JULIETTE DUNN
Appearing on Shell Happy Time Program
Thursday, 8 to 9 a.m.
Come in for a free demonstration of the 1929 line of Crosley radio sets. We offer a wide range of splendid A. C. electric models for your selection. Hear for yourself the super-performance of Crosley sets. Moderately priced.

**AC Electric GEMBOX**

The Crosley Gembox was the sensation of 1928 and maintains its place as the most popular A. C. electric set on the market. The Gembox is a table model operating direct from the light socket, and makes use of the Dynacone Power Speaker by means of which you get pure tone and volume without distortion.

**CHINESE CHIPPENDALE GEMCHEST $100**

Crosley's new console model combines the Gembox radio receiver and the famous Dynacone Speaker into a single model, the GEMCHEST. This combination of radio units is housed in a richly lacquered Chinese Chippendale metal chest, at a very moderate price!

**THREE COLORS**
- Mandarin Red
- Nankin Green
- Manchu Black

**$100**

**$69.**

THE EDITOR’S PAGE

WHILE it is apparent to even the most casual observer that the present Congress does not intend to develop any remedial radio legislation, there is indication that a final solution is approaching, on a basis similar to that prevalent in other countries.

Senator Couzens of Michigan has introduced a bill in Congress, destined to be shelved this time, but which will undoubtedly be revived next session, providing for a Communications Commission, which would absorb the present commission, and would operate under enlarged powers to handle all matters pertaining to radio, telephone, telegraph and cable work.

The new commission is envisioned, also, as a rate-fixing body, with power to hold hearings, take testimony, settle disputes, determine priority of claim, and otherwise function as does the Interstate Commerce Commission in the field of railroad affairs. This would seem to be a correct and intelligent development. We have long needed a communications division of the government because of the international significance of all communication work.

The Couzens bill, while not intended to completely outline this commission, is felt by many senators to be the first step in the right direction. Unless the constitutional inertia which seems to affect Congress in matters of real importance again corrodes this issue, we may hope for some action toward the forming of the new commission shortly after the opening of the next session. Public pressure, properly directed toward congressional representatives, would aid materially here.

Out of the West, this month, has come another great one—a child genius, as great as Yehudi, it would appear, and if properly handled destined to become known the world over. We refer to little 4-year-old Ruth Julia Slenczynski of Berkeley, remarkable child pianist, who made her first public appearance at Mills College May 10.

This tiny mite played from memory, and with a technique that astonished professional musicians, the Sonata in C major by Mozart, a whale of a work for a beginner; Two-part Invention in C major by Bach; Tambourin by Rameau and Sollegietto, by Philip Emanuel Bach. And all part of one program.

Her father is a Polish violinist. The child herself was born in Sacramento. She has all the earmarks of an astounding career. Like Yehudi, she is fortunate in having parents who do not intend to exploit her, but rather to permit her to develop. In parental vision will lie the measure of her success.

These children astound because we are still of the generation which feared to do and dare. But the new race is not of our stuff. It is unafraid. It is born with great talent and it is using that talent early. The West is the birthplace of much of this new stock. We shall be continually astounded, as the days go on, by this new generation of genius. These are the rebels of convention. The revolt of genius is under way and we are but spectators, watching the overthrow of clay kings.

It is good to be able to watch these giants of art, science and artisanship, springing from the soil which we have made fallow by our own restlessness, and begin their orderly, intelligent march on the future.
LEADS AGAIN IN ESTABLISHING NEW LOW PRICES

For many months MAJESTIC has been manufacturing 4,000 radios per day and contemplates increasing this production to 6,000 receivers daily in the near future.

Now every purchaser of a radio can cash in on MAJESTIC'S mass production. The biggest price reductions in MAJESTIC'S history are waiting for you at your nearest authorized MAJESTIC dealer.

These are the same "Mighty Monarchs of the Air," which are the sensation of the radio world today . . . the same marvelous cabinets . . . the same sturdy chassis construction. . . .

There is only one difference in the MAJESTIC of today and the MAJESTIC of a month ago . . . THE PRICE.

HIGH overhead a monster airplane circled and dipped. From its metal belly protruded three giant horns. From the horn's a stentorian voice, clearly audible on the earth, a mile below, bellowed a volume of maniacal laughter, accompanied by a song which broadcast the advantages of a certain make of oil and gasoline. Far below, we, the listeners, shrank into our oversize skins and clutched at rocking vases, teetering clocks and gyrating ornaments. King Sound had come into its own.

This—the plane and its battery of loud speakers—is the new billboard of the air. It is the child of radio, for the devices it uses have been developed by radio, and then lifted by the multiplication table, into ultra-efficiency. Very shortly we will have a multitude of them, roaring and bellowing overhead, adjurations, injunctions, warnings and tips. The contractor who can evolve a sound-proof house "free from the daily din of aerial broadcasts," will make a fortune. Life will be sweet in those days only in a bomb-proof cellar.

There are, however, other and more practical uses to which this sublime aerial loud speaker can be put. We can imagine an irate wife, 2000 feet above ground, paging an erring husband, "Henner, where are you?" from one end of a city to another. Henner might stay away from a telephone. He might hide where a messenger boy could not find him. But Henner cannot escape a bellowing tri-motored plane whose accents knock the glasses off the bar in Henner's speakeasy. The boys will throw Henner out to stop the racket.

In a sense, this broadcast plane is a substitute for a lot of things. In the present arrangement a man sits in the cockpit with a microphone laughing eerily and narrating hot-spot data on gas. He could, just as easily, tune in a local or distant station, and hurl the broadcast through the abdominal noise producer. Try to escape a program then! We can snap the switch and grin—with radio. But with a plane whose words bore through steel and concrete—what escape is there?

We shudder to think what the next Presidential election will be, when all the gentlemen who have the interests of party at heart, with an eye on a possible appointment, take to airplanes and begin campaigning from the air. We'll have politics whether we want it or not. Gophers, moles, snakes and other animals which live in holes will have company. We will all be there, shoving them over, crowding in, seeking silence in the bowels of the earth. When the planes and the broadcast stations begin to work together the voter certainly will be smoked out of retirement.

We will have remarks such as this: "Wait a minute...hold the fone...I can't hear a sound...A Senator just went by." Or: "You'll have to say that over again...that orchestra that just passed drowned you out." At lawn parties and outdoor social affairs, dowagers, instead of ear trumpets, will carry portable loud speakers to make themselves heard. Folks won't be able to play bridge without head telephones and amplifiers. Even our most devout prayers will be filled with man-made static, as bellowing planes bisect our individual cosmos.

This is what radio has done. It has unleashed this terrible billboard of the air. We have traded silence for a birthright—and a horn. We can see now the meaning of the Biblical allusion to the "voice of brass" that knocked down the city walls. A husky announcer, seated in a backroom of a steel plane, with a couple of dynamic snorters thrust through the floor, can yell "Hey!" at a city the size of San Francisco and knock whole blocks flat. We'll shortly have emergency hospital cases filled with concussion cases—people stunned by aerial conversation. And when an airplane over Chicago starts a conversation with another coming into Oakland airport, the trees on the Rocky Mountains will go down as in a high wind.

Sound is one of the most terrible weapons known to science, as every wise knows. Pitch a tuning fork to the right note, and it will blow out an eight-foot gas flame at a hundred feet. Charlie Kellogg, the bird man, can sing the hollow note of a marsh fowl.

(Continued on Page 62)
Announcement to the Trade and Public

In view of highly important changes now taking place in the Radio industry, and shortly to be released, we wish you to carefully note that the AC-22 cathode heated shield grid tube was originated by the CeCo Manufacturing Company.

We have several jobbers' franchises still open in the Pacific Coast territory. A word to the wise is sufficient.

Mussolini has gone in for title and caption writing, according to press dispatches. We cannot help but wonder if this is preliminary to selling motor oil.

At the Reparations Conference in Paris, recently, one-hundred-year-old cognac was served. Now we understand the incentive to ambassadorial service.

And then there was the timid soul who ditched his peppermint creams when the Lucky Strike program came on!

Not to mention the Scotchman who yanked out his false teeth so he would not feel self-conscious when the toothpaste music was broadcast.

An ad in a Seattle paper reads: "Do you want to be miserable all your life? Save time, and see us."

Thanks, old man, but we're well taken care of. The wife's gone in for esthetic dancing, the son is learning the sax, and daughter's singing over the radio. There's nothing you can offer.

Station KOMO has set a new standard in radio broadcasting. It averages 1000 miles on 1000 watts, reliable reception. This is a mile a watt. Now we'll have the slogan, "More miles to the watt!"

One of our recent chain broadcasts gave us the details of a "heroic" fight with the Indians. You'd think after the rotten way the Indians had been treated in America that people would stop boasting about it.

R. H. Manson, chief engineer of one of the large radio manufacturing companies, recently informed the world that it was time we replaced old-type radio sets and "morning glory" speakers with modern apparatus.

Elegant idea! Now if we can only get somebody to finance it!

A municipal morals squad recently started on a cleanup of its city. It got two bootleggers, a drunken policeman and a minister in the first raid. Newspapers, chronicling the event, carried the headline: "Mayor Leaves City!"

Felt slighted, perhaps.

The Matson Line, in one of its ads for the palatial steamer Malolo, says: "Two people can dress in a Malolo room and still be friends when the dinner gong sounds."

If both are of the same sex, maybe.

Not "ep" the Bermuda Line, which in the same issue says: "The luxury of a splendid club are yours at the hotel!"

Oh, are it?

The Department of Commerce report shows that 1425 Americans took up homesteads in Canada during 1928.

Beating the bootlegger again!

Marion Talley's surrender of operatic honors for a farm seems to amaze all the critics. Well, it is somewhat of a shock when you find a person big enough to do what he or she wants to do.

England is making records of great artists for the phonograph while singing in actual performances.

We'll shortly see the spectacle of a "phonographer" sneaking up on the great ones along with the cameraman and the talky buzzards and making stray shots.

Mme. Schumann-Heink opens her second world master class in Kansas City June 10. Indefatigable "Mama!"

Having figured his gasoline down to the last ounce, Lorto Marwi, a European, intends to take off in a rocket plane for the moon, reserving his motor for cruising about after he gets there. He intends to radio back his arrival.

A plane with a talking apparatus has been blasting conversation at the bay district during the past two weeks.

Now if they would shoot a little fleck powder on the movie houses we'd be with 'em a million.

The gentleman who wrote "The Miracle," "The Birth of a Nation" and "The Tempest" has just completed "Lady of the Pavements." She ought to be some gal! Fit to play the role in the radio drama submitted by an author of local renown, "A Bust in the Snoot," which he guaranteed to be full of action.
Atwater Kent Radio

Always First with Proved Improvements

Atwater Kent Leads Again With New Cabinet Plan

The Atwater Kent Manufacturing Company, always trying to anticipate public desires, adopts a new cabinet plan.

Now many furniture manufacturers—the finest in America—are making cabinets expressly for Atwater Kent Radio, and Atwater Kent Radio is being made in a standard form to fit any of these cabinets as snugly as the works of a watch fit its case. By means of special conveniences designed by Atwater Kent engineers, an Atwater Kent receiver and speaker can be securely installed in a cabinet in 30 seconds—and taken out just as quickly if your customer prefers a cabinet of another design. Get the details of the new cabinet program. It’s a knockout!

Ernest Ingold, Inc.
930 Van Ness Avenue San Francisco
First showing of Temple Radio at luncheon in St. Francis Hotel May 8 under auspices of the John G. Rapp Corporation of San Francisco, exclusive distributors of Temple products in Northern California.

Executives of the Temple Corporation, Chicago, present—Mr. Cliff Bettinger, Sales Promotion Director; Mr. Click Callies, Advertising Manager; Mr. Louis Gruen, Pacific Coast Manager.

At the meeting of the three Temple models were shown and demonstrated. The Low-Boy lists at $187.50, including tubes—the High-Boy at $227.50 with tubes and the combination set lists at $342.50, including the tubes.

Outstanding features of the line are: Nine tubes, including rectifier there being used six type 227, two of the new type 245 tubes in push-pull and the full wave rectifier tube, a special switch which enables the use of a phonograph pick-up, local and distance reception. The chassis in all three models are identical and the speakers used are the famous Temple Dynamic speakers, so well known on the Pacific Coast.

The outstanding feature of the Temple receiver is the new shielded humless dynamic speaker and the use in this receiver of the new 245 power tubes used in push-pull arrangement.

The Temple line is licensed under the R. C. A. patents aside from being protected by patents, both European and American.

The new type Temple Dynamic speakers and also Magnetic type were shown at the meeting, the outstanding feature of which in the dynamic type was the featured patented Temple Adjustable Hum Eliminator.

C. S. Bettinger and C. H. Callies, traveling as the Temple Twins, were brought to San Francisco through the efforts of John G. Rapp, President of the Rapp Corporation, and Louis Gruen, Pacific Coast Sales Manager.

An interesting announcement has just been released by Mr. S. W. Gilfillan, President of Gilfillan Brothers, Inc., Los Angeles, to the effect that he has just received word of the election of Mr. Glenn S. Alspach to the presidency of the Balket Radio Company, North Chicago, Illinois.

Mr. Alspach has been identified with radio parts and set manufacturing business for many years as Treasurer of Gilfillan Brothers, Inc., Los Angeles—the only RCA licensee on the west coast. His activities with the company have brought him in very close contact with the manufacturing, distributing and merchandising of radio sets.

Under his direction, the Balket Radio Company will distribute their product in the vast territory east of the Rocky Mountains. The radio set itself will be manufactured by Gilfillan Brothers in their Waukegan, Illinois, plant, which has been moved into much larger quarters for the accommodation of greater production.

Gilfillan Radio set distribution will cover the territory west of the Rocky Mountains and the foreign countries bordering on the Pacific Ocean.

Mr. Alspach’s many friends in the radio industry of the coast will be gratified to hear of his election and wish for him continued success.

W. H. Jackson, of the W. E. and W. H. Jackson, Inc., wholesale radio distributors, has just returned from an eastern trip, and after visiting several large manufacturers has decided to take on the distribution for Northern California of the Apex radios, manufactured by the United States Radio and Television Company, with plants located in Marion, Wabash and Indianapolis, with a total manufacturing floor space of 652,000 square feet.

Mr. Jackson states that “although the United States Radio and Television Corporation was formed but a few months ago, it has become a giant in the radio industry, ranking fourth among the great American radio manufacturing companies and crowding the leaders hard for first place.

“The United States Radio and Television Corporation expects to produce 600,000 radio sets, or one-fifth of all the radios sold in the United States, in 1929. The factories are equipped with the latest machinery and labor-saving devices, which places them in a position to manufacture sets cheaper than the average manufacturer.

“There has always been a shortage of Apex radio sets for the dealer distribution in this territory, but we will be in a position to deliver any of the different, models manufactured, and the first two carloads for the San Francisco and Oakland stores are due to arrive within the next three or four days.”

They will announce the distribution of another popular line of radios within the next few days.

Broadcast Weekly.

Dear Sirs:

Can't something be done about it? At least Earle Ennis ought to be put on the job to eradicate the evil. He might do some good.

The thing I refer to is the way some of these announcers broadcast a baseball game by telegraphic reports. The following is a fair sample:

"Well, folks, here we are again. Ha! Ha! Been a long time since I've seen you, since way last Saturday, I think. Well, the old ball game is about ready to begin. The line-ups are as follows: For Podunk—by the way, I want to thank that lady who sent in those pickled herring yesterday. I sent them over to the Bologna Café, and they cooked them, and last night all the staff, myself included, went over and we had a swell spread. Ha! Ha! Fine bunch over there at the Bologna—and how are all my friends over Siwash way? Ha! Ha! I'll never forget the day I ran out of gas near there. And speaking of gas, let me remind you that the H20 Refining Company is one of the sponsors of this broadcast. Whenever you need gas, just drive up to one of the black and blue stations and fill up with H20.

"Well, what do you know about that? Horsefathers just banged a ball over the right field fence and brought in four runs for Podunk; no, my mistake; I mean four runs for Pumpkin Center. Ha! Ha! My error again. The ball went over the fence, but it went foul, so that retires the side; no, it doesn't; yes, it does; just a minute till we get this straight. Say, I must have missed a little of the game, because for some reason or other it is now the end of the fourth inning, and the score is 27 to 26 in Podunk's favor. A mighty close game, if you want my opinion. Podunk is at bat now, with the head of their batting order up. High Low, first tenor, pardon me, first base is up. Strike one is called on him. The way this pitcher has been putting them over is wonderful. Of course he has walked twenty men, hit forty, and threw fifty wild pitches. Strike two—somebody called up and wanted to know whether I was married or not. Now, isn't that some question? Reminds me of the time—and so on for quite a while.

"Wow, I nearly forgot! There is a ball game going on, but you must pardon me, folks, if I talk a little off the subject. Let's see how matters stand; well, the game is over. Pumpkin Center won; no they didn't; yes they did; no, Podunk won; no they didn't; the game was a tie; no it wasn't; it was called off on account of rain. Say, doesn't that beat all? Here we've been broadcasting the wrong game. Ha! Ha! Say, who threw that?"

Yes, there ought to be something done about it, Page Earle!

Another thing, I can't agree with people who like "Best Bets." It takes up a lot of room that might better be given over to station programs. Why not give us the programs of KMOX, WOAI, WENR, KWKH, or some other faithful DX station, and do away with "Best Bets"? Some DX station ought to be included. I remember you used to give CKY and CNRW at Winnipeg in the good old days when people weren't ashamed to confess a liking for distance. Nowadays, though, it is tone! Oh, my dear! You can't have both DX and tone, and besides, DX is so plebian, don't you know; what if a nearby station spreads all over the dials if we have tone?

Yours truly,

R. F. B.

Seattle, Washington, April 18, 1929.

Broadcast Weekly.

Dear Sir—I am not complaining about your magazine, as I consider it almost indispensable to a radio owner, but I am merely making a suggestion, that I know would interest me, and I feel sure would interest others.

I suppose you realize that many families have good broadcast sets for the amusement of the majority of said family, while one or more of the male contingent play with short waves.

My suggestion is that one or two pages of each issue be devoted to a discussion on short waves concerning such subjects as capacity vs. resistance control of oscillation; series vs. shunt hook-up; inductive vs. capacity antenna coupling, etc. Numerous questions like these come up and one does not know which system to use, as the only detailed explanations are by advertisers, wishing to sell something.

Hoping that my suggestion may appeal to you, I remain,

Respectfully yours,

F. W. ANDERSON.
Where Tone Quality Originates

Let your selection of tubes serve a double purpose—determine the quality of your reception and protect your radio investment.

Cunningham Radio Tubes
do both. Make every one a Cunningham

E. T. Cunningham, Inc.

New York Chicago San Francisco Dallas Atlanta
"CARBOLOGY," a new metal, has made its appearance in the scientific world. The metal is the development of Samuel L. Hoyt, research engineer of the General Electric Company. Its cutting qualities make it invaluable for stone cutting and hard work under which steel usually breaks down. It is expected to revolutionize industries concerned with steel making, especially the manufacture of hard rock drills, which is a business all to itself.

* * *

An automatic steering device for airplanes has been perfected. An electrical gyroscope, or "ear," is so arranged that when the plane tips from the normal, a contact is established which affects the controls and automatically rights the plane. The device has been tested out and found to be unusually efficient. A plane so equipped kept on an even keel in "rough air" while the pilot sat with his hands in his pockets.

* * *

Dr. Frederick Keyes of the Massachusetts Institute of Technology, by means of an unusual vacuum producing device, has been able recently to watch molecules of gas at play. The molecules are forced to shoot through tiny holes like spray and Dr. Keyes studies them as they pass his microscope at high speed. He is gaining some interesting data on their behavior.

* * *

Of the 1062 airplane accidents in 1928, the large proportion are laid at the door of careless or inexperienced pilots by experts who have studied the crashes. More than half have been due to this cause, it is said. Of this number 349 accidents were due to pilots who were unlicensed.

* * *

A new war device has been developed. It is a self-propelling balloon or dirigible from which descend "aerial whiskers"—fine wires which dangle in a network far below the dirigible, to ensnare airplanes in night bombing raids. A pilotless plane was allowed to run into the wire trap to test its efficacy and the plane became hopelessly entangled in the wires, turned end over end and crashed in flames.

* * *

Another new war device—and this is the most deadly known—is cacodyl isocyanide. This is the new war death gas developed by Dr. Ira Jones, a famous chemist. A small cylinder, not larger than a baked potato, can contain enough of this gas to wipe out an entire city. No gas mask known will isolate against its deadly fumes.

* * *

A wood lighter than the famous balsa wood has been uncovered in Brazil and is on display at the National Museum at Washington. It is barriguda wood and weighs half as much as balsa, or a quarter of the same bulk of cork. It is very tough and is much used in Brazil, but was not thought to have any commercial value until recently.

* * *

A white alligator, one of the only ones in existence, has been raised on a Jacksonville, Fla., alligator farm and has been offered to the London Zoological Society for $2000. It is a six-foot specimen and the only one of its kind ever seen in Florida.

* * *

New York schools have added a practical feature to their classroom instruction by giving children in the first grades typewriters on which to work their spelling lessons. The children are taught the touch system, and while they are learning to spell are becoming experts with the typewriter also. The system is said to teach the spelling lessons in half the time.

* * *

The state of Pennsylvania has provided an "illegal mile" of highway which is set aside for motorists to test their meters. Signs mark the mile clearly and any motorist in doubt as to whether his speedometer is accurate or not may test it on this stretch which is used for nothing else.

* * *

The freighter Silver Maple broke her rudder in mid-Atlantic a few days ago and wireless her trouble. New York could not replace the rudder because no drawings of the ship were available. A radiogram was sent to London which promptly transmitted a complete drawing of the ship by transatlantic radio. With the plans at hand, New York constructed a new rudder, rushed it to the freighter, which proceeded to Bermuda and there installed the new rudder. The saving effected was estimated at $10,000.

* * *

The Chrysler Building in New York is to be finished in 1930 at a cost of $14,000,000. It will be 808 feet high—one of the tallest in the world.
The two speaker home

A second speaker for the back room or second floor will keep the whole family radio happy. Dealers are featuring the two speaker idea and thousands of homes are now so equipped. Naturally the new speaker should be the most modern—that is why Magnavox Beverly {above} is favored. It is the most popular among all Magnavox models. Prices AC $60; DC $50.

The Magnavox Company
Oakland, California
No, "ladies and gentlemen of radioland," Magnolia isn't colored. The "mammy" who has been entertaining NBC auditors the last year or more is Georgia Simmons from Georgia. She lived in the South until a few years ago. A negro "mammy" brought Georgia up and she is thoroughly familiar with the lives of the folk whose dialect she has mimicked successfully. Miss Simmons began her radio career at a Hollywood station. Hundreds of fan letters have come to NBC asking, "Is Magnolia colored?" That's the answer.

For two years now, under the name of Reba Swan, Annabelle Jones Rose has been singing love songs over KGO and getting away with it, judging from her radio fan mail.

Mrs. Rose has won an enviable reputation under her own name as a church and concert singer and the announcement that she is the KGO balladist has taken her most ardent admirers by complete surprise.

Heart songs sung by Reba Swan seem to have particularly devastating results upon the young swains of the radio audience.

James Burroughs, popular KFI tenor, will again be heard by the radio audience following the conclusion of his present engagement. Mr. Burroughs is at present a principal in the prologue to "The Broadway Melody" which is having a remarkably long run at a Los Angeles theater.

Harvey Orr, noted baritone, for many months a regular KPO feature, has said good-bye to his friends of the Hale-Chronicle station, having accepted an executive position with a music publisher in a traveling capacity.

His loss to radio will be keenly felt, as Orr is one of the best ensemble singers engaged in broadcasting.

Bob and Monte, of KFI, well-known ballad singers, have recently published a brand-new number of theirs called "An Old-Fashioned Sweetheart of Mine." Reports have it that the song is well on the way to becoming as popular as some of their previous numbers.

The Abas String Quartet, KPO's distinctive and exclusive radio feature, which is heard every Sunday evening, 9 to 10 o'clock, from the Hale-Chronicle station, has just passed one of the most successful winter seasons of chamber music, ever to have been accomplished by an organization of this character. Their enthusiastic reception by the music lovers of the West has caused Nathan Abas, leader of the quartet, to arrange a series of summer concerts to be given in San Francisco at the Fairmont Hotel, under the sponsorship of many of the city's most prominent citizens, including Mrs. George Cameron, Mr. and Mrs. Ruben Hale, Mrs. Mortimer Fleischaker, Mr. Templeton Crocker, Mr. Robert I. Bentley, Mrs. Marcus Koshland, Mrs. A. B. C. Dohrmann, Mr. John D. McKee, Mrs. M. C. Sloss, Honorable James D. Phelan and many others.

Since its inception, a little over a year ago, the Abas String Quartet has become one of the finest string quartets playing before the American public.

In the constant endeavor to make its programs more entertaining KFI officials have limited announcements by advertising sponsors to 75 words each.

Members of the radio audiences have demonstrated their approval of this move by the many letters of commendation received recently by the station management.

Sponsors of KFI programs are agreed that better results will be obtained through the use of shorter announcements and the addition of more time for material of a purely entertaining nature.

In the hope of qualifying as announcers, The Three Boys of KGO have been trying out their voices over a dummy mike set-up at the General Electric station.

Howard Milholland, studio manager of KGO, has passed on their voice quality, but is still skeptical about their "s's," which have taken on a "hissing" effect in the mechanical reproduction.

Evidently The Three Boys are not to be discouraged by the "mike," for they are now practicing that well-known tongue twister, "Sister Susie Sewing Socks for Soldiers."

$3 will bring BROADCAST WEEKLY to your door every week for one whole year. Why not subscribe Now?
NOW YOU can get improved results from your AC Set! Sonatron has created the 171 AC especially for the power tube socket in AC receivers—and the result is longer life, far greater volume and correspondingly improved tone. No re-wiring—simply take out the old 171 or 171A and put in the Sonatron 171 AC. Already thousands of these tubes are delivering amazing results throughout the country.

VOICE over the air is not merely a voice: It reflects a personality. The qualities of sincerity, affection, humility, eagerness to serve, are right there beside whatever artistic interpretation the singer is able to put into the song. Quality of tone is secondary to warmth of feeling.

This has occurred to us in connection with Rhena Marshall, not because there is anything lacking in the quality of her tones, but because her lovable personality has aided her so much in her rise in the musical world.

Every morning at a certain hour an elderly gentleman who is totally blind and unable to read the radio page in the newspapers calls at KOMO's business office to get selections that Rhena Marshall is to sing that day and the hour she will be on the air. One day, a little more confiding than usual, he said: "Rhena Marshall's voice is my life, and somehow or other I am a little happier when I can look forward to hearing her sing one of my favorites."

It is pathetic the way parents will so eagerly seize upon meagre evidence as indications of talent, or even genius, among their offspring because so very, very seldom do the children ever reward them. It seems as though a child either has it in him or he hasn't. Rhena evidently had it in her. She was not a prodigy, her indications of a talent for music were by no means startling. But her father believed in her and encouraged her. It was to please her father, rather than the drive of ambition, that kept her at the study of music. Since his death she has found success.

Grammar school, finishing school and music lessons and she was in the same boat as half a million other young ladies in America who aspire to sing. British Columbia holds an annual competition among singers for a gold medal in which many artists with well-established reputations compete. In 1925 a dark horse won. The dark horse was Rhena Marshall. There was a something in her work that stood her out from these with experience in opera or the concert stage, and she won over the judges.

CNRV gave her her first opportunity on the air. Two years ago she joined KOMO and has been steadily adding to her popularity in the Northwest ever since. Her voice happens to be one of those that broadcasts perfectly—it's a mezzo soprano of full, rich quality, a range of well over two octaves, and is distinguished by its resonance and evenness of tone as well as beautiful quality.

In answering our question as to how she felt the first time she appeared before the microphone she answered that she had a hopeless, empty feeling of not reaching an audience. When she sings she must give herself to her audience. Our questions she answered honestly, without any sitting through caution—she had nothing to conceal. Her ambitions are to sing in light opera and to continue to improve her radio technique. To this end she practices three hours a day in spite of the fact that she appears daily before the microphone.

Rhena is very serious about her work. It is the part of her life that she not only never completely embraces, but also feels just a trifle inferior to. As compensation she feels slightly superior to other artistic or semi-artistic forms such as the drama, vaudeville and the movies. She is fond of George Arliss, Norma Talmadge and Ed Wynne. The Student Prince lives in her memory as "a most enjoyable presentation. Maeterlinck's 'Bluebird,' Selma Lagerlof's 'Sagas' and some of Rex Beach's novels are also treasured in her memory. Her favorite composers are Brahms, Tchaikovsky and Shubert. Favorite operas, Carmen, II Trovatore, Martha and Samson and Delilah. Longfellow and Riley among the poets.

Rhena Marshall is the sort of person who is not comfortable among the usual, conventional talk for the sake of talk. She loves sincerity and dislikes pettiness, narrow-mindedness and lack of purpose in people. On the other hand those with creative minds and accomplishments to their credit earn her admiration.

She was born and raised in Vancouver, British Columbia, the oldest of a family of six. Her father was in the real estate business and her grandparents were pioneer settlers in the Fraser Valley, B. C. She has never married.

**SUNDAY Programs**

**NBC**

National Broadcasting Company

**12 to 1:30 p.m.—Dr. S. Parkes Cadman Radio Hour**

"Faith and Knowledge" will be Dr. S. Parkes Cadman's topic when he speaks today.

The sermon will be augmented by choral singing of the Cathedral Studio Chorus under the direction of William Armour Thayer. This chorus of 30 male voices will be accompanied by Sidney Dorlon Lowe, pianist, in the presentation of gospel hymns and anthems.

Today's will be the fourth Dr. Cadman program which brings to the west coast radio congregation a complete church service from the New York studios of the National Broadcasting Company.

Broadcast through KHQ, KPO and KFI; KOMO and KGO from 12:15 to 1:30 p.m.

**1:30 to 2:30 and 3 to 4 p.m.—Sunday Afternoon Concert**

Hans Niederhofer, German baritone who was heard several months ago by NBC auditors, will be the guest artist this afternoon.

Niederhofer, who will sing during the second part of the concert, has selected four songs of wide appeal for his numbers, "Sunset," by Beethoven, and the rollicking "Give a Man a Horse He Can Ride," by O'Hara, among them.

Broadcast through KOMO, KGW, KGO and KPO; KHQ from 1:30 to 2 p.m. and KFI from 2 to 3:30 and from 3 to 4 p.m.

**2:30 to 3 p.m.—Whittall Anglo-Persians**

Indicating the mood of their program with the overture to Weber's "Abu Hassan," a short singspiel, or song-play, the Whittall Anglo-Persians will be heard this afternoon.

From the Far East the Anglo-Persians will take their auditors to a less picturesque but equally engaging scene as they present a graceful "de Ballet" by Chaminade, the brilliant French woman musician.

Famous melodies by Victor Herbert compose another number on the half-hour program, which is directed by Louis Katzman.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

**4 to 4:30 p.m.—Great Moments in History**

Ethan Allen, courageous leader of the Green Mountain Boys under revolutionary War fame, will be the central figure in the radio drama, "Ethan Allen at Ticonderoga."

Broadcast through KHQ, KOMO, KGW and KPO.

**5:15 to 5:45 p.m.—Atwater Kent program**

Presenting Max Bloch, lyric tenor of the Metropolitan Opera Company, in a program of ballads and standard song favorites, the weekly Atwater Kent half hour will be broadcast.

A concert orchestra conducted by Josef Pasternak will contribute several numbers during the program. Josef W. Ohlman, pianist, will accompany Bloch.

Details follow:

**Orchestra—Wedding of the Rose—Jesse McCallum**

Orchestra—Neath the Passion Vine—Hauenschild

Tenor solos—

a. I'll Sing Thee Songs of Araby—Clay McGill
b. Because—d'Hardelot
Tenor solo—Pale Moon—Logan
Orchestra—Poupée Valseante—Poldini

MONDAY Programs

National Broadcasting Company

10:30 to 11:30 a.m.—Woman's Magazine of the Air

A recipe contributed by Vera J. Cochrane of Bremerton, Wash., will be read by Ann Holden during the Rubyettes feature, and a new salad recipe will follow in the Shredded Wheat period.

The Arion Trio, Barbara Blanchard and Myron Niesley will provide the musical program.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

11:30 to 11:45 a.m.—Canned Peaches

Peach pie in the French and in the American manner will be described by Helen Webster.

Broadcast through KGO and KPO.

1 to 2 p.m.—Musicians' Convention

Sixty minutes of music and speeches from the hall in Denver, where the International Federation of Musicians is gathered for its annual convention.

Michael Muro, president of the Denver Division of the Musicians' Union, will preside at the latter half. The invocation will be delivered by the Rev. Wilson S. Cole.

Music by the Denver Musicians' Protective Association Orchestra will be a part of the broadcast program. Charles Scheuerman will direct the orchestra. Henry T. Ginsburgh, violinst, the KOA Male Quartet and a group of string ensemble will present numbers also.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

5 to 5:30 p.m.—Edison program

Irvy S. Cobb's humorous stories have made thousands laugh, but it will be his musical favorites which will be heard by a nation-wide audience as the Edison program is broadcast.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

5:30 to 6:30 p.m.—General Motors Family Party

Marches and compositions in other musical forms will be played by Lieutenant Commander John Philip Sousa and his world-famous band in their third weekly General Motors broadcast.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7 p.m.—"The Empire Builders"

Figuratively marching on through colorful years of the early West, "The Empire Builders" will dramatize another episode of history tonight.

This historical program depicting events of colonization days in the Pacific and Northern states is dramatized especially for radio presentation and heard each week through the transcontinental network.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—In Danceland

"The Danceland Melody Man" will be heard again during the "In Danceland" program.

Hiding his identity behind the new cognomen, the Melody Man will present a group of popular syncopated airs between the dance numbers. A mixed quartet supplies chorus accompaniment to the twenty-piece dance orchestra under the direction of Frank Ellis.

Broadcast through KOMO, KGW (7:30 to 8), KPO and KOA.

8 to 9 p.m.—Rudy Seiger's Shell Symphonists

Chosen from the repertoire of best-loved light classics, a variety of musical selections will compose the one-hour program to be broadcast by Rudy Seiger's Shell Symphonists.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

9 to 9:30 p.m.—"Voice of Firestone"

During this half hour Easton Kent, tenor, the Firestone contralto, the Choristers directed by Mynard Jones and the 32-piece orchestra under Max Dolin will contribute numbers.

Broadcast through KHQ, KOMO, KGW, KGO, KPO, KFI, KSL and KOA.

9:30 to 10 p.m.—Plantation Echoes

"Clarence Hayes, the Voice of the South," Bobbe Dean, Ethel Wakefield and other NBC artists will be heard during the informal half hour at Judge Chandler's plantation home "somewhere south of the Mason-Dixie Line." Jerry and his Dixie melodists will provide the instrumental numbers.

10 to 11 p.m.—Slumber Hour

"Song of Songs" is the selection chosen for Max Dolin's violin solo featuring the Slumber Hour program under the direction of Dolin. Gwyned Jones, tenor, will be heard singing "I Hear You Calling Me," the Marshall selection which has been popular through many years. The evening's overture will be Micola's "Merry Wives of Windsor."

Broadcast through KSL and KOA.

[No. 62 of a series]
en Imperial Is an Auditorium Speaker That can be Tuned to Room Softness . . . .

The popularity of the Jensen Imperial can be nearly explained by the fact that it represents the best in radio reproduction.

Of design -- care in manufacture -- and basic design of dynamic construction, all enter into it fundamentally, it is sold because so many are willing to pay a little more to get that life-like reproduction that makes the Imperial "The Finest in Radio."

TUESDAY Programs

NBC
National Broadcasting Company

10:30 to 11:30 a.m.—"Woman's Magazine of the Air"  
A hostess chat on dainty salads and some hints on economical ways of cooking will be presented by Ann Holden. The hostess chat will occupy the Kraft feature, and the Wedgewood period will be devoted to cooking "many viands on one burner."

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI

11:30 to 11:45 a.m.—Duo Decorators  
Catharine Crumbaugh's advice on home decoration will be heard this morning through KHQ, KOMO, KGW, KGO, KPO, KFI and KOA.

2 to 3 p.m.—The Wanderers  
Captain "Bill" Royle and Mrs. Royle, the chaperons, and Tom, Dick and Effie are making the world cruise, which brings to radio listeners a description of interesting places just off the tourist's path. Interpreting the various roles are the following members of the National Players: Captain "Bill" Royle, Father Royce, Bert Horton, Sam Hayes and Bernice Berwin.

Broadcast through KOMO, KGW and KGO.

3 to 3:30 p.m.—Voters' Service  
The Jones Law, much discussed at present, will be the subject of Henry Goddard Leach, New York City editor of "The Forum," in the Voters' Service broadcast.

Broadcast through KHQ, KOMO, KGW and KGO.

5 to 6 p.m.—Eveready Hour  
"Under the Gaslight," a famous old melodrama will be the Eveready Hour presentation tonight.

Rosalie Greene and Frederic Forrester will star in the production, which has been adapted especially for radio broadcast.

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6 to 6:30 p.m.—"Liquor Club Eskimos  
Several new syncopated melodies will characterize the Liquor Club Eskimos' radio program tonight, e.g. the Wedgewood period will be devoted to syncopated airs, played by the Liquor Club Eskimos under the direction of Phil Spitalny. "My Sin" is one of them, while another is "My, My!" a fox trot, to be offered with a vocal chorus. The Eskimos, with Chief Eskimo Harry Reser, promise one descriptive number, "The Tallyho," by Lowenberg. The climax will come with a performance of the favorite march of Sousa's—"Stars and Stripes Forever."

Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—Radio-Keith-Orpheum Hour  
Voices of vaudeville entertainers known to thousands of theatergoers will be heard over the air when the weekly Radio-Keith-Orpheum Hour is broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

8 to 9 p.m.—Wayside Inn  
Another hour in "merrie old England" is scheduled for the radio auditors of NBC System stations tonight.

Charles McAllister, host of the Hour's Head Tavern, Bernice Berwin, Fred Thomas, Bert Horton and other National Players will interpret the romantic episode of early English life at the Inn.

Music will be by the male quartet with Irving Kennedy, Myron Niesley, Austin Mosher and Harry Stanton.

Opening the hour, the radio audience will hear jazz music from a modern wayside inn, under the direction of Charles Hart.

Broadcast through KHQ, KOMO and KGO.

10 to 12 midnight—Dance music by the Troters will be broadcast through KPO and KHQ; through KFI from 10 to 11 midnight, and through KGO from 10:15 to 11 o'clock.

Broadcast Weekly

WEDNESDAY Programs

NBC
National Broadcasting Company

10:30 to 11:30 a.m.—“Woman’s Magazine of the Air”

How to make the child’s room attractive will be told by Helen Webster.

Bennie Walker, editor, will conduct the broadcast and John D. Barry, columnist and lecturer, will give another half hour to a discussion of correct speech and diction. The Arion Trio and NBC soloists will provide music and additional solos will be interpreted by Walker.

Broadcast through KHQ, KOMO, KGW, KPO and KFI.

12 to 1 p.m.—Pacific Vagabonds

Max Dolin’s baton will set the tempo as the Vagabonds open the sixty-minute program with a new number, “Dream Mother.” Broadcast through KOMO and KGO.

3 to 4 p.m.—The Cabin Door

Mandy, Ezie, Willie and others of “The Cabin Door” retinue will present an hour of Southern harmony.

Clarence Hayes, Phyllis Campbell and Jack Curtis, who interpret “The Cabin Door” characters, with Walter Ibben and his instrumentals, will bring before the microphone an hour of Southern folk songs, scintillating tunes and a bit of comedy.

Broadcast through KHQ, KOMO, KGW and KPO.

5 to 5:50 p.m.—Land o’ Health

Bandits! Da-Ra-O and his young friends will encounter the cruel Tooth Pirates on their journey through Land o’ Health this afternoon during the broadcast through KGO, KPO and KFI.

5:30 to 6:30 p.m.—Palmolive Hour

While the nation-wide audience listens, the weekly Palmolive Hour, with its galaxy of vocal and instrumental artists will be broadcast through KHQ, KOMO, KGW, KPO and KFI.

6:30 to 7 p.m.—Gold Strand program

Gustave Haensch will conduct the Gold Strand Orchestra, whose number will be the delightful “Caprice de Nanette” from Colorado-Taylor’s “Petite Suite de Concert,” an excellent example of the composer’s delicacy of style and sound musicianship.

Vettel, a tenor, is to sing “Ah, Moon of My Delight” from the “In a Persian Garden” song cycle by Liza Lehmann, the English composer.

Broadcast through KHQ, KOMO, KGW, KPO and KFI.

7 to 7:30 p.m.—Chancellor Orchestra

With Vincent Lopez, New York night-club leader, directing, the Chancellor Orchestra will play another program of dance selections tonight through KHQ, KOMO, KGW, KPO and KFI.

7:30 to 8 p.m.—NBC Balalaika Orchestra

Operatic melodies will introduce the NBC Balalaika Orchestra to auditors when the group presents its fourth weekly program.

Broadcast through KHQ, KOMO and KGW.

8 to 8:30 p.m.—“Roads to Romance”

Auditors which have come down through the years to entertain moderns will be dramatized by Jack and Ethyl tonight.

The Motorlettes will go to Spokane, the oldest of the three large North Pacific cities, the auditors will hear their description of the first graduation exercises in a Spokane school in 1878. David Thompson, explorer and surveyor for the Northwest Company of Canada, was the first white man to enter that region. Jack and Ethyl discovered. They will dramatize his expedition in 1809 and move on to the Indian Reservation to reveal the legend of the Tutelary God or “Sons of the Son” that One.

Closing moments will be devoted to the discovery of gold and lead.

Broadcast through KHQ, KOMO, KGW, KPO and KFI.

8:30 to 9 p.m.—The Hill Billy Boys

Ben McLaughlin and Charles Marshall will sing a group of their old-time songs over the air when the Hill Billy program is broadcast through KHQ and KPO.

10 to 12 midnight—Dance music by the Trocaderans will be broadcast from 10 to 11 through KGO, KFI and KSL, and from 11 to 12 through KGO and KPO.

### Stop A.C. Noise! Improve Selectivity!

**This** is the way to get rid of that man-made "static" from motors, street cars, telephones, electrical appliances, etc. Plug in a Falck Claroceptor between your receiving set and the wall socket; it will block out those line interference noises and radio frequency disturbances. Also helps selectivity and distance amazingly! Thousands all over America are praising this splendid improvement. An absolute necessity to clear reception in some locations.

The Falck Claroceptor requires no changes in your set. Measures just 3½ x 5½ x 2½ inches. Tested, proved. Get one right away—only equipment of its kind. At radio parts dealers, or write to factory for new descriptive folder, FREE.

---

THURSDAY Programs

NBC
National Broadcasting Company

10:30 to 11 a.m.—“Woman’s Magazine of the Air”
Don Amaizo, the violin virtuoso whose travels through the continent are pictured in music, will be heard followed by Sara Treat. Amaizo home economics authority.
Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

11:30 to 12 noon—Standard School broadcast
School children throughout the Pacific Coast states, assembled before loudspeakers in classrooms or auditoriums will learn how great composers skilfully employ the clarinet and the flute in their operatic compositions. Emotional expression in opera will be the theme for the balance of the lesson, which is prepared by Arthur S. Garbett, NBC educational director.
Musical examples will be presented by clarinet and flute soloists of the Standard Symphony Orchestra and by the Arion Trio.
Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

1:15 to 1:30 p.m.—The Magic of Speech
Voice and diction will be stressed by Vida Ravenscroft Sutton during chat on the “Magic of Speech” program.
The speaker is an actress, teacher and writer of note whose talks interest and helpful hints toward correct use of the English language and perfect pronunciations.
Broadcast through KOMO and KGW.

3 to 4 p.m.—The House of Myths
Vulcan, the deformed god of fire and forge, is the hero of the Greek myth which will be dramatized by National Players today.
Broadcast through KOMO, KGW and KGO.

6 to 6:30 p.m.—Halsey, Stuart program
Played into the direction of Andy Sanella, the orchestra will precede the “Old Counselor” on the program. The latter will continue his talks on financial matters.
Broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6:30 to 7:30 p.m.—NBC Troubadours
Sixteen compositions, ranging from the works of acknowledged masters to those of lesser-known writers of lighter numbers, will be heard as the Troubadours, directed by Mynard Jones, Doris Blaney and Marion Hunter, pianists, and a string orchestra sing and play.
Broadcast through KHQ.

7:30 to 8:30 p.m.—Standard Symphony Hour
Divided into four sections devoted to emotional expression in music, grand opera, light opera and the ballet, the Standard Symphony Hour will be broadcast tonight.
Following are the details:
Emotional Expression in Music:
Orchestra—Invitation to the Dance—Weber
Orchestra—Meditation, “Thais”—Massenet
Orchestra—Nimrods Dance—Peer Gynt—Grieg
Orchestra—Slavic Rhapsody—Friedmann
Grand Opera:
Orchestra—Momento Capriccioso—Weber
Musically illustrated talk on Weber
Orchestra—Overtures—“Oberon”—Weber
Light Opera:
Orchestra—Southern Roses Waltz—“Queen’s Lace Handkerchief”—Strauss
Orchestra—Gavotte in D Minor—Jully
Orchestra—Overture, “Bohemian Girl”—Balfe
The Ballet:
Orchestra—Ballet Suite, “Coppélia”—Delibes
Czardas
Entr’acte, “Valise”
Marche de la Cloche
Mazurka
Slavonic Folk Song (Variations)
Broadcast through KOMO, KGW, KGO and KFI.

10 to 12 midnight—Dance music by the Troubadours will be broadcast from 10 to 12 through KGO and KPO, and from 10 to 11 o’clock through KFI.

10:30 to 12 midnight—Red Coated Boys; Dave Ward; Bill Smalley.

TRADE TOPICS

(Continued from Page 12)

The Sacramento Music and Radio Trades Association held their annual meeting on Wednesday, May 1, at the Elks’ Temple Auditorium, Sacramento. The meeting was presided over by President John F. Zak, who introduced Hugh Barrett Dobbs (Dobbie) as Master of Ceremony. The entire group of Shell Happy Time artists sojourned to the Capital City for the occasion, and a very pleasant party was the result.

“Keeping Up With the Times” was the subject of a speech by A. W. Griewe, which was enjoyed by all.

C. X. Wolf, representative for the Fansteel Products Company, manufacturers of the famous Balkite line of a.e. receivers and the Symphon, announces that he will continue to represent this line in Northern California and that his new models will be ready about the 20th of May.

An extensive mail order campaign will be launched immediately after the June Trade show by Offenbach Electric Company, who have engaged the services of Henry L. Williams as advertising manager. Mr. Williams was formerly advertising manager of Silver Marshall in Chicago.

N. E. Borch, Interference Investigator for the Pacific Radio Trade Association, spent a few days investigating the streams of Northern California. He reports very little interference—from fish.
FRIDAY Programs

SATURDAY Programs

NBC

National Broadcasting Company

2:15 to 3:30 p.m.—Universal Safety Series
"Education—the Part It Plays in Safety," will be the subject for the Universal Safety Series program to be broadcast from coast to coast through KHQ, KOMO, KGW, KGO and KFI.

4 to 4:30 p.m.—Salon Singers
George Dilworth directs the Salon Singers, a group of sixteen mixed voices. Gaines' "Salutation" will be the opening and closing signature of the half hour.

Broadcast through KOMO, KGW, KGO and KFI.

4:30 to 5 p.m.—Lew White and Mildred Hunt
Miss Hunt, contralto, assisting Lew White, orchestra, will sing "Mean to Me" as her first number and will round out her group with "Sweetheart, Where Are You Tonight?" by Ahlert.

Broadcast through KOMO, KGW and KFI.

5 to 6 p.m.—General Electric Hour
The National Orchestra, directed by the eminent composer and conductor, Walter Damrosch, will offer sixty minutes of music during the General Electric Hour broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

6 to 7 p.m.—Lucky Strike Hour
Continuing its popular practice of making up its program from past and present hits, the Lucky Strike Dance Orchestra will include several old favorites with current airs of Broadway during its coast-to-coast broadcast through KHQ, KOMO, KGW, KGO, KPO and KFI.

7 to 8 p.m.—Nights in Spain
The vocal portion of the program will be presented by Francesca Ortega, soprano, and Easton Kent, tenor. Max Dolin will choose the selections and will conduct a large orchestra in the performance of characteristic Spanish music. (Details are not available.) Broadcast through KHQ, KOMO, KGW and KGO.

9 to 10 p.m.—Golden Legends
Irish wit and tragedy are mingled artfully in "Hazel Kirk," the "Golden Legend" to be presented tonight.

The story of the Irish lass, betrothed by her father to an aged squire, and of her love for handsome Lord Travers, is known to thousands but retains its charm with retelling. Broadcast through KHQ, KGW and KGO.

11 to 11 p.m.—Musical Miniatures
Broadcast through KOMO, KGO and KPO.

11 to 12 midnight—Let's Dance
"Let's Dance," Frank Ellis and his dance band sing out when they go on the air tonight between 11 a.m. and 12 o'clock through KOMO, KGO and KPO.

**THE RADIO TATTLER**

(Continued from Page 6)

and do the same thing, at the same distance. A Senator can vote "no" at the wrong moment, and tie up ten years of constructive effort. The single word of a jury will dangle a prominent citizen on the end of a rope. We shudder to think what a real good hoot into a powerful airplane sound battery would really do.

* * *

And we've done it. We—with our craze for more and better quality, bigger and louder radio speakers. We wanted to show the bunny next door that our speaker was noisier and louder than his. And he went us one better. The joke about a radio station being so powerful we could put our heads out of a window and hear it has come startlingly true. We put our heads out of a window and heard a phonograph record fired at us from 3000 feet in the air only this week.

* * *

And because of what we heard we have staked out a gopher hole for next year. This is a tip. Get a hole. You are going to need it.
No. 106-B Type—List Price, $15.25

A New Pick-Up That Offers Astonishing Improvement In the Electrical Reproduction of Records

The new Pacent Super Phonovox introduces many new refinements and structural improvements, that make possible a degree of naturalness and tone quality so real it seems the recording-artists are right in your home.

For playing, amplifying and clarifying phonograph music through your own radio receiver and loud speaker there is nothing to compare with the Pacent Super Phonovox—readily attached; switches from radio to records instantly.

Hear this new Pacent Super Phonovox at your dealer today.
In three beautiful models—$12.25, $15.25 and $25.25.
