

No single word is more damning... Nor robs a person of his honor more swiftly... Nor brands and sticks to a person more vividly! Now comes LIE DETECTOR, the new strip that challenges people who dare to appear on the series — to prove to the world they are telling the truth!

LIE DETECTOR will be to Syndication what 60 Minutes is to network TV.

Hosted by world famous trial lawyer, F. Lee Bailey, LIE DETECTOR is television at its most dramatic.

Reality programming at it's most compelling because it deals with deep human emotion.

LIE DETECTOR for a *January '83 start*, is an exciting and compelling Monday-Friday access strip that will have your viewers talking for years to come!
