*Design and Construction of a Low-Pass Filter*                         | Feb 734 |
*Design for an Amateur-Band Receiver, Part I*                          | Jun 212 |
*Part II*                                                              | Jul 279 |
*Part III*                                                            | Aug 357 |

**Discriminating Phased Vertical Antennae**                              | Sep 418 |
**Disturbing—Editorial**                                               | May 143 |
**Easter Hunt on Two Metres**                                           | Jun 227 |
**Easy 1-Watt Modulator**                                              | Jun 217 |
**Economical AM Phone on Two Metres**                                  | Jun 674 |
**Eddystone 740 and 750 Receivers**                                    | May 151 |
**Eddystone 840A/840C Receivers, Notes on the Exhibition?—Editorial** | Jul 275 |
**1969 Exhibition, Illustrated**                                        | Nov 572 |
**Expedition to the Isle of Man**                                      | May 159 |
**Explaining Binary Codes**                                            | Feb 741 |

**G3WRO/M on the Norfolk Broads**                                       | Dec 629 |
**Going ORO from Ten Watts**                                            | Mar 25 |
**Group Morse Training**                                               | Aug 365 |

**High-Gain VHF/UHF Aerial Array**                                      | Nov 554 |
**High-Impedance RF Probe**                                             | Feb 746 |

**Inspiration—Editorial**                                               | Mar 11 |
**Integrated Digital Morse Key**                                        | Oct 492 |
**International London Component Show—Review**                         | Jul 284 |
**Introduction to Logic Switching**                                     | Sep 412 |

**Investigating VHF Propagation Effects**                               | Jan 679 |
**Jambo-Poore-on-the-Air—1969**                                        | Dec 637 |

**K W Viceroy on Top Band**                                             | Dec 614 |

**Labor Sc 105-Twin Transmitter (Modifications)**                      | Sep 420 |
**Light Activated Change-Over System**                                 | Dec 609 |
**Linear Amplifier for Two Metres, Part I**                             | May 156 |
**Part II**                                                            | Jun 222 |

**Linear Amplifier Stage in SSB Working**                               | Feb 737 |
**Looking at The Heathkit SB-310—Review**                               | Apr 81 |
**Loop Aerial for Top Band**                                            | Oct 482 |

**MCC, The Twenty-Fourth:**                                            | Oct 512 |
**Identification Codes**                                               | Nov 577 |
**Report and Results**                                                 | Jan 684 |

**MW Car Radio as IF/AF Amplifier**                                     | Feb 745 |
**Making Cabinets for Home-Built Gear**                                | Mar 14 |
**Mini-Mobile VHF IV—Some Correction Notes**                           | May 172 |
**Mobile on a Bicycle**                                                | Apr 364 |
**Mobile Rally Calendar**                                              | Oct 495 |
**Mobile Rally Events**                                                | May 51 |
**Mobile Rally Season, The**                                           | Jul 293 |
**Mobile Scene, The—May 150, Jun 249, Jul 293, Aug 382**               |  |
**Month with The Clues (feature)**                                      |  |
**More About the 19 Set**                                              | May 18 |
**New Approach to Multi-Band Beam Design**                             | May 140 |
**New QTH’s (feature)**                                                | months |
**One-Man Forty-Foot Mast & Beam Assembly**                            | Jan 670 |
**One Wire for All Bands**                                             | Jul 285 |
**Pi-Tank Circuity and Construction**                                  | Apr 91 |
**Practical 13-Centimetre Converter**                                  | Sep 421 |

**R A E, Courses for the**                                              | Aug 383, Sep 428, Oct 490 |
**Questions and Answers: May 1969 Exam**                               | Feb 768 |
**Radiating a Blip Tone**                                               | Oct 484 |
**Reflections—Editorial**                                              | Sep 411 |
**Region I Prefix Area—Map**                                           | Feb 767 |
**Result—Editorial**                                                   | Nov 540 |

**SWL—Listen Feature alternate months from March**                     |  |
**Second-Channel IC**                                                  | Oct 478 |
**Signal-Discriminator for CW Working**                                | Oct 478 |
**Simple 1x for Four Metres**                                          | Dec 484 |
**Situation—Editorial**                                                | Jan 609 |
**Sophisticated Car Alarm Circuit**                                    | Apr 109 |
**Station Change-Over System**                                         | Apr 94 |
**Story of a Cubital Quad**                                            |  |
**Strange Fault on Twenty**                                            | Apr 95 |

**Tackling Receiver Alignment**                                         | Dec 621 |
**Tendencies—Editorial**                                               | Aug 347 |
**Test Equipment For A Linear Amplifier**                             | Apr 77 |
**Top Band Mobile Transceiver, Part I**                                | Nov 540 |
**Part II**                                                            | Dec 611 |
**Top Band with the Sommerkamp FT-100**                               | Jul 276 |
**Top Band with the Ito JR-5008**                                      | Apr 85 |
**Transceiver Mixer-VFO**                                              | Sep 426 |
**Transistor Gain Measuring Meter**                                    | Aug 253 |
**Transistor Power Supply**                                            | Jul 287 |
**Tuning Coaxial-Fed Aerials**                                         | Oct 486 |
**Two-Metre Portable in the Border Counties**                         | Jul 309 |
**Two-Metre Receiver with Tunable First Oscillator**                  | Nov 549 |

**Using the Mohican as Station Receiver**                              | Dec 616 |
**VFO Control on Two Metres**                                          | Feb 743 |
**VHF Bands (feature)**                                                |  |
**VHF and UHF Band Planning for the Seventies Oct. 508**               |  |
**Vanguard, Valiant, LC 50, DX-40U**                                  | Aug 355 |
**Variations on The Vertical**                                         | Mar 12 |
**Versatile A1U for Top Band**                                         | Jan 676 |

**Watch Those Clicks**                                                 | May 175 |
PRINCIPAL ARTICLES—BY ISSUES MONTHLY

Features which appear every month are not included

MARCH, 1969
Book Review—Amateur Single-Sideband (Collins)
Going QRO from Ten Watts
Making Cabinets for Home-Built Gear
Mobile Rally Season, The
More About The 19 Set
Other Man's Station—G3HYG
"SWL"—Listener Feature
HPX Rules
Variations on The Vertical

APRIL, 1969
"Clarity"—An Appreciation
Design for a CW Transceiver, Part I
Looking at The Heathkit SB-310—Review
Other Man's Station—G3WOB
Pi-Tank Circuity and Construction
Simplified Car Alarm Circuit
Station Change-Over System
Strange Fault on Twenty
Test Equipment For A Linear Amplifier
Top Band with the Trio JR-505

MAY, 1969
Design for a CW Transceiver, Part II
Eddystone 740 and 750 Receivers
Expedition to the Isle of Man
Linear Amplifier for Two Metres, Part I
Mini-Mobile Mt. IV—Some Correction Notes
Mobile Scene, The
New Approach to Multi-Band Beam Design
"SWL"—Listener Feature
Watch Those Clicks

JUNE, 1969
Book Reviews—Amateur Radio DX Handbook
VHF/UHF Manual
Design for an Amateur-Band Receiver, Part I
Easter Jaunt on Two Metres
Easy Two-Metre Converter
Linear Amplifier for Two Metres, Part II
Mobile Scene, The
Other Man's Station—G3WDA

JULY, 1969
Book Review—1966 ARRL Handbook
Design for an Amateur-Band Receiver, Part II
International London Component Show—Review
Mobile Scene
One Wire for All Bands
Story of a Cubical Quad
"SWL"—Listener Feature
Top Band with the Sommerkamp FI-100
Transistor Power Supply
Two-Metre Portable in the Border Counties

AUGUST, 1969
Aerial Tuning for All-Band Operation
Application of the Inverse Balun
Coil Changing on a GDO
Design for an Amateur-Band Receiver, Part III
Group Morse Training
Mobile on a Bicycle
Mobile Scene
Transistor Gain Measuring Meter
Vanguard, Valliant, LG 50, DX-40 U

SEPTEMBER, 1969
Amateur Radio Exhibition
Courses for the Radio Amateurs' Examination
Discussing Phased Vertical Antennae
Introduction to Logic Switching
Labgear 160-Twin Transmitter (Modifications)
Practical 13-Centimetre Converter
"SWL"—Listener Feature
HPX Rules
Transceiver Mixer-VFO

OCTOBER, 1969
Courses for the Radio Amateurs' Examination
Integrated Digital Morse Key
Loop Aerial for Top Band
MCC, 1968—Identification Codes, Rules and Zones
Other Man's Station—G3YAY
Radiating a Dip Tone
Second-Channel BCI
Signal-Discriminating for CW Working
Tuning Coaxial-Fed Aerials

NOVEMBER, 1969
An AC Bridge for Measurement of R, I and C
High-Gain VHF/UHF Aerial Array
Other Man's Station—ZL2BCJ
"SWL"—Listener Feature
The 1969 Exhibition, Illustrated
Top Band Mobile Transceiver, Part I
Two-Metre Receiver with Tunable First Oscillator

DECEMBER, 1969
Eddystone 540A/840C Receivers, Notes on the
G3WRG/N on the Norfolk Brands
K.W. Viceroy on Top Band
Light Activated Change-Over System
Report—Twelfth Jamboree-on-the-Air
Simple Tx for Four Metres
Tackling Receiver Alignment
Top Band Mobile Transceiver, Part II
Using the Mohican as Station Receiver

JANUARY, 1970
Economical AM Phone on Two Metres
Investigating VHF Propagation Effects
One-Man Forty-Foot Mast & Beam Assembly
Other Man's Station—G3HLO
"SWL"—Listener Feature
Twenty-Fourth MCC, Report and Results
Versatile ATU for Top Band

FEBRUARY, 1970
Another Break-In System
Another Top Band Aerial Layout
Design and Construction of A Low-Pass Filter
Explaining Binary Codes
High-Impedance RF Probe
MW Car Radio as II/AF Amplifier
Linear Amplifier Stages in SSB Working
Other Man's Station—G3RAC
R.A.E—Questions & Answers: May 1968
Examination
VFO Control on Two Metres
INDEX TO CONTRIBUTORS

AUSTIN, J. E. (G3REM)
Making Cabniet for Home-Built Gear
Mar 14

BAILEY, A. L. (G3WPO)
Loop Aerial for Top Band
Oct 482

BLACKFORD, D. W. (G3NPB)
Radiating a Dip Tide
Feb 740

BROWN, M. C., B.Sc (Eng.) (G3OVE)
Tuning Coaxial-Fed Aerials
Apr 486

BRUMFIELD, T. J. (G3ZMF)
Integrated Digital Morse Key
Oct 492

COOPER, J
"SWL"—Listener Feature
alternate months from March

CRAGG, P. R. (G3UCK)
Explaining Binary Codes
Feb 741

DAVIS, C. J. (G3VU)
Two-Metre Receiver with Tunable First
Oscillator
Jun 676

DORMER, A. H., M.I.R.E. (G3DAH)
Linear Amplifier for Two Metres, Part I
May 1

DORMER, A. H., M.I.R.E. (G3DAH)
Linear Amplifier for Two Metres, Part II
Jun 222

DOUGLAS, T. P., M.Sc (G3BA)
Two-Metre Portable in the Border Counties
Jul 309

DUTTON, A. G. F (G3TIE)
Another Break-In System
Feb 748

ESSERY, E. P. (G3KFE)
Aerial Tuning Unit for All-Band Operation
Aug 348

FINCH, P. G., B.Sc. (G3PST)
Transistor Power Supply
Jul 287

FORBETH, A. J. E., O.B.E. (G5FO/G3SWM)
Magazine, Notes and unsigned Articles. Captions to illustrations and all Paragraph items. Research, Styling, Layout and Presentation

HAM, R.
Investigating VHF Propagation Effects
Jan 679

HANCOCK, P., B.Sc (G3WOW)
Using a Television as Station Receiver
Dec 616

HARRISON, T. (G3MNQ)
Design for a CW Transceiver, Part I
Apr 87

HARTOPP, V. R. (GSCB)
Application of the Inverse Balun
Apr 143

HAYNES, K. L. (G3WRO)
G3WRO/M on the Norfolk Broads
Dec 607

HEARSEY, M. (G3ATK)
High-Gain VHF/UHF Aerial Array
Nov 554

HILL, T. E. (G6HL)
Design and Construction of a Low-Pass Filter
Feb 734

HOBBAN, J. V., (G3EGC)
Top Band Mobile Transceiver, Part I
Nov 540

HOLLYNGBEE, D. A. (G3DIT)
Design for an Amateur-Band Receiver, Part I
Jul 279

HOLLINGSBEET, D. A. (G3DIT)
Design for an Amateur-Band Receiver, Part II
Aug 357

HOLLINGSBEED, D. A. (G3DIT)
Design for an Amateur-Band Receiver, Part III
Sep 412

JOHNSON, E. (G2HR)
Top Band with the Trio JR-500S
Dec 621

JOHNSON, E. (G2HR)
Top Band with the Trio JR-500S
Apr 85

LANGTON, A.
Transistor Gain Measuring Meter
Aug 353

MACINSHISH, J., F.C.C., M.I.R.E. (G3JAA)
Strange Fault on Twenty
Apr 95

MARSDEN, M. (G3BOH)
MW Car Radio as II/AF Amplifier
Feb 746

MEACHEN, G. (G3MO)
Easier Fault on Two Metres
Oct 484

MEACHEN, R. V. (G3HR/G3WNZ)
One-Man Forty-Foot Mast & Beam Assembly
Jun 227

MULLARKEY, R. W. J. (G3RWS)
Signal-Discriminator for CW Working
Oct 478

NORMAN, R. E. (G3NAI)
Cartoonist

O'GARA, D. (G3UQF)
Going QRO from Ten Watts
Mar 25

PARKINSON, T. D. (G3XJX)
Light Activated Change-Over System
Dec 609

PICKERS, B. A., B.Sc. (G3UYA)
Economical AM Phone on Two Metres
Jun 674

POWELL, D. W. (G3ED)
FO Control on Two Metres
Feb 743

PRICHARD, M. (G3VNO)
The K. W. Viceroy on Top Band
Dec 614

RAVEN, D. I., M.Sc, Ph.D (G3TMR)
An AC Bridge for Measurement of R, L and C
May 159

RICHARDS, C. (G3WRR)
Mobile on a Bicycle
Nov 544

RICHARDS, C. (G3WRR)
Mobile on a Bicycle
Aug 364

RUSH, N. F. A. (G3HIZ)
Sophisticated Car Alarm Circuit
Apr 109

RUSHER, N. F. A. (G3HIZ)
Sophisticated Car Alarm Circuit
Apr 109

SKEATH, J. E. (GW3DDY)
Top Band with the Sommerkamp FT-100
Jun 276

SIMPSON, B. D. (G3PEK)
Top Band with the Sommerkamp FT-100
Jul 276

BIRKETT, C. (G3SMI)
Station Change-Over System
Sep 426

SYKES, B. D. (G2HCG)
New Approach to Multi-Beam Design
Aug 355

TAYLOR, A. D. (GSPG)
Group Morse Training
Sep 421
