## Schoolhouse Rock From Star; Jackson's Revisionist Video

BY ERIC BOEHLERT

**SCHOOL DAYS:** Ever read about those studies that come out periodically, claiming that by the time an American child reaches the age of 12 he or she will have taken in more than 8 million advertising images (or some ungodly number), and wonder how that could possibly be?

Well, one new company adding to that tally, albeit for a worthy cause, is **Star Broadcasting** in Minneapolis. Star approaches public schools and offers to install, free of charge, satellite dishes and receivers that allow Star to transmit its radio network of hits into school courtyards, cafeterias, and hallways. Ads run on the network, too, and schools can pocket a big chunk of that ad revenue.

Though similar to **Whittle Communication's** often-maligned **Channel One** service offering commercial television for classrooms, Star differs in important ways. For one, Star Broadcasting is a nonprofit company. Its sole purpose, says director of sales and marketing **Scott Plum**, is to provide schools with a way to raise funds. He says that when the network eventually lands a full roster of clients (to date, Disney is the lone national advertiser), a school of 1,500 students that broadcasts the network three hours a day stands to make \$20,000 a year. Also unlike Channel One, Star does not broadcast during class time, only between periods and during recess.

Musically, schools choose between top 40 and hot country formats. The programming is taken care of by **3M Sound Products**, which creates the forefront music channels, as they're called. Listening in on the top 40 station, stu-

dents hear **Blind Melon**, **Gin Blossoms**, **Janet Jackson**, and the like. One programming note: Because the network is aimed at school kids, songs that don't meet the lyric content grade (i.e., are too sexy or too violent) are ineligible. Also, tobacco, alcohol, and condom ads are not allowed, Plum says.

**MICHAEL JACKSON** certainly has more pressing issues to worry about these days, but the revisionist editing job done on his just-released **"Dangerous: The Short Films"** home video should not go unnoticed.

Thanks to the magic of computer animation, the once-controversial ending of the "Black Or White" clip—where Jackson goes berserk, breaking car and storefront windows—has been cleaned up quietly. Now when he smashes glass, it's because he's angered by the newly added graffiti slogans of "Nigger Go Home" and "KKK Rules" scrawled across the panes.

Back at the time of the man-made brouhaha in 1991, Jackson told "Entertainment Tonight" that his over-the-top performance stemmed from his attempt to interpret through dance the animal instincts of the panther. Rather than standing by that position and releasing the original clip, Jackson (or Epic Music Video) decided to hoist the banner of battling racism in an effort to make sense of his performance, and in the process manages to cheapen both.

**BURNING QUESTION:** The Los Angeles Music Network recently hosted a panel that looked into the age-old riddle, "The Trades: Lap Dogs To The Industry Or Objective Journalism?" After much deliberation, the verdict was... yes, absolutely.

**STRANGER MUSIC:  
 SELECTED POEMS  
 AND SONGS**  
 By Leonard Cohen  
 (Pantheon, \$24)

It's not denigrating popular songwriters to note that most lyrics don't make for wonderful weekend reading; they're part of a package not really meant to be unwrapped, and indeed it can be argued that the very best meld seamlessly into the song, neither overpowering nor undermining the music.

But then there is **Leonard Cohen**, and the hell with all that. Sunday in the easy chair with Cohen is a delight as particular and powerful as words that waste no energy on excess. Though rich in imagery ("I will not be held like

a drunkard under the cold tap of facts"), there is no fat in Cohen's landscape—only passion, longing, anger, pain, wonder, and cynicism, all laid bare. From the topical to the introspective, Cohen turns a laser on his subjects, putting them in sharp relief that sometimes stings.

This new collection brings together a selection of lyrics spanning Cohen's four-decade musical career, up to and including the new album "The Future," as well as his poetry, some of it previously uncollected. Still, Cohen is a poet first, chronologically and figuratively, and that fact colors all his work in a similar shade of beautiful.

By all means, open this package.

MARILYN A. GILLEN

## THE CLIP LIST™

A SAMPLING OF PLAYLISTS SUBMITTED BY NATIONAL & LOCAL MUSIC VIDEO OUTLETS FOR THE WEEK ENDING DEC. 11, 1993.
