The Week's Special Events on the Air

By THE FORECASTER

CHIEF among Special Events for the week, are ceremonies attending the opening of the California Pacific International Exposition on Wednesday, May 29. Both CBS and NBC networks have completed elaborate arrangements to make these among the year's most outstanding broadcasts.

Special Events will be announced during the maiden voyage of the giant liner "Normandie" from her sailing from Le Havre, May 29, until her arrival in New York harbor, at noon, June 3.

* * *

Many interesting broadcasts are scheduled for the week. Among them, an address by Rabbi Magnin at 4:30 Sunday afternoon over a KFRC-KHJ net. On Monday at 8 p.m. the Duluth Civic Symphony is scheduled over KPO-KHQ-KOMO and KGHJ. On Tuesday morning at 9:30 P. S. T., The Voice of Experience addresses the graduating class of William Jewell College. Pacific Coast listeners may hear this event through KSL, Salt Lake City, at 9:30 Pacific time, and 10:30 Mountain time.

Grace Hayes, musical comedy star will be heard over KGO-KHQ-KJR-KGW and KFSD at 3:30 p.m., Tuesday.

Wednesday is liner "Normandie" day, as well as opening day of the San Diego Fair. Watch the newspapers for the last minute broadcast events, but don't forget the broadcast of the departure of the "Normandie" from Le Havre over NBC and the special program over CBS at 11:15 a.m. to 12:30 p.m.

KROW on May 29 and June 5 at 1:30 p.m. presents the Life of John C. Fremont, pioneer soldier and engineer, under auspices of the State Department of Education.

On Thursday at 6 p.m., Kate Smith and her Swanee Music returns to the air waves, moon, mountain and everything.

The "Secret Service Club" on Friday at 6 p.m. (and Monday, 4:45 p.m.), is a new KFRC-KHJ net feature.

Bob Kinney and orchestra broadcast from Del Monte Friday and Saturday at 9:30 p.m. over a KFRC net.

Saturday events include the Peabody a Capella Choir over CBS at 8 a.m.; "The Carefree Carnival" over KPO and NBC net at 6:30 p.m. and the Tamalpais High School Orchestra over a KFRC net at 7 p.m.

Graham McNamee, Capt. Edward Rickenbacker, Steve Hanegan and other auto racing enthusiasts, will herald the running of America's greatest ground speed classic, the Indianapolis Speedway race on Memorial Day, in a special broadcast over an NBC nation-wide network, Saturday at 2:35 p.m., P. S. T. The contestants must hold, for twenty-five miles, an average speed of more than one hundred miles per hour. KPO heads the NBC network of stations in the West broadcasting this feature.

Listerine Contest Winners Announced

Winners of the contest to name a musical fragment by Richard Wagner, which was held in connection with the recently concluded NBC broadcasts from the Metropolitan Opera House, were announced recently by the makers of Listerine.

First prize of $10,000 went to Miss Marjorie B. Pettee, school teacher, 1331 N. 24th Street, Birmingham, Alabama, and the second prize, $2,000, to Amelia E. Morison, Peterborough, New Hampshire. The third prize, $500, was won by Mrs. Charles Burnham, 620 South Marengo Street, Pasadena, California; the fourth prize, $300, by C. Howard Hopkins, 85 Sashem Street, New Haven, Connecticut, and the fifth prize, $100, by Mrs. L. Schulte, Irvine, California.

Nine thousand, nine hundred and ninety-five other prizes ranging from $50 to $1, have been awarded to participants in the contest—$25,000 in all.

Geraldine Farrar, Lawrence Tibbett and Herbert R. Mayes, editor of Pictorial Review, were judges.

"Voice of Experience Day" Proclaimed

They are unrolling the welcome mat for the Voice of Experience in Liberty, Missouri, home of William Jewell College, where on May 28, the radio oracle familiar to CBS listeners delivers the commencement address, gets an honorary LL. D. and is initiated into a social fraternity.

Mayor C. S. Murray of Liberty has issued a proclamation which, stripped of its whereass and phraseology, sets aside commencement day at William Jewell as "Voice of Experience Day," commands that the Voice, Marion Sage of Taylor, an undergraduate of twenty-five years ago, be given the city's key and orders that flags be displayed on all public buildings. The proclamation also provides that welcoming banners be stretched across streets. An unusual feature of the day for the Voice will be that his father will travel from California to Liberty to be present at the various ceremonies.
George Burns and Gracie Allen will be heard Wednesday over CBS at 6 o'clock p.m. instead of 5:30. Beginning June 3, the Monday to Friday “Life Story of Mary Marlin” will be heard at 8:30 a.m. instead of 7:45. Among the programs to scratch from your “must hear” list, are the Kate Smith new Star Revue, CBS 7:30 p.m., Monday, and her matinee at 11 a.m. Wednesday over CBS.

Smilin' Ed McConnell bids his radio audience goodbye at 9:45 a.m. May 30, over CBS. Standard School Broadcast at 11 a.m. Thursday over NBC also ends another noteworthy season.

The “Let’s Dance” three-hour Saturday evening session over NBC fades from the airlanes.

Next week, Cornelia Otis Skinner replaces Walter Winchell, presenting a summer dramatic series for the same sponsor.

Fans Offered Own Fare in “Fan Fare”

Radio listeners will participate in building the new coast-to-coast NBC network program from San Francisco entitled “Fan Fare,” over KPO Tuesday at 9 p.m. “Fan Fare” is presented by Meredith Wilson and his orchestra, Nola Day, contralto, and Tommy Harris, tenor. Dialers are asked to send in a request for the songs they want to hear. The numbers receiving the most requests will be the ones played.

Ben Bernie Over CBS from Catalina

The old maestro Ben Bernie, and all the lads, are being heard nightly from Catalina Island Casino over KHJ-KFRC and CBS net.

The schedule is as follows: Sunday, 11:30 p.m.; Monday, 9 p.m.; Tuesday, 9 and 11:45 p.m.; Wednesday, 8:30 and 11:45 p.m.; Thursday, 9:30 and Saturday, 8 p.m.

Bernie introduced his featured vocalists Pat Kennedy and Frank Prince, and the “German Quartet.”
America's Radio Suburbs

To the national advertiser, every radio station that offers a definite and dependable service is of importance. In the distribution of manufactured products, every community, whether large or small, is a sales field and is not discriminated against if dependable facilities are available, together with definite data regarding those facilities.

Advertisers know that radio is the most responsive and flexible of all advertising mediums, but must be convinced of the way in which their copy will be handled.

To the national advertiser the country is a vast assemblage of neighborhoods. New Rochelle, N. Y., is a radio suburb of San Francisco or Seattle. Apples from Oregon, raisins from Fresno, oranges from Pomona—all are neighborhood products to the Smiths of Wilkesbarre, or the Browns of Boston.

By the same token, cotton from Carolina, tobacco from Virginia, or cheese from Wisconsin are equally familiar to Pacific Coast radio neighborhoods.

The effective publicizing of Pacific Coast radio, collectively and unitedly, is an elementary necessity for the development of revenue, national prestige and success, in ratio to the existing opportunity.

* * *

Since 1922, Broadcast Weekly has been published without interruption in behalf of Pacific Coast radio stations and their listeners. In its files will be found the inspiring story of radio's developments on the West Coast.

Broadcast Weekly, in an impressive 14-weeks campaign, is preparing a series of feature articles, each devoted to a single station or associated group of stations. Data is presented in these articles that cannot be embodied in trade paper or other advertising.

Illustrated fully, with facts about programs, artists, audiences and field of service, each article covers completely the station picture in line with what the advertiser wants to know.

These feature articles will be supplemented every week by follow-up news, and in the fourteenth week of the campaign will be reviewed, with maps, coverage data and other essential information.

During this fourteen-week period, a copy of each week's issue will reach every advertising agency executive buying radio time, in the United States. Each of the fourteen issues will also be placed upon the desks of every important sponsor and radio executive in the country.

Through the pages of Broadcast Weekly, over a fourteen-week period, will be told the complete story of progressive Pacific Coast radio stations, their facilities, personnel and field of service to national advertisers.

San Diego on the Air

On Wednesday, May 29, at 11:55 a.m. over CBS, a blast from the whistle of the new giant French liner “Normandie” will start the historic mission bell at San Diego ringing for the first time in 400 years. Until 12:30 CBS will present a “preview” of the California-Pacific International Exposition. The broadcast from the “Normandie” spans an ocean, a continent and four centuries, when the liner’s whistle releases a radio impulse that starts the San Diego Mission bell tolling as it did hundreds of years ago, when the Padre called the Indians in from their work in the fields.

The ringing of the bell at 11:55 a.m. will be a signal for musicians in the Exposition grounds to begin playing, for the raising of flags and starting of gorgeous fountains. It also opens what promises to be a broadcast of unusual interest, from the Palace of Science, tallest of exhibit structures, presenting a word picture of the Exposition.

The Spanish Village will be described, with its architecture of Old Spain, olive groves, lively bazaar, patio cafe and other features. CBS will also describe the exact copy of an early western town, complete with “bold bad men,” dance hall girls, stage coach, etc., not to forget the sheriff’s office and jail.

The broadcast then proceeds from the Ford Bowl, where daily symphony and band concerts, ballets and stage productions will be given.

The Cafe of the World next will engage the listeners’ attention. This is one of the Fair’s brightest spots, where visitors from all countries may find their native dishes on the menu. CBS will also broadcast from the Fair grounds at the formal opening Wednesday evening, May 29; the time to be announced.

As announced in last week’s Broadcast Weekly, NBC has planned an elaborate series of Exposition broadcasts, beginning May 29, the day of the formal opening. Watch for announcements of special day by day Exposition broadcasts.

Eddie Cantor to Return in Fall on CBS

Eddie Cantor, who has established new popularity records during his Sunday night programs over the Columbia network, will return next fall in a new CBS series, again featured with Dave Rubinoff, violinist-conductor, associated with Cantor during the past three years; Ted Husing and “Parky-akas,” the Greek Dialectician.

Cantor is making a picture in Hollywood tentatively titled “Dreamland,” an adaptation from one of Clarence Buddington Kelland’s stories, the locale of which will be an amusement park.

Cornelia Otis Skinner, the distinguished American actress and monologist, will make her debut as the star of a new radio dramatic series on Sunday, June 2. She will be heard weekly thereafter over an NBC nation-wide network at 7:15 p.m., P. S. T.

The repertoire from which she will draw for her radio presentations includes a wide range of character portrayals from fictional and historical literature. Miss Skinner succeeds Walter Winchell. The actress will continue on the program for the summer.

So-o-o-o-o What?

Ed Wynn had his first ride on a streamlined train recently when the Comet set a new record on the run from New Haven, Conn., to Boston, Mass., reaching a high speed of 110 miles per hour. The NBC comedian, asked what he thought of the Comet’s speed, replied, “The only thing I know of that ever went faster was last week’s check.”

“You know,” he continued, “they had to build streamlined trains so that they could beat these new streamlined cars to the railroad crossings.”

Ray Noble, English band leader, has just signed a contract with Paramount Pictures to appear in their vehicle, “The Big Broadcast.” He will start production in June.
Radio Fans Have New Hobby

The latest hobby among radio enthusiasts is collecting stamp-photos of radio artists, which many local radio stations have been sending out upon request. These little two-by-three photos are pasted in albums just as one collects postage stamps, and the fad is rapidly rivaling that of stamp collecting. KNX recently offered to send a stamp-photo of one of its artists, and after receiving almost 3,500 requests for the picture in less than two weeks, decided to run a series on its artists. The inimitable Frank Watanabe is the present favorite among photo collectors, as evidenced by the fact that more than two thousand requests for pictures have come into KNX in a period of two weeks.

King Now the Curly Haired Tenor at KNX

Larry King, KNX tenor, set feminine hearts fluttering when he walked into the KNX studios today, for overnight his usually smooth blond hair had become a mass of lovely curls. In spite of the fact that it looks very, very much like the things they call "permanents," King sticks to his story—it was an electric machine for scalp treatment. He is sticking to it pretty hard—in fact, "methinks he doth protest too much."

Mystery Writer Learns About Radio from Joe

Joseph Henry Jackson, NBC book critic, did not realize what a far-flung audience listens to his Sunday night Reader’s Guide programs until his recent interview with Erle Stanley Gardner, noted mystery writer. "Your radio fans come from the darndest places," Gardner wrote him a day or so after the interview. "The chap who handles the laundry in San Francisco dropped in to tell me he hadn’t missed a Reader’s Guide pro-

gram for years... a letter from friends in Vancouver said the program came in swell... a man who had been trying to reach me on business rang up, saying he had learned I was in San Francisco because one of his salesmen had heard me on the radio with you... some guy in the Mojave Desert, who was listening in, wants to sell me an interest in a gold mine... a friend whom I haven’t seen for twenty years writes a letter of congratulation... a girl writes to say how much she enjoyed the broadcast and that all of her friends were enthusiastic about it—and there you are. Brother, when you talk they sure listen!"

Nebraska Town Won’t Dedicate Post Office Without Etting

For years the citizens of David City, Nebraska, have wanted a new post office. Now they have one, but they cannot dedicate it. For David City would never think of dedicating a new post office building without its most illustrious daughter present. And Ruth Etting cannot get back to David City until July.

Miss Etting accordingly has consulted her schedule and discovered that she can visit David City in July, on her way from New York to Hollywood to make a new motion picture. As soon as she sets the definite date, invitations for the dedication will be sent to postal officials in Washington and all the inhabitants of David City.

The picture which Miss Etting is to make may be her last. She has announced that she will retire at the end of the present year and take a trip around the world. By that time, however, David City’s new post office will be dedicated.

Although his contract with his sponsors has terminated for the spring, Edwin C. Hill will probably continue to be heard via the sustaining route.
Phoithboinders Are Peachy!

The radio public is asking that Colonel Stoopnagle and Budd change the name of their product, "phoithboinders," to something easier to pronounce. The Colonel refuses. "Stoopnagle and Budd phoithboinders," he explains, "started out as sphoithboinders. But somebody tore the top off of one and sent it in, so now it's phoithboinders. I foresee the day when it will become hoithboinders, then ithboinders, then ithboinders, but we stop at that. Ithboinders are the tops."

Stoopnagle and Budd have devised a Phoithboinder cocktail. The ingredients: One-half part two-thirds. Two-thirds part one-half. Pour over nothing. Serve in tall Phoithbinder. Indorsed by the Shadow.

Radio artists have their pet economies. Bing Crosby, for instance, won't buy new hats, preferring the battered and antiquated chapeaux. Freddie Rich accumulates old golf balls, while Fred Waring hoards blotters which he could never possibly use up even if he wrote "Anthony Adverse" over again in pen and ink. Kate Smith saves pencils, even the stubby kind. Arnold Johnson won't part with old shoes, hoping he'll wear them out some day; while Phil Spitalny reverses this habit and for luck opens every new engagement with new brogues.

With CBS Folks

Tom Waring's latest musical composition, "Way Back Home," promises to enjoy one of the largest sheet music sales of any song of recent years... Radio fans are buying it to acquaint themselves with the meter of the lyrics before writing original choruses to the tune, as entries in a contest being conducted by the sponsor of Fred Waring's Pennsylvanians.

When Ethel Merman goes to Hollywood in July to play a feature role in the new Eddie Cantor picture, tentatively titled "Dreamland," both Ted Husing and Al Goodman will follow... Because Ethel's weekly Columbia broadcast "Rhythm at Eight," in which Husing and Goodman are featured, will originate therefrom after the film capital.

Ralph Lombardo, California novelty singer, recently made his CBS debut with Horace Headl's Brigadiers by singing "The Little Grass Shack of Kealakekua" in five languages—and pig Latin.

Vera Van's fox terrier, "Boy," recently posed for Robert B.orton, famous for his portraits of animals, at the hobby show in New York.

Gertrude Niesen is memorizing a variety of musical roles preparatory to appearing in several productions in the Municipal Theatre in St. Louis this summer. She is doing this in preference to broadcasting during the summer.

The new Oriental star which was suddenly eclipsed a few weeks ago is again shining brightly on 8.75 meg. Using the call ZBW, this Chinese short wave transmitter is now heard every morning between 3 and 6:30 a.m., with an excellent program of classical and popular recordings. As previously announced in this section, all announcements are made in English, the program being a direct relay of the Hongkong medium wave broadcasting station.

With the advent of football season into the sports world of Australia, the famous short-wave station 3LR has dropped its Friday evening race track commentaries and replaced them with a rapid-fire description of the current gridiron contests. The games may be heard on 9.58 meg. every Friday night between 9:30 and 11:30 p.m.

And while on the subject of this Melbourne transmitter, it should perhaps be mentioned that the station is now effecting regular weekly relays of economic and political talks direct from the League of Nations in Geneva, Switzerland. These broadcasts may be heard on the Pacific Coast every Sunday night from 10:30 to 11:45 p.m. Many listeners report direct reception from the League station HBL on 9.57 meg.

The dual call and peculiar experimental transmissions of the Fiji Island short-wave station has been a source of confusion to listeners on the abbreviated wavelengths for some time. VPD is the broadcast call of "Radio Suva," and this call is used during regular scheduled transmissions between 9:30 and 10:30 p.m., daily. Each program begins with "Song of the Island" and ends with "God Save the King," and all programs consist of recordings, except for occasional news items and announcements of interest.

At frequent intervals, tests are conducted on the same frequency of 13.07 meg., and it so happens that these tests may occur during the so-called regular broadcast period, thereby causing considerable confusion for listeners. During these tests, the international call sign VP1A is used, and the station announces as the Amalgamated Wireless Australasia station of Suva. Records may be repeated over and over again, and at times the carrier may even go off the air.

Several powerful stations on the other side of the Pacific have been very active during the past few weeks, and while these do not broadcast any programs in the true sense of the word, they do furnish the listener with some interesting voice transmissions.

Station VIZ3 of Rockbank, Victoria, Australia, is on the air almost every afternoon between 4 and 6:30 p.m., in contact with CJR of Montreal, Canada. VIZ3 operates on 11.49 meg., and CJR on 11.44 meg., and both are heard with excellent volume in this country.

Another very powerful phone is PLE of Bandong, which may be heard calling San Francisco at 4 p.m., and Tokio at 4:30 p.m. every week day.

The recent attempts at international contract bridge matches via short-wave have proved so successful that arrangements are being made for similar contests in the future. W2XAF of Schenectady, New York, and HJ1ABB of Barranquilla, Colombia, South America, managed to intermingle good and bad bidding and sprightly comment for three hands last Monday, May 20, the hands being dealt, as before, by station VK2ME of Sydney, Australia. The voices of the two women players were brought into the studio at W2XAF through a loud speaker, while a microphone was placed on the table between the two principal Schenectady players. Two "dummy" players in Schenectady and in Barranquilla played the cards for the distant callers as decisions were made. There was not of the restraint that might have been associated with such a pioneering endeavor, and before very few minutes had passed, recalcitrant players were being encouraged and hurried by their partners several thousand miles away in the usual domestic style.

Both the North and South American players want to hold post-mortems, but these had to be postponed to a later date as time was pressing.

The first of these contests was effected at 3 p.m., but lately they have been heard on Monday evenings at 7 p.m., through W2XAF on 9.53 meg., and through HJ1ABB on 6.45 meg.

A new forestry chain in Oregon has now taken the air on about 2,275 meg. The key station is W7XAIQ of Portland, and reception is very strong at all times. The informal chats which frequently take place on these stations between 9 and 11 p.m. have proved very amusing to owners of all-wave sets.
The DX Corner

VE9CS of Vancouver, Canada, has been on the air almost every night during the past few weeks between 9 p.m. and midnight, and is sending an excellent signal to all parts of the Pacific states in spite of the midget power of only 2½ watts which is now in use. Tune for them on 6.07 meg.

WAE, a new experimental station, was heard on Sunday afternoon between 1 and 2 p.m., broadcasting test music on about 15.50 meg.

VK2ME of Sydney, Australia, has been conducting frequent tests on 10.52 meg. between 10 p.m. and 1 a.m. This is the frequency which is usually used near 3 a.m. by the commercial phone station, VLK.

Reception from European stations is still improving. The English number six broadcasts through GSC is still best for Pacific Coast listeners, although considerable improvement has been noted on the number one transmission through GSD on 11.75 meg., which commences at 8:30 p.m.

"Radio Coloniale" is now holding up fairly well until the sign-off at 9 p.m., and DJD continues to send a weak signal to this section of the country as late as 7:30 p.m. Although not announced in English, the other German broadcast through DJN on 9.54 meg. is usually heard with slightly better volume.

YV2RC of Caracas, Venezuela, is now installing a new 1000 watt transmitter which will take the air before the first of June, and will inaugurate a number of special dedicatory programs to well-known radio clubs in this country. The same frequency of 6.11 meg., and the same time schedule of daily until 7 p.m. will be used.

YDA, the powerful Bandoeng transmitter of the N. I. R. O. M. chain in Java is still sending some excellent programs to this country between 2:30 and 7 a.m. on a frequency of 6.12 meg.

Do not forget to send your inquiries about short wave topics to "Broadcast Weekly's" All-Wave Editor. A new revised All-Wave Log is in preparation, edited and revised especially for Pacific Coast fans. Write today if you are interested in receiving a copy.

For Radio's First Lady of Smooth Syncopation, we nominate Ethel Merman. Packing an abundant supply of pep and personality, she descends on a CBS microphone like a house afire every Sunday and the result is a half-hour of rhythm, both stormy and sweet. Ethel has come to the ether waves as star of a show called "Rhythm at Eight," but we hear it via KFRC at 4. We're conquered completely. So give a listen, will you?

NBC Presents a New Service. It's called the Hostess Alarm Clock system and was inspired by Charles McAllister. One Saturday afternoon recently, Mr. McAllister, had the time and the urge to hie himself home-wards for forty winks. But, according to the schedule, Charles McAllister was expected to report for a six o'clock rehearsal of "Gentlemen of the Jury." Furthermore, he is inclined to oversleep. But every problem has a solution so... the weary Charles went home to sleep. At 5:30 p.m., his telephone rang. "Good evening," said a feminine voice, in the sweetest hostess manner, "NBC-ing you!" (P.S. New uses for the Hostess Alarm Clock are being discovered daily.)

So you thought Rita Lane was going to New York? Well, so did we. And Rita is going to New York. But for nothing more than a stopover on a longer journey. Miss Lane tells us that after a brief visit with Gogo Delys and other pals, she'll keep on going. Destination: Europe. Reason: Intensive voice study.

Shortwaves and Remote Rumors: Jack Meakin! NBC's prize pianist, was finally caught by the camera. So now what will be come of that much-used pencil sketch. Syd NBC Goodwin... who incidentally wields one of the wickedest golf bats in these parts... was hailed at the ninth tee by an acquaintance... who piped up... how do you stand up till now? Syd was a bit burnt from an off day... and chirped... one under ones to here... Hot from the press... are these... "Joey Nash is a union member and was a musician before he started singing"... Joey Nash, as you probably recall, is the lad who was recently bounced from Himber's Orchestra because his name didn't happen to be Studebaker... and another... Patterson informs us that he is in a quandry... not a rock quandry... because he doesn't know whether to be an American Englishman... or an English-American... We offered the suggestion that he be a member of the Lost Battalion... H'Yah Pat? Our Los Angeles spies notify us that Bud Ernst... former manager of KMPC at Beverly Hills... is recuperating from a major auto crash up... Dick Connor... formerly of KRKD is filling the spot... at the radio station... not in the auto crash... Harry KJBS Wickersham is the latest radioer to double in golf... he was bitten by the deadly tee-tee fly in the deepest jungles of a local course... while caddying for one... there... Carleton little big shot Coveny... who by the way got out of bounds twice in one shot... sliced out of bounds from his own fairway... across the next... and out again on the neighboring lane... some stuff... Eh Keed? When you become overly bored at hearing the various announcers that clutter up your loudspeaker... and give up all faith in mankind... here is a cure... tune in the "Ham" phone band and pick up a load of CQRS... if any amateurs happen to read this... no offense... it helps fill up our column... so hope you can take it. Those who bleat to eat can... Ta Ta for now and we'll be getting in your reading glasses next week... if the Ed of this publication doesn't get wise to us in the interim—whatever that means.

The latest wrinkle along the amateur front, according to Fred Allen, is for would-be performers to send him phonograph records of their acts. If this thing spreads, says the comedian, he'll have to make a recording of the gong and set up a mail order business.

Not "Haff" Bad, Eh What?

Wilton Haff, KOMO-KJR announcer, artist, and jack-of-all-trades, enjoys life in general and lives to disprove the adage: "The moment you are born you are done for."

Haff, who is blessed with a generous portion of the well-known but elusive "it," has travelled Europe, South America, and the Far East, flown, sold, run a grocery store, worked in Montana mines, on Seattle newspapers, at political conventions, speaks Italian and Spanish and numerous dialects. His nickname is "Smoky," his wife's "Smudge," but "Soot" was voted down as a nickname for young Wilton Jr., because the Haffs didn't want another blot on the family escutcheon.

**Your Guarantee of Best Radio Service**

**A PHILCO SERVICE PLAN**

Watch for the important announcement under the above heading in an early issue of Broadcast Weekly. It will tell you how to enjoy the finest radio reception you have ever experienced!

Wherever you may live, you can benefit by this wonderful service plan. Watch for announcement in Broadcast Weekly.
Ether Jottings

Dick McCaffery, for seven years a member of the musical staff of KFRC, is on his way to Chicago to join Horace Heidt, who is under contract at the Drake Hotel in that city for dance music, and also a radio program for Alenite. McCaffery will do all the arranging for the orchestra, as well as some trumpet blowing, being especially efficient at both jobs.

Qualifying, both as a son and young father, Bing Crosby is an honorary member of the International Father's Day Association which strangely enough, was founded by a group of thoughtful women in Spokane, Wash., birth-place of the Mighty Bing. As chairman of the radio committee, Crosby is busily engaged in enlisting the cooperation of fellow microphonicians in properly observing the day on Sunday, June 16.

Josef Koestner, who left the air May 5, with his Sentinels' Serenade, will take a short vacation, after which he will either return to the air for a new sponsor or spend the summer season in the concert field.

Charles W. Hamp, who broadcasts "15 minutes of sunshine" for KNX every Tuesday and Thursday, originated the "one-man show" idea for radio years ago, in the very early days of radio, in fact. And another thing of which he's justly proud is that he is the only radio personality to headline two major New York theaters in one week (the Palace and the Albee in Brooklyn).

Frances Langford, one of several reasons why the public wants to see as well as hear "Hollywood Hotel," laughingly tells of her first radio appearance. She received $5 and walked thirty miles to earn it!

Eddie Cantor, plus Dave Rubinoff, "Parky-akakas" and Ted Husing will return to KJH and CBS airways next fall in a new series under the same sponsorship.

Like his colleague, Ray Paige, Kenneth C. Beaton (KCB) appears for rehearsals in comfortable appearing attire ... collar open at the throat, flannels and sport shoes. They live only a few blocks from each other in the Hollywood hills.

Under prevailing weather conditions, there will be NO back-slapping at KJH on Mondays. Everybody but the studio cat was sun-burned over the week end.

In answer to many queries, the familiar “Watanabe and Archie” theme-song, heard every night preceding the 7 o’clock comedy sketch, was written for the program by Willbur Hatch, musical director of KNX. Hatch is working on lyrics at the present time, with the idea of publishing the song at some future date.

Two fine singers are heard every night from midnight to 2 a.m., has become such a busy request-for-dedication period that now lines to handle the calls were installed. Are you a stay-upper?

The KROW Spotlight at 11:15 a.m. each week day has become necessary to take care of the progressive changes in the program of this growing station.
