WHO IN THE WORLD

MARCH 27, 1971

At Right, Grammy, Who Celebrated Her 13th Birthday Last Week with Record Industry Awards Dinners in Hollywood, New York, Chicago, Atlanta and Nashville—and the First Telecast of the Annual Ceremonies. Complete Coverage (Including All Winners) in This Issue.

PICKS OF THE WEEK

SINGLES

THE JACKSON 5, "NEVER CAN SAY GOODBYE" (Jobete, BMI). There's no stopping these brothers! No question that they'll get right back to the top again with this melodic new one—just another addition to their list of greatest hits. B/w "She's Good" (Jobete, BMI). Motown 1179.

SLEEPERS

JOE TEX, "I KNEW HIM" (Tree, BMI). Joe Tex is back and better than ever. His new one represents a bit of a departure; it's a gospel-toned inspirational number that has the feel of a runaway once it gets started. Fits most any together format. Dial 1001 (Mercury).

ALBUMS

GLEN CAMPBELL, "GLEN CAMPBELL'S GREATEST HITS." This potential blockbuster contains "Gentle on My Mind," "Wichita Lineman," "By the Time I Get to Phoenix," "Galveston," "Where's the Playground Susie," "Try a Little Kindness," others. Capitol SW 752.

THE DOORS, "LOVE HER MADLY" (Doors, ASCAP). Something new and long-awaited from the group that is excitement personified. Terrific new rocker is bound to generate heavy sales wherever it gets played—sounds like it will rank among their best single songs. B/w "(You Need Meat) Don't Go No Further" (Arc, BMI). Elektra 45276.

STAMPEDERS, "CARRY ME" (Corral, BMI). The label is getting red hot and this proven Canadian hit should add some highly combustible fuel to the fire. Country rock sound with a prairie flavor should do good business here in short order. B/w "I Didn't Love You Anyhow" (Corral, BMI). Polydor 2-14060.

THE PARTRIDGE FAMILY, "UP TO DATE." The popular tv "family," featuring Shirley Jones and David Cassidy, sing their "Doesn't Somebody Want to Be Wanted" along with other songs by Tony Romeo, Gerry Goffin and producer Wes Farrell. Bell 6059.

REDEYE, "RED EYE BLUES" (Screen Gems-Columbia/Dimension, BMI). The surprising "Games" group is back with a follow that's going to establish them firmly in the public's mind. This one is a bit more down home but those great harmonies remain. B/w "The Making of a Hero" (Screen Gems-Columbia/Dimension, BMI). Pentagram 206 (MCA).

ADAM ROGERS AND THE ELEVENTH VERSION, "JESUS MADE ME HIGHER" (Grob, ASCAP). Jesus is literally taking the place of drugs as subject matter in quite a number of new songs and most graphically in this one. Big choral treatment should drive the message home. B/w "Put Your Hand in the Hand" (Beechwood, BMI). Crewe 602 (Bell).

CAROLE KING, "TAPESTRY." Carole King, the songwriter, is turning out to be Carole King, the performer. She is the best interpreter of her songs, many of them written with Gerry Goffin a few years ago. Songs and album will be around a while. Ode 70 SP 77009 (A&M).

CANDI STATON, "MR. AND MRS. UNTRUE" (Pocket Full of Tunes/Jillbern, BMI). What's this? Mrs. Clarence Carter singing a Tony Wine-Irwin Levine song sounds just right! She's proven she has the knack with a string of winners and this one should hit fast. B/w "Too Hurt to Cry" (Fame, BMI). Fame 1478 (Capitol).

BOBBY VINTON, "I'LL MAKE YOU MY BABY" (Screen Gems-Columbia, BMI). Some rewording is done on Barbara Lewis' classic "Make Me Your Baby" to good advantage for Bobby. The soft sound that seems to be selling is right up his alley. Fine Billy Sherrill production, too. Epic 5-10711.

THE STAPLE SINGERS, "THE STAPLE SINGERS." The Staple Singers march to the tune of a very funky drummer on this package which has a freedom and love theme underlying it. Includes "Heavy Makes You Happy (Sha-Na-Boom Boom)." Stax STS 2034.

Concerts Take on New Visual Light

■ NEW YORK — The James Taylor concert at Madison Square Garden recently was notable for more than the artistry of the Warner Bros. performer.

It was also notable for the closed circuit television coverage provided by Joshua Television, which is presided over by Joshua White, who, until just about a year ago, headed the Joshua Light Show.

Perhaps the most interesting facet of the Joshua Television coverage (the Taylor concert was the eighth White has shot

in about as many months) is the re-shaping of the traditional concert it has the potential to achieve.

For in televising the concert on a screen above the stage (which is what White does), White is offering the patron a choice of two shows to watch—the live show or the televised one. And in choosing camera angles to show on the screen, White is interpreting the concert for the viewer, choosing a way to “see” the performer in concert.

In trying to make the intimate performer more accessible to audiences in large halls, (which seems inevitably a trend in itself now that the emphasis is swinging toward the solo performer and the solo performer is finding it attractive to perform where the gross is as large as possible), White might find himself contributing more than the missing intimacy. He might find himself in the position of creating a new art form.

To discuss his work, which

he calls “video magnification,” and its real and possible effects, White came to Record World last week. “I’m glad that James Taylor decided to use our video magnification,” he began, “because when an artist of his importance does something, other people tend to follow him. What I’m doing is amplifying an artist visually just as the sound system amplifies him aurally.”

“I’m experimenting in television,” he went on, “and there

N. Y. Lieberson Evening Just Another Night with NARAS

By DAVE FINKLE

■ NEW YORK—Well, you can say one thing about this year’s local NARAS event, which was held at the Americana’s Empire Ballroom and in adjoining rooms: it was better than last year’s.

Of course, that’s not saying much; but, in fairness, it did seem that the NARAS board had some heavy problems to solve when it was learned that the New York fete would not be telecast.

Suddenly it seemed that New York NARAS would have to compensate for a mass case of rejectionitis on the part of the local gentry.

A special event, “Half an Evening with Goddard Lieberson and his Friends,” was concocted as the attraction to get people away from their home television sets and out to a get-together. (It could be argued that if nothing special had been planned, local members would have preferred to stay home.)

Lieberson Tribute Looked Like Ruse

The tribute to Lieberson, however, was ill-conceived, and looked as if it were really no more than a ruse to get the venerable and innovative record executive to emcee the occasion and thereby supply it with the elegance so frustratingly elusive year after year after year after . . .

Things didn’t work out as planned and from the evening’s introduction—slides with an accompanying resumé of the Lieberson career read by NARAS Vice President Father Norman O’Connor (and did my ears deceive me or did the hip Father O’Connor consistently pronounce Lieberson as Lieberdson?)—the obeisance to the CBS exec lacked the elegance of the man.

(Lieberson’s grace was the one saving grace, since he continued what turned out to be his chores with an appealing jaundiced attitude and a self-effacing humor.)

The public issue became effective on Friday, Feb. 26, 1971.

The party was held at the Harmonie Club in New York. Principals of Integrity are Lee Hartstone, President; Ben Bartel, Vice-President; and Lou Fogelman, Treasurer. All were present at the affair.

Scepter Challenges Settlement Story

■ In a heated challenge to a story which appeared in last week’s Billboard (March 20) which purported to describe a settlement between Scepter Records and Blue Jac, Scepter spokesmen claimed “a deliberate omission of facts and that such omission can only be construed as an attack on Scepter’s business practices and image.”

They said, however, that they wanted it absolutely clear that Scepter takes issue only with Blue Jac’s attorney (Eastman and Eastman) and not with Blue Jac’s principals. Upon learning of the publication of

Kinney-Filipacchi Distributing Kinney Labels in France

■ Nesuhi Ertegun, President of Kinney Music International, and Daniel Filipacchi, prominent French magazine publisher, have announced that agreement has been reached for establishment of Kinney-Filipacchi Music, S.A., to act as licensee and distributor of the Kinney record labels in France, commencing July 1, 1971.

The Kinney record labels include Atlantic, Atco, Cotillion, Warner Bros., Reprise and Elektra.

Ertegun said that Kinney "was indeed fortunate to have attracted Mr. Filipacchi to participate in and serve as President-Director-General of our new French record operation. We are confident that, with Mr. Filipacchi at its head, the Kinney-Filipacchi company will be

able to develop a strong French repertoire."

Filipacchi, who will continue his activities in his publishing business, which includes among its 12 publications *Lui* and *Salut les Copains*, has had previous connections with the music business. He has served in various capacities with a number of other large record companies and was for several years a leading radio personality in broadcast music.

"I am delighted," Filipacchi said, "at the association with Kinney. I have long admired the vitality of their labels and that is why I have agreed to return to the music business. I am confident that we will be producing the music that France will want to hear."

Kaffel to Join Fantasy As Executive VP

■ BERKELEY, CALIF.—Ralph Kaffel, President of California Record Distributors in Los Angeles and Vice President of National Tape Distributors, Inc., will join Fantasy Records as Executive Vice President shortly, announces Saul Zaentz, President of Fantasy.

A youthful veteran of the record business, Kaffel also formed United Tape Corp. in

1965 becoming the first all-tape distributor in Southern California. In 1961, he and Jack Lewerke formed Merit Distributing to handle Atlantic product in Southern California. They also formed Hitsville, Inc., for the sole purpose of distributing Motown Records product in 1963.

In June, 1969, the various companies merged with National Tape Distributors, Inc., and shortly thereafter NTD purchased Music Merchandisers of America, Inc., and Record Departments, Inc., both of Los Angeles, and Kaffel became President of the new

Jubilee Seeks Piracy Action Against Tape-Tronics

■ NEW YORK—An action is pending in the Supreme Court of the state of New York, County of New York, filed by Jay-Gee Record Co., Inc. (also known as the Jubilee Group), against Tape-Tronics, a Michigan corporation.

Through the action, Jay-Gee Record Co., Inc., is seeking recovery of money damages, an accounting and a permanent injunction against Tape-Tronics, a tape duplicator, charging that Tape-Tronics has without authority or Jay-Gee consent duplicated Jay-Gee product, specifically that product appearing on the Raw label by artist Wild Man Steve.

The suit charges that Tape-Tronics illegally duplicated two 8-track Wild Man Steve tapes, has sold and is selling them to distributors who are not affiliated with Jay-Gee Record Co., Inc., and is flooding the market with product.

By the suit, Jay-Gee Record Co., Inc., seeks monetary damages in excess of \$500,000.

Steve Blaine, President of Jay-Gee Record Co., Inc., pointed out that the company's comedy catalog which the label itself duplicates in all tape configurations "has enjoyed astronomical success over the

THE GLASS HARP EPIDEMIC

The Glass Harp epidemic began about two weeks ago in Ohio and has been spreading so rapidly it has already affected some 36,000 in Cleveland alone. There is conclusive evidence to suggest that a new rock group "Glass Harp" is responsible for this epidemic. The release of their LP coincides almost exactly with the outbreak of this phenomenon.

Is Unauthorized Tape Duplicating Illegal?

■ HENDERSONVILLE, TENN. — The following is a *Record World* exclusive interview with tape duplicator Autry Inman. Inman is currently under temporary injunction issued by the Chancery Court at Hendersonville, Tenn., which prevents Inman from further duplication of CBS product on Epic and Columbia. At the time of this interview, legislation had been introduced in the Tennessee State Legislature which would make operations such as Inman's a felony punishable by fines up to \$500 and/or imprisonment of up to three years.

The CBS injunction and the pending legislation were both spearheaded by Columbia Records Custom Recording Division Nashville Chief Cecil Scaife, who is Chairman of the Legal Committee of the Nashville Chapter of NARAS.

Record World: Autry, there's been a lot of trade press space given to the tape piracy and bootlegging practices and it's all been the record companies stating their position and what they think. We'd like to hear the other side of it. What can you tell us about your operation and what you plan to do in the future? What is the current court action that's going on?

Inman: Well, let's take it like you said it—piracy and bootlegging. First of all, I don't know anything about either one of those things, nothing whatsoever. I assume that when they talk about piracy and bootlegging that they're referring to counterfeiting, I guess, because they certainly can't be referring to what I'm doing. It's neither piracy nor bootlegging; what I do is as legal as what they do, otherwise I wouldn't be here, right?

Record World: Do you consider your operation under the realm of counterfeiting rather than piracy?

Inman: I don't, I don't. I definitely don't consider it under the realm of counterfeiting at all. I say when they refer to piracy or bootlegging, they evidently are thinking in terms of counterfeiting because what I'm doing is neither piracy or bootlegging, and naturally it's not counterfeiting either, even though I realize I've been accused of all three. But what I'm saying is that what I'm doing is neither of those things and the people who call it that are, well, let's just say they can't have possession of the facts of the law. If they did check the law, they would know what to call it.

Record World: How do you explain your operation?

Inman: How do I explain my operation? Well, let me get a little clearer understanding of the question. You mean how do I explain how I can operate?

Record World: No, for the people that may be reading this and are not familiar with what you're doing, how you're doing it and what the immediate court action is. Could you get into that?

Inman: Now, what I do is simply to buy bulk tape and cartridge parts and manufacture them from there. I start with just raw tape and cartridge and I do everything here. In regard to the question about what problems are presented by the courts, there are no problems presented by the courts. I've been ready to go to court on this CBS thing since the day the injunction was served but haven't been able to get there yet, but I know what they're waiting for; it's very evident what they're waiting for. They're waiting for the state legislature to do their work for them, which I understand they've made arrangements for. But in answer to your question about problems presented by the courts, there are no problems because nobody's breaking any laws.

Record World: What is the basis of CBS' injunction?

Inman: Well, they haven't been very specific on what the basis of their injunction is. My attorneys are pretty well stumped as to how the thing really was issued in the first place. But, of course, that's not for my attorneys to say, nor for me or anyone else. The judge or chancellor who signed it had his thoughts on

it and whatever they were, I don't know. But anyway, you say what is the basis; I don't really have the answer to that because they were far from specific and far from being clear on why they were requesting the injunction to begin with. About the only allegation they made was that the operation was illegal, unlawful; they did use those terms. Then again, somebody didn't do their homework in respect to the law, to find out what is illegal and unlawful. Therefore, the allegations in the original bill are simply false and erroneous.

Record World: What phase of your operation does CBS consider unlawful and illegal?

Inman: They haven't said as yet. Well, I guess they did say, too. I suppose that what they were saying is the act of duplicating from one tape to another is illegal but there again, it's their mistake. It's not illegal.

Record World: You said your business today is manufacturing tape cartridge parts?

Inman: No, I said we take the cartridge part and we take the raw tape and we build the entire finished product from scratch.

Record World: Now, where does the creative product come from? Do you actually create product here at your operation?

Inman: Do we create what? Are you asking do we do recording here? No, we do no recording here, this is not a recording studio. We have reproduction facilities only.

Record World: Where do your studio productions come from?

Inman: Just wherever a particular thing is made. You're leading me on here, but I'll tell you just exactly what it is. It doesn't have to be in the form of a roundabout type question. I go to a record shop and I buy what I want to reproduce, and go from there. I don't need a sound studio. So ask your question straight out.

Record World: Now that we've established what you do here and established a way to approach the subject we must note that the industry is angry about the duplicating of record company product without permission of record companies. Now your operation is based on this, and there are no laws on the books in the State of Tennessee that keep you from doing this today.

Inman: Today. Tomorrow, a different story.

Record World: Do you see any need or any reason why federal copyright laws should be changed in any shape, form or fashion? Or should they remain the same so that an operation such as your own is not illegal?

Inman: That's the only way it can be made illegal, I'll say that. It can't be made illegal by some state passing a law against it, even though this is in the process of being done in Tennessee and just has been done in Arkansas. I've got a copy of the bill here on my desk right now. The governor of our neighboring state signed a law which was sent on an emergency basis through the legislature just a few days ago and the governor has signed it already. It's a situation whereby somebody who has no jurisdiction is trying to take on themselves power they cannot assume. They've passed a law and it can be repealed because it's an illegal law and any law that's passed in this state will be likewise an illegal law.

Record World: You've been a songwriter, right?

Inman: Right. A poor songwriter.

Record World: And you've been an artist so you can look at it from a songwriter's standpoint. Are our copyright laws adequate and is there anything to tape piracy bootlegging that we hear so much about? You can look at it from the creator's point of view as well as from the manufacturer's.

Inman: Yes, I certainly can and do every minute of every day.

Record World: As a writer, how do you look at duplicating tape and payments of royalties?

The Twelve Inch Salesman

By FRANK DANIEL

Art Director,
Pickwick International

Frank Daniel

■ The world is changing and information, manners, mores and morals are in a constant state of flux. The record buyer of today is not the same person as of a decade ago. He has been bombarded with every stimulus and image via films, television and print. The psychedelia of the turned-on generation lives uneasily with the backward look of nostalgia now inching back—and it now

feeds into the 12" area of today's record cover. The record buyer is influenced by these images and triggered into an impulse sale if your design works.

Creative producers have proven that the only musical trend is no trend at all—every type of recording is a potential hit if it's done properly. At Pickwick, our business is dependent on grabbing the attention of an impulse shopper and motivating him into a purchase, often with only the cover to act as salesman. We're under more duress to produce covers that work than even the full-price labels with their expensive point of purchase displays, heavy use of sales aids and over-staffed art departments.

No Stereotypes

Our approach has been to make our graphics fit the sound, and we let no stereotypes or "safe" formulas get in our way. We recently released an economy-priced version of "Jesus Christ—Superstar" which will probably be one of the biggest selling Pickwick '33 albums ever released. We felt that the purity of the subject required simple elegance and held to two

colors—blue and metallic gold. For "Love Story," which is essentially a tear-jerker, we stayed with three process colors—red, blue and black. We pulled the process yellow plate to get the purple duotone which is a contemporary color and at the same time conveys mourning—creating a dramatic visual effect among the fruit salad colors of the surrounding competition. I'd like to see a lot more experimentation in color and inks—substitution of fluorescents or metallics to get out of the full color trap that reduces every brilliant cover to a whisper.

Bored with Clichés

Last year we released an album titled "Ebb Tide" by Frank Chacksfield. I felt the public was bored with all the obvious clichés of girls at sunset, etc., plus the nation was having a rebirth of interest in ecology and the rediscovery of earth. Our cover for this release featured an extreme close-up of wet pebbles against swirling waters (photographed by myself in the dead of winter in frozen Shelter Island). This record is selling very well for

us and won an award at the New York Art Directors show. For our Rod McKuen album, we matched in sensitive line drawings what McKuen was saying in his poetry. That took an award at the Society of Illustrators show for the artist, James Spanfeller—and is a great seller for us.

Excellent Feedbacks

Another area in which we are fortunate is that we have IBM survey systems through our rack jobbing accounts that give us an excellent and rapid feedback that we've learned how to interpret in light of the effectiveness of our covers. We learn from our mistakes just as we do from our winners.

At Pickwick, I've been most fortunate in that Ira Moss, President of Pickwick International USA, has given me a free hand with graphics and "Bugs" Bower, who directs our A&R, is extremely creative in his choice of material for our releases. For Pickwick, creativity has made that 12" salesman our hardest and most successful worker.

London Sets Special Ronnie Aldrich Promotion

■ London Records has blue-printed a major merchandising drive to tie in with a projected whirlwind fortnight visit to the U. S. by the British pianist Ronnie Aldrich. Aldrich records for London's phase 4 stereo line, which is to issue a new two-LP package by the artist coincidentally with the start of the tour in New York on April 19.

The artist, who features a

twin-piano styling in his recordings, already has 16 albums in his phase 4 stereo catalog. The newest set, the first dual-album package he has had released, will carry a special suggested list price, according to Herb Goldfarb, London's Sales and Marketing Vice President.

The tour will include saturation promotional visits to New York, Los Angeles, Chicago and

Atlanta. In each of these cities, special receptions are planned for press and radio and TV people, during which Aldrich will stage 25-minute demonstrations of the distinctive recording technique under which he performs on record as a twin pianist. Also in several of the areas, Aldrich will do guest television appearances, on both regional and national shows.

The full-scale merchandising

program mapped out by London includes stickers, streamers, mini cover glossies, press kits and sample albums and special salesman's order pads. Also, there'll be a heavy distribution of LP samples to middle of the road stations. The promotion is nationally geared and brings into play the entire coast-to-coast London staff of regional promo men and district sales representatives.

Buddah Backs Up Product With 'Eye Specialist' Pack

■ NEW YORK—Special point-of-purchase materials are being used by Buddah Records as a "street follow-up" to the label's current album product.

Eight artists posters, six product streamers and four browser dividers have been sent to the label's distributors and promotion men for utilization

by dealers, retailers and radio. The artist posters, measuring 17" x 22" are black and white mezzotint designed for point of sale value. Artists featured are Melanie, Brewer & Shipley, Stairsteps, Isley Brothers, Impressions, Biff Rose, Albino Gorilla and Curtis Mayfield.

Product streamers, easily ap-

plicable to dealer or store windows, measure 10" x 20" and feature Captain Beefheart, Lovin' Spoonful, Melanie, Buzzy Linhart, Brewer & Shipley and Biff Rose.

The quartet of 12" x 15" browser dividers for retail display feature Biff Rose, Melanie, Brewer & Shipley, Curtis May-

field and the Impressions. In addition, half-tone reprints of all product are available.

"The product itself takes care of the ear. The artists and producers are the ear specialists. The point-of-purchase materials are the eye specialists," said Milton Sincoff, Director of Creative Merchandising and Packaging.

EMITT RHODES—Dunhill 4274

LIVE TILL YOU DIE (Thirty Four, ASCAP)
PROMISES I'VE MADE (Thirty Four, ASCAP)
 "Fresh as a Daisy" did well and this cut from the amazing Emitt Rhodes album will do even better. Some will dig it more than "Another Day."

THE ARCHIES—Kirshner 63-5011 (RCA)

THIS IS LOVE (Don Kirshner-ATV, BMI)
THROW A LITTLE LOVE MY WAY (Don Kirshner-ATV, BMI)
 The all-time Saturday morning favorites are now produced by Ritchie Adams and Ron Dante. They have come up with a cute, breezy winner here.

BILL DEAL & THE RHONDELS—Polydor 2-14061

19 YEARS (EVERYTHING I DO IS WRONG) (Famous, ASCAP)
SEA OF LIFE (Jan, ASCAP)
 This represents a real departure for Deal. Very polished number with excellent harmonies and a Chicagoesque arrangement is a far cry from "May I?"

STEEL RIVER—Evolution 1037

(Stereo Dimension)
WALK BY THE RIVER (Belsize Park, BMI)
IF YOU LET HER KNOW (Belsize Park, BMI)
 The Canadian group that did well with "Ten Pound Note" have a new one vaguely reminiscent of "Let It Be" with a sparse arrangement. Possibility.

BO DIDDLEY—Checker 1238 (Chess)

THE SHAPE I'M IN (Canaan, ASCAP)
POLLUTION (Bo-Kay/Heavy, BMI)
 Levon Helm sounds a bit like Bo, so Bo certainly sounds like him on this Band song. Where is that old Bo Diddley beat?

THE MAIN INGREDIENT—RCA SPS 45-253

SPINNING AROUND (I MUST BE FALLING IN LOVE) (L.T.D., BMI)
 Track from the group's "Tasteful Soul" album is a heavy request item. Soft soul sound goes beyond R&B with MOR and pop potential destined to be realized.

HENRY MANCINI—RCA SPS 45-252

WHISTLING IN THE DARK (Holmby/Famous, ASCAP)
 Mancini follows his "Love Story" success with another movie theme. This one is from "Darling Lili" and is an Academy Award nominee.

DOROTHY MORRISON—Buddah 220

(IT'S SO BEAUTIFUL) ON TOP OF THE MOUNTAIN (East/Memphis, BMI)
PEACE BROTHER PEACE (Screen Gems-Columbia, BMI)
 Rhythmically, this has much in common with "I Hear It Through the Grapevine." Hypnotic soul sound to happen.

WILLIE MITCHELL—Hi 2190 (London)

TOO SWEET (Jec, BMI)
REST (Jec, BMI)
 Tasty new groove from Mitchell who can always be counted on for the best in instrumentals. Fills in those playlist holes.

LOWELL FULSOM—Jewel 818

MY BABY (Su Ma/Little M, BMI)
BLUESWAY (Pollyday, BMI)
 Here's one of the most consistent blues artists around. This one finds him in a mellow groove. Flip is a terrific instrumental.

THE BOX TOPS—Bell 981

KING'S HIGHWAY (Rosebridge, BMI)
SINCE I BEEN GONE (Press, BMI)
 It's been a long time since these guys hit but that could change right now. New one written by Wayne "The Letter" Thompson is fresh pop stuff to hit.

JO MAMA—Atlantic 2789

SAILIN' (Portofino-Sho' Nuff Walden, ASCAP)
 The band that is part of James Taylor's musical family has a breezy rolling sound that is a refreshing change of pace from the pretentious "heavy" stuff most groups are putting out. Try it.

TOMMY ROE—ABC 11293

PISTOL LEGGED MAMA (Low-Twi, BMI)
 Roe is bound to get hot again and this should do it for him. Heavier than his usual fare, he's moving with the times and will get action as a result.

HOG HEAVEN—Roulette 7101

HAPPY (Big Seven, BMI)
PRAYER (Big Seven, BMI)
 Most requested cut from the group's hot new album. Group has a kind of cosmic country sound with rough hewn vocal work. Progressive music that Top 40's dig.

THE TYMES FEATURING GEORGE WILLIAMS—

Columbia 4-45336
SHE'S GONE (Twin Girl, ASCAP)
SOMEONE TO WATCH OVER ME (New World, ASCAP)
 The group that immortalized "So In Love" is back, sounding stronger than ever. Dramatic performance could put them in the spotlight again.

LOU JOHNSON—Volt 4055 (Stax)

FRISCO HERE I COME (Marsaint, BMI)
WHO AM I (Marsaint, BMI)
 Nice slice of progressive R&B that's dynamic in many ways. Terrific production by the Toussaint-Sehorn team. Allen Toussaint wrote it, too.

BROOKS O'DELL—Mankind 12000 (Nashboro)

PREDICAMENT #2 (Jerry Williams, BMI)
TURN MY WORLD AROUND (Jerry Williams/Excellorec, BMI)
 First single from the Jerry Williams-Nashboro deal is a mellow debut. The "predicament" is the classical wife and girl friends dichotomy.

ROGER MILLER—Mercury 73190

TOMORROW NIGHT IN BALTIMORE (Tree, BMI)
A MILLION YEARS OR SO (Tree, BMI)
 Look for C&W/pop crossover on Miller's new one penned by Kenny Price. Story of a burlesque dancer is unique to say the least.

JIMMY DRUIETT—Vanguard 35132

JESUS MADE ME HIGHER (Grob, ASCAP)
That song again; this is really going to be a horserace. This guy sings the anti-drug pro diet song with remarkable clarity.

JUSTUS TARMAR—Abnak 152

JESUS MADE ME HIGHER (Grob, ASCAP)
MAY THE CIRCLE BE UNBROKEN (P.D.)
 Looks like this song is going to be a hot publishers' property. This version is a very polished production that stands a good chance.

ANNE MURRAY—Capitol 3082

PUT YOUR HAND IN THE HAND (Beechwood, BMI)
IT TAKES TIME (Beechwood, BMI)
 Too bad that this wasn't pulled from the album sooner, but there are just too many versions around. Anne's was recorded first—and it's probably the best. Better late than never and there's still a chance.

COLD BLOOD—San Francisco 66 (Atlantic)

UNDERSTANDING (Grossboy, ASCAP)
 Another power-packed performance from Lydia and the guys. Terrific Memphis sound from San Francisco.

ROD STEWART—Mercury 73196

COUNTRY COMFORT (Dick James, BMI)
 Just about every track has been pulled from "Gasoline Alley" for single service. Elton John-Bernie Taupin song is just about the strongest, thanks to instant recognition.

SAM DEES—Chess 2109

CAN YOU BE A ONE MAN WOMAN (Coyote/Moonsong, BMI)
PUT YOU BACK IN YOUR PLACE (Coyote/Moonsong, BMI)
 Check out this excellent new ballad featuring the smoothest of approaches and productions. Soul that can go pop.

JUDY LYNN—Amaret 131

MARRIED TO A MEMORY (United Artists, ASCAP)
 Judy will do well with this gentle Alex Harvey song. Easy listening country-tinged type of thing that could do tremendous business if the brakes are right.

LLOYD PRICE—Scepter 12310

HOOKED ON A FEELING (Press, BMI)
IF YOU REALLY LOVE HIM (Muscle Shoals/Cotillion, BMI)
 Lloyd returns via Muscle Shoals with the great song that was a winner for B.J. Sounds like he's onto a winner; welcome back.

FIVE FLIGHTS UP—T.A. 212 (Bell)

LIKE MONDAY FOLLOWS SUNDAY (Cents & Pence, BMI)
 Soft rock deluxe. This group has come close in the past and keeps coming up with good stuff like this. Perhaps, perhaps.

JEF JAISUN—Cantbustem (Studio 10)

FRIENDLY NEIGHBORHOOD NARCO AGENT (Steamboat-Gothic, ASCAP)
IT'S RAGTIME/SIERRA SATURDAY (Steamboat-Gothic, ASCAP)
 Far-out commentary on the workings of the undercover guys is an underground classic in the S.F. area. Could be the basis of an "Alice's Restaurant" type cut.

JOE WILSON—Dynamo 147 (Musicor)

SWEETNESS (Malaco-Alotta, BMI)
WHEN A MAN CRIES (Malaco-Alotta, BMI)
 Here's some of that funky soul from Jackson, Miss., produced by the people who produce King Floyd. Very tasty indeed.

THE INTRIGUES—Yew 1012 (Golden)

THE LANGUAGE OF LOVE (Van McCoy, BMI)
I GOT LOVE (Term, BMI)
 Guys have a good group sound that is just about the sweetest soul around. Van McCoy-Joe Cobb production.

Artie Wayne, Mel Bly, Tony Byrne

HOLLYWOOD—Ed Silvers, President of Warner Bros. Music announces the appointment of Artie Wayne as Professional Manager and Director of Creative Services for the firm.

Wayne most recently was part of Viva Music's professional staff, before Viva's assimilation into the Warner Bros. fold two months ago. Prior to relocating to the Coast, he was a principle in

New York-based Alouette Productions and has had a successful career as a writer and indie producer.

Working with Wayne in Hollywood is Tony Byrne, formerly a writer with Viva, now an integral part of the professional staff. Under Wayne's direction in New York are publishing vet Henry Marks, concentrating on the firm's vast MOR catalog, and Joel Diamond, who's exploiting the firm's contemporary material. "But," indicated Wayne, "the lines of specialization are only for reference, and all the staffers are involved in all areas of the operation." Silvers adds, "We are attempting to have the professional staff acting individually and as a team to establish total lines of communication. TENNESSEE ERNIE FORD—Capitol 3079
HAPPY SONGS OF LOVE (E. H. Morris, ASCAP)
DON'T LET THE GOOD LIFE PASS YOU BY
(Belton, ASCAP)

The "Old Pea-Picker" is picking red roses rather than peas in this one. His mellow tone always is welcome in easy listening circles.

BARBARA LEWIS—Enterprise 9029 (Stax)
THAT'S THE WAY I LIKE IT (I LIKE IT THAT WAY)
(Artie Fields/McLaughlin, BMI)

Barbara sounds more like a MOR artist than anything else these days. Good quality soft sound with a hint of funk.

THE BUCK BROTHERS—Map City 309
LIFE IS ALL AROUND ME

(State Cent/Sweet Magnolia, BMI)
TEXAS (State Cent/Sweet Magnolia, BMI)

This is an attempt at an inspirational ode type of thing but it just falls flat. Too inert to move.

RHYTHM 'N BLUES CLASSICAL FUNK BAND—
Mankind 12001 (Nashboro)

MONSTER WALK PT. 1 (Jerry Williams/Sybil, BMI)
MONSTER WALK PT. 2 (Jerry Williams/Sybil, BMI)

Cooking instrumental featuring a nifty organ-piano combination is certainly classical funk.

O'JAYS—SARU 1220

LA DE DA (MEANS I'M OUT TO GET YOU)
(Real Deal Chuck Brown, BMI)

SHATTERED MAN (Real Deal Chuck Brown, BMI)

You can always count on these guys for the best in ballads wherever they show up. Check out some of the changes here.

THE PHILADELPHIA ORCHESTRA—RCA 74-0455

THEME FROM LOVE STORY (Famous, ASCAP)

LOVE THEME FROM ROMEO AND JULIET

(Famous, ASCAP)

Orchestral treatment of the Francis Lai movie theme is going to get played, no doubt about it.

IRISH COFFEE—Parrot 356 (London)

THE SHOW (Arvee, BMI)
MASTERPIECE (Arvee, BMI)

One of those "get it on" rhythm things (with wah-wah) that is more commercial than most. Check it out top 40s!

BERT KAEMPFERT AND HIS ORCHESTRA—
Decca 32809

IN APPLE BLOSSOM TIME
(Broadway-Jerry Vogel, ASCAP)

MY LOVE (Screen Gems-Columbia, BMI)

Kaempfert revives a classic just in time for the season. Easiest of listening.

DAVID BATISTE & THE GLADIATORS—

Instant 3308

FUNKY SOUL PT. 1 (Soul Sound & Pamzy, BMI)

FUNKY SOUL PT. 2 (Soul Sound & Pamzy, BMI)

The title is a good description of what goes down here. Instrumental just right for dancing.

POZO SECO SINGERS—Certron 10033

HE'S A FRIEND OF MINE (Aldrich, BMI)

BRINGING IT DOWN TO YOU (Certron, ASCAP)

Gentle paced outing is not very distinctive but the soft sound certainly is in vogue today.

EDDY ARNOLD—RCA 47-9968

A PART OF AMERICA DIED (Lair, BMI)

CALL ME (Lair, BMI)

Narration piece concerns the killing of policemen. Nobody likes a cop killer and Arnold feels moved enough by the situation to recite his thoughts.

BRIGADUNE—Verve 10655

I'LL CRY OUT FROM MY GRAVE

(Hastings & Harris, BMI)

MISTY MORNIN' (Hastings & Harris, BMI)

Interesting folk style ballad treats the subject of suicide in a most melodic way. This is a good conception which grows on you.

MICHAELANGELO—Columbia 4-45328

300 WATT MUSIC BOX (Tempi, ASCAP)

HALF A TAP (Tempi, ASCAP)

This may be the instrumental of the year. Very resonant electric piece featuring a lead autoharp is the kind that sneaks in there and knocks listeners dead.

CPW—Capitol 3078

CHILD OF MINE (Screen Gems-Columbia, BMI)

ACROSS THE UNIVERSE (Maclen, BMI)

Soft rock from the guys who keep changing their group name. Goffin-King song plus Wes Farrell's production should generate interest.

THE EMOTIONS—Volt 4054 (Stax)

YOU MAKE ME WANT TO LOVE YOU

(East/Memphis, BMI)

WHAT YOU SEE IS WHAT YOU GET (East/Memphis, BMI)

These girls sound vaguely like another girl group but their own identity does come out. Production by David Porter and Ronnie Williams.

THE FANTASTICS—Bell 977

SOMETHING OLD, SOMETHING NEW (Maribus, BMI)

HIGH AND DRY (Macaulay, BMI)

Very predictable swingy stuff from the Macaulay-Greenaway-Cooke team. A fresh approach is needed.

SAMMY DAVIS, JR.—Ecology (Motown)

IN MY OWN LIFETIME (Appletree, BMI)

I'LL BEGIN AGAIN (Stage & Screen, BMI)

Sammy has come up with another one of those personal ballads. Hope is for peace, freedom, etc., within his lifetime.

B. E. WILSON CONSPIRACY—Real Thing 102

TRY A LITTLE LOVE (Leeds, ASCAP)

Love message song features a big gospel-type choir backing Wilson. Could be more energetic.

BROWNSVILLE #3075 A SINGLE FROM THE

JOY OF COOKING ALBUM

Capitol
A Capitol Industries Company

FOR THE GOOD TIMES

JIM NABORS—Columbia C 30449.

Jim sings "For the Good Times," "Until It's Time for You to Go," "With Pen in Hand," "Louisiana Lady," "With These Hands," "I'll Begin Again," "Anytime," "Release Me," "Detroit City," "Something," "I Love Paris." Those who like his voice will like.

ON MY SIDE

THE COWSILLS—London PS 587.

Now affiliated with London, the Cowsills have cut an album that has a lot in common with the Bee Gees sound. Strange, harmonious top 40 songs. Bob and Barry Cowsill produced and each of the family takes a turn at singing lead. Almost any of the cuts could step out.

TAX FREE

Polydor 24-4053.

Quartet rarely raises their voice above a whisper. The music is melodic, soft and lovely. This certainly is one of contemporary music's prettiest debut packages. The group will need plenty of exposure, which it will probably get, and plenty of love, which it will probably also get.

EL CHICANO REVOLUCION

EL CHICANO—Kapp KS 3640.

It was only a matter of time before Latin-rock caught on. First Santana popularized the sound and now El Chicano are doing the same. The group (there are six of them pictured on the jacket with Pancho Villa and Zapata) gets enough juices flowing to keep the buyers happy.

RING OF HANDS

ARGENT—Epic E 30128.

Argent collected a following with their first album, and that crowd ought to be more than contented with this follow-up package, which is done well, if not spectacularly. The fellows keep the beat going at a nicely modulated pace. All new material.

BOBBY GOSH

Polydor 24-4061.

Bobby Gosh sings in a gutsy voice that's like a wind scraping over a lonely road. He also writes (with Paul Anka, Rudyard Kipling and others) with a certain contemporary flair. The overall impression is that the guy has things going for him.

MOVIN' TOWARD HAPPINESS

MASON PROFFIT—Happy Tiger HT 1019.

There are so many of these country-rock albums around that it's difficult to see how they can all make their mark. Well, Mason Proffit have already made somewhat of a name for themselves with their first album; so this second will have people waiting for it.

CHEROKEE

ABC ABCS 719.

Four pleasant guys—three of them brothers—making highly acceptable country-rock. The first cut on this disc is "Rosianna," a song that's been around awhile and will be a hit when somebody wises up. This could be the version and could kick the fellows off.

THE FLOATING OPERA

Embryo SD 730.

Poetry and hard rock mixed with success. Although some of the thoughts are abstruse, if not obtuse, the lyrics seem to fit the music well. Disc has already impressed many progressive stations and therefore is already reaching the ears of the young buyers. The beat does roll on.

SUPERSHRINK

ALEN ROBIN—Janus JXS 7001.

An amusing twist on an old idea. Using tape quotes from political figures. Robin prefaces them with incongruous questions a psychiatrist might ask. The record might appeal to a large crowd, but the satire has little to do with anything real.

NEWBURY PARK

Cream CR 9003.

If the world is looking for successors to the Mamas and the Papas (and nobody has come along to fill those prematurely discarded shoes), here is the group. There are two guys and two girls and good taste in songs and arrangements just as the Ms and the Ps had.

PICKETTYWITCH

Janus JLS 3015.

With the right kind of handling this album will break out because it's full of top 40-type singles. "That Same Old Feeling" and "(It's Like a) Sad Old Kinda Movie" have already been heard. Lead gal sounds uncannily like Dionne Warwick. Very, very polished.

RAT ON!

SWAMP DOGG—Elektra EKS 74089.

Liner notes read "produced, arranged, piano, vocal background, and anything else of any importance JERRY WILLIAMS, JR." Yes, you guessed it. Jerry is the redoubtable Swamp Dogg, and he wails it a little like Percy Sledge. The r b aura is thick and successful.

TOE FAT TWO

TOE FAT—Rare Earth RS 525.

Although the guys seem to be out to impress with their grossness (check name and jacket cover), their music has a subtle grit that fans will want to get further into. This is their second album and it reverberates with rhythm and bluesy melody. Should do well enough. (Continued on page 18)

DOUG KERSHAW

Warner Bros. WS 1906.

Dough Kershaw is a known product to the market these days. That Louisiana sound is very thick throughout and so is the philosophy. Whether or not there is enough action in the grooves to generate tremendous public response is another question. Most of the material is new.

A NEW ERA

WADE MARCUS—Cotillion SD 9043.

Instrumental version of "Thank You Falletin Me Me Mice Elf Agin," "Lush Life," "Spinning Wheel," "Feelin' Alright." Marcus has a feel for a classy and contemporary arrangement and that's what he provides for. Will be programmed on all sorts of stations.

REMEMBER ME

LENNY DEE—Decca DL 75255.

Lenny Dee at the electric organ with 11 recent hits like "Remember Me," "One Less Bell to Answer," "Snowbird," "For the Good Times," "Watching Scotty Grow," "It's Impossible," "Rose Garden," "Help Me Make It Through the Night." Sounds right for MOR and easily listening programming.

ELEGY

THE NICE—Mercury SR 61324.

Rock meets jazz and a good time is had by all on this package. There are only three musicians—Keith Emerson, Lee Jackson, Brian Davison — and four pieces — "Hang on to a Dream," "My Back Pages," "3rd Movement, Pathetique Symphony" (Tchaikovsky), the Sondheim-Bernstein "America."

HALF WOMAN HALF CHILD

RISA POTTERS—National General NG 2004.

Risa Potter sounds just a little like Melanie, but her songs are very much her own. She writes about herself and fellows named Michael, Ned and Harvey. No one is spared her shrewd eye. In her songs, the lyrics, by the way, count for more than the melodies.

POSSUM

Capitol ST 648.

Though very country, Possum deal is the kind of harmonies that are reminiscent, of all things, of college singing groups of the '50s and early '60s. The fellows are full of tricks to keep each song surprising. Watch "Regulation Navy Blues," "I Can't Last," "Night Comes Quickly."

WOW . . . WILLIAM BELL

Stax STS 20037.

Powerful R/B singing by William Bell. Nobody will be able to complain about the contents, even if the songs are not all that unconventional. They certainly fill the bill, and a few should be able to make their mark on the R/B singles charts.

CELEBRATION

VARIOUS ARTISTS—Ode 70 SPX 77008.

Joan Baez, the Beach Boys, Merry Clayton. Kris Kristofferson, Country Joe McDonald appear on this festival album, the proceed of which will go to the Institute for the Study of Non-Violence. The names concerned should give this catchall some market power.

A BOY NAMED CHARLIE BROWN

ROD MCKUEN—Stanyan SR 5010.

Sentimental (soppy?) songs that Rod McKuen wrote for "A Boy Named Charlie Brown," "Joanna," "The Price of Miss Joan Brodie," "Me, Natalie." He does a great deal of bedroom whispering on the two sides and buyers could like it that way. They have in the past.

PLEASE WORLD

ABEL—Fantasy 8404.

The music Abel makes is hard, for the most part, but that doesn't mean that its impact is certain. Perhaps they'll find their audience, but the dearth of truly outstanding melodies—the likely hit—could hold them back. All of the material is original.

WHERE DO IT GO

RICHARD WILLIAMS—Quad QUS 5003.

Guy sings a kind of pop-R/B that should attract attention in a few markets certainly. Most of the material is new and not all of it that much above average. Richard Williams, however, has an easy, appealing style. Includes "Till Love Touches Your Life," "Where Do I Go."

OSCAR BRAND X

Roulette SR 42060.

Oscar Brand is back with some more of his bawdy songs and backroom ballads. Seems like a natural these days with a freer license on what gets recorded (if not played on the air). There's something risqué about every cut. Some will find album scandalous and some innocent.

Chess Gets It Together

■ NEW YORK—The newly-reorganized Chess Records staff held its first meeting on March 15 to plan promotional, merchandising and publicity campaigns on current and forthcoming product by Muddy Waters, Ramsey Lewis, Bo Diddley and other Chess artists.

Attending were Esmond Edwards, Vice President of A & R; Worthy Patterson, Singles Sales Manager; Chuck Fly, National Promotion Director; Howard Silvers, Album Sales Manager and Advertising and Publicity Counsel for Chess.

Focal points for activity include the April release of "Another Dimension" by Bo Diddley and "Back to the Roots" by Ramsey Lewis. Radio spots on both LPs will be aired in major markets and a schedule of trade and consumer print ads will be placed.

A specially prepared press kit will accompany the album to all national press outlets, as well as to the major college publications, Point of purchase displays, television appearances and promotions coinciding with personal appearances by Lewis are being scheduled.

Bo applies his unique style to tunes by Elton John, Creedence Clearwater, Al Kooper and the Band. A major promotion and publicity campaign is already underway prior to the release of the album. A single, "The Shape I'm In" b/w "Pollution," has just been released.

The Chess archives remain a rich source of material. Four albums in the Jazz Vintage Series have just been released. "Great Female Soul Vocalists"

and "Etta James' Big Ones" are being compiled for release soon and performances by the legendary vocal groups of the '50s and '60s are now being edited.

Howlin' Wolf's new Chess album is due out in April.

Grammy Show Proves A Peach in Atlanta

ATLANTA — Much like the flowering spring weather outside, Atlanta's Second Annual Grammy Awards Banquet and Show saw the recording industry in this Southern city blossom past the conception stage into a full-grown NARAS Chapter capable of staging a production with the poise and polish of a seasoned veteran.

With attendance in the Castle Ballroom of the Royal Coach Motor Hotel up some 45% from the previous year, an impressive guest list of business, financial, political and recording luminaries seemed quite pleased with the almost flawless execution of their highlight of the music industry year. Atlanta Mayor Sam Massell even stepped to the podium to express the support of his city's Administration in providing assistance to the rapidly mushrooming Atlanta music community.

Luscious Meal, Too

A luscious meal proclaimed by many as "The best ever at an affair of this nature" was followed by the viewing of the Record Academy's first live TV special on wide screen sets provided by the RCA Distributing Corp. Guests choosing not to watch the television special listened to the audio portion of the program over a sound system installed by Master Sound Recording Studios and took advantage of the opportunity to renew old friendships and make new acquaintances.

Welcomes and introductions given by Pierce LeFevre and Wade Pepper were followed by brief remarks from Atlanta NARAS Chapter President Bill Lowery. The Grammy Award in the Best Spoken Word Category was then presented to Ben Perry of WAOK Radio who ac-

cepted on behalf of the late Dr. Martin Luther King's widow, Mrs. Coretta King. Dr. King won the Grammy for his "Why I Oppose the War in Vietnam" recording.

Cheers for Stevens And Lynn Anderson

While hometown nominees in four other categories did not fare quite as well, cheers went up when former Atlantan Ray Stevens won the coveted Grammy with his "Everything is Beautiful." Columbia Records artists Lynn Anderson had the Atlanta TV audience shouting with glee on her victory in the Best Country Female Vocal Performance category with her rendition of the Joe South-penned "Rose Garden."

Wallace Presented With Governors Award

Phonograph records were indeed king in Atlanta, especially for "Mr. Atlanta Record" Sam Wallace who was presented with the Board of Governors Award from the Atlanta Chapter. A somewhat amazed and surprised Sam Wallace was also presented congratulatory wires from friends Perry Como, Henry Mancini, Chet Atkins, Eddy Arnold and many others.

The Atlanta gala concluded with a two-hour showcase spotlighting the talents of Roy Rogers, B. J. Thomas, Billy Joe Royal, Willie Hightower and Grammy nominees Wendy Bagwell and Mississippi Fred McDowell. Archie Campbell served as Master of Ceremonies. The Atlanta showcase was backed by the 35-member "Atlanta Grammy Awards Orchestra" under the direction of Ted Stovall.

At Atlanta's NARAS dinner: Zenas Sears, Sam Wallace, Archie Campbell, Bill Lowery; Ray Harris, Seymour Heller, Bill Lowery; B. J. Thomas; Roy Rogers; Billy Joe Royal; Wendy Bagwell and the Sunliters; and Ben Perry and Lowery.

Carly Simon on Elektra will be the smash new female artist of the year. Her album is already a giant underground, and the single will be a smash.

The new Jackson 5 is already over 1,000,000.

Derek & the Dominos is our top tip of the week. Exploded #15-5 WIXY,

and it is a smash at WCFL, Chicago.

The Fuzz has exploded for Calla as we had been predicting for the last month. #10 KFRC, #9 KYA. Debut: WHBQ. Added: KHJ, KRLA, WTIX, WIXY, KQV, WRKO, WIXZ.

The new Doors: "Love Her Madly". This is a short shot instant smash. It went right on KHJ, KRLA and KYA.

The Donny Osmond is a bigger telephone request smash this week than it was last week. #16 KJRB, and #3 on phones; big phones at KJR. #1 requests at WRIT. Big telephone requests WPDQ. Added: WOKY, WIXY, WAYS.

Sleeper of the week is Nilsson. It exploded #25-2 at KJRB and it is a giant at KJR and WIFE.

Paul Humphrey broke open for Lizard this week. #13 KYA, #15 KFRC, so big R&B in Detroit that it was added to CKLW.

Lobo on Big Tree is the airplay record of the week. WCFL, KLIF, KJR, KB, WIST, KINT, WOKY, WIXY, and the first station to report it as a breakout is WDGY.

NARAS on Coast An Exciting 'First'

By JACK DEVANEY

■ HOLLYWOOD — The National Academy of Recording Arts and Sciences presented its 13th Annual Grammy Awards before an audience of over 1600 members and guests at the Hollywood Palladium last Tuesday (16).

The awards and the industry were exposed to a larger audience through the one-and-a-half-hour TV show carried live over the ABC-TV network. With Andy Williams as host, the first-time TV show added excitement to the presentations and gave the ceremonies a discipline that had been lacking in previous years. Also, for the first time most of the top winners—Simon and Garfunkel, the Carpenters, and even Paul McCartney—were on hand to receive their awards.

Comparison with the Motion Picture Academy Awards was inevitable and Oscar could take a tip from Grammy and present the categories of more general interest on TV and those of special interest to the limited live audience interested in particular fields. In Hollywood, the second part of the program—not televised—was MC'd by KMPC's and "Laugh-In's" Gary Owens and highlighted by the performances of Sugarloaf, Linda Ronstadt, B. B. King and Freda Payne.

A special scroll of appreciation was presented to Paul Weston, the first President of NARAS and one of the dedicated group of industryites whose efforts saw NARAS grow from a single local chapter founded in Los Angeles in 1957 to its present stature as a national institution.

Lighthouse to Evolution

Jimmy Ienner, Loren Becker

■ NEW YORK—As part of its rapidly enlarging artist roster and release schedule, Stereo Dimension announces the long-term signing of Lighthouse.

Lighthouse, a rock orchestra based in Toronto, is one of the most unusual and most successful groups ever to come out of Canada, consisting of a brass quartet, a rock quintet and a string duet together with strong vocals. Lighthouse's appearances have not been restricted to Canada. In the U.S. they have appeared at the Newport Jazz Festival, Fillmore East and West and other major rock halls and music festivals. At the Monterey Pop Festival after Lighthouse brought the audience to their feet in an afternoon performance, they were brought back for an unprecedented second performance at the evening show.

In addition to the appearances in the U.S. and Canada, Lighthouse has appeared in

England at the Isle of Wight Festival. A motion picture film and recording of this 1970 Festival is now being edited which will feature Lighthouse. The deal bringing Lighthouse to Stereo Dimension was signed by Loren Becker for his Evolution label and Jimmy Ienner for Rock and Roll, Inc., the producers of Lighthouse.

Initial product is set for immediate release with the first single, "Hats Off (To The Stranger)," said to be set for shipment the week of March 22. The first album release is tentatively scheduled to be issued in early summer. Extensive tours of the U.S. are forthcoming for 1971.

Mark-Almond Hits

■ HOLLYWOOD — If ever a group was marked for stardom it has to be Mark-Almond who made their nitery debut at Doug Weston's Troubadour recently.

This quartet is one of the more imaginative and skillful to emerge on the scene in years. The act consists of Jon Mark on classical guitar and lead vocals; Johnny Almond on saxophone; Tommy Eyre on piano; and Rodger Sutton playing bass and percussion. They are all superb musicians as well as singers.

Mark-Almond is that rare act whose music is romantic, infectious and compelling. Especially appealing were "The City," "The Ghetto" and "This Is Your World." The outstanding tune of their set, however, was "Signal Hill." This could be another "Love Story," a combination of good lyrics with a haunting melody. It is not featured on their premiere Blue Thumb LP, and a pity, but all the same should be considered as a single possibility.

Jon Mark has a mellow, sometimes raspy sounding voice which is sensuous and effective. His cohorts offer exceptional vocal harmony. The group is currently on its first U. S. tour.

Also on the bill were Atlantic's Mose Allison, an unsurpassed jazz act whose fare was regrettably not appreciated here. This type of group would best lend itself to specific jazz clubs or possibly concerts on the college circuit. Ron Baron

Sunshine Snake Label Formed

■ LOS ANGELES — In an expansion of the Taylor-Laughlin Company, Delores Taylor announces formation of an overall music division which will publish and record material under its own label, Sunshine Snake. Warner Bros. Records distributes.

Named to administer jointly the new music organization, which will include publishing and recording, as well as management, are Ernest Colton and Gary Blair.

Colton was formerly an agent with International Famous Agency, concentrating on the placing of acts in clubs and concerts. Blair was formerly with the Kragen-Smothers-Fritz organization, where he was in charge of the Pat Paulsen for President campaign.

Peggy Pleases

■ NEW YORK — Miss Peggy Lee could do no wrong for an adoring throng at her Empire Room opening last Tuesday (16). The Capitol recording stylist moved easily from old standards and earlier hits to more current fare.

Among the latter were fine renditions of the recent Perry Como hit "It's Impossible" and Bread's "Make It with You." George Harrison's "My Sweet Lord," however, lent itself less readily to Miss Lee's styling.

More suitable were lovely versions of "Let's Get Lost in Love" from Salvation, and "I Was Born in Love with You." Of course, "Fever" brought back fond memories for all concerned, and "Is That All There Is?," the Lieber-Stoller penned smash of not long ago proved a real crowd-pleaser.

Miss Lee closed the evening with "My Man" to a standing ovation. A much-deserved one, it should be noted, for an outstanding entertainer of long duration. Gregg Geller

Martino Smooth

■ HOLLYWOOD — The relaxed atmosphere of the West-side Room—an excellent spot to listen to the warm sounds of Capitol's Al Martino. His presentation is smooth, confident; his voice warm, investing a personal quality in such as "I'll Never Fall In Love Again" and "Love Me With All Your Heart."

Martino has excellent control and combines it with smoothness and polish; he allows his audience to relax with him. He continually added freshness to the act with his delivery of such numbers as "New World in the Morning," "Mary in the Morning," "Spanish Eyes," "Gentle on My Mind," "Games People Play," "Al Di La" (in Italian) and then introduced his new Capitol single, "Come Into My Life."

Martino had solid support from his conductor, Al Pellegrini, guitarist Duane Eddy and drummer Wayne Hudson.

Mandrill to Gate

■ NEW YORK — Mandrill, new Polydor act, opens at the Village Gate March 23 through 25, backed by an extensive label promotion. Event coincides with release of the group's debut LP on label, "Mandrill."

Brown Still Soul Brother No. 1

■ NEW YORK — Over the course of many grueling years on the R/B circuit, James Brown became known as the hardest working man in show business. He proved his right to that title at his Copa opening last week. The King recording artist, just returned from a triumphant tour of Europe, rocked the nitery as it has never rocked before, bringing the assembled throng to its

feet, dancing.

The show was presented differently than standard night club fare. Brown himself opened the evening with "Georgia on My Mind" and "Sunny" and then made way for songstress Vickie Anderson who offered soulful renditions of "Don't Play That Song" and "Yesterday." Next was the comedy duo Slappy White and

Three of Finest at Fillmore

■ NEW YORK—A recent Fillmore East show presented three of the finest acts available for audio-visual consumption.

The show opened impressively with Fillmore Records' Elvin Bishop, a super-charged entertainer. Even if he weren't the outstanding guitarist he is, I'm sure his on-stage personality would be enough to keep any audience smiling. Several times during his performance, he brought the audience to their feet with raucous applause, and understandably so: his guitar playing is magnificent.

With Bishop was Jo Baker, vocals; Stephen Miller, organ, vocals; Kip Maerckleinbass, John Chambers, drums; Perry Welsh, vocals, with Bonnie and Anita and June Pointer, vocals.

Next, the Allman Brothers. Before they started they announced that they were cutting their third album for Atco "live" which immediately brought shrieks of applause from what seemed to be a super-ham audience. For me this is where the excitement seemed to end. I couldn't help but feel that their choice of material was a play on the same three-chord progressions that found a home in the '50s and early '60s. Rhythm changes were the only thing that seemed to save them. They were exceptionally powerful and tight in this respect.

The individual musicianship and singing was very well accepted. The audience brought them back three times. This will make their label happy; lots of applause and screams on their next album.

I seriously doubt that there are words to adequately describe Columbia's Johnny Winter.

The man comes on stage, the lights go up. There was such a wail from the audience that I'd swear every pot hole in New York City widened by three feet due to the noises which erupted from the crowd.

Because of the roar I couldn't understand his first introduction, but I managed to pick out "Highway 61," followed by such great numbers as "Johnny B Goode" and other "Goldie Oldies." There were numerous cries from the audience for "Jumpin' Jack Flash," and Winter was there to please. The Stones couldn't have done better. He pounded through four or five minutes of "Jumpin' Jack" which I'm sure erased any trace of normalcy from the few "straights" in the crowd

who by now were all Winter converts.

His voice was gloriously gutsy and his guitar playing was superb.

Super-Fine Guitarist

I've got to end with a comment about Winter's super-fine guitarist Rick Derringer. He added so much great musicianship and entertainment, it wouldn't be fair if he didn't get a crack at a solo album. Every one of his solos simply drilled me into my seat. Every lick and line was beautifully executed and performed. I feel it's just a matter of time before some smart record exec signs Derringer as a solo artist.

Providing excellent backing were Bobby Caldwell, drums (very, very pushy) and Randy Hobbs, bass, who gave the necessary bottom to round out a great show. **John Lombardo**

Sherman, Wright Partner in Corp.

■ HOLLYWOOD — Billy Sherman and Charles Wright have formed a corporation consisting of Sure-Right Production Co. and two publishing firms, Sherman-Wright Music (ASCAP) and Sherman Music (BMI). The address: 6920 Sunset Blvd.

Tomlin Time

Lily Tomlin, Polydor artist, makes herself right at home in label President Jerry Schoenbaum's office, as well she might: her LP, "This is a Recording," is scoring across the nation. The comedienne, appearing at New York's Bitter End March 24-29, has numerous TV appearances set and in April headlines at Mr. Kelly's in Chicago.

RECORD WORLD SHOALS SCENE

By BOB BATES

Holiday in Comeback as Artist

■ MUSCLE SHOALS—Jimmy Holiday, making a comeback as an artist after two and a half years in retirement due to open heart surgery, was at Fame Recording for a couple of days in early March cutting some sides for producer **Buddy Killen**.

Holiday, who is also a writer, authored such hits as "Put a Little Love In Your Heart" that **Jackie DeShannon** did so well with a year or so ago; "God Bless the Children," the theme song of the film "The Landlord"; and "Understanding," recorded by **Ray Charles**.

Holiday said he was glad to get back into a recording studio. "I found myself in music. It is a universal language. I hope I'm as lucky with this session as I was back when I started about 12 years ago. I got a record way up in the charts my first time in a studio."

Record World was on hand for the session at Fame, and while predicting hits isn't part of the job, for several reasons I'll venture that Jimmy Holiday won't be disappointed with the results of his session at Fame.

Holiday records for **Buddy Killen** on the Dial label.

Shelby Singleton flipped over a tune written and recorded by a Muscle Shoals pair, leased by Singleton in early March.

"The Ballad of Lt. Calley," a very pro-Calley tune written by Muscle Shoals businessman **Jim Smith** and produced at a local studio, was leased by Singleton the first week in March. Vocalist is **Terry Nelson**, a local dj in Shoalsland. Flip side: "Routine Patrol."

Jerry Masters, of the Muscle Shoals facility of Fame Recording, has been elevated to Studio Manager. Masters, whose "Let It All Hang Out" smashed a few years back, was formerly personal assistant to **Rick Hall**, President of Fame.

Ahmet Produces L.A.'s John and Mark

Ahmet Ertegun, President of Atlantic Records, was at Muscle Shoals Sound in late February producing a new Atlantic duo, **John and Mark**, from Los Angeles . . . **Mickey Shapiro**, President of the newly formed Prophecy label in L.A., also produced **Nancy Vale**, the first artist to record on that label . . . **Lalo Shifrin** of CBS Television has approached Fame Recording to do the soundtrack for the theme to "Medical Center" next season . . . **Wayne Perkins**, produced by **Marlin Greene** on an album at Muscle Shoals Sound, has been approached by **Chris Blackwell** of Island Studios in London on a label deal for release of the album. No definite results have been announced from the meeting which took place at Muscle Shoals Sound in early March.

Willie Hightower has been released on the Fame label a tune called, "Back Road Into Town." Produced by **Rick Hall** . . . **Eddie Hinton** has completed the monster album he has been working on and producing himself, on himself, for the last year and a half. Says Atlantic has expressed an interest in the album. Wonder what Atlantic plans to do with **Percy Sledge's** latest single, produced at Quinvy Music and Muscle Shoals Sound over a month ago by **Marlin Greene** and **Quin Ivy**? Heard two sides from that session, "Love Is a Job" and "Help Me Through The Night." Two fine tunes to pick from . . . **George Soule**, Muscle Shoals Sound staffer who recently signed with Bell as an artist, has been released on a single by that label. "So Glad you Happened to Me" b/w "Just in Time" . . . **Phil Flowers** was at Muscle Shoals Sound cutting a single for producers **Ron Shefrin** and **Bob Feldman** March 3-7. To be released on the Bell label.

Daniel Flickinger, the electronics wizard who installed the 16 track board at Muscle Shoals Sound in time for the **Joe Cocker** session there in January, was seen hanging around Fame Recording in late February and early March, insists he has not been able to sell Rick Hall that 24-hour board . . . **Quin Ivy** has been auditioning at the Quinvy facility of late. **Swamp Dogg** hit the protest trail with **Jane Fonda** the middle of March, performing near army bases to soldiers, protesting of all things, the army. "That's her thing," Dogg (**Jerry Williams, Jr.**) says. "If I do real good maybe she'll put me in a movie." Dedicated revolutionary.

7 LPs from Bell

■ NEW YORK — Gordon Bos-sin, Bell Records National Al-bum Sales Manager, announced a seven-LP March release that includes the new Partridge Family LP, "Up to Date."

The new Partridge Family album includes their new chart single, "Doesn't Somebody Want to Be Wanted," and con-tains a special text book cover with a photo of the Partridge Family on the front and David Cassidy on the back.

"Lawrence of Arabia," the soundtrack from the Academy Award-winning score, is being issued by Bell to tie in with the national re-release of the mo-tion picture in mid-March.

Three of the LPs are on the Bell-distributed Amos label. Leading off is the soundtrack from the motion picture "Van-ishing Point," scored by Amos topper Jimmy Bowen. Included in the album are "Mississippi Queen" by Mountain and cuts by Bonnie & Delaney, Big

Mama Thornton, Jerry Reed and Kim & Dave. A single by Kim & Dave has been released with the LP. The auto racing oriented motion picture stars Barry Newman and Cleavon Little. Frankie Laine has a new album that contains such tunes as "Mr. Bojangles" and "Poor Folks." Completing the trio is "Shiloh," a country-flavored rock LP produced by Kenny Rogers of the First Edition.

The final two LPs in the re-lease are a set by the new rock group "Orang Utan" and on DJM Records "Marion Segal With Silver Jade," who have already begun to build a follow-ing on the West Coast.

Bell currently has four al-bums on the charts: "The Par-tridge Family Album," "Nan-tucket Sleighride" by Mountain, "Candida" by Dawn and "Por-trait" and "Love's Lines, An-gles and Rhymes" by the 5th Dimension.

Say hello to
White Lightnin'.
 They specialize
 in pickin'
 hummin' and
 singin'...smokey
 mountain style.

Obray Ramsey and Byard Ray... "White Lightnin'"
 They sing and play... just a couple of down home pickers. Songs and tunes from their pappie's times, like "Cumberland Gap" and "Farther Along"... "Little Margaret" learnt from a little girl's dream and "I'll Be Your Baby Tonight" from a grown man's heart.

You can see Obray and Byard pickin' and quick steppin' their way thru "Zachariah." They leave some big dents in the sand... dig the album and the dents it puts in your head.

White Lightnin'...
 Take a snort... it's good for your head.

Mandrill. They are angry music from the black-Spanish streets of America; drums, congas and timbales hammering the call to revolution through the sad cities. They are hand-clappin', ass-shakin' music remembered from a time that white history forgets; guitars,

bass and keyboards unwinding a rock/pachanga/blues movie of love and laughter. They are the music from times to come; horns, strings and reeds imagining history in the future tense, when peace finally gets a chance. Mandrill. They have the power.

NOTES FROM THE RECORD WORLD UNDERGROUND

By BOB MOORE MERLIS

Keeping Up with Neil, Lynn

Neil Merryweather, Lynn Carey

■ Neil Merryweather and Lynn Carey, just released from their RCA contract, spoke of the past, present and future last week in one of their infrequent trips East from their Los Angeles base.

RCA recently issued two albums associated with the duo. The first, "Ivor Avenue Reunion" features Barry Goldberg and Charlie Musselwhite as well as Neil and Lynn. The latest is "Vacuum Cleaner" which features an incredible version of "Shop Around" which has been picking up play around the country and on the Armed Forces Network overseas. Their version of the Berry Gordy-Smokey Robinson standard was previously released on Kent under the name "Mama 'N Pappa Rockin' Family."

There are three previous Merryweather albums, one on Kent with John Richardson and

was given credit as "vocal coordinator" for the film.

The Merryweather and Carey team first debuted a few years ago at the now defunct Three Experience where they were appearing with their respective groups. A jam developed and Neil realized that "she sang better with me than she did with her own group."

History Goes Back

Neil's musical history goes back further to his home town of Toronto. There, he was a follower of what he calls "the Southern Ontario rock scene" with such acts as the Band, Sparrow, David Clayton Thomas and Ronnie Hawkins. He formed his own group, the Reflections, and went on to another called the Trip. Rick Bell, now heard on Janis Joplin's "Pearl" album as a member of that the trip.

Later, he traveled to Detroit to record at Motown with another Canadian group called the Myna Birds. He took bassist Bruce Palmer's place in the group which also featured Neil Young. Eventually, he made his way to Topanga Canyon in an old car with a leaky transmission, met manager Morey Alexander and ended up playing the Whiskey on borrowed equipment. Next came the Capitol albums and history.

Major Projects

Neil and Lynn have two major projects going now plus negotiations for a new contract with several labels. The first, already well underway, is

CLUB REVIEW

Lemongello Scores At Living Room

■ NEW YORK — Rare Bird Records' Pete Lemongello appeared at the Living Room recently and gave an impressive performance. His vocal style and presentation were highly reminiscent of Sinatra, and he could shortly become one of the next top pop stars.

His dynamic voice shone on such contemporary standards as "Watch What Happens," "My Way," "You've Lost That Lovin' Feelin'" and "The Letter." Using good changes of pace throughout, Lemongello was effective on tender ballads as well. "Jean" and "Love Story" were high spots.

Only 23, Lemongello's future looks promising. A single record is due in April, and he is to appear in the movie version of "The Godfather." With his talent and professionalism, this handsome young man could go all the way.

Also on the bill was comic Tom Patterson, whose enthusiasm was as fresh as his material. **Fred Goodman.**

New Dirt Band Single As Group Tours

■ The Nitty Gritty Dirt Band embarked on a new round of non-stop personal appearances last week with a two-week return date at the Aspen Inn in the heart of the Colorado ski resort.

Manager Bill McEuen reported this week too, that a new single is expected to be issued within a fortnight, "The House on Pooh Corner," from the LP, "Uncle Charlie and His Dog Teddy." Their current single, "Mr. Bojangles," continues to receive heavy play and sales in its 18th week on the national charts.

Karpel Pubbery Formed by Karen

■ Oscar nominee Karen Black and Peter Rachtman have formed a music publishing firm to be known as Karpel Music Company (ASCAP).

First property in Karpel's repertoire is "Ballad in C," an original composition by Miss Black which she performs in her just-completed film, "Scraping Bottom," co-starring George Segal for United Artists release. Miss Black is currently recording an album under the supervision of producer Elliot Mazer.

Columbia Bows S. F. Studios

At the opening of Columbia's San Francisco studios: at top, from left, label President Clive Davis, Cal Roberts, Columbia VP, Recording Operations; Boz Scaggs, Little John leader Mike Hart, Davis; Mike Bloomfield, Davis; and Epic artists Little John performing at the opening.

■ If you were in San Francisco on March 3, 829 Folsom was the place to be. That's the site of the new Columbia Recording Studios, and Clive Davis, Columbia Records President, was on hand to host the official studio warming.

Even before the studios were officially opened, Paul Simon, Santana, Blood, Sweat and Tears and Big Brother all held recording sessions at the new studios. However, it was Epic recording artists Little John who was the first group to have produced an entire album out of the new studio, and so it was fitting that they should have

Philadelphia Ork Tells 'Love Story'

■ The largest orchestra yet employed on the popular hit, "Love Story," is to be found in a new Philadelphia Orchestra-Eugene Ormandy album of that title being released by RCA Red Seal.

A 'First'

"This album marks the first time that Ormandy and his Philadelphians have got into the mainstream of popular music, and it is a crossover album we are confident will expose classics to the new generation," said R. Peter Munves, Director of Classical Music for RCA Records.

Yoko Side 'Touch Me'

■ The title of the flip side of the new John Lennon/Plastic Ono Band single, "Power to the People," entitled "Open Your Box" by Yoko Ono Lennon, has been changed to "Touch Me."

provided the musical entertainment for an enthusiastic San Francisco crowd, among them Bill Graham of the Fillmore Corporation, Mike Bloomfield, Boz Scaggs and Jan Wenner of Rolling Stone.

Members of the overground and underground press gathered to observe two separate studios' impressive array of equipment that includes custom built boards, both 16 track; Dolby units; built-in board equalizers as well as external equalizers; and a custom mastering channel. Engineers include Roy Halee, Roy Segal and Glen Kolotkin.

James Brown Stars At Copa

(Continued from page 30)

Steve Rossi with a hilariously-wide-ranging routine.

Now the stage was set for the return of the star of the show. Brown's act is an extended piece with dancing. He doesn't let up until he has completely involved his audience. On this occasion he accomplished this feat with "It's a Man's Man's Man's World," "Sex Machine" (with a vocal assist from long-time associate Bobby Byrd) and "Please, Please, Please" with many colored capes.

In the end the audience was completely exhausted, but Brown appeared fit and ready for the second show.

He's incredible. He's truly soul brother number one.

New Sainte-Marie LP Exceeds Hopes

NEW YORK — Vanguard Records reports that advance orders on the new Buffy Sainte-Marie album, "She Used to Wanna' Be a Ballerina," have far exceeded those of all her six previous LPs on the label.

An advance national mailing to radio stations brought immediate reaction from all major FM stations and prompted spotlighting by several of the major tipsters including the Rudman and Hamilton sheets. The single culled from the album is the title song backed with "Moratorium," both of them original songs by Miss Sainte-Marie. Shipped late last week, it is receiving considerable airplay on several major AM stations including Detroit's CKLW, which was the first major AM to jump on the record.

Herb Corsack, Vanguard's Director of Sales and Promotion, said the label is doing a large promotion with its distributors and dealers and is shipping posters, window streamers and in-store displays. Emphasis is being placed on radio commercials augmented by print ads in major underground and music papers as well as dealer co-op ads in major newspapers.

de la costa azul del mar de la Liguria el 21 festival de la Canción Italiana. Tuvo varios inconvenientes la muestra que finalizó, y que seguramente en 1972 será muy distinta a las realizados hasta el momento, pero de todas formas arribó a puerto. Por discrepar con los organizadores (Ezio Radaelli-Gianni Domenico Ravera) se retiraron del festival las casas

DESDE NUESTRO RINCON INTERNACIONAL

By TOMAS FUNDORA

(This column appears first in Spanish and then in English)

Tomas Fundora

■ Charlé bastante tiempo con el amigo André Toffel de Dusa, México, en ocasión de su recorrido por el continente, atendiendo los problemas promocionales y de lanzamiento de las grabaciones Polydor y Philips. Carlos Díaz Granados y Tito Garrote de Miami Records, concesionaria de estos sellos en Estados Unidos y Puerto Rico, se sumaron a la política de lanzamiento agresivo de estas grabaciones. Entre ellas se destaca la de Nino Bravo, con su interpretación de "Te Quiero, Te Quiero" que va resultando un éxito arrollador en casi todas las latitudes. Mis comentarios relacionados con la pérdida de ventas en el long playing de Nino, debido al retraso en el lanzamiento de éste al mercado, causó ligeras fricciones en toda la organización. Mía no es la culpa, allá de aquel que por un motivo u otro no actuó con la prisa que el caso ameritaba. De todas maneras, el "sencillo" conteniendo este número fué lanzado a tiempo por Miami Records, para hacerle la gran promoción al "álbum" de Raphael conteniendo este tema. A Dios gracias, el "álbum" de

Nino ha sido lanzado rápidamente esta semana por la licenciada en Estados Unidos . . . Siempre me recuerdo que en este ingrato negocio del disco . . . camarón que se duerme, se lo lleva la corriente! . . . y a veces hasta bien despierto, la corriente de los "canallitas del disco" se lo lleva a cualquiera hasta el fondo . . . Carmela y Rafael están situando su "De Qué Color es la Piel de Dios?" contenido en su último "álbum" para Musart . . . Y hablando de "Te Quiero, Te Quiero" puedo informar que este número fué estrenado por Carmen Sevilla en su programma Augusto Algero a la cabeza de la orquesta. Algero compuso esta canción, según comentan, especialmente para Carmen . . . Salomé acaba de renovar contrato con Belter de España . . . Javier García, Jefe de Promoción de Codiscos, de Colombia, fué nominado por el importante periódico colombiano "El Espectador" como el Mejor Promotor Discográfico del 1970. ¡Felicidades Javier!

R" recuperó este dinero con los 1500 dólares que recaudó como derecho de inscripción por temas y cantantes, redondeando así a su favor la suma de 200.000 dólares. Con un clima político álgido se desarrolló la muestra, pues al tiempo que se cumplían los ensayos y los tres días de festival (25, 26 y 27 de febrero, hora 21 a 23.30) en Roma el jefe del partido oficial (Democracia Christiana), doctor **Giu Pio**

Andreotti introducía en el parlamento italiano una ley para oficializar totalmente los próximos festivales musicales de San Remo, Nápoles y Venecia. El proyecto de **Andreotti** que propone la desaparición de los organizadores priva dos para estos tres festivales, fué el dardo más duro para "Las dos R", quienes en San Remo convocaron a conferencia de prensa para hablar al periodismo sobre las inconveniencias de esta ley.

El periodismo no escuchó con mucho agrado esta defensa que encaró **Ezio Radaelli**, ya que en otras charlas con periodistas italianos, el mencionado promotor se la pasó desmintiendo frase por frase las críticas que la prensa local ensayó, con sentido lógico y justo que mere el respeto por la libertad de imprenta, en relación con el festival que se desarrollaba. El proyecto de **Giulio Andreotti** introducido en el parlamento italiano consta de 21 artículos y es apoyado por una veintena de diputados de diversas fracciones políticas, pero todos pertenecientes al sector de "centroizquierda." Dicho proyecto-ley también propone el apoyo financiero a estos tres festivales para su gran difusión en Italia y también en el exterior, como propalación de la música nacional, disponiendo una comisión organizadora que integrarán periodistas, cantantes, autores, compositores y sindicatos del Estado. Asimismo se reglamenta la acción de la RAI-TV para la emisión de estos eventos aquí y en el exterior. Con este panorama se arribó al final del festival, incluido un anónimo atentado a la torre de transmisión de Monte Bignone, desde donde RAY-TV emitió la muestra a 52 millones de europeos (Eurovisión) y 28 millones de italianos. También hubo un ignoto autor que indicó autor que la obra "Che será" que llevó a muy buen puesto **José Feliciano** le pertenecía. Desde que **Luigi Tenco** se suicidó en la habitación 117 del hotel Savoy de esta ciudad, hace cuatro años, hay muchos que vienen a San Remo todos los años e intentan lo propio. Este ignoto autor se tomó unos somniferos, pero pasó de allí. Se trató de un "camelo" promocional al que la prensa no le prestó atención. El festival en sí, y sobre todo en relación a los cinco últimos de San Remo tuvo un nivel bueno. Sobre las 24 obras que se seleccionaron para la muestra, alcanzaron la

final 14. Felizmente la crítica coincidió con el público votante en las 20 regiones de Italia.

Las mejores letras y música son las obras que alcanzaron los primeros puestos, cuya cabecera es la siguiente: "Il cuore e un zingaro" (cantó **Nicola di Bari y Nada**, RCA, autores **Migliacci-Mattone**, recogió 357 votos); "Che será" (Canto **José Feliciano y Ricchi e Poveri**, RCA, de **Migliacci** y el cantor **Jimmy Fontana**, obtuvo 316 votos); "Cuatro de Marzo de 1943" (cantó **Lucio Dalla** (RCA) y **Equipe 84** (Ricordi), de **Lucio Dalla** y la señora **Pallotino**, obtuvo 297 sufragios); "Come e dolce la sera" (cantó **Donatello** (Ricordi) y **Marisa Sannia** (CBS), de **Albertelli-Ricardi-Ilani** y consiguió 136 votos); "Sotto le lenzuola" (es la historia de un adulterio que escribió y cantó **Adriano Celentano** junto con el coro de 32 Alpinos (Clan), de **Berreta**, del **Prete** y **Celentano** con 125 sufragios). Luego vienen con menos de 100 votos **Domenico Modugno** y **Carmen Villani** con "Come stai?"; "Bianchi cristalli sereno," por **Don Baccky** y **Gianni Nazario**, etc. Para la crítica la mejor obra fue "Cuatro de marzo de 1943," del bolgnes **Lucio Dalla**. El tema, además recibió una distinción de un millón de liras en monedas de oro por parte del intendente de esta ciudad, ingeniero **Guido Pancotti**. **José Feliciano** impactó con su interpretación, además de ser muy elogiado durante sus ensayos por toda la prensa italiana. **Feliciano** se abrió así a un mercado europeo entrando por la puerta grande. En cuanto al ganador, **Nicola Di Bari**, quien antes de ser famoso en Italia lo fué en Argentina, logró un equilibrio con la interpretación de "Il cuore e un zongaro," sumándose a ello el hecho de que en San Remo 70 había resultado segundo ante un arrasador **Adriano Celentano**, quien este año tan solo se presentó con un antiguo "foxtrito" como lo definió el director argentino **Angel Pocho Gatti**.

En definitiva un festival con los resultados justo en la clasificación de los primeros puestos, pero que los responsables (no los organizadores) es decir casa discograficas, editores de música, autores y cantantes deberán revisar a fondo para 1972, pues un festival con notable repercusión como eran los de antes en San Remo no lo conseguirán solamente con la sanción del proyecto-ley de **Giulio Andreotti**.

más. Este cargo dura hasta 1964, en que por su capacidad de trabajo es nombrado Gerente Regional para todo Latinoamérica, en lo que al disco respecta.

Las jiras por todo Latinoamérica son constantes y comienza su lucha al querer realizar un intercambio de música en todo Latinoamérica, labor que para su modo de pensar la logra en gran parte, siendo ésta una de sus grandes satisfacciones en su vida profesional.

Y es en 1969, en que recibe la grata noticia de trasladarse a México para ocupar la Gerencia General, hasta la fecha.

En México, como lo declara **José Manuel Vías**, "Desde el momento de mi arribo hasta la fecha he recibido muestras de mucha comprensión y aprecio por parte tanto de los artistas como de los compositores, y me siento muy a gusto en esta linda tierra mexicana." Las palabras de este trotamundos, que partiera de su Cuba querida como él la siente en esos años pasados, están llenas de sinceridad y nostalgia.

Casado, feliz de contar con un hogar lleno de paz y comprensión, manifiesta tener 4 herederos cuyas edades fluctúan entre los 11 y 18 años.

Para su modo de pensar, la lucha no ha concluido y no descansará en su afán de intercambiar la música en todo Latinoamérica, y que se reconozca la música mexicana en todo el mundo, pero con la evolución de la época ó sea, con arreglos modernos.

canos en España con un cocktail en conmemoración de su Décimo Aniversario de permanencia en dicha plaza. Al mismo tiempo, festejaron el lanzamiento de su canción "Gracias, España." . . . Acaba de ser nombrado Gerente General de Industrial Sono-Radio, del Perú, el Sr. **Alejandro Parodi** . . . De gran impacto internacional la grabación de Marfer, "La Cita" y "El Vaivén del Mar" realizada en España por la cantante peruana **Betty Missiego**. ¡Genial esta intérprete!. También de Marfer "Vino Tinto, Tequila y Ron" que en la voz de **Carlos Aragón** se situará de exitazo en varios mercados. Al dorso de este número, interpreta Carlos, "¿Dónde Están las Llaves?" ¡Muy buenas! . . . Firmó con Sicamericana en Argentina, el pianista folklórico "**Pichin**" **Córdoba**. Los primeros temas grabados han sido "Te Siento Así" y "Te Recuerdo en Zamba" . . . El lanzamiento por Velvet en Miami de grabaciones de sus artistas **Danny Rivera**, **Henry Stephen**, **Charito**, **Johnny El Bravo**, **Mirtha** y **Porfi Jiménez** a precios de liquidación de a 99¢ no me parece que va a favor del sello, que rebaja su propia categoría con esta política, y mucho menos a favor de sus propios artistas. Bueno, Tony Moreno me informa que son discos que no tenían gran movimiento, devoluciones, discos imperfectos, etc. etc. etc. . . . Va con gran fuerza "Yo También Soy Sentimental" en la interpretación genial de **Nelson Ned** en UA Latino . . . **Fred Reiter** a Puerto Rico la semana entrante . . . Yo También andaré por Puerto Rico, de vuelta de las bodas de **Joe Cayre**, de Caytronics en Nueva York . . . Largo rato charlé con **Mena** de Kelvinator Sales de Puerto Rico, representantes de RCA en la Isla del Encanto . . . "He Perdido una Perla" que es un éxito impresionante en la voz de **Narciso**, ya tiene seis copias por varios intérpretes. ¡Qué originales, verdad? . . . Eso me recuerda a las interpretaciones que lucen éxito en México. De entrada salen al mercado con gran cantidad de versiones. Bueno, en este negocio nuestro cualquier cosa puede pasar . . . inclusive que un terciopelo se le convierta a uno de repente en un insulso papel de lija . . . Y ahora, amigos . . . ¡Hasta la próxima! . . . si Dios y los aviones quieren . . . Ah! . . . **Marco Antonio Vázquez** ya no tiene tiempo para poderle hacer frente a sus múltiples ofertas de contrato en México . . . Y no dejo de pasar la oportunidad para vaticinar que "Negra, No te Vayas de Mi Lado" en interpretación del grupo argentino **Banana**, logrará un impacto internacional fantástico, si es atendida su promoción y si miles de sellos no la copian antes. ¡Ojo!

André Toffel is planning an aggressive release of all Polydor and Philips recordings in Spanish through their licensees Miami Records in the states and Puerto Rico. **Carlos Díaz Granados** and **Tito Garrote** are moving toward an energetic policy regarding promotion and distribution of these labels in this area. They are releasing this week an album by **Nino Bravo** from Spain containing the hit "Te Quiero, Te Quiero" composed especially by **Augusto Algueró** for **Carmen Sevilla** and a hit by **Nino Bravo** in Spain . . . **Carmela** and **Raphael** are selling on the East Coast "De Qué color es la Piel de Dios" on Musart . . . **Salome** re-inked with Belter in Spain. **Javier García**, Promotion Manager of Codiscos, Colombia, was awarded by "El Espectador" on of the most important newspapers in Colombia as the "Best Promoter of the Year" . . . **Anjelica St. Jude** signed as exclusive artist with Fania in New York. Anjelica just filmed "Power to the People," which could be an excellent promotion for this artist signed by **Jerry Massucci** and **Harvey Averne** . . . **Las Adelitas**, a group of Mexican Folklore musician, will be touring this month California, Texas, New Mexico and Arizona. They will perform in Los Angeles at the million dollars.

Andra Willis recorded "I Adore You" by **Manzanero** and **Sunny Skylar**. Sunny had great success previously with his English lyrics to Spanish songs such as "Love Me with All Your Heart," "Magic is the Moonlight," "Kiss Me Much," "Amor" and others. Andra almost made it recently in the American market with "Knock, Knock, Whose There" on Paramount . . . **Los 3 Sudamericanos** were honored in Madrid for their 10 years of residence in Spain. They released their new song "Gracias España" for the occasion . . . **Alejandro Parodi** was named last week General Manager of Sonoradio, Peru . . . Marfer released "La Cita" and "El Vaivén del Mar" by Peruvian singer **Betty Missiego**. This singer

Carlos está siempre presto a darle cabida en sus programaciones a piezas que reflejen esta política, sin perder de vista la característica múltiple de nacionalidades y gustos musicales que pululan en Nueva York. Ciudad difícil para desarrollar sus actividades cualquiera locutor, ya que las motivaciones son en extremo difíciles y variadas, Carlos Knauth ha ido adelantando en su profesión a pasos interesantes.

Carlos es casado y reside con esposa en Manhattan. Recibirá sus muestras en Radio WBNX, 801 Second Avenue, New York, N. Y. 10017 y le responderá al teléfono 889-6880. A más de estar pendiente de todo el material que gusta y va de éxito en la metrópoli, Knauth está siempre informado de todo lo que va siendo éxito en toda Latinoamérica y estudia profundamente sus programaciones antes de dar un paso adelante. Letter to the Editor

PR Fine Points

Dick Gersh, certainly one of the most competent and respected men in the business of public relations, made some fine points in his recent Record World piece.

I am always amazed when a client complains about the job that is being done when he is being uncooperative. I certainly agree that publicity is only of real value when it is cumulative in effect. It is not what is accomplished day by day. It is a matter of a client, whether he be an individual or the head of a company, looking back over a period of several months and saying, "He (or she) is doing a job." The feeling is either right or is not.

In my own case, I have set up one precedent. I will not knowingly send a "phony" item to a publication. I think I owe it to the people I do business with not to build my clients up with false news. Somehow I feel that this kind of phony build-up eventually catches up with the very client you are trying to help establish.

Sincerely,
HARRIET WASSER

(Miss Wasser is an independent publicist whose clients in-

clude Charles Fox, Norman Gimbel, Bobby Scott, Gavin & Woloshin, Inc., and John Mack Presents, Inc., and Herb Bernstein Enterprises.)

is superb, and Marfer could make it big with her. Also on this Spanish label, "Vino Tinto, Tequila y Ron," by Carlos Aragon, could make it big. Marfer is starting to move strongly with modern rhythms. Their instrumental "Melodias Infinitas" by Los Violines is another great piece... Folklore pianist "Pichin" Cordoba signed with Sicamericana in Argentina. Music Hall will shortly release "Te Siento Asi" and "Te Recuerdo en Zamba" (Peer Southern) by this great pianist... Nelson Ned is starting to move well his "Yo También soy Sentimental" in several areas. UA Latino is starting to move strongly their whole catalogue... Fred Reiter will be in Puerto Rico next week, as will I, after attending Joe Cayre's wedding in New York... Mena from Kelvinator Sales, licensees of RCA in Puerto Rico, spent several days in Miami. We had a long talk... "He Perdido Una Perla" by Narciso is a success. Cover versions are counted by the dozen... Marco Antonio Vázquez is selling big in Mexico... "Negra, No te Vayas de Mi Lado," released in Buenos Aires by Banana, could be a smash throughout Latin America. Watch it!

■ LONDON—Polydor announces the launching of a new label named Mojo for all their R & B product. First releases this week are by the **JBs**, **Bobby Bird** and **Vicki Anderson**. It is being handled by Contempo International which will select and promote R & B product from the U.S. Canyon, Roulette and Atlantic labels. Atlantic, as previously announced, will join the Kinney (U.K.) Record Group at the turn of the year, and U.K. Managing Director **Ian Ralfini** has revealed the signing of a long-term agreement with CBS for handling all Kinney's pressing and distribution in the U.K. Ralfini states that this agreement allows the company to concentrate on the creative and artistic aspects of the Group during a period of rapid growth. CBS is to double their pressing capacity to meet the July 1 launch date and the deal covers records only.

Gerry Bron, agent/manager to **Colosseum**, **Uriah Heap** and **Palladin**, among others, is currently negotiating with **Island Records** for release of his own **Bronze** label, and expects to make a firm announcement next week . . . **The Rolling Stones** have completed a most successful tour of Britain, winding up with two crammed performances at London's Roundhouse (a converted Railway shed). The group has lost nothing of their old excitement and the audience, though older and quieter (during numbers), showed as much enthusiasm as ever. Decca has just released a Stones album called "Stone Age" containing eight old titles, including some of their greatest hits ("It's All Over Now," "Paint It Black," "The Last Time") and four new songs. Warner Brothers is expected to release a Stones album containing all new material in a few weeks.

BBC's network morning dj, **Tony Blackburn**, has most of London's top session singers backing his new single, "Is It Me, Is It You." It has been produced by RCA's Commercial Manager, **Olav Wyper**, together with A & R Manager **Mike Everett** and U.K. Promotion Manager **Richard Swainson**. Competition for **Chairmen of the Board**, perhaps!

The radio pirate war in the English Channel hotted up last week. Radio Veronica, the quasi-legal Dutch pirate, say they have bought (for more than a million dollars) MEBO 2, the ship from which English language Radio North Sea International operates **Edwin Bollier**, a Swiss businessman, says he still owns the MEBO 2. And to prove the point he is reported to be armed and on board the ship, prepared to repel any invaders, including reporters and record pluggers. The owners of Radio Veronica are now planning to take action in a Dutch court against Bollier and company, which must set a legal precedent of some kind.

EMI has now decided to release **John Lennon's** "Power to the People" as a double "A" side on Apple following their insistence

■ BERLIN—Groggy Germans, who had set their alarm clocks for 5:20 in the morning to see the **Frazier-Clay** fight over Telstar, came late to recording sessions the next day, but it was worth it . . . Thank you, **Larry Uttal** and **Dave Carrico**. Your new Dawn single, "I Play and Sing," hits the bell! . . . **Wolfgang** from Vienna visited us with his hit, "Abraham."

Nice to hear France's great maestro, **Frank Pourcel**, from Paris, and we "love" his new LP, "Sympathy," on Electrola/Pathé-Marconi . . . Teldec proud of their **Peter Maffay**, who hit the #1 spot in Germany, now #1 on Radio Veronica in Holland . . . Luxembourg artist **Fausti** visited his producer **Horst Fuchs** of Transworld in Berlin for a new recording . . . **Tom Jones** just did a TV spot in Munich with his new disc, "She's a Lady" . . . **Willi Sommer** produced the new group **Kin-Ping-Meh**, just was released on Polydor and showing action . . . **Wolfgang Sauer** did a guest spot on my RIAS dj show with his new Vogue single, "Ein Tag Voll Happiness" . . . Thought **Paul Weirick** in California would be pleased to know that his standard, "When My Baby Smiles at Me" often in German TV shows, which means MONEY . . . Talented artist/writer/producer **Michael Holm** has appeared in films and sings his hit, "Wie der Sonnenschein" . . . Electrola's **Cliff Richard** in from London for a German tour, heralding it with his new single, "Ich Träume Deine Träume" . . . Big star **Peter Alexander** did a sensational show in the largest concert hall in Berlin (Deutschlandhalle), backed with the fabulous **Johannes Fehring Ork**, while wife, manager **Hildegard Alexander**, kept a keen eye on the sidelines. Peter has a hot disc in English written by **M. Jerre**, "Isadora" . . . Polydor's **Roy Black** in London to appear as guest of the popular **Rolf Harris** BBC show . . . Dutchman **Jacques Boon** has a vivid version on wax of the stateside hit, "Rose Garden" . . . Stuttgart's **Peter Kirsten** has an exciting album with his artist **James Royal** on Global Records . . . Good public reaction to Radio Bremen's music broadcasts, "Musik der Guten Laune II and I" . . . Bellaphon's nine-year-old **Riki** pleasing the djs with his new single "Grüss Dich" . . . Lady producer **Sigrid Volkmann**, I predict, will turn out hit after hit for BASF as she did at Teldec. I know her **Peter Garden** is going places . . . Speaking of going places, publisher **Johann Michel** took off on a Far East tour with copyrights. Japan better have some Japanese steaks for this 6 foot three giant . . . Miller's International's **Harold A. Kirsten** should receive a mode for his triple LP package, "Kinderland Märchenwelt." The proceeds were donated to the German Children's Aid Society . . . Gerig pubbery exploding with "My Sweet Lord," **George Harrison** . . . I love the lyrics of **Paul Anka** for "My Way," and especially the way **Al Martino** sings it . . . **Wolfgang Gretscher** of the Europawelle Saar inked a recording contract with Resino Records. His first single, "Gestern Ist Vorbei," should go sky high.

Uni Inks Heatherington

■ While in London recently, **Russ Regan**, Uni Records exec, met with **George Pincus** of Gil

ITALY

By MARIO PANVINI ROSATI

M. P. Rosati

■ MILAN—The San Remo Song Festival has revolutionized the Italian hit parade. Seven of the songs presented are listed this week among the top 10 in our charts. At the first positions there are the first three prizes of the contest. It must be said that this is one of the rare years in which the juries have expressed exactly the same preferences as the record buyers.

The record and music industries in Italy, and particularly RCA, who got the first, second and third prize in the Festival, are ecstatic. The market, which was really bad in the last 12 months, seems to be in the middle of a big revival and sales are increasing progressively.

The same positive opinion is also expressed by the firms who did not participate in the Festival. As reported, they are Durium and Ri Fi who contested the rules of the contest, followed at the moment by Phonogram and Fonit-Cetra. By the way, a bill recently was brought before the Italian Parliament requesting that all film and music festivals be managed by public organizations, in order to avoid the interference of private interests in these events.

Big excitement has been created in CBS offices by "L'Amore E' un Attimo," the song with which Massimo Ranieri will represent Italy at the forthcoming Eurovision contest. . . . Gigliola Cinquetti is recording her new French single. Jacques Plait, her French producer, is sure that this record will bring the Italian artist back to the top position on the charts in France. The "A" side is the French version of Gigliola San Remo song "Rose Nel Buio," entitled in French, "Le Bateau Mouche." For the promotion of this record Gigliola plans trips to Paris for TV appearances, press and radio activity.

Successful Italian appearances for Ray Conniff and his chorus have taken place. Ray arrived in Rome on Feb. 21 where he recorded his special guest performance on the biggest Italian TV show, "Teatro 10." He also performed the song presented at the San Remo Festival (with Gigliola Cinquetti), "Rose Nel Buio" . . . British group the People, whose "I Am the Preacher" is one of the most played on Italian radio, are expected in Italy for TV performances . . . The Wallace Collection (EMI Italiana), the only foreign group among the San Remo finalists, will be back in Italy. They will record as special guests their participation in the TV series "Chi Sa Chi Lo Sa" where they will present again their San Remo hit, "Il Sorriso Il Paradiso" (published by Sugar Music and EMI Italiana).

Al Bano (EMI Italiana) left on March 10 for a tour of Australia. From March 14 until April 4 he will visit the states, where together with Romina Power (his wife) he will take part in two TV shows . . . Another top EMI international artist Gilbert Becaud, after two years' absence, will be back in Italy from April 22 until April 28 for a concert tour in Milan, Rome, Bologna and Florence. He will also be the star guest on two TV shows where he will present his new single in Italian, "L'Homme et La Musique" b/w "Le Bain de Nuit."

Fonit-Cetra, the state-owned record company, has announced the finalization of a deal for distributing in Italy both Italian productions of Carosello and King Records labels. Carosello is the label owned by Curci, while King Records belongs to Aurelio Fierro. Fonit-Cetra also announced that they will distribute in Italy Walt Disney product.

of what was to be the "B" side being re-recorded by Yoko Ono, due to, in EMI's view, objectionable lyrics.

All advertisements of Engelbert Humperdinck's tour in Germany have had to carry just the name Engelbert, due to the Humperdinck Estate of Trustees objections to the full name being used in case of connections with the family.

Miles Captures Jack's Spirit on Columbia Soundtrack

■ There are movie soundtracks and there are movie soundtracks. There is incidental music created to fill the void when the story up there on the big screen gets dull. There's music designed to let you know in time to get back from the candy counter, that something is about to happen. There's movie music designed to make you leave the theater humming. And then there's Miles Davis' soundtrack from the movie, "Jack Johnson."

"Dig the guitar and the bass—they are 'Far-in,'" writes Miles in the liner notes. John McLaughlin on guitar has already established himself as a star through his work with

Miles Davis, Jack Bruce and on his own album. "Devotion," on Douglas Records.

Drummer Billy Cobham does percussion on the album. One of the best drummers on the horizon, Billy drums for Columbia's Dreams and worked with Interaction's Jazz Workshop.

One of the keynotes of Miles' style is that he is never resting, always searching and constantly responsive to younger musicians, their music, their innovations and their talent. Miles has gathered around him two such young personnel. Mike Henderson was discovered by Miles while playing in Stevie Wonder's backup group. It's his

JAZZ LP PRODUCT

WESS TO MEMPHIS

FRANK WESS—Enterprise ENS 5001.
Light and very bright flute playing on the two sides of this disk. Frank Wess doesn't try much new, but what he does try comes off nice and pretty and right for programming on more than just jazz stations. "Ooh Child," "Signed, Sealed, Delivered, I'm Yours."

PRETTY THINGS

LOU DONALDSON—Blue Note BST 84359.
Tasty, pleasant, non-earth-shaking music from Lou Donaldson and sidemen Blue Mitchell, Ted Dunbar, Leon Spencer, Jr., Idris Muhammad, Melvin Sparks, Lonnie Smith and Jimmy Lewis. Some of the songs are old and some new, but all are done in very cool fashion.

I'M GOIN' GIT MYSELF TOGETHER

JIMMY SMITH—MGM SE 4751.
Jimmy Smith is mighty feisty on this new package, which is witty as well as musical. The title tune deserves consideration for top 40 success, though it's very R/B. Also included for very good measure are "Uh Ruh," "I'm Gon' Git Myself Together," "Spill the Wine." Tops.

MONGO'S WAY

MONGO SANTAMARIA—Atlantic SD 1581.
Mongo Santamaria's way is familiar to just about everybody; so this album should do more than a fair share of business. Most of the melodies are unfamiliar, although "The Letter" is here and done brightly. Strikes the par for Mongo's albums over the years.

Jay to Miami

■ MIAMI—Arnold Jay Music and Productions will be moving their offices here April 1.

President Arnold Capitanelli and Vice President Robert O'Connor will be involved in productions, commercials and other activities.

Phone will be (305) 781-6949.

Al Peckover will run company's New York operation. Phone is (212) LO 4-2360.

playing that Miles is telling you to listen for—he plays with ability far beyond his years. On piano is Herbie Hancock, top contemporary pianist. Steve Grossman is on soprano sax. Only 19 years old, he played with Miles at the now historic Fillmore concerts.

"Jack Johnson," says Miles in the liner notes to this album. "portrayed freedom—it rang just as loud as the bell proclaiming him champion." Miles' soundtrack album, with an all-star cast, captures the freedom in the music.

TRADE STIRS

■ Complete corporate representation of Sid & Marty Krofft Productions, Inc., Hollywood, leaders in the field of family-oriented entertainment, has been assigned Litrov/Levinson Public Relations, according to Howard G. Peretz, Krofft VP-Marketing.

Bob Morgan and Biddy Wood have finished production on Ernie Andrews' first album for the Phil-L.A. of Soul label as a follow-up to Ernie's single, "Bridge Over Troubled Water." Label released a single of James Taylor's "Fire and Rain" from the album last week.

Al Ham has produced and arranged the music for Swank's new "Viva Patchouly" campaign, utilizing "Viva Tirado" as the theme. The song was originally composed as an instrumental by Gerald Wilson. However, Norman Gimbel added a lyric calling the song "Viva."

Not mentioned in last week's story about the Songwriters Hall of Fame Awards was the fact that Bobby Scott was a presenter—an award to Ira Gershwin, who was not present. Mrs. William S. Paley accepted Gershwin's award.

Capitol Tape Flashback

■ **HOLLYWOOD** — Capitol Records is launching a new tape marketing project called "Flashback," according to the label's Vice President, Merchandising, Rocco Catena.

With a lightly tongue-in-cheek approach, Flashback offers the consumer four new 8-track or 4-track cassette albums of the oldies but-goodies hits of "long-ago" 1970. Tapes available include potpourri volumes of tracks by different Capitol stars, including titles like Anne Murray's "Snowbird," Grand Funk's "Closer to Home," the Lettermen's "Traces/Memories" and Merle Haggard's "Okie from Muskogee." Two volumes are essentially pop-oriented, one is rock and soul, and one is

country.

Supplied to the dealer will be checklists for ordering Flashback tapes, separately or in pre-pack, together with ad mats and components, plus merchandisers for either 8-track or cassette product.

Aimed particularly for eye-catching customer appeal is a tie-in collection of four "nostalgic" full-color postcards produced as consumer give-aways to highlight the tape display.

Said Catena, "We're setting out to re-engage the consumer's interest in the cream of Capitol's vintage 1970 product. With Flashback we offer top tape merchandise of the recent past with graphics keyed to an earlier, fondly remembered time."

Tape Seminar Info

■ Twenty-four different seminar work-shops will be held at the first industry-wide International Tape Seminar sponsored by the International Tape Association, according to Larry Finley, Executive Director of ITA. The Seminar will be held

at the Shoreham Hotel, Washington, D. C., May 12-15.

To receive seminar information, people out of the New York area can call Listfax toll free at 800-243-6000 or by writing the International Tape Association at 315 W. 70th St., New York, N. Y. 10023. (212) 877-6030 (212) 873-5757.

Scepter Challenges Settlement Story

(Continued from page 3)

the article, Sam Goff, Scepter Executive Vice President, had conversations with both Burt Bacharach and Hal David in which both Bacharach and David voiced dismay at the story which they say was released by their lawyer without their knowledge or authorization.

Scepter's attorneys were appalled by the appearance of the story and they seriously raise the question whether a severe breach of the canons of legal conduct has been made by Blue Jac's attorney.

The March 20 article describes a settlement of \$339,000 to be paid by Scepter to Blue Jac plus certain stipulations amending the contract interpretation between Scepter and Blue Jac. The article which said Blue Jac is the sole owner of all master recordings produced by it and that Dionne Warwick has no contractual relationship with Scepter fails to mention that this arrangement is similar to hundreds of others in the recording industry whereby the record manufacturer has a unit contract with producer and artist as a production company. The article failed to mention that Scepter's contract with Blue Jac calls for Scepter to have exclusive re-

ording services of Miss Warwick and that while the masters are owned by Blue Jac, Scepter has the sole right to sell and market this product into perpetuity.

Scepter spokesmen further stated, "The \$339,000 which the article described as being a royalty settlement going back to 1966 in fact covers seven years of adjustments and concessions as far back as 1963 and involves items that have nothing whatsoever to do with royalties."

Scepter President Florence Greenberg said her decision to settle this matter now and to sacrifice arbitration was based on the fact that a contract renewal between Dionne Warwick and Scepter is imminent.

As a direct result of the article's publication in Billboard, Scepter is considering withdrawing its settlement agreement and sending the matter to arbitration to settle the issues. Scepter said this is necessary to clear the air and erase any doubt about Scepter's rights, integrity and business practices. They further stated that they regret if such a move damages future relationships or the contract negotiations but integrity comes first.

N. Y. NARAS Lieberon Evening

(Continued from page 3)

Presenters paraded across the stage after the usual miscues and misunderstandings, and when Curtis Mayfield, the night's sole entertainer, came on for a music break, the audience took his arrival as a chance for an intermission or, worse, an exit.

Some, but not many, stayed to watch the replay of the ABC Grammy TV special, which had been telecast while the Lieberon bow was taking place.

The irony in this situation is that many of the people most crucial to the record business and art learned of the awards after the rest of the nation.

The sloppiness of the evening is traceable, one might suggest, to the NARAS board's failure to understand what the members want from the awards dinner. People want to mix at the cocktail party, eat dinner and go home. They do not want superfluous entertainment because the awards themselves are the entertainment.

How Did Other Company Executives Feel?

They don't need glamorous presenters necessarily and might even feel slighted if someone is chosen over them, and they don't need half-baked notions like this year's "Half an Evening" (how did other company executives feel, and how did record historians feel during Betty Comden and Adolph Green's atrociously-amateurish skit—some friends they are!—when Lieberon was credited with developing the long-playing record single-handedly?).

Even though the lure of the home-screen might have been strong this year and might be next year, too (although next year New York might be hooked into network coverage), members probably would have to come to see each other and watch the show together if they knew it was to be a short and sweet evening.

The NARAS board would do better, it would seem, to simplify the proceedings. After all, as Goddard Lieberon could have told them, simplicity is elegance.

Trapeze Tours U.S.

■ British rock group Trapeze will embark on a cross-country U. S. tour beginning March 26. The Threshold recording artists are currently represented with their album "Medusa."

Feliciano Back

■ José Feliciano returned last week from a series of international appearances in Europe, Australia, New Zealand and the Far East.

DIALOGUE

(Continued from page 8)

Inman: I can only put it this way. I would rather risk the royalties due me. I would rather risk collecting them from an operation like this than from any of the ones who are raising the stink now. Because as you said, I have been a songwriter all the years I have been in Nashville and have gotten hundreds of songs recorded on the very labels that are raising the stink and as yet, the royalty payments as far as I'm concerned, well, it insults a person's intelligence when he gets it. I feel sure that all you have to do is go up and down 16th Avenue South, better known as Music Row, and talk to dozens of people and you'll get that story corroborated. Of course, you'll run into a few who will go the opposite direction with that story because you'll run into a few people who are on such a tremendous guarantee that they have to be happy. If you are guaranteed as a writer X number of dollars and you don't earn it, then who's going to make up the difference between what you earn and what you didn't earn? It's the little folks who don't have the guarantee who are left to make it up. So it's got to be withheld from mine, that's not on a guarantee, to make up the difference between what you earn and what your guarantee is. It's been going on this way for years on these hundreds of songs I've got recorded from the biggest artists right on down to and including myself. Some Nashville writers are getting a guarantee from one of the performance societies, a fantastic guarantee, and they've had only just a few songs recorded and here I sit. I've had hundreds and I believe that BMI has paid me—the last time I checked up was about a year ago—around \$7000; that's for hundreds and hundreds of songs. Now I can't figure that out. So to answer your first question, I'd rather trust the payment of my royalties to an organization like mine than to the hands it's been in all these years.

Record World: How does your organization make payments to writers?

Inman: The same way I assume that anybody else does. At the end of any given time, just sit down and figure how much we've sold and send the publishers a check.

Record World: Have you made payments to date?

Inman: Through the 31st of December.

Record World: In gross figures, what would you say you've paid writers for the use of their material?

Inman: I would say possibly \$1500 to \$2000.

Record World: And you've been in operation since when?

Inman: We actually got our equipment Aug. 1, but we didn't really begin to sell anything until the second week in October.

Record World: How do you choose the material you're going to reproduce?

Inman: By seeing what's selling, what's a hit. I'd be stupid to put anything out that I didn't think would be a hit. I'd choose it like anybody else, like you would, like you know who has been selling in the past, if they come out with a new one and it sounds good, I figure it's going to sell, I make it. If it doesn't, I don't.

Record World: Who have been your most successful artists to date?

Inman: My party tapes.

Record World: If this upcoming Tennessee legislature does pass the law—

Inman: Not if, when.

Record World: When, making duplication of their product without permission of the company and/or the artist, when this is a fact and you are no longer able to operate in the State of Tennessee, do you plan to give up tape duplication?

Inman: I'll never give up tape duplication simply because to give up tape duplication will require a change in the copyright law. If and when this law is passed by the state legislature, it will be tested, taken to the Supreme Court, struck down and repealed because it will be an illegal law, as I said. Because, you see, the State Legislature is a strong body. They're a law-making body and have every right to do that but in pertaining to something that is governed by a higher law than they are and this falls, of course, under the copyright act which is international in scope, and the state doesn't have the authority to regulate it. It has to be done from higher.

Record World: Let's suppose that the law is passed, tested and proven sound.

Inman: It can't be proven sound.

Record World: Let's suppose they do, then what would be your move if you could no longer operate in the State of Tennessee?

Inman: Well, then, I'd just go to another state where I could. It's just that simple—or to Mexico, or Cuba, or Australia—you name it, I won't quit the tape business. The music business has kept me poor for 22 years and the tape business is stopping me from being poor and I ain't gonna stop the tape business.

Record World: In order to stop the flow of product for tape duplication, would every manufacturer have to go to court and get an injunction against your duplicating that tape?

Inman: You mean like CBS did with me? Well, that didn't do any good. That wouldn't suffice and the reason is that, had I so desired, I could already have had this hearing with CBS. The reason that I haven't is simply because I sell every piece that I possibly can make and it hasn't affected my business one iota. I didn't have the time to piddle with the legal battle aspect of the thing but if it had been important to me, I could have been in court a long time ago because it is a temporary injunction and something of that nature you can get a hearing on right away. It's not necessary that it take this long, so I could have already been in, and had we gone into court, I could have beat 'em just like that without any problems and the injunction would have been lifted. Then all the injunctions you mentioned as being necessary, they wouldn't be sufficient by any means.

Record World: Do you also pay royalties to anyone other than the writer?

Inman: I do not. Nothing but writers and publishers. Now then, let me say something about that. I not only would be willing but would be happy and anxious to pay artists' royalties because I think they do deserve something. I think they deserve a fair and adequate royalty because I don't think they get it where they're at. If you'll notice on my wall, I've got a plaque presented to me by CBS for a record when it crossed the quarter-million mark. On the left of the plaque I've got a picture frame with the record itself in it. On the right of the plaque, I've got a picture frame with the check that was sent to me by CBS. Well, I've got a frame, no check, it's empty. As a matter of fact, after doing only five record sessions for Epic Records, which is a division of CBS, a session of the type I was doing would run roughly from \$1200 to \$1500 per session. After doing five of those and after this record and all the lesser selling releases that I had, plus the album, etc., my last royalty statement from CBS, I was still almost \$7500 in the red to them, \$7400 and something. Now, I studied a little mathematics and I can't add that up.

Record World: Now you are not, at this point, making payments to artists, or to record companies—

Inman: Absolutely not, but I would love to make artist royalty payments because I think all of us duplicators should do that, then possibly we might be able to force the originals to do it whether they want to or not. One of those stupid contracts, the contract that I had with CBS when I was on Epic—it was just an untold number of pages long and it was written just exactly like an insurance policy. It would give you something up here and take it away from you down there. If you actually get into selling some records, if you ever do hang on to a hit, you end up paying for boxes for shipping the stuff and everything they can think of and there's just not any way, unless you become a super star, that you can ever earn a quarter with those people.

Record World: How many duplicators do you think are in operation today in the United States?

Inman: So many it would shock you, I imagine. I'm aware of a lot of them, compete with them every day. Some of them are good friends of mine and I'm going to be closer friends with them and the ones I'm not friends with, I'm going to get to be friends with because we're starting our own organization. We're not going to sit here and be picked on by a bunch of people who have had a monopoly on something for all these years. And that's the only issue involved, really, is the fact that they've had a monopoly on it all these years because there are no laws involved. It's a matter of they have had the monopoly and they want to keep it that way, but they're not going to keep it that way because we're forming an organization and we're gonna fight until, man, there just ain't nothing left to fight, that's all.

Record World: How many duplicators are going to initially be pooled together to form the opposition?

Inman: Well, there's three of us to begin with that are initially putting the organization together. Now how many will fall in line, I don't know because I can't speak for anybody else, but I have reason to believe that the majority will fall in line with the

Mack Firm Ties With Big Tree

NEW YORK — John Mack and Doug Morris, President of Big Tree Records, announce the tie-up of John Mack Presents, Inc., a total music production company, as a division of Big Tree.

Morris said the new company would be a separate arm of Big Tree and will be operated by Mack who has nearly 10 years in commercial production. Norm Riggins will assist Mack as sales representative in New York. Mack joined Laurie Productions, Inc., in 1966 where he was put in charge of sales. He left Laurie at the end of 1970 to become VP of Creative Electronic Musical Industries, where he was until a couple of months ago.

It was Mack who brought the recording division of Laurie together with its commercial wing. He brought the hit song "Sweet Talking Guy" to Grey Advertising and was successful in landing a "Fact" toothpaste campaign. He turned at least 15 instrumental records into commercial themes while with Laurie. While with the

company Mack worked with electronic musician Jean Jacques Perrey and helped promote his single on Vanguard of "Visa to the Stars" onto the charts. It was as a result of Mack's selling efforts that Dave Mullaney became recording artist Christopher Scott and cut two Decca albums, "Switched On Bacharach" and "More Switched On Bacharach."

Current plans call for a tie-up between John Mack Presents and top arranging talents. He will be working closely with Eumir Deodato, Eliot Greenberg, John Abbott, Hutch Davie, Charles Fox (the latter in Hollywood) and Barry Manilow.

Osmonds Busy on TV

MGM's the Osmonds, currently playing a two-week stint at Caesar's Palace, Las Vegas, with Jerry Lewis, will appear on their own TV special via CBS on Sunday, March 28. The following Sunday, April 4, they will guest on Nancy Sinatra's special on the same network.

DIALOGUE

(Continued from page 54)

thing because they've got to be doing fairly well if they're in the business because it's a very good business.

Record World: Suppose there is a major copyright law change, with more teeth put into royalty payments, would you fight this?

Inman: No, royalty payment is not an issue. I am well aware, before I start—being a songwriter all these years—that you cannot use a person's song without paying for it because it is a copyrightable item. This is not the issue. This is not what the record companies, per se, are fighting. They're not worried about royalty payments for copyrighted songs. They never have, why should they worry about it now? They're worried about what I just said, the actual duplication and sale of the tape which they have had the monopoly on. But you see, the song itself is copyrightable but the performance thereof falls within the realm of public domain. It belongs to you and it belongs to me and it belongs to whoever is reading this column. And it does not belong to them regardless of what they say or regardless of what the contract they have with some individual says because there again, this individual doesn't have the power, the authority to defy a higher law. It's just set up that way. So, no, I don't have anything against a change in copyright law with respect to payment of royalties.

Record World: Is there anything we have not touched on that you would like to say on behalf of your operation and your fellow operators?

Inman: Well, I don't know. Simply that I resent the terms that are being used, like piracy, the term bootlegging, this sort of thing with respect to me. I resent it because it is not true. I would further like to say that no longer are we going to sit and be on the defensive. From here on out, we're going to be on the offensive. People are not going to be able to walk into my accounts and tell them that my operation is illegal and they're going to do this and that about them buying the product and that by buying it and paying for it they are compounding a felony. They're not going to continue to be able to do these things and get by with it because from here on out it's going to be all-out offense on our part. Anybody reading this can just take it for what it's worth.

Versatile Bobby Gosh

Bobby Gosh, Record World's Fred Goodman.

NEW YORK — Bobby Gosh, producer, arranger, writer and studio musician, is now a full-fledged artist. Bobby stopped by Record World last week to discuss his new album and upcoming tour.

In the past, Bobby was constantly writing and playing for others, but in January, 1970, he gave up all that and formed a group with bass player Don Payne and drummer Denny Seiwel. Eleven months later, the band and music were together, ready for an album. The album, "Bobby Gosh," which Bobby produced, orchestrated and for which he wrote five tunes, and on which he sings and plays piano, has just been released by Polydor, and is getting good response.

"A Song for Erik" seems to be the outstanding cut, and Frank Sinatra has already shown interest in covering the tune. "Erik" is Bobby's melody set to Kipling's famous poem, "If." Bobby is particularly fond of this song, since it was written for his young son.

Forming Tour

At the moment, he is forming a tour with Payne and new drummer Alan Schwartzberg. Three weeks ago they appeared at the University of Kentucky with Three Dog Night before 15,000 people. They will perform at the University of Pittsburgh with Steppenwolf on March 27. Bobby is the headliner at Mt. St. Joseph College, Lafayette University, a 10-day stint throughout the Chicago area, and at Harrah's in Reno. There is also a David Frost taping in the near future.

The last few days have seen Bobby Gosh working on a 20-minute promotion film for Polydor International, in which he will appear. Bobby Gosh is a busy man, enjoying every minute, because he is proud of his work. Talent, experience and determination are the keys to anyone's success, and Bobby Gosh has a large amount of each.

Bad Manors: Good Vibes For Canada's Crowbar

Crowbar

■ NEW YORK—"Bad Manors" has swept Canada and is coming here. The phenomenon is not a case of mass rudeness but, rather, the title of Crowbar's first solo album. The last time we ran into the group they were backing fellow Canadian King Biscuit Boy on his first album, "Official Music" (on Paramount here).

Kelly Jay, the personable pianist with the six-member group, made it to New York last week to talk up the album and the group before "Bad Manors"—subtitled "Crowbar's Golden Hits Volume 1"—is released here on Paramount in April. The album's main title is the name of the old farmhouse in Ancaster, Ontario, where the album was conceived. The "Golden Hits" portion is serious in that each song was basically derived from the styles of older rock performers including Ray Charles, Huey "Piano" Smith and others. "You'll realize you've heard all these before," Kelly explained. This is not to say the songs are not original. The group wrote a majority of the tunes on the album, including their recently released Paramount single, "Oh What a Feeling." Older songs include "Let the Four Winds Blow," a Fats Domino classic, and "Baby Let's Play House," the Arthur Crudup-penned Elvis Presley standard.

The present Crowbar consists of Sonnie Bernardi (drums); Jozef Chirowski (keyboards); John Ghetto (lead guitar)—Kelly explained that John is a "one-man slum area"; Roly Greenway (bass); Rheel Lanthier (guitar); and Kelly. The group more or less started by backing Ronnie Hawkins as "and many others" and went

on to their King Biscuit stint before going out on their own. Kelly characterized Hawkins as "the George Jessel of rock and roll in Canada" and saluted him for giving the band "the confidence we needed." He asserted, "He can do no wrong."

Kelly said that the group "likes to think it's a better group" since the solo phase started. He added, "The band has a lighter, more forceful personality, especially since Sonnie joined—he's the first man to replace Harpo Marx."

No Hard Feelings

The split with Biscuit was not one marked by hard feelings. As Kelly sees it, "We're into blues as far as doing one album; after that it becomes very fickle but we really appreciated playing with Richard" (King Biscuit).

"Bad Manors," the album, is unique in that songs are introduced with short musical expositions between cuts. Kelly explained that these interludes are "bits and pieces you can't put in a song but which deserves to be included on the album." Two are titled "Never Be a Dodo" and "The Frenchman's Cherokee Boogie Incident."

He outlined the philosophy of the group: "All we want to do is make records, and we don't mind if we never leave our farm." But he quickly added that "We dig visiting these cities." They'll be visiting again in April for a U.S. tour.

Polydor Sets Licensing Deals

■ NEW YORK—Jerry Schoenbaum, President of Polydor Records, has announced the signing of two major licensing agreements.

The first, with Miami Records, gives that company rights to the catalogues of all Polydor affiliates in Latin America, Portugal and Spain. Product from the territories in question not released by Polydor will be manufactured on a selective basis and released by Miami Records. Coordination of releases will be achieved in cooperation with Dela, the Mexico City-based operation set up last year to link more closely the operation of all Polydor and Philips companies in Latin America.

The second agreement gives Peters International the permission to import from all other Polydor companies repertoire which is available for exploitation in the United States, but which will not be released by Polydor or its affiliates. Peters International has previously handled repertoire only from Polydor's Greek affiliate, Hella-disc. German-originated repertoire has previously been imported by German News, Playette and Masterton Records, and it is expected that these companies will continue to carry imported Polydor records in co-operation with Peters International.

Both agreements were negotiated by Chris Whent, in charge of licensed repertoire for Polydor.

RCA San Remo Winners Click

■ The three single records on which RCA Records copped the first three places at the recent San Remo Festival had sales in the first week following the festival in excess of a million copies in Italy alone, and continue to build as hits in the countries where they have been rushed to release since the festival.

Announcement was made by Jim Bailey, Manager, Marketing, RCA Record International Department, who said the songs not only were solid hits in Italy but also were proving potent in Mexico and Latin America.

The songs are "The Heart is a Gypsy" by RCA Italy's Nicola di Bari; "Che-Sera," by José Feliciano, and "March 4, 1943," by RCA Italy's Dalla.

In the United States, the Feliciano song has been released in the Italian version, in Spanish and in English. Its English title is "Shake a Hand."

years. Rusty Warren has sold over six million albums. Wild Man Steve, although he is a relatively new artist, has sold more than 250,000 albums. Doug Clark, who has been with us for nine years, has sold well over a million albums. Al Capp, Larry Storch, Irwin Corey and Jackie Vernon are among the other fine artists in our comedy catalog, which is considered one of the most valuable of its kind in the music and record industry."

Blaine commented, "We are an established independent label. However, we have no financial resources other than our success. This is a critical period, as it would be even in healthy economic times for our continued prosperity. We intend to use all legal means at our disposal to combat and negate this vicious, venal, damaging and illegal piracy of our product."

RCA Impact Campaign Heavy

■ RCA Records has announced that its in-process impact merchandising campaign is having enormous success and that in its first two weeks has produced multi-million dollar results.

Gene Settler, Director of Commercial Sales, said: "This multi-million dollar program has been one of the most successful in our company's recent history." Settler continued, "We've known all along the strength of our 'Best Of' and 'This Is' product. Now, it's gratifying to realize such tangible results from our distributors."

The actual merchandising campaign ends March 26, but

the huge advertising-promotion support which has been a key to its success will continue through April 30.

At the same time, Harry Anger, Director of Merchandising and Market Planning, said that seven new albums have been added to the program. These are "The Best of the Guess Who," "Encore!-José Feliciano's Finest Performances," "This Is the Nashville Sound," "Opera's Greatest Hits-Arthur Fiedler and the Boston Pops," "Mario Lanza Sings Opera's Greatest Hits," "Music from Jesus Christ Superstar" and "Mrs. Atkins, Guitar-picker," the latter two of which are Camden albums.

Hit Hat

Eddie Brackett, Recording Engineer, wears his hit hat at Poppi Recording studios, recently opened in Hollywood. Eddie has recorded Grammy Award winner "Strangers in the Night" by Frank Sinatra, along with "That's Life," "Boots," "Sugar Town" and "Something Stupid" with Frank and Nancy Sinatra; plus 25 gold albums with Dean Martin, "I Gotta Be Me" by Sammy Davis Jr., "Something Burning" with the First Edition and many more of today's top recording artists.

Nashville NARAS Nice But...

By CHUCK NEESE

■ NASHVILLE—An estimated 800 persons attended the well-catered, well-planned, beautifully decorated Grammy Awards Dinner at the cavernous Municipal Auditorium in downtown Music City last Tuesday (16). But the glamour, glitter and excitement that used to make the Grammys the social event of the spring sea-

son went West with the ABC network TV show.

Undesirable Reception

Aside from evident factors that caused the entire evening's thunder to be stolen by the Hollywood-produced TV show, Nashville's show was plagued by less than desirable reception on their giant TV screen and poor reproduction via the

auditorium's public address system.

The highlight of the evening was the dance which followed the local awards and entertainment. The house emptied to about 250 persons immediately following the awards program, and those 250 that remained danced to the music of Rufus Thomas, the Bar-Kays, Don Tweedy and his Orchestra.

Allbritten Dead

(Continued from page 3)

Hank Snow and was one of the first men in Nashville to take on personal management responsibilities for several major artists at the same time (in the early '50s he managed and packaged shows with both Tubb and Snow).

His Dub Allbritten Talent Associates-One-Niter, Inc., booking complex was one of the first established here for both pop and country artists. In the course of his career, Allbritten became manager of Red Foley.

Allbritten is credited with discovering Brenda Lee, whom he managed from 1956 until his death. Other artists he was managing at his death included Bobby Fuller, Jeannie C. Riley and the Casuals.

Local Decca offices were closed March 21, the day of Allbritten's burial in Paducah.

Loretta Spokeswoman for Glo-Coat

■ Decca artist Loretta Lynn has become spokeswoman for Glo-Coat, a Johnson Wax product, in a saturation television campaign in 45 key North Central, Southeast, South and Southwest markets. The campaign, which began airing March 1, will run for 21 consecutive weeks.

Tony Joe White Joins ASCAP

■ MEMPHIS—Warner Brothers recording artist and writer of one of 1970's top-selling records, "Rainy Night in Georgia," Tony Joe White has signed as a writer with ASCAP.

White recently inked a six-figure recording contract with Warner Brothers. His first WB album, "Tony Joe White," is being released this month and features all ASCAP material.

White writes for the Moccasin Music wing of the Combine publishing complex. His previous chart songs include "Polk Salad Annie," "Roosevelt and Ira Lee," "Willie and Laura Mae Jones," and "Save Your Sugar for Me." His Monument album "Black and White" also hit the charts.

"Tony Joe White is one of the biggest and best writers signed by ASCAP's Southern Regional office," said Ed Shea, Executive Director for ASCAP's Southern Region office.

our own unique contribution to Women's Liberation. We are very happy to have her back."

Miss Tansey's career as a musician includes some early days on the folk music circuit

in 1964-5, a tour as John Lee Hooker's bass player in 1966, two years of playing with the Muddy Waters band, and an album for Atlantic with the Apple Pie Motherhood.

COUNTRY PICKS OF THE WEEK

SINGLE DOLLY PARTON, "COMIN' FOR TO CARRY ME HOME" (OWEPAR Pub., BMI). Here's a swinging, super, up-tempo rendition of the traditional "Swing Low Sweet Chariot." That funky bass line can be credited to session picker Bobby Dyson. Producer Bob Ferguson packed this production with a good rhythm feel. Dolly's due for big sales on three-in-row. RCA 45-254.

SLEEPER BAKERSFIELD CALIFORNIA BRASS, "CAJUN BRASS" (Blue Book, BMI) / "WAITIN' IN YOUR WELFARE LINE" (Blue Book, BMI). This is the first instrumental to be picked in the country section. It's a very catchy melody put together by Buck Owens and Don Rich. The "Brass" is arranged and conducted by David Gates and produced by Ken Nelson. Very commercial instrumental. Capitol 3066.

ALBUM WYNN STEWART, "BABY, IT'S YOURS." Super-stylist Stewart has another strong collection of the old and new. Kris' oft-cut "For the Good Times" and Tom T. Hall's "Do It to Someone You Love" get the inimitable Wynn Stewart treatment as well as newies such as "High Heaven" by "It's Such a Pretty World Today" writer Dale Noe, "You're No Secret of Mine," "Unforgotten Man," "I Was the First One to Know" and the novelty, "After Man." Superb production by L. A.'s Earl Ball and Nashville's George Richey. Outstanding cover, too! Capitol 687.

Three More Gold LPs for Pride

■ Charley Pride has just been awarded three more gold album awards from the Record Industry Association of America for "Just Plain Charley," "Charley Pride's 10th Album" and "Charley Pride in Person."

At the same time, Charley's latest RCA album, "From Me to You," and his newest single, "I'd Rather Love You," have leaped to the top of the C & W charts and are moving up the pop charts.

Charley's first gold album, "The Best of Charley Pride," is over the \$7,000,000 mark at retail.

3 Label Signings In Music City

■ NASHVILLE—Three new label affiliations were announced in Music City this week. Columbia got Patsy Slegg on the dotted line, while Ray Pillow moved to Mega and Johnny Paycheck went to Epic where Billy Sherrill will handle his sessions.

Sounds Scores in '71 For Little Richie

■ BELEN, NEW MEXICO — Sounds of Music Dist., Inc., headed by Little Richie Johnson, will handle several new labels in 1971.

Sounds will handle Whirlwind, Wesco, Avenue South, American Voices and several others. Firm has a total of 51 distributors in the states. They are located at 610 Dalies Ave.

Leaving for Charts

Hubert Long, President, Hubert Long International, and Chart songstress Connie Eaton check Record World for the entrance of her new single, "Leave Me," into the charts. Connie, recently signed with the Hubert Long Agency, turned 21 on March 1, the release date of her record. Left to right: Long, Connie and Bill Goodwin, HLA agent.

Clement Quarters in Expansion

■ NASHVILLE—The need for additional studio space at the Jack Clement Recording Studios, plus a general expansion of Clement's other entertainment industry activities, including publishing, has forced a relocation of Jack Clement's Nashville headquarters.

His offices, formerly located at 3100 Belmont Boulevard next door to his recording studios, now are located at 1226-16th Ave. So., in the building that formerly housed the Certron Corporation executive staff.

Companies involved in the move include: Jack Music, Inc.; Rivertown Productions; Gold Dust Music, Inc.; Jando Music; and Silver Dollar Music.

Some of Clement's related enterprises also are housed in the new facilities, including certain operations concerned with

his recent entry into motion picture production. Also, Clement's recently opened Pinwheel Art And Photography Studios are situated a half-block away.

Clement and his staff moved into what was to have been the organization's permanent headquarters in July, 1969. His new recording studios opened for business in December, 1969, and the demand for these facilities quickly reached overflow proportions. Responding to the need for overdub and remix facilities, construction on auxiliary studios was begun in May, 1970, taking over Clement's own personal office area in the process.

In Progress in Month

For the past month, work on the exterior of the former office building has been in progress.

Interior reconstruction is set to begin within a few days. Electronic equipment already has been ordered, according to Chief Engineer and Studio Manager Charlie Tallent. He stated that full details will be announced soon.

Among Individuals Affected By Move

Individuals affected by the headquarters move include Bob Webster, Professional Manager; Dorothy Mansfield, Comptroller; Dickie Lee and Allen Reynolds, producers and writers; Tilla Marshall, Clement's personal secretary; and Paul W. Soelberg, Information Services Division.

In addition, full facilities for Clement's staff of writers are provided in one wing of the building.

NASHVILLE REPORT

By RED O'DONNELL

Red O'Donnell

■ **Lynn Anderson** is getting along in the world of show biz. The pretty singer has been signed to solo with the **Jackson, Tenn., Symphony** for opening of its 11th season . . . February has only 28 days but here's what **Mel Tillis** did that month, work-wise: Played 17 one-nighters, guested on two **Glen Campbell** TVers and signed for starring role in the "Smoke, a Rope, Cowboy" movie . . . "Hee Haw's" overweight comedian **Junior Samples** is hobbling around on crutches. Junior was riding in an automobile that was hit by another automobile—and suffered a broken left leg. The accident happened in Dawsonville, Ga., which is not too far from Junior's home town of Cumming.

When-It-Rains-It-Pours Dept.—Dot artist **Diana Trask**, hubby **Tom Ewen** and their two sons are on the ailing list with mumps. And if that wasn't enough trouble, one of their pooches gave birth to 11 puppies . . . The **Loretta Lynn** International Fan Club donated \$400 to the **Loretta Lynn** Foundation Miner's Fund . . . The Australian singing **LeGarde Twins'** first release on Dot is "From New South Wales to Nashville." (Thought they were from Down Under?) . . . **Bobby Lewis'** latest UA single, "He Gives Us Love," is the song of the "Cold Turkey" movie . . . **Jeannie C. Riley** taped appearance on the **Mike Douglas** TV syndie . . . Top-rated West Coast engineer **Harold (Bud) Billings** joined staff of Music City Recorders studio.

Sammi Smith wasn't kidding when she sang "Help Me Make It Through the Night" on the Grammy Awards show here. She was battling a virus—and did make it through the night . . . Singer **Jimmy Dean** says that at the North Pole they say "mush" to their dog teams, and at the South Pole they say "kritis." (Jimmy was an expert on breakfast dishes) . . . Talent lined up for second annual Country Radio Seminar here (Holiday Inn-Vanderbilt) includes: **Connie Eaton, Compton Bros., Bobby Harden, David Wilkins, Bill Rice, Crystal Gayle, Murray Kellum, Earl Richards** and **Bobby G. Rice** . . . Singer-writer **Ben Peters** completed his first all-country disk session; no label affiliation yet. Ben's "Let Me Live" is on one side of **Charley Pride's** new RCA single.

Mercury artist **Bobby Bare** set to entertain at Cerebral Palsy telethon in Jackson, Tenn. Mar. 27-28 . . . Birthdaying' **Bonnie Guitar, David Rogers** . . . Miami Herald's veteran columnist **Jack Kofoed's** book, "The Best of Kofoed," a brisk seller. Kofoed's an old pro whose career ante-dates the big band era.

Chubby Checker, the titan of the twist (remember?), playing **Roger Miller's** King of the Road Inn . . . Prisoners at Michigan State Reformatory in Jackson, Mich., have a great sense of humor. Most requested song on the prison radio station, WOLA, is **Jimmy Gateley's** "I Just Wanna Stay Here With You" . . . Grammy award-winning singer **Ray Price's** stake horse, **Sea Phantom**, which he also trains, finished second in the recent Arizona Derby at Phoenix. By the way, **Dick Linke** is Price's new manager. Linke's clients include **Jim Nabors** and **Andy Griffith** . . . **Elvis Presley** was hospitalized for two days while here for an RCA recording session . . . For treatment of an eye infection. Something termed by the medicine men as "iritis" . . . "Hee Haw" has been canceled by CBS-TV but the country music-comedy program is tentatively set to be produced here (at WLAC-TV) as a syndicated series . . . Talent agent **Hubie Long** has booked **Loretta Lynn, Conway Twitty, David Houston** and **Billy (Crash) Craddock** for an April 24 blockbuster at Charlotte (N.C.) Coliseum . . . Dot-Paramount Country Music A&R Director **Jim Fogelsong** moved his family to Nashville . . . **Dolly Parton's** second annual homecoming day at Sevierville, Tenn., originally scheduled for April 25, has been re-set for June 6. The earlier date conflicting with that area's annual Ramp Festival. (A ramp is something that looks like an onion—and smells worse. Only the brave find it edible.) Incidentally, Dolly's new single is "Coming' For to Carry Me Home," a contemporary adaptation of the granddaddy of the spirituals, "Swing Low, Sweet Chariot."

Eastman Artists Formed, Has Dave Dudley

■ NASHVILLE — Chuck Eastman, President, announces the formation and opening of Chuck Eastman Artists' Management, Inc., and the signing of Mercury artist Dave Dudley as the company's initial act.

Located in the Penthouse of the 1717 West End Building here, Eastman said operations also include administration of Dave Dudley Publishing Co., in addition to handling all facets of Dudley's career. He said Dudley's bookings will be coordinated through the Joe Taylor Artist Agency and added that several network TV and movie commitments are currently "in the works."

Eastman said an extensive promotion campaign is currently underway on Dudley's newest Mercury disk, "Comin' Down," which hit the airwaves Wednesday (17).

"While Dave has long been known for his truck-driving hits like 'Six Days on the Road,' and has shown his versatility with such ballads as 'Please Let Me Prove' and 'Longtime Gone,' I believe everyone is going to find an even more versatile Dave Dudley in 'Comin' Down,'" said Eastman. "This is definitely the best thing he's ever done."

Eastman has been successfully affiliated with the talent booking industry since moving

In September, we released what we thought to be a great album

'This, That And The Other'

by Wendy Bagwell. The response was so great to one cut referred to as "The Rattlesnake Story" that we released a single. The response from listeners to radio stations was fantastic. In fact, see our ad in RECORD WORLD March 20, Page 57. In January, the 50,000 watters and other heavycountry stations went hard on this single. To date, we have sold 110,000 LPs LPs and the single is approaching 200,000. It will probably be more than that by the time this ad is printed. We had a sleeper but now we've got the comedy hit of the year and if you haven't been aware, hope that you'll wake up to this hilariously funny monster.

COUNTRY ALBUM PRODUCT

THE OSBORNE BROTHERS

Decca DL 75271.

One of the last really good bluegrass groups has recorded everything from Jimmie Driftwood's "Tennessee Stud" to Hank William's "My Heart Would Know." The Osbornes have been hot recently with the Boudleaux Bryant song, "Rocky Top." The cover is a gas and the Osbornes are super-heavy.

THE BEST OF COUNTRY INSTRUMENTALS—VOL 2

VARIOUS ARTISTS—RCA LSP 4494.

This is a must album for all stations and racks. It features RCA's hottest instrumental artists Jerry Reed, the Nashville Brass, Chet Atkins, Boots Randolph, Floyd Cramer, Kossi Gardner and the Nashville String Band. Most tunes are country standards and easily recognized by listeners and rack buyers. Highlight is Atkins' thum and finger style picking on "Freight Train."

TOMMY ALLSUP & THE TENNESSEE SAXES PLAY THE HITS OF TAMMY WYNETTE

GRT 20004

Here's another instrumental album that has received tremendous initial reception. Allsup, who is head of A&R for GRT's Nashville office put together the old western swing feel on contemporary country hits like "D-I-V-O-R-C-E," "Your Good Girl's Gonna Go Bad," "Stand By You Man," "I Wanta Play House," "Singing My Song" and six other of Tammy's biggies. The Tennessee Saxes sound a little different but very commercial.

STEP ASIDE

FARON YOUNG—Mercury SR 61337.

The Young Sheriff has a good, hard country outing of tunes like Twitty's "Hello Darlin'," Faron's two-time hit "Going Steady," Luman's chart hit "Come On Home and Sing the Blues to Daddy" and other songs like "Step Aside," "The Hand That Feeds You," "Just Like Me," "I'm Not Sure" and "Getting Soft On You," which lend themselves to the Faron Young style.

24 OF HANK WILLIAMS GREATEST HITS

MGM SE4755-2.

Here is another one of those re-packaged collector's items that MGM has been doing so well for so long. All the hits save one were recorded between 1949 and 1952 at the now-closed Castle Studios in Nashville. "I'm So Lonesome I Could Cry" was cut in 1949 in Cincinnati. All 24 are the original mono cuts. A must!

to Nashville in 1966. His roster of artist associations has been extensive and well received.

A native and current resident of Wisconsin, Dudley first hit the bigtime in 1963 with his smash of "Six Days on the Road." There's followed a long

list of hit records, top TV and show dates around the world, several movie roles and citations. Also a successful songwriter. Dudley is accompanied on his road dates by his band, the Roadrunners.

COUNTRY SINGLE PRODUCT

RED LANE—RCA 47-9970

THE WORLD NEEDS A MELODY (Tree, BMI)

THE BARKER STORE (Tree, BMI)

Great vocal outing for Red. Song is a medley of favorite gospel tunes wrapped in a Lane-Henley-Slate idea that ties it all together. Look for heavy airplay.

SUZI ARDEN—Nugget 1057

THE EFFECTS YOUR LEAVING HAD ON ME (Vanjo Music, BMI)

THE GIRL ON THE COVER (Lonzo & Oscar Music, BMI)

Flip it: "Girl On the Cover" ain't the side. This is the gal that had the first cut on the Susan Raye hit, "L. A. International Airport." PIP distributes.

JIM ED BROWN—RCA 45-251

ANGEL'S SUNDAY (Moss-Rose, BMI)

Hit writer Hank Mills is grinding out the commercial tunes again. As nice as this release is, it will be hard to match the sales that the Browns' sound of "Morning" did.

CONNIE EATON—Chart 5120

LEAVE ME (Yonah Music, BMI)

Johnny Scoggins wrote this one for the cute redhead. Connie's got some network TV coming up which should help her new record get off and running. Good performance.

OLIN BINGHAM—Mega 615-0020

HOME SWEET HOME (100 Oaks Music, BMI)

THEY WOULDN'T LISTEN TO A KID (Liar Music, BMI)

Up-tempo song with pretty chord changes. Bingham is one of Nashville's better singing up-and-coming talents. Music directors should keep an eye open for future releases.

ROGER MILLER—Mercury 73190

TOMORROW NIGHT IN BALTIMORE (Tree, BMI)

A MILLION YEARS OR SO (Tree, BMI)

Heaviest thing from Roger since "Bobby McGee." It was written by RCA artist Kenny Price, arranged by Don Tweedy and produced by Jerry Kennedy. Great lyric and Roger sells it.

JACK GREENE—Decca 32823

MAKIN' UP HIS MIND (Jaray Music, BMI)

THERE'S A WHOLE LOT ABOUT A WOMAN (Forrest Hills, BMI)

Up-tempo rocking tune about henpecked males. This is out of the usual Green bag, but why not? Decca thinks the flip is due attention, too.

BARBARA FAIRCHILD—Columbia 4-45344

WHAT DO YOU DO (Champion, BMI)

"Fantastic," somebody in producer Crutchfield's office said. This time he's after the operator's dollar and Barbara's not gonna have trouble getting it.

ERNEST TUBB—Decca 32800

ONE SWEET HELLO (Blue Book, BMI)

WHEN OLE GOIN' GETS A'GOIN' (Tree, BMI)

Merle Haggard now has a top 10 song that was a big seller for Ernest years back; now "E. T." has cut a Haggard tune that sounds awfully good.

RED SOVINE—Starday 45-926

VIOLETS BLUE (Tarheel/Hill & Range, BMI)

GET IN TOUCH (Tarheel, BMI)

Son Roger has produced a stone country outing for the ole Red Head's new one. Country shuffle features fiddle work by Johnny Gimble. Good juke box number.
