MUCHMUSIC BEEFS UP

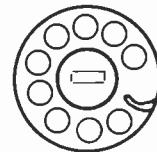

(Continued from preceding page)

network. Although MuchMusic has always exceeded its mandated Canadian content levels, it hasn't ever been able to play 30% Canadian content. Now it will have to, because federal regulations stipulate that conventional broadcasters (of which MuchMusic now is one) must play at least 30% Canadian content.

Unfortunately, Martin observes, many Canadian artists are disqualifying their videos from being deemed Canadian by filming them abroad with foreign crews. The music and production in a video must be Canadian for the federal regulatory agency to declare it Canadian content.
