## CLIPPING CORNER

submitted by either Dave Gleason or Geoff Fox （Al Merriman rec＇d it $w$／no name on KRUX letterhaad）

After approval by the Board of Ministers of Venezuela，a new decree was released by the Minister of Communications，Dr．Armando San－ from now on by radio stations when programming music．Sanchez bueno declared in Caracas：＂We believe that it is our interest to protect our national music and in consequence our artists，composer and singers．That＇s why we extend an approval to a law regularizing the way music is programmed by radio stations and it seems inevitable to program following a $1 \times 1$ formula．＂It means 25 percent of Vene－ elan artists， 15 percent of Venezuelan popular music composed or performed in our country， 10 percent of concert or classic music composed or performed by Venezuelans and 50 percent of free programming by the radio stations．This new way of programming will start with 20 percent of folklore or typical music， 10 percent of popular music and 5 percent of classic music in order not to make it so abrupt at the present time．But at the end of the year the new policy will have to be in effect meeting the mentioned figures and percentages．This new programming will be from seven in the morning
till 10 at night．After this hour every radio station will primer ing their choice．Minister Sancher Bueno declared to Mamolo Otat quiaga from Universal News，Caracas：＂Recording companies had been the ones that more strongely had been backing us in this new for－ mula．＂But by the same token，some recording companies are showing surprise and shock，promising public announcements in the near uture．

OF SPECIAL INTEREST－NEW 1200 KW TURK HEARD IN USA．SEE 1016 IN LOGGINGS ：：：：
New stations，changes，schedules，etc ．．．．．
ARGENTINA－LRA10，Radio Nacional，ushvaia is now on 910 （ex900）；LV2 la Voz de la libertad on 970 is now using the slogan la Voz de la Pueblo；LU11 Radioemisora del Oeste is now on 1400 （ex 1340）．（MWC）

CANARY ISLANDS RNE on 620 is now manning 24 hours．（NZRDXL）

1160 －HJBL Radio Aeropuerto，Soledad
1170 －HJLB Meridiano 70，Arauca
1170 －HJNW Eco de Bocagrande，Cartagena
DODECANESE ISIANDS－The VoA transmitter at Rhodes on 1259 is carrying the Greek Home Service after 2200．（Peterson，ADXC）

DUBAI－A new station is being heard on 1480 to s／off at 2047．Presumed to be the 600 kw transmitter．ID as＂Idaa til Dubai＂。（Green，MNC）

GREFCE－ETRT will soon have 2 new NW transmitters on the air．Location is at Bogiati， 20 km from Athens．Power $2 \times 500$ and $2 \times 700 \mathrm{kw}$ 。（NZRDXL）YENED station at Kozani is now on 1312 （ex 1302）．MNC
HAITI－padio Nationale is being heard in England on approximately 874．Ifsted on 880 with 200 watts in WRTH．（Dobbs，MWC）Checked the frequency a couple of times this past week but nothing heard here．（ED）

INTERNATIONAL WATERS－Padio Atlantis has moved back to 1313．＊The Dutch law against advertising on the Pirates went into effect on August 31．Atlantis and Mi Amigo／Caroline were supposed to be staying on the air．No info about veronica． ＊RNI is supposedly going off the air for overhaul and will later move to the Medi－ terranean and use the slogan Padio Nova International．＊Abe Nathans Voice of Feace is also supposedly going beck on the air from the Middle East area．（IWC）

IRAN－The 2000 kw transmitter went on the air $8 / 10$ on 558 khz ．Location is Quaz and sked is approximately 0230－2040．（Tapsell，MNC）

LIBERTA－ELBC on 629 plans to increase power to 50 kw ．（MNC）
LIBYA－The high powered transmitter nominally on 1250 is being heard in Australia on 1249．（ADXC）

LUXEMBOUPG－The long wave station on 236 is now 1400 kw ．（NZRDXL）
MALTA－The Deutsche Welle relay is due on the air with 600 kw by November 1974. Iocation is on the Cyclopus Peninsula．（MNC）Frequency not certain but they have been testing with low power on 1570．（ED）

MUSCAT \＆OMAN－The BBC Relay on Masirah Island is being heard in Australia on 1412．（Padula，ADXC）

NETHERLANDS ANTILLES - Radio Curom is no longer on 855. I don't know where they have moved too. First noted missing several months ago, but it slipped my mind until RFS mentioned it in IRCA. Further, heard an announcement on padio Victoria on 925 that as of September 30 they were moving to either 950 or 960 . It seems that the NA stations are moving off the splits. I wonder if this will affect St. Marten and Saba or just the A B C Islands? (ED)

NIGERIA - Ibadan has moved to 1326 (ex 1316). * A new regional station has been heard in South Africa on 1345. (Wood, MVC)

FERU - Radio Moderno Centrel on 930 is ex Radio Central. * Radio America is now on 1000 (ex 1010). \# Two new stations in Lima are Radio 1460 on 1460 and Radio Independencia on 1550. (MNC)

POIAND - On $7 / 22$ the most powerful transmitter in furope came on the air with 2000 kw . at Konstantynow. This station has the tallest tower in the world, 2120 feet. Carries the 1 st Program of Redio Warsaw. ( W WC) Frequency not given but I think this is the long wave station on 227. (ED)
SOUTH AFRICA Johannesburg on 1286 is still on the air. This is the South African most often heard in the states. (Baker, MHC)

VATICAN STATE Vatican radio is using 1259 with 5 kw , on a regular basis. This was formerly a stand by transmitter only. (Valiante, MNC)
RAMADAN - I was wrong last issue. Starting date this year was September 18 and will run until October 17. Iook for Asian/African stations on late or running AN

And now, whats actually being heard. Some good TP reception by Hank Wilkinson in california, and as mentioned earlier the new Turk was heard, but not (at least by me, and I've checked every night) since 9/11. Conditions have been a bit Auroral here of late and the noise level is still high. Hopefully by the time you read this things will have quieted down and some good DX will finding its way into your receiver. Iook for good TA openings the first half of October if previous years are any guide. And most important, REPORT WHAT YOU HEAR!!! This is your club and we need your support. The new DX Season is here and I hope everyone will resolve to report often.

555 -ST KITTS $2 I 2$ Basseterre, low level in and out of noise, EE and mx, $9 / 40215$ 0230. (Tull) Noted here this past week with good signal but modulation still ather "maddy". (ED)
47 A - USSR Unid station here with ID at 1030 on 9/9. Into JJ at 1032. New one here. Who is he? (Wilkinson) Only fussian here other than the Ukrainians is Onsk from IW, but this is too far west. Mist be a new one. (ED) (Insert listed after passian in last sentence).
655 - NORTH KOREA Radio Fyongyang outlet very strong at 1037 on 9/9. First time this season. (Wilkinson) I note that Radio Pyongyang is again verifying reports regularly (at least on SW). So if you 've tried reports in the past with no reply, it might be worth trying again. (ED)
670 -JAFAN JOBK coaka was $57-8$ at 1054 on $9 / 8$. (Wilkinson)
700 -COLOMBIA RJCX Radio Sutatenza, Cali; 8/26, w/ID $0430 \circ /$ several other LAs w/ WIW nulled, good signal. Seemed to be sporting event. Despite power, first time here. (Sundstrom)
-JAPAN JOFB/JOKD Huroshina/Kitami with lessons in EE at 1150, 9/9. (Nallinsen)
715 - UNID BHE surprise here on 9/9. Logged from 1212 to 1301 on $9 / 9$. ielieve it to be Lopburi, Thailand w/10 kw. Will follow up on this. (Wilkinson) HLKA (ex 710) is being heard on this frequency in Australia. With 500 kw . this should put quite a signal into the WC. (ED)
50 -JAPAN JOIB, Sapporo was heard at 1102 on 9/8 and with lessons in EE at 1156 on 9/9. (wilkinson)
-NICARACUA YNX lanagua noted $9 / 20433 \mathrm{w} / \mathrm{ER}$, 四ic ments, Partido Leberal; protestados. (Hauser
785 - JORAN JOUB Akita in parallel w/JOBB w/classical mat at 1104 on $9 / 8$. (Wilkinson) THE NEN SEASON IS HERE - LETS HAVE YOUR DX REPORTED TO DDXD $!:!:!/($ wilkinson)

810 -colombia hucy radio Sutatenza, Bogota logged for a report from 0933 to 1003 on 9/9. (Wilkinson)
830 -JAPAN JOBB Gsaka ... If I don't hear him I go back to bed ... (willkinson) 840 -JAPAN JOQK Nigata heard at 1110 on $9 / 8$ and 1105 on 9/9. Not // to 830 . 854 -UNID Possibly Iima at 1107 on 9/9 w/"Radio Nacional..". Weak. (Wilkinson) 870 -JAPAN JOGB Kumamoto. Getting to be a regular here. has heard at 1113 on $9 / 8 / /$ to 770 and 830. Again at 1202 on 9/9. (wilkinson) -UNID $9 / 151250 \mathrm{w} / \mathrm{man}$ talking slowly in what appeared to be JJ . $100 \%$ readable, rock solid signal. (Gleason)
872 -UNID $9 / 151250 \mathrm{w} / \mathrm{man}$ talking, apparently oriental language, same bearing as 870 unid. Signal displayed similiar characteristics to 870. (Gleason) JIAPAN JOFK Shizuoka rather good at 1219 on $9 / 8$. (Wilkinson)
880 -JAPANSTRA
885 -MONPSEPRAT ZJB Plymoutho Despite some slop over best sighal . (Tuil)
890 -JAPAN/SOUTH KOREA JOHK Sendai and HLKB Pusan battling at 1204, 9/9. (wilkinson)
890 -JAPAN/SOUTH KOREA JOHK Sendai and HLKB Rusan batiling at 1014 , (Tuili)
925 -NETHERLANDS ANTILIES PJA6 Fadio Victoria, Aruba, fair signal. Gave call
25 - NETHERIANDS ANTILIES PJAG Radio Victoria, Aruba, fair signal. letters and mentioned Aruba, Sign off announcer sal should be gone from here casting at 8 AM (local time) $9 / 100052-0100$. (iuIl) (ET)
by the time you read this, see item in "changes". (E)

- UNID Poor signsl. Just above noise at best. Long fades, reen in is. News? Suspect costa Rica, TIO1. 9/10 0100-0130. (Tu11)
945 -UNDD Two SS stations, $3 \mathrm{~Hz} \mathrm{SAH} .\mathrm{Que} \mathrm{station} \mathrm{SS} \mathrm{mx;} \mathrm{other} \mathrm{man} \mathrm{in} \mathrm{SS}$. level. $9 / 100045-0050$. (TuN1) Likely the HC and HR 。 (ED) /(Hauser)
965 V -NICARACJA YNLU Radio Menagua, Managua only other YN noted on 0424, SS speech about clase trabajadora, etc; carrier fluttersd hundred Hz , but otherwise strong, almost overcoming thunderstorm noise level.
966 -HEXICO XEJ noted $9 / 2$ at 1200 here from 970, stable and very strong. Put a het on local KOOL on my portable. (Cleason)
998 - UNID A strong unid in Abian language heard here in New Zealand. (NZHCXL)
1005 -UNID siow ma. SS vocals. Long deep fades. Looped to SA 9/9 0350-0405. (Tull) Iikely Colosal, noted a couple of times this past week here with fairly good signal, definite ID. (ID)
1007 V -COLOMBIA (Harmonic) Radio Ambala, Armero, Tolima, noted briefly in Nov. 72 on 2340 khz , harmonic from initial frequency 1170; now heard on 3020v khz, ind cating its absequent nominal of 1020 is varying down to 1007. Heard /7 as arly as 004; frequent IDs; 0117, program is Anochecer Colombiano 0120 ad frozen chickens; 0329 lengthy ill as "Su compañera inseparable
 and many RCN plugs, etc. 0356 end rincon de lejus program; 15 -0356; only details except call an this SA harmonic yet noted this season on 2-3 mhz band, siffu 2523. (heuses)
1010 -JAPAN JONR Dsaka w/nice musical program and wanan announcer starting at 1216. Signal up to 58 on $9 / L$. NAE network carrying basebail game at
on $9 / 8$. In $/ /$ to JOOR on $1210^{\circ}$. (Wilkinson)

1015 -FI SHIVADOZ YSC Redio Internacional, San Salvador. Man and woman in SS. -EL SHLVADOZ YSC Radio Internacional, San Salvador. Man and woman in SS.
 padio Prontera, pajapita, san Harcos, appearing in new liot. (Hauser)
1035 -HAITI 4VEA, Cap Haitien; 9/8, w/classical mx CO45-0100 E/OIT in EE, announced s/on 1100, super signal even on HR-10 portable standing alone. Two distinct carriers (prob YNCW and HOS21) not quite together audible on freq (using H( 2 -150) inmediately thereafter. In change from FP to EK 0000 , noted $9 / 12$, 4VEH goes through a "hello" procedure for about 5 minutes running down all countries around the Caribbean. (Sundstrom)

- NICARAGUA (Tentative) YNCW Radio Occidental, Chinandega;9/7, tentative log w/s/off and $N A 0401$ (?), signal very low and tape just not clear on replay, but there seemed to be a change of signal level before HOS21 heard (which see). (Sundstrom)
-PAMMA HOS21 Hadio Union, Panama city; 9/7, w/s/off 0405-7 including Na, partial ID quite readable "... Padio union...himo nacional de la Republica de Panama" and into Nu. New. (Sundstrom)
1040 -CHINA Radio Peking . . another regular when you can it get him the signals from the west are non-existant. Gets louder as the morning prograsses.

* $016 *$-TURKEY As noted before, the new 1200 low transmitter has been heard! First by Ben Dancerfield on $9 / 9$; his phone call alerted me on $9 / 11$; heard here with strong signal but very high noise level prevented decent tape for report. I called GPN and he definitely IDed them by DF and frequency measurement. Mostly masic; definite i:iddle Eastern sound but different from the music heard on the frabic stations. ID and brief announcement by a woman on, the hour. When heard here on $9 / 11$ there was a very pronounced Shit, probably from SWF. Not noted since $9 / 11$, but condx have been rather poor. With the signal strength noted, this should be widely heard and will be a new country for just about everyone. Probably the most important item in this IDXD, and I get it out of order, hi. (ED) Stn is running 24 hours.
1055 -COLOMBIA HJFZ La Voz del Centro, El Espinal; 8/12, noted w/SS pop mx 0555$0630+\mathrm{w} /$ long fades, at times fair signal. Some splash from WHK 1050 and cuban-1059, KYW off. Listed for 15 kw ; would expect better signal for power- New. (Sundstrom)
1075 -COSTA RICA TIFC SAn Jose. Religious program in EE. Fair level. 9/9, 0210-0220. (Tull)
1100 -ANTIGUA ZDK St. Johns. Good level in WWWE null. Cood ID on the hour, 0150-0205. (Tui工)
-GUATEMAIA Radio Superior, the station I first logged on $2200 \mathrm{khz} 11 / 6 / 71$, and last logeea $2 / 17 / 74 \mathrm{w} / \mathrm{a} 0500 \mathrm{~s} / \mathrm{off}$, finally appears in an official list via WRTH latest LA news. It is TGSR, at Coatepeque. $H$ eard again $9 / 7$ at 0545, weak SS, IA mx; 0600 TG - and slogan Ins; poor. (Hauser)
1110 -MEXICO XEUS Hermosillo, Sonora now IDs as "radio Variedades" w/typical jingle of similarly named stations after each record. heard very well $\mathrm{w} / \mathrm{KrAB}$ KRIA, 9/2 0220. (Gleason)
-VENEZUELA YVRX Radio IHia, Valencia; 8/4, noted following 0509 when W'BT cut carrier, music up to super ID 0508, anmats, and back to mx. Another ID noted 0530 right behind one for KFAB which was audible in the long fodes of YVRX. When up, YVRX quite good. New. (Sundstrom)
1115 -UNID ASIAN ioted with fair signal in New Zealand. (NZRDXI)
1120 -VENEZUEIA YNF Ondas del Lago, Maracaibo; 9/8, w/pop mx 0025+, ID "Mas musica de ondas del lago" 0030 , back to mx, fair sig, above 20-pitched garbling het from other IAs, w/KIfOX nulled. (Sundstrom)
1124.6-COSTA RICA TISRHB iadio Capital, San Jose; 9/7, noted in all talk 03300350, apparentiy has drifted about 400 hz low, quite marked on SB-620/FMS-3 calibrator check. (Sundstrom) Men in SS. Good level. Radio Capital ID. 9/9 0136-0145. (Tull)
1130 -UNID IA $9 / 7$, not ruch to $g \circ$ on here, but something continually overriding WNE''s broadcast of Giants-Bills FB garae, noted 00300200 , SS language pop nx, using "musica" in IDs and anmts on half hour and hour, fancy IDs w/echo, fanfare. Signal never disappeared, but always peaked at other than $\mathbb{D}$ time, hi. Ary ideas? Good to excellent sig at times. (Sundstrom) I would suspect HJAC Rarranquilla but there are many possibilities. (ED)
1135 -GUATEALA (?) Retalhule? Poor level in and out of noise. La Voz de ??? Slow SS mx, síg lost several times. 9/9 0120~0135. (Tuli)
1142 -UNID Hum, suspect oukan jammer. 9/90110-0115. (Tilil) Most likely. (ED)
1155 -EL SALVADOR YSCF San Miguel, fair level. Some ER mX. Fast SS announcer
uses call letters on ID. 9/4 0350-0405. (Tull)
1178 -OKINAWA VAA heard for first time this season starting at 1126 on $9 / 6$. Sigs reached $58-9$. Quite good at 1137 on $9 / 8$. This station fades a lot more than other regular Asians. (Wilkinson)
1210 -JiFAN JOOR Osaka in // to JONi on $1010 \mathrm{w} /$ baseball game on $9 / 8$. Had a lively musical program at 1208 on 9/9. (Wilkinson)
-COSTA HICA TIBB radio BB, San Jose good level MoR SS mx on 9/4, 0315-0325.
1225 -COSTA HICA TIBB Radio BB, San Jose good level Mor SS mx on 9/4, 0315-0325. mx and much about the 16 th of September. ID by Jingle after each record as "La G Grande". (Gleason)
/(Gleason)
1270 -MEXICO XENZ Mazatlan, Sin. no longer AN, s/on $9 / 151155 \mathrm{w} /$ manzanitas.
1374.5-COSTA RICA TIMAR Redio Monumental, Limon; noted $500 \mathrm{hz} \mathrm{low}, \mathrm{0430-0445+}$ hetrodyning Lille-1376. Relatively stable sig compared w/deep fading from the noise level to a gond level on Lille. (Sundstrom)
1376 - FRANCE ORTF Lille; $0445+$ in FF , considerable weaker than Nice-1554, but 2nd best TA this PM. Deep fades, fairly good at times, but mapy drops to noise level. First TA opening this season. $9 / 8$. (Sundstrom)
1439.5-DOMESTIC KPUR Amarillo, Texas. Strong rock noted here 8/24, 0135,w/Panhandle ads, K-FUR ID jingle; Amarillo, nominal 1440. (Hauser)
1462.7-COSTA RICA TIGFH Fadio Mommental, Cludad quesada; 9/9, w/repatative chimes on hour, 0500 D , quite clear, and into talk. Moderate fading, not as stable 88 TIMAR-1374.5. 3AR also showine pip on $\mathrm{SB}-620$, but any audio buried under splash from 14\%. (amdstrom).
1475 -SABAH, MAIAYSIA In at 55 at 1101 on $9 / 6$. Good progran of mixed selections of light mx and native songs by male w/very little musical background (mostly drum like only) w/announcements by man and woman. Signal peaked to 57 at 1112. Same short fades of 15 to 20 second duration. \# Was fair at 1156 on $9 / 8$. Was very loud and clear w/good copy programing at 1116 on 9/9. Should get this one this season. He verifies too. (Wilkinson)
1500 - KFXICO XERH Padio Tricolor, Mexico, DF has reactivated its SW outlets on 11880 and 15110 khs ; first noted $8 / 23$ and $9 / 1$ respectively. Anmts pertain it to a "Grupo Oro", efther a new group, or a new name for the old one.
1525 -COSTA RICA TJRFPN, Turrialba; good level, SS radio drama, then / (Hauser) into news, $9 / 40240-0250$. (Tuli)
-UNID $8 / 71145$ station $w /$ slow, almost operatic sounding vocal mux $w /$ choral and orchestral backing, language not a romance one or FE . Had fades on about a 60 second cycle, such as I remember on TA 's Irom Puerto Rico. Cuite readable on peaks. (Gleason) Sounds like the USSR station reported last spring. (ED)
1554 -FRANCE ORTP Nite; 9/8, w/vocals, slight fading but holding above CBE-1550 slop at low points, 0440t. Other hets/pips on SB-620 screen on 1602,1586 , 1578,1446 , readable madio on 1376 , but this outlet by far and away the best first Ths this season. (Sundstrom)
GUTEAALA Probably clearing up another harmonic unid is new info via WRTH latest IA News. A Medio Modelo" ID was heard on 3100 khz on $2 / 19 / 73$ at 1100 , from Custemala; a new listing by this name appears on 1560 in Retalhuleu; thus, TGRE was likely, and still may be operating on 1550 rather than 1560 , the former being the appropriate fundamental of 3100 . (Hauser)
MEXICO XFACH Monterrey, NL $8 / 240125$ Monterrey ads, PSAs, "HMale Mexicana ID during KVGB fade. (Hauser)
Thats all the material on hand. I hope everyone understands the Turkish item on 1016 - I managed to butcher that one up pretty good, hi. Thats what you get for not writing things down, but doing it from menory. That won't happen again! They are currently running 24 hours because of the Cyprus crisis; Hy reception was between 0030-0130; GPN reported very strong signal at 0200 when he caught an ID. If condx are decent, I'm sure there will be many reports of this one in the next few weeks. Signal strength indicates that it might be worth looking for this one in the mid-west and west.

## A few veries from Gregg Calkin . . .

1187 -INTKRMTIONL WATERS Padio Atiantis, card w/date and QSL statement in 8 monthe, 2 months after f/up w/mint Dutch stamps. Adr: P.O. Box 385, costburg, Holland. Now on 962 khz . (Calkin, England)
1232 -CYPRUS Badio Monte Carlo, Cape Greco, card w/frequency and date in $3 \frac{1}{2}$ monthe for 3 IRCs. (Calkin, Pakistan)
1580 -THALLAND VA, Ban Pachi, card from Washington $w /$ site and date; $3 \frac{1}{2}$ months.
and now, a whole bunch of Mexican veriea from Dave Gleason. Dave mentions that he now has 133 XE veries out of 207 reported.
$660-X E R P M$ Mexico, DF, Padio Juventud, v/1 after 2nd i/up from Antonio Pivera Carrera, Director de Operaciones, Dr. Fio de la Ioza 300, Mexico 7, DF.
710 -XEPQ Radio Variedades, Cludad Muquiz, Coah. v/l after second f/up from. Inis Isaac Elias at Apartado Postal 71. Says stn also uses the lemas (slogans) of "Lo Mejor de Todo" and "Ia patacion que Plensa Joven". Says that they are sending pix of the city later.
$760-$ IEABC Los Reyes (Av. Quauhtemoc 35, Meaico 7, DF) v/I from Lic. Carlos Mo Ferraez Natus, Cerente General, who says in part, "It is not that we have ferraez Natus, cerente General, who says in part, "onswer you, but we ueually do not reply to reports from decided not to answer you, but we usually do not reply to reports from
abroad, since, as jou know, it can cause problems of a legal (cont)
each other ..". Goes on to say that the power is $5 \mathrm{kw}-\mathrm{D}, 500 \mathrm{w}-\mathrm{N}$.
830 -XETA Mexico, DF, "Buena Musica en Mexico" $v / 1$ after second f/up from Ing. Jose Lozano Ramirez, Director Technico at Rio Tiber No. 100, $7^{\circ}$ Plso. -XGUS Hermosillo, Son. Fadio Universidad de Sonora, $v / q$ in 3 weeks, Does
not specify time or date of reception, nor does it show whether MN or SW frequency is being veritlied.
$600-\mathrm{XETZ}$ Tequila, Jalisco "Radio Felicidades" specific v/l from Ing. Fomulo Romo, Gerente, at 24 de Enero 19 after 3 f/ups. Madero No. 714 . This took $3 \mathrm{f} / \mathrm{ups}$.
960 - XECC Cd. Camargo, Chin,, Apa rtado $440 \mathrm{~V} / 1$ from Hago Pinera Limas, Concesionario. States amazement at reception at such a distance, because of night power of 100 watts. This one was heard on about 996 , and has been heard fairly regularly in the $994-997$ range since April; on what appears to be a spur.
970 -XEJ Ciudad Juarez, Chih., Fadio Mexicana, rather unspecific v/I from Lic. Pascual Pereda $L_{0}$, Gerente at Apartado 1373. 3 f/ups needed for this one. -XbHZ La Paz, BSC, sent two $\mathrm{v} / 1 \mathrm{w} /$ different wordings, after $3 \mathrm{f} / \mathrm{ups}$. Says earlier responses must have been lost. Specific verification in each. Address is Carretera Transpeninsular KM. 5.
190 - XEMBC Mexicall, BC See XENV-940.
1250 -XEPI Tixtia, Gro. "Ia Voz de Guerrero desde Tixtla" specific $7 / 1$ from Andres Peyron $G$. for report of s/on and attached a painting made with vegetable paints on bark. P.O. Box 2 is address.
-XEAJ Saltillo, Coah. "Radio Bonita" v/l after one $f / 4 p$ from Alberto Jaubert Ancira, Cerente Ceneral at Apartado 333. (Heard on 1329)
-XEDI Chituahua, Chih. "Pedio Mundon $v / 1$ after $3 \mathrm{f} / \mathrm{ups}$ from Ernesto Ro Chapa, Gerente at new address of Julian Carrillo 705. Specific verie.
1400 - XEPB Hermosillo, Son. "Radio Pitic" v/l from Manuel Torres Ro, Gerente. Very specific and gives power as 250 watts. Address is now Boulevard Transversal y Juarez.

- XFDJ Kagdalena, Son. "Radio Clave" $v / 1$ after $2 \mathrm{f} / \mathrm{ups}$ from Fernando $I$. Hochin D. at Apartado 63. Specific text, sent post card of city. -XESM Badio Fiesta, Mexico, DF See Xuxxitr. XRRFM-660.
-XBCAV Durango, Dgo. Radio Internacional, v/l after 3 f/ups from Ing. Carlos Armas, Director. Confirms reception of CAV, but does not other two reports to XEDGO and XFDU, which are also his. Try again.
-XECU LOs Mochis, Sin. (Heard on 1484) "Padio Rancherita, Ia Mas Mexicana" v/1 after $f /$ up from Lic. Victor Del Bosque $\mathrm{R}_{0}$, Gerente at Apa rtado 393. Requests additional reports.
-XEAQ Agua Prieta, Son. v/l after $2 \mathrm{f} / \mathrm{ups}$ from someone who signs as "Gerente" stating that power will soon be increased to 1000 watts. Apartado 47.

MNC - Medium Wave Circle
NZRDXI - New Zealand Fadio DX Club
Thats it. Don't think I mentioned it last time, but I enjoyed the Convention. It was great meeting such legendary DXers as Paoul Duke and Alphonso Bedoya (who kept disguising himself as other DXers). A tip of the hat to Dan Myers and Company for a great job! With the new DX season here, and conditions improving, there is a lot or good DX to be heard. I hope that everyone who is DXing will report to the various sections of the bulletin (and particularly IDXD). This is your club, and its only as good as you, the member, make. DX AND RFPORT: 73 and see you in 2 weeks.

## NEW PLAN:

Based on NJPC recommendations (which appeared on page 36 of DX News Volume 41 \#26 for 17 June 1974) and on the many letters I have received from you, the DXer, I have made some decisions with regard to the future of the Domestic $D X$ Supremacy Ratings.

From the inception of this column until now, there has been an average of 5 columns per volume of DX News (Volume 40 saw less columns due to the uncertainty associated with the Boston-New Jersey publishing change).

## - CHANGES TO EXPECT:

From now on these bimonthly columns will list only those $D X$ totals logged at one location. At the end of the DX year (deadine 1 August - published in September) will be a column, wich wili be an annual compendium of DXers with single or multiple locations, the multiple locations all combined into a single total.

The suggested rules for the bimonthly "single-location" column. will include, of course, the standard tests to determine if a tape recording qualifies as an accoptable "proof of station heard." Also totals you may have obtained at some other location within the past year are acceptable for listing even though you no longer DX from that location. However, any listing not up-dated within a year of submisaion is automatically dropped from the colum, so once you have left a location over a year, it cannot be up-dated and will therefore be dropped. An example can be found in Column \#12 in DX News Volume 40 \#1 for 6 October 1972, where Morris Sorensen is listed twice, for two locations. His final totals from Cetral Ontario are shown, as is his new log he started in final totals from Cetral Ontario are shown, as is Manitoba. The Central Ontario totals eventually drop out as he of course cannot up-date them.

For the annual "compendium" column each individual DXer would be respondsible for sending in his combined totals of all stations from all locations The deadline would be 1 August' of each year. Just add them up. If you DXed from 20. locations since 1920 (or thereabouts) and heard KMOX in 18 of those locations fou then have 18 heard stations. This method should put some "old timers" in the 10,000 stations heard area. Maybe that headline I wrote for Column \#12 in DX News of 6 October 1972 isn't as fanciful as I thought. Those DXers with totlas from only one location will also be listed in the annual column. Once listed in the annual column you or your heirs must request a delisting or your listing vill appear as long as I am Editor (or the NJPC twists listing or your listing nill appear as long as I am editor (or the NJPC twis
my arm.) So even if you become inactive in the hobby, the active DXers will my arm.) So even if you become inactive in the hobby, the active DXers will still know of your accomplishments, and have a competitive incentive to DX

By way of review, to qualify for liating in the Domestic DX Supremacy Ratings you must enter Your Name and DX Location and the totals for that DX Location. Also include the year you atarted DXing at this location. For the annual "all location" listing, use the very first time you started DXing the Medium Waves. Send your entries to:

NRC Domestic DX Supremacy Ratings
c/o Bob Karchevski, Editor
PO Box 1171, San Carlos, Cal. 94070
(NEXT PAGE)

## ‘Just Say It Was the Comancheros'

## to continue the review

For domestic totals include:

1) Total Domestios Heard (TDH) - 50 states, DC, 10 Provinces, and
2) Total States Heard (SH) - exclude DC. [2 Canadian Territories
3) Total Provinces Heard (PH) - exclude Territories.

Hepeat the same three catagories for:
4,5,6) Recorded "proof of atations heard" TAPES and,
7,8,9) Written verifications, received from stations heard.
For a tape recording to qualify as a "proof of atation heard" it must contain at least two of the following three identiriable items
a) station CALL LETTERS (not a slogan or partial ID)
b) FREQUENCY (should be identifiable as a frequency, not part of a slogan, etc.)
c) LOCATION said to identify atation (not as mentioned in a nemscast, weather report, ad, otc.)
The GRNERAL AREA information, BiVen after each nane, is NOT necessarily the oraot location. The idea is to allow the reader to locate that geographic area involved ineadiately without refering to a map. Therefore, all DXers in suburban oities fill be iisted under their Metropolitan ares. Those who live in rural areas within approximately 100 miles of a large metropolitan area will be listed as "NEAR (CITY)", otherivise an area of the state or province will be described.

Also, I use a next to your name as a warning that an up-date is required. The next column will have a next to your name if you atill haven't up-dated. ind jour liating will not appear any more unless you up-date. This paragraph pertains to the binonthly "single location" colum only.)

If you don't agree with this new format......

Veries in from WGrG-1110 \& WiaE-1310. 73s till next time.
DON EGGEFT - 15-D Greenhaven Apt. - Bowling Green, Kentucky - 52101
9/2, greetings. I want to thank the Toledo people for putting together a good Convention. It was certainly good to meet a lot of people again \& meet mome new faces. After having my DXing interests rejuvinated again I might even do a little DXing this Winter! This will be the first season in six years I haven't been in college either full or part time, so theortetically I should have a little free time. What is the call for the station on 1500 in Russellville, Ala.? I heard s/off last night e 8:05 EDT. Also, last night WTEX-1570 still on after sked 8pm s/off. This sometimes happens the first day of the month
been heard since to last Muse. 7/27-KIML-1270 $\mathrm{r} / \mathrm{c}-\mathrm{TT}$, must be monthly now as this was also heard in June. 7/31 brought ETs from KKAA \& KQYX on 1560 © 2:15. KKAA has since gone RS w/c/w \& is AN. The ET from WABQ-1540 on $8 / 26$ was heard @ 4:30. WFWL-1220 camden, Tenn. heard w/s/on-SSB © 7 on $8 / 28$. 8/29 brought WPAL -730 Charleston, S.C. s/on © 7 \& WJMW-730 Athens Ala. s/on © 7 . WSMA- 1590 Marine City, Mich. s/on © 6 heard here on 9/4. KAJN-1560 Crowley, Ia . on $9 / 8$ on AN for Hurricane Carmen. On $9 / 15 \mathrm{KODY}-1240$ was heard e 1:40 $\mathrm{w} / \mathrm{f} / \mathrm{c}-\mathrm{MT}$. A few veries have come in lately: $v / 1 \mathrm{~s}$ from KKAA, KGCA, KEEY, KNIE, WPAL. PP/cs from KATV \& WDOD, \& a $\mathrm{v} / \mathrm{f}$ from WSMA. Total now is 1,595 . Hats off to the TOLEDO Clan for a fine Coneantion. It was right in the middle of a two-week Army Reserve camp for me at Ft. Knox \& I was able to ride up with our fine members Dick Truax, Gary Atkins, \& Don Eggert. It was really nice to renew some old aquaintances \& ag in some new ones. We have had a few get-togethers here \& I have had a chance to meet our new members Zank, Linblade, \& Whitehead. I finally got around to making a $2^{\prime}$ Altazimuth Loop (umamplified). It sure beats my old $3^{\prime \prime}$ Azmuth Loop. $73 \mathrm{~s} \& \mathrm{gocd} \mathrm{DX}$.
(no name) - 2043 Fowler Avenüe - Onaha, Nebraska - 68110 Dale Whitehead - RJE
(One of the three Skip mentions above, no doubt - ERC) It's been quite a while since I last Mused - पy only and first Masing being in $3 / 73$ while "stuck" in USAF at Bheppard AFB, Texas (Personal opinion being reves led!) where Sumer static makes up for the vast open spaces lacking power lines all over the place. As now a young 23, still single, and no longer having excuses for not Dxing, hi. I'm looking forward to my first active season in active DXing with the $H 2-180 A$. Right now, it's a 78 Iw running $N / S$ from bouse roof to same on garage. For you antenna specialists out there, buy this: A dual-loop threefooter! Huh? Well, that's what the engineer at WHFB-1060 Mich. has, anyway. 300 turns of W2 $^{2}$ magnet wire wound on a $3^{\prime}$ loop - two of em, in fact. The two loope are then intermingled \& assembled so as to be 900 to each other. Both coils are hooked in parallel (phased correctiy, too) and hooked directly to RX w/a variable capacitor in ane lead. Sounds pretty far-fetched to me. The engineer claims its performance is qual to, or maybe a shade better than the ultimate Beveridge antenm! Any connentif or advice before I shell out a few $\$ \$$ for the wire? I'm going to a lmost hqve to flip a coin in deciding as it stands right now. I stopped at wHPB while returning home with Ennie Wesolowski after attending wy first NRC Convention-an interesting get-together; to say the least! I am currently volunteering typing ability \& am preparing a full NRC Membership List for the NJPC to publish when space permits. Too, I'm offering to set up a CoF list if sufficient interest is showm. Paper's ruming out, so I shall, too. I hope to muse a lot more often. 73 (or 73s?) (Good-bye or good-
byes? - $\operatorname{HRC}$ ) byes? -ERC)
in the It's been a long time since I last reported to your column and in the interval I've moved again - this time to Leaf Repids - a mining town 133 miles $N$ of Thompson and over 500 miles $N$ of Winnipeg! My last loggings in hessagamach before leaving included ORIF-1554, WHK-1420, WKZ0-590, HJCX-700 \& WIBA1310. That brought my God's Narrows - Wassagamach $\log$ to 370 stations in 18 countries in slightly less than three years of cassal DXIng. So far I have been inactive here in Leaf Rapids, living in a basement apartment which has presented a problem in erecting an outside antenna and my Space Magnet seems to have been lost in moving. I hope that situation will be rectified shortly Meannhile it is nice to be in a town with TVs, telephones and roads and modern shopping facilities after three years of isolation. 73 .

THE NEW VOLLME, BACK ON OUR WEFKLY SCHEDULE. DEADIINE DATE IN BROOKLIN FOR MUSINGS REMAINS EACH THURSDAY. THERE'S A 3O-LINE LIMIT, REMFMBER, AND YOU MUST DOUBLE SPACE!

MIKR COITLIS - Apt. 506-600 Asylum Avenue - Hart ford, Connecticut - 06105 After about 11 years' delay, WDJZ-1530 Bridgeport Conn. Is finally condng an the air = this Fall sometime. They were issued a CP back in 1963 but
it's been help up in zoning fights over its towers. The station will ruin a good ect of frequencies for daytime DX here. At present, WJDM- $1530 \mathrm{~N} . \mathrm{J}$. comes in in Heldgeport w/a strong signal considering it's only 500 W . U/WJDM, WOBR 250r. N.C. can be henrd all day. c The new station not only will ruin 1530 in thi area but also 1540 \& 1520 . It will be very directional E. WRCH-910 New Britain is going rr o the shotgun "Q" format used at KCBQ, San Diego. Hartford BIrent has three AM rockers of WHON -560 Mass . is a major thetor in Hartford Co. ratings too. Wini is solid njeht \& day in downtown Hartford. WENO-810 Pa. is ratings tom.
 ates in For many years NBC had a policy against affiliating with daytimers. WCDQEC. For many years NBC had a policy against affiliating with daytimers. WCDQ
1220 Conn. is now $A C$. WCDQ is now automated also, still rrooldies. Automation seam to be increasingly popular on AM. Drake's "Hit Parade" automated package can onl be heard on AM in this area, on WNHC-1340 \& WLTX-540. WNHC did well in the Hew Earen ratings (ARB for Spring ${ }^{1} 74$ ) w/a strong \#3 in the metro area, Hight on His'a tail. (Strong H3 out of only threa stations in New Ha ven? - FikC) For total week ratings, WBAB-FM outrates WBAB-14I0 about 2 to 1 , WALK-FM outrates WAI - 1370 about 3 to 1, WERI outrates sister WGLI-1290 about $2 \frac{2}{2}$ to 1, WCTO-FM outrates aister WCBM more then $2 \frac{1}{2}$ to 1 , and WRCN-FM outrates WRGN-1570 about $4-1$. In the Reireseld Co. area $A R B$, WICC -600 is $\$ 3$ but right on their tail is WERN-FM at F5. (1-2-4 are WABC KNBC WCES). Also WEAN is a strong \#10 in New Haven, and shows atrongly on I.I. The conly L.I. station to show in any Conn. rating is Whaden, a strong 77 in Greater Bridgeport. A recent trip to Northern Few Engo (new in the past year). is evident $u$ /powerhouse WCBS here in Hartford late at night. On nights when it is sttong it causes WCBS to garble. 73s. (We had to cut a bit more regarding ratings to conform to line limit -ERC)

8TEHE FRANCIS - 1620 Lodge Street - Alcoa, Tennessee - 37701
I've been with NRC since late last year, but haven 't gotten aroumd to contributing anything till now. I ${ }^{\text {º }}$ ve been DXing since 1970 \& current totals are $1,600 / 44 / 6 / 28$. only gear is the Realistic TRF portable u/no external antenna or other modificaticas, By far the gest 28 bucks I ever spent! Most fruss rui frequancy has been $1580 \mathrm{w} / 47$ heard; least is $720 \mathrm{w} / \mathrm{two}$. Rio de Janeiro -1180 , Fance-159h, Switserland-1562 \& W. Germany-1586 are most distant heard. GX here are realih improving; this past $\mathrm{H}(9 / 9)$ wa the best since ladt Winter msP local wox wa noted off e 2: 10am \& stayed off till 6 for their first AN SP since 1972. LTXCB-990 Ala. noted w/TT \& frequent IDs 2:30-2:46. After WTCB pplit, I could detect an extremely weak two-man discussion program u/ANer XEF \& WABE's CC. It switched to rre 3 , disappeared \& resurfaced briefly @ $2: 14 \mathrm{w} / \mathrm{a}$ FWH ID. A real thrill for Ariz. 33 \& the most distant domestic lkwer here. At hsit a mir but fady "O Canada" started poking through Fidel's janmer on 1140; IDOd at CEI for chnada, $\$ 50$ \& my first Maritimer. Anybody catch the Music of the People" mini-series produced by Cklahoma Educational IV for the PBS IV net July; Glenn Fauser mas doing the narrating chores! Local WENE-620 has a very informal tele-talk program (it makea "Nightcap" sound aophiaticated, hi), thes "Rnie the Mrtender Show" from 10pm to Sam Mon-Sat. Fraie's a DKer \& welcomer all Drers' cails. He got one from St. Catherines, ont. last Decenber \& IrIL bapp about it at least ance a week. If you can hear him, give hila a ring as $615-989-1172$, or 615-457-4680. The phone isn't picked up till you're on the air, 10 dan't worry about ruming up your bill. THil next time, 73. (Welcome to the IRC, Stephen, and a nice report, which we trust is oniy the first of a long eemes of shen! -ERC)

Taik mitimbon Jre - 384 Fockgreen Place - Smata Rosa, Californis - 95405
New location appears to have lower noise \& static levels. I ctarted the 1974-75 IV wesson the last week of August, best DX coming from Asis so $\operatorname{mr}$ - eapecialiy the mornings of $9 / 8 * 9 / 9$. I'm unable to DX in the evenings here due to IV interference. I will have to confine all DX to the l-6am period wile living here. We are trying out this area on a one-year basis, anyhow. We have contquted seversi DXars in the impediate area. I'll be visiting Jin Critchett \& Clareace Froman in Yreka on 10/2-3. I am very thankful for the hobby of DXing. Sure holpe to take up the 'slack' for a retired guy after so many years of long working houre. I will contribute all the news possible to the various NRC editora da regular basia to make up for the many times I failed to contribute wen hera did. 73. (swall, mank, and get some more of your Cal. buddies to, too!)

DICK THUAX - 3003 Glees on Lane - Jeffersont own, Kentucky - 40299
Not much exciting to report this time but several changes witht be noted. As a fev $\quad \| 1$ ent recall in wy last Muse I listed what I thought wight be noted. As a few mignt recall in wy last Muse I listed what I thought were two WKNT-1520 in Ohio, and WIIS/WKYF-1600 in Kentucky. . Both cases are within 25 miles of their co-chamel partner. Well, it appears that WKIF-1600 Greenville, Ky. is NOI on the air nor does it appear ever to have been. On a trip to W. Ky last week I drove through Greenville \& listened to WIIS comfortably. So mark your logs as being silemt. Wy business traveis will be in the southern twothirds of Indiana now instead of the state of Kentucky, but I will not have to move. So now I can verify activity on CPs, etc. in that area. DXing has picked up ome what but nothing record breaking to report. 9/1- KSTI-690 Mo. s/off © 8:15pm. 9/7- WNAH-1360 Tenn. s/off \& Bpm. 9/7-Very few unusua is on for Hurricane, but WIIS-1350 A Is., WPUP- 1190 Miss. were noted past $9 p m \&$ WNOE-1060 La. must have been on day pattern at same time. $9 / 8-\operatorname{Good} N / \mathrm{S}$ CX tonight w/WFBG-1290 Pa. © B: 27pm w/SID \& Sillouette rellgious program; WNIC-1310 Mich. © 8:30pm w/ID \& ma nothing like former WKNR format; WNPT-1280 Ala, w/ID \& mx e 8:35pm. More after nothing like former
the season picks up.

DAVE GLPASON - 7721 Fhst Wilshire Drive - Scottadale, Arizona - 85257
Since the new season is underway in theory (I haven't heard anything new, but then again, I haven't been listening much)! I guess a Musing is in order. Phoenix now has two NRCers, as Geoff Fox has just moved here to become PD at KPJX where I am also known to wort on occasion. Perhaps my long planned desert beverage will materialize with Geoff's help. After several letters to Drake about possible moves to improve the selectivity of the SFR-4, which is pretty bad, to say the least, I have finally opted to puah the darned thing into the back corner of wy closet and forget about a very big waste of money. I vish the $H Q-180$ I sold when I got it was still in my shack. The Drake people are pretty narrow when it comes to working on this type of problem. Their repiy to my last letter waz to suggest that I buy a different model = one that does not even cover BCB! Veries now stand at 133 Mexicans, one Puerto Rican. I still bave about 73 XFs out, plus one IN and a YS. Good DK in the new season! 73.

DAVIS S. FOX - 333 Douglass Street - Reading, Pennsylvania - 19601
Since I have done some August DXing I thought I should Muse. ing a rather novice at DXing (less than a full year) I continued listening throughout the Summer. It brought the $\log$ total up to 540 so far. I have received veries from 191. Iatest stations added to log were: 8/25- WYGO-1330, ceived
Corbin, Ky. @ $8: 30 \mathrm{~s} / \mathrm{off}$. $8 / 23-\mathrm{WMBD} / \mathrm{WCNO}$ ingtrad of usual WSAN/CHON on 1470 at 11:30-12. WMBD Ill. w/Cardina $1 \mathrm{BB} *$ WONO-Chio $\mathrm{w} / \mathrm{ta}$ Is show format (dia 1 255-

 folo by educational program - sounded like TT was at 5,000w \& s/on was 500 w ).
$7: 15-8: 15 \mathrm{pm}$, brought three new loggings on 1270 k . WIRR Lebanon, Fa. usualy $7: 15-8: 15 \mathrm{pm}$, brought three new loggings on 1270s. WLRR Lebanon, Fa, usually
blocks this channel e SSS but on that evening I heard WSPR Nass. w/sports talk show blocks this channel e SSS but on that evening I heard WSPR Nass. W/sports ta Ik show
\& Red Sox BB 7:20-7:30; then WMPM N.C. w/weak $8 /$ off © 8 folo by WHID N.I. till $8: 15$ \& Red Sox BB 7:20-7:30; then WMPM N.C. w/weak s/offe 8 folo by WHID N. Y. till 8:
s/off. Recent goodies on graveyarders include only IDa of: WKGN-1340 on 8/26 e $4 a m$ \& WFLBrent 1490 N.C. on 8/23 © 4 am. Reports out to WNHC-1340 Conn. for 2:25am $s /$ off on $8 / 19$ (might be 10 g change there), WJNN-1240 N.Y. for 8/16 3-3:30am 10 g ging. Recent great articles on GYs in DX NWWS generated much int erest here. I have recently spent much rewarding effort an those channels - but it realiy takes patience and time! Veries still slowly coming in (please see ERC's next list for my additions). KIOA sent verie statement on SC. WKWF Key Weat was kind enough to enclose hurrican map instead of CM (said since non-directional I dan't need one), huge CM received by friendly semi-iocal WGSA. V/q from WRC-980 took flve months but greatly appreciated. Keep DXing \& best 73s.

STAN MORSS = Route 3 - Bradford, Massachusetts - 01830
8/25- WKXA-900 ex-WXME, 6:10-7:10am, mostly u/WOTW) even on null verie in already on 8/28. Also verie from CJCR-1350 in Gander //-CJON at night. They didn't specify // hours, though.

A NEW N.R.C. YEAR m.OUR FORIY SECOND! LETT'S REVIVE THIS SECIICKI TO NRUR IT WAS A FEW YEARS AGO! REMEMBER THE 30-ITNE LTMIT - PREFERABLY LESU! DCUBLE SPACE!

RICHARD E. SHAFPAN - 60 Gramercy Park - New York, New York - 10010 212-0R4-7542 weeknights. Hi gang. I just jOined NRC so here's an intro: I'm 16, a junior at Trinity High. I 've been DXing for three years but about two on BCB. I ve since quit SW cuz the bands are yuk. Anywho I'm om the comittee for the proposed 1975 IRCA Convention In N.Y.C. I was on the 74 ANARC comittee \& the convention was pretty good \& I managed to meet Steve Bohac, Tom Sundstrom \& Bob Foxworth of NRC. Too bad ERC couldn, t make it though. I won't be able to make Hartford astIgo away in August. Equipment here is a Philipa IC portable $\mathrm{w} / \mathrm{SM}-2$ inductively coupled. I had always looked down on portables but with this method selectivity is ten times better than on my old Ameco R-5 which has just retired. I also use a Uher reel $t / r$ \& a Meissner Signal Cal ibrater which I purchased from Tom Sundstrom. Recent DX: 9/2-11:28pm. A het against WFKO-680 which I think was RNE-683, heard \& veried last seasom. 11:58, CNCN-720 w/Cuban NA, seemed to s/off but WRHH lists NSP. 9/3- 12:06am, HJCU-730 suspected w/SS \& IA mX. 1:11, XBNA-540 in like a loca1. 2:02, CKOC u/CJRC w/FF \& rr - GIRC, that is - real freak catch but I managed a taped ID. PB shows patdra to N. Then a bit of daylight DK - WKMB-1070 a newie but I think they' 11 be come a regular, also taped, $9 / 3,12: 42 \mathrm{pm}$. $9 / 4,5: 23$ - someone on 1220 playing "Waterioo", suspect WCDQ or WGNY, looped $\mathrm{E} / \mathrm{W}$. $7: 15 \mathrm{pm}$, s/off of station on 1570 , religiaus program from Iulsa, Okia. Is this wiow? Then another newie w/WUNR pulled through Rev. Ike on WWRL-1600, too weak for a report, though, 10:58pm. 11:05, WCOP \& WDEN fighting it out on 1150, both unn but I was trying for needed WRUN. 1270 had FF, assumed CFGT, on Ih Ikw @ 11:50pm. UnID @ 12:32-1am 9/5 w/ CAS Mystery Theatre then, on 1270, no idea. I called WINT \& they said it wasn't they. I called another cruple \& no ansser. Help? Then in there 12:40 I had much-needed WXYZ w/rr \& SID. Then to 1570 \& needed CFOR w/no sign of our good old FFC rr friend (fiend?). At 2:15am I taped XENA's s/off. 2:25, weak uninterrupt d Mor, I auspect CEK. Asain day, $9 / 5,3: 35 \mathrm{pm}$, rare WAVZ in like a local w/ rr. 4:03, unID-1310 w/Soul mx, any ideas? Then @ 7:10 unID rr on 1580 covered by WQXR's spur on the same frequency so I tuned to 1570 to catch WBUX s/off, also new, © 7:15pm, mentioned something about 100w, ESA maybe? Welcome to the NRC,

CHRIS IJUCAS - 22 Morris street - Danbury, Comecticut - 06810
I finished my three months at Fort Gordon, Ca., where I was taking the Army Sigmal Oorps Officers Basic Course, \& I am now worki $\mathcal{E}$ as an armouncer for WPUT-1510 in Brewster, N.Y. For the time being I am living at the above address, where I haven't realiy begun to DX yet. There are higher powerline noise levels than I am used to here. Although I am only 19.9 miles away from my previous Fairfleld location, there is a world of difference in daytime dX. Most notably, there are much fewer pests. only one really atrong signal on the dial, notably, there are much fewer pests. Only one realiy atrong signal on the dial,
that being WLAD-800, which is 1.7 miles from here. Solid signals are also noted from WINE-G $H_{H}$ \& some N.Y.C. stations, but N.Y.C. is considerably weaker than in from WINE-94O \& some N.Y.C. stations, but N.Y.C. is considerably weaker than in
Fairfield. Instead of signals in the 15 to $30 \mathrm{mv} / \mathrm{m}$ range, they are more like 1 Fairfield. Instead of signals in the 15 to $30 \mathrm{mv} / \mathrm{m}$ range, they are more like 1
to $5, \mathrm{w} / \mathrm{no}$ splatter or spurious reaponse l roblems on my aging HE- 30 . WINS \& WHN to 5, w/no splatter or spurious reaponse problems on my aging $\mathrm{HE}-30$. WTIS \& WHN
are bady QRMed here at night by Toronto. Philly seems much weaker here on ground are bady QRMed here at night by Toronto. Philly seems much weaker here on ground
wave. In fact, KYW is almost non-existant here daytime, while in Fairfield they wave. In fact, KYW is almost non-existant here daytime, while in Fairfield the were fairly good next to powerhouse WAN. 990 is a 11 WITY here, no WIBG, which
dominated in Fairfleld. However, WIP equals WSNG. I'm "making do" w/a $30^{\prime \prime}$ or so plece of wire strunc around the room as wy anterna, although when the thunderstorm season ends I'd try to convince the landlady to allow me to strine a 100 or 125' outioor aerial. I'11 probably also bring up my loope, but that means taking it spart \& putting it back together again, which I'm not particularly ancious to do. Now that I am working fulltime in brodcasting, I'd like to hear' from any of you who are also so employed in this fascinating industry. Ny day off is Monday, a DXer's dream! I get out of work Sunday @ SSS, \& don't have to be back CPC Thesday © 1pm, which leaves a lot of time for DXing \& reporting. Who is CPC chairman now? I'd like to lend a hand. 73. (You could start with WPY , hi a Chris, and congrats on the job! -ERC)
JUST TO REMIND YOU AGAIN WE GO HEXIEY WITH THE NEXI ISSUE, IN THO WEESS, SO WHY NOT RESOLVE TO GET ON THE BAND WAGON THIS SEASON BY REPORIING TO DX NEWS OFTIN? DEADIINE FOR THIS SECHICN IS THURSDAYS. PLEASE DON' F FORGET TO DOUBLE SPACE, \& STICK TO 30 LTNES, PREFERABLY LESS! SEND IN VERIE SIGNERS' NAMES, TOO, ALSO DCUMIN SPACED, AND CN A SEPERATE SHEET, WITH YOUR NAME ON IT. GRACXAS!

BIIL HARDY - 2301 Paciflc Avenue - Aberdeen, Washingt on $=98520$
Another NRCer wrote that he like my marathon August Musing, so I thought I'd Muse again: As long as it's all DX = why not? First, ignore my comments last time about KLO-1430 s /off times = with them temperarily on 1 kw N I can hardly hear them! Their normal 5 kw N DA pattern booms in here. 8/2- CFCP$1440 \mathrm{~s} / \mathrm{m} \mathrm{w} / \mathrm{Wbb}$ Tide", seagulls \& ocean sounds, etc., 9:01am. Then © 9:04, I caught "KRSC NX Service" fair through the mess on 1400, w/KFFDO et al nulled. KNND came on a little late (3) 9:06, which may have helped. 8/3-3am, CFCP-1440 off, seagulls agin, slogan "Coast Fadzo". 8:01am an unID on 1340 is giving me fits. They have Kathrym Kuhlman religion show 7:30-0am EIT; I heard it in Dec. 1971, April 1972, \& couldn't ID it then either. This time her show ended, no ID, of course, right into Nhashville Brass instrumental \& lost in shuffle. Any ideas? It 's not KMAK or KMAJ ! $8 / 4-C F C P-1440 \mathrm{~s} / \mathrm{off} 3 \mathrm{am}$ again. $8 / 5-\mathrm{KDXU}-1450 \mathrm{ID}$ during $\mathrm{r} / \mathrm{c} \rightarrow \mathrm{TT}$, $2: 25$ tune in to $2: 3 \mathrm{am}$. $3: 33$, KCNX- 580 announced DJ there till 4 ,
 then off till 9am. 3:40, KPJG-1170 was off; had NX past 3:05am, so is now AN-
off M. lam, KMJ-580 annoumcee "24 hours, w/maintenance period 1-5:30am MM". that's 4-8:30am EIT. $4: 01 \mathrm{am}$, CFCP-1440 confusing the h3ck out of me by staying that s 4-8:30am Elll. 4:0lam, CPCP-1440 confusing the h3ck out of me by etaying on till 4:01 on a M! Best as I can decipher their s/off times, it's yem MonFri, (Sun-Thurs. night) but 3am Sat \& Sun. (Fri. \& sat. nights),

 times. Wish they'd all do that! More next time. 73.

JAMES E. CRITCHEIT - 1103 North Street - Yreka, Califormis - 96097
I started DXing again on M 8/12 \& heard KVOG-1490 s/on e 7:29; they have been heard signing on at that time daily. KNBI-1530 was heard © 7:34 Tues. 8/13, \& has been heard severa 1 times between $7 \& 8$. One of my better catches was KFHG-1480, Fosston; Minn. on © 8:59 Fri. B/16, CJOC IDed on 1490 © $7: 17$, so GIPR, Blairmore, Alta. must be AN there. MN 8/19, 6:48-6:55 on 1560, Ka.JN, Crowley, Ia. used ITT on their r/c, reported \& verified by letter. Thes. $8 / 20$ on 1530, KNIE s/on © 7:40; time of s/on varied, later mornings. KNIV-1050 Douglas, Wyo. s/on © 8 several AMs - has not moved to 1470 yet. KECK-1530 has been heard a few times between 7 \& 7:30. 1560 has been another good frequency, W/KaYX \& "Let's Talk it Over" program from 7:30 daily, \& my best one, KBEN, a/on e 7 , Wed. $8 / 28$, both reported. KSPD- 790 makes it through KABC/KWIL from 8:30, \& KSNN -1290 "Kissn" radio also from 8:30. Composite reports sent to both. KAPY-1290 s/om@ 8:59 Sun. 9/1, then covered by KLIQ, P rtland, w/religion. KRIZ -1230, Phoenix was heard w/one ID © 6:41, 9/1, Padio $1-2-3$ was the slogan. KCID1490 , EldweII, Ida. made it through w/one ID © $8: 18 \mathrm{MM} \mathrm{9/2} .\mathrm{FYfteen} \mathrm{new} \mathrm{sta-}$ tons, seven reports, and one verie in 25 days. The DX is there - go after it, \& good luck.

HARFY J. EAYES - 1418 West Mount Royal Avenue - Apt. 2-Baltimore, Md, ${ }_{i} 21217$ I passionately felt ilike writing a Musing today, so here is one, the first from Baltimore where I'm now beginning my senior year at the Maryland Institute college or Art, wajoring in graphic design and illuatration. I do ave my little problems on the radio that I guess everyone has from living in a big city. Last year I had a continuous electrical buzz from 600 to 990 k , now that's stopped \& I have a static interval which lagts anywhere from 5 to 30 sec ands \& occurs on an average of every three minutes, \& covers theentire band. Sd I suess maybe I'm better off now, hi. With the SM-2 WITH-1230 \& WWIN-1400 overload. Overload from WWIN is so bad that with the loop turned a certain may it overrides SEBB-1360. This kills $1390,1410 \& 1420$ for me but I guess it could be Worse. I think WFBR deserves an avard for being the least splashable one,

 fir. I hope to be s regtlar this seasace if the HX doemis break dove apin. 73 .

WTKO NY 9/14 Finally hrd. / mucho QRM from CHOW, also new. One played CEI \& accepting phone calls, the other ????. CHOW mentioned Paul Haynes Sunday show. A call to WTKO revealed he's not there, Guy I talked w/ had an IQ of 3 plus his show size (RM) Didn't know you had relatives in radio. Anyhow I think WTKO \& CHOW are both RR. The Csm may well have been CFOX who is NSP (C 8 (
1490 mecs PA $9 / 9$ Noted $A N$ N/ MORish stuff $\&$ sports at 0413 (FD)
TFOR NE 9/16 Suprised me $0127 \mathrm{~m} /$ Csm, 0131 had local $m \&$ number for a local 24hr. weather service. Then jingle ID followed by live AM-FM ID \& more Csm. Totally gone 0135 (HWB)
1510 ckor $0 \mathrm{~N} 8 / 28 \mathrm{U} /$ whic $0601 \mathrm{~m} / \mathrm{s} / \mathrm{on} \mathrm{w} / \mathrm{Oh}$ Canada-very poor aigs. (KDF)
1520 коMA of $9 / 16$ Very strong but fadey $0206 \mathrm{~m} / \mathrm{RR}$. No aign of KB. This one doesn't show much in the east (DS)
+1540 CXEL IA $9 / 9$ Haci m/off W/ SSB 0201. The s/off time keeps changing (JS)
 2. Joni Mitchell record (JS)

WCVL II $9 / 7$ Had late $: / \%$ ff following FB gaie, off 0130. Had fair eignal thru UNID ET/OC (TRS)
WPJD TN $9 / 7 \mathrm{~S} /$ on 0235 for ET-RR. Was to test "for the next couple of houran per annct. Ex. sig. an unual (rRS)
1560 KANN LA $9 / 8$ AN for hurricane Carmen, noted $0110+$. Signal excellent at times but IDe were more like general coment (".............the wind in Crowley at the KaJN studios....") than formal ID. Hrd. KAJN mention 0111 \& 0211. Mach talk-phone calls-weather inforeported by 2 male announcers. (TRS) Ditto-0412-0500 (FD)
SPIC CA $9 / 17$ Noted 0300 -/ CBS $n x$, was recently reported to be on the
ITMA SD $9 / 15$ nThe Country Giant of the Dakotan" in well 0300-0307 with program teste $\mathbf{W} / \mathrm{C}$ 相natch. Said RS was to begin 9/16 at noon local time \& rould be 24 hrs . \& CBS newt. (HLK) Who's she-HEB

1580 WPGC MD $9 / 17$ Noted $0031-0040+$ / ET-TT-OC-MX (JS)
1590 WAKR OH $9 / 1$ Noted on RS 0416 // syndicated programming (FD)
+1600 WTRU MI $9 / 1$ S/off $0105 \mathrm{w} / \mathrm{SSB}$, noted thru UNID ET. Anncd. s/on 0530 . Was chopped up by ET, but easy o/ WWRL (TRS)
UNID 9/1 Almost continous TT $0030-0230$,off-no IDs. Good at times, mostly $1 \mathrm{~K} \mathrm{TT}$,some 400 Hz . \& some near 5 Khz . O/ WHRL easily.. DF: N/S...tho?? (TRS) Maybe a WTYM ET...runs some lit. MM -HWB
WGIV NC 9/16 S/off $0102 \mathrm{w} /$ long instr. "Carolina in the Morning"(JS)
WPOM FL $9 / 16 \mathrm{~S} /$ off 0202 after "Scatt Ross" show. Gave all kindsa info in s/off \& to return 0500. Only weak WWRL way $u$ / KATZ in his s/off 0200 after religious rock show, said would ZAP back 0500. Thats a new one--a $Z / O N$ (DS) Was a bit aurora that AM-HWB

Bill Fait called yesterday to say WWWE 1100 should go nondirectional about ll/l or within a few days of that date. New site is the origional site when WHWE was WTAM (before KYW \& WKYC). Should then have less power to SW-SE-S \& more to NE-NE-N.

For the most part mail from reporters is still holding at 2 days for most. Those way out west \& NV Canada usually take 3 days. The few within about 150 miles usually make it in 1 day.

Now on to last minute changes from the files of Dr. Starr::

## NOTES \&c FROM NJPC

IN COMING ISSUES OF DX NEWS: A Review of the Dymek DA-3 Antenna; A Review of the Heath SB-620 Spectmum Analyser; The 1974 NRC Annual Report; The 1974 NRC Convention Report; Special Features on Receivers, Longwave Equipment, Audio Filters, and Converters.

The new printing of the NRC Domestic Log is currently targetted for completion by the time you read this. We've encountered a slight additional delay in procuring the proper quantity of spiral binders due to shortages of plastics, but that appears to be under control. The prices will remain the same $=\$ 6.25$ to members and $\$ 7.50$ to nonmembers. As we have a large quantity of orders to process, please bear with us if there are small processing delays.
d Any of you who have photos (color or black \& white) from the Toledo Convention, please send them to HQ for use in DX NEWS and we'll retarn them promptly.

Our estimated target date for the Receiver Reference Mamal \#1 is December l. It will be the same format as the Antenna Reference Mamal, except 72 pages long. Cost will be $\$ 2.50$ postpaid in the U.S. and Canada.

A-index graphs for August and September will appear next issue, as space didn't permit this time around.

Next issue begins a new volume year, and marks NJPC's list anniversary and NRC's 42nd. Lets get a big turnout for Musings for that issue. Grie's deadline will be October 4 for Vol. 42 No. 1 and October 11 for Vol. 42 No. 2.

ANNOUNCING THE RESURRECTION OF THE NRC MONOGRAPH SERVICE...... We have a current stock of many articles in highly technical areas. Those mem bers who are technically oriented-may find some of these articles useful in research in antennas or propagation. Send an SASE to HQ for a copy of the full list and an order form. These articles ave for research use and do not include construction projects. We have divided hem into articles which contain little or no mathematics or formulae and those which rely heavily on such material for easier reference.
