EMI MUSIC MAJOR WORLDWIDE RESTRUCTURE

Speaking in London this week, Bhaskar Menon said: "These moves to prepare our worldwide business for future growth and to widen the responsibilities of a young generation of tested line executives represent major steps forward in the continuing progress of EMI music. These moves from Bhaskar Menon, chairman and chief executive EMI Music worldwide, came after an announcement of details of a radical reassessment of the future management of EMI music.

Following the request by Ken East, president and chief operating officer EMI Music Europe and International, that he should move to a special consultative position within the company with effect from 1 January 1987, a new organisational structure will be established for EMI Music worldwide.

More than a dozen significant appointments have been made. The major European postings include that of Alexis Roselli, currently md EMI Italy, who becomes md Europe. Roberto Citerio takes over as md EMI Italy and Guy Deborah, currently resident director Japan is appointed md EMI France.

Reporting directly to Menon, the following appointments, all based in London, have also been confirmed: Roel Kruize as director A&R marketing, Brian Southall as director public relations and communications and Gary Marron as director business affairs. Full details of the other international appointments will appear in next week's issue.

EUROPA TV TO BROADCAST SATELLITE RADIO

Hilversum - At a press conference held here recently Europa Television announced a radio experiment to be called 'Europa Radio Around The Clock'. A 24 hour a day satellite radio will be broadcast from the 'Firato '86', the bi-annual international audio and video fair, held in the Amsterdam RAI exhibition centre August 29 to September 7.

Although the experiment is at this stage only planned as a one-off event, the intention is that as much experience as possible will be gained technically and in the fields of production and programming. A comprehensive research will be undertaken to establish the listening figures and the results will be appraised within the EMI.

Gerrit van Vliet, head of general affairs Europa, says: "Those running the cable companies in Europe have reacted very positively and have agreed to cooperate as much as exposure is possible."

Dutch Veronica Radio will be working alongside Europa and giving programming advice, which will include a 6 hour show based on the European Hot 300 as compiled by Music & Media. Les Harding, programme director Veronica, says of the project: "With this experiment we hope to prove that it is possible to do satellite radio with a limited budget."

Simply Red were presented with a platinum record for sales in Holland of more than 100,000 copies of their album, 'Picture Book'. The award was handed out by Les Harding, prog. dir. of Veronica Radio, following the group's live appearance from Russia on Tyne Tees 'Travelogue', recently screened in around 15 European countries. Joining in the celebrations with the band are executives from WEA and CBS Songs and Rob de Boer of Rob de Boer Productions.

UK PIRATES DEFY GOV'N AFTER LICENSES DITCHED

By Nick Robertshaw

U.K. pirate radio operators who applied for new Community Radio licenses are planning to go back on air after British government plans to disband the Department of Community Radio (D.C.R.) and announce a new Community Radio Scheme to be set up. The government has announced that it will allocate 200 licenses to the new Community Radio Scheme.

Simply Red were presented with a platinum record for sales in Holland of more than 100,000 copies of their album, 'Picture Book'. The award was handed out by Les Harding, prog. dir. of Veronica Radio, following the group's live appearance from Russia on Tyne Tees 'Travelogue', recently screened in around 15 European countries.
