**CORRESPONDENTS NORTHERN EUROPE**

**LES ENFANTS** (the hottest band ineland these days), are rehearsing at the Marques on Lundvouder. If you want to catch them on their tour UK, during november when they are around your area. 20th October Radio One will broadcast them in their series "In Concert" at 8.30 p.m. after all the excitement, fans are going to the studio to record their debut album which is slated for an early 86 release. Just to make things clear, they are going to be huge as they've just won the coveted Hot Press Ireland's leading music band, newcomers award and I quote "For bringing a breath of fresh air, colour and excitement to Irish music. Now how's that for a starter?" September 28th saw the release of a new IQLOC. WORKS single, entitled Hollow Horse. In September they played a European and Scandinavian tour, followed by a UK tour in October. If you are going to go, don't miss THE ADVENTURES on their UK dates, not BILLY BRAGG!

'FRANK 'N' HANKS go mad on the Contraflows, the show will last at least 3 hours, and Billy Bragg will be the first on stage. Another artist (no, not Prince) who is marvellous is HUEY LEWIS & THE NEWS. They will be in Amsterdam 24th of October. On 28th he'll play the Dominion London, I think I announced that before already, well, just to make sure you don't miss it! Just about now, they'll be the release of the RAIDERS OF THE LOST CORVETTE, debut single entitled My Way Home. It has been recorded in Munich to the studio of Queen's engineer HANS VENELZ and produced by MACK (Queen) in Spvila (Spanish) on the title of Gerop Loone's Once Upon A Time In The West, the band shot a mini film (video) around their single... W.A.S.P. changed their drummer TONY RICHARDS, the new Stixs was STEVE MILLS, who's well more in Japan, but is breaking everywhere, released their first album, entitled Forever Young. Having already 3 hits (all their released singles so far), this is another band to watch closely. Their album was produced by COLIN PEARSON & WOLFGANG LOOS. In September they will release a new all Spanish language hit from MENUDO was released. Currently the boys are on a 16 dates US tour. On this tour they'll introduce a new Menudo member, RICKY MARTIN and willlaw Hybrid KELLYN (the turned 10) JUICE. NEWTON has a new album out, entitled Can't Wait All Night, which has been produced by RICHARD LANDIS with OTHA YOUNG as an associate. Young is also a guitar player in Julio's Road Band. Finally something new about RICK SPRINGFIELD. His new video to Bop Til Ya Drop was shot in San Francisco last month and was directed by DAVID FINCH and produced by JOHNNY VOIGT. MEATLOAF is back again, with several month left on a tour and a new album and single, his is called Bad Attitude, he's going on a major UK tour from Nov.9-10-12th, that after quickly to Germany, France, Holland and Belgium for one show each. A video for his current single Modern Girl is available • JOHN JETT & THE BLACKHEARTS are touring end of October in Germany, Spain, Switzerland, Holland and Scandinavia. I hope we'll all meet her in Holland! NAZARETH is back with a new album and tour, tour kicked off on October 2nd and culminates with a gig at the Dominion Theatre London October 29th. Support act on their UK tour is Swedish band BLACK ANGEL. The new album is entitled The Conden and was released second of September, produced by JOHN EDEN And now for something completely different, look for a tough tough guide of the month by LARRY LE BLANC: For those who recall the wonderful VONY PYTHON Porret sketch, this following story in the UK press recently might bring forth a chuckle. The owner of a local shop was charged under the tracks desoration act. It was stated in court that he had sold a parrot for 400 UK Pounds, claiming it was 5 months old and capable of uttering a word. Yet, when the parrot was procured in court, it promptly and boldly tried to hold the judge to F.... Off - The case was apparently dismissed! Nice one! Bye Bye for now, L. ALEXANDRA!

TURNTABLE TIPS

David Bowie - Tonight - EMI America
Where the Let’s Dance album signalled a commercial return for Bowie, Tonight is a natural follow-up to the last one and will further broaden his audience. Though the album relies heavily on ‘dated’ material there is still enough to enjoy. While side 1 is more moody and restrained (i.e. Loving The Alien, the best track on the album and Brian Wilson’s God Only Knows), the second side is reserved for dance -rock orientated material (Blue Jean, the Leiber & Stoller cover I Keep Forgetting and the heavy arranged Dancing With The Big Boys, the track most in line with the material on Let’s Dance). Enough anyway to keep the Duke dancing for a long time.

Chaka Khan - I Feel For You - Warner
Chaka is one of those performers able to shine in an astonishing range of musical moods and styles. From the Bacharach/Bayer Sager composition Stronger Than Before, to the novelty of La Flamme, to the funky I Feel For You, to the catchy Hold Her, the album is probably her best effort to date. The album credits a long list of different producers (9 in total), each one on a different task; Afrika Bambaataa / Freestyle producer, John Robe taking the electro funk cuts, Russ Titelman producing the mainstream out Eye To Eye and Art Martin doing the jazzy cuts. Again Chaka establishes herself as a world-class vocalist.

Although the major releases of some weeks ago continue to fill a list of your airplay time, Culture Club, Paul McCartney, Hall & Oates, Wham! and Prince there are some good new releases deserving your full attention. Biggest name this week is Lionel Richie with his 5th hit from his 'Can't Slow Down' album, Penny Lover. Most European countries are now concentrating on Tina Turner's Private Dancer tour (except the UK) while Spandau Ballet's Meatloaf is back (on Arista) with Modern Girl while Spandau Ballet's Meatloaf is back (on Arista) will also have their new single 'The Second Time' emerging at nr. 37 while French first lady France Gall adds another big hit to her impressive list with her album 'The Glamorous Life' entitled 'Belle Of St.Mark'. You can see her perform with Prince on the European Queen and African Queen. A record suitable for play on both Rock and Pop route is Jim Capaldi's new one 'I'll Keep Holding On'. Jim had an airplay hit last year with his single 'Freedom (Eel Music)' and this time he has another big hit on his new release. Stevie Wonder holds nr.1 on all 3 European Pop -Format Radio charts!! with his single holding the highest peak position at nr. 1. Jennifer Rush, who although a real born American lady, is living in Germany and was produced by CBS in that country. Although she is only 20 years old she has already very impressive list with Hong Kong already happening in Holland in its first week of release. Shawe E. is very big in the U.S. and Holland and we have no doubt she'll break through all over Europe with the second release from her album 'The Second Time' entitled 'Cryin' Time'. You can see her perform with Prince in 1986 (see Alexander's News).

HONEYDIPPERS KWISS? Album wiss is CBS big week with enormous sales reports for Julio (glasses, Sade and Tony pre-orders) all over the continent. And to add to their sales success they also have the Metropolis Soundtrack, going from 90 to 31 in the European Album Top 100. No doubt it will deliver more singles after Freddie Mercury's Love Kids with Bonnie Tyler and Jon Anderson amongst others. Another soundtrack doing very well is Ghostbusters, mainly due to high placings in the UK and Germany it jumps to 32 from 86. Highest album entry this week is Bronski Beat winning 'Ruin' which is a remarkable feat for such a new band who everyone expected to be just single sellers. Another "new" name on the album front will come soon, The Honeydippers. Our quiz of the week Who's producing? Who's Singing? Name 2 of the following.
