

Time Is Money.

Expand your weeknight late news by five minutes, and add two local commercials.

At a spot cost of \$1,000, that time translates into an additional \$10,000 of income per week.

The HCD-500 from HUBCOM is designed to generate revenue by providing continuous time delay of incoming network and satellite feeds. A single control varies the delay from one minute 30 seconds to two hours, the rest is automatic.

Available in any cassette or reel tape format, the HCD-500 pays for itself

in no time. Using the \$1,000 spot cost example, the Time Delay Machine covers its cost in just eight weeks...the rest is profit.

For more information about the HCD-500, Mobile News Bureaus or SNG® Trucks, call HUBCOM. But hurry, because time is money.
