotton, Warren Zevon, Fotomaker, Wailers, and Bruce Springsteen -- and the new Cheap Trick album HEAVEN TONIGHT! Chrysalis: Does Tull really need any promo push? A push for a "developing artist" (ala Columbia) like Rory Block seems wiser! I still think Rory's "Feelings Cannot Lie"/"I Got A Man" should be a single!

CONCERTIZING

PLATTERS, LTD./Philadelphia, Pa. - Art Connor

Artist(s): DAVID BOWIE
Place & Date: The Spectrum - 4/29
Type of Place: Stadium
Ticket Price: \$6.50; \$7.50
Capacity: 20,000
Attendance: Sold out
Audience Composition: College age to 30's
Production Values: Headliner
 Musicianship: Excellent
 Material Quality: Excellent
 Showmanship: Outstanding
 Sound Quality: Very excellent
 Lighting & Staging: Ingenious

Reviewer's Reaction: David Bowie returned to the Spectrum from a 2 year absence from the concert stage. After hearing earlier tour reports from around the country, the crowd was filled with anticipation waiting for the return of the thin white Duke. Bowie, whose music is always a beat ahead of his contemporaries, did not disappoint the crowd by performing not only recent material, but also some pre-Ziggy faves. His band this time around is the tightest ever, allowing Bowie enough room to project his songs, but always being there when he needed them. Adrian Ballou on lead guitar was phenomenal. The highlight of the evening came when David performed a medley from his immortal Ziggy Stardust, which floored the entire Spectrum. The more complex material from Low and Heroes was also well received. Other gems included, "Stay," "Fame," and "Station To Station." The evening ended with a rousing version of "Rebel, Rebel."

WXCI/Danbury, Ct. - Carl Mearman

Artist(s): AZTEC TWO-STEP
Place & Date: Western Conn. State College - 4/23
Type of Place: Auditorium
Ticket Price: \$5.00; \$3.00
Capacity: 500
Attendance: 450
Audience Composition: College
Production Values: Headliner
 Musicianship: Good
 Material Quality: Excellent
 Showmanship: Good
 Sound Quality: Excellent
 Lighting & Staging: Fair

Reviewer's Reaction: Old material has been upgraded and the interpretation has a new/interesting flavor. Formerly a dud, the addition of members was a wise move. In their present incarnation, it would appear that they are making a serious effort, to enter the rock and roll mainstream. They might do it.

WCDB/Albany, N.Y. - Neil Siegel

Artist(s): RUPERT HOLMES;
DEE DEE BRIDGEWATER
Place & Date: Bottom Line - 4/23
Type of Place: Nightclub
Ticket Price: \$5.00
Capacity: 450
Attendance: Standing room
Production Values: Headliner Opening Act
 Musicianship: Superb Good
 Material Quality: Exceptional Good
 Showmanship: Warm Excellent
 Sound Quality: Excellent Excellent
 Lighting & Staging: Good Good

Reviewer's Reaction: It took 4 critically acclaimed albums before Rupert Holmes, writer of "Too Scared To Sing," made his premier New York appearance. The sold out crowd was upon their feet before the first note. The audience gave Rupert the strength and courage to deliver only the best. Rupert, a real "human" performer, performed selections from all his albums. His band, comprised of members of Orchestra Luna were tight, precise, and superb adding the necessary fills and back up. Particularly moving were renditions of "Widescreen," "Less Is More," and "Studio Musician." Rupert mixed the set well with uptempo pop and moving ballads. It was a superb evening for music. Let's hope it doesn't take another 4 albums before we see him again.

WZBC/Newton, Mass. - M. Zachariah Nolan

Artist(s): AVERAGE WHITE BAND;
ELLIS HALL GROUP
Place & Date: Boston College - 4/29
Type of Place: Hockey arena
Ticket Price: \$6.00 (\$4.00 in advance)
Capacity: 4000
Attendance: 50-60%
Production Values: Headliner Opening Act
 Musicianship: What? Good
 Material Quality: Repetitive Good
 Showmanship: None Fair
 Sound Quality: Fair Fair
 Lighting & Staging: Poor Fair

Reviewer's Reaction: A half-capacity crowd, mostly white and largely bored, shook their booties half-heartedly - more or less perfunctorily - as the Average White Band thumped their way through songs so similar and repetitive that it was difficult to tell when one song

and and another began. Attempts at "artful" lighting failed. ("Is he sick? He's green!") The lights flashed. The bass boomed. I yawned and looked at my watch. They're well named.

KUSP-FM/Santa Cruz, Ca. - Lance Linares

Artist(s): BOB MARLEY; PETER TOSH;
ROS MICHAEL; SONS OF NIGGI'S; JACOB MILLER;
MIGHTY DIAMONDS; BIG YOUTH; DENNIS BROWN;

MEDITATIONS; ALTHEA & DONNA, ETC.
Place & Date: National Stadium, Kingston, Jamaica - April 22

Ticket Price: \$4, 6 & 8 dollars Jamaica
Attendance: 25,000
Audience Composition: Teen age, college age, 20's, 30's
Production Values: All Excellent
Reviewer's Reaction: From 5 p.m. to 3 a.m. Kingston

throbbed with the vibration of One Love & Unity. This historic concert marked the anniversary of Haile Selassie's visit to Jamaica a few years back and the signing of a peace treaty between rival gangs in Kingston. The music was inspired and breathtaking, culminating in Peter Tosh's scorching set followed by the roots music of Ros Michael and then the return of Bob Marley to the Jamaican stage for the 1st time since his attempted assassination two years ago. The concert ended with a triumphant Marley holding aloft the joined hands of prime minister Manley and his chief opposition Mr. Seago in a peace triangle. Long may they dance.

WRD/Woodstock, Ill. - Michael O'Connor

Artist(s): CHARLIE; STANKY BROWN
Place & Date: B-Ginnings, Schaumburg, Ill. - 5/3
Type of Place: Club
Ticket Price: \$4.00
Capacity: 800
Attendance: Capacity + (SRO)
Audience Composition: 20's
Production Values: Headliner Opening Act
 Musicianship: Excellent Excellent
 Material Quality: Excellent Excellent
 Showmanship: Excellent Excellent
 Sound Quality: Fair Fair
 Lighting & Staging: Good Good

Reviewer's Reaction: Successful ingredients for any concert are a crowd hungry for the music, in this case tasteful rock and roll; an opening act (Stanky Brown) as fresh as it is rockin' and a group like Charlie, that is following the hit parade of those groups that have finally made it, but are still proving it. Stanky Brown, whose forte has to be live performances, will make it on their sheer vitality which adds a 3 dimensional spice to their recorded material. On the other side of the coin, the sound problems hurt the more delicate songs of Charlie which shine on their latest album Lines. Nevertheless the group overcame the problem and delivered the kind of rock that sent the crowd into a foaming frenzy.

WRGU/Hamilton, N.Y. - Bob Musiker

Artist(s): RAMSEY LEWIS
Place & Date: Colgate University - April 21
Type of Place: Gymnasium

Capacity: 3000
Attendance: 1000?
Audience Composition: College age
Production Values: Headliner
 Musicianship: Excellent
 Material Quality: Good
 Showmanship: Warm
 Sound Quality: Good
 Lighting & Staging: Fair

Reviewer's Reaction: Lewis' last 3 albums have featured this pianist in a variety of different styles. Traditional jazz, aficienados were pleased as Lewis' flowing acoustic work dominated the show. The warm interplay between Lewis, his tight band and an appreciative audience created a club-like informality in this vast basketball arena.

KTCL/Ft. Collins, Colo. - Rick Lofgren

Artist(s): GEORGE BENSON; TOM SCOTT
Place & Date: Moby Gym, Ft. Collins - 4/23
Type of Place: Fieldhouse
Ticket Price: \$6.00; \$6.50
Capacity: 8500
Attendance: 7000
Audience Composition: College/20's
Production Values:

	Headliner	Opening Act
Musicianship	Excellent	Excellent
Material Quality	Good	Good
Showmanship	Fair	Good
Sound Quality	Good	Good
Lighting & Staging	Good	Fair

Reviewer's Reaction: Tom Scott and band opened with an energetic set that was well received. People were pleasantly surprised I think. Benson's show lacked the energy of Scott's show. George was maybe a little too slick for this Colorado crowd. His voice is getting better and better, but it's still the guitar that he masters. Good show. Not great.

KLCC-FM/Eugene, Ore. - Michael Handler

Artist(s): SEA LEVEL
Place & Date: The Place - April 28
Type of Place: Cozy nightclub
Ticket Price: \$6.00; \$7.00
Capacity: 700 (2 shows)
Attendance: 550 (2 shows)
Audience Composition: 25ish on up
Production Values:

	Headliner
Musicianship	Excellent
Material Quality	Excellent
Showmanship	Very good
Sound Quality	Excellent
Lighting & Staging	Very good

Reviewer's Reaction: Sea Level offers an exciting and successful synthesis of good-time Southern blues/rock and jazz... the result is primarily their own sound, altho' shades of Allman Bros. riffs creep in from time to time, especially from guitarist Jimmy Nalls. Musical highlights come from Chuck Leavel on piano and new member Randall Bramblett on everything (mostly sax). Lots of the tunes were true to the record versions of from Cats On The Coast, including electronics, etc. Audience response was warm to hot, and with 2 encores to take home, everyone left the place mighty pleased.

WVHC-FM/Hempstead, N.Y.

Artist(s): DAVID SPINOZZA; CARLY SIMON
Place & Date: Stony Brook University
Type of Place: Gymnasium
Ticket Price: \$7.00
Capacity: 2000
Attendance: SRO
Audience Composition: Early 20's
Production Values:

	Headliner	Opening Act
Musicianship	Excellent	Excellent
Material Quality	Excellent	Good
Showmanship	Excellent	Good
Sound Quality	Excellent	Excellent
Lighting & Staging	Miserable	Miserable

Reviewer's Reaction: David Spinozza and his band proved that excellent studio musicians can also put on great shows. Their set was tight, and near perfect, as you would expect from the likes of Steve Gadd, Warren Bernhardt, Mike Manieri, Joe Carrol, Tony Levin and Spinozza. The highlights were David's "Edge Of the Sword" and Manieri's "Magic Carpet." Carly's return to the stage was well worth the 5 year wait. She looked very comfortable on stage and sounded better than ever. She started the show with "Anticipation" which was extremely appropriate. Her new songs were excellent, with "Haunting" and "You Belong To Me" standouts along with "Devoted To You" a duet she performed with James Taylor. A truly magical evening start to finish. Too bad it had to end.

WRSU-FM/New Brunswick, N.J.

Artist(s): RICHIE FURAY; PETER ROWAN
Place & Date: Rose Room - Rutgers Univ. - 4/28
Type of Place: Club
Ticket Price: \$4.00 reserved
Capacity: 600
Attendance: 575
Audience Composition: College age, 20's
Production Values:

	Headliner	Opening Act
Musicianship	Superb	Good
Material Quality	Superb	Fair
Showmanship	Excellent	Fair
Sound Quality	Superb	Good
Lighting & Staging	Excellent	Good

Reviewer's Reaction: Richie Furay's exuberance and careful selection of tunes warmed the hearts of the crowd. His band's tight musicianship provided a strong base for Richie's clear, powerful and melodic vocals on a medley of almost a dozen Poco favorites, songs from Dance A Little Light, and a couple of numbers from his Buffalo Springfield days. Peter Rowan was bland and boring.

WPRB/Princeton, N.J. - Kevin Lippert

Artist(s): IAN DURY & THE BLOCKHEADS;
COCO TAYLOR
Place & Date: The Bottom Line, N.Y.C. - 5/3
Type of Place: Club
Ticket Price: \$5.00
Capacity: 450
Attendance: SRO
Audience Composition: College, 20's, 30's
Production Values:

	Headliner	Opening Act
Musicianship	Good	Good
Material Quality	Excellent	Good
Showmanship	Excellent	Good
Sound Quality	Good	Good
Lighting & Staging	Good	Good

Reviewer's Reaction: Coco Taylor sings the blues with an authority and raw power that made an impressive impact on a crowd that was obviously there to see a first rate New Wave show. And Ian Dury provided just that. Seemingly never in control of the proceedings (although one can be sure that he was) Dury demonstrated an interesting blend of magic tricks, seduction of microphones, and bombardment of the audience with assorted paraphernalia. Combined with an energetic performance by the Blockheads, the entire evening was a viscerally satisfying affair.

JAZZ RECORD MART/Chicago, Ill.

Artist(s): TEDDY WILSON & FRIENDS
Place & Date: Rick's Cafe/Holiday Inn
Type of Place: Jazz club
Ticket Price: \$2.00/2 drink minimum
Capacity: 210?
Attendance: 150
Audience Composition: 20's - 60's
Production Values:

	Headliner
Musicianship	Excellent
Material Quality	Classic
Showmanship	Relaxed
Sound Quality	Good
Lighting & Staging	Simple

Reviewer's Reaction: We came in on the quintet session, featuring Jerry Fuller on clarinet and Don DeMichael on vibes - a pleasant enough journey through musical history with the highlights being Teddy's solos, DeMichael's groove, and a brushes solo by the drummer, Barrett Deems. The real pleasure came after the intermission, when the trio did 25 minutes or so. Bassist Eddie DeHaas was hot and right on top of everything, Teddy and Barrett stretched, everybody fit together beautifully. Too bad they're not a regular group, it would be a great showcase for an era, an exceptionally tasteful pianist, and a living example of what improvisation history is about.

Reviewer's Reaction: Elvis Costello continues to devastate Minneapolis audiences with his fast-paced rock and glaring stances. Not so, Mink DeVille whose lackluster performance was unimpressive and in the unenviable position of being between Elvis and Nick Lowe. Lowe's first performance in the U.S., despite a short encoresless, sound-plagued set, proved to be one of the most important groups to play here this year; charging the audience with carefully chosen, powerfully delivered, perfectly performed selections. A must, if you have the opportunity.

Reviewer's Reaction: An extremely well received N. Y. appearance by Elliot Murphy barely 2 months ago at N. Y.'s Other End surely prompted the management's decision to book a 3 nite weekend return engagement. Exploding with the blast of a neutron bomb, Murphy on an otherwise cool evening, melted the ice in my gin and tonic. Supported by bassist Ernie Brooks and a new "hot" band, Murphy it appears is flirting with the superstardom predicted for him by the rock press 2 years ago.

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES. NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

IMPORTS

(Our imports are provided with the help of Intergalactic Trading Co., Portland, Ore.; Jem Records, P.O. Box 362, South Plainfield, N.J. 07080 - 201 753-6100.)

Atoll/TERTIO/Eurodisc 913 132 (Like Yes and E.L. & P. this French band forces musical phases together in a hail of furious play. They are obviously solid players though the language barrier precludes a final judgement on their writing. Merit.)

Bethnal/DANGEROUS TIMES/Vertigo 9102 020 (Though they tend to get better when doing outside material Bethnal rocks pretty earnestly. They should not have been packaged like the purkers they are not. George Csapo's violin is underused. Merit.)

Dan Ar Bras/DOUAR NEVEZ/Hexagone 883009 (Thoughtful guitar based instrumentals drawing from scattered modes traditional folk to rock, is the premise. All of this generates from the musical head of Dan Ar Bras. Symphonic and jazzy things blend in too. Merit.)

Camel/A LIVE RECORD/Decca DBC-R 7/8 (Record one is the band alone. Their music is a soft sell rock which is agreeable but, not titillating. Record two involves the London Symphony. Again their music has a low-key, pleasing quality. It is rather serene for rock, especially for symphonic rock. At their best Camel builds an arresting quiet beauty. Merit.)

Chrisma/CHINESE RESTAURANT/Polydor 2448 060 (Not pop music. Songs from the inner consciousness pulsate through the air. Chrisma bakes their mental music in a synthetic environ and challenges the audience with the resulting casserole. Spaced. Merit.)

Johnny Cougar/A BIOGRAPHY/Riva RVL P 6 (Johnny Cougar is a hot street rocker who scores immediately. His writing, and the presentation of it, contain the vitality of today and the directness of the moment. Merit Plus.)

Kevin Coyne/DYNAMITE DAZE/Virgin 25801 XDT (A very special writer. Kevin's songwriting is on a literary level of accomplishment. His music is melodically strong too, but more on a pop level. Side two is a killer. Individuality rems. Merit Plus.)

Gong/FLOATING ANARCHY 77/Planet LTM 1002 (Gong has gone off the deep end into the spacial abyss. They render themselves almost musically useless with these self-indulgent ramblings. This stuff was hip about 3 years ago. If their cogent space music of the past was to advanced, what is this? Special Programming.)

Heaven's Radio/ACTIVE/Prosperity PTR 13006 (Here is a grooved little shuffle band from Canada. In blues or reggae or a steady rocking shuffle Heaven's Radio finds a way to be satisfying. They don't work big, they do work comfortably. Merit Plus.)

Steve Hillage/GREEN/Virgin 25875XOT (Green is billed as "A celebration of time - space travel through nature." That is what it is, except the celebration really gets going only on a few tracks. A lovely song like "Palm Trees" tends to get lost in the space. Merit.)

Greg Kihn/NEXT OF KIHN/Beserkley 53056 (With a tune like "Remember" Greg's music shifts to a post-naive stage. He makes the change easily in a natural progression. Super writing and a high quality performance make the NEXT OF KIHN significant. Merit Plus.)

John Kirkpatrick & Sue Harris/SHREDS & PATCHES/Topic 12TS355 (Like many traditional music enthusiasts, John and Sue do not stop at the performance. They are folklorists too. In addition, to their pure tone presentation they have kindly added notes on each song which enhance enjoyment further. Special Programming.)

Le Orme/STORIA O LEGGENDA/Philips 6323 052 (Very musical, in an Italian sort of way, Le Orme overcomes much of the language barrier with melody. Their music is accomplished though they do not make a point of it. Merit.)

Johnny Moped/CYCLEDELIC/Chiswick WIK-8 (The use of punkisms to justify anti-music isn't justified. It doesn't contribute to the genre or the group. Much of Johnny Moped's style seems deliberately staged and isn't believable because of it. Some music peeks through "Groovy Ruby" and "Wee Wee". Satisfactory.)

Judas Priest/THE BEST OF/Gull GULP 1026 (Reissue)
Rose/JUDGEMENT DAY/Polydor 2424 168 (They can play. So they inject weak writing with all of the moves expected for some grand design. It all sounds out of proportion given the level of the material. Potential at this point. Satisfactory.)

Sensations Fix/BOXES PARADISE/Polydor 2448 064 (Muted beauty. Inarticulate recording quality masks the pleasingly fluid melodies of Franco Falsini. But, it cannot completely hold them down especially the exceptional ones. Side one has some real standouts. Where it not for the sound. Merit.)

IMPORTS CONTINUED

Shakin' Street/VAMPIRE ROCK/CBS 82610 (Through the punkish guitar haze there is a requirement that music must come. Though it doesn't happen on every song, Shakin' Street shows that they are in command. Merit.)
Squeeze/A&M AMLH 68465 (This John Cale production has its ups and downs. Partly inconsistent writing and partly unenthusiastic performances cut into Squeeze's basic rock. The front cover art is perfect. Merit.)

Sweet d'Buster/FRICTION/Ariola 25 861 XOT (A case in which mediocre songs are generated by excellent players. Their playing is punchy and vital but, their musical judgement is in question before you get to side two. First, they change the melody on a Beatles song - they thought it sounded better their way? Second, their own best song, "Still Believe" is buried near the end of the side. Sweet! Buster is a mass of undirected potential. Their name has to go too. Merit.)

Nik Turner's Sphynx/NITIN TODAY/Charisma CCS 4011 (Always the most spaced of Hawkwind's crazies, Nik Turner left to his own devices is outrageous. His vision, this time, is projected into Egyptian antiquities rather than into the cosmic emptiness. When the album is not musical, it is interesting. A journey in the time machine. Merit.)

Various Artists/FOUR R 'N' R LEGENDS/Harvest Vintage SHSM 2024 (If a musician is not able to evolve with times, the option is to survive until the style comes back again. So, we come to this 1967 Rockability concert which leaves some screaming Londoners feeling good. Solid performances from Warren Smith, Buddy Knox, Charlie Feathers, and Jack Scott. Merit.)

Various Artists/LONG SHOTS, DEAD CERTS & ODIS ON FAVOURITES/Chiswick CH 5 (Chiswick's punk sampler isn't as musical as those issued by Stiff. The Radiators From Space, Skrewdriver, Motorhead, and Rings are intense. Others to be listened for are Radio Stars, Jeff Hill, Count Bishops Amazorblades and The Stokes, almost all of side two. Merit.)

Various Artists-Soundtrack/JUBILET/Polydor 2302 079 (This must be the first soundtrack to use punk music. That says something about the film which looks bizarre if judged by the stills. A few notable tracks include Sissi Pinns' rock version of "Rule Britannia" and Brian Enn's spacey contributions. Merit.)

Adrian Wagner/THE LAST INCA/Charisma CAS 1115 (In symphonic-rock form Wagner weaves a fantasy about the Incas. It is a musical effort and with the enclosed booklet makes for an enjoyable time. Merit.)

CONCEPTS

SHIFTING SANDS

Reading reality into the ratings is sometimes difficult especially when everyone finds a way to make them read their own way. Since this publication has historically had an FM orientation, the AM progressives notwithstanding, you can imagine our response to current rating trends.

The phrase "rating trends" is the key. It is never wise to read one rating period book without considering the context in which it fits. In this case, the context is a trend which has woven its way slowly, but inexorably through the last several years. That is the move of the mass music audience from AM radio to FM radio.

The fact is AM radio is out of style. For the hipster it has been out for ten years but, rating books never measure hipsters, they measure habit patterns in high blocks. The movement which started with isolated cases is generalizing in rating book after rating book and in an ever spreading number of cities. FM beats AM more and more often.

Sadly, for AM stations, there is little that can be done to save that number one position. T.V. advertising and passive research are not enough to stem a tide. They are weak medicines when the bug is spread through word of mouth, its most contagious form.

There is good reason for the trend and a lot of it has to do with the over narrowing of the definition of Top 40 radio. The insular, often cavalier approach to new music, not advance music, did them in because they took it too far.

Therein lies the lesson for the emerging big FM guns. Avoid narrowness and arrogance at all costs. Openness will permit the necessary adjustments when the wind starts blowing in a new direction.

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

UNDISTINGUISHED ALBUMS

(In our opinion, below standard Lps except where noted.)

Gotham/Dream DA 3501 (Conceptually at sea pop music. The impression is that Gotham, a vocal trio, is made of Broadway chorus boys who are trying to contemporize. Their singing style is just plain old fashioned. Place them at about 1952. None of it can be played - not even "N. Y. State Of Mind.")

FRINGE ALBUMS

(Good albums which are not progressive, yet hold some interest for progressive audiences.)

- Ernestine Anderson/LIVE FROM CONCORD.../Concord Jazz CJ-54 (A pretty good jazz singer, Ernestine is especially effective when she leans toward the blues. She chooses to do a batch of old chestnuts which endears her to the crowd but maintains her distance from today. Write: Box 845, Concord, Ca. 94522.)
- The Paul Cacia Band/UNBELIEVABLE/Alexander St. ALX 1700 (If intentions counted Paul's idea would be accepted as jazz, as rock, as disco, and as R&B. Paul plays a Maynard Ferguson type trumpet which dominates the music as it slips in and out of each genre. Two elements are needed. One is a more solidified direction and the other is more concern about quality material. The tune is almost everything.)
- Warren Chiasson/GOOD VIBES FOR KURT WEILL/Monmouth Evergreen MES 7083 (Soft rhythms matched with the vibes create an unobtrusive background for other activities. When the players give the music a vibrant performance, as is the case here, it is even better. Distributed by The Record People, 66 Greene St., New York, N. Y.)
- Herb Ellis & Remo Palmier/WINDFLOWER/Concord Jazz CJ-56 (Mellow guitars in an eloquent duel of tonality fill Windflower's grooves. The material spans the years and tends to send the Lp to the background in spite of the playing quality.)
- Randy Gurley/LET ME BE THE ONE/ABC AB 1067 (Randy is a good singer who gets placed in a pop country context. Wisely, the album avoids excess. Solid song selection insures the project's consistency.)
- Lionel Hampton/SATURDAY NIGHT JAZZ FEVER/Laurie LES 6003 (Teo Macero (for 25 years Miles Davis' producer) and Hampton team up to make a jazzy version of the Bee Gee's music. It mellow out so much that it takes the score further into the background than it is in its disco context. Easy listening.)
- Roy Head/TONIGHT'S THE NIGHT/ABC AB 1054 (Roy Head becomes a pop country singer. He and Jimmy Bowen use all that Nashville has to offer. The question is, will the public believe him?)
- Etta Jones/MY MOTHER'S EYES/Muse MR 5145 (An overdose of echo and a bunch of old songs put a haunting glaze on a fine blues singer. Etta could move right into contemporary music by choosing a different era of songs. She is a natural.)
- Johnny Lytle/EVERYTHING MUST CHANGE/Muse MR5158 (Rhythm over-easy matches the soft focus of Johnny Lytle's vibes. An easy, pleasing glide carries through the axis of Everything Must Change as if to say that the change can take its good old time.)
- Dodo Marmarosa/PIANO MAN/Phoenix Jazz LP 20 (A super lounge player. Here Dodo works in a trio and quartet format though he is best known for his work in the big bands of the 1940's. The groove is comfortable but, old fashioned. Distributed by The Record People, 66 Greene St., New York, N. Y.)
- Howard Roberts/THE REAL/Concord Jazz CJ-53 (The first thing to notice on Howard's album is the creative choice of music. He is tuned in, while most of those playing mainstream jazz tuned out years ago. Howard Roberts puts life into the word mainstream and even puts some post-Trane runs in just to stir the waters more. A fine recording results.)
- David Schnitter/GOLIATH/Muse MR 5153 (It feels as if David wants to burst out of the mainstream constraints in which he finds himself. In "Funny Valentine" he pushes to the edge of the outside. Only the rhythm players keep it from opening up. Encouragement.)
- Sonny Stitt/BLUES FOR DUKE/Muse MR 5129 (Rolling out these Ellington classics is probably the most comfortable thing a jazz can do in a jamming situation. This quartet falls right into place around them.)
- Sonny Stitt/SUPER STITT!/Phoenix Jazz LP 15 (These old broadcasts are in pretty good shape audiowise. Musically they document the 1954 vintage Stitt, a time when he was playing several different saxophones. Nice combo feel. Treat as a reissue.)
- Ross Tompkins & Joe Venuti/LIVE AT CONCORD '77/Concord Jazz CJ 51 (The material is largely pre-WWII vintage which telegraphs the jazz styles heard here. Still, in his 80's, Joe Venuti is able to blow the audience away with his violin soloing. He is undoubtedly the most advanced player on the stage.)

FRINGE ALBUMS CONTINUED

- Various Artists/COLEMAN CLASSICS VOL. 1/I.A.I. 37, 38, 52 (Recorded in 1958, this live gig is surprisingly contemporary in its lead playing. Ornette, Don Cherry and Paul Brey are up front. History. Distributed by The Record People, 66 Greene St., New York, N. Y. 10012.)
- The Tommy Vig Orchestra/ENCOUNTER WITH TIME/Discovery DS-780 (Tommy is a musical snob who has been passed by as he retraces old Big Band moves from Whiteman to Kenton. Hence, his liner notes called "On Making Music and Making Money" which uses half truths to make the point that "if a large number of people like it, it is more than likely of low quality." That makes him feel good and justifies his own mass unacceptance but, doesn't give his music any contemporary meaning. Sorry Charlie. Write: Box 48081, Los Angeles 90048.)
- Al Viola/SALUTATIONS F. S. /PBR International PBR-7 (Mellow electric guitar jazz has a certain warm appeal. It fits so nicely in the background of living. Al's tin pan alley choice of material puts him in the elevator. Write: 7033 Sunset Blvd., Los Angeles 90028.)
- Jr. Walker/SMOOTH/Soul S7-750R1 (The truth is that some of the music on side two of this Lp is often done by white musicians with great acceptance. Whether Jr. Walker will gain acceptance is a question of some import. Side one is mostly older material and/or pop constructions.)
- Bob Wilber & Kenny Davern/SOPRANO SUMMIT/Concord Jazz CJ-52 (Lots of jump tunes create a positive frame of mind from the outset. Side two leads off with several ballads which smartly change the pace. They make the other things come across even better. Fun.)
- Snooky Young & Marshall Royal/SNOOKY & MARSHALL'S ALBUM/Concord Jazz CJ-55 (Though none of these jazzy explorations are very innovative, they cruise with the ease only veterans could bring to them. They are not lithargic maneuvers, rather they are up-beat lively runs.)

SPECIAL PROGRAMMING

(Spoken, poetry - comedy and extraneous musics.)

- The Flying Cloud/TRADITIONAL MUSIC.../Adelphi AD 1029 (The ethnic musics of Ireland, England, and Scotland have had a special allure in recent years. Its influence on pop music cannot be ignored. Hence, these fine representatives of the form deserve an ear. Their music has passed the tough test of time.)
- Various Artists/PACIFIC RIM DULCIMER PROJECT/Biscuit City BC 1314 (This Lp shows the skill of several devoted dulcimer players. Most of these people build dulcimers and write about them as well as play them. Rather esoteric but nice. Write: The Record People, 66 Greene St., New York, N. Y. 10012.)
- Jessica Williams/PORTRAITS/Adelphi 5005 (Eight long piano improvisations fill this two record set with some nice sound. Mostly Jessica's music is full-bodied and expressive, all of which rings true. It is only when she moves toward the avant garde that she gets shaky. Then it could like she's doing someone else's music. The majority rules.)

NEW RELEASES

BELOW IS A CATALOGUE OF NEW RELEASES. THEY ARE DIVIDED INTO CATEGORIES DESIGNED TO GIVE YOU AN IDEA OF THEIR RELATIVE MUSICAL WORTH. THESE FIRST IMPRESSIONS ARE NOT MEANT TO RELATE IN ANY WAY TO PAST, PRESENT OR FUTURE SALES, NOR SHOULD THEY BE TAKEN AS THE WORD OF GOD.

MERIT ALBUMS CONTINUED

- Blue Jug/Ariola America SW-50028 (Solid throughout. Blue Jug's country-rock may have a rural twang but, it sacrifices nothing in power to get it. At their best their feel is similar to The Band's. Good songs.)
- Roy Buchanan/YOU'RE NOT ALONE/Atlantic SD 19170 (Aside from Neil Young's "Down By the River" this is an instrumental rock Lp. Some touches of space float through but, basically you come away with the feeling that Roy can really bend a guitar string. As skilled a player as he is, lasting, indelible memories do not come out of his amp.)
- Dion/RETURN OF THE WANDERER/Lifesong JZ 35356 (If his lyrics are indicative of his sentiments, Dion is in a rock 'n' roll midlife crisis. On one hand he reminisces about hanging on the corner and dice in the alley, meanwhile he is writing about a present tense "Guitar Queen" and singing about the "Heart Of Saturday Night." From "The Pattern Of My Lifeline" to the end, Dion's album seems to resolve itself, lyrically and musically. The album gets stronger and warmer as it turns.)
- Dixie Dregs/WHAT IF/Capricorn CPN-0203 (Dexterity is the central quality in this album. The skillful, controlled playing of the Dixie Dregs and the skillful, controlled recording of Ken Scott combine to make a flawless technical record. Melodically, the Dregs are good but, frequently not more.)
- Foghat/STONE BLUE/Bearsville BRK 6977 (Foghat restates its power band premise while they reach back into their bag of roots. A few great old blues songs and an old rocker get shaken loose. Good show.)
- Friendly Enemies/ROUND ONE/Prodigal P7-10026 R1 (Veteran Michael Rubini is the mystic mainstring of Friendly Enemies. He is not a street musician, he is trained and his rock & roll reflects his studiousness with its full arranging complement. The songs are O. K. while the approach leaves no room for rough edges.)
- Daryl Hall & John Oates/LIVETIME/RCA AFL 1-2802 (Daryl is a great singer, completely individual. He comes through in a loud and clear live performance, one which equals their studio production quality.)
- Tommy Hoehn/SPACEBREAK/Power Play HLPP 5051 (Echo on his voice, acoustic piano and guitar and nice songs are placed in a basic rock context. "Spacebreak" is a misnomer as is the claim that the record is not produced. While his meaning is clear, the album is too controlled to consider it unproduced. Write: Box 4818, Memphis, Tenn. 38104.)
- Vic Juris/RCA/SOLO/Muse MR 5150 (Backed by Barry Miles, Rick Laird and Richie Cole among others, Vic is supported by youthful but substantial players. His style sends tumbling streams of notes through his amp. Unfortunately he uses a guitar tone which is associated with the fifties. It sounds out of fashion in this quietly intense atmosphere. It has too much echo on it too. The tunes are pleasing.)
- Jim Krueger/SWEET SALVATION/Columbia JC 35295 (Another entry in the spin-off singer/songwriter sweepstakes. Jim is good and gets a journeyman Michael Omartian production to move things along. Highlights are a Dave Mason soundalike called "Last Call" and a hot instrumental called "Don't Call Me Chief.")
- Jim Kweskin/LIVES AGAIN/Mountain Railroad MR 52782 (Back to the basics. Clear voice, guitar and banjo pickin' and 10 organic songs amount to a fine folk music presentation. Jim is a sure footed entertainer, an obvious fact illustrated by this live Lp. Write: The Record People, 66 Greene St., New York, N. Y. 10012.)
- Alvin Lee/ROCKET FUEL/RSC RS 1-3033 (Ten years later the essential qualities in Alvin's music have changed very little. His most melodious moments occur at the end of side one. The rest is rock with blues power.)
- Herbie Mann/BRAZIL ONCE AGAIN/Atlantic SD 19169 (Heated South American rhythms and some serious soloing put Herbie back in the jazz genre. The album opens and closes most impressively. Happy intensity.)
- Benny Mardones/THANK GOD FOR GIRLS/Private Stock PS 7007 (His liner notes say that all he ever wanted to do was record rock & roll music. His first opportunity is a little crowded with extraneous arranging gizmo's. Still, the Mardones instincts come true. Next time maybe less will be more.)
- John McLaughlin/ELECTRIC GUITARIST/Columbia JC 35326 (This Lp would have succeeded just on the power of the names involved. Of course, the McLaughlin overdrive style dominates on all tracks except "Friendship." On that track John teams with Santana and sheer beauty results. Power jazz.)
- Zbigniew Namyslofski/Inner City 1048 (Who knows what kinds of musicians are tucked away in Eastern Europe? Here is a notable saxophonist, who works admirably in a contemporary groove and who has a sense of humor too. Though he invents nothing new, a witty, musical new name is introduced.)

MERIT ALBUMS CONTINUED

- Nantucket/Epic JE35253 (Their approach is mainstream rock & roll which strikes that familiar mass appeal chord. Whether their songs are up to it is in question. More often than not Tommy Reddi's melodies work because of the presentation rather than their own qualities. The record doesn't have the presence it could.)
- Mike Nock with Bennie Maupin/Almanac LAI 37, 38, 51 (Though recorded in 1967 this quartet, including Cecil McBee and Eddie Marshall, holds up well. Contemporary acoustic music often lacks much feeling. This record avoids that problem and conquers the medium top. Write: The Record People, 66 Greene St., New York, N. Y.)
- Passport/SHY BLUE/Atlantic SD 19177 (Klaus Doldinger's music has usually had a high complement of skill and only modest amounts of melodic creativity. That continues to be true, however, Sky Blue seems to loosen up somewhat. It has a less rigid feel in the rhythmic section. A solid jazz/rock album.)
- Rare Earth/BAND TOGETHER/Prodigal P7-10025 R1 (By going outside Rare Earth begins to solve its material problems. Their rhythm feel has always been a strength and it continues to be. John Ryan injects a pop gloss which takes the band toward the fringes.)
- Riot/ROCK CITY/Fire-Sign FSA 87001 (A classic midwestern power band formulation. Riot has it all down pat and they are as good or better than many big names on much bigger labels. Write: The Record People, 66 Greene St., New York, N. Y. 10012.)
- The Earl Scruggs Revue/BOLD & NEW/Columbia JC 35319 (As the Scruggs sound evolves the flow shifts emphasis from father to sons, as it should. The sound gets less country and Gary continues to shine as a singer. A mixture of original and outside, new and old songs keeps the material interesting. Side one is stronger.)
- Snail/Cream CR 1009 (It is hard to hear hit level songs in what is otherwise a very well put together Lp. The presentation is strikingly good at times. More outside material would make a big difference.)
- The Sunday River Bluegrass Show featuring David Ferretta/YOU CAN DRESS 'EM UP.../Biscuit City BC 1315 (Ferretta has gathered around him some sympathetic bluegrass souls. They play off of each other well except that the record lacks the dynamic range necessary to hear all the levels of action. The music sometimes sounds anemic as a result. Write: The Record People, 66 Greene St., New York, N. Y. 10012.)
- Roosevelt Sykes/MUSIC IS MY BUSINESS/Blue Labor BL 111 (Aside from being a substantial blues writer and singer, Sykes is one of the more musical blues pianists. His feel is flawless as his accents punctuate each lyric line. Go to the source, Roosevelt Sykes. Write: The Record People, 66 Greene St., New York, N. Y. 10012.)
- Kate Taylor/Columbia JC 35089 (A couple songs on each side, usually the R&B songs, stand out like beacons. For Kate, choice of material is critical. Brother James puts the project together nicely.)
- The Pop/Automatic SA 1.01 (A find. Though some fine music gets muddled up in the mix The Pop still manages. They play basic music in a punkish style but, they are most notable for several top drawer songs on side one. Write: 4857 Beeman Ave., N. Hollywood, Ca. 91607.)
- Toby Beau/RCA AFL 1-2771 (Toby Beau is essentially a Southern rock band but, their best writing doesn't quite fit the genre. "My Angel Baby" is a fine R&B tune while "Buckaroo" and "Watching The World Go By" are more country rock. All of which points to the problem. Toby Beau is a band which is capable of writing well and playing well enough but which hasn't yet brought its direction in focus.)
- Joe Lee Wilson/SECRETS FROM THE SUN/Inner City 1042 (Voted "Talented Deserving Wider Recognition" in the 1973 Downbeat Critic's Poll signifies that Joe Lee Wilson is a better than average jazz singer/songwriter. And he is. However, his talent will continue to go relatively unnoticed if he continues to get produced in backroom janitor session mode. Joe needs a chance at making a real record, he's worth it.)

SATISFACTORY ALBUMS

(Albums of acceptable quality, which, of themselves, require only secondary progressive radio consideration.)

- Sneakers/IN THE RED/Car CRR-3 (If anyone buys this record at full price they will be in the red. With about 9 minutes of music on each side, the Lp isn't finished. On a musical level it isn't finished either. Rather self-indulgent, it is the early experimentation of some talented people. They should have waited until they were ready. "What I Dig" is their best music.)

NEW RELEASES

SPECIAL MENTION ALBUMS

(These records which, in our opinion, deserve special mention because they come closest to perfecting their musical genre regardless of progressive radio application.)

(None.)

STRONGLY MERITORIOUS

(We feel that these Lp's have an extra edge.)

(None.)

MERIT PLUS ALBUMS

(All Merit and Merit Plus Albums are recommended for serious progressive radio consideration, recognizing that not all of these recommendations are suitable for all stations. The Merit Plus Albums distinguish themselves with an extra vitality.)

Billy Cobham/INNER CONFLICTS/Atlantic SD 19174 (With Inner Conflicts Billy has managed to do so what few percussive types seem able to do. He shows us creatively sewn, tremendously intense rhythms without sacrificing melody. In fact, his melodies are beautifully woven into the overall fabric. Fusion his own way.)

David Allan Coe/FAMILY ALBUM/Columbia KC 35306 (His straight ahead country delivery is high quality in itself but, it is Coe's writing which is magical. Few writers can fit lyrics together as well and then meld them with the tune in such a natural bond. Too good to be ignored.)

Stanton Davis, Jr./BRIGHTER DAYS/Outrageous #2 (A jazz find. Stanton Davis, Jr. lays down some of the most juicified contemporary jazz heard recently. His music is a celebration of melodious movement. Place it outside of the recent Alpert-Masekela album. It possesses the same kind of exhilarated spirit yet, even more liberation. Brighter Days may not fit into a tight radio format, but it is a cause for brighter days.)

George Duke/DON'T LET GO/Epic JE35366 (Distinguished by a host of excellent melodies Don't Let Go has only one flaw. That is a product of George Duke's adventure. He explores too many different musical styles for one album. It makes the effort feel like a collection of tracks rather than a whole. Still, the pieces work so well individually.)

MERIT PLUS ALBUMS CONTINUED

The Nighthawks/JACKS & KINGS/Adelphi AD 4120 (On Jacks & Kings the Nighthawks play back-up band to a parade of distinguished bluesers. Their music has a vitality which many of the old time blues bands can only get in a bar. Top to bottom, the Lp is a positive groove.)

Tom Petty & The Heartbreakers/YOU'RE GONNA GET IT!/ABC-Shelter DA-52029 (Where Elvis Costello updates the 50's it is Tom Petty who reaches into the 60's to bring that decade up to date. That is their similarity and their difference. Petty adds a level of craft, a concern with detail which insures a sense of urgency in his music. Side two weakens its resolve in the second half.)

John Prine/BRUISED ORANGE/Elektra 6E-139 (Bruised Orange, thankfully, does not spend its time straining to fit John Prine into the great commercial groove on high. Instead, it works at capturing one of our better writers in his natural habitat as a modern folksinger. Accept him on his own terms because they are the only terms worth the time. Humor and truth are laced through his songs.)

MERIT ALBUMS

David Amram/HAVANA - N. Y./Flying Fish FF 057 (David Amram can do anything it seems but, write an inspired melody, one which equals his curiosity and his adventurous soul. Side two is long but, it is the side which cooks best. That it was recorded last year in Havana, Cuba adds some further dimension.)

Angelo/MIDNIGHT PROWL/Fantasy F-9554 (Angelo's work is good on every level. But, it never reaches special. His voice has the most potential yet, in the face of such a conservative production, it is not set free.)

Brian Auger & Julie Tippetts/ENCORE/Warner Bros. BSK 3158 (What if? What if Julie had an accompaniment, not the same as, but as good as, Joni Mitchell always manages? The answer is that Julie would be incredible. Here she is limited by the ho-hum around her. There is little life in the back-up and a relatively tame album results.)

Band of Joy/Polydor PD 1-6133 (They give us nothing more than cleanly presented rock music. Except that Band of Joy adds a level of writing skill which yields a few unusually good songs. The songs allow the clean presentation, there is no need to cover anything.)
