

# You never hear the same WBAL radio twice.

The world is changing every day.  
And we, along with it.

One morning Ted Steele may be  
the funniest guy you ever heard.  
The next morning, if the streets are  
slick, he can be full of cautionary  
remarks about safe driving.

We don't believe in freezing our  
personalities into some artificial  
mold. That's why listening to WBAL  
is always such an involving  
experience. And that's also why you

don't often hear the same record,  
hour after hour.

Like your other good friends, we  
change a little from day to day. So  
if we're never quite the same, we're  
never boring, either.

At least not twice in a row.
