Welcome to the NRC, folks. We hope you'll soon be hearing from one of our members in your area to welcome you to the fold individually. In the meantime, how about send a musing to ERC to introduce yourselves to us all ...

RENEWALS

D. Gleason, R. Hansen, D. Jarrett, W. Feidt, I. Eaves, W. Childers, T. Greenhill, R. Dildine, A. Gibler, J. Critchett, W. Fait, C. Cook, L. Kruse, J. Mac-Donald, D. McMurray, F. Dailey, R. Stonier, R. Edmunds, P. Taylor, J. Sampson, W. Boyd, J. Starr, E. Cooper, A. Merriman, D. Jensen.

NOTES &c FROM NJPC

We can only second ERC's comments this week in the Musings section. Ernie has selflessly edited this column for some 30 years now, and we all owe him the courtesy and consideration to DOUBLE SPACE our Musings. We back his decision not to run single-spaced Musings from here on in 100%. We ask all members to please co-operate.

Our attention is called to our recent write-up on the K3CHP DX QSL GUIDE, authored by member Joe Mikuckis. Several members have written to tell us that this guide is oriented very strongly toward ham use, not to SML or BCB DX'ing, as the phrases translated therein do not cover many essential terms for a good reception report, so please act accordingly

From Radio Nederland comes word that the longtime host of the DX Juke Box programme ., Hans van Gelder, is stepping down due to reasons of health. His successor will be Dick Speekman, who is a Dutch national just returned from 12 years in Australia. We wish both the new and retiring hosts the best of luck.

"Phone 703-354-2135 before 2200 MIT * All Times are GMT * Deadlines are Saturday *

A few longwave items first from Bob Foxworth . . .

- 164 -FRANCE Allouis hrd w/clear sig around 0500-0530 10/2 and same time, even better 10/5 when in past 0640, hitting S8 at peaks. Generally just a weak carrier here so far.
- 180 -WEST GENMANY Wesk sudio from Europa I in 0G 0530 10/5, only reception so far this year.
- 209 -MORCCOO Azilal nice and clear 0530-0630 10/5 apparently AN for immedan.
- 584. -SPAIN ENE Medrid in w/near local sig, didn't need the Q-multiplier for this; between 0152-0159 on 10/13 w/classical flamence guitar mx and singing and was giving 580 a taste of his lower sideband, ran 20 db higher that domestice on 580. (Clayton) * Clear and 37 to 8 0205 10/13 during TA opening.
- 585 -NORTH ROREA 10/8 at 1350 w/classical type mx, Oriental style. /(Ferworth) Heally tearing up 590 w/bet. (Heald)
- 593 -BULGARIA (Tentative) R. Sofia vicious splatter from 590 prevented program details except for a flute (maybe IS) between 2359-0000, carrier in strong from 2357-0005.cn 10/7. (Clayton) Bulgaria not impossible but Morocco er West Germany would be much more likely here at this time. (ED) /(Heuser)
- 600 -ANTARTICA For anyone sufficiently deaf to SN DI news, be advised that McMurde AFAN apparently has a SM// on 6012, should your ID on 600 be uncertain.
- 610 -COLOMEIA HJKL Buisora Nueva Granada, Bogota 10/14 0828 caught Radio Cadena Nacional SS plug u/MDAF; quickly confirmed as HJKL by // 6160V. (Hauser)
- 625 -COSTA RICA TIXE Hadio Onega, San Jose about 500 Hs above channel; between 0222-0227 on 10/15, w/ID, ads and IA MoR and light rock mx. Heception very good, about 20 db over 59. (Clayten)
- 640 -CUEA CMQ Havana 10/14 at 1040 w/segments of a speech fallowed by commentary. Bare w/KFI off. (Heald)
 - -VENEZUEIA TVQO Ondas Portenas, Fuerte la Cruz in briefly behind R. Havana at 1041. Caribbean SS mm. (Heald)
- 645 -NORTH EDREA Hadio Pyengyang stn in well at 1010 on MM 10/7 w/HFI off. Almost as loud as 655 stn which was beening in w/man giving speech in KK. (Reynolds) -FAHAGUAY 2P19 Radio Caaguasu, Coronel Oviede. Heard well MM 10/14 0630 t/in to 0706 when quit. Strident san w/notices, seemingly, eche reverb on voice at times. DJ program w/lets of mx, flowery guitars and uptempe ballads. Some of that sounded like Andean mx. Fades from occasional 57 on peaks te 53 or less and moderately had QHN. Hrd on both antennas. Mentioned "buenes dias, amigos de Radio Caaguazu" at 0655 in a message to "all men and wemen", at 0702 a message dealing w/transport, w/ne discorned "legal ID" on the hour, at 0703 a TC "exactamente 4 horas 11 minutos" but at 0630 said "en Radie Chaguanu is hors exacts 3 horss 33 minutes", was weaker and had splash from CNQ-640 then. I thought I heard Paraguay mentioned at 0645 but not sure. He other place names picked out, may be due to my lack of familiarity though. Mx at O648 was exceptionally clear, as good as anything noted. Freq was measured as 644.98 and stable (within 10 hz). Was heard again 10/15 on recheck at 0625, andie detectable on mx, but was only 35 and unreadable at best, plus WHEC splash. Although heard before, this was by far my best reception of this stn, and first ID heard. (Pexworth) * In between 0306-0312 an 10/13 w/ upbest LA mx and fanfares and ID by male anor. There is a het w/samebedy else on 645. Another IA or just a yappy TV set? (Clayton) * (Tentative) Carrier and a bit of mx below QRN level 10/14 0837. (Hauser)
- 650 -OOLOMHIA HJJI Bniseras Monserrate, Eogeta, ID, MeR; rock steady, ne QEM 10/14 0725. (Hauser)

-HAMAII KORL Honelulu presumably noted w/phone in show, 524- prefix; HJ must be mulled 0640 10/14. (Hauser)

665 -STRIA Sabburah in w/excellent sig between 0137-0142 on 10/13; male and female anors alternating, audie good in WNBC mall. (Clayton)

Alan Merriman P. O. Box 6

Fairfax, Va. 22030

- 04
- -DOMESTIC Continuous carrier here, and on 737 are audio sidebands of WOR-710's new STL using 27 khz subcarrier on program channel for control purposes. WOR's audio can be heard very weakly on it, but smudgy. 737 is a lot clearer, w/S7 carrier here at all times, but still weak audio. (Foxworth)
- -JAMAICA JEC Montege Bay in between 1000-1005 on 10/14, IS just before hour, then into nx, was fighting w/Sutatenza in Cali, Colombia, and eventually lest. What in heck causes that het at about 698.9 khz? He's got my dander up and I'm gonna git him. (It doesn't sound Cuban style) (Clayton) See DXN: 10/14 for source of het. (ED)
 - -JAPAN JOKD Kitami 10/11 at 1356 w/EE lessons, ID at 1358 followed by brief orchestration, w/IS at 1400 and IS from JOFB a split second behind. (Heald)
- 710 -VENEZUELA YVKY Radio Capital, Caracas. WOR was silent MM 9/16 and YVKY vy loud here w/US R&B, many w/EE lyrics, only IDs were jingles "eiga Radie Capital". (Foxworth)
- -CHINA (?) 10/11, strong het ripping up KIRO/KMPC at 1350, trace of audio, nothing really readable. Or is this the new HIKA? (Heald)
- -CHINA 10/8 w/drama type format, male/female ancre at 1355. (Heald)
- -NORTH KOREA 10/8 w/oriental style classical mx, // 585 at 1352. (Heald)
- -DOMESTIC See 683. (Foxworth)
- -COLOMBIA HJDK Ia Voz de Antioquia, Medellin 10/14 w/Caribbean style SS MoR at 0955 w/weak ID between records at 0957. Colombia #12. (Heald)
 -JAPAN JOIB Sapporo in steady around 1000 NM 10/7 w/man and woman conversing in JJ. Heavy WJR interference. (Reynolds)
- 750 -COLOMBIA HJAJ La Voz de Barranquilla, "Barranquilla" hrd o/QRM 10/14, 0935. Tho consisting on only one word, I am rather certain that this logging is HJAJ. (Hauser)
- -CHINA 10/9, w/male ancr, commentary or similiar, sounded more like JJ, 1358, to IS at 1400 followed by the East is Red. (Heald) China never reported on freq to my knowledge, sure this wasn't JOUB Akita w/500 kw? (ED)
- -BRITISH VIRGIN ISLANDS (Tentative) ZEVI tentatively the one here w/soul mx segued 0012-0024 10/13. Channel clear w/the Cuban jumped up to 783. No anmts, faded for ID. (Foxworth)
- -CUBA CMJN Camaguey, here we go again, Fidel's fiddling w/the tuning control again; noted on 10/8 and 781.9 w/commentary or nx between 0016-0020, later he moved to 783. (Clayton) * 10/14 0605 and AN, SS talk about RDA; ". . aqui en la Habana. ."; no doubt RFS can provide the exact frequency, but its nice to have it that far from 780! (Hauser) * Noted here w/strong sig, 10/14 0245-0315 w/soloist w/guitar which resembled EL mx. They completely covered the noise and CHM. (Davemport)
- -NETHERIANDS ANTILLES PJB Bonaire noted 10/14 completely covering CKIN w/EE religious programming until 0508 then SS until apparent 0545. (Davenport)
- -JAPAN JOBB Osaka 10/11, barely audible way u/KIKI at 1406, male ancr, sounded like their nightly EE lessons. (Heald)
- -VENEZUEIA IVIT Radio Sensacion, Los Teques, ID and 4:10 TC at 0808 10/14; rock mx; 146/min (2.4 Hz) SAH w/WCCO, which was mullable; another ID, TC at 0812. Is YVIT listed as 50 kw, but not often heard here. (Hauser) * In with upbeat IA mx and IDs between 0835-0840 on 9/29. (Clayton) /(Reynolds)
- -JAPAN JOQK Nigata heard well MM 10/7 at 1300 w/dramatic soap opera in JJ.
- -SPAIN RNE Murcia good sig at 0045 10/13 mentioning Radio Nacional. (Foxworth) -VENEZUEIA YVOL Radio Junin, San Cristobal 10/14, solid w/nx at 0933, considerable mention of Kissinger's travels, then spot at 0940, back to mx,
- then faded below WDMG. Venezuela #6. (Heald) /(Clayton) -SPAIN EAJ101 Radio Zaragoza in w/soccer broadcast or speech between 2310-2315 on 10/4, audio clear, only moderate WCBS and almost nil WWL problems. -UNID ORIENTAL (China or Siberia) Heard w/very steady signal MM 10/7 about 1220-1300 when local KIEV came on. At 1230 CC mx and singing; then at 1233 a woman was singing w/regular orchestra mx. This sounded like JJ. At 1238 a large group was singing (Communist style) and woman ancr spoke in RR for quite awhile. At 1245 a man was giving speech in Russian. At 1259 there was 3 quick pips (like the first three used by NHK stns). There may have been another pip, but KIEV came blasting in just then. I believe this is a new frequency for a China/Siberia border stn, but which side? Good consistant signal here. (Reynolds)
 - -CHINA 10/9, barely audible w/shouting female at 1408. (Why must they always shout their language, hi). (Heald)

- 885 -MONTSERRAT ZJB Plymouth w/excellent signal 100% readable MM 10/7 0955 w/rel program. Best ever heard here was same time on 9/30. (Reynolds)
- 890 -AUSTRALIA 5AN Adelaide, SA w/jazz show at 1357, 10/8, then listing of selections at 1400, brief commentary on artists, then more mx. (Heald)
- 910 -MEXICO XEAO Mexicali, 10/14, slogan, "Redio Mexicana, Mexicali, Mas popular, mas preferida" at 0706, then ranchera. Listened o/20 min, no spots. Local KNEW off first time in years. This one heard often way u/KNEW w/latter on null. (Heald) /(Clayton)
- 925 -NETHERIANDS ANTILLES PJA6 Radio Victoria, Aruba bombing in w/near local strength between 2356-0000 on 9/29, wrapping up cl mx show and into ID.
- 940 -COLOMBIA HJGB Radio Eco, Cali weak but clear Todelar ID u/CEM 0500 10/14, south enhanced because of auroral condx this AM. (Foxworth)
- 944 -HONDURAS HRYW Radio Panamericana, Tegucigalpa ID about 0520, and continued to 0600 s/off MM 10/14. Nice sig, S7-8 on peaks. Romantic mx, anmts by a girl. ID at 0600 long and detailed, "hache erray y-griega doble-u" THREE times, freq as 950 but heard almost exactly on 944 (not 945), off with no anthem. (Foxworth)
- 980 -CUBA CMCK Havana between 0153-0200 on 9/29 w/Fidel speech, started good, faded into mush by ID time, so used identifying Tail c/o WWDJ. (Clayton)
- 989 -SPAIN Radio Peninsula, Madrid fair signal on this seldom heard channel 0050 10/13 during TA opening. (Foxworth)
- 990 -MEXICO XET Monterrey, NL 10/13, faint, but steady at 1030 w/folk (not ranchera) type mx. No trace of KTKT. (Heald)
 -UNID IA Someone s/off 0505 10/14 w/anthem, same as heard on 820 going off at 0455. Was SA, not a YV, and I think HJ. Need help IDing the anthem, which I have on tape. (Foxworth)
- 1000V COLOMBIA Radio Ambala seems to have settled here, judging from harmonic still around 3000, as of 10/13. (Hauser)
 -COLOMBIA HJAQ Radio Miramar, Cartegena 10/14, solid ID at 0735 w/TC, on tape
 - while taping R. Mil. (Heald) -MEXICO XEOY Mexico, DF 10/14, often heard, but not this strong. Solid w/ "Rock Your Baby" in SS, lots of jingles, sudden short fades giving way to HJAQ, at 0733. (Heald)
- 1005 -COLOMBIA HJDP Radio Colosal, Neiva, 10/14 0938 Colombian political nx, ID //4945; good briefly, but then lost to KTOK splash. (Hauser) Noted here 10/14 0615-0630 w/super sig, frequent IDs, inst mx. (ED)
- 1020 -TONGA A3Z, 10/13, religious mx in native language sung acapella, very briefly at 0905. Amazing, one morning its Pacific, the next, IA's. (Heald)
- 1030 -CUBA CMFA Camaguey in between 0140-0145 on 9/29 w/Fidel speech, o/WBZ Boston and other IAs no matter how the loop was turned. (Clayton)
- 1046.8-PANAMA HOJ2 Ondas del Canajagua, Las Tablas, between 1010-1013 on 10/14, LA MoR mx, frequent fanfares, IDs. Is this using a new name now? (Clayton)Not to my knowledge. (ED)
- 1080 -HAWAII KHAI Honolulu, 10/14, first time heard since move from 1090. Heavy rock, frequent TCs and IDs, but no spots, from 0916-0928. That should be #4 rocker in Honolulu. No wonder no spots, no business. (Heald)
- 1097 -CANARY ISIANDS (Tentative) ECS4 Has Palmas, tentatively the one here w/female in SS 2320 10/12, slow ballads, fair sig. Recheck at 0001 showed carrier still there but I must have missed s/off, if any. (Foxworth)
- 1100 -NICARAGUA (Harmonic) YNQ Radio, La Lider en audiencia ID after TC "en punto", 0305 10/8, s/off, NA; excellent for a harmonic, on 2200; SINPO 34454; also 10/10 as early as 0030 35343, better than TGEA, a fundamental on 2360; ID giving 1100 kcs; this early, no TGSR x2 QRM. (Hauser)
- 1125 -COSTA RICA TISRHB Radio Capital, San Jose taped for report on 10/15 at 0500 w/excellent sig. Wanted to get them before move. Noted again on 10/19 w/ fair signals, still on 1125. (See item below) (ED)
- 1130 -COSTA RĪCA Radio Capital de Costa Rica as of 10/14 moved here instead of 1120 from 1124.6; close enough to 1130 to produce a SAH, so not likely a drift. 0706 giving phone 22-56-79 for requests, CST TCs; on top of TT, other CCI, but its clear channel days are over. (Hauser)
- 1140 -MEXICO XEMR noted w/usual "Me" ID on harmonic 2280, 1216 10/13 after switch to day pattern. (Hauser)
 - -VENEZUEIA YVOO Radio Frontera, Antonio del Tachira, between 2302-2307 on 10/14, weak to fair level about S7, w/male ancr speaking fast and giving ID and spots, with A major chord on xylophone. (Clayton)

- 06
- 1170 -CCLONEIA New station or name (La Von de la Donce) (phonetic spelling) new Colombian here way o/WWVA and others on channel between 0230-0236 10/14. IA e-s listening mx, w/ID after about every second song. Who is it, nothing in WETH or NHC lists on or adjacent to freq. (Clayton) A couple of new HJs on this freq, but slogans don't match. I checked here on 10/19 and found a IV here w/frequent spots for Banco . . . Comercial de Venezuela but no IDs. (ED)
- 1171 -GUATENALA (Harmonic) Badio Cadena Landivar ID, TC, hrd immediately upon tuning to 2342, 10/13 at 1139. (Hnuser)
- 1180 -HHAZIL 2YD65 Hadio Globo, Rio thru Radio Mil, HIHE who s/off 0552 10/13 and in well after. Globo was actually even w/WHAM on weekday 9/18, at 0600, on IM. Heally a good signal. (Foxworth) * Tentative, R. Globo likely the PP o/u/QEM, mentioning Miteroi; most annoying SAH was a 4 hz one, OSDO 10/14. -VENEZUEIA IVNU Radio Petrolera, Ciudad Ojeda , 10/14 SS MoR at /(Hauser) 0638 w/Union Cil spot at 0645, then slogan ID before next record. But they didn't pay for that Union Cil spot. (Heald) /(Faxworth)
- 1196 -HOHDCCOO Agadir presumed the one here S6 and clear (except for ITV) w/West African "stick besting" mx 2315-0000 10/12, just popped off at 0000,
- 1200 -CUBA CMML Santiago w/usual mx and bong on the minute junk 0246-0249 on 10/2. Why can't I get anything but CN's and TV's on this channel? (Clayton) -VENEZUELA IVOZ Caracas 10/14, ID at 0648, then SS MoR and Caribbean style SS mm. (Heald) Badio Tiempo.
- 1210 -JAFAE JOOR Osaka hrd loud MM 10/7 at 0910 w/JJ talk program. (Reynolds)
- 1217 -CUBA Reloj Nacional (extreme eastern Guba, loope like Venezuela) 2253-2257 on 10/14, usual Reloj Nacional yackity-yack tick-tock bong-bong, suspect, signal level fairly good, could it be Holguin or Santiago? (Clayton)
- 1265 -ST KITTS Radio Paradise very loud w/100% copy at 0905 on MM 10/7. Baligious program and scripture readings. (Reynolds)
- 1304 -ALGERIA Constantine 2, between 2350-0000 on 10/10 w/occ. snatches of mx and some talking by male ancr, // w/251 Tebassa. (Clayton)
- 1320 -HEXICO (Marmonic) On 2640, some mx briefly 1140 10/13; XEW the only stn hrd here before. (Hauser)
- 1385 -CANTON ISLAND WILE being heard each MM w/fair strength. Best about 1030. Just sent nice 1 hour report to Mr. Nax Chapman w/new hopes for a veri. Several reports over past 2 years without success. (Reynolds)
- 1410 -MEXICO (Harmonic) XEAS Radio Juventud ID, Laredo phone # on 2820 10/8; this steadily on top of another fast SAHing harmonic. (Hauser)
- -MAIAYSIA SABAH Kota Kinabalu being beard well again this season w/s/on at 1475 1100 after 5 mins of chine melody. Program is usually man/woman in Tagalog. Both have soft voices which do not help any. Verified last year. (Raynolds)
- 1502 -SFAIN H. Fopular de Sevilla, COFE IDed here at s/on 0501 9/23, also mentioned 99.6 FM, this apparently is the dominant COFE here. Heard fairly well several times. (Foxworth) (Fooworth)
- 1520 -COLOMBIA Hadio Minuto stop the freq w/WKHW blanked out in aurors 0530 9/16.
- 1525 -CHINA (Urunchi, I think!) Heard guite well on MM 10/7 at 1137. Loud for a few seconds w/clear flute mx. Then at 1143 cl orchestra mx. Signal became weaker until semi-local EFEN came on at 1200. Loop bearing was perfect for Orumchi, but could be Siberian in same area. Any help? (Reynolds) -UNID Weak fluttery female voice, just barely IDable, w/another carrier about 10 hz spart, exactly on 1525 hrd 0010 9/16 in disturbed condx, soon faded. Maybe China w/a "doughmut hole" reception? (Fooworth)
- 1560 -FUERTO HICO WRSJ San Juan between 0857-0902 on 9/29 w/soul-influenced IA mm and ID by male anor, fighting w/Cuban on same channel. (Clayton)
- 1607 -UNID (Buissora Popular) who is this, no other ID used, IA upbeat may to MoR so, male anor w/frequent mention of "Endsors Popular", loops between Cuba and Venezuela. (Clayton)
- 1610 -MICABAGUA R. San Gristobal, Chinandegs, once varying to 1595, was heard on 10/10,11 around 1610 w/an PHy spur; not hrd on 1595 or 1600. Carrier drops during modulation peaks, the no definite center audible on BFO. Hrd 0315 during "Husica para Recordar" program, beginning at 9 PM; no ads, plays "Tea For Two" as bridge after every selection of dance mx; 0358, ending program "dende los estudios de Badio San Cristobal; buenos noches". No formal s/off beyond that, but short version of NA, followed by brief OC 0359; this on 10/10; also noted w/#Tes for Two" at 0334 check 10/11, not noted on 10/12-13-14.

The Sunspot Gycle - Analysis and Prodiction This is another interesting article from GQ. It is written by T.J. Cohen and P.R. Lintz and appeared in the March 1974 issue, page 24. In this article the authors present a new method of analysis of the sunspot data, that has been recorded on a regular basis since 1750. The method is called Maximum Entropy Spectral Analysis (MEA). It requires no assumptions to be ander regarding the behavior of the data series outside the interval analysed. The only assump-tion implicit in all of the analyses is, that the driving mechanisms for the sunspot cycle, whatever they may be, exhibit periodic behavior. MEAA is of considerable value where short time series are encountered, and the resolution of MEAA is striking, which is demonstrated by an example in the article. Application of MEAA is striking which is demonstrated by an example in the article. Application of the 1-12 month running smoothed sunspot numbers from the years. The latter two periods are separated by 0.01116 cycles/year corresponding to a long-term undulation in the sunspot cycle of 179 years. The existence of a long-term periodicity has been postulated before, among others by Garruthers in 1973, who postulated 178 years. MESA shows however, that this periodicity arises not from a primary long-term excitation function, but rather from interference between two excitation functions having about the same frequency. If the above result is used for predictions, the following results are obtained years. The comparison will herefore not be reached until after 1975, and possibly years. The comparison of North

- - 1982 late ţ maximum its reaching possibly peak, rather broad as late as the summer of 1977! The next cycle will have a rath 1988. minimum around $\widehat{\sim}$
 - 2015. again until around excess of 100 will not be observed again until aroun v be characterized by relatively low sunspot activity щау Ę. t numbers 40 years years sunspot next the and minit Smoothed E 3)

 - KPMC CA 10/6 ID 0500 then mention "More Than Just Headlines", gives background on news, hrd. 3 nets here-ABC-CBS-Mutual (BV)
- 1580 WCLS GA 9/28 Noted C&W, movie AD, & ID 0333-0345 (SHAFT) C&W???-HWB
- *1600 WFRC NC 10/2 W/ RR fair u/ WWRL, s/off 0005 (JF) I've noted s/off at 0058 so this needs watching--HWB
- WKWF FL 10/2 CBS nx 0005,wx,religion to s/off w/ SSB 0011. This one is worth watching in Aurora (KDF) So sked is 0500-0011 now--HWB

Quite a bit of local activity of sorts. After someone did a job on one of our towers WKBN had a couple bricks whipped thru big double doors,6 ft. apart. Then WFMJ got a brick thru big twin-pane showcase window at the new studios across the street from PD. On 10/16 someone hit WTCL & removed some tape machines, remote units, mikes, etc. Similar trouble in Erie & Pittsburgh recently but don't decide to try any similar bits. FBI sez is gonna really hang some of these dudes as an example & just stick the others in jail till they rot.

DICK TRUAX - 3003 Gleeson Lane - Jeffersontown, Kentucky - 40299

DX since last Muse has improved w/20 new loggings in last two weeks. And would you believe there is a new NRC member only two blocks from me? With the addition of Pat Hartlage the Louisville squad now numbers five. DX since 9/17 as follows: 9/17- KDEA-1560 Ark. s/off @ 8:15pm o/WQXR/WDXR duo. MM 9/23-KKAA-1560 S.D. w/c/w * ID @ lam & into CBS NX, should be heard well widely in Midwest. Also, 41st_state logged. 9/30-WEYY-1580 Ala. s/off @ 7:46pm, WGFA-1360 Ill. s/off @ 8:04, KWED-1580 Tex. s/off @ 8:29pm. 10/5- New WQEX-710 Va. noted weakly all day w/rr - may have been on for a while. WESY=1580 Miss. s/off @ 7:300m. MM 10/7- KEMO-1550 Mo. @ 2:51am w/rr on ET, unn KKJO also ETing, WGLB -1560 Wis/ w/ID & TT @ 3:03 killing the Cuban, WSRF-1580 Fla. w/ID @ 3:25am on ET; WCLS was also ETing. CKCH-970 Que. in like a local w/FF IDs & rr, CFPL-980 Ont also in well - both between 4 &4:15. I heard a faint religious format u/OC on 1100 @ 4:20am which had to be much-wanted KFAX in Cal., but only ID heard was WHLI's SID @ 4:25 on III & WWWE s/on @ 4:30 killing any further attempts. I'll try again next week. I really like this CDT zone & will hate to return to EDT on 10727. No sign of CPs on 1430 in Buffalo, Ky, or 1470 in Harlan. Latter verified on trip through Harlan on 9/23. More in 14.

KEN ONYSCHUK - 14031 South Stewart - Riverdale, Illinois - 60627

Nice to see a weekly sked again. Maybe it'll keep a few more guys IXing more often. I enjoy seeing fat DX NEWSes in the mail. Recent DX: 10/1-WPAY-1400 O. Ruckeye #22, w/Reds EB @ 10:20, also WISL N.Y., #18, surfacing w/ID @ 10:23. 10/4-KQYX-1560 Mo. on car RX w/s/off u/WDXR @ Bpm., Mo. #32. 10/5-KFFA-1360 Ark. w/Razerbacks FB o/WSAI-rr in fair @ 9:45; CKLB-1350 Ont., my 40th Canadian, in alone w/rr & WX, IDs from 9:50-10:15. WROC-1280, N.Y. w/NX, WX, ID from 10:30-10:35 in. WNDR-1260 N.Y. w/WX @ 10:43 alone, despite RX in E/W null. Finally on car EX, 10/6, WCPC-940 Miss. w/Gospel mx, s/off 7:20-7:30 in alone. Now that EB is over, I can now concentrate a little more on DXing. Only one regret: I couldn't get an ID out of those 1590 stations doing Brewers RB @ SSS last month. So now I'm in my fourth DX location in three years. See how my new location will change my luck? I've been here only a week, five newies already. I finally got the last NRC Updater - that was a lot of work. Over 400 of 'em. When the next Domestic Log due? With so many changes, the Log Book ean get filled up quick. 73 till next week, I hope.

BRIAN VERNON , Mail Imag 99 - Port Hardy, British Columbia

I have not reported in quite a while. I moved here in April from Leaf Rapids, Man. Totals there, 358/149. I've done quite a bit of DX from here, but othing special logged wavept 40D-1550 6/13 @.8:15am, & KNPI-1270 o/ CHWK B.C. 7/15- At 8:30am, during the Summer, I just came off a two-month strike & did no DXing during that strike but logged JOBD-830 //-JOGD-870 teaching KE lessons 9:32-10am, also R. Peking-1040 w/Cjinese mx @ 10:05am all 10/8. Targets this season, still CFAR-1340 & KMSA-1500 among many - well, one can dream. All times EDT - best of DX & 73. All the best for the season, ERC!

DAVE SCHMIDT - 42 Chelwynne Road - Castle Hills - New Castle, Delaware - 19720

Not much here in the line of DX, just WOSC-1300 on ET 10/5 1:08-1:25am. No veries yet. I had a very interesting phone call from WISL-1480 on 10/7 as the result of a letter with another f/up for reception on 4/24. Bernie Flym, a DJ at the station, gave a call & said he was sorry the past reports had gone unanswered, & he suggested if anyone needs a verie from WISL to send it to his attention, he will see to it you receive a reply. A very friendly person, indeed. Also I think it'd be a good idea to giv WISL a try, I'm sure he'd like to hear from as many areas as possible. He also mentioned return postage is very helpful, so make sure it's sent with the report. Maybe more maxt time? 73. DAVE BUENS - 2137 Cunningham Drive - Hampton, Virginia - 23665

Greetings from Tidewater, Va., land of super-pests WGH, WVEC, WTAR & many others too numerous to list. To re-introduce myself (was a member of the NBC back in the early 60s) I'm 28, married with two children, & a member of the The stationed here at langley AFB. I've been DXing since 1960 when I lived up on Cape Cod, hass where, as ERC would agree, the DXing is great. Unfortunately, I temporarily gave up DKing when I went off to college & later the Service & I just resumed the hobby this past Spring. I guess you could say I fall into the group cited in the Publisher's Corner of the 8/19 DX NEWS, as the NRC was the force that got me going again. While in the AF I've beaily blown it as far as DXing possibilities are concerned as I've been stationed in Germany, Taiwan, Japan, Viet-Nam, Thailand, and on top of a mountain in Turkey and had access to a number of R-390 and SP-600 RXes & some of the best antenna systems available. Currently, I'm using a Drake SW-4A RX & 3' loop Drake pedals along with it, but I'm attempting to build an altaz loop & I hope it will be finished before the season really gets going. Since March I've been concentrating on getting the locals & regulars out of the way & just lately started to get into the real DX. Here's what's been heard lately: 9/14- WSLR-1350 u/pest WKLX @ 12:16am. 9/15-WINT-1270 w/Braves BB @ 1:30am, unn KFI-640 fair w/Cuban nulled @ 2:06 w/NX and talk program; R. Globo-1180 fair 3:17-3:39, & an unID IA poor on 1110 from 4:01 to 4:32. 9/18- ZNS1-1540 over everybody 9:01-9:07pm w/Job Opportunities & ID as Babamas Radio Network. 9/23- WAGL-1560 s/off @ 7:30pm & WIBB-1280 s/off @ 7:45. 9/28- Agadir-Morocco, 935, for second TA from this location 1:54-2:34, WLSI-900 w/NX & a bunch of ads @ 7:30pm & thanks to Auroral CX, a number of IAs Most outstanding was R. Managua-965 @ 11:11pm, R. Capital-1125 @ 11:26 & R. Colossal-1105 @ 11:45pm. Anyways, I hope the upcoming season brings the best of DX to all. 73s (Welcome "home", Dave! Muse often! -ERC)

DAVID E. FOX - 333 Douglass Street - Reading, Pennsylvania - 19601

Despite busy sked I have done some DXing - mostly SSS stuff. Reent log additions have been: 10/2- WNCA-1570 @ 6:50pm s/off. 10/2- WCZN-1570 @ 7pm s/off, IDed as "Solid Gold 16". 10/10- WHTM-1330 6:30-6:40pm w/ABC stuff & spot for Danville Chrysler. WDAD-1450 5:50pm. 10/11- WNIO-1540 6:37-6:45pm s/off w/mention of sister FM, WWIZ. WJVA-1580 @ 7pm s/off. 10/12- WANB-1580 @ 6:35 w/sports, WIIA-1580 w/s/off, & 10/10 WEYY-1580 w/s/off. Recent veries from WKLO v/1 & CM, WTAG w/v/q & nice v/1 w/CM, returned stamp, & WBCM w/v/1 for 6/3/74 reception of their Telethon for the AM Cancer Society. They have unusual s/off @ midnight but were on AN this particular date. Other veries in past month include v/q from WVOJ, KOMA, WKAT, WCHS, WAKR & WSRF. V/1 from WSMD, WYTT WQTW, WMTL, WLIJ & WRHC w/WRIZ CM. Total logged now zt 585, veries have crawled up to 220. I am looking into possibility of DX TEST from CNR-930, 1,000w in Bloomsburg, Pa, very friendly CE there, Bob Fulton, originally from Reading. Notes from Wes Boyd & Dave Schmigt really appreciated. They make belonging to NRC more interesting. To date I have been a rather isolated DXer with little contact with other Club members. I hope to keep active in great Club - good DX.

JAMES E. CHITCHETT - 1103 North Street - Yreka, California - 96097

On 10/6 I returned from a tri through Nevada, Utah, the SW corner of Colorado, NW New Mexico, the E & S parts of Arizona to San Diego and N through the Contral Valley of California back home. These notes were written down shen not in motion. From nearby Durango, Col. no KPAG in Pagosa Springs was heard KHAC-1300 Window Rock, Arize though recently sold, still was on the air with Indian Language religious programs & good mx. In Tucson I heard KTAR-620 W/ABCI NX on the hour, NBC NX on the half hour, & local & sports NX in between. (Sounds like fascinating programming: -ERC) Going through Sacraamento KCRA-1320 said all NX. I listened to the radio more on the road than I do here at home, w/five sets available. MM 10/7 WWWE (Three-W-E) was so strong I took notes for a report from 6:55 to 7:20. At 7:45 KPST-1340, Preston, Idaho s/on. Tues. 10/8 @ 7:58 someone played the SSB but faded out; make this AM (10/9). KAIN-1340 Nampa, Ida. was on top from 8-8:30 10/8 so reported. "Kountry KBBR" CAME ON TOP @ 8:05 Wed. 10/9 & may be the one signing on @ 7 58. The woman talking religion on 1340 from 7:30 heard also by Bill Hardy might be KAIN: I will try again; top AN here on 1340 all week. I know the Hardys & I are not the only WC DXers; come on & report to Ernie, planse, fellows & girls. Best wishes. REMEMBER DEADLINE DATES ARE EVERY THURSDAY. BE SURE TO DOUBLE SPACE!

YOUR EDITOR HAS HAD TO WORK MUCH OVERTIME THESE LAST SEVERAL DAYS AND SO SOME OF THE MUSINGS UNFORTUNATELY HAVE TO BE HELD OVER TO NEXT ISSUE. SAID OVERTIME INVOLVES A LOT OF EYE STRAIN. WITH A TOUCH OF GLAUCOMA, ACCORDING TO OPTHOMOL-COISTS, AND ALL THIS EXTRA EYE USAGE, THE NEW POLICY BEGINNING NEXT ISSUE WILL BE TO TEAR UP ANY SINGLE-SPACED MUSINGS AND VERIE SIGNERS LISTS. WE HAVE ASKED FOR DOUBLE SPACING FOR LO THESE MANY YEARS AND HAVE NONE THE LESS PRINTED THEM, SOMETIMES HOLDING THEM BACK AN ISSUE. BUT FROM NOW ON, SINGLE SPACED MUSINGS WILL NOT BE USED. SO BE SURE TO DOUBLE SPACE WHETHER YOUR WATTE, PRINT, OR TYPE. IN THIS SMALL GROUP OF MUSINGS ALONE, THERE ARE THREE SINGLE-SPACED ONES! SO, REMEMBER, THIS IS THE LAST TIME THEY'LL BE PUBLISHED. -ERC.

BOB FOXWORTH - G.P.O. - Box 2111 - New York, New York - 10001

The ionspheric gods released their grasp on the F Layer Sat. eve 10/12 long enough for a moderately good TA opening to occur, breaking a two-week spell of quite bad CX. Sigmals from Burope peaked around 8pm but by 11 had' turned Auroral, & TAs were gone again. Other good TA dates were 9/23 & 9/9, when a strong sigmal on 1016 was heard @ 8:05pm w/West-African-sounding mx. Richard Wood was sitting right next to me & we both thought it was Morocco with high power but now it seems it was Turkey we heard. I did not hear any ID on my reception. 9/9 was a very good one for the NE, too, w/CEY-990 on top @ 9pm & CED-1110 heard well, along with St. Pierre-1375 at very good level. Also CEMM-740 u/CEL @ 8:30 w/CEM relay, quite distinct & real thrill - this on the LW as well as loop. Even a tentative on VOCM-590 that night!

DENMIS JARRETT - 1499 Shippan Avenue - Stamford, Connecticut - 06902

I'm back at the dials after a period of distractions during the Summer. CX are definitely on the upswing, so here's hoping it's a good Winter. 9/17-WRHC-1550 on s/off in EE 7:30-7:33pm dominating, were in SS till s/ off. Surprise on 9/30 in the form of WEYY-1580 s/off @ 7:45pm; up from the jumble. 10/4 represented great Caribbean opening with SRS-"Radio 725" in like a semi-local from 11-11:15pm in EE & some other language that did not sound like Dutch. Belize-834 11:10 on, w/NX & sports. Sports was all EE w/very Englishaccented gentleman MC. 10/7, 8/ 10, forst TA crack with Agadir-1196 in all three nights after WLIE-1190 s/off @ 7 until approximately 7:30 w/AA mx. I hope many of you ECers were able to log this one. 10/10- First report taken on KKAA-1560 on AN c/w show w/a weak signal, which the loop almost missed. A very good ID @ 5am break for CES NX. WFIG-1290 breaking through @ 8pm. Veries, WEYY WSFW, WRHC. 73s.

BOR SELLECK - 38 Thomas Street - West Haven, Connecticut - 06516

Looks like I didn't make the deadline on last Musing, so this is the first of the season. A good session at George Mass' house led right into a good DX this MM: I finally IDed & logged some of the many IAs I've been avoiding. HJHJ-600 "R. Libertad" IDs u/CMKV @ 1:51am, HJGB-940 Cali, strong @ 2:44; HJCG-1070, "R. Santa Fe" fighting w/WHPE ET @ 3:08, WAPA-680 w/Lord's Prayer in SS @ 5 Otam, WTMA-1250, weak ID @ 5:51am. Who, please, is "R. Sentacion"-830? It muscled WCCO off, I believe it even mentioned being 50kw but I didn't catch any ID or tip-off phrases. Veries in since rejoining in March: WNOX, WCKY, WKIG WSRF, WNDB, WGOE, WHIG, WETT, WRG, WBAP. IA has certainly taken over the Lower half of the dial in the last ten years. Now maybe I can put my BA in SS to work.

ROGER GIANNINI - 1111 Forest Hills Drive - Belleville, Illinois - 62221

What Happened In Toledo You Ask?-Or Would You Believe A Convention $\frac{Report j'}{2}$

By Gary Siegel (Because he was designated to be info man at a pre-convention meeting he was late for)

Toledo in '74 or in actuality Perrysburg in '74 is now history. For those of you who attended this will represent a bit of nostalgia and for those of you who couldn't make it- eat your hearts out or make it to Hartford next year!

As best put by HWB or was it JS, Toledo will not be the same again because the NRC was here but somehow we will survive. The convention began Friday, August 16th with only a tour of WTOD-AM and WKLR-FM scheduled. We had about 15 early arrivals and only 5 members went on the tour, actually 6 if you want to count me, but I imagine a few members will not want to count me so I won't,hi! Anyway it was a fine tour I thought, Lasting roughly about 35 minutes. I believe those attending were, Brian Pitman (thanks for your kind letter-I didn't forget, honest!), George Sherman, Bob Hostettler, Rich Eddie, and Robert (Save the Netherlands) Kramer. After the tour the carload of us picked up Mark Katz at the airport and enjoyed a 15 mile cramped ride back to the motel. Exciting so far!

Don Erickson was our first arrival and helped us put together the convention program. Thanks KDEE!

Saturday was the busy day indeed. At 1p.m. a tour of WTUU (ex-WTTO) was conducted and lasted roughly 2 hours with those attending getting an explanation of the complex day and night patterns that WTUU uses in order to be • legal and be on the air. I would like to acknowledge both Bill Manders of WTOD and Lon Mitchell of WTUU for granting the tours and being patient through all the questions, etc.. After the WTUU tour,my group sought out a drive-in in Maumee, George Greene's group weat back to Ramada, and AL (WAWO) Ogrizovich's group went someplace else or got loss, I'm not sure which.

Technical sessions were held that same afternoon and were conducted by Dave (Ghoti) Fischer and Ron Schatz. I noticed that most everyone was

listening intently and some very good questions were asked. As a matter of fact Russ (RjE) Edmunds had to clarify or assist with some of the explanations because the questions were so good. Audio quality and rapid playback methods of recorded DX were some of the topics handled by these experts.

After a brief recess, the banquet was held and attended by 49 of us. A total of 54 people were registered for Perrysburg '74 according To Frank (Wabash Marion) Merrill. According to this same very trusted person we had a run on the roast beef which was one of the meat selections available. You people don't like fish or chicken? Whatever happened to that boycott on beef anyway? Following the dinner, Royce Woodward of Woodward Frequency Measurements Co. in Mount Vernon, O., gave a well received address on his work and his experiences in radio work. Many questions followed.

The DX quiz- a brain child of Frank Merfill and yours truly was pondered by the "knowledgeable" convention goers. Prizes we awarded for the top two finishers. (A clock and a bathroom scale). Top prize went to Dave Grimm of Akron, a non-member but a DXer nonetheless, Dave was the beneficiary of having his score doubled because he was a non-member. He had a good score even without the bonus. Ron Schatz was second and claimed the scale. (Don't get any heavy DX catches, Ron,hi!) Ron nosed out George Greene by a half a point to get the scale. George would have won it had he not brought his friend Dave to the convention. Seems that Dave had to leave the convention early and was unaware that he had z won first prize. George was forced to swallow his pride and take the prize to Akron and deliver it personally to Dave. Sometimes you just can't win for losing, right George?

The business meeting followed and publisher RjE has those details. The annual NRC auction followed and was handled by "professional" auctioneer and big radio person, Mr. WGL himself, A1 (WAWO) Ogrizovich. He had the pleasurable job of keeping the bidders interested in a never-ending stream of survey packets and old magazines. The highest bid item was a Texas license plate with lettering N R C on it. It was claimed by license collecter Wayne Plunkett for \$8.50. He had to fight Frank Merrill off for it as Frank wanted it, also.

The DXpddition followed and netted yours truly 7 new stations doubling my total for the month. All this while Dan (da midget) Myers was falling asleep in the back of his station wagon. He was awakened by a loud outburst of noise from some surprised listeners when KUUU Seattle was heard with a clear ID well over WAKR. Dan in his determination to hear KUUU forced all of us to stay there 45 extra minutes so that he could hear them, too. That wasn't very nice Dan we were all tired as hell!

That same a.m., according to rumor, Robert Kramer, head of the Toledo-Perrysburg Convention Havoc Committee, is said to have streaked the Ramada Inn. Can anyone verify this? If so you will truly have a unique QSL!

Sunday was a day of departure for many of the members, but for those who stayed Dan (dm- da midget) Myers surprised everyone by staging a prebeverage picnic at his house. Everyone there enjoyed the snacks and drinks he had available.

From there it was on to the beverage site again for some SSS and MM DX. Some good receptions were logged such as KNEB 960, KQAQ 970, KLNG and KTOP 1490. It was a quiet morning except for a persistent cricket who despite repeated attempts at silencing him by Jerry Bond, Bob Hostettler, Frank Merrill and me continued to do his thing. I believe that cricket was doing it on purpose, hi!

Robert Shaffer, a Toledo DXer got off work Especifically to partake of the DXathon but never made it as he could not find anyone at the motel that Sunday evening, (We were all at Dan's but he didn't know it.), and wasn't able to contact anyone who could have told him where we were at. He didn't know the exact location of the beverage site so had to be content with DXing at home. A tough break. Robert, by the way, works at WMHE-FM where Toledo is

16

pronounced Tol-A-do by one of the staff members. He's in the wrong country.

Frank Merrill informs me that he was running around strading radio T-shirts. Literally tearing the shirts off the people's backs! Frank isn't that carrying the collecting hobby a bit far?

In regards to Toledo-Perrysburg being the easternmost "western" convention, this statement was predicated on the fact the Coors beer was imported by Frank Merrill, Dan Myers, and Don Erickson on a visit to Wichita and was served as part of the beverage selection.

In case there is anyone in the DX world who doesn't know about Coors beer, I can't imagine a DXer that doesn't know beer but I suppose there are some, it is made and sold only in the western states, thus the "western" connotation to this convention.

That's Toledo '74 folks and if you missed it wait 50,000 years and it might happen here again (like Comet Kohoutek) or you can attend the '75 NRC gathering in Hartford. See you there. 73s.

FIGHT CONTRACTOR CONTRACTOR CONTRACTOR CONTRACTOR Lebanon denial back to FCC The U.S. Court of Appeals has reversed an FCC order of March 6, 1973, which

denied a petition by Lebanon Valley Radio Inc. for review of a decision by the commission's review board in a Le-banon, Pa-Catonsville, Md., AM pro-

ceeding. The board had denied the mu-

tually exclusive applications of Lebanon

CLIPPING CORNER

Broadcasting, Oct. 7, 1974

Valley and Radio Catonsville Inc., for construction permits for AM stations to operate at Lebanon and Catonsville, respectively. The Lebanon denial was proposed by Hearing Examiner Millard French who had found the transmitter site listed in the application was no longer available and alleged that Lebanon Valley was guilty of misrepresentation. Later, in a civil law suit between the owners of site and Lebanon Valley, a local court directed Lebanon Valley to execute a deed to the land in question. The review board then reopened the record but affirmed Examiner French's denial on grounds that the group's principals had failed to meet FCC standards of "truthfulness and integrity."

In remanding the case to FCC, the appeals court questioned the hearing examiner's findings and said the review board's findings were not supported by substantial evidence.

The following is a complete list of those registered and attenued Toledo-Perrysburg 1974.

54 Members by State and Province

	54 Members by State and Province
Location Number	Names and Cities
California 2	John Clements, North Hollywood; Don Erickson, Riverside
Connecticut 2	Frank Dailey, Preston; George Kass,(West Haven)

New Jersey 3	Bob Stonier, Glen Rock; Russell J. Edmunds, Parsippany; Joseph Fela, South Plainfield
New York 2	Brad Krohn, Buffalo; Jerry Bond, Rochester
North Carolina 1	Dave Fischer, Hickory (R. S. Station?)-dm knows what this means, hi!
Ohio 17	Far and away YOUR LEADER! George Greene & Dave Grimm, Akron, Mr. And Mrs. Henry Wesley Boyd, Girard, Mr. and Mrs. Jerry Starr, Hubbard; Ed "Motley" Krejny, Middle- burg Heights; Geoffrey Fox, North Olmstead; Jim Wallace, Olmstead Falls-Cleveland; the following are all from Toledo: Gary Siegel, Frank Merrill, Dan Myers, Jess Nadel, Richard Roush, Robert Shaffer, William Shaffer, and Fred Vobbe
Pennsylvania 1	Tom Mc Cormack, Quakertown-for lack of a better name.
Virginia l	Al Merriman, Fairfax- his car was safe here, hi!
On s ario,Canada 4	Jeff Falconer, Clinton; Dave Whatmough, Hamilton; Brian Pitman, Kingston; Wayne Plunkett, Weston.

THANK YOU ALL FOR COMING AND WE HERE IN TOLEDO HOPE YOU ALL HAD A GOOD TIME !!!

Another meeting of the Southern California Area DXers!

Yes, all DXers are invited... to... exciting POWAY!

The big date is Saturday November 23, from nine AM until whenever. One day only- this is the Saturday before Thanksgiving weekend.

See an actual radio club put out an actual bulletin! See exciting Poway! See all kinds of groovy receivers, electronic gadgets, and your favorite DXer friend! (Can you dig it??) See John Kolb clean up his DX shack so you can get into it!

For further information, contact either John Kolb, at 12532 Arabian Way, or myself at the above. Phone numbers are: John 748-6405 Grant: 748-6538 566-1264

There will be a \$1.50 "registration" fee at the door, or before, which ever is convienient.

Please let us know if you plan to attend!!

Attached is a map, hand drawen even

- WHEN ?? Saturday November 30 at 12 noon to Sunday December 1 at 6pm.
- WHERE ?? The Mountain Motor Inn. Route 46 Eastbound, Rockaway, N.J.
- HOW MUCH ?? Registration fee, which pays for the meeting room, will be about \$5.00 per head. If you wish to sleep over, contact the Motel directly. Meals will cost you extra, hi.
- WHY ?? The NRC has sort of traditionally held a Thanksgiving Get-Together in the New York City area for many years. You get to meet other NRC'ers, discuss DX & related topics, see some equipment, DX in North Jersey, etc.
- HOW DO I GET THERE ??
 - ** From PA & points west via I-80: Leave I-80 at the Rockaway-Hibernia exit, and follow the signs to Route 46 Eastbound. Follow Route 46 a few miles past such places as Rockaway Sales & Shoetown until you see the Mountain Motor Inn on the right.
 - ** From NYC & points North & East via I-80: Leave I-80 at the exit marked "Cherry Hill Road, Route 202, Mountain Lakes". Follow Cherry Hill Rd. to Route 46 West, where you turn left. Follow Route 46 about 6 miles thru Denville, and back under I-80 again until you come to the Mountain Motor Inn on your left.
 - ** From Points South: Either take the G.S. Parkway or the N.J. Turnpike North to I-287. Follow I-287 North through Morristown (we anticipate that the road thru Morristown will be done by then, if not, follow the signs back to I-287) to the exit for Route 46 and I-80 East. Go directly to Smith Rd., and thence to Route 46 West. Then follow the directions above for coming in from the east, except that it's a mile yet to get to the aforementioned Cherry Hill Rd. from where you get off I-287.
 - ** From New York State, Western Mass., and other points North: Follow the Harriman (N.I.) Thruway to the connection to the Garden State Parkway South. Proceed to the exit for I-80 West, and follow the directions for coming from the East; OR Proceed South on I-81 to its junction with I-80 in PA and follow directions in from West; or if you really want to see some scenery, follow U.S. 202 South from Houte 17 to Rout h6 and proceed as for directions from Points South, or take N.J. 23 South from High Point or thereabouts to N.J. 15, and then south to Route h6, and follow it via directions for westward-origination to the place.

BRING YOUR RECEIVER, LOGBOOKS, VERIES, TAPES, TAPE RECORDERS, SLIDES, PROJECTORS, AND OTHER DX STUFF IF YOU LIKE.

There is a restaurant and bar in the motel, and there is a less-expensive, and pretty good pankake house just below it. There's also a cocktail lounge and package store across Route 16, and there's a smallish Lafayette Radio affiliate store next to that. Nearby Denville sports a very good retail electronics supplier, as well as our illustrious printer's shop.

MAKE YOUR PLANS NOW TO ATTEND, BUT BE SURE TO LET US KNOW AT HEADQUARTERS IF YOU ARE COMING, AS WE NEED TO KNOW HO MANY FOLK TO EXPECT. HOPEFULLY EVEN SUCH MYTHICAL CREATURES AS BOYD, STARR, MERRIMAN AND MUSCO MAY BE THERE !!!

Five Major Languages Broadcast from Cheju Station in, Director

of Program

by Carl Lan

HLDA is more than a radio station. It is a twenteth century electronic circuit riding preacher, whose working parish includes homes, factories and farms in China, the Soviet Union, Japan and Korea.

Located on the island of Cheju, off the southern-must tip of Korea, HLDA radiates the Gospel with 250,000 watts of power on the A.M. band, For the sake of comparison, it is five times more power-tial than any commercial A.M. station operating in the United States. HLDA breadeds in five major lan-guages: Mandarth to Chino, Russian, Korean, Japanese and English. The transmitter comes to life at 500 A.M.

broadcasting two hours to Kores, three hours to Chins, two hours to the Soviet Union and one hour to Japan for a total of eleven hours and thirty minutes, signing off at 2:35 in the morning. with two and one half hours to Mainland China and one hour of English to Korea. It returns to the air at 630 in the evening.

One of the programmers stationed on locarly Cheju-do is Samuel Wang, who along with his write and two children, etc and eight years of age, left their comfort-

able home in Taiwan to undertake the job of Chinese Program Disvetor for HLDA. He is not only on the air every day 'Thoe' to China, but he also edits and coortinates the other languages as well. It is a difficult task and not the world's most ideal location in which to raise a family. But, the other day it all became worthwhile—Samuel got a letter from a listener in his hometown, Peking, the Peoples Republic of China.
