

Bureau noted either community could be assigned ch. 285A in conformity with minimum mileage separation rule but it could not be assigned to both communities as they are only 24 miles apart. Bureau proposed substituting ch. 240A for Mansfield, since that channel would not restrict selection of antenna site as it would at Marshfield (Doc. 20711). Action Feb. 4.

■ Enterprise, Ore.—Broadcast Bureau proposed substitution of ch. 221A (92.1 mhz) for ch. 244A. Substitution was proposed in petition by STL Inc. Bureau pointed out that ch. 244A is unoccupied and unapplied for and ch. 221A could be assigned to Enterprise without affecting any other existing FM assignment. STL said substitution of ch. 221A would eliminate 6.78 mile short spacing from transmitter site it had proposed for station on ch. 246 at Walla Walla, Wash., to reference point of second adjacent ch. (244A) in Enterprise. Bureau noted that due to proximity of Enterprise to U.S. Canadian border, concurrence of Canadian government would be necessary (Doc. 20706). Action Feb. 4.

■ Broadcast Bureau proposed assignment of first FM channels to six communities. They include chs. 261A (100.1 mhz) to Nisswa, Minn., 269A (101.7 mhz) to Collins, Miss., 285A (104.9 mhz) to Blackshear, Ga., 272A (102.3 mhz) to Clintwood, Va., and Hinton, W.Va., and 265A (100.9 mhz) to Yuma, Colo. Bureau said none of the communities is near urban area and all assignments could be made in conformity with minimum mileage separation rule without affecting any assigned FM channels (Doc. 20709). Action Feb. 4.

Cable

Following operators of cable TV systems requested certificates of compliance, FCC announced (Stations listed are TV signals proposed for carriage):

■ Centennial Communications Corp., for Hartford City, Ind. (CAC-06078): Requests certification of existing operations and add: WGN-TV Chicago.

Certification actions

■ Chadron, Gordon and Rushville, Neb., Chadron Cablevision and Gordon Cablevision—FCC granted certificates of compliance to Chadron for existing cable system at Chadron, Neb., and Gordon for existing systems at Gordon and Rushville. Systems are commonly-owned and are in Hay Springs, Neb., smaller television market. Chadron and Gordon systems were allowed to continue carrying signals of KDUH-TV (NBC), Hay Springs, *KTNE-TV Alliance, Neb., and KWGN-TV (ind.), KOA-TV (NBC), KMGH-TV (CBS), and KBTU (ABC), Denver. Also granted was certificate of compliance to Rushville system for carriage of KDUH-TV, KTNE-TV, KWGN-TV, KMGH-TV and KBTU, but deny application for carriage of KOA-TV, and instruct system to notify commission within 30 days that it ceased carriage of KOA-TV. Action Feb. 10.

■ Groton, N.Y., Cerracche Television Corp.—Commission granted petition for reconsideration of action partially granting certificates of compliance. Also granted due to reconsideration are WENY-TV (ABC), Elmira, WROC-TV (NBC), WHEC-TV (CBS), WOKR (ABC), Rochester, WBJA-TV (ABC), WICZ-TV (NBC), Binghamton, WNEW-TV (ind.), New York and WNEP-TV (ABC), Scranton, Pa. (CAC-3802, 4883). Action Feb. 10.

■ Trumansburg, N.Y., Cerracche Television Corporation—Commission granted petition for reconsideration of action partially granting certification for new cable system. FCC, in granting reconsideration, waived signal carriage rules applicable to smaller television markets, to allow Cerracche to carry signals of WROC-TV (NBC), WHEC-TV (CBS), WOKR (ABC), and WNEP-TV (ABC) Scranton, Pa. (CAC-4996). Action Feb. 10.

■ Towner, N.D., Towner Cable TV—Cable TV Bureau dismissed application for certificate of compliance (CAC-4996). Action Feb. 12.

Other actions

■ Sausalito, Calif., South Sausalito Cable TV—Commission denied waiver of mandatory signal carriage rules, and directed cable operator to begin carriage of KDTV (Spanish language) San Francisco within thirty days. Company had requested waiver, stating its systems already carried one Spanish language station, and since it had fewer than 500 subscribers, could not afford necessary equipment for station its subscribers neither wanted nor would watch. Action Feb. 10.

■ New York, Valley TV Cable Co.—Cable TV Bureau denied petition for special relief by operator of cable television systems at Athens, Athens township, Sayre, South Waverly, Pa., and Waverly and Barton, N.Y., with respect to request by WSYE-TV (NBC), Elmira, N.Y., for nonduplication protection for New York Yankee baseball games to be broadcast simultaneously on WSYE-TV and WPIX New York (CSR-692). Action Feb. 11.
